HOUSE FLOOR AMENDMENT NO. 4

Replaces everything after the enacting clause with the provisions of House Amendment #1, but makes changes in the Article of the new Act concerning children of assisted reproduction and in Sections of the new Act concerning definitions; the scope of the Act; presumption of parentage; proceedings to declare the non-existence of the parent-child relationship; standing; limitation periods; authority to deny a motion for genetic testing; consequences of declining genetic testing; rules for adjudication of parentage; and the effect of a determination of parentage. Throughout the new Act, changes "domestic partnership" to "substantially similar legal relationship" and makes corresponding changes. Establishes a $30 license fee per bed for hospitals applying for a license, provided that a lesser amount may be established by administrative rule of the Department of Public Health, if the Department, in consultation with the Department of Healthcare and Family Services, determines that $30 per bed would exceed the limitations on health care-related taxes imposed by federal law that, if violated, would result in reductions to the amount of federal financial participation received by the State for Medicaid expenditures. Provides that if the sale of alcoholic liquor is incidental to the sale of food or other goods and services, then the order shall only apply to the sale of alcoholic liquor. Effective immediately.

HOUSE COMMITTEE AMENDMENT NO. 1

Replaces everything after the enacting clause. Reinserts the language of the introduced bill. Provides that if the licensee is also engaged in the conduct of another business or businesses on the licensed premises, the order to close the premises shall not be applicable to the other business or businesses (rather than if the sale of alcoholic liquor is incidental to the sale of food or other goods and services, then the order shall only apply to the sale of liquor). Effective immediately.

HOUSE FLOOR AMENDMENT NO. 2

Replaces everything after the enacting clause. Reinserts the bill as amended by House Amendment No. 1 with the following change. Provides that if the premises for which a license was issued are located within a city, village, or incorporated town having a population of 1,000,000 or more inhabitants and the local liquor control commissioner has evidence (instead of reason to believe), based upon the occurrence of criminal activity, that any continued operation of the licensed premises poses an excessive risk to the health, safety, or welfare of the community, then the local liquor control commissioner may take certain action.

215 ILCS 5/805.1

Amends the Illinois Insurance Code in the provision concerning mine subsidence coverage. Provides that as set forth in the provisions concerning (1) the inclusion of certain coverage at separately stated premiums and (2) premium levels, losses, and reinsurance, a policy issued or renewed must provide coverage, unless waived in writing by the insured, and must continue to charge the premium level set for that coverage by the Mine Subsidence Insurance Fund. Provides that a mine subsidence event or events create no additional duty for the insurer in relation to the issuance or renewal of coverage, including, without limitation, any duty to advise the insured as to whether to continue that coverage.

HOUSE COMMITTEE AMENDMENT NO. 2

Deletes language providing that a mine subsidence event or events create no additional duty for the insurer in relation to the issuance or renewal of coverage, including, without limitation, any duty to advise the insured as to whether to continue that coverage. Provides instead that if mine subsidence coverage is in force when the mine subsidence event first becomes reasonably observable, then the insurer shall notify the insured that continuation of that coverage thereafter may not be necessary and is optional, but that continued coverage shall terminate only upon written waiver by the insured.

SENATE COMMITTEE AMENDMENT NO. 1

Replaces everything after the enacting clause with the engrossed bill with the following changes. Provides that a policy issued or renewed must provide coverage, unless waived in writing by the insured, and the insurer must continue (rather than and must continue) to charge the premium level set for that coverage by the Fund. Provides that if mine subsidence coverage is in force when the mine subsidence event first becomes reasonably observable and when the insured makes a mine subsidence claim (rather than only when the mine subsidence event first becomes reasonably observable), then the insurer shall notify the insured making the claim within 30 days after the Fund confirms the claim (rather than shall notify the insured) that continuation of that coverage thereafter may not be necessary and is optional.

SENATE FLOOR AMENDMENT NO. 3

Replaces everything after the enacting clause with the bill as amended by Senate Amendment No. 1 with the following changes. Provides that if mine subsidence coverage is in force when the mine subsidence damage first becomes reasonably observable (rather than when the mine subsidence event first becomes reasonably observable and when the insured makes a mine subsidence claim), then the insurer shall notify the insured making the mine subsidence claim that continuation of that coverage thereafter may not be necessary and is optional.

Removes the requirement that the insurer shall notify the insured within 30 days after the Fund confirms the claim. Provides instead that the notification shall be made within 60 days after the insurer receives written confirmation from the Fund that the cause of loss is active mine subsidence.

105 ILCS 5/26-2 from Ch. 122, par. 26-2

Amends the School Code. Lowers the compulsory school age from 7 years to 6 years; makes a related change. Effective July 1, 2013.

FISCAL NOTE (State Board of Education)

The exact cost of HB 2762 is impossible to determine. Additional students means the cost of General State Aid will increase. However, the Illinois State Board of Education is unsure of the exact number of students who will be impacted by lowering the compulsory attendance age from 7 to 6, nor does the ISBE know which districts will see an increase in the number of students as a result of this legislation or if those children will be low-income students, which increases the cost of the poverty claim for the district.

HOUSE FLOOR AMENDMENT NO. 2

Deletes reference to:

105 ILCS 5/26-2

Adds reference to:

105 ILCS 5/26-1

Replaces everything after the enacting clause. Amends the School Code. With regard to the requirement that whoever has custody or control of any child between the ages of 7 and 17 years (unless the child has already graduated from high school) shall cause the child to attend some public school in the district wherein the child resides the entire time it is in session during the regular school term, sets forth the exception that if the child turns 7 during the regular school term, that child shall be made to attend that entire school term.

Amends the Chicago School District Article of the School Code. Provides that there shall be a moratorium on school closings, consolidations, and phase-outs in the school district in the 2013-2014 school year. New Act

Creates the Agritourism Limitation of Liability Act. Defines terms. Provides that a registered agritourism operator is not liable for injury to or death of a participant resulting from the inherent risks of a registered agritourism activity so long as warning signage is posted as required, and no participant or participant's representative may maintain an action against or recover from a registered agritourism operator for injury, loss, damage, or death of the participant resulting exclusively from any of the inherent risks of the registered activity. Provides that nothing in the new Act prevents or limits liability if the operator: (1) injures the participant by willful or wanton conduct; (2) has actual knowledge or should have known of a dangerous condition in the facilities or equipment used in the registered agritourism activity and does not make the dangerous condition known to a participant and the dangerous condition causes the participant to sustain injuries; or (3) fails to use that degree of care that an ordinarily careful and prudent person would use under the same or similar circumstances. Provides that in actions arising from the operation of a registered tourism activity in which an owner or operator is named as a defendant, it shall be an affirmative defense to that liability that: (1) the injured person assumed the risk; (2) the injured person deliberately disregarded conspicuously posted signs, verbal instructions, or other warnings regarding safety measures during the activity; or (3) any equipment, animals, or appliances used by the injured person during the activity were used in a manner or for a purpose other than that for which a reasonable person should have known they were intended. Directs the Department of Agriculture to adopt rules to implement the new Act.

Provides that the Department of Children and Family Services shall establish a voluntary placement program, in which a child is voluntarily placed into the care of the Department of Children and Family Services under a voluntary placement agreement for the purpose of out-of-home placement of the child for the treatment of a serious mental illness, serious emotional disturbance, or developmental disability.
