Amends the Illinois Marriage and Dissolution of Marriage Act. Excludes from the definition of "abuse" obtaining, seeking, or facilitating lawful health care for a minor child by a parent or person in loco parentis. Requires the court to consider in determining parental responsibilities and parenting time a parent's affirmation of the child's gender identity or gender expression in a way that promotes the child's overall health and well-being, including accessing lawful health care. Allows a court to modify an order restricting parental responsibilities if it finds persistent, continuing interference with the child's ability to access lawful health care. Declares it to be against the public policy of this State and shall not be enforced if a law of another state authorizes the removal of a child from the parent or acting as a parent for allowing a child to receive lawful health care. Amends the Uniform Child-Custody Jurisdiction and Enforcement Act. Provides that the presence of a child in this State for the purpose of obtaining lawful health care is sufficient to meet the jurisdiction of this State for an initial child custody determination for temporary emergency matters. Provides that this State is not an inconvenient forum if lawful health care to the child is at issue in which the law or policy of the other state that may take jurisdiction limits the ability of a parent or person acting as a parent to obtain lawful health care for the child.  765 ILCS 745/25.6 new

Amends the Mobile Home Landlord and Tenant Rights Act. Creates a process if a mobile home park owner attempts to change the use of a mobile home park. Requires the park owner to submit a relocation plan for tenants who may be dislocated by the change and also creates a process for the tenants through their homeowners organization to buy the park. Provides that the change of use that is sought may not be approved until the park owner submits a relocation plan. Requires relocation assistance for a mobile home park with more than 10 sites to be paid to each household equaling the amount of rent for the premises, excluding taxes and utilities, paid for the 12 months immediately preceding the date the tenant vacates the premises. Exempts certain sales of the mobile home park to include, but not be limited to, foreclosure, sale to a park owner's family member, or a sale between joint tenants or tenants in common. Provides that if a park owner receives an offer to buy the park, acceptance of that offer shall be conditioned on the purchaser filing an affidavit, recorded in the land records in the county in which the property is located, affirming that: (i) the purchaser will allow continued use of the land as a mobile home park for 5 years after closing; and (ii) rent for a lot on the property will not increase by more than 10% per year for the first 3 years after the sale is complete. Provides that a purchaser's failure to file this affidavit starts a process for the homeowners association of the tenants to have an opportunity to buy the mobile home park under this Act under terms substantially similar to the proposed sale price of the mobile home park. Makes other changes.

## New Act

Creates the Powering Up Illinois Act. Provides that an electrical corporation which operates in the State shall upgrade the State's electrical distribution systems in order to achieve the State's decarbonization standards. Provides that an electrical corporation shall be adequately staffed and recruit, train, and retain further staff as needed. Provides that the Illinois Commerce Commission shall establish reasonable average and maximum target energization time periods. Provides that the Commission shall establish requirements for an electrical corporation to report to the Commission, at least annually, to track and improve electrical corporation performance. Provides that the Commission shall require an electrical corporation to establish a dedicated electrification team. Sets forth requirements for an electrical corporation to consider when engaging in the annual distribution planning process. Provides that, in its site evaluation and design process, the Commission shall require an electrical corporation to consider flexible interconnection to defer or mitigate energization-related grid upgrades, but, if the solutions cannot defer or mitigate an upgrade, the corporation may evaluate traditional system upgrades. Provides that an electrical corporation may recover costs. Effective immediately.

## HOUSE COMMITTEE AMENDMENT NO. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Changes all instances of "electric corporation" to "electric utility". Provides that an electric utility that operates within the State shall allow customers seeking energization to elect an optional flexible connection agreement, meaning a tariffed, voluntary utility offering that requires customers to agree to specified service levels as a requirement of energization or interconnection, through the use of load management technology that limits the net import and export of electricity at the point of common coupling to remain within the rated capacity limits of a customer's existing service connection or distribution circuit, either on a permanent basis or to allow for immediate project operations before service or distribution

system upgrades are completed. Describes considerations the Illinois Commerce Commission shall require an electric utility to include in its internal distribution planning process and in the development of the Multi-Year Integrated Grid Plans required under the Public Utilities Act (rather than considerations the electric utility shall be required to include in its distribution planning process only). Requires the load and electrification forecasts of electric utilities to include scenarios that are consistent with achieving the various laws, standards, plans, and regulations referenced in the Act. Provides that, if the solutions set forth in the Act cannot defer or mitigate an upgrade, then the electric utility shall evaluate traditional system upgrades (rather than may evaluate traditional system upgrades). Sets forth requirements to ensure the safety and reliability of electrical infrastructure associated with charging electric vehicles. Effective immediately.

Calls upon elected officials at local, state, and federal levels to stand with the UPS Teamsters in their efforts to collectively bargain for fair wages, safe working conditions, affordable healthcare, and the dignified retirement that they rightfully have earned while working for UPS. Calls on the federal government to respect the UPS Teamsters rights to collectively bargain, including the right to withhold their labor. Calls on elected officials at local, state, and federal levels to demonstrate their support by signing on to an open letter to rank-and-file Teamsters at UPS expressing that government has no role to play in collective bargaining between workers and their employer and therefore no elected individual or government entity should attempt to insert themselves into the collective bargaining process or participate in any attempted resolution of a new contract that is not first voted upon and ratified by rank-and-file UPS Teamsters prior to such government-related intervention.

Calls upon elected officials at local, state, and federal levels to stand with the UPS Teamsters in their efforts to collectively bargain for fair wages, safe working conditions, affordable healthcare, and the dignified retirement that they rightfully have earned while working for UPS. Calls on the federal government to respect the UPS Teamsters rights to collectively bargain, including the right to withhold their labor. Calls on elected officials at local, state, and federal levels to demonstrate their support by signing on to an open letter to rank-and-file Teamsters at UPS expressing that government has no role to play in collective bargaining between workers and their employer and therefore no elected individual or government entity should attempt to insert themselves into the collective bargaining process or participate in any attempted resolution of a new contract that is not first voted upon and ratified by rank-and-file UPS Teamsters prior to such government-related intervention.
