110 ILCS 920/8 from Ch. 144, par. 2408

Amends the Baccalaureate Savings Act. In a Section concerning the administration of a grant program, provides that no limit may be placed on the number of bonds that may be purchased under the program on an annual basis. Provides that while all grants awarded under the program are subject to annual appropriation of funds by the General Assembly, there shall be no expiration date placed on the grants and any person who is denied disbursement of a grant due to a lack of funding shall remain eligible for disbursement of that grant until such time as funding becomes available, provided that he or she properly applies for disbursement of the grant on an annual basis.

FISCAL NOTE (Illinois Board of Higher Education)

The Bonus Incentive Grant Program would remain subject to appropriation under HB 4156. If program appropriations stayed level at \$325,000 per year and claim rates remained steady, some eligible applicants would not receive bonus grants under the current BIG program rules because of the "two-year window" restriction. However, assuming the same conditions but removing the two-year window restriction (as proposed in HB 4156) would add approximately \$2.9 million to the demand for the program, a cost that would be spread over several years. If funding remains level at \$325,000 per year, then the last eligible applicants are likely to receive grants in FY 2028.

Amends the Environmental Protection Act. In a Section defining "coal combustion by-product" (CCB), provides that coal combustion waste must be covered with 12 inches of soil, within 30 days after deposit of the coal combustion waste, before it may be considered as CCB. Provides that coal combustion waste may be used as CCB only if the structural fill is located no less than 500 feet from any residence and any well being used as a residential water source. Provides for the inspection of structural fill CCB projects by the Environmental Protection Agency. Provides that if (i) the State Disbursement Unit collects child support from an obligor pursuant to an order for support, (ii) the obligor complies with all of the requirements of the order for support and does not incur any arrearage in the payment of child support, (iii) the child attains 18 years of age and the obligation to pay child support under the order terminates, and (iv) the State Disbursement Unit continues to collect child support from the obligor after the child attains 18 years of age and the obligation to pay child support under the order terminates, then the State Disbursement Unit must refund to the obligor all amounts of child support collected from the obligor after the obligation to pay child support under the order terminated. Provides that the State Disbursement Unit must make the refund to the obligor within 60 days after the State Disbursement Unit learns of the wrongful

collection of child support from the obligor. Provides that if the State Disbursement Unit does not make a refund to an obligor as required, then the obligor may file a petition in the Court of Claims for the amount due.

HOUSE FLOOR AMENDMENT NO. 1

HOUSE FLOOR AMENDMENT NO. 2

HB-4303 FROEHLICH-BELLOCK-RILEY-REITZ-PHELPS, VERSCHOORE, MATHIAS AND BOLAND.

New Act

Creates the MRSA Screening, Prevention, and Reporting Act for State Residential Facilities. Requires State residential facilities to establish an MRSA control program. Defines "State residential facility" to mean: (i) Department of Human Services operated residential facilities, including State mental health hospitals and other facilities; (ii) Department of Veterans' Affairs operated veterans homes; (iii) Department of Corrections operated correctional centers, work camps or boot camps, and adult transition centers; and (iv) Department of Juvenile Justice operated juvenile centers and boot camps. Sets forth required features of the MRSA control program, including screening and surveillance, reporting, prevention, infection control, and treatment. Includes requirements for training of employees and others. Effective immediately.

HOUSE COMMITTEE AMENDMENT NO. 1

Replaces everything after the enacting clause with substantially similar provisions, creating the MRSA Screening, Prevention, and Reporting Act for State Residential Facilities, but with changes that include the following: (1) requires reporting of other antibiotic-resistant infections, as well as MRSA infections; (2) requires hand-hygiene training at least once (instead of twice) a year; (3) requires facilities to develop guidelines (instead of a plan) for isolating MRSA-diagnosed cases; (4) provides that an individual shall not be required to make a copayment for the testing or treatment of an MRSA infection; (5) provides that notification of an MRSA case must protect the identity of the infected individual; and (6) requires the Department of Public Health to develop an MRSA treatment protocol for each department operating a State residential facility (instead of requiring each such department to develop its own protocol). Effective immediately.

HOUSE COMMITTEE AMENDMENT NO. 2

Provides that neither the Governor nor any agency or agency head under the jurisdiction of

the Governor has any rulemaking authority under the Act, but that the Governor may suggest rules by filing them with the General Assembly and requesting that the General Assembly authorize such rulemaking by law, enact the suggested rules into law, or take other appropriate action in the General Assembly's discretion.

HOUSE COMMITTEE AMENDMENT NO. 3

Changes references to "MRSA control program", "hand hygiene program", and "sanitation program" to references to "MRSA control procedures", "hand hygiene procedures", and "sanitation procedures", respectively. Adds provisions concerning a visual inspection in connection with evaluations for skin infections. Provides that restrictions concerning transfer of a resident, patient, student, or inmate with a skin or soft tissue infection do not apply to discharges and are not intended to limit an individual's right to leave an institutional setting. Requires State residential facility management to inform employees that an occurrence of MRSA infection has been identified (instead of informing them "of the MRSA case"). Makes other changes.

40 ILCS 5/17-142.1 from Ch. 108 1/2, par. 17-142.1
 30 ILCS 805/8.32 new

Amends the Chicago Teacher Article of the Illinois Pension Code. In provisions concerning the Board of Trustees of the Public School Teachers' Pension and Retirement Fund of Chicago's power to defray health insurance costs, increases the maximum total payments for that purpose to \$75,000,000 (from \$65,000,000) plus any amount authorized to be paid in the preceding year that was not actually paid by the Board, including interest earned thereon. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Government Forecasting & Accountability)

HB 4342 increases the annual cost to the Chicago Teachers' Pension Fund (CTPF) by \$10 million. Additionally, as the increased amount paid as reimbursement for retiree health insurance costs will no longer be available for reinvestment by the Fund, the potential for lower investment earnings in future years exists. According to the CTPF, the rate at which the fund rebates retirees for their health insurance costs (currently 70%) would have to be lowered in FY 2009 unless the reimbursement cap is raised to \$75 million. The reimbursement rate for retiree health insurance is determined by the Chicago Teacher Pension Fund's board of trustees.

HB-4370 WATSON-HANNIG.

New Act

Creates the State Employees Flex-Time Act. Contains only a short title provision.

HOUSE COMMITTEE AMENDMENT NO. 1

Deletes everything after the enacting clause. Creates the State Employees Flex-Time Mentoring Act. Defines terms. Provides that all State agencies may, within 180 days after the effective date of the Act, permit eligible State employees to take mentoring leave. Provides that "mentoring leave" means an eligible State employee's vacation, personal, and sick time spent mentoring a child in a qualified mentoring program. Sets forth qualifications and restrictions. Provides that there is no rulemaking authority under the Act, but that the Governor may suggest rules by filing them with the General Assembly and requesting that the General Assembly authorize such rulemaking by law, enact the suggested rules into law, or take other appropriate action in the General Assembly's discretion.

FISCAL NOTE, HOUSE COMMITTEE AMENDMENT NO. 1 (Dept. of Central Management Services)

HB 4370 (H-AM 1) will have a minimal administrative fiscal impact on CMS. It is important to note that the bill makes the granting of mentoring leave permissive. This could cause personal issues between the agencies, should some agencies choose not to permit this use of time.

HOUSE FLOOR AMENDMENT NO. 2

Removes the 180-day limit on providing mentoring leave to employees.

HB-4450 FORTNER-BLACK.

735 ILCS 5/13-202.1

from Ch. 110, par. 13-202.1

Amends the Code of Civil Procedure. Provides that whenever there is a settlement with or

a verdict or judgment against a county, county sheriff, or county employee of \$500 or more with a person for damages incurred while the person was incarcerated in a county jail, the sheriff shall notify the State's Attorney who in turn shall notify any victim of a crime for which the person was taken into custody that there has been that type of settlement, verdict, or judgment. Provides that the State's Attorney shall advise the victim of the rights which the victim may have against the person, but the State's Attorney shall not file a civil action for the victim.

HOUSE COMMITTEE AMENDMENT NO. 1

Further amends the Code of Civil Procedure. Provides that whenever there is a settlement, verdict or judgment in excess of \$500 in any court against the Department of Corrections, a county sheriff, or one of their employees in favor of any person for damages while incarcerated, the State's Attorney shall within 14 days of receipt of the notice of the settlement, verdict, or judgment send the same notice to the person or persons who were the victim or victims of the crime, at their last known address (instead of not specifying where to send the notice), along with the information that the victim or victims should (instead of may) contact a private attorney to advise them of their rights under the law (instead of contact the State's Attorney for advice concerning their rights to sue for damages under the law). Deletes provision that states that if so requested, the State's Attorney's office shall provide advice, but in no instance may the State's Attorney institute a civil action for damages on behalf of the victim or victims.

GOVERNOR AMENDATORY VETO MESSAGE

Recommends that whenever there is a settlement, verdict or judgment in excess of \$500 in any court against the Department of Corrections or one of its employees in favor of any person for damages while incarcerated, the State's Attorney shall within 14 days of receipt of the notice of the settlement, verdict, or judgment send the same notice to the person or persons who were the victim or victims of the crime, at their last known address, along with the information that the victim or victims should (instead of "may") contact the State's Attorney for advice concerning their rights to sue for damages under the law (instead of providing that victims should contact a private attorney to advise them of their rights under the law). Restores language of current law providing that if so requested, the State's Attorney's office shall provide advice, but in no instance may the State's Attorney institute a civil action for damages on behalf of the victim or victims.

325 ILCS 50/5 from Ch. 23, par. 2285

Amends the Missing Children Records Act. Provides that for every child enrolled in a particular school, preschool, or day care or other child care facility (instead of upon enrollment of a child for the first time in such a facility), that school or other entity shall notify in writing the person enrolling the child that he or she must provide "a copy of a certified copy" (instead of a certified copy) of the child's birth certificate. Effective immediately.

HOUSE COMMITTEE AMENDMENT NO. 1

Provides that once a school or other entity has obtained a copy of a certified copy of a child's birth certificate, the school or other entity need not request another such copy for any other year in which the child is enrolled in that school or other entity.

HOUSE FLOOR AMENDMENT NO. 2

Replaces everything after the enacting clause. Amends the Missing Children School Records Act with the same provisions as contained in the bill as introduced and in House Amendment No. 1. Also provides that there is no rulemaking authority under the amendatory Act, but that the Governor may suggest rules by filing them with the General Assembly and requesting that the General Assembly authorize such rulemaking by law, enact the suggested rules into law, or

take other appropriate action in the General Assembly's discretion. Effective immediately.

HOUSE FLOOR AMENDMENT NO. 3

Restores the provision of current law that a school or other entity shall notify the person enrolling a child that the person must provide a certified copy (instead of a copy of the certified copy) of the child's birth certificate. Requires the school or other entity to promptly make a copy of the certified copy of the child's birth certificate for its records and return the original certified copy to the person providing it.

Amends the School Code and various Acts relating to the governance of public universities in Illinois. Requires the State Board of Education to promote and implement an annual campaign about disability history and awareness in this State during 2 weeks in September and 2 weeks in January. Requires the State Board to file an annual report with the General Assembly on the status and implementation of the campaign. Requires a school district to provide in each grade instruction on disability history, people with disabilities, and the disability rights movement during the campaign, which instruction may be included in the courses of study regularly taught therein. Allows each public university to conduct and promote activities during the campaign that provide education on, awareness of, and an understanding of disability history, people with disabilities, and the disability rights movement.

HOUSE COMMITTEE AMENDMENT NO. 1

Deletes everything after the enacting clause. Reinserts the contents of the bill with the following changes. Requires the State Board of Education to promote (instead of promote and implement) the annual campaign. Provides that the campaign shall be designed to increase (instead of the campaign shall increase) public awareness and respect for people with disabilities. Removes a provision that specifies when the campaign must occur and removes other references to the annual, split 4-week campaign. Removes a provision that requires the State Board of Education to file an annual report with the General Assembly. Removes a provision that requires the disability history and awareness instruction to be provided in each grade. Provides that the instruction may be included in those courses that the school district chooses (instead of the courses of study regularly taught therein). Provides that, when possible, individuals with disabilities should be incorporated into the development and delivery of the instruction (instead of requiring that individuals with disabilities be incorporated into the development and delivery of the instruction). Removes the provision that allows the instruction to be supplemented by qualified school personnel. Changes a reference from instructional materials to resource materials. Requires the regional superintendent of schools to monitor a school district's compliance with the curricular requirement during his or her annual compliance visit. SENATE FLOOR AMENDMENT NO. 1

Restores the language that was stricken in the engrossed bill. Also adds language providing that a camp counselor under the age of 18 employed at a day camp is not subject to the adult minimum wage if the camp counselor is paid a stipend on a onetime or periodic basis and, if the camp counselor is a minor, the minor's parent, guardian, or other custodian has consented in writing to the terms of payment before the employment begins.

SENATE FLOOR AMENDMENT NO. 2

Adds reference to:

820 ILCS 105/3 from Ch. 48, par. 1003

Replaces everything after the enacting clause. Amends the Minimum Wage Law. Defines "day camp" to mean a seasonal recreation program in operation for no more than 16 weeks intermittently throughout the calendar year, accommodating for profit or under philanthropic or charitable auspices, 5 or more children under 18 years of age, not including overnight programs. Provides that the term "day camp" does not include a "day care agency", "child care facility" or "foster family home" as licensed by the Illinois Department of Children and Family Services. Provides that a camp counselor employed at a day camp (rather than a day camp of an organized not-for-profit corporation) is not subject to the adult minimum wage if the camp counselor is paid a stipend on a onetime or periodic basis and, if the camp counselor is a minor, the minor's parent, guardian or other custodian has consented in writing to the terms of payment before the commencement of such employment.

New Act

Creates the State Employment Application Act. Requires each applicant for State employment to undergo a criminal background check. Provides that if a federal or State law disqualifies a person convicted of certain offenses from holding a position, an application for that position may inquire as to whether the applicant has been convicted of a disqualifying offense. Provides that if an applicant is applying for a position of peace officer, an application for that position may inquire as to whether the applicant has been convicted of a disqualifying offense. Provides that nothing

HB-4694 MCCARTHY-BROSNAHAN-BRADY-JOYCE-BRADLEY, RICHARD.

625 ILCS 5/18d-105

Amends the Illinois Vehicle Code. Excludes, from the definition of "commercial vehicle safety relocater", a person or entity licensed as a new vehicle dealer. Effective July 1, 2008.

HOUSE COMMITTEE AMENDMENT NO. 1

Adds reference to:

- 625 ILCS 5/18d-115
- 625 ILCS 5/18d-126 new
- 625 ILCS 5/18d-160
- 625 ILCS 5/18d-185 new
- 625 ILCS 5/18d-190 new
- 625 ILCS 5/18d-195 new
- 815 ILCS 505/2Z

from Ch. 121 1/2, par. 262Z

Replaces everything after the enacting clause. Amends the Illinois Vehicle Code and the Consumer Fraud and Deceptive Business Practices Act. Changes the definition of "commercial vehicle safety relocater" to mean a person or entity engaged in the business of removing damaged or disabled vehicles from public or private property by means of towing or otherwise, except a person or entity licensed as a new vehicle dealer (instead of a person or entity engaged in the business of removing damaged or disabled vehicles from public or private property by means of towing or otherwise, and thereafter relocating and storing such vehicles). Provides for annual registration fees for safety relocators based on the number of tow trucks operated. Provides that an authorization to tow a damaged or disabled vehicle may be made by

a person other than the vehicle owner or operator if specified disclosures are provided to the third party authorizer. Makes it a violation of the Illinois Commercial Safety Towing Law for any towing service, or any employee or agent of a towing service, to solicit the owner or operator of a motor vehicle, or his or her agent, at the scene of an accident or disablement to provide towing, storage, or incidental services with respect to a damaged or disabled vehicle (and also makes it an unlawful practice under the Consumer Fraud and Deceptive Practices Act). Provides that the Illinois Commercial Safety Towing Law does not apply to specified types of towing. Provides that neither the Governor nor any agency or agency head under the jurisdiction of the Governor has any rulemaking authority under the amendatory Act, but that the Governor may suggest rules by filing them with the General Assembly and requesting that the General Assembly authorize such rulemaking by law, enact the suggested rules into law, or take other appropriate action in the General Assembly's discretion. Effective July 1, 2008.

FISCAL NOTE, HOUSE COMMITTEE AMENDMENT NO. 1 (Illinois Commerce Commission)

Commission resources would be greatly impacted by the fee structure as recommended in this amendment. The current estimated annual cost of operating this program is \$2.9 million. The fee structure as proposed in the rulemaking (\$1600 per company) would ensure the program funded itself. This amendment does not allow the program to be self funded nor does it allow the ICC the ability to adjust fees up or down as the program stabilizes. This 3 tiered fee structure will cost the Illinois Commerce Commission an estimated \$1.1 million shortfall in revenue.

HOUSE FLOOR AMENDMENT NO. 2

Further amends the Illinois Vehicle Code. Changes the annual registration fee for a safety relocater. Provides that no safety relocater, tow truck operator, or employee or agent of a safety relocater or tow truck operator shall: (i) respond to the scene of a police investigation unless called by the police or the owner or operator of a damaged or disabled vehicle; (ii) stop at the scene of an accident or at or near a damaged or disabled vehicle for the purpose of soliciting an engagement for towing service; or (iii) stop at the scene of an accident or at or near a damaged or disabled vehicle unless called to such location by the police or the owner or operator of a damaged or disabled vehicle. In the exemptions to the prohibitions regarding actions by a commercial vehicle safety relocater, makes an exception for towing authorized by a pre-existing written contract (instead of a written contract) establishing a predetermined cost of all relocation, storage, and any other fees charged by the commercial vehicle safety relocater.

SENATE COMMITTEE AMENDMENT NO. 2

Deletes reference to:

625 ILCS 5/18d-115

625 ILCS 5/18d-195 new

Deletes language restricting the rulemaking authority of the Governor or any agency or agency head under the jurisdiction of the Governor. Deletes language providing for annual registration fees for safety relocaters based on the number of tow trucks operated.

SENATE COMMITTEE AMENDMENT NO. 3

Adds reference to:

625 ILCS 5/18d-116 new

625 ILCS 5/18d-117 new

Removes language that exempted a person or entity licensed as a new vehicle dealer from the definition of "commercial vehicle safety relocater". Requires each vehicle used by a commercial vehicle safety relocater in the removal of damaged or disabled vehicles from public or private property to carry a current cab card. Provides for the issuance, execution, carrying, presentation, and expiration of cab cards. In language exempting from the Illinois Commercial Safety Towing Law towing pursuant to a pre-existing written contract, provides that a copy of the pre-existing written contract shall be available for review by law enforcement and carried in all vehicles executing a damaged or disabled vehicle tow that is subject to the exemption. Exempts from the Illinois Commercial Safety Towing Law: towing under a service agreement between a motor club or dealership and the vehicle owner or operator of the damaged or disabled vehicle; or towing conducted as a result of a vehicle manufacturer's warranty service. Makes other changes.

New Act

20 ILCS 210/10	from Ch. 127, par. 1710
20 ILCS 210/12	from Ch. 127, par. 1712
230 ILCS 5/9	from Ch. 8, par. 37-9
230 ILCS 10/13	from Ch. 120, par. 2413

Creates the Illinois State Fairgrounds Racetrack Authority Act. Creates the Illinois State Fairgrounds Racetrack Authority to promote, operate, and maintain horse racing operations through a racing contractor in the Illinois State Fairgrounds. Provides the duties and powers of the Authority, including the duty to transition the conduct of horse racing at the Illinois State Fairgrounds from an annual race meeting that is contained within the duration of the Illinois State Fair to an annual standardbred race meeting that lasts from 3 to 9 months, depending on funding and market conditions. Provides that the Authority shall have concurrent jurisdiction with the Department of Agriculture over all of the real estate of the Illinois State Fairgrounds that is used for horse racing; however, when it is necessary to have controlling jurisdiction over this real property to obey a mandate of the Illinois Racing Board, the Authority shall have controlling jurisdiction. Makes corresponding changes in the State Fair Act. Amends the Illinois Horse Racing Act of 1975 to authorize the Illinois Racing Board to issue a license to the Illinois State Fairgrounds Racetrack Authority authorizing the pari-mutuel system of wagering on live harness and Quarter Horse races, inter-track wagering, simulcast wagering, and advanced deposit wagering (if otherwise authorized by law) through a racing contractor for up 9 months of each year at the Illinois State Fairgrounds in Sangamon County. Revenues received by the Board from this license shall be deposited into the General Revenue Fund. Amends the Riverboat Gambling Act to distribute certain proceeds from electronic gaming, if electronic gaming is authorized under the Act. Effective immediately.

HOUSE COMMITTEE AMENDMENT NO. 1

Adds reference to:

30 ILCS 105/5.708 new
30 ILCS 105/6z-80 new

Replaces everything after the enacting clause. Reinserts the introduced bill with the following changes. Makes changes to the membership requirements for members of the Illinois State Fairgrounds Racetrack Authority and to the terms. Provides that any contract entered into by the Authority with a racing contractor after electronic gaming is authorized at the Illinois State Fairgrounds under the Illinois Horse Racing Act of 1975 and the Riverboat Gambling Act (i) may not be for a term of less than 10 or more than 20 years and (ii) shall require the racing contractor to make a payment before the racing contractor may begin conducting electronic gaming at the Illinois State Fairgrounds in an amount of at least 50% of the present value of any total compensation expected to be paid by the racing contractor to the Authority and the amount paid shall be discounted from future payments made by the racing contractor to the Authority. Provides for distribution of this payment. Provides that, when it is necessary to have controlling jurisdiction over the operation of the property (rather than controlling jurisdiction over this real property) to obey a mandate of the Illinois Racing Board, the Authority shall have controlling jurisdiction. Provides that no substantial changes may be made to the infrastructure of the Illinois State Fairgrounds unless the Director of Agriculture grants affirmative approval for the changes. Amends the State Finance Act to create the State Fairgrounds Infrastructure Improvement Fund as a special fund in the State treasury. Provides that moneys in the Fund may be used by the Department of Agriculture solely for infrastructure improvements to the Illinois State Fairgrounds in Sangamon County. Includes language protecting the funds from sweeps, administrative charge-backs or any other fiscal or budgetary maneuver that would in any way transfer any funds from the Fund into any other fund of the State. In provisions amending the Riverboat Gambling Act, provides that the 10% of the adjusted gross receipts from electronic gaming at the Illinois State Fairgrounds shall be transferred monthly into the State Fairgrounds Infrastructure Improvement Fund (was, paid monthly, subject to appropriation, to the Department of Agriculture for infrastructure maintenance and improvements at the Illinois State Fairgrounds). Makes other changes. Amends the Illinois Horse Racing Act of 1975 to provide that the Illinois Racing Board shall name and appoint

Illinois Racing Board (rather than State) veterinarians and representatives to take saliva, blood, urine, and other tests on horses. Amends the Riverboat Gambling Act to provide that if electronic gaming is authorized under the Illinois Horse Racing Act of 1975 and the Act under the supervision of the Illinois State Fairgrounds Racetrack Authority, and should the Authority's share of adjusted gross receipts from this gaming and any associated horse racing exceed the Authority's appropriations for any fiscal year, every July 31 following every fiscal year the surplus, if any, shall be divided into equal halves and paid to specified entities. Provides that there is no rulemaking authority under the new Act or amendatory provisions, but that the Governor may suggest rules by filing them with the General Assembly and requesting that the General Assembly authorize such rulemaking by law, enact the suggested rules into law, or take other appropriate action in the General Assembly's discretion. Effective immediately.

Provides that the certain revenues received by the Authority shall be distributed as follows: 66 2/3% shall be paid to the Department of Agriculture for deposit into the State Fairgrounds Infrastructure Improvement Fund and 33 1/3% shall be paid to the Sangamon County Central Dispatch System (rather than transferred to the General Revenue Fund). Further amends the Illinois Horse Racing Act of 1975 to provide that in no event shall any inter-track wagering location licensee that derives its license from the Authority operate within 30 miles of the Illinois State Fairgrounds in Sangamon County.

30 ILCS 105/6z-81 new

In provisions creating the State Fairgrounds Infrastructure Improvement Fund, provides that the Fund is non-appropriated special fund. Provides that the revenues the Illinois Racing Board receives from the license issued to the Illinois State Fairgrounds Racetrack Authority shall be deposited into the Horse Racing Fund rather than into the General Revenue Fund.

SENATE COMMITTEE AMENDMENT NO. 1

Adds reference to:
 110 ILCS 920/8 from Ch. 144, par. 2408

Deletes everything after the enacting clause. Amends the Baccalaureate Savings Act. In a Section concerning the administration of a grant program, provides that there shall be no expiration date placed on the grants, and any person who is denied disbursement of a grant or the full amount of a grant due to a lack of funding shall remain eligible for disbursement of that grant or the remaining amount of that grant until such time as funding becomes available, provided that he or she remains eligible for a grant and properly applies for disbursement of the grant or the remaining amount of the grant on an annual basis. Provides that if the amount appropriated in a given fiscal year is insufficient to fully fund all amounts persons eligible to receive a grant are entitled to, then the total amount appropriated must be divided in equal amounts among all eligible grant recipients, unless that amount exceeds the amount a grant recipient is entitled to receive, in which case he or she shall receive the lesser amount. Provides that there is no rulemaking authority under the amendatory Act, but that the Governor may suggest rules by filing them with the General Assembly and requesting that the General Assembly authorize such rulemaking by law, enact the suggested rules into law, or take other appropriate action in the General Assembly's discretion. Effective July 1, 2008.

FISCAL NOTE, HOUSE COMMITTEE AMENDMENT NO. 1 (Illinois Board of Higher Education)

The Bonus Incentive Grant Program would remain subject to appropriation under HB

4790. If program appropriations stayed level at \$325,000 per year and claim rates remained steady, some eligible applicants would not receive bonus grants under the current BIG program rules because of the "two-year window" restriction. However, assuming the same conditions but removing the two-year window restriction (as proposed in HB 4156) would add approximately \$2.9 million to the demand for the program, a cost that would be spread over several years. If funding remains level at \$325,000 per year, then the last eligible applicants are likely to receive grants in FY 2028.

If program appropriations stayed level at \$325,000 per year and claim rates remained steady, some eligible applicants would not receive bonus grants under the current BIG program rules because of the "two-year window" restriction. However, assuming the same conditions but removing the two-year window restriction (as proposed in HB 4156) would add approximately \$2.9 million to the demand for the program, a cost that would be spread over several years. If funding remains level at \$325,000 per year, then the last eligible applicants are likely to receive grants in FY 2028.

Amends the Health Maintenance Organization Act to incorporate the written notice, penalty, and condition of termination provisions as they relate to continuation of group HMO coverage after termination of employee or membership. 720 ILCS 5/11-20.3

Deletes the new violation to the child pornography statute. In the aggravated child pornography statute, provides that a person also commits the offense who knowingly films, videotapes, photographs, or otherwise depicts or portrays by means of any similar visual medium or reproduction or depicts by computer any actual or simulated act in violation of the statutes concerning criminal sexual assault, aggravated criminal sexual assault, predatory criminal sexual assault of a child, criminal sexual abuse, or aggravated criminal sexual abuse, involving any child whom he or she knows or reasonably should know to be under the age of 18 or any severely or profoundly mentally retarded person; or with knowledge of the nature or content thereof, possesses any film, videotape, photograph or other similar visual reproduction or depiction by computer of any actual or simulated act in violation of such statutes, involving any child whom he or she knows or reasonably should know to be under the age of 18 or any severely or profoundly mentally retarded person. Establishes penalties for such offenses.

SENATE FLOOR AMENDMENT NO. 3

Further amends the Criminal Code of 1961. Limits the affirmative defense to aggravated child pornography that the defendant reasonably believed, under all of the circumstances, that the child victim was not under 13 years of age to those cases of aggravated child pornography in which an element of the offense is that the defendant knew or reasonably should have known that the child victim was under 13 years of age. Establishes an affirmative defense to aggravated child pornography in which the offense involves the depiction of a child known or reasonably known by the defendant to be under 18 years of age engaged in certain sexual acts that the defendant reasonably believed, under all of the circumstances, that the child was 18 years of age or older or that the person was not a severely or profoundly mentally retarded person but only where, prior to the act or acts giving rise to a prosecution, he or she took some affirmative action or made a bonafide inquiry designed to ascertain whether the child was 18 years of age or older or that the person was not a severely or profoundly mentally retarded person and his reliance upon the information so obtained was clearly reasonable.

Amends the State Employees Group Insurance Act of 1971, the Illinois Insurance Code, and the Health Maintenance Organization Act. Provides that a policy or plan that provides coverage for hospital or medical treatment on an expense incurred basis, may offer wellness coverage that allows for a reward, a health spending account contribution, a reduction in premiums or reduced medical, prescription drug or equipment copayments, coinsurance, or deductibles, or a combination of these incentives, for participation in any health behavior wellness, maintenance, or improvement program approved or offered by the insurer or managed care plan. Provides that "wellness coverage" means health care coverage with the primary purpose to engage and motivate the insured or enrollee through: incentives; provision of health education, counseling, and self-management skills; identification of modifiable health risks; and other activities to influence health behavior changes. Makes other changes. Effective January 1, 2009.

HOUSE COMMITTEE AMENDMENT NO. 1

Changes language to provide that a group or individual policy of accident and health insurance or managed care plan amended, delivered, issued, or renewed after the effective date of the amendatory Act that provides coverage for hospital or medical treatment on an expense incurred basis may offer a reasonably designed program for wellness coverage that allows a reduction in premiums or other expenses (rather than including a reward or a health spending account contribution). Provides that individuals unable to participate in wellness program standards, due to an adverse health factor, shall not be penalized based upon their adverse health status. Defines the term "reasonably designed program". Provides that a plan offering wellness coverage must give participants the opportunity to qualify for offered incentives at least once a year. Provides that a plan offering wellness coverage must allow a reasonable alternative to any individual for whom it is unreasonably difficult, due to a medical condition, to satisfy otherwise applicable wellness program standards. Provides that plans may seek physician verification that health factors make it unreasonably difficult or medically inadvisable for the participant to satisfy the standards. Provides that the total incentive under a wellness program shall not exceed 20% of the cost of employee-only coverage. Provides that the cost of employee-only coverage includes both employer and employee contributions. Provides that for plans offering family coverage, the 20% limitation applies to cost of family coverage and applies to the entire family. Provides that there is no rulemaking authority under the amendatory Act, but that the Governor may suggest rules by filing them with the General Assembly and requesting that the General Assembly authorize such rulemaking by law, enact the suggested rules into law, or take other appropriate action in the General Assembly's discretion.

HOUSE FLOOR AMENDMENT NO. 2

Replaces everything after the enacting clause. Amends the State Employees Group Insurance Act of 1971, the Illinois Insurance Code, and the Health Maintenance Organization Act. Provides that a policy or plan that provides coverage for hospital or medical treatment on an expense incurred basis, may offer a reasonably designed program for wellness coverage that allows for a reward or other incentives for participation in any health behavior wellness, maintenance, or improvement program approved or offered by the insurer or managed care plan. Provides that "wellness coverage" means health care coverage with the primary purpose to engage and motivate the insured or enrollee through: incentives; provision of health education, counseling, and self-management skills; identification of modifiable health risks; and other activities to influence health behavior changes. Provides that such wellness coverage shall satisfy the requirements for an exception from the general prohibition against discrimination based on a health factor under the federal Health Insurance Portability and Accountability Act of 1996. Provides that there is no rulemaking authority under the amendatory Act, but that the Governor may suggest rules by filing them with the General Assembly and requesting that the General Assembly authorize such rulemaking by law, enact the suggested rules into law, or take other appropriate action in the General Assembly's discretion. Makes other changes. Effective January 1, 2009.

30 ILCS 105/5.708 new
605 ILCS 125/20
730 ILCS 5/5-9-1.16 new

Amends the State Finance Act, the Roadside Memorial Act, and the Unified Code of Corrections. Provides that a person who is convicted or receives a disposition of court supervision for a violation of certain DUI provisions of the Illinois Vehicle Code shall, in addition to any other disposition, penalty, or fine imposed, pay a fee of \$50 which shall be deposited into the Roadside Memorial Fund. Creates the Roadside Memorial Fund as a special fund in the State treasury. Provides that, subject to appropriation, all moneys in the Roadside Memorial Fund shall be used by the Department of Transportation to pay fees for DUI memorial markers under the Roadside Memorial Act.

FISCAL NOTE (Dept. of Transportation)

According to the Secretary of State's Office, in 2007 (the latest data available) there were just over 50,000 arrests for DUI, of which 95% resulted in either convictions or court supervision. If each one of these 47,500 cases were assessed the \$50 fine proposed by this bill, that would generate \$2,375,000 per year. Under the current provisions of the Roadside Memorial Act, markers are placed only be request of the family of the deceased and they are charged for the cost of placing the marker. Although this bill would increase spending by the Department, those payments would not exceed the revenues from this new source and, more importantly, would relieve the families of some, or all, of the burden of having memorial markers placed. It should also be noted that these payments would not come at the expense of other highway program resources. These changes would require a corresponding appropriation to the Department from the new Roadside Memorial Fund.

HOUSE FLOOR AMENDMENT NO. 1

HB-5000 SOTO-HOWARD-FORD-MUNSON-FRANKS, VERSCHOORE, YARBROUGH, HERNANDEZ AND GOLAR.

New Act

30 ILCS 105/5.708 new

Creates the Children's Low-cost Laptop Act. Requires the State Board of education to establish a procedure and develop criteria for the administration of a low-cost laptop pilot project whereby low-cost laptop computers are provided to each student, teacher, and relevant administrator in a participating elementary school and the use of open-source educational software and computer skills training is implemented. Sets forth program and reporting requirements, including the requirement that the pilot program last for a period of at least 2 years. Establishes the Elementary Students' Low-cost Laptop Fund. Sets a repeal date for the Act of August 31, 2011. Amends the State Finance Act to create the Fund. Effective August 31, 2008.

HOUSE COMMITTEE AMENDMENT NO. 1

Provides that neither the Governor nor any agency or agency head under the jurisdiction of the Governor has any rulemaking authority under the Act, but that the Governor may suggest rules by filing them with the General Assembly and requesting that the General Assembly authorize such rulemaking by law, enact the suggested rules into law, or take other appropriate action in the General Assembly's discretion. Makes related changes.

HOUSE COMMITTEE AMENDMENT NO. 2

Deletes everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. In the Children's Low-cost Laptop Act, makes changes concerning the requirements of the State Board of Education in administering the pilot project, including the manner in which the State Board must use pilot project funds. Provides that a school or a district (rather than just a school) may apply to the State Board for the establishment of a low-cost laptop pilot project grant (rather than just a low-cost laptop pilot project) for the entire school or for a particular grade or group of classrooms. Makes changes concerning the criteria that the State Board must consider in selecting participants, including removing the provision requiring participating schools to establish a low-cost laptop committee. Provides that each school or district participating in the grant pilot project must determine how the low-cost laptops are assigned and retained (rather than allowing each participating student to retain the laptop as long as the student is enrolled in a participating school). Makes other changes. Effective immediately.

FISCAL NOTE (State Board of Education)

The following is the maximum cost of HB 5000. It assumes laptops are provided to 300 schools (as provided in the legislation), and to all grade 1 through 6 classrooms in each of those schools. Laptops = \$42,600,600; Professional Development = \$4,800,000; Infrastructure = \$4,500,000; Evaluation of Program = \$250,000; ISBE Staff to Administer Program = \$71,200; Total = \$52,221,200. It should be noted that this analysis assumed that a \$400 laptop will contain all appropriate software and capabilities for all of the grade levels identified in HB 5000.

HOUSE FLOOR AMENDMENT NO. 3

Deletes everything after the enacting clause. Reinserts the provisions of the bill, as amended by House Amendment No. 2, with the following changes. Amends the Condominium Property Act. Provides procedures for addressing distressed condominium property that is a danger, blight, or nuisance to the surrounding community or the public and that is substantially unoccupied, without utilities, or in a serious negative condition. Amends the State Finance Act. Provides that moneys in the State Pensions Fund shall be used for the funding of the unfunded liabilities of the 5 State-funded retirement systems (rather than for payment of or repayment to the General Revenue Fund of a portion of the required State contributions to the designated retirement systems). Provides that the payments to the designated retirement systems shall be in addition to, and not in lieu of, any State contributions required under the Illinois Pension Code. Provides that, for fiscal year 2010 and each fiscal

year thereafter, as soon as may be practical after any money is deposited into the State Pensions Fund from the Unclaimed Property Trust Fund, the State Treasurer shall apportion the deposited amount to the designated retirement systems to reduce their actuarial reserve deficiencies. Provides that the amount apportioned to each designated retirement system shall constitute a portion of the amount estimated to be available for appropriation from the State Pensions Fund that is the same as that retirement system's portion of the total actuarial reserve deficiency of the systems. Makes conforming changes in the Illinois Pension Code, the State Pension Funds Continuing Appropriation Act, and the Uniform Disposition of Unclaimed Property Act. Effective immediately.

PENSION NOTE (Government Forecasting & Accountability)

HB 5088 will have a positive impact on the State-funded retirement systems as all monies disbursed to the systems from the State Pensions Fund will no longer comprise any portion of the regular State appropriation to the retirement systems. These amounts disbursed from the State Pensions Fund will be in addition to the regular annual appropriation.

Amends the Higher Education Student Assistance Act. Establishes the MAP Challenge Program to (i) reduce the number of students who withdraw from high school before graduation, (ii) increase the number of students who are prepared to enter the workforce upon graduation, (iii) increase the number of students entering institutions of higher learning, and (iv) encourage eligible students to attend institutions of higher learning by reducing the financial burden on these students and their families. Provides that the Illinois Student Assistance Commission, the Board of Higher Education, the Illinois Community College Board, and the State Board of Education shall work cooperatively to develop the MAP Challenge Program as a pilot program that accomplishes these purposes by leveraging student financial aid to college readiness. Provides that the program shall include cooperation between school districts and State agencies in outreach and student services and minimum course requirements based on a college preparatory core curriculum to ensure students are ready for college. Provides that students who successfully complete this program must be provided with an incentive in the form of State financial aid. Effective July 1, 2008.

HOUSE COMMITTEE AMENDMENT NO. 1

Provides that there is no rulemaking authority under the amendatory Act, but that the Governor may suggest rules by filing them with the General Assembly and requesting that the General Assembly authorize such rulemaking by law, enact the suggested rules into law, or take other appropriate action in the General Assembly's discretion.

FISCAL NOTE, HOUSE COMMITTEE AMENDMENT NO. 1 (Illinois Community College Board)

HB 5109 (H-AM 1) creates no fiscal cost to the Illinois Community College Board.

FISCAL NOTE (Illinois Board of Higher Education)

The proposed program is predicted on guaranteeing financial assistance for college to middle or high school students if they meet minimum course requirements based on a college preparatory core curriculum. Given this structure, there will be two distinct multi-year periods with different levels of fiscal impact. If a program began with ninth grade students, those periods would be FY09-FY12 and FY13-FY16: (1) FY09-FY12: Pilot project participants are offered supportive services during high school. These services could be funded by the State, provided by a participating pilot school, or provided by another partner. For reference, IBHE staff report that about \$110-\$150 per student is spent each year on those services in Indiana, after whose 21st Century Scholars program this bill is modeled. (2) FY13-FY16: Costs of financial assistance would begin to be incurred beginning in FY13 as the first cohort of students graduated from high school and enrolled in college. The cost of financial assistance would increase rapidly each year as new cohorts were added until the program achieved a steady state of four cohorts. (3) As noted previously, the guaranteed financial incentives are indeterminate in the engrossed bill, and many options are possible. The highest-cost model would duplicate well-established programs in Indiana and Oklahoma that guarantee payment of full tuition and fees for participants at public colleges and universities and lesser awards at independent colleges and universities. If the pilot program under HB 5109 were to make the same guarantee, ISAC projects that the State would be responsible for a projected \$13,775 per participant each year in tuition and fees, beginning with FY13. Given the current funding and parameters for the regular Monetary Award Program, if full tuition and fees were guaranteed and the pilot program were targeted to low-income students, then MAP could be expected to cover \$4,968 per student. The MAP Challenge Program would then be responsible for approximately \$8,807 per student per year from FY13-

FY13 (i.e., the average T&F costs remaining after a student receives a MAP grant).

Similar programs in other states (e.g., Indiana and Oklahoma) guarantee payment of full tuition and fees for participants. If the pilot program under HB 5109 were to make the same guarantee, the State would be responsible for a projected \$13,775 per participant each year in tuition and fees, beginning with FY13. New Act

Creates the Gambling Expansion Referendum Act. Requires a statewide advisory referendum at the 2008 general election. Sets forth the following question: "Should the General Assembly pass a massive expansion of legalized gambling in Illinois, an expansion that may include creating a new major casino in Chicago and one or more new riverboat casinos, allowing 24-hour gambling at racetracks and online gambling, thereby putting Illinois third in the nation, after Nevada and New Jersey, in the overall size of legalized gambling?". Repeals the Act January 1, 2009. Effective immediately.

HOUSE COMMITTEE AMENDMENT NO. 1

Deletes everything after the enacting clause. Reinserts the provisions of House Bill 5110 with the text of the question changed to the following: "Shall Governor Rod R. Blagojevich and the General Assembly enact legislation to expand legalized gambling in Illinois by authorizing more than 5,000 new gambling positions in addition to the 10,800 gambling positions already in use?" Effective immediately.

HB-5113 BOLAND-MAY-FORD-PATTERSON-RYG, MCGUIRE, BELLOCK, TRYON, FROEHLICH, COLE AND HAMOS.

New Act

Creates the Green Buildings Act. Requires all new state-funded building construction and major renovations of existing state-owned facilities to seek LEED certification. Requires all

construction and major renovation projects, regardless of size, to achieve the highest level of certification practical within the project budget. Provides for exemptions and waivers by the Capital Development Board. Requires the Board to provide technical assistance. Authorizes rulemaking. Effective immediately.

HOUSE COMMITTEE AMENDMENT NO. 1

Deletes everything after the enacting clause. Reinserts the provisions of House Bill 5113 as introduced with the following changes: Provides that LEED or equivalent standards and certifications must be met (now, only LEED). Provides that The Green Building Initiative's Green Globes design program standards and certifications are equivalent. Requires that each building project subject to the Act implement at least one LEED criterion for alternative transportation for public transportation or bicycle access. Removes the authority for the adoption of implementing rules. Provides that neither the Governor nor any agency or agency head under the jurisdiction of the Governor has any rulemaking authority under the Act, but that the Governor may suggest rules by filing them with the General Assembly and requesting that the General Assembly authorize such rulemaking by law, enact the suggested rules into law, or take other appropriate action in the General Assembly's discretion. Effective immediately.

FISCAL NOTE, HOUSE COMMITTEE AMENDMENT NO. 1 (Capital Development Board)

LEED Silver certification increases costs over standard construction by an amount between 2%-6%. Gold and Platinum certifications increase costs over standard construction by an amount between 4%-8%. The amount of the increases is dependent on the use of the building, the location, and other such factors. If a capital program includes \$200 million in new or major renovation that meets the criteria of the bill then costs can be expected to increase between \$8 million and \$16 million. CDB does however already include increased budgets for LEED based on the criteria in the bill.

Amends the Downstate Teachers Article of the Illinois Pension Code. Allows a teacher to establish credit for certain leaves of absence due to pregnancy. Includes new benefit increase compliance language. Effective immediately.

PENSION NOTE (Government Forecasting & Accountability)

The fiscal impact of HB 5142 cannot be determined as the number of teachers who may wish to purchase optional service credit for pregnancy leaves of absence is unknown. The bill requires the teacher to pay the employer's normal cost and the employee contribution, plus interest on both, from the date of service to the date of payment. Therefore, the cost should be minimal.

HB-5158 HOFFMAN-MAUTINO.

40 ILCS 5/3-120 from Ch. 108 1/2, par. 3-120
30 ILCS 805/8.32 new

Amends the Downstate Police Article of the Illinois Pension Code. Allows payment of a survivor's pension to the surviving spouse and children of a marriage occurring after retirement, if the surviving spouse and the deceased police officer were married for at least one year immediately preceding the date of death. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Government Forecasting & Accountability)

The fiscal impact for HB 5158 is yet to be determined as it is unknown how many participants will be eligible to receive benefits.

PENSION NOTE (Government Forecasting & Accountability)

The Commission's actuary has performed a cost study of HB 5158 under the assumption that the percentage of retired police officers who would have a surviving spouse eligible to receive a survivor's pension would increase from 80% to 85%. Based on the above assumption, the estimated costs involved with the proposed change for all Downstate police pension funds would be as follows: Increase in total actuarial liability = \$61,453,000; Increase in total annual costs = 5,943,000; Increase in total annual costs as a percent of payroll = 0.77%.

New Act
 30 ILCS 500/30-22

Creates the Local Government Construction Contract Act. Requires that if a unit of local government or school district imposes responsible bidder requirements similar to those of the Illinois Procurement Code when procuring construction, the unit or district must provide notice of and a public hearing on the adoption of any guidelines implementing required participation in certain apprenticeship and training programs. Amends the Illinois Procurement Code. With respect to the requirement that a responsible construction contract bidder and the bidder's subcontractors must participate in applicable apprenticeship and training programs, permits participation in training by an organization approved by the National Center for Construction Education and Research (now, only apprenticeship and training programs approved by the federal government). Includes safety training within "training". Defines participation as (i) the bidder's and subcontractor's affiliation with or membership in a trade union or organization that provides the applicable apprenticeship and training programs and (ii) the bidder's and subcontractor's enrollment of apprentices or workers in the applicable programs for the contract work to be performed. Requires that State construction agencies adopt implementing rules.

HOUSE COMMITTEE AMENDMENT NO. 1

Removes the requirement for the adoption of implementing rules. Provides that neither the Governor nor any agency or agency head under the jurisdiction of the Governor has any rulemaking authority under the amendatory Act, but that the Governor may suggest rules by

filing them with the General Assembly and requesting that the General Assembly authorize such rulemaking by law, enact the suggested rules into law, or take other appropriate action in the General Assembly's discretion.

305 ILCS 5/5-5 from Ch. 23, par. 5-5

Amends the Illinois Public Aid Code. Provides that dental services authorized under the medical assistance program include preventive, diagnostic, or corrective procedures. Provides that dental services provided to persons who are participating in education, training, or employment programs operated by the Department of Human Services must be provided by an individual licensed to practice dentistry or dental surgery; also provides that such "dental services" mean diagnostic, preventive, or corrective procedures provided by or under the supervision of a dentist in the practice of his or her profession (eliminates a reference to prosthodontics).

HOUSE COMMITTEE AMENDMENT NO. 1

Replaces everything after the enacting clause. Amends the Illinois Public Aid Code with provisions similar to those of the bill as introduced, concerning medical services provided under the medical assistance program, except (1) provides that those medical services may include dental services provided by an individual licensed to practice dentistry or dental surgery and that "dental services" means diagnostic, preventive, or corrective procedures provided by or under the supervision of a dentist in the practice of his or her profession (instead of providing that those medical services may include dental services "including preventive, diagnostic, or corrective procedures") and (2) provides that dental services for persons who are participating in education, training, or employment programs operated by the Department of Human Services shall be provided by or under the supervision of a dentist (instead of providing that such dental services shall be provided by an individual licensed to practice dentistry or dental surgery and defining "dental services") and eliminates a requirement that those dental services shall include but not be limited to prosthodontics. Provides that neither the Governor nor any agency or agency head under the jurisdiction of the Governor has any rulemaking authority under the amendatory Act, but that the Governor may suggest rules by filing them with the General Assembly and requesting that the General Assembly authorize such rulemaking by law, enact the suggested rules into law, or take other appropriate action in the General Assembly's discretion.

20 ILCS 3855/1-92 new

220 ILCS 5/17-800 rep.

Amends the Illinois Power Agency Act and the Public Utilities Act. Moves provisions concerning aggregation of electrical load by municipalities or counties from the Public Utilities Act to the Illinois Power Agency Act and provides that (i) upon the applicable requisite authority under certain provisions, the corporate authorities or the county board, with assistance from the Illinois Power Agency, (previously, did not include assistance from the Illinois Power Agency) shall develop a plan of operation and governance for the authorized aggregation program; (ii) the aggregation may include small commercial retail electrical loads in addition to residential retail electrical loads; (iii) it shall be the duty of the aggregated entity to fully inform residential retail customers in advance that they have the right to opt out of (rather than opt into) the aggregation program and (iv) the Illinois Power Agency shall provide assistance to municipalities or associations working with municipalities to help complete the plan of operation and bidding process. Makes other changes.

HOUSE FLOOR AMENDMENT NO. 3

Deletes everything after the enacting clause. Reinserts the contents of the introduced bill with the following changes. Removes provisions concerning the regulation of the aggregation of electrical load by municipalities and counties by the Illinois Power Agency. Provides that if the corporate authorities or a county board seek to operate as an opt-out program for residential and small commercial retail customers, then prior to the adoption of an ordinance with respect to aggregation of residential and small commercial retail electric loads, the corporate authorities of a municipality or the county board of a county shall submit a referendum to its residents to determine whether or not the aggregation program shall operate the aggregation program as an opt-out program for residential and small commercial retail customers. Specifies the procedure for submitting the referendum question to the electors. Provides that if the referendum fails, then the corporate authorities or county board shall operate as an opt-in program for residential and small commercial retail customers. Provides that the Illinois Power Agency shall provide assistance to municipalities, counties, or associations (instead of municipalities or associations) working with municipalities to help complete the plan and bidding process. Provides that the

process for soliciting bids for electricity and other related services and awarding proposed agreements for the purchase of electricity and other related services shall be conducted in a specified manner. Provides that there is no rulemaking authority under the amendatory Act, but that the Governor may suggest rules by filing them with the General Assembly and requesting that the General Assembly authorize such rulemaking by law, enact the suggested rules into law, or take other appropriate action in the General Assembly's discretion.
