Requires each Committee member to file disclosures with the Secretary of State. Prohibits cloning or attempts to clone a human being. Prohibits the purchase or sale of embryonic or cadaveric fetal tissue for research purposes. Makes the purchase or sale of embryonic or cadaveric fetal tissue for research a Class A misdemeanor for the first conviction and a Class 4 felony for subsequent convictions.

Provides that at each school in which a student with diabetes is enrolled, the principal shall seek school employees to serve as unlicensed diabetes care aides. Provides that for each school in which a student with diabetes seeks assistance, the school must ensure that every day and at all activities at which the student is present there is either a school nurse or an unlicensed diabetes care aide to provide care. Provides for volunteer aides and their training. Sets forth what a student with diabetes must be permitted to do. Requires a school to provide an information sheet to certain school employees concerning a student with diabetes. Provides that a school district may not restrict the assignment of a student with diabetes to a particular school on the basis that the school does not have a full-time school nurse or the required volunteer aides, nor may a school deny access to a student on the basis that a student has been diagnosed with diabetes. 215 ILCS 5/356g.5 new

215 ILCS 125/4-6.5

215 ILCS 165/10 from Ch. 32, par. 604

Amends the Illinois Insurance Code, the Health Maintenance Organization Act, and the Voluntary Health Services Plans Act. Provides that every insurer shall provide, in each group or individual policy, contract, or certificate of accident or health insurance issued or renewed for persons who are residents of Illinois, coverage for a complete and thorough physical examination of the breast, including but not limited to a comprehensive clinical breast examination of 6-10 minutes in length (that is, an examination of 3-5 minutes in length for each breast), performed by a health care provider to check for lumps and other changes for the purpose of early detection and prevention of breast cancer as follows: (1) annually for women 18 years of age and older; and (2) at any time at the recommendation of the woman's health care provider. Provides that every insurer must establish a separate and distinct reimbursement code for comprehensive clinical breast examinations of 6-10 minutes in length. Makes these provisions applicable to health maintenance organizations and health services plan corporations. Effective immediately.

HOUSE COMMITTEE AMENDMENT NO. 1

Adds reference to:

20 ILCS 2310/2310-345 was 20 ILCS 2310/55.49

Replaces the provisions amending the Illinois Insurance Code. Inserts similar provisions amending the Illinois Insurance Code, but with changes that include the following: (1) removes references to a time period of "6-10 minutes" for breast examinations; (2) requires coverage for a comprehensive clinical breast examination by a physician, an advanced practice nurse, or a physician assistant (instead of by a health care provider); (3) provides for an examination at any time at the recommendation of a woman's health care professional (instead of her health care provider); and (4) requires that an insurance policy provide separate and distinct coverage for such breast examinations (instead of requiring that every insurer establish a separate and distinct reimbursement code for comprehensive clinical breast examinations). Also amends the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois to require the Department's written summary concerning breast cancer to specifically address the benefits of early detection and regular comprehensive clinical breast examinations as well as the mandate that health and government payers pay for the breast examinations.

HOUSE FLOOR AMENDMENT NO. 2

Adds reference to:

5 ILCS 375/6.11
 55 ILCS 5/5-1069.3
 65 ILCS 5/10-4-2.3
 105 ILCS 5/10-22.3f
 305 ILCS 5/5-16.8

Amends the State Employees Group Insurance Act of 1971, the Counties Code, the Illinois Municipal Code, the School Code, and the Illinois Public Aid Code to require coverage of comprehensive clinical breast exams under each of those Acts as provided in the provisions added to the Illinois Insurance Code.

FISCAL NOTE, HOUSE COMMITTEE AMENDMENT NO. 1 (Financial & Professional Regulation)

There is no anticipated fiscal impact to the Department resulting from HB 147 (H-AM 1). However, this legislation may subject other State agencies to face additional fiscal responsibilities. Defer to the Department of Public Health for possible cost implications associated with publishing summary breast exam information.

FISCAL NOTE, HOUSE COMMITTEE AMENDMENT NO. 1 (Financial & Professional Regulation)

There is no anticipated fiscal impact to the Department resulting from HB 147 (H-AM 1). However, this legislation may subject other State agencies to face additional fiscal responsibilities. Defer to the Department of Public Health for possible cost implications associated with publishing summary breast exam information.

FISCAL NOTE, HOUSE FLOOR AMENDMENT NO. 2 (Financial & Professional Regulation)

There is no anticipated fiscal impact to the Department resulting from HB 147 (H-AM 2). However, this legislation may subject other State agencies to face additional fiscal responsibilities. Defer to the Department of Public Health for possible cost implications associated with publishing summary breast exam information.

HOUSE FLOOR AMENDMENT NO. 3

Requires that the Department of Public Health's summary concerning breast cancer include the benefits of clinical breast exams; also requires that the summary (1) review the clinical standard recommendations by the Centers for Disease Control and Prevention and the American Cancer Society for mammography, clinical breast exams, and breast self-exams (instead of requiring that the summary address regular comprehensive clinical breast examinations) and (2) inform individuals that public and private insurance providers shall pay for clinical breast exams as part of an exam, as indicated by guidelines of practice (instead of requiring that the summary address the mandate that health and government benefit payers pay for the breast examinations). In references to clinical breast examinations, deletes "comprehensive". Requires that insurers provide coverage of breast examinations (i) at least every 3 years for women ages 20 to 39 and (ii) annually for women age 40 and older (instead of annually for women age 18 and older and at any time at the recommendation of the woman's health care professional). Makes other changes.

FISCAL NOTE, HOUSE FLOOR AMENDMENT NO. 3 (Dept. of Healthcare & Family Services)

Clinical breast exams are currently billed as an office visit for Medicaid and the State Employees Group Health Insurance Program; therefore, services are already covered. There may be a minimal fiscal increase based upon utilization. Upon national approval of a separate and distinct billing code, there will be pressure for additional appropriations to cover this service for Medicaid and the State Employees Group Health Insurance Program.

FISCAL NOTE, HOUSE FLOOR AMENDMENT NO. 2 (Financial & Professional Regulation)

There is no anticipated fiscal impact to the Department resulting from HB 147 (H-AM 2). However, this legislation may subject other State agencies to face additional fiscal responsibilities. Defer to the Department of Public Health for possible cost implications associated with publishing summary breast exam information.

FISCAL NOTE, HOUSE FLOOR AMENDMENT NO. 3 (Financial & Professional Regulation)

There is no anticipated fiscal impact to the Department resulting from HB 147 (H-AM 3). However, this legislation may subject other State agencies to face additional fiscal responsibilities. Defer to the Department of Public Health for possible cost implications associated with publishing summary breast exam information.

STATE MANDATES FISCAL NOTE, HOUSE FLOOR AMENDMENT NO. 3 (Dept. of Commerce & Economic Opportunity)

HB 147 (H-AM 3) does not create a State mandate under the State Mandates Act.

Amends the Mental Health and Developmental Disabilities Administrative Act, the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois, the University of Illinois Hospital Act, and the Hospital Licensing Act. Requires the Department of Public Health to perform certain functions in relation to the prevention and control of Multidrug-Resistant Organisms (MDROs). In particular, requires the Department to: (1) adopt rules for all health care facilities subject to licensure, certification, registration, or other regulation by the Department requiring compliance with the 2006 recommendations of the U.S. Centers for Disease Control and Prevention for the prevention and control of MDROs; (2)

conduct a public information campaign for health care providers not subject to regulation by the Department; (3) create and administer a training program for health care providers; and (4) recommend and approve tests or testing procedures used in determining, preventing, and controlling MDRO infection. Requires hospitals (including the University of Illinois Hospital) and Department of Human Services mental health and developmental disability facilities to implement comprehensive interventions and routine testing procedures. Effective immediately.

HOUSE COMMITTEE AMENDMENT NO. 1

Provides that the Department of Human Services shall adopt rules that may require one or more of the mental health and developmental disability facilities under its jurisdiction to implement comprehensive interventions to prevent and control MDROs (instead of rules requiring all such facilities to establish and implement such interventions). Provides that the Department of Public Health shall adopt rules that may require one or more of the types of facilities subject to regulation by the Department to comply with C.D.C. recommendations for the prevention and control of MDROs (instead of rules requiring all such facilities to comply with those recommendations). Deletes provisions requiring facilities to establish and implement procedures for routinely testing all patients for MRSA. Deletes a provision that the Department of Public Health shall recommend and approve tests or testing procedures used in determining, preventing, and controlling MDRO infection.

HOUSE COMMITTEE AMENDMENT NO. 2

Replaces everything after the enacting clause and re-inserts provisions similar to those of the introduced bill with these changes: Provides that the Department of Human Services shall adopt rules that may require one or more of the mental health and developmental disability facilities under its jurisdiction to implement comprehensive interventions to prevent and control MDROs (instead of rules requiring all such facilities to establish and implement such interventions). Provides that the Department of Public Health shall adopt rules that may require one or more of the types of facilities subject to regulation by the Department to comply with C.D.C. recommendations for the prevention and control of MDROs (instead of rules requiring all such facilities to comply with those recommendations). In language providing that the Department of Public Health shall adopt rules for health care facilities requiring compliance with specified recommendations for the prevention and control of Multidrug-Resistant Organisms, creates an exception for hospitals, for which administrative rules shall be adopted in accordance with the Hospital Licensing Act and the University of Illinois Hospital Act. Deletes provisions requiring facilities to establish and implement procedures for routinely testing all patients for MRSA. Deletes a provision that the Department of Public Health shall recommend and approve tests or testing procedures used in determining, preventing, and controlling MDRO infection. Makes other changes. Effective immediately.

HOUSE FLOOR AMENDMENT NO. 3

Adds reference to:

210 ILCS 86/25

Replaces everything after the enacting clause and re-inserts provisions similar to those of the bill as amended by House Amendment No. 2, but with changes that include the following: (1) provides that the Department of Public Health (IDPH) may require facilities to perform an annual infection control risk assessment, develop policies that are based on the assessment and incorporate updated recommendations of the U.S. Centers for Disease Control and Prevention, and enforce hand hygiene requirements; (2) makes changes concerning publicity by IDPH with respect to guidelines for reducing the incidence of MDROs; (3) eliminates provisions concerning a training program to be administered by IDPH; (4) requires IDPH to publish a yearly report regarding MRSA and Clostridium difficile infections and implement surveillance for designated cases of community associated MRSA infections for a period of at least 3 years, beginning on or before January 1, 2008; (5) requires IDPH to adopt administrative rules that require the University of Illinois Hospital and other hospitals to perform an annual facility-wide infection control risk assessment and enforce hand hygiene and contact precaution requirements; and (6) amends the Hospital Report Card Act to require hospitals to include in their quarterly reports to IDPH organisms, including but not limited to MRSA, that are responsible for central venous catheter-associated bloodstream infections and ventilator-associated pneumonia in designated hospital units. Effective immediately.

FISCAL NOTE (Dept. of Public Health)

The Department estimates that HB 192 will have a fiscal impact of approximately \$400,000 annually. The cost estimated includes funding for the addition of 2 FTEs to implement the epidemiologic surveillance, reporting and guideline development activities and to design a new Illinois National Electronic Disease Surveillance System module to

meet the requirements of HB 192 Engrossed. It should be noted that if the data collection prescribed by the current Communicable Disease Code revisions is deemed sufficient to meet the provisions of HB 192 (H-AM 3), the costs for the INEDSS CA-MRSA module for reporting could possibly be reduced.

 30 ILCS 805/8.31 new

Amends the School Code and the Communicable Disease Prevention Act. In a Section of the School Code involving health examinations for children, provides that the Department of Public Health shall adopt rules specifying that testing for the human immunodeficiency virus (HIV) be included in health examinations. Requires that the parent or guardian of the child be informed that such testing will be undertaken during the health examination unless the parent or guardian declines for his or her child to be tested for HIV. Also requires that the parent or guardian of the child be provided with clear and concise information about HIV testing, including an explanation about HIV infection and the meanings of positive and negative test results. Provides that HIV testing must be incorporated into the child's general health examination procedures and forms, the record of the health examination submitted to the school must indicate only that the child was tested for HIV or not, and that no HIV test result may be indicated in the record of the health examination submitted to the school. Sets forth the revised recommendations of the U.S. Centers for Disease Control and Prevention (CDC) for HIV testing. Declares to be the public policy of the State that HIV screening be conducted in accordance with the CDC recommendations and that the Department of Public Health develop and administer compliant policies and procedures as soon as possible. Makes other changes. Amends the State Mandates Act to require implementation without reimbursement.

Provides that the Department of Public Health shall adopt rules specifying that testing for human immunodeficiency virus (HIV) be included as a required part of the health examination required under the provision, taking into consideration the recommendations of the U.S. Centers for Disease Control and Prevention (instead of requiring HIV testing as a part of health examinations under the provision, unless the parent or guardian of the child declines for his or her child to be tested for HIV). Deletes provisions providing that: (1) the parent or guardian of the child must be informed by the school that such testing must be undertaken during the health examination, unless the parent or guardian declines for his or her child to be tested for HIV; (2) the parent or guardian of the child must be provided with clear and concise information about HIV testing, including an explanation about HIV infection and the meanings of positive and negative test results; (3) informational material must be provided in the languages of the population served by the school; and (4) at the health examination, the parent or guardian and child must have the opportunity to ask questions about and decline the HIV testing. Deletes provisions relating to school health examination records and HIV testing. Provides that the Department of Public Health develop and administer policies and procedures to control and prevent HIV and AIDS, taking into consideration the recommendations of the U.S. Centers for Disease Control and Prevention (instead of administer compliant policies and procedures as soon as possible).

New Act

Creates the Uniform Real Property Electronic Recording Act. Authorizes a recorder to receive, index, store, archive, and transmit documents eligible to be recorded in the recorder's land records in the form of electronic documents, subject to specified requirements. Provides that, if a law requires a document eligible to be recorded in the recorder's land records to be an original, be on paper or another tangible medium, or be in writing, the requirement is satisfied by an electronic document satisfying the Act. Provides that, if a law requires that such a document be signed, the requirement is satisfied by an electronic signature. Provides that a requirement that a document or a signature be notarized, acknowledged, verified, witnessed, or made under oath is satisfied if the appropriate electronic signature and other required information is attached to or logically associated with the document or signature. Provides that the Secretary of State shall adopt standards to implement the Act. Contains provisions regarding recording, conversion of documents, administration, standards, application, construction, other laws, and other matters.

HOUSE COMMITTEE AMENDMENT NO. 1

Deletes everything after the enacting clause. Creates the Uniform Real Property Electronic Recording Act. Contains only a short title provision.

HOUSE FLOOR AMENDMENT NO. 2

Replaces everything after the enacting clause with provisions similar to those of the introduced bill, with the following changes: establishes, within the Office of the Secretary of State, the Illinois Electronic Recording Commission, consisting of the Secretary of State or his or her designee and 14 commissioners appointed by the Secretary of State, to adopt standards to implement the Act (rather than having the Secretary of State adopt those standards); eliminates language providing that, in applying and construing the Act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it; provides that standards and rules adopted by the Commission shall be delivered to the Secretary of State who, within 60 days, shall either promulgate by rule the standards adopted, amended, or repealed or return them to the Commission for changes, and that the Commission may override the Secretary by a three-fifths vote, in which case the Secretary shall publish the Commission's standards; and makes other changes. Effective immediately.

HOUSE FLOOR AMENDMENT NO. 3

Further amends the Uniform Real Property Electronic Recording Act. Provides that a county recorder when implementing functions listed in the Act must follow the procedures of the Local Records Act before destroying original paper records as part of a conversion process into an electronic or other format.

Amends the Personnel Code. Establishes a preference in the form of an entitlement to appear on the list of those eligible for appointments, if the person otherwise qualifies through testing for a person if: (i) he or she has been discharged from a prison of this State; (ii) he or she has been wrongfully accused of a crime for which he or she was imprisoned; and (iii) either a court of competent jurisdiction finds that the evidence that resulted in his or her conviction was erroneous or that new evidence indicates that the person did not commit the crime for which he or she was imprisoned or the accused received a pardon from the Governor stating that such pardon is issued on the ground of innocence of the crime for which he or she was imprisoned. Amends the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois. Provides that the Department of Commerce and Economic Opportunity shall establish an individualized job training and continuing education program for each person who has been discharged from a prison of this State; and who has been wrongfully accused of a crime for which he or she was imprisoned; and whom either a court of competent jurisdiction finds that the evidence that resulted in his or her conviction was erroneous or that new evidence indicates that the person did not commit the crime for which he or she was imprisoned or the person received a pardon from the Governor stating that such pardon is issued on the ground of innocence of the crime for he or she was imprisoned. Amends the Court of Claims Act. Grants the court exclusive jurisdiction in those cases. Increases the maximum statutory awards to a person released from prison because of these factors. Effective immediately.

HOUSE COMMITTEE AMENDMENT NO. 1

Adds reference to:
735 ILCS 5/2-702 new

Replaces everything after the enacting clause. Reinserts the provisions of the bill with these changes: (1) in the Department of Commerce and Economic Opportunity Law and in the Court of Claims Act, provides that a claim for unjust imprisonment is available to an accused who received a pardon from the Governor on the grounds of innocence or with respect to whom the court entered a declaratory judgment finding that the accused was innocent of all offenses for which he or she was incarcerated (rather than the court finding that the evidence that resulted in his or her conviction was erroneous or that new evidence indicates that the person did not commit the crime for which he or she was imprisoned); (2) eliminates from the Court of Claims Act the new provision that except in cases initiated by the Attorney General, in cases of an unjust imprisonment where a judgment has been rendered against the State under the Act in favor of a person who was unjustly imprisoned, the county where the case for the imprisonment originated shall reimburse the State for the full amount of the judgment; and (3) amends the Code of Civil Procedure to provide that any person convicted and subsequently imprisoned by the State of Illinois for one or more felonies which he or she did not commit may, under specified conditions, file an action for declaratory judgment in the Circuit Court of the County in which the person was convicted. Effective immediately.

FISCAL NOTE, HOUSE COMMITTEE AMENDMENT NO. 1 (Court of Claims)

The Court currently pays claims for illegal incarceration that have been adjudicated and awarded. To be eligible, the person must have received a gubernatorial pardon. As of 12/31/06, the maximum awards are: for imprisonment of 5 years or less, \$60,150 (HB 230 \$85,350), 5 years to 14 years, \$144,849 (HB 230, \$170,000), and over 14 years, \$161,006 (HB 230, \$199,150). The fiscal impact of HB 230 cannot be accurately determined because the number of awards to be made in the future is unknown. In FY 05, 2 claims were paid totaling \$274,454, FY 06, 4 claims for a total of \$604,866, and FY 07, 2 claims for a total of \$221,156.

20 ILCS 415/8b.7-5 new

Replaces everything after the enacting clause. Reinserts the provisions of the bill as amended with these changes: (1) deletes the amendatory changes to the Personnel Code; (2) deletes the amendatory changes to the Code of Civil Procedure; (3) in the amendatory changes to the Court of Claims Act, deletes provisions that a court of competent jurisdiction must enter a declaratory judgment finding that the accused was innocent of all offenses for which he or she was incarcerated; (4) amends the Code of Civil Procedure to establish procedures and qualifications for the issuance of a certificate of innocence by the Circuit Court which would entitle the person to an award under the Court of Claims Act; and (5) provides that in any hearing seeking a certificate of innocence, the court may take judicial notice of prior sworn testimony or evidence admitted in the criminal proceedings related to the convictions which resulted in the alleged wrongful incarceration, if the petitioner was either represented by counsel at such prior proceedings or the right to counsel was knowingly waived. Effective immediately.

SENATE COMMITTEE AMENDMENT NO. 1

Deletes reference to:

Adds reference to:

20 ILCS 1015/2

Deletes the amendatory changes to the Department of Commerce and Economic Opportunity Law. Adds similar changes to the Public Employment Office Act. Deletes provisions that the prisoner must have been wrongfully accused of a crime for which he or she was imprisoned. Provides for the transmission of a copy of the certificate of innocence or information of the granting of a pardon to the Court of Claims.

FISCAL NOTE (Dept. of Employment Security)

Having no current or recent experience administering training or continuing education programs, IDES defers to the previous estimates offered by DCEO: they assumed 10-20 cases per year at an estimated annual cost of between \$631,200 to \$1,262,400 annually. Other cost categories of potential significance that are not included in the DCEO estimate but would need to be considered if IDES would be administering the program are the start-up costs for any new equipment and systems and the ongoing annual postage costs for the program. Specific cost estimates for those components are difficult to estimate without a more specific program structure. IDES administers the Unemployment Insurance, Employment Service, Labor Market Information and related programs where the administrative funds are from categorical Federal administrative grants which cannot be used for any other purpose. These proposed activities under HB 230 would have to be State funded and for the most part administered separately and distinctly from IDES administration of its current federal programs.

SENATE FLOOR AMENDMENT NO. 2

Replaces the amendatory changes to the Public Employment Office Act. Amends the Public Employment Office Act. Provides that each local office of the Department of Employment Security shall provide each person who has been discharged from a prison of this State if the person received a pardon from the Governor stating that such pardon is issued on the ground of innocence of the crime for which he or she was imprisoned or he or she has received a certificate of innocence from the Circuit Court with job search and placement services, including assessment, resume assistance, interview preparation, occupational and labor market information, referral to employers with job openings to which the person is suited and referral to such job training and education program providers as may be appropriate and available through the partnering agencies with which the local office is affiliated.

110 ILCS 660/5-25

Amends the Chicago State University Law. Provides that meetings of the Board of Trustees must be held at least once each month instead of once each quarter. Effective immediately.

FISCAL NOTE (Illinois Board of Higher Education)

The University incurs direct and indirect costs with each board meeting. According to the University, direct costs per meeting average \$1,005. These costs include postage, printing, commodities, and catering. Increasing the number of meetings from four to twelve would increase annual direct costs from approximately \$4,020 to approximately \$12,060. In addition to the fixed direct costs, the University incurs indirect costs when preparing for Board meetings. These include time expended in solicitation and preparation of inputs, reports, and documents by Deans, Directors, Vice Presidents, and the President, as well as their respective staffs. Increasing the number of board meetings from four to twelve would increase the workload of affected employees by an indeterminate number of hours and could result in additional personal services costs.

220 ILCS 5/17-800 new

Amends the Public Utilities Act. Authorizes municipalities and counties to aggregate customers for the purchase of electricity. Provides for approval of aggregation by the voters. Requires the Illinois Commerce Commission to review aggregation plans.

HOUSE COMMITTEE AMENDMENT NO. 1

Replaces everything after the enacting clause with the introduced bill, with the following changes. Provides that the corporate authorities of a municipality or county board of a county may adopt an ordinance, under which it may aggregate residential retail electrical loads located, respectively, within the municipality or county and, for that purpose, may solicit bids and enter into service agreements to facilitate for those loads the sale and purchase of electricity and related services and equipment. Removes a provision that requires that an aggregation ordinance specify whether the aggregation will occur automatically for persons pursuant to an opt-out provision. Provides that nothing in the amendatory provisions authorizes the aggregation of electric loads that are served or authorized to be served by an electric cooperative as defined by and pursuant to the Electric Supplier Act or loads served by a municipality that owns and operates its own electric distribution system (instead of the aggregation of retail electric loads of an electric load center that is located in the certified territory of a nonprofit electric supplier or an electric load center served by distribution facilities of a municipal electric utility). Removes a provision that provides that if an aggregation ordinance specifies that aggregation shall occur automatically, the corporate authorities or county board shall certify the question of the authority to aggregate in accordance with the Election Code. Removes a provision concerning the prohibition of certain actions by the corporate authority or county board with respect to automatic aggregation. Provides that any established load aggregation plan shall provide for universal access to all applicable residential customers and equitable treatment of applicable

residential customers. Removes a provision that requires that the plan include the terms and conditions under which retail customers who have chosen to opt out of the aggregated service may take service from the aggregated entity. Removes the requirement that it shall be the duty of the aggregated entity to fully inform retail customers in advance that they are to be automatically enrolled and that they have the right to opt out of the aggregated entity without penalty; however, adds a provision that the duty is to fully inform retail residential customers that they have the right to opt into the aggregation program. Removes provisions that require that the Illinois Commerce Commission adopt rules concerning the program.

Removes provisions that require that the Illinois Commerce Commission adopt rules concerning the program. Provides that there is not a prohibition against municipalities or counties from entering into an intergovernmental agreement to aggregate residential retail electric load.

20 ILCS 715/20

Amends the Corporate Accountability for Tax Expenditures Act. Requires the Department of Commerce and Economic Opportunity to promptly identify, on its Internet website, all recipients of economic development aid who are required to repay moneys under the recapture provisions of the Act and to set forth the reasons for the recapture. Effective immediately.

FISCAL NOTE (Dept. of Commerce & Economic Opportunity)

This legislation requires the Department to identify recipients of economic development aid that are required to repay money and the reasons for the recapture on the Department's website. The Department already has developed a website that provides other information related to these recipients. Identifying the small number of recapture grants along with their reasons for recapture on the website could be done within existing resources. This legislation does not have any significant fiscal impact on the Department.

Contains provisions similar to those in the federal Family and Medical Leave Act of 1993, except that it applies to a son-in-law, daughter-in-law, father-in-law, or mother-in-law who has a serious health condition, and some of the provisions of the federal law pertaining to federal employees and federal matters have been deleted or changed. Effective 6 months after becoming law.

FISCAL NOTE (Dept. of Labor)

The fiscal impact is as follows: Personal Services (1 Supervisor, 4 Inspectors, 1 Office Support) = \$330,000; Fringe = \$63,195; Contractual Services (costs for training, postage and facilities charges) = \$57,000; Travel = \$12,000; Commodities = \$3,000; Printing (Outreach materials to ensure employers and employees understand the new law) = \$20,000; Equipment = \$10,000; Electronic Data Processing = \$3,000; Telecommunications = \$3,300; Total = \$501,495. New Act
210 ILCS 85/6.08 from Ch. 111 1/2, par. 147.08

Creates the MRSA Screening and Reporting Act and amends the Hospital Licensing Act. Requires every hospital to establish a methicillin-resistant Staphylococcus aureus (MRSA) control program, and sets forth items that must be included in such a program. Provides that for all hospital patients who are identified with nosocomial S. aureus bloodstream infection or asymptomatic colonization due to MRSA, the Department of Public Health shall require the annual reporting of such cases as a communicable disease or condition. Requires the Department to compile aggregate data from all hospitals for all such patients and to make such data available on its website and in all reports on health statistics and reportable communicable disease cases in Illinois. In provisions of the Hospital Licensing Act concerning the reporting of communicable reportable diseases and conditions, provides that after the effective date of this amendatory Act, such reportable diseases and conditions shall include nosocomial Staphylococcus aureus bloodstream infections and asymptomatic colonization due to MRSA.

Adds reference to:

5 ILCS 80/4.21

Replaces everything after the enacting clause. Inserts provisions similar to those of House Bill 378, creating the MRSA Screening and Reporting Act and amending the Hospital Licensing Act, but with changes that include the following: (1) deletes definitions of "MRSA" and "MSSA"; (2) deletes a requirement that a hospital's MRSA control program require identification of nosocomial *S. aureus* bloodstream infection; (3) adds to the MRSA Screening and Reporting Act a requirement that the Department of Public Health establish by regulation a list of those communicable diseases and conditions for which annual reporting of specific data shall be required, and provides that after October 1, 2007, such reportable diseases and conditions shall include the total number of infections due to MRSA; (4) amends the Regulatory Sunset Act to provide that the MRSA Screening and Reporting Act is repealed on January 1, 2011; and (5) replaces the provisions amending the Hospital Licensing Act with provisions that are the same as those added to the MRSA Screening and Reporting Act concerning reports to the Department after October 1, 2007, and makes these provisions inoperative after December 31, 2010. Effective immediately.

HOUSE FLOOR AMENDMENT NO. 3

Deletes reference to:

210 ILCS 85/6.08

Amends the MRSA Screening and Reporting Act. Provides that a hospital's MRSA control program must require monitoring and strict enforcement of hand hygiene requirements (instead of strict adherence to hand washing and hygiene guidelines). Deletes the provisions requiring hospitals to report certain information to the Department of Public Health; provides that after October 1, 2007, the Department shall compile aggregate data for all hospitals on the total number of infections due to methicillin-resistant *Staphylococcus aureus* (MRSA) that (1) are present on admission to a hospital and (2) occurred during the hospital stay, reported separately, as compiled from diagnostic codes contained in the Hospital Discharge Dataset provided to the Department. Provides that this reporting requirement shall apply only for patients in all intensive care units and other at-risk patients identified by hospitals for active surveillance testing for MRSA. Requires that the Department make such data available on its web site, in an annual report, and on the Hospital Report Card. Deletes the provisions amending the Hospital Licensing Act.

Amends the State Employees Group Insurance Act of 1971, the Counties Code, the Illinois Municipal Code, the School Code, the Illinois Insurance Code, the Health Maintenance Organization Act, and the Voluntary Health Services Plans Act. Provides that an individual or group policy of accident and health insurance or managed care plan must provide coverage for intravenous feeding, prescription nutritional supplements, and physician prescribed or ordered pain medication. Amends the State Mandates Act to require implementation without reimbursement by the State.

FISCAL NOTE (Financial & Professional Regulation)

There is no anticipated fiscal impact to the Department resulting from this legislation. However, this legislation may subject other State agencies to additional fiscal responsibilities.

FISCAL NOTE, HOUSE FLOOR AMENDMENT NO. 1 (Dept. of Healthcare & Family Services)

The amendment removes any significant cost issues for the State benefit plans. The plans already cover most prescription IV feeding and supplement products, so any additional products and services covered are likely to be minimal. Removing the "any pain medication" requirement negates the anticipated increases in drug costs.

New Act

Creates the Menu Education and Labeling Act of 2007. Requires restaurants and similar retail food establishments to post a sign informing their customers that certain foods on their menus may be high in calories, grams of saturated fat plus trans fat, and milligrams of sodium per serving, which has been known to cause diabetes, heart disease, and high blood pressure.

HOUSE COMMITTEE AMENDMENT NO. 1

Replaces everything after the enacting clause. Creates the Menu Education and Labeling Act. Provides that a restaurant or similar retail food establishment must provide certain nutritional information for all standard menu items listed on the menu as prepared and offered for sale. Provides that restaurants and similar retail food establishments that use a standard menu shall provide such information next to each item on the menu in a size and typeface similar to other information about each menu item. Provides that if the restaurant or similar retail food establishment uses only a menu board, it may limit the nutritional information listed on the menu board to the total number of calories per serving per item in a size and typeface similar to other information about the item, provided that the additional nutritional information be made available to customers in writing upon request. Provides that if a restaurant or similar retail food establishment provides a salad bar, buffet line, cafeteria service, or similar self-serve arrangement, it may limit the nutritional information provided for items offered in such arrangement to the total number of calories per standard serving per item next to where the item is offered in a size and typeface that is prominent and legible from where customers are choosing those items, provided that the additional nutritional information about the item must be made available to customers in writing upon request. Provides that a restaurant or similar retail food establishment is exempt from the requirements of the Act if it has fewer than 10 locations nationally, doing business under the same trade name, regardless of the type of ownership of the individual locations, and offering predominantly the same types of meals, foods, or menu. Contains other provisions concerning the display of nutritional information. Provides that the Department of Public Health shall issue proposed rules to implement the Act within 12 months after the effective date of the Act. Provides that the Director of Public Health or his or her duly authorized agents or employees who inspect restaurants and other food establishments must determine that the nutritional information required under the Act is listed on the menu or menu board and that any additional required information is available for customers upon request.

Provides that if the author is unavailable, the documents are admissible without such testimony. Provides that the court shall determine the proper weight accorded to the documents. Provides that when the court has denied a petition to reinstate parentage, the court shall not consider any subsequent petition to reinstate parentage unless the court first finds by clear and convincing evidence that there has been a substantial change in circumstances following the denial of the earlier petition and that the change in circumstances warrants consideration of the subsequent petition. 305 ILCS 5/5-5.25 new

Amends the Illinois Public Aid Code. Provides that under the Medicaid program, the Department of Healthcare and Family Services shall reimburse psychiatrists for mental health services they provide, as authorized by Illinois law, to recipients via telepsychiatry. Requires the Department to adopt rules establishing a method to reimburse providers for mental health services provided by telepsychiatry. Provides that the reimbursement methodology for mental health services provided by telemedicine shall be comparable to the reimbursement methodology used by the Department for other services provided by telemedicine. Effective immediately.

FISCAL NOTE (Dept. of Healthcare & Family Services)

The current HFS telemedicine program does not cover mental health services. If mental health services are expanded into the telemedicine program, access to mental health services are expected to increase significantly. With increased access comes increased utilization, equating to increased cost. If current services with a diagnosis code of mental health increases by just 5%, cost is estimated at \$8 million annually. Although there are potential savings, any assumptions are speculative and caution should be used when defining any. Federal match is available for telemedicine services. However, the scope of services in this bill is broader than current Federal regulations allow. FFP cannot be guaranteed at this time.

Amends the Wireless Emergency Telephone Safety Act. Provides for and enforces the collection of surcharge fees of wireless telephone service subscribers for the establishment and implementation of a cohesive statewide emergency telephone number for wireless telephone users. Establishes a penalty for wireless carriers who fail to provide zip code information of customers. Requires wireless carriers to remit the surcharge for all subscribers if a method of surcharge collection from subscribers is not implemented. Provides that the Commission may impose penalties on wireless carriers who do not remit the surcharge before midnight on the last day of the third calendar month after the closing date of the remit period. Provides that the Illinois Commerce Commission may collect delinquent amounts from wireless carriers by legal action or other methods permitted under State law. Provides that the Executive Director, or his or her designee, may excuse penalties determined to be unjust. Provides a manner by which wireless carriers may recover costs from the Wireless Carrier Reimbursement Fund. Requires the Illinois Commerce Commission to annually review the balance in the Wireless Carrier Reimbursement Fund. Requires the Comptroller to transfer certain excess amounts into the Wireless Services Emergency Fund. Provides a manner by which funds transferred into the Wireless Services Emergency Fund are to be distributed. Effective immediately.

HOUSE COMMITTEE AMENDMENT NO. 1

Adds language that provides that a remit period does not include a wireless carrier that provides zip code information based upon the addresses associated with its customers' points of purchase, customers' billing addresses, or locations associated with mobile telephone numbers. Adds language that provides that any prepaid wireless carrier that fails to provide zip code information based upon the addresses associated with its customers' points of purchase, customers' billing addresses, or locations associated with mobile telephone numbers shall be subject to penalties. Changes the repeal date of the Wireless Emergency Telephone Safety Act to April 1, 2013.

FISCAL NOTE, HOUSE COMMITTEE AMENDMENT NO. 1 (Illinois Commerce Commission)

Commission resources would be impacted by the computer system programming changes necessary to incorporate the penalties and transfer of unused funds. This expense is estimated at a total of \$80,000. The penalty provision of this bill would increase revenues to the State by an estimated \$60,000 per year and the clarification to include all wireless carriers regardless of ability to bill subscribers would increase revenues by approximately \$1.2 million per year. The proposal to extend the sunset protects the State from losing an estimated \$67 million per year in wireless surcharges, of which an estimated \$45 million will be distributed to 9-1-1 centers throughout the State excluding the City of Chicago.

Amends the School Code with regard to the Chicago school district. Provides that teacher seniority shall be based on employment within the school district, not employment at a particular attendance center. Amends the State Mandates Act to require implementation without reimbursement.

FISCAL NOTE (State Board of Education)

HB 465 has no fiscal impact on the State Board of Education.

STATE MANDATES FISCAL NOTE (State Board of Education)

HB 465 contradicts current language in the School Code that allows Chicago Public School principals to make decisions on personnel based on merit. If the language in HB 465 overrides this current language, Chicago Public Schools would be mandated to make personnel decisions based on seniority rather than merit.

SENATE COMMITTEE AMENDMENT NO. 2

Deletes everything after the enacting clause. Reinserts the engrossed bill with the following changes. In a provision in the Illinois Banking Act, changes the definition of an "affiliate" to include (i) any company that controls the bank; (ii) any company that is controlled by the company that controls the State bank; and (iii) any company controlled directly or indirectly, by trust or otherwise, by or for the benefit of shareholders who beneficially or otherwise control, directly or indirectly, by trust or otherwise, the bank or any company that controls the bank. Adds a definition for "control" to describe ownership or control by a company. In the Illinois Banking Act and the Savings Bank Act, adds an exemption for provisions concerning the prohibition of establishing an affiliate of a bank or savings bank. Provides that neither a bank nor a savings bank that was not chartered and accepting consumer deposits in the State prior to May 1, 2007 may acquire the right or authority to establish a bank office or savings bank office or branch on or adjacent to the premises of an affiliate of that bank or savings bank by acquiring through purchase, change in control, merger, or any other means the charter, bank office, savings bank office, branch of another bank, or branch of another savings bank. Provides that if a federal agency with authority to approve or disapprove an application for the establishment of a branch in the State or a court of competent jurisdiction determines that any provision is inconsistent with the provisions of the federal Riegle-Neal Interstate Banking and Branching Efficiency Act of 1994 and would have the effect of nullifying the laws of the State that permit interstate branching on a reciprocal basis, the provision shall be deemed to be null and void without further review or action being necessary. Effective immediately.

Provides that the provisions shall not be construed to prohibit the maintenance of a branch that was established prior to May 10, 2007, or the conduct of any transactions that were lawfully being conducted at the branch prior to May 10, 2007. Provides that specified officials may make and enforce reasonable rules, regulations, directions, orders, decisions, and findings as the execution and enforcement of the provisions. FISCAL NOTE, SENATE FLOOR AMENDMENT NO. 6 (Dept. of Revenue)

HB 556 (S-AM 6) would increase Cigarette Tax and Cigarette Use Tax revenues, but the amount of the increase depends upon how many counties impose a county Cigarette Tax. If no counties impose a county cigarette tax, State Cigarette Tax and Cigarette Use Tax revenues would increase by approximately \$410 million per year. If Lake, McHenry, Kane, DuPage, and Will Counties all impose a county cigarette tax, State Cigarette Tax and Cigarette Use Tax revenues would increase by approximately \$220 million per year.

40 ILCS 5/15-167 from Ch. 108 1/2, par. 15-167

Amends the Illinois Pension Code. Provides that it is the public policy of the State of Illinois to encourage the pension funds, and any State agency investing funds on behalf of pension funds, to promote the economy of Illinois through the use of economic opportunity investments while managing their assets to the greatest extent feasible within the bounds of financial and fiduciary prudence. Provides that each pension fund, except pension funds created under the Downstate Police and Firefighters Articles of the Code, shall submit a report to the Governor and the General Assembly by September 1 of each year that identifies the economic opportunity investments made by the fund, the primary location of the business or project, the percentage of the fund's assets in economic opportunity investments, and the actions that the fund has undertaken to increase the use of economic opportunity investments, including encouraging other investment managers to make economic opportunity investments through subcontractors. Requires certain pension funds, and any State agency investing funds on behalf of those pension funds, to make all reasonable efforts to invest a minimum of 5% of pension fund assets in economic opportunity investments. Effective immediately.

PENSION NOTE (Government Forecasting & Accountability)

The fiscal impact of HB 562 cannot be calculated, as it is unknown at this time which investment vehicles each pension fund would select. It is unknown whether the economic opportunity investments as enumerated in the bill would provide a rate of return that would meet or exceed each pension fund's actuarially determined rate of return on investments.

HOUSE FLOOR AMENDMENT NO. 1

Replaces everything after the enacting clause with the introduced bill with the following changes. Makes changes in the definitions of "Economic opportunity investment" and "Illinois-based project" and defines "Illinois business" to mean a business that is headquartered in Illinois. Removes language providing a minimum percentage of pension fund assets for investment in economic opportunity investments. Provides that the annual report to the Governor and General Assembly shall begin in 2009. Makes other changes. Effective immediately.

Directs the retirement system to review and report on significant changes in purchasing power. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Government Forecasting & Accountability)

An analysis prepared by the Fund's actuary estimates that HB 602 would increase the accrued liabilities by \$18.9 million. The annual amount required to pay off the increase over 40 years as a level percent of payroll is estimated to be \$932,000, or 0.05% of payroll. The annual cost would grow at the same rate as payroll. As HB 602 only affects current retirees, it would not increase the annual normal cost of the Fund.

- 30 ILCS 805/8.31 new

Amends the Chicago Teacher Article of the Illinois Pension Code to increase the minimum total survivor's pension to 50% of the earned retirement pension for survivors of members who died before January 1, 1987. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

PENSION NOTE (Government Forecasting & Accountability)

According to the Fund's actuary, a fiscal impact cannot be determined due to a lack of information regarding the amount of pensions for members who died prior to January 1, 1987. However, there are relatively few survivors in this category, so the costs involved are expected to be minimal.

30 ILCS 105/6z-43
 305 ILCS 5/5-25 new

Amends the State Finance Act and the Medicaid Article of the Illinois Public Aid Code. Provides for a minimum monthly personal needs allowance for institutionalized persons who are eligible for Medicaid. Provides that the State shall pay an amount in addition to the minimum monthly personal needs allowance authorized under the Social Security Act, so that the person's total monthly personal needs allowance from both State and federal sources equals \$50. Provides that the additional amount is to be paid from amounts appropriated for that purpose from the Tobacco Settlement Recovery Fund. Effective immediately.

FISCAL NOTE (Dept. of Human Services)

The current monthly needs allowance is \$30 a month. The increase to \$50 a month would increase State cost by \$2.3 million annually.

FISCAL NOTE (Dept. of Healthcare & Family Services)

Implementation of HB 618 would raise the monthly personal needs allowance by \$20 per month. Based on an estimated 45,300 residents, the annual cost to HFS is \$10.9 million. This bill would also require an additional appropriation line and funding for Long term Care in the Tobacco Settlement Fund in order to pay for this increase.

HB-0633 HOLBROOK-REITZ-HOFFMAN-BEISER-VERSCHOORE AND LYONS.

- 730 ILCS 125/17 from Ch. 75, par. 117

Amends the County Jail Act. Provides that if a person confined in a county jail is in need of medical services and is determined eligible for medical assistance under the Illinois Public Aid Code at the time the person is detained (rather than has already been determined eligible

for medical assistance under the Illinois Public Aid Code at the time the person is initially detained pending trial), the cost of such services, to the extent such cost exceeds \$500, shall be reimbursed by the Department of Healthcare and Family Services under that Code. Provides that an arresting authority shall be responsible for any incurred medical expenses relating to the arrestee until such time as the arrestee is placed in the custody of the sheriff unless the arrestee is eligible for medical assistance under the Illinois Public Aid Code or reimbursement under an authorized public or private program.

HOUSE COMMITTEE AMENDMENT NO. 1

Deletes everything after the enacting clause. Reinserts the provisions of the bill. Further amends the County Jail Act. Provides that "medical expenses" include medical and hospital services but do not include expenses incurred for medical care or treatment provided to a person on account of a self-inflicted injury incurred prior to or in the course of an arrest. Provides that when medical services are required by any person held in custody, the county, private hospital, physician, or any public agency which provides such services shall be entitled to obtain reimbursement from the county. Eliminates the ability of such entities to obtain reimbursement from the Arrestee's Medical Costs Fund. Changes the name of the Arrestee's Medical Costs Fund to the County Jail Medical Costs Fund. Provides that in such cases, the county shall be entitled to obtain reimbursement from the County Jail Medical Costs Fund to the extent moneys are available from the Fund. Provides that moneys in the Fund shall be used solely for reimbursement to the county of costs for medical expenses and administration of the Fund. Adds an immediate effective date.

Changes the definition of "mandatory transition period" to include the period from the effective date through the date on which the Illinois Commerce Commission has approved declarations of competitive service for all classes of service offered in the service areas of all electric utilities that, on December 31, 2005, served at least 100,000 customers. Requires the Commission to order certain utilities to file and implement tariffs to reinstate all 2006 rates within 10 days after the effective date. Deletes a provision requiring a person, unit of state or local government, or school district operating a physical fitness facility to adopt a medical emergency plan, to have an Automated External Defibrillator (AED) at the facility, and maintain the AED in accordance with certain standards in order to avoid civil liability. 720 ILCS 5/24-9

Amends the Criminal Code of 1961. Provides that it is unlawful for any person to store or leave, within premises under his or her control, a firearm if the person knows or has reason to believe that a minor under the age of 18 (rather than 14) years who does not have a Firearm Owners Identification Card or who is not serving in the military is likely to gain access to the firearm without the lawful permission of the minor's parent, guardian, or person having charge of the minor unless the firearm is secured. Eliminates the provision that the person who stores or leaves the firearm is criminally liable only if the minor causes death or great bodily harm with the firearm. Provides that if the minor causes death or great bodily harm with the unlawfully stored firearm, the penalty is a Class A misdemeanor (rather than a Class C misdemeanor). Eliminates the provision that the firearm may be placed in some location that a reasonable person would believe would be secure from a minor.

New Act

Creates the Contractor Prompt Payment Act. Provides that all construction contracts, unless expressly excluded, shall be deemed to provide: (i) if a contractor has performed in accordance with the provisions of a construction contract and the billing has been approved by the owner or the owner's agent, the owner shall pay the amount due to the contractor pursuant to the billing not more than 10 calendar days after the approval; and (ii) if a subcontractor has performed in accordance with the provisions of his or her contract with the contractor or subcontractor and the work has been accepted by the owner, the owner's agent, or the contractor, the contractor shall pay to his or her subcontractor and the subcontractor shall pay to his or her subcontractor, within 10 calendar days of the contractor's receipt from the owner or the subcontractor's receipt from the contractor of each periodic payment, final payment, or receipt of retainage monies, the full amount received for the work of the subcontractor based on the work completed or the services rendered under the construction contract. Provides for interest and suspension of performance for nonpayment of any amount required under the Act. Effective immediately.

HOUSE COMMITTEE AMENDMENT NO. 1

Changes specified time periods for payments from 10 calendar days to 15 calendar days.

SENATE COMMITTEE AMENDMENT NO. 1

Deletes, from provisions stating that all construction contracts shall be deemed to include specified payment requirements, an exception for contracts that "expressly exclude the provisions of this Act".

SENATE FLOOR AMENDMENT NO. 4

Changes the defined term "billing" to "payment application" and changes the definition. Excludes, from the definition of "construction contract", contracts for the design, construction, alteration, improvement, or repair of multiple family residences with 12 or fewer units in a single building. Provides that instructions or notification from an owner to his or her lender or architect to process or pay a payment application does not constitute approval of the payment application. Provides that if a payment is not made in a timely manner, the delinquent party is liable for the payment plus interest (rather than the amount of money owed under the construction contract plus interest). Provides that the interest imposed by the Act shall not be duplicative of the interest charged under the Mechanics Lien Act. Makes other changes.

HB-0796 GRAHAM-YARBROUGH-COULSON, DAVIS, WILLIAM, HARRIS, HERNANDEZ, FORD, COLVIN, OSTERMAN AND RYG.

New Act

Creates the Handgun Dealer Licensing Act. Provides for the regulation of handgun dealers through licensure by the Department of State Police. Provides that no person may sell or otherwise transfer, expose for sale or transfer, or have in his or her possession with the intent to sell or transfer any concealable firearm without being licensed under the Act. Provides, however, that the prohibition does not apply to a person who makes occasional sales, exchanges, or purchases of concealable firearms for the enhancement of a personal collection or as a hobby, or who sells all or part of his or her personal collection of firearms. Sets forth provisions concerning application, fees, duration of licensure, license retention requirements, submissions to the Department, penalties, revocation, and suspension. Grants rulemaking authority to the Department and provides that for the purpose of determining compliance with the Act, the Act may be enforced by any municipality in which a licensee is located or, if a licensee is not located in a municipality, by the county in which a licensee is located.

FISCAL NOTE (Illinois State Police)

If HB 796 were to become law, the fiscal impact to the Illinois State Police would be approximately \$1 million. A system would need to be developed to track handgun firearm licenses, and a separate system developed to register handgun firearms. Staff would need to be identified to manage, administer and enforce both programs. The costs of this would be offset by some degree by the \$300 fee attached to each application for license; however, system development costs could be as high as \$650,000. A staff increase of six at a cost of approximately \$300,000 would be needed to handle license eligibility, document review, inspection and enforcement issues, and firearm registration. The program would require at least two automobiles for licensee inspectors to use. Computer hardware would cost approximately \$25,000.

HOUSE FLOOR AMENDMENT NO. 1

Provides that neither the Governor nor any agency or agency head under the jurisdiction of the Governor has any rulemaking authority under the Act, but that the Governor may suggest rules by filing them with the General Assembly and requesting that the General Assembly authorize such rulemaking by law, enact the suggested rules into law, or take other appropriate action in the General Assembly's discretion. Makes related changes.

Sets forth requirements that cancer drugs or supplies must meet in order to be accepted and dispensed under the program. Provides that no drugs or supplies donated under the cancer drug repository program may be resold. Provides that nothing in the Act requires that a medical facility, pharmacy, pharmacist, or practitioner participate in the cancer drug repository program. Provides for civil and criminal immunity for drug and supply manufacturers and individuals in relation to the donation, acceptance, or dispensing of cancer drugs or supplies under the cancer drug repository program. Requires the Department to adopt certain rules to implement the cancer drug repository program. Amends the Pharmacy Practice Act of 1987, the Wholesale Drug Distribution Licensing Act, the Senior Pharmaceutical Assistance Act, the Illinois Food, Drug and Cosmetic Act, the Illinois Controlled Substances Act, and the Cannabis and Controlled Substances Tort Claims Act to provide that persons engaged in donating or accepting, or packaging, repackaging, or labeling, prescription drugs to the extent permitted or required under the Cancer Drug Repository Program Act are exempt from provisions of those other Acts that might prohibit or otherwise regulate such activity.

220 ILCS 5/9-247 new

Amends the Public Utilities Act. Provides that an electric utility shall file with the Illinois Commerce Commission, subject to approval by the Commission, plans to develop short-term and long-term fixed price purchases, spot acquisitions, and the use of financial hedges, and to provide power justly and prudently priced, as determined by the Commission's rate setting process, from an affiliate of the electric utility that owns electric generating units or stations. Provides that an electric utility shall use the plans to develop and submit to the Commission a diversified power procurement pricing strategy that considers the level of competitive options for each customer class. Effective immediately.

HOUSE COMMITTEE AMENDMENT NO. 1

Replaces everything after the enacting clause. Amends the Public Utilities Act. Provides that an electric utility shall, prior to filing a tariff for the approval of electric rates pursuant to an auction, issue requests for proposals seeking bids using specified guidelines. Provides that the Illinois Commerce Commission shall approve rates for electricity that are part of the diversified power procurement pricing strategy and that provide the lowest possible cost to consumers for each consumer class. Effective immediately.

FISCAL NOTE, HOUSE COMMITTEE AMENDMENT NO. 1 (Illinois Commerce Commission)

Current Commission resources are not adequate to sufficiently meet the obligations this bill imposes. This bill requires resources other than the economists ICC currently use to evaluate the typical utility procurement process. ICC would need to hire 2 highly qualified electrical engineers since generation production cost analysis would be required. ICC does not have enough electrical engineers to do this work in addition to the other work they do now, so these engineers would be additional headcount at an estimated cost to the agency per fiscal year of \$232,070.

105 ILCS 5/14-6.10 new

Amends the Children with Disabilities Article of the School Code. Provides that when a child who is eligible for special education reaches the majority age of 18 years, rights accorded to the child's parents transfer to the child. Provides that rights shall not transfer from the parents to the child if the child has been determined to be incompetent under State law or the child has not been determined to be incompetent, but does not have the ability to provide informed consent with respect to the child's educational program. Requires the State Board of Education to adopt rules establishing criteria for school districts to determine if a child lacks the ability to provide informed consent and uniform procedures for allowing the parents of the child, another adult caregiver, or another responsible adult to exercise rights on behalf of the child. Effective immediately.

HOUSE COMMITTEE AMENDMENT NO. 1

Deletes everything after the enacting clause. Reinserts the contents of the bill as introduced with the following changes. Changes references from "child" to "student" and "educational program" to "individualized education program". Provides that the school district must notify the student and the student's parents of the transfer of rights in writing at a meeting convened to review the student's individualized education program during the school year in which the student turns 17 years of age. Requires the district to also explain to the student and the student's parents the significance of the transfer of parental rights at the majority age of 18. Provides that at that time, the district must provide the student with a copy of the Delegation of Rights form. Provides that rights shall not transfer from the parents to the student if the student has been adjudged (instead of determined to be) incompetent under State law or the student has not been adjudged (instead of determined to be) incompetent, but the student has executed a Delegation of Rights to make educational decisions for the purpose of appointing the student's parent or other adult to represent the educational interests of the student (instead of but the student does not have the ability to provide informed consent with respect to the child's educational program). Allows a student to terminate the Delegation of Rights at any time and assume the right to make decisions regarding his or her education. Sets forth requirements for the Delegation of Rights, including the form. Deletes the provision requiring the State Board of Education to adopt rules establishing criteria for school districts to determine if a child lacks the ability to provide informed consent and uniform procedures for allowing the parents of the child, another adult caregiver, or another responsible adult to exercise rights on behalf of the child. Removes the immediate effective date.

SENATE COMMITTEE AMENDMENT NO. 1

with the following changes. Removes a provision that requires the school district to explain to the student and the student's parents the significance of the transfer of parental rights. Requires the school district to mail the notice of the transfer of rights and a copy of the Delegation of Rights form to the student and to the student's parents if they do not attend the meeting to review the student's individualized education program. Provides that the Declaration of Rights shall include a declaration that the student will notify the school district immediately if the student terminates the Delegation of Rights; makes a related change. New Act

- 65 ILCS 5/11-54.1-3 from Ch. 24, par. 11-54.1-3
- 430 ILCS 85/2-6 from Ch. 111 1/2, par. 4056

Creates the Carnival Worker Registration Act. Requires carnival workers who work during those hours in which the carnival is open to the public to obtain a Carnival Worker Identification Card from the Department of Labor. Sets forth rules and procedures for obtaining an identification card. Provides that an application for an identification card shall be denied if the applicant (i) has ever been convicted of any sex offense, (ii) is a registered sex offender, or (iii) has ever been convicted of any homicide offense. Contains other carnival worker requirements. Provides that a carnival owner, upon the request of the fair board or the municipality or county within which the carnival is to be set up, run, operated, or conducted, must provide copies of all Carnival Worker Identification Cards for carnival employees who will work at the site. Amends the Illinois Municipal Code to make a corresponding change. Amends the Carnival and Amusement Rides Safety Act. Requires the Department, in conjunction with the Carnival-Amusement Safety Board, to establish training standards for carnival employees responsible for the operation of amusement rides or amusement attractions regulated under the Act. Effective immediately.

FISCAL NOTE (Dept. of Labor)

The fiscal impact is as follows: Personal Services (1 Manager, 2 Attorneys, 5 Inspectors, 5 Office Support) = \$730,000; Fringe = \$139,795; Contractual Services (costs for training, postage and facilities charges) = \$106,000; Travel = \$15,000; Commodities = \$6,500; Printing = \$20,000; Equipment (Includes new computer and systems to prepare and track carnival worker registrations and IDs) = \$207,000; Electronic Data Processing = \$81,500; Telecommunications = \$7,150; Total = \$1,312,945. Total fiscal impact includes \$346,000 in one time costs to implement. Department of Labor's responsibility under Section 2-6 of the Carnival and Amusement Rides Safety Act will be to ensure that each carnival owner provides training approved by the American Society for Testing Materials concerning the function, procedures, and safety requirements of every amusement ride and amusement attraction that he or she operates. The Department of Labor assumes the Illinois State Police will be responsible for costs related to fingerprinting and background checks. The Department of Labor assumes that there are between 15,000 and 30,000 workers that would need to be registered annually. The Department of Labor registered 332 carnivals (196 mobile units and 136 fixed sites) with on average 50 to 100 workers in calendar year 2006. Additionally, the Department issued permits for 2170 rides in calendar year 2006.

HOUSE FLOOR AMENDMENT NO. 1

Deletes everything after the enacting clause. Reinserts the provisions of the bill as introduced with the following changes. In the Carnival Worker Registration Act, provides that beginning January 1, 2008 (instead of July 1, 2008), every carnival worker must apply for a Carnival Worker Identification Card. Provides that the Department of Labor shall adopt rules necessary to administer and enforce the Act and these rules, at a minimum, shall establish a process for appeal of any application denial (instead of requiring the Department to establish a process for appeal and administrative review of any application denial). Allows the Department of Labor (instead of just the carnival owner) to request criminal history records checks and provides that no fee may be charged to the Department of Labor by the Department of State Police for requesting the check, provided that the request was for the administration and enforcement of the Act. Requires the Department of State Police to provide the Department of Labor, upon request and without cost, with any and all of the required information related to the prohibited convictions of an applicant. Requires a carnival worker to have submitted to

and successfully passed a drug test administered by an entity approved by the Department of State Police (instead of the Department of Labor). Requires the Department of Labor to administer and enforce the provisions of the Act with the cooperation of the Department of State Police, the Attorney General, and all local law enforcement agencies. In the Carnival and Amusement Rides Safety Act, provides that definitions, rules, and regulations adopted under the Act must concern training standards for operators (instead of requiring the Department of Labor in conjunction with the Carnival-Amusement Safety Board, to establish training standards for carnival employees responsible for the operation of amusement rides or amusement attractions that consist of a minimum of 10 hours of training for each amusement ride or amusement attraction that a carnival employee is responsible for operating). Effective immediately.

HOUSE FLOOR AMENDMENT NO. 3

Provides that results of the fingerprint-based criminal history records check conducted against the fingerprint records filed in the Department of State Police criminal history records databases shall be furnished to the carnival owner or the Department of Labor, whichever requested the check, but that the results of checks conducted against the fingerprint records filed in the Federal Bureau of Investigation criminal history records databases may be furnished only to the Department of Labor.

10 ILCS 5/9-7.10 new

Adds reference to:

10 ILCS 5/9-35 new

30 ILCS 500/20-160 new

Deletes everything after the enacting clause. Amends the Election Code and Illinois Procurement Code. Prohibits campaign contributions from business entities with annual aggregate State contracts or pending State contract bids of more than \$50,000, or from the affiliated entities and affiliated persons of such business entities, to any political committees established to promote the candidacy of (i) the executive branch constitutional officeholder responsible for awarding the contracts or (ii) in the case of current State contracts of more than \$50,000, a declared candidate for that office. Specifies the duration of the prohibitions and the penalties for violations. Requires that business entities, affiliated entities, and affiliated persons prohibited from making contributions must notify any political committee to which they make a contribution of the relevant business entity's status. Requires that those business entities electronically register with the State Board of Elections, including disclosure of their affiliated entities and affiliated persons. Recommends that the Compensation Review Act be amended to require the Board to file 2 reports, one for judges and State's Attorneys and one for all other positions, and to require the General Assembly to approve or reduce a report for it to take effect (instead of disapprove or reduce a report to prevent it from taking effect). Recommends that the Illinois Procurement Code be further amended to include the legislative branch and the Auditor General within prohibitions on political contributions from certain State contractors. Makes other changes.

 220 ILCS 5/4-603 new

Amends the Public Utilities Act. Provides that the Illinois Commerce Commission shall conduct a comprehensive workforce analysis study of each electric utility to determine the adequacy of the total in-house staffing in each job classification or job title critical to maintaining quality reliability and restoring service in each electric utility's service territory. Provides that each report shall contain a yearly detailed comparison beginning with 1995 and ending in 2006 of certain ratios for each electric utility. Provides that the ratios shall be reported from each utility's named service area, district, division, outlying area, village, municipality, reporting point, or region. Provides that the analysis shall determine the total number of contractor employees for the same time frame and shall be conducted in the same manner as the in-house analysis. Provides that the Commission may hold public hearings while conducting the analysis to assist in the adequacy of the study. Requires the Commission to hold public hearings on the study and present the results to the General Assembly no later than January 1, 2008. Provides that the Commission shall require electric utilities to develop and implement strategies to attract and retain workers and remedy any deficiencies found by the study. Provides that the Commission shall develop and implement rules to require each electric utility to employ an adequately sized, well-trained in-house utility work force, including, but not limited to, benchmarks for employee staffing levels for each classification and employee training for each classification. Effective immediately.

HOUSE COMMITTEE AMENDMENT NO. 1

Adds language providing that an electric utility shall bear the costs of issuing any reports required by provisions concerning an electric utility workforce study and it shall not be entitled to recovery of any costs incurred in complying with those provisions.

FISCAL NOTE, HOUSE COMMITTEE AMENDMENT NO. 1 (Illinois Commerce Commission)

Since the bill requires the companies to pay for all costs associated with this bill, the ICC's fiscal impact will be minimal.

HOUSE FLOOR AMENDMENT NO. 2

Changes the date the Illinois Commerce Commission must hold public hearings on the study and present the results to the General Assembly from January 1, 2008 to January 1, 2009. Deletes a provision providing that the Commission shall require electric utilities to develop and implement strategies to attract and retain workers and remedy any deficiencies found by the study. Provides that the Commission shall develop benchmarks for employee staffing levels for each classification and employee training for each classification (instead of also requiring the Commission to implement rules to require each electric utility to employ an adequately sized, well-trained in-house utility work force). Makes a technical change.

HB-0830 MATHIAS.

770 ILCS 60/21 from Ch. 82, par. 21

Amends the Mechanic's Lien Act. Provides that in a breach of contract action (at present, only in actions for payment of a claim under the Mechanics Lien Act) a provision in a contract that conditions a payment to a contractor or subcontractor on payment by another party is not a defense. Effective immediately.

HOUSE COMMITTEE AMENDMENT NO. 1

Deletes reference to:

770 ILCS 60/21

Adds reference to:

770 ILCS 60/23 from Ch. 82, par. 23

Replaces everything after the enacting clause. Further amends the Mechanics Lien Act. Provides that any person furnishing labor, services, material, fixtures, apparatus or machinery, form or form work (rather than material, apparatus, fixtures, machinery, or labor) to any contractor having a contract for a public improvement for a governmental entity shall have a lien for the balance thereof on money, bonds, or warrants due to the contractor. Provides that the governmental entities included are the State and any county, township, school district, city, municipality, municipal corporation, unit of local government, entity organized under the Intergovernmental Cooperation Act, or a not-for-profit corporation controlled by one or more units of local government (instead of the State and any county, township, school district, city, municipality, or municipal corporation). Provides that the lien attaches only to the money, bonds, or warrants against which no voucher or other evidence of indebtedness has been issued. Provides that a written notice of claim for lien shall contain a sworn statement identifying the contract, work done, and total due (instead of written notice). Provides that if a claim suit is dismissed, the lien shall terminate 30 days after the dismissal, but nothing prevents a public body from paying a lien claim within 30 days after dismissal under certain conditions. Provides that unless the contract with the public body otherwise provides, no lien for material shall be defeated because of a lack of proof that delivered material actually entered into the construction of the improvement when concrete, cement, or like material is used. Effective immediately.

(These changes are effective January 1, 2008.) Provides that Senate Bill 472 of the 95th General Assembly is amended, if and only if that bill becomes law, by changing that bill's effective date so that the provisions amending the Inspection of Records Part of the Evidence Article of the Code of Civil Procedure are effective January 1, 2008. 735 ILCS 5/15-1510 from Ch. 110, par. 15-1510

Replaces everything after the enacting clause. Amends the Code of Civil Procedure. Provides that a foreclosure complaint must specify the real party in interest (instead of the capacity in which the plaintiff brings the foreclosure action) and have attached to it a copy of the mortgage and note, but if they are unavailable, an affidavit shall be attached to the complaint that states information about all holders of the note and what attempts were made to obtain the note. Provides that in all foreclosure actions the plaintiff shall attach a notice to the complaint and summons stating the homeowner's rights concerning possession, ownership, reinstatement, redemption, and other matters. Provides a procedure for a mortgagor to make a demand for loan payoff information that includes payoff demand statement requirements and other matters. Provides that the court may award reasonable attorney's fees and costs to the prevailing party in

a foreclosure action. Effective January 1, 2009.

HOUSE FLOOR AMENDMENT NO. 3

Deletes reference to:
735 ILCS 5/15-1504

Replaces everything after the enacting clause with substantially similar provisions of the bill as amended but with changes that include the following: (1) Provides that in all foreclosure actions the plaintiff shall attach to the complaint and summons a Homeowner's Notice, in English and Spanish, concerning possession, ownership, reinstatement, redemption, surplus, workout options, financial and legal advice, and other matters. (2) Provides that the Spanish translation of the Homeowner's Notice shall be prepared by the Attorney General, posted on the website of the Attorney General, and used in a substantially similar form. (3) Provides for a mortgagee to provide a "pay off demand statement" to a mortgagor. (4) Provides that the court may award reasonable attorney's fees and costs to the defendant who prevails in a motion, including an affirmative defense or counterclaim, or in the foreclosure action; however, this does not abrogate contract terms in the mortgage or other written agreement that allow the mortgagee to pursue attorney's fees and costs. (5) Provides that a defendant who exercises a right to reinstatement or redemption shall not be considered a prevailing party for purposes of awarding attorney's fees. Effective January 1, 2009.

Amends the State Universities Article of the Illinois Pension Code. In provisions concerning service for employment in public schools and other public employment, replaces references to service in the military forces with references to service in a capacity essentially similar or equivalent to that of a teacher. Deletes a provision requiring the Board of Trustees of the State Universities Retirement System to have the System's actuary prepare a report showing the actual rate of participation in the self-managed plan and the extent to which employee optional retirement plan participation has reduced the State's required contributions to the System. Provides that, in addition to warrants and checks, the State Comptroller and payroll officers may use an electronic funds transfer to pay employees. Repeals a provision encouraging the System to use emerging investment managers, minority-owned businesses, female-owned

businesses, and business owned by persons with disabilities in managing the system's assets. Makes other changes. Effective immediately.

HOUSE COMMITTEE AMENDMENT NO. 1

Replaces everything after the enacting clause with the bill as introduced with the following change: restores provisions of existing law requiring the Board to have the System's actuary prepare a report showing the actual rate of participation in the self-managed plan.

 220 ILCS 5/16-113

Amends the Electric Service Customer Choice and Rate Relief Law of 1997 in the Public Utilities Act. Provides that the "mandatory transition period" extends through the date on which the Illinois Commerce Commission has approved declarations of competitive service for all classes of service offered in the service areas of all electric utilities that, on December 31, 2005, served at least 100,000 customers (now, the mandatory transition period extends through January 1, 2007). Prohibits the Commission from taking certain actions prior to 2008 (now, the prohibition is during the mandatory transition period) with respect to an electric utility's rates. Deletes a provision prohibiting the Commission from initiating, authorizing, or ordering any change by way of a decrease. Deletes a provision that provides that the Commission is not prohibited from approving the application of an electric utility to implement an alternative to rate of return regulation or a regulatory mechanism that rewards or penalizes the utility through adjustment of rates based on utility performance. Provides that, during the remainder of the mandatory transition period, if any, the Commission may modify rates. Requires the Commission to hold a hearing on any petition by an electric utility requesting the Commission to declare a tariffed service provided by the utility to be a competitive service (now, the Commission shall hold a hearing if the Commission deems it necessary). Provides that the Commission shall only declare the class of tariffed service to be a competitive service if the electric utility demonstrates that at least 33% of the customers in the electric utility's service area that are eligible to take the class of tariffed service instead take service from alternative retail electric suppliers and that at least 3 alternative retail electric suppliers provide service that is comparable to the class of tariffed service to those customers in the utility's service area that do not take service from the electric utility. Requires the Commission to make its determination and issue its final order declaring or refusing to declare the service to be a competitive service within 180 (now, 120) days after the date the petition is filed. Deletes provisions that, if the Commission fails to make the determination within that time results within that time period, the petition is deemed to be granted. Effective immediately.

HB-0945 FLIDER.

305 ILCS 5/5-2 from Ch. 23, par. 5-2

Amends the Illinois Public Aid Code. Provides for Medicaid eligibility, in the case of persons who are otherwise eligible for Aid to the Aged, Blind or Disabled but who fail to qualify for that assistance on the basis of need, if they are spouses living together in the same household and if their non-exempt assets are equal to or less than the same resource allowance established for a community spouse as set forth in the Social Security Act upon a division of community assets.

FISCAL NOTE (Dept. of Healthcare & Family Services)

Proposed changes to eligibility determination for AABD cases will increase Medicaid caseloads, thereby increasing HFS medical expenditures. For each additional 1,000 recipients, cost is estimated at \$11.6 million annually. The terms for eligibility determination would most likely not be approved for Federal match. Cost is assumed to be 100% State.

305 ILCS 5/5-2.05

Amends the Illinois Public Aid Code. In provisions concerning services for children under Medicaid, changes references from "disabled children" and "severely mentally ill or emotionally disturbed children" to "children with disabilities" and "children with severe mental illness or emotional disturbance". Requires the Department of Healthcare and Family Services to make an annual report concerning Medicaid services offered to children with disabilities, and sets forth items that must be included in the report. Effective immediately.

HOUSE COMMITTEE AMENDMENT NO. 1

Adds reference to:

305 ILCS 5/12-4.36

Replaces everything after the enacting clause. Amends the Illinois Public Aid Code. Reinserts provisions similar to those of the bill with respect to medical assistance for children with disabilities, but with changes that include the following: (1) provides that home-based and community-based services may be offered by the Department of Healthcare and Family Services in conjunction with the Department of Human Services (instead of by DHFS alone); (2) requires a bi-annual (instead of annual) report beginning in 2008, and makes changes in connection with the required contents of the report; and (3) provides that the report may be submitted as part of the report made in connection with a pilot program for persons who are medically fragile and technology-dependent. Further amends the Illinois Public Aid Code to provide that the Department of Human Services may administer the pilot program for persons who are medically fragile and technology-dependent until June 30, 2010 (instead of 2009), and adds information that must be included in the annual report concerning the pilot program. Effective immediately.

FISCAL NOTE, HOUSE COMMITTEE AMENDMENT NO. 1 (Dept. of Healthcare & Family Services)

This amendment will require additional administrative costs for adapting and conducting the present Federally approved Participant Experience Survey (PES) for the indicated population. HFS may choose to have the present PES vendor perform these additional surveys at an estimated, or may opt to perform the surveys in-house. This amendment has the potential to add \$10,000-\$17,000 to the original estimate of the bill. Annual administrative impact is estimated at \$110,000 to \$117,000 annually.

SENATE FLOOR AMENDMENT NO. 2

Adds reference to:

20 ILCS 1305/10-55 new

Replaces everything after the enacting clause. Amends the Department of Human Services Act; provides that on or before March 1, 2008, the Department of Human Services (DHS) shall submit a report to the Governor and to the General Assembly regarding the extent to which children (i) with developmental disabilities, mental illness, severe emotional disorders, or more than one of these disabilities, and (ii) who are

currently being provided services in an institution, could otherwise be served in a less-restrictive community or home-based setting for the same cost or for a lower cost; requires bi-annual updated reports beginning in 2010. Amends the Illinois Public Aid Code by reinserting provisions substantially similar to those made by the bill, except provides that the report by DHS concerning the pilot program for persons who are medically fragile and technology-dependent may be submitted as part of the report required to be made by the Department of Healthcare and Family Services in conjunction with DHS in relation to children with disabilities (instead of providing that the latter report may be submitted as part of the former report). Effective immediately.

SENATE FLOOR AMENDMENT NO. 1

Deletes everything after the enacting clause. Reinserts the contents of the engrossed bill with the following changes. Provides that and "eligible customer" means a retail customer that owns or (instead of and) operates a solar, wind, or other eligible renewable electrical generating facility with a rated capacity of not more than 2,000 kilowatts that is located on the customer's premises and is intended primarily to offset the customer's own electrical requirements. Provides that "net electricity metering" means the measurement, during the billing period applicable to an eligible customer, of the net amount of electricity supplied (instead of delivered) by an electricity provider to the customer's premises or provided to the electricity provider by the customer. Adds language specifying the equipment that shall be used at a net metering facility for residential customers and non-residential customers. Changes provisions concerning credits for customers at the end of a year that participate in net metering, and specifies the process that shall be used to determine the credits. Provides that within 120 days after the effective date of

the amendatory Act, the Illinois Commerce Commission shall establish standards for net energy metering and, if the Commission has not already acted on its own initiative, standards for the interconnection of eligible renewable generating equipment to the utility system. Provides that all electricity providers shall begin to offer net energy metering no later than April 1, 2008. Provides that an electricity provider shall maintain records and report annually to the Commission on certain information. Adds language for an optional meter aggregation program. Provides that none of the provisions of the amendatory Act shall affect the right of an electricity provider, to continue to provide or the right of a retail customer to continue to receive, service pursuant to a contract for electric service between the electricity provide and the retail customer, in accordance with the prices, terms, and conditions provided for in that contract, and that either the electricity provider or the customer may require compliance with the prices, terms, and conditions of that contract. Makes technical changes. Effective immediately.

SENATE FLOOR AMENDMENT NO. 2

Provides that notwithstanding certain provisions, an electricity provider must require (rather than must provide) dual-channel metering for non-residential customers operating eligible renewable electrical generating facilities with a nameplate rating over 40 kilowatts and up to 2,000 kilowatts.

Provides that a facility must do all (instead of one or more) of the following: (1) adopt and review annually a policy for providing language assistance services to patients with language or communication barriers; (2) develop and post notices that advise patients and their families of the availability of interpreters; and (3) notify the facility's employees of the language services available at the facility and train them on how to make these language services available to patients. Provides that, in addition, a facility may do one or more of the following: (i) review existing policies regarding interpreters; (ii) adopt a policy for language assistance services that includes certain procedures; (iii) identify and record a patient's primary language and dialect; (iv) prepare a list of interpreters; (v) review standardized forms and other materials; (vi) consider providing its nonbilingual staff with standardized picture and phrase sheets; and (vii) develop community liaison groups. Effective immediately.

Effective immediately.

815 ILCS 720/1.1 from Ch. 43, par. 301.1

815 ILCS 720/5 from Ch. 43, par. 305

Amends the Beer Industry Fair Dealing Act. Defines "brand extension" as a brand that incorporates all or a substantial part of the features of a pre-existing brand of the same brewer and that relies to a significant extent on the good will associated with the pre-existing brand. Provides that a brewer may not fail to assign brand extensions to a wholesaler who has been granted the territory to the brand from which the brand extension resulted and who agrees to accept the brand extension, but this requirement does not apply if the wholesaler is not in compliance with the agreement at the time the brewer offers the brand extension to the wholesaler. Provides that a brewer who, under an agreement with a wholesaler that does not violate antitrust laws, has designated a sales territory for which the wholesaler is exclusively (rather than primarily) responsible or in which the wholesaler is required to concentrate its efforts, may not enter into an agreement with any other wholesaler to establish an additional wholesaler for the brewer's brand or brand extension in the territory. Provides that a wholesaler who, under an agreement is granted a sales territory for which it is exclusively (rather than primarily) responsible or in which it is required to concentrate its efforts, may not sell or deliver beer to any retail licensee whose place of business is not within the territory granted to the wholesaler. Effective immediately.
