HOUSE FLOOR AMENDMENT NO. 1

Provides that before a sentencing order is entered by the court for a minor adjudged delinquent for disorderly conduct by transmitting or causing to be transmitted in any manner a threat of destruction of a school building or school property, or a threat of violence, death, or bodily harm directed against persons at a school, school function, or school event, whether or not school is in session, in which the minor made a threat of violence, death, or bodily harm against a person, school, school function, or school event, the court may (in the introduced bill, shall) order a mental health evaluation of the minor by a physician, clinical psychologist, or qualified examiner, whether employed by the State, by any public or private mental health facility or part of the facility, or by any public or private medical facility or part of the facility.

SENATE COMMITTEE AMENDMENT NO. 2

In the amendatory changes to the Juvenile Court Act of 1987, provides that neither the physician, clinical psychologist, qualified examiner, or his or her employer shall be held criminally, civilly, or professionally liable for performing a mental health examination before the court enters a sentencing order for a minor adjudicated delinquent for a disorderly conduct violation of making a threat of violence, death, or bodily harm against a person, school, school function, or school event, except for willful or wanton misconduct.

730 ILCS 5/5-4-1 from Ch. 38, par. 1005-4-1

Amends the Unified Code of Corrections. Provides that in imposing a sentence for an offense that requires a mandatory minimum sentence of imprisonment or probation or conditional discharge of 2 years or more, the court may sentence the offender to probation or conditional discharge or other non-imprisonment sentence it deems appropriate instead of to a sentence of imprisonment or to a lesser sentence of imprisonment, probation, or conditional discharge than the minimum sentence of imprisonment, probation, or conditional discharge provided for the offense if the court finds that the defendant does not pose a risk to public safety and the interest of justice requires the non-imposition of the mandatory sentence of imprisonment or a lesser sentence of imprisonment, probation, or conditional discharge. Provides that the court must state on the record its reasons for not imposing the minimum sentence of imprisonment or a lesser sentence of imprisonment, probation, or conditional discharge. Provides that if the defendant has been charged with an offense involving the use, possession, or discharge of a firearm, the court may not deviate from a mandatory minimum sentence or probation or conditional discharge requirement, unless it is the recommendation of a presentence investigation and there is clear articulable evidence that the defendant is not a threat to the public safety. Provides that an offender convicted of a sex offense or an offense involving the infliction of great bodily harm may not be sentenced to a lesser term of imprisonment, probation, or conditional discharge.

HOUSE COMMITTEE AMENDMENT NO. 2

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with changes. Provides that in imposing a sentence for an offense that requires a mandatory minimum sentence of imprisonment or probation or conditional discharge of 2 years or more, the court may instead sentence the offender to a lesser term of imprisonment, probation, or conditional discharge it deems appropriate if the court finds that the defendant does not pose a risk to public safety and the interest of justice requires the non-imposition of the mandatory sentence of imprisonment or a lesser sentence of imprisonment, probation, or conditional discharge. Provides that an offender convicted of a sex offense, robbery offense, or a crime of violence as defined in the Crime Victims Compensation Act (rather than an offense involving the infliction of great bodily harm) may not be sentenced to a lesser term of imprisonment, probation, or conditional discharge under the provision.

HOUSE FLOOR AMENDMENT NO. 4

Replaces everything after the enacting clause. Amends the Unified Code of Corrections. Provides that in imposing a sentence for an offense that requires a mandatory minimum sentence of imprisonment, the court may instead sentence the offender to probation, conditional discharge, or a lesser term of imprisonment it deems appropriate if: (1) the offense involves

the use or possession of drugs, retail theft, or driving on a revoked license due to unpaid financial obligations; (2) the court finds that the defendant does not pose a risk to public safety; and (3) the interest of justice requires imposing probation, conditional discharge, or a lesser term of imprisonment. Provides that the court must state on the record its reasons for imposing probation, conditional discharge, or a lesser term of imprisonment.

Amends the Downstate Public Transportation Act, the Metropolitan Transit Authority Act, the Local Mass Transit District Act, and the Regional Transportation Authority Act. Provides for free fares for veterans with disabilities, reduced fares for other veterans, and free fares for specified high school students on days when school is in session on public transportation. Provides for a continuing appropriation beginning in Fiscal Year 2020 to cover the free and reduced fares. Effective immediately.

FISCAL NOTE (Dept. of Transportation)

RTA currently has a Free & Reduced Fare program for seniors, students, and disabled. IDOT subsidizes \$17.5 million out of the road fund (approx. 15% of the total proposed losses in revenue). IDOT does not have access to ridership numbers so is unable to project how the proposed legislation that calls for free rides for seniors and veterans with 70% disability, half fares for veterans with 30-70% disability, and certain high school students who meet eligibility requirements would increase the costs. Many veterans might take advantage of this program. Estimates for projected fare losses to include additional categories of ridership will need to be provided by the service boards. Collectively, the estimated FY19 revenue losses to the RTA attributable to eligible free and reduced fares is approximately \$113 million. Actual revenue losses to the service boards to provide additional fare reductions will significantly increase the current amount from \$113 million in FY 19. To reimburse the RTA (service boards) 100% of the proposed revenue losses that includes don't include that additional categories of ridership will take at least \$95.5 million. The Road Fund does not have

the cash. For the Downstate Transits Districts, the data needed to provide a fiscal cost is not available. Most of the recipients have no data to support a fact-based estimation of financial impacts. Disabled veterans covered in the new law, for example, are riding under the existing disabled free ride program but are not tracked separately or are using VA-sponsored transportation. Unfortunately, there are too many unknowns to speculate on impacts to ridership, service delivery, and the associated financial implications. Information that we have extrapolated provides an estimated financial implication totaling \$4,698,498. We do not have much confidence in that number. The Road Fund does not have the cash to support this program.

625 ILCS 5/11-212

Amends the Illinois Vehicle Code. Deletes language providing that the Section concerning the traffic and pedestrian stop statistical study is repealed on July 1, 2019. Provides that the Department of Transportation shall report specified findings and recommendations to the Governor and the General Assembly on March 1, 2022 (rather than March 1, 2004). Effective immediately.

FISCAL NOTE (Dept. of Transportation)

The Illinois Department of Transportation (IDOT) currently has a contract with a consultant to analyze the stop data reported by the various law enforcement agencies in the state. IDOT then published the final report annually. To continue reporting the data after July 1, 2019 would require a new contract with a consultant. The estimated cost of this contract for each year is \$168,000. Of that amount, 80% (\$134,400) would be reimbursed by the NHTSA and the other 20% (\$33,600) would be the state match. To cover the contract for 3 years (until 2022) would be a total cost of \$504,000 of which \$100,800 would be the state's share of the cost.

HOUSE FLOOR AMENDMENT NO. 1

Tasks the Illinois Criminal Justice Information Authority (ICJIA), rather than the Department of Transportation, with the collection, compilation, and analysis of the traffic stop statistical study data required by the Section. Creates the Traffic and Pedestrian Stop Data Use and Collection Task Force within the ICJIA to undertake these responsibilities. Prescribes membership for the Task Force and provides that it shall report its findings and recommendations to the Governor and the General Assembly by March 1, 2022 and every 3 years after.

JUDICIAL NOTE (Admin Office of the Illinois Courts)

This legislation would neither increase nor decrease the number of judges needed in the State of Illinois.

There is no fiscal or population impact on the Department of Corrections.

FISCAL NOTE (Government Forecasting & Accountability)

HB 2071 will have no fiscal impact upon the Commission on Government Forecasting and Accountability's operations or budget.

STATE DEBT IMPACT NOTE (Government Forecasting & Accountability)

HB 2074 would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

LAND CONVEYANCE APPRAISAL NOTE (Dept. of Transportation)

No land conveyances are included in this bill; therefore, there are no appraisals to be filed.

HOME RULE NOTE (Dept. of Commerce & Economic Opportunity)

HOUSING AFFORDABILITY IMPACT NOTE (Housing Development Authority)

This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

Replaces everything after the enacting clause. Amends the School Code. With regard to the student discipline report, provides that the report must include data on the total number of school days missed by a student due to an out-of-school suspension or expulsion and data on the number of arrests made by law enforcement officers of students on school grounds, in school vehicles, at school activities or school-sanctioned events, or as a result of referrals by school officials. Provides that the report must be disaggregated by whether a student qualifies for services under the federal Individuals with Disabilities Education Act, the total number of school days missed by the student, and the incident type that caused the suspension, expulsion, or removal to an alternative setting. Provides that, in compiling the report, the State Board of Education must use the same disclosure avoidance standards used by the United States Department of Education in its public reporting of data submitted by each school district as part of the Civil Rights Data Collection and must also ensure that cross-tabulation by the various categories of disaggregation is possible. Provides that all of the powers, duties, assets, liabilities, contracts, property, records, and pending business of the Commission are transferred to the State Board of Education on that date. Provides for transfer of authorization to a local school board or boards. Makes related changes. STATE MANDATES FISCAL NOTE (Dept. of Commerce & Economic Opportunity)

This bill does not create a State mandate

FISCAL NOTE (State Board of Education)

HB 2100 will result in a state fiscal impact of \$460,000 based on a net reduction of \$840,000 in state expenditures and a reduction in \$1.3 million in state revenue beginning in FY 2021.

HOUSE FLOOR AMENDMENT NO. 3

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Removes a provision requiring a charter school whose authorization has been transferred to the State Board of Education to, as soon as practicable after July 1, 2020, seek transfer of authorization to a local school board or boards for the remainder of the charter school's current term. Provides that at the end of its charter term, a charter school may (rather than must) reapply to the board or boards for authorization. Removes provisions allowing a charter applicant to submit a charter school proposal to the State Board if a local school board fails to hold a public meeting to obtain information or vote on the proposal, fails to grant or deny the proposal, or votes to deny the proposal (including because of the complexities of joint administration with another school district). Provides that no local school board may arbitrarily or capriciously revoke or not renew a charter. Provides that, except for extenuating circumstances, if a local school board revokes or does not renew a charter, it must ensure that all students currently enrolled in the charter school are placed in schools that are higher performing than that charter school. Provides that in determining whether extenuating circumstances exist, a local school board must detail, by clear and convincing evidence, that factors unrelated to the charter school's accountability designation outweigh the charter school's academic performance.

HOUSE FLOOR AMENDMENT NO. 4

Provides that, beginning on July 1, 2020, the State Board of Education may charge a charter school that it authorizes a fee not to exceed 3% of the revenue provided to the school to be used exclusively for covering the cost of authorizing activities; specifies what the authorizing activities may include. Provides that no school board may revoke or not renew a charter unless it determines that doing so is in the best interests of the

students currently enrolled in the charter school (rather than arbitrarily or capriciously revoke or not renew a charter). Provides that if a local school board revokes or does not renew a charter, it must ensure that all students currently enrolled in the charter school are offered placement (rather than placed) in schools that are higher performing than that charter school, as defined in the State's federal Every Student Succeeds Act accountability plan, and that they have reasonable options for transportation to those schools. Provides that the State Board may reverse a local school board's decision to not renew a charter if the State Board finds that the charter school (i) is in compliance with the Charter Schools Article of the School Code and (ii) is in the best interests of the students it is designed to serve. Provides that final decisions of the State Board shall be subject to judicial review under the Administrative Review Law. Provides that if the State Board reverses the local school board's decision to not renew a charter, the State Board shall act as the authorized chartering entity.

New Act

Creates the Health in All Policies Act. Contains only a short title provision.

HOUSE COMMITTEE AMENDMENT NO. 1

Adds reference to:

New Act

Replaces everything after the enacting clause. Creates the Health in All Policies Act. Provides that the University of Illinois at Chicago School of Public Health, in consultation with the Department of Public Health, shall convene a workgroup to review legislation and make new policy recommendations relating to the health of residents of the State. Provides that the workgroup shall examine: (1) the health of residents of the State, to the extent necessary to carry out the requirements of the Act; (2) ways for units of local government and State agencies to collaborate in implementing policies that will positively impact the health of residents of the State; and (3) the impact of specified factors on the health of residents of the State. Provides that the workgroup, using a health in all policies framework, shall review and make recommendations regarding how health considerations may be incorporated into the decision-making processes of government agencies and private stakeholders who interact with government agencies, foster collaboration among units of local government and State agencies, develop laws and policies to improve health and reduce health inequities, and make recommendations regarding how to implement laws and policies to improve health and reduce health inequities. Defines "health in all policies framework". Specifies who shall be members of the workgroup. Provides that, to the extent practicable, the members of the workgroup shall reflect the geographic, racial, ethnic, cultural, and gender diversity of the State. Provides that a State agency or entity shall provide information requested by the workgroup in a timely manner. Provides that the Department of Public Health shall provide administrative and other support to the workgroup. Provides that the workgroup shall meet at least twice a year. Provides that the workgroup shall prepare a report that summarizes its work and makes recommendations resulting from its study. Provides that the workgroup shall submit the report of its findings and recommendations to the General Assembly by December 31, 2020 and by December 31 of each year thereafter. Effective January 1, 2020.

SENATE FLOOR AMENDMENT NO. 2

Adds reference to:

New Act

Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill with the following changes: Provides that one workgroup member shall be a representative of a statewide public health association (rather than a public health association). Provides that the following shall also be members of the workgroup: the Director of Healthcare and Family Services, or the Director's designee; the State Superintendent of Education, or the Superintendent's designee; the Director of Corrections, or the Director's designee; the Chair of the Criminal Justice Information Authority, or the Chair's designee; the Director of Commerce and Economic Opportunity, or the Director's designee; the Director of Aging, or the Director's designee; one representative of the Office of the Governor appointed by the Governor; one representative of a local health department located in a county with a population of less than 3,000,000; one representative of a statewide public health institute representing multisector public health system stakeholders; 2 representatives of organizations that represent minority populations in public health; and one representative of a statewide organization representing physicians licensed to practice medicine in all its branches. Removes language allowing workgroup members to be reimbursed for their travel expenses from funds appropriated for that purpose. Requires State agencies or entities to provide information in a timely manner in response to requests for information submitted by the workgroup, except where that information

is otherwise prohibited from disclosure or dissemination by relevant legal authorities (rather than requiring State agencies or entities to provide information requested by the workgroup in a timely manner). Provides that the University of Illinois at Chicago School of Public Health, in consultation with the Department of Public Health and members of the workgroup, shall determine a focus area for the report on an annual basis. Requires the annual report and recommendations to be shared with the Department of Public Health and the State Board of Health and to be considered in the development of the State Health Improvement Plan every 5 years. Effective January 1, 2020.

New Act

Creates the Mental Health Early Action on Campus Act. Provides for intent, legislative findings, purposes of the Act, and definitions. Provides that to raise mental health awareness on college campuses, each public college or university in this State must complete specified tasks. Provides that the board of trustees of each public college or university must designate an expert panel to develop and implement policies and procedures that (i) advise students, faculty, and staff on the proper procedures for identifying and addressing the needs of students exhibiting symptoms of mental health conditions, (ii) promote understanding of the rules of Section 504 of the federal Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 to increase knowledge and understanding of student protections under the law, and (iii) provide training if appropriate. Provides that because peer support programs may be beneficial in improving the emotional well-being of the student population, each public college or university must develop and implement a peer support program utilizing student peers to support individuals living with mental health conditions on campus; specifies best practices for the peer support programs. Provides that each public college or university must form strategic partnerships with local mental health service providers to improve overall campus mental wellness and augment on-campus capacity; specifies what the partnerships must include. Requires the Board of Higher Education to develop a Technical Assistance Center; specifies the duties of the Center. Requires each public college or university to evaluate the required programs under the Act using specified criteria. Effective July 1, 2020.

HOUSE FLOOR AMENDMENT NO. 2

student ratios. Provides that the updated benchmark must represent a ratio of no less than one clinical, non-student staff member to 1,250 students. Removes a provision providing that 5 years after the effective date of the Act, each public college or university must maintain a ratio of one clinical, non-student staff member to 1,000 students. Provides that the monitoring measures of local partnership programs must include the ratio of clinical, non-student staff to student population and the number of linkage agreements and contracts in place based on student population (rather than only the number of linkage agreements and contracts in place based on student population). Provides that the Commission on Government Forecasting and Accountability, in conjunction with the Illinois Community College Board and the Board of Higher Education, must make recommendations to the General Assembly on the amounts necessary to implement the Act. Provides that the initial recommendation must be provided by the Commission no later than December 31, 2019 and any appropriation provided in advance of this recommendation may be used for planning purposes. Provides that no provision of the Act may be funded by student fees created on or after July 1, 2020 (rather than new student fees). Makes other changes. FISCAL NOTE, SENATE FLOOR AMENDMENT NO. 3 (IL State Board of Education)

HB 2170 (S-AM 3) includes new requirements for the State Board of Education (Board) and school districts that will have a fiscal impact. This fiscal impact estimate only addresses known or estimated costs for the Board and PreK-12 public school districts and not costs to other State agencies or other entities impacted by the amendments. The Board is tasked with providing staff support to 3 new advisory committees and one expanded advisory committee (KIDS Advisory Committee, Whole Child Task Force, and Inclusive History Commission; Professional Review Panel), adopting new learning standards (computer science and social science), overseeing the creation and/or expansion of programs (Freedom Schools), and will provide technical assistance to districts in implementing new mandates implemented. While existing staff will be able to take on some of the new work, new staff will likely be hired. The Board estimates that each additional staff member needed will cost \$115,000 annually. To implement the requirements of these amendments, ISBE estimates needed an additional 3 staff for a total cost of \$345,000. The legislation creates the Freedom Schools Grant Program which is subject to appropriation. ISBE estimates this program would cost \$85,000 for every 120 students enrolled (this estimate is based on the EBF Cost factor of 1 teacher for every 120 students for Extended Day Supports). The legislation includes new requirements for school districts including expanded accelerated placement opportunities for students and new graduation and coursework requirements (computer literacy, computer science, foreign language and laboratory science). Additionally, once the Board completes adoption of new learning standards school districts will be required to implement these new standards. It is not known what these new requirements will cost school districts.

Amends the Managed Care Reform and Patient Rights Act. Provides that every health insurance carrier that provides coverage for prescription drugs shall ensure that no fewer than 25% of certain individual and group plans offered shall apply a pre-deductible, flat-dollar copayment structure to the entire drug benefit. Provides that the flat-dollar copayment structure for prescription drugs must be reasonably graduated and proportionately related in all tier levels such that the copayment structure as a whole does not discriminate against or discourage the enrollment of individuals with significant health care needs. Requires the health insurance carriers to clearly and appropriately name the plans to aid in consumer or plan-sponsor plan selection. Requires the health insurance carriers to market the plans in the same manner as their other plans. Provides that if a health insurance carrier offers fewer than 4 plans, the health insurance carrier shall ensure that one plan shall use the drug benefit structure, including cost-sharing requirements. Requires the Department of Insurance to adopt rules necessary to implement and enforce the provisions. Effective January 1, 2020.

No land conveyances are included in this bill; therefore, there are no appraisals to be filed.

FISCAL NOTE (Admin Office of the Illinois Courts)

JUDICIAL NOTE (Admin Office of the Illinois Courts)

This legislation would neither increase nor decrease the number of judges needed in the State of Illinois.

PENSION NOTE (Government Forecasting & Accountability)

This bill will not impact any public pension fund or retirement system in Illinois.

STATE DEBT IMPACT NOTE (Government Forecasting & Accountability)

This bill would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

BALANCED BUDGET NOTE (Office of Management and Budget)

735 ILCS 5/2-1108 from Ch. 110, par. 2-1108

Replaces everything after the enacting clause. Amends the Code of Civil Procedure. Provides for enrollment in the Program. Provides further duties and requirements of the Treasurer regarding the Program. Creates the Illinois Higher Education Savings Program Fund as a fund held outside of the State treasury to be the official repository of all contributions, appropriations, interest, and dividend payments, gifts, or other financial assets received by the State Treasurer in connection with the operation of the Program or related partnerships. HOUSE FLOOR AMENDMENT NO. 2

Provides that notwithstanding any court order which would otherwise prevent the release of information, the Department of Public Health is authorized to release specified information to the State Treasurer for the purposes of the Illinois Higher Education Savings Program.

STATE MANDATES FISCAL NOTE (Dept. of Commerce & Economic Opportunity)

This bill does not create a State mandate.

FISCAL NOTE (Office of the Treasurer)

Based upon Illinois' current birth rate of 155,000 to 165,000 newborns per year, the annual cost for this program is expected to be \$9-10 million per year, beginning in FY21. This includes approximately \$8 million for the initial seed funding of \$50 per child and an estimated \$1.5 million to develop local savings incentive partnerships, engage parents and children in related financial literacy initiatives, and administer the program. Because unclaimed and unused funds will remain with the program for future use, the need for annual appropriations will decline after year 10 of the program as unclaimed and unused funds are recycled.

15 ILCS 520/10
15 ILCS 520/11
15 ILCS 520/22.5

Adds reference to:

10 ILCS 5/2B-20

Replaces everything after the enacting clause. If and only if Senate Bill 1863 of the 101st General Assembly becomes law in the form in which it passed the House of Representatives on May 21, 2020, then amends the Election Code. In provisions concerning changes for vote by mail official ballot mailing and processing for the 2020 general election, makes changes to the panels created by election authorities to compare the voter's signature on the certification envelope of the vote by mail ballot with the signature of the voter on file in the office of the election authority. Requires a vote of 3 of 3 election judges for a vote by mail ballot to be rejected because the signature on the certification envelope and the signature used by the election authority for verification purposes do not match or the certification envelope contains a signature but not in the proper location. Requires a majority vote (rather than a vote of 3 of 3 judges) for other specified reasons. If election judges (rather than 3 of 3 election judges) determine the ballot should be rejected for any reasons stated in the provisions, requires the judges to mark across the face of the certification envelope the word "rejected" and the date and names of the judges voting to reject the ballot. Requires all collection sites for vote by mail ballots to be secured by locks that may be open only by election authority personnel and requires the State Board of Elections to establish additional guidelines for the security of collection sites. Effective upon becoming law or on the date Senate Bill 1863 of the 101st General Assembly takes effect, whichever is later.

HB-2400 TURNER - AMMONS - HARPER - SLAUGHTER, HERNANDEZ, ELIZABETH, SMITH, WEST, GUZZARDI AND CASSIDY.

730 ILCS 5/3-14-1.1 new

Amends the Unified Code of Corrections. Provides that a committed person who is at least 50 years of age and who has served at least 30 consecutive years of imprisonment in a Department of Corrections institution or facility may petition the Department for participation in the Pathway to Community Program, which is a 5-year pilot program within the Department of Corrections. Provides that a maximum of 15 males and a maximum of 15 females may be selected for the Program. Excludes from the Program persons convicted of first degree murder of a peace officer or firefighter and sexual predators. Establishes eligibility requirements for the Program. Provides that before a participant is selected for the Program, the petitioner shall successfully complete an atonement and restorative justice program prepared by the Department. Following completion of this program of atonement and restorative justice, the Department shall notify the victim and the family members of the victim of the petitioner's offense and to afford them the opportunity to participate in the Department's final selection process for the Pathway to Community Program. Up to \$1,000 of trauma-informed victim services or trauma-certified professional therapy shall be provided by the Department to family members of the victim of the petitioner's offense. Provides that optional participation by family members of the victim of petitioner's offense shall be provided by the Department at no cost to the family members of the victim. Provides that time served in the Program shall be credited toward time served on the sentence. Provides that the Program is terminated 6 years after the effective date of the amendatory Act.

CORRECTIONAL NOTE (Dept of Corrections)

The impact of this legislation on the Department will depend on how many offenders would be accepted into and complete the Pathway to Community Program, how many offenders would receive executive clemency, how many staff are needed to meet the requirements outlined in this legislation, how victims and their families respond, and how fiscal needs will be met. Therefore, the fiscal impact on the Department is unknown. The correctional population impact is also unknown since program participants must petition for Governor clemency to receive an early release from prison based on their progress through the program. Also, though participants may be released from prison before their expected parole or mandatory supervised release date, the end date of their supervised release period does not change, leaving the offender under the jurisdiction of the Department for the entirety of their sentence. Second, House Bill 2400 does not specify the components of an atonement and restorative adjustment program. The Department does not currently operate such a program. In addition, Department efforts are presently focusing on evidence-based programs. Therefore, an atonement and restorative adjustment program would have to be created, or acquired, and this will result in costs for program development and/or acquisition. Staff would have to develop a research design necessary to implement a program with a potentially high success rate for older offenders who have been incarcerated for many years, and then develop and study the specific components. Among many undertakings, staff would have to be trained; selection criteria and methods would have to be developed; policies would be written; means to measure if offenders have demonstrated reform, changed behavior, remorse, and the ability to socialize; renunciation of criminal activity and gang affiliation would have to be identified; and outcome measures would have to be constructed. Moreover, this legislation specifies that offenders must participate for 5 years; however, there is no indication in House Bill 2400 as written for the justification for mandating that time period. The costs for these responsibilities, as well as costs for acquisition of licensed curriculum and supplies, if available, are unknown at this time. Third, House Bill 2400 stipulates that, following completion of this program of atonement and restorative justice, the Department shall make an exhaustive effort to find and notify family members of the victim of the petitioner's offense and to afford them the opportunity to participate in the Department's final selection process for the Pathway to Community Program. This presents numerous logistical problems for Department staff. Records are very old, and documents may not identify victims by name or where to contact them after more than 30 years. Department staff currently struggle to get victim information from the courts. Many victims' families would have to be contacted, and if found, may not want to participate in any activities with the offenders, relive the memories, or even be identified at all. Many victims want absolutely nothing to do with their offenders. Correctional staff do not treat victims; there are no staff to perform any necessary therapeutic services to victims. If the victims refuse this service, the Department is unsure if it would be mandated to

withhold the program if a victim chooses not to participate. Despite efforts made by centralized program staff, as well as the facility staff, Victims Services is already inundated with work related to assisting the victims of Illinois' 39,000 inmates and 27,000 parolees. current Victim Services staff would not be able to assist in meeting House Bill 2400 provisions. The Department estimates this program would need to be implemented in two facilities, one for males and one for females. The Department also estimates two additional staff members would need to be employed at each facility where Pathway programs are implemented, one to assist in Victim Services and one to assist in the administrative tasks of the program. Staff are estimated at an annual cost of \$100,000 each for salary and benefits. Fourth, House Bill 2400 provides that up to \$1,000 of trauma-informed victim services or traumacertified professional therapy must be provided by the Department to family members of the victim of the petitioner's offense. Insurance policies of the family members of the victim of the petitioner's offense or family members' financial resources shall first be used to pay the costs of these services or therapy. Optional participation by family members of the victim of petitioner's offense would be provided by the Department at no cost to the family members of the victim. The impact of these fiscal constraints on the Department cannot be identified until the program is implemented, though the number of victims this legislation may address is unknown, and potentially quite large. Therefore, the fiscal impact on the Department is unknown. The correctional population impact is also unknown as offenders are not eligible for early release until granted clemency by the Governor based on petitions filed and an offender's program progress, a process that cannot be initiated until more than 5 years after enactment. The Department currently lacks the resources, training, curriculum, victim information, and funding to enact this proposal.

HOUSE FLOOR AMENDMENT NO. 1

Deletes provision that the Department of Corrections may enter an order releasing and discharging a participant in the Pathway to Community Program from mandatory supervised release if it determines that he or she is likely to remain at liberty without committing another offense.

STATE MANDATES FISCAL NOTE (Dept. of Commerce & Economic Opportunity)

This bill does not create a State mandate.

HB 2460 will have no fiscal impact on the State Treasurer's Office as the Treasurer's office already has a published investment policy that includes material, relevant and decision-useful sustainability factors in accordance with this legislation. HB 2460 is likely to have a positive economic impact to the State of Illinois because evaluating sustainability factors in investment decision-making minimizes risks and maximizes returns on the state's investments.

Creates the Suicide Prevention Act. Provides that for a person 18 years of age or older who is receiving or has received mental health services for an attempted suicide, the person's therapist shall identify a family member or other person who shall consult with the therapist every 30 days following a suicide attempt for the period of one year. Provides that the period may be extended by the therapist based on need. Provides that the therapist shall be responsible for consulting with the designated person about the progress of the person who is receiving mental health services toward restoration of mental health. Provides that except as otherwise prohibited by the federal Health Insurance Portability and Accountability Act of 1996, a therapist is not criminally or civilly liable for disclosing the recipient's therapy or for

discussing the progress of the recipient toward mental health to a person designated under the Act. Defines various terms. Amends the Mental Health and Developmental Disabilities Confidentiality Act to make conforming changes.

HOUSE COMMITTEE AMENDMENT NO. 2

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill, except provides that for a person 12 years of age or older who is receiving or has received mental health services for an attempted suicide, the person's therapist may share mental health information with family members, friends, or others involved in the recipient's care, if the recipient agrees or does not object, and the information is relevant to the family member, friend, or caregiver's involvement with the recipient's healthcare or the payment for that care (rather than for a person 18 years of age or older who is receiving or has received mental health services for an attempted suicide, the person's therapist shall identify a family member or other person who shall consult with the therapist every 30 days following a suicide attempt for the period of one year that may be extended by the therapist based on need and that the therapist shall be responsible for consulting with the designated person about the progress of the person who is receiving mental health services toward restoration of mental health). Provides that the therapist must: (1) ask the recipient's permission to share relevant information with family members, friends, or other caregivers; (2) tell the recipient he or she plans to discuss the information, (3) give the recipient an opportunity to agree or object; or may infer from the circumstances, using professional judgment, that the recipient does not object, and (4) determine that the sharing of relevant information is in the recipient's best interest. Provides that the family, friends, or caregivers may consult with the therapist every 30 days following a suicide attempt for the period of one year. Provides that the period may be extended by the therapist based on need. Provides that the therapist shall be responsible for consulting with the designated person about the progress of the person who is receiving mental health services toward restoration of mental health. In the amendatory provisions of the Mental Health and Developmental Disabilities Confidentiality Act, provides that the person designated by a therapist under the Suicide Prevention Act to be consulted on the progress of a recipient of mental health services who has attempted suicide may be consulted only to the extent the information is necessary for the family member, friend, or caregiver's involvement with the recipient's health care or the payment for that care and consistent with the therapist's professional judgment that the consultation is in the recipient's best interest.

HOUSE COMMITTEE AMENDMENT NO. 1

Requires the Roundtable on Educational Opportunity and Development to, in addition to other areas, study the ways to expand educational opportunities and sources of private funding for students by (i) developing a before-school, in-school, or after-school drama therapy program that is designed for vulnerable youth with histories of exposure to familial and community violence, school bullying, intolerance or hate crimes, maltreatment or neglect, disrupted caregiving, or any other life adversities and that focuses on the core components of complex trauma intervention, including, but not limited to, a student's safety, self-regulation, healthy attachments, discovery and development of his or her identity, self-worth, esteem, and competency and (ii) developing a school model for students in kindergarten through grade 6

that integrates an identity-affirming pedagogy with a rigorous, intentional curriculum that utilizes a no-nonsense nurturing framework and prioritizes an arts education.

FISCAL NOTE, HOUSE COMMITTEE AMENDMENT NO. 1 (State Board of Education)

House Bill 2549, with House Amendment 1, is estimated to have a fiscal impact of up to \$1.1 million on the Illinois State Board of Education's (ISBE) budget. ISBE estimates that approximately \$100,000 will be needed for administrative costs to fund one staff person to support and assist the Roundtable on Educational Opportunity and Development and all school districts and students wishing to utilize these opportunities. For purposes of this fiscal note, it is assumed that \$1.1 million will be deposited into the new Educational Opportunity and Development Fund to promote and share opportunities through regional programming and professional learning supports to all school districts based on recommendations and priorities established by the Roundtable including the \$100,000 in administrative costs.

New Act

Creates the Polygraph Exam Integrity Act. Provides that screenings shall be paid by the entity requesting the service.

FISCAL NOTE (Illinois State Police)

The Illinois Attorney General serves as the legal counsel for the state of Illinois. The Illinois Attorney General would have to approve a Special Assistant Attorney General for this purpose. The Illinois Attorney General typically requires reimbursement for travel expenses from the agency being represented. Therefore, we would defer to the Illinois Attorney General concerning costs associated with this legislation becoming law. If the Illinois Attorney General were to agree the Illinois State Police should hire outside legal counsel, the Illinois State Police would be required to cover the attorney's fees.

Amends the Revised Uniform Unclaimed Property Act. Provides that property due or owed by a business association resulting from a transaction occurring in the normal and ordinary course of business is exempt from the Act. Provides that an action or proceeding may not be maintained by the administrator more than 10 years after the holder filed a non-fraudulent report with the administrator (rather than after the holder specifically identified the property in a report filed with the administrator or gave express notice to the administrator of a dispute regarding the property). Deletes language regarding the tolling of the period of limitation. Provides instead that the parties may agree to extend the period of limitation. Provides that the administrator may not commence an action, proceeding, or examination with respect to a duty of a holder more than 10 years after the duty arose. Provides that if a person subject to examination does not retain the records, the administrator may use specific estimation techniques to determine the amount of unclaimed property and shall incorporate a net method of extrapolation (rather than determine the value of property due using a reasonable method of estimation based on all information available to the administrator). Deletes language providing that a payment made based on estimation is a penalty for failure to maintain the records and does not relieve a person from an obligation to report and deliver property to a State in which the holder is domiciled. Provides that a holder may request a hearing to contest the use or

validity of the estimation technique. Provides that the examination is final upon the failure of the holder to request a hearing. Provides that if a hearing is held, the State Treasurer shall issue an order approving or disapproving the use or validity of the estimation techniques. Deletes language providing that if the administrator contracts with a person, the contract may provide for compensation of the person based on a contingent fee. Deletes language providing that an initial report filed for property that was not required to be reported before the Act took effect must include all items of property that would have been presumed abandoned during the 5-year period preceding the effective date as if the Act had been in effect during that period.

HB-2668 ROBINSON - MASON - GREENWOOD, FORD, DAVIS, LILLY, WILLIAMS, JAWAHARIAL AND GORDON-BOOTH.

105 ILCS 5/2-3.176 new

Amends the School Code. Requires the State Board of Education to develop child opportunity zones as a means to deliver comprehensive and coordinated social services at or near schools in this State that are related to specific community needs and that will ultimately

increase student performance in schools in the community; defines "child opportunity zone". Provides that a child opportunity zone must provide a means to integrate education, health, and social services into schools and link families to school and community resources. Provides that on or before August 1, 2020, and on or before each August 1 thereafter, the State Board must submit a report to the General Assembly on the number of children and families served by a child opportunity zone program and any other outcome data for each program. Requires the State Board to adopt rules.

STATE MANDATES FISCAL NOTE (Dept. of Commerce & Economic Opportunity)

This bill does not create a State mandate.

FISCAL NOTE (State Board of Education)

HB 2668 is estimated to have a fiscal impact of \$15.1 million on the General Revenue Fund budget for the Illinois State Board of Education. This assumes approximately \$80,000 to \$100,000 in operational costs for one position to coordinate the child opportunity zone functions with school districts, community-based providers, other state agencies, local officials, community colleges, and other adult education and workforce training providers. The position would also complete required reporting. It also assumes \$15 million in grant funds would be appropriated to the Illinois State Board of Education to make funding available to provide assistance and supports to the child opportunity zones.

HOUSE FLOOR AMENDMENT NO. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Changes the definition of "child opportunity zone" to mean a coordinated system of early childhood education (rather than a site at or near a school that provides early childhood education). Provides that, subject to appropriation, the State Board of Education, in cooperation with regional superintendents of schools, school districts, and other State and community agencies (rather than only the State Board), must develop child opportunity zones as a means to deliver comprehensive and coordinated social services in this State (rather than delivering them at or near schools in this State) that are related to specific community needs and that will ultimately increase student performance in schools in the community. Provides that in addition to funds appropriated by the General Assembly, the State Board may use funds appropriated by the General Assembly for other grant programs to implement child opportunity zone programs. Makes other changes.

New Act

Creates the Retention of Illinois Students and Equity Act. Provides for legislative findings and a definition. Provides that, notwithstanding any other provision of law to the contrary, a student attending an institution of higher learning in this State who is deemed an Illinois resident for tuition purposes and is not otherwise eligible to receive federal financial aid shall be eligible to apply or receive consideration for State financial aid, including any student aid or benefit funded or administered by the State, a State agency, or any public institution of higher learning, including, but not limited to, scholarships, grants, awards, stipends, free room and board, tuition waivers, or other financial or in-kind assistance.

HOUSE COMMITTEE AMENDMENT NO. 1

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Makes changes to the legislative findings. Provides that a student who is an Illinois resident and who is not otherwise eligible for federal financial aid, including, but not limited to, a transgender student who is disqualified for failure to register for selective service or a noncitizen student who has not obtained lawful permanent residence, shall be eligible for State financial aid and benefits. Provides that, to ensure equity, success, and the retention of Illinois residents, a student who is an Illinois resident may not be subject to any caps on grant assistance available under the Monetary Award Program other than those required by State law. Provides that the eligibility requirements for any student aid or benefit funded or administered by the State shall be interpreted to promote the broadest eligibility for students who are Illinois residents in accordance with State law or policy. Makes other changes.

FISCAL NOTE, HOUSE COMMITTEE AMENDMENT NO. 1 (IL Student Assistance Commission)

The scholarship and grant programs that ISAC administers are subject to appropriation. Thus, making more students eligible to apply for these programs (which HB 2691 does)

will not automatically add to their cost. However, funding additional recipients would either require additional appropriations or shifting dollars from other low-income students who are currently eligible. Based on limited available data, including estimates provided by advocates for the bill of the number of undocumented Illinois students, approximately 3,500 students may become newly eligible for the Monetary Award Program (MAP) under HB 2691, as amended, adding about \$9.0 million in annual demand for the program. Without additional funding, adding new recipients would require shifting dollars from other recipients. This projection incorporates estimates of the number of undocumented Illinois students, transgender students who may be required to register for Selective Service, and students who are currently ineligible for MAP because they have used the program to help pay for at least 75 credit hours but have not yet attained junior status. This estimate could be low for several reasons. Overall demand for funding could increase in future years as additional students apply. Also, ISAC does not have adequate information to estimate the potential increase in demand for smaller grant programs (which are also subject to appropriation) or any increases in demand for ISAC-administered programs attributable to students who receive in-state tuition rates because of their military or veteran status.
