103rd GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

72nd Legislative Day

2/22/2024

Speaker Buckner: "The House will be in order. Members will be in their chairs. We shall be led today by Jasmine Gurneau. Jasmine is with Chicago Indian American (sic-American Indian) Community Collaborative in Chicago, Illinois. Jasmine is the guest of Representative Faver Dias. Members and guests are asked to refrain from starting their laptops, turn off cell phones, and rise for the invocation and the Pledge of Allegiance."

Jasmine Gurneau: "[Recited in Oneida/Menominee language.] Hello, everyone. My name is Jasmine Gurneau. I am a citizen of the Oneida Nation and a descendent of the Menominee Nation, and I'm proud to serve as the board president for the Chicago American Indian Community Collaborative. I'd like to begin this Session today by recognizing the land of the Three Fires people, the Ojibwe, Odawa, and Bodewedmi, but also the Ho-Chunk, Peoria, Kaskaskia, Piankashaw, Wea, Miami, Mascoutin, Sauk and Fox, Mesquaki, Kickapoo, and Chickasaw Nations. As you can tell by the many tribal nations I named, Illinois and these lands and territories have always been an important place of gathering, a place of knowledge sharing, and a place in which we deliberately always traded with each other and have engaged in political exchange in order to build new worlds together. I wanted to acknowledge that context as we open this Session here today. I also want to share that land acknowledgments without action and commitments to Native people today and in the future are empty gestures. As people who are in public service, we appreciate the leadership and service that you all provide. There is nothing more honorable than those who are in service to community. We are so happy

to be here today and to build relationships with you, to have the opportunity to build relationships, to heal historic harms and build into the future in positive ways. As someone who was born and raised in the State of Illinois and raising my family here, I'm so proud to stand here and say that my kids, who are here in the Speaker Gallery just above me... sorry, gallery today, that they're witnessing the state, you all, upholding your responsibility to Indigenous sovereignty and, specifically, the Prairie Band Potawatomi. My kids will grow up with a story of justice being done, of lands being returned to our Native people. In the spirit of our moral responsibilities, I hope you all continue holding the Three Fires people and Native nations in your rights, responsibilities, and relationships here, now, and in the future so that we can build the worlds that we want. Waewaenen, Yaw^ko, Dan^to."

Speaker Buckner: "We will be led in the Pledge... thank you. We will be led today in the Pledge of Allegiance by Representative 'Big Dave' Severin."

Severin - et al: "I pledge allegiance to the flag of the United States of America and to the republic for which it stands, one nation under God, indivisible, with liberty and justice for all."

Severin: "Thank you, Mr. Speaker. Point of personal privilege, please."

Speaker Buckner: "Please proceed."

Severin: "If I could have your attention just for a moment. I have a guest on the House Floor today. He's making his return today. This is his third time as a Page. This is Mr. Johnathan Showalter from Dahlgren Grade School. He's in 6th grade, 11 years old. He is the son of Gary and Jodi Showalter. Some activities he participates in... and you'll want to pay attention here in just a minute 'cause he's going to do something that nobody else in this Capitol can do. But he... he leads prayer in his prayer circle. He plays the oboe in the band. He's part of the choir. He's part of the 4-H member... or he's a 4-H member. He participates in the Veterans Day program. He's made blankets for persons in nursing homes, also blankets for animals in animal shelters. And he also participates in making valentines for veterans. He's part of... he's one of the distinguished high honors and top accelerated readers, and he also has a distinguished ability to recite all 46 Presidents in order in 28 seconds. So, here we go."

Johnathan Showalter: "George Washington, John Adams, Thomas Jefferson, James Madison, James Monroe, John Quincy Adams, Andrew Jackson, Martin Van Buren, William Harrison, John Tyler, James K. Polk, Zachary Taylor, Millard Fillmore, Franklin Pierce, James Buchanan, Abraham Lincoln, Andrew Johnson, Ulysses Grant, Rutherford B. Hayes, James A. Faver Dias: "Thank you, Mr. Speaker. A point of personal privilege."

Speaker Buckner: "Please proceed."

Faver Dias: "It is my honor today to introduce and recognize the group of folks who are in the Speaker's Gallery. Today is the 2024 Native American Summit Day here at the Capitol. American Indian leaders from all over the state and in neighboring states have traveled to Springfield to bring awareness and advocate for issues directly affecting their community. I'd like to welcome the Chicago American Indian Community Collaborative, Tunica Biloxi Tribe, and Prairie Band Potawatomi. As an American history teacher, I know our country and state have perpetuated a multitude of injustices and oppression towards Indigenous people. It is time that we recognize and take tangible steps to addressing the sins of our past. It is my hope that this Body will engage with these American Indian leaders here today and take a step towards a

more just and inclusive future for the original inhabitants of our state. Thank you all for being here."

Speaker Buckner: "Welcome to your Capitol. Leader Gordon-Booth, for what reason do you seek recognition?"

Gordon-Booth: "Thank you, Mr. Speaker. Moment of personal privilege, please. This Saturday, the 182nd Airborne will be deploying young men and women to go to a far, unknown land, to them, at about 3 a.m. this upcoming Saturday. And I ask this Body for your prayers as my son will be deployed with the 182nd Battalion this coming Saturday. We all serve in this Body, and we all respect and love our veterans so much, but it hits very close to home when that veteran is your spouse, your parent, your child. And so, I just ask that this Body be willing to say a little prayer for my son as he travels to the other side of the world to protect the interests of the United States government and the citizens of the United States of America. Thank you."

Coffey: "If I could direct everybody's attention to the Speaker's Gallery, and I could get the Rochester football team to all stand up, please, that would be great. I rise today to recognize and congratulate the Rochester High School football team for capturing their ninth state championship title in their program history. The Rochester Rockets went 14 and 0 in an undefeated season and winning the state championship against St. Laurence High School with a final score of 59 to 38. Another point of recognition. This the first time in school history the freshman, junior varsity, and varsity football teams all went undefeated and were conference champions in the same season. The team's coach, Derek Leonard, is a true inspiration for these athletes. His dedication and commitment to Rochester football team reflects the values he's distilled into the players to never stop chasing their dreams on and off the field. While Derek holds onto many great

achievements, like an overall 193 and 36 record, he still has to compete, but the competition is with his own family. While his father, Ken Leonard, is the winningest coach in State of Illinois history with a 419 and 81 record. Derek, you got a little ways to go, but I have no doubt you'll get there because we in the 95th District know that Derek Leonard is the finest football coach in the State of Illinois. Congratulations, Derek, and the entire Rochester football team for your great achievements and good luck to all the seniors in your next steps ahead. The 95th District is very proud of all of you. So, thank you, and congratulations."

Speaker Buckner: "Congratulations to the Rochester Rockets state football champions. Representative Scherer, for what reason do you seek recognition?"

Scherer: "Thank you, Mr. Speaker. Point of personal privilege."

Scherer: "I, too, would like to congratulate Rochester. Way to go. And coach, here we go again. I feel like instant replay. As I have told before, I'm... I'm Representative Scherer. And we... we were college roommates, we were roommates after college, and then we taught together for 35 years. So, I've known your family for a very long time. So, I can't go so far as to say you're the best coach because I'm afraid of Kenny if I would say that. So, we're just going to say the Leonards are the best coaches. Congratulations."

Today, I wish to honor Percy and Anna Julian, a husband and wife who are an important part of the history here in Illinois, here in my hometown of Oak Park, where they have made a significant difference in all of the sciences across the world. A little bit about Mr. Julian. Percy Julian, born in 18... thank you, Mr. Speaker. Percy Julian, born in 1899, was one of the most important chemists in our nation history. He worked at the Glidden Company in Chicago and later his own lab in Julian Laboratories in Franklin Park. He worked to synthesize new drugs, where he led a serious medical breakthroughs. Drugs that address many of the medications that allow us to receive treatment for glaucoma... glaucoma and also many of the hormonal issues that are... many of us are dealing with here in our great state. These drugs allowed us to have wide availability to make sure that we are well and our issues are addressed. He also was the first black chemist inducted into the National Academy of Sciences and the second black scientist inducted in the National Academy of Sciences. But he was not alone. His loved one, his wife, had a lot to do with his success and also her own success. Anna Johnson Julian, born in 1901, was the first black woman to earn her PhD in psychologies, where she received her degree in 1937 from the University of Pennsylvania. She served as the national president of the historical black sorority Delta

They both served the... served in the country... served in the company throughout its entirety. She served as the vice president. In 1950, the Julians moved to Oak Park, where I also lived and attended school. And I'm very proud to say that they have a wonderful home that we are restoring in Oak Park as a... as a museum for you to see all of their good work. At this time, as you know, there were few, very few, black people living in Oak Park, but they were making a difference and being great neighbors to many. They were very supportive of many of the progress that was happening in our great city here in Chicago. Even before they moved to Oak Park, the property was bombed. We... we wanted to make sure... the family wanted to make sure that in restoring the property that they will... will be able to sustain the riches and the information that they have provided to our great country and our great city around the sciences. Despite these racial attacks on their homes and their property, the family sustained themselves in Oak Park, and their daughter remains in that location today. It is important to know that because of the tenacity and what they have brought to the community, Oak Park has named their middle school after Percy Julian and is titled Julian Middle School. And this family, who has pioneered not only in Illinois but throughout our country, has made history, has made black history. And with the memory of Percy and Anna and their contributions to science and the

adversities that they have overcome, the role has played a great... oh, played in creating a great inclusive, progressive community in Oak Park as of today. And at... with that, Oak Park has made the significant of celebrating them at our Oak Park Library here in Oak Park. And please take a minute to come to Oak Park Library and visit the display that really highlights their contributions to this great country. Thank you."
