Illinois Motor Vehicle Theft Prevention Act (Public Act 100-0373)	27

History of the Council

In 1991, the General Assembly established the Illinois Motor Vehicle Theft Prevention Council, an 11-member coalition of representatives from the insurance industry, state's attorneys and law enforcement officers, which was overseen by the Illinois Criminal Justice Information Authority.

The Illinois Motor Vehicle Theft Prevention Act requires insurance companies to pay \$1 into a special trust fund for each private passenger automobile insured for physical damage coverage in Illinois.

Approximately \$6.5 million is collected annually and distributed by the Council for the purpose of reducing vehicle theft, motor vehicle theft-related crimes and insurance fraud in Illinois. The funds are designated to support law enforcement programs that increase investigation and prosecution of vehicle theft-related crimes.

Between 1991 and 2014, the annual number of motor vehicle theft offenses in Illinois dropped 70 percent from 75,214 to 22,854.

In March 2015, the Governor issued Illinois Executive Order 8, which suspended state grants for that fiscal year and led to the suspension of grant contracts issued by the Council.

The ensuing state budget impasse, which lasted through August 2017, did not provide an appropriation for the Council to use monies deposited into the trust fund.

In 2017, the General Assembly passed House Bill 2610 (Senator Munoz/Representative D'Amico), which was signed into law that August and became Public Act 100-0373. The Public Act restructured the Council, changed administrative oversight from the Illinois Criminal Justice Information Authority to the Illinois Secretary of State's office, and expanded the scope of the Council.

Today, the new Illinois Motor Vehicle Theft Prevention and Insurance Verification Council remains committed to reducing vehicle theft, motor vehicle theft-related crimes and insurance fraud, but may also consider efforts to deter, investigate and prosecute recyclable metal theft.

In addition to the prevention of vehicle thefts, the trust fund supports the Secretary of State Mandatory Insurance Verification Program, which electronically verifies the status of motor vehicle liability insurance policies and prevents uninsured motorists from renewing their vehicle registrations.

The 11-member Council appoints a 5-member Grant Review Committee to review grant proposals, budgets, and other information that must be brought before the Council in order to award grants and carry out their mission.

Statewide Motor Vehicle Theft Trends

The annual number of motor vehicle theft offenses in Illinois for 2019 was 25,198. This represented a 66% reduction from 1991 when the total was 75,214.

Both 2014 and 2015 produced record low levels of motor vehicle theft offenses, having dropped to 22,854 in 2014 and 22,308 in 2015. For the past decade, motor vehicle thefts have been under 40,000 for each consecutive year, which is a greater than 45% reduction since the Council's inception.

Despite the periodic increases through the years, Council supported programming has led to major reductions in overall motor vehicle theft offenses. It is important to note that the increases seen in 2016 and 2017 coincide with a lack of program funding due to Illinois Executive Order 8 and the historic state budget impasse that ensued.

Individual law enforcement agencies typically are not adequately equipped or staffed with the resources to devote to sustained, multi-jurisdictional motor vehicle theft cases. Overall motor vehicle theft trends demonstrate that reductions occur when sustained, organized law enforcement efforts are put into place.

Annual Vehicle Theft, NICB Statistics

Cook County Motor Vehicle Theft Trends

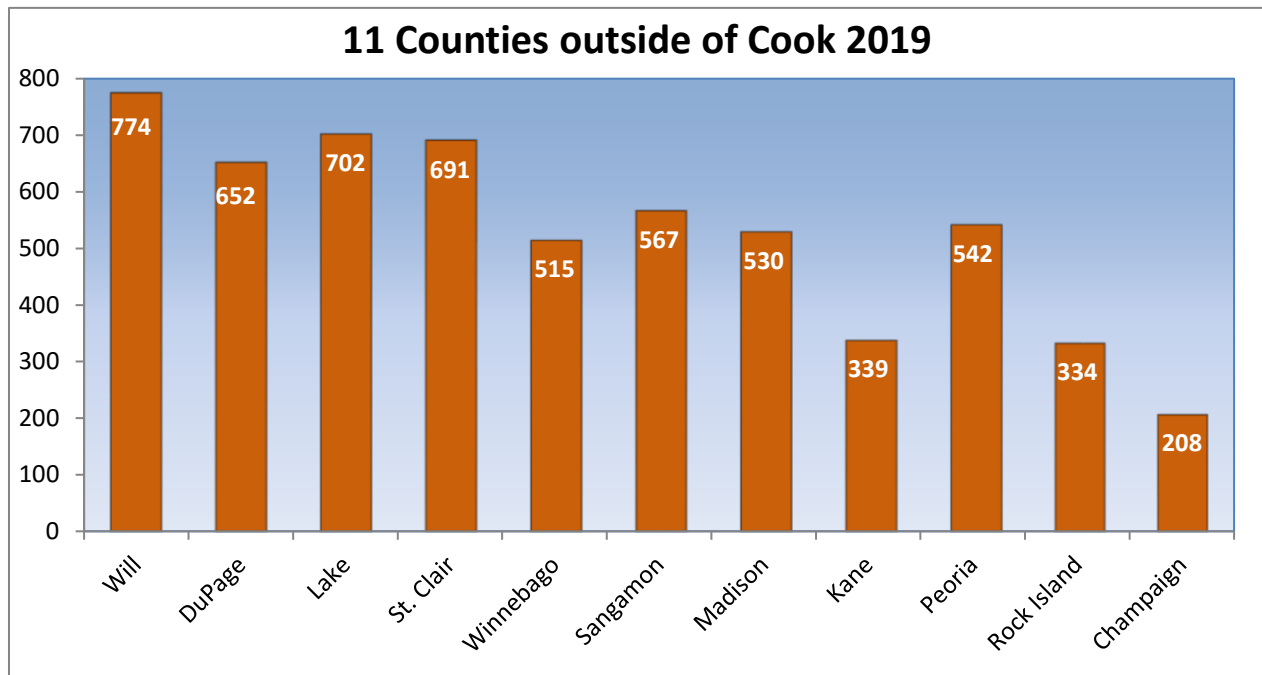

As the nation's second largest county, Cook County consistently holds the lion's share of motor vehicle thefts for the state of Illinois. For 2019, 16,456 thefts were recorded, which represents 65% of all thefts throughout Illinois. Program funding throughout the years has shown steady reductions in the total number of thefts and the figures for 2019 indicate a significant reduction of approximately 2000 fewer thefts from 2018.

Since 2009, Cook County has seen a 35% overall reduction in vehicle thefts. While there have been consecutive years of steady progress, continued law enforcement efforts are necessary for sustaining these reductions. A multi-faceted approach to combating motor vehicle theft that involves coordinated law enforcement efforts, an active community awareness campaign and the resources to bring about successful prosecutions will help to further reduce these numbers.

Overview of Council Programs and Activity

Program Activity

1992-2020

A variety of theft prevention efforts have been supported with Council funding since its inception in 1992. Funding emphasis had been placed upon law enforcement programs that enhanced investigation and prosecution of vehicle theft-related crimes. All programs were cooperative partnerships and nearly all involved considerable support from participating agencies.

Since 1992, programs funded by the Council expended approximately 143 million dollars. Most funds paid the salaries and benefits of personnel assigned to task forces and special investigative teams in the state. Remaining funds were utilized for equipment, commodities, travel, contractual agreements, and costs not covered by the other categories.

Due to the lack of a state budget appropriation, the Council was unable to support programs in Fiscal Year 2016 and Fiscal Year 2017. The budget impasse was not resolved until early Fiscal Year 2018, at which point legislation was passed to change administrative oversight of the Council to the Secretary of State's Office.

For 2018, the Council worked diligently to review, and offer revisions to, the [2019-2022 Statewide Motor Vehicle Theft Prevention Strategy](#), which is the document that serves as a guide to the Council in order to establish priorities of program funding for a 4-year cycle. An electronic payment system was also developed in order to streamline the collection process for insurance companies who are required to remit annual payments to the Trust Fund.

Council Activity

2020

Due to the COVID-19 pandemic, which swept through the state and nation, the Council faced significant scheduling disruptions for the year. On March 9, Governor J.B. Pritzker issued a Disaster Proclamation, declaring all counties in the State of Illinois as a disaster area. Further Executive Orders encouraged public bodies to postpone or cancel public meetings, which were not deemed critical or time sensitive.

Also lost throughout the pandemic were the opportunities for council staff to conduct site visits, which were greatly anticipated by not only council staff, but also the units who put forth considerable effort in a short amount of time to build their operations as quickly as possible.

Despite these disruptions, the Full Council met 3 times throughout 2020: February 20, July 28 and September 25. The Grant Review Committee met one time on September 10 and all meetings after February 20 were conducted remotely. Activity was centered upon task force updates, reviews of quarterly financial and performance reporting and the consideration of year-2 funding for all grant applicants for Fiscal Year 2021 (June 30, 2020).

Ultimately, year-2 funding grant agreements were entered into in the Fall of 2020 and partnerships were extended with an effort to combat auto theft, while reducing criminal activity, building safer communities throughout Illinois, and generating savings to consumers through reduced insurance premiums.

Council Funded Programs

2020

A variety of theft prevention efforts have been supported with Council funding since its inception in 1992. In 2020, the Council funded three task forces, which included 41 personnel supported by, or assigned to, Council-funded programs for the year. These programs also rely upon considerable support from participating agencies who share in the common mission of crime reduction.

Task Forces

Tri-County Auto Theft Task Force

Grantee: City of Joliet

Amount awarded in 2020 (FY21): \$1,173,265

The Tri-County Auto Theft (TCAT) Task Force serves the Joliet metropolitan area including Will, Kankakee, Grundy and Kendall counties. Within its boundaries contain three of the nation's largest interstate systems – I-55, I-80 and I-57.

The task force works with the police departments of Joliet, Romeoville, Kankakee, the sheriff's offices of Will and Kankakee County and the Will and Kankakee County State's Attorney's offices. This grant allows the unit to reduce auto theft and fraud related cases in the region, identify and recover stolen vehicles, investigate incidents of insurance and title fraud, and investigate scrap and recycling yards.

TCAT places a priority on fraud involving counterfeit titles/out of state titles, VIN switching, identity theft, vehicle cloning and insurance fraud. The task force assists local officers with specialized theft cases and routinely offer presentations to police departments, educating officers on all aspects of auto theft.

In Fiscal Year 2020, TCAT made 68 arrests, which resulted in 88 charges. The task force recovered 336 cars with an estimated value of \$3.6 million dollars.

Illinois Statewide Auto Theft Task Force

Grantee: Village of Thornton

Amount awarded for 2020 (FY21): \$1,495,692

The Illinois Statewide Auto Theft (ISATT) Task Force is a partnership between the Village of Thornton and the Secretary of State Police to combat auto thefts through collaboration with sworn staff from State, County and local law enforcement agencies. The task force operates with statewide jurisdiction, but focuses its efforts in the Northeastern Illinois region.

ISATT is located at the center of the I-294/80 corridor, which is a "hot spot" of auto theft crime in Illinois. Crimes involving auto theft, insurance fraud, rogue towing operators and recyclable metal theft are just some of the capabilities of this unit. Partnerships with State's Attorney's offices, the National

Insurance Crime Bureau and trained audit staff allow the task force to conduct cradle-to-grave investigations and prosecutions.

In Fiscal Year 2020, ISATT made 51 arrests, which resulted in 116 charges. The task force recovered 384 vehicles with an estimated value off nearly \$7.9 million dollars.

Metro East Auto Theft Task Force

Grantee: St. Clair Sheriff's Department

Amount awarded for 2020 (FY21): \$1,744,823

The Metro East Auto Theft (MEATTF) Task Force combats auto theft that is unique to southern Illinois and the Illinois-Missouri border. The task force is comprised of Investigators from agencies located in St. Clair County and Monroe County and works closely with the police departments of St. Louis and St. Louis County.

The Metro East is the largest urban area in Illinois outside of Chicago and is known for its sporting events, hotels, restaurants and shopping venues. MEATTF partners with multiple jurisdictions to reduce vehicle theft for individuals who reside within the region or are simply visiting. The task force also provides multiple classes throughout the year to educate patrol officers on auto theft trends and investigative tactics.

In Fiscal Year 2020, MEATTF made 119 arrests, which resulted in 78 charges. The task force recovered 294 vehicles with an estimated value of 3.8 million dollars.

Mandatory Insurance Verification

Prior to the Motor Vehicle Theft Prevention Act, Illinois would select a small random sample of eligible vehicle registrations each month and send a mailing to the vehicle owners, requiring that the owners provide insurance information valid on the date of selection. That information was then verified with the insurance company.

The Motor Vehicle Theft Prevention and Insurance Verification Act now designates that no more than 50% of each dollar collected for every year may be utilized for the creation, implementation and maintenance of an electronic motor vehicle liability insurance policy verification program.

For 2020, funds have been utilized to create and implement an electronic verification system and the Mandatory Insurance Division has begun the mandatory insurance verification process on a limited scale. Earlier this year, the system was tested and verified for proper operation. Once the system is fully operational, approximately 10 million vehicle registrations will be electronically verified, twice per year.

The Department anticipates approximately one million vehicle registrations will come back as “unmatched,” which will prompt a correspondence to be sent to the owners. The letter will outline how to verify insurance in case of error and also notify the owner that their vehicle registration may be suspended.

The Mandatory Insurance Division is currently staffed by 26 employees. In FY21 the Mandatory Insurance Division anticipates hiring an additional 10 employees to assist with the anticipated increase in call volume.

The development and implementation of the program shall be consistent with the standards and procedures of a nationwide organization whose primary membership consists of individual insurance companies and insurance trade associations. The program shall include, but is not limited to:

(1) a requirement that an insurance company authorized to sell motor vehicle liability insurance in this State shall make available, in a format designated by the Secretary that is consistent with a nationwide organization whose primary membership consists of individual insurance companies and insurance trade organizations, to the Secretary for each motor vehicle liability insurance policy issued by the company the following information:

(D) the policy effective date;

(E) the insurance company's National Association of Insurance Commissioner's number; and

(F) any other information the Secretary deems necessary to match an eligible vehicle with an insurance policy;

(2) a method for searching motor vehicle liability insurance policies issued and in effect in this State by using the information under paragraph (1) of this subsection (a);

(3) a requirement that at least twice per calendar year, the Secretary shall verify the existence of a liability insurance policy for every registered motor vehicle subject to Section 7-601 of this Code; and if the Secretary is unable to verify the existence of a liability insurance policy, the Secretary shall, by U.S. mail or electronic mail, send the vehicle owner a written notice allowing the vehicle owner 30 calendar days to provide proof of insurance on the date of attempted verification, or to provide proof that the vehicle is no longer operable;

(4) a requirement that a vehicle owner who does not provide proof of insurance or proof of an inoperable vehicle under paragraph (3) of this subsection (a) shall be in violation of Section 7-601 of this Code and the Secretary shall suspend the vehicle's registration and the owner shall pay any applicable reinstatement fees and shall provide proof of insurance before the Secretary may reinstate the vehicle's registration under Section 7-606 of this Code;

(5) a requirement that if a vehicle owner provides proof of insurance on the date of the attempted verification under paragraph (3) of this subsection (1), the Secretary may verify the vehicle owner's response by furnishing necessary information to the insurance company. Within 7 calendar days of receiving the information, the insurance company shall confirm and notify the Secretary the dates of the motor vehicle's insurance coverage. If the insurance company does not confirm coverage for the date of attempted verification, the Secretary shall suspend the vehicle's registration and the owner of the vehicle shall pay any applicable reinstatement fees and shall provide proof of insurance before the Secretary may reinstate the vehicle's registration under Section 7-606 of this Code;

(6) a requirement that the Secretary may consult with members of the insurance industry during the implementation of the program, including, but not limited to, during the drafting process for adopting any rules that may be necessary to implement or manage an electronic motor vehicle liability insurance policy verification program;

(7) a requirement that commercial lines of automobile insurance are excluded from the program, but may voluntarily report insurance coverage to the State.

(b) In addition to the semi-annual verification of liability insurance under subsection (a) of this Section, the Secretary may select monthly verification for a motor vehicle owned or registered by a person:

(1) whose motor vehicle registration during the preceding 4 years has been suspended under Section 7-606 or 7-607 of this Code;

(2) who, during the preceding 4 years, has been convicted of violating Section 3-707, 3-708, or 3-710 of this Code while operating a vehicle owned by another person;

(3) whose driving privileges have been suspended during the preceding 4 years;

(4) who, during the preceding 4 years, acquired ownership of a motor vehicle while the registration of the vehicle under the previous owner was suspended under Section 7-606 or 7-607 of this Code; or

(5) who, during the preceding 4 years, has received a disposition of court supervision under subsection (c) of Section 5-6-1 of the Unified Code of Corrections for a violation of Section 3-707, 3-708, or 3-710 of this Code.

(c) Nothing in this Section provides the Secretary with regulatory authority over insurance companies.

(d) The Secretary may contract with a private contractor to carry out the Secretary's duties under this Section.

(e) Any information collected, stored, maintained, or referred to under this Section shall be used solely for the purpose of verifying whether a registered motor vehicle meets the requirements of Section 7-601 of this Code and shall be exempt from a records request or from inspection and copying under the Freedom of Information Act. A request for release of verification of liability insurance policy information from the Secretary shall require a court order, subpoena, or the motor vehicle owner's approval.

(f) An insurer identified by an electronic motor vehicle liability insurance policy program as insuring less than 1,000 vehicles per year shall be exempt from the reporting requirements under subsection (a) of this Section.

(g) The Secretary may adopt any rules necessary to implement this Section.

(625 ILCS 5/7-604) (from Ch. 95 1/2, par. 7-604)

Sec. 7-604. Verification of liability insurance policy.

(a) The Secretary of State may select random samples of registrations of motor vehicles subject to Section 7-601 of this Code, or owners thereof, for the purpose of verifying whether or not the motor vehicles are insured. In addition to such general random samples of motor vehicle registrations, the Secretary may select for verification other random samples, including, but not limited to registrations of motor vehicles owned by persons: whose motor vehicle registrations during the preceding 4 years have been suspended pursuant to Section 7-606 or 7-607 of this Code;

(2) who during the preceding 4 years have been convicted of violating Section 3-707, 3-708 or 3-710 of this Code while operating vehicles owned by other persons;

(3) whose driving privileges have been suspended during the preceding 4 years;

(4) who during the preceding 4 years acquired ownership of motor vehicles while the registrations of such vehicles under the previous owners were suspended pursuant to Section 7-606 or 7-607 of this Code; or

(5) who during the preceding 4 years have received a disposition of supervision under subsection (c) of Section 5-6-1 of the Unified Code of Corrections for a violation of Section 3-707, 3-708, or 3-710 of this Code.

(b) Upon receiving certification from the Department of Transportation under Section 7-201.2 of this Code of the name of an owner or operator of any motor vehicle involved in an accident, the Secretary may verify whether or not at the time of the accident such motor vehicle was covered by a liability insurance policy in accordance with Section 7-601 of this Code.

(c) In preparation for selection of random samples and their verification, the Secretary may send to owners of randomly selected motor vehicles, or to randomly selected motor vehicle owners, requests for information about their motor vehicles and liability insurance coverage. The request shall require the owner to state whether or not the motor vehicle was insured on the verification date stated in the Secretary's request and the request may require, but is not limited to, a statement by the owner of the names and addresses of insurers, policy numbers, and expiration dates of insurance coverage.

(d) Within 30 days after the Secretary mails a request, the owner to whom it is sent shall furnish the requested information to the Secretary above the owner's signed affirmation that such information is true and correct. Proof of insurance in effect on the verification date, as prescribed by the Secretary, may be considered by the Secretary to be a satisfactory response to the request for information. Any owner whose response indicates that his or her vehicle was not covered by a liability insurance policy in accordance with Section 7-601 of this Code shall be deemed to have registered or maintained registration of a motor vehicle in violation of that Section. Any owner who fails to respond to such a request shall be deemed to have registered or maintained registration of a motor vehicle in violation of Section 7-601 of this Code.

(e) If the owner responds to the request for information by asserting that his or her vehicle was covered by a liability insurance policy on the verification date stated in the Secretary's request, the Secretary may conduct a verification of the response by furnishing necessary information to the insurer named in the response. The insurer shall within 45 days inform the Secretary whether or not on the verification date stated the motor vehicle was insured by the insurer in accordance with Section 7-601 of this Code. The Secretary may by rule and regulation prescribe the procedures for verification.

(f) No random sample selected under this Section shall be categorized on the basis of race, color, religion, sex, national origin, ancestry, age, marital status, physical or mental disability, economic status or geography.

(g) (Blank).

(h) This Section shall be inoperative upon the effective date of the rules adopted by the Secretary to implement Section 7-603.5 of this Code. (Source: P.A. 98-787, eff. 7-25-14; 99-333, eff. 12-30-15 (see Section 15 of P.A. 99-483 for the effective date of changes made by P.A. 99-333); 99-737, eff. 8-5-16.)

(625 ILCS 5/7-607) (from Ch. 95 1/2, par. 7-607)

If the Secretary determines that the proof of insurance submitted by a motor vehicle owner under Section 7-603.5, 7-604, 7-605 or 7-606 of this Code is false, the Secretary shall suspend the owner's vehicle registration. The Secretary shall terminate the suspension 6 months after its effective date upon payment by the owner of a reinstatement fee of \$200 and submission of proof of insurance as prescribed by the Secretary. All fees collected under this Section shall be disbursed under subsection (g) of Section 2-119 of this Code. (Source: P.A. 99-127, eff. 1-1-16.)
