FEDERAL FUNDS TRANSACTIONS DETAIL REPORT
October 1 – December 31, 2011

This report is compiled from data obtained from state agencies through the Legislative Research Unit's Federal Aid Tracking System which was established under the authority of P.A. 80-1029 and P.A. 93-632. Information regarding all applications for (and all awards of) federal funds to Illinois state agencies are recorded in a computer database. Using a State Application Identifier (SAI) number for each application submitted to a federal agency, LRU staff can track the status of each application including the amount applied for, the amount awarded, and any changes to the application or award amounts.

The data shown reflect information that was received by the LRU for a particular quarter, and may not reflect the actual dates of the requests and/or awards.

Applications that indicate funds were requested or awarded under the federal American Recovery and Reinvestment Act of 2009 are noted by beginning the title of the project/program with "ARRA-." Only applications that specifically indicate funds requested or awarded under the Act are so noted.

Additional information about the federal programs listed in this report can be found in *Federal Funds to State Agencies*, an annual report prepared for the Illinois General Assembly by the Legislative Research Unit. This report is available on the LRU Web site at www.ilga.gov/commission/lru/lru_home.html.

Questions concerning this report can be directed to Kathleen Hazelwood at (217) 782-6851.

LEGEND

CFDA: This column shows the identifying number assigned to the federal program by the U.S. Office of Management and Budget in the *Catalog of Federal Domestic Assistance*.

State Match Percent: This amount represents the percentage of total project costs to be expended from state funds.

Appropriated: This column indicates whether the federal funds for this program/project have been appropriated by the General Assembly in the past or, if a new application, whether the agency intends to have the funds appropriated. A blank space means the agency did not respond to the question.

Subgranted: This column indicates whether the federal funds are or will be subgranted (passed through) from the recipient agency to any other state agencies.
