8	CHAIRPERSON CURRIE: We have not only a quorum, but a
9	full complement and the Chair would note that
10	Representative Derrick Smith is not here today but his
11	attorney, Mr. Henderson, is present.
12	Mr. Henderson, could you confirm for us that you will
13	serve as counsel for Representative Smith before this
14	Committee?
15	MR. HENDERSON: Yes, so confirmed.
16	CHAIRPERSON CURRIE: Thank you very much.
17	The Select Committee on Discipline is created
18	pursuant to House Rule 94 following report of the House
19	Special Investigating Committee that thought there were
20	reasonable grounds to bring a charge for formal
21	disciplinary action against Representative Derrick Smith.
22	That Committee appointed Representatives Lou Lang and Jim
23	Durkin to present the case for disciplinary action before
24	the Select Committee.

	Page 6
1	I acknowledge the presence of the two House Managers
2	and I would ask at this time that you would formally
3	present the Charge and the Specifications against
4	Representative Smith.
5	HOUSE MANAGER DURKIN: Thank you, Madam Chair.
6	Representative Jim Durkin, Minority Caucus.
7	On June 5, 2012, the Special Investigative Committee
8	of the Illinois House found reasonable grounds exist to
9	bring a charge with specifications for formal disciplinary
10	action against State Representative Derrick Smith of the
11	10th District.
12	The Charge and Specifications reads as follows:
13	Charge: Representative Derrick Smith abused the
14	power of his office by participating in a scheme to obtain
15	a personal benefit in exchange for his official acts.
16	The Specifications are as follows:
17	Representative Smith, in his official capacity as a
18	State Representative, has an obligation to faithfully
19	discharge his duties in the best interests of the people of
20	the State of Illinois and not for his own benefit.
21	During the time period beginning on or about
22	December, 2011 through March, 2012, Representative Smith
23	agreed that, in exchange for a cash bribe, he would provide
24	an official letter of support of a daycare's Early

1	Page 7 Childhood Construction Grant to the Illinois Capital
2	Development Board.
3	On or about March 1, 2012, Representative Smith did,
4	in fact, sign this official letter of support in his
5	official capacity as a State Representative and planned or
6	intended for that letter to be submitted to the Illinois
7	Capital Development Board.
8	On or about March 10, 2012, Representative Smith did,
9	in fact, receive a cash bribe in exchange for providing
10	this official letter of support.
11	Accepting a cash bribe in exchange for an official
12	act, or even plotting or attempting to do so, constitutes a
13	breach of Representative Smith's obligation as a public
14	official to faithfully discharge his duties in the best
15	interests of the people of the State of Illinois and
16	warrants disciplinary action by the House of
17	Representatives.
18	It is our intention, myself and Representative Lang's
19	intention, to work cooperatively with counsel for
20	Representative Smith, Counsel Victor Henderson, on matters
21	of evidence and procedure and we ask the same of him.
22	Representative Lang and I will stand ready to answer
23	any questions at the appropriate time.
24	Thank you.

	Page 8
1	CHAIRMAN CURRIE: Thank you very much.
2	Mr. Henderson, do you plan for your client to contest
3	the charges or to admit to them?
4	MR. HENDERSON: The charges are contested.
5	CHAIRPERSON CURRIE: Thank you very much.
6	All right. Unless there is objection, I will enter
7	into the record the Report of the Special Investigating
8	Committee as Select Committee on Discipline Exhibit 1. Any
9	objection?
10	Thank you. It will then be part of the record.
11	So with the formalities aside, I would like to make a
12	few opening remarks.
13	This is not a happy day for anyone. We are brought
14	together because one of our members has been accused by
15	federal prosecutors of a crime that, if true, is a breach
16	of the public trust, a trust members of the Illinois House
17	of Representatives have sworn to uphold.
18	We are brought together because the Special
19	Investigating Committee, after gathering whatever evidence
20	it could, concluded there was a reasonable basis for
21	bringing a disciplinary charge against Representative
22	Smith.
23	It is our job to listen carefully to the evidence, to
24	remain open-minded as we do so, and we must work hard to

1	Page 9 reach a conclusion that is correct and is also just.
2	It is important to understand that we are not an
3	investigative body. The primary investigation and
4	fact-gathering function was undertaken by the Special
5	Investigating Committee. And while this Select Committee
6	is able to consider any additional information that comes
7	forward, our primary responsibility is to sit as an
8	impartial jury and judge the evidence and the arguments put
9	forth by each party.
10	I would also remind everyone that this Select
11	Committee is not the final word on this issue. The role of
12	the Select Committee on Discipline is to make a
13	recommendation to the full House, either to exonerate
14	Representative Smith, or find him at fault and then
15	recommend a specific penalty. The final decision lies with
16	the full House of Representatives.
17	The process needs to be fair to both parties and it
18	needs to be orderly. I will exercise my authority under
19	the House rules to establish procedural rules for this
20	Committee. I expect to have those rules filed with the
21	Clerk in very short order and all parties will be provided

Managers and Mr. Henderson that stipulations of fact or

- 1 evidence is strongly encouraged both by the House rules and
- 2 by me. We hope that, in lieu of a protracted battle over
- 3 documents or other evidence, the parties could reach
- 4 agreement and so stipulate.
- 5 Representative Rose, I would be happy to turn the
- 6 chair over to you for further comments.
- 7 REPRESENTATIVE ROSE: Thank you, Madam Majority
- 8 Leader.
- 9 This Select Committee on Discipline has a weighty
- 10 responsibility to fairly, deliberately, and impartially
- 11 conduct proceedings related to the Charge and
- 12 Specifications brought forth by our colleagues on this
- 13 Special Investigative Committee against Representative
- 14 Derrick Smith.
- 15 I believe it is fair to say that we will commit to
- 16 being very deliberate in our consideration of the Charge
- 17 and Specifications and in our evaluation of the information
- 18 presented by the Managers.
- 19 The role of this Committee is directly linked to the
- 20 Illinois Constitution. Article IV, Section 6 grants the
- 21 Illinois House the authority to determine the
- 22 qualifications of its members. After the Special
- 23 Investigatory Committee found a reasonable basis for
- 24 bringing these disciplinary charges, our Committee was

	D 1
1	Page 1 formed pursuant to House rule.
2	As the Majority Leader noted, we are not an
3	investigatory body nor are we a court of law. We are an
4	internal body of the House that is here to review the
5	charge and information presented by the House Managers and
6	by Representative Smith or his attorney.
7	To restate and conclude, we will strive to conduct
8	ourselves in this proceeding in a manner befitting the
9	seriousness of the charge pursuant to the rules that I
10	believe, as the Majority Leader just indicated, will be
11	established shortly and conclude as expeditiously as
12	possible.
13	Thank you.
14	CHAIRPERSON CURRIE: Thank you, Representative Rose.
15	Anybody else like to add any comments at this point?
16	If not, then the next order of business is our role
17	in relation to the role of the United States Attorney for
18	the Northern District of Illinois and his ongoing federal
19	investigation about Representative Smith and any related
20	areas.
21	This is a road down which some of us have traveled
22	before. During the House Impeachment Investigation of
23	former Governor Blagojevich, that committee decided as a
24	body that it would respect the directives of the United

Page 12

1	States Attorney with respect to any information he was
2	willing to turn over to the committee and any independent
3	investigation that the committee undertook to gather
4	information.
5	Simply put, that impeachment committee agreed not to
6	look for additional information or consider any evidence
7	that the United States Attorney thought would jeopardize
8	his ongoing federal investigation into Governor Blagojevich
9	and related matters.
10	At the impeachment trial of former Governor
11	Blagojevich before the Illinois Senate, the Illinois Senate
12	adopted the same rule as part of its procedural rules. The
13	Senate ruled out of order any evidence or testimony of any
14	kind if the United States Attorney deemed it to be an
15	interference with his ongoing federal investigation.
16	Our Special Investigating Committee impaneled this
17	year to consider the evidence against Representative Smith
18	adopted the same rule. Written documentation of the U.S.
19	Attorney's position was entered into the Special
20	Investigating Committee record as Exhibit 6 and 7 taken
21	together.
22	Finally, I would note that the court overseeing the
23	federal prosecution of Representative Smith has entered a
24	protective order that, essentially, seals from public view

	Page 13
1	the evidence provided by the U. S. Attorney to
2	Representative Smith. Unless there is any objection, I
3	would plan to enter into the record a copy of that
4	protective order as Select Committee Exhibit 2.
5	Any objection?
6	Hearing none, we will do exactly that.
7	Given this long line of precedent and, in fact, it is
8	a precedent with which I agree, I would suggest that this
9	Committee follow this lead and adhere to the directives of
10	the United States Attorney. Stated simply, the Committee
11	will refrain from pursuing or hearing any evidence that, in
12	the opinion of the U.S. Attorney, would interfere with
13	this pending case or his ongoing investigation of
14	Representative Smith.
15	Representative Rose, do you so move?
16	REPRESENTATIVE ROSE: I do.
17	CHAIRPERSON CURRIE: So, Representative Rose so
18	moves. Is there any discussion?
19	Hearing none, Clerk, please take the roll.
20	CLERK: Currie.

22 Fo	or our final issue today is scheduling, the
23 schedul:	ing of the final hearing and any interim dates. I
24 would l:	ike each side, the House Managers and Mr. Robinson,

Page 15

- 1 to provide the Committee with some idea as to how much time
- 2 they believe they will need before the final hearing. And
- 3 I would ask the parties to keep in mind that the principle
- 4 investigative work has already taken place under the
- 5 Special Investigating Committee.
- 6 So first, may we hear from the House Managers on the
- 7 scheduling issue.
- 8 HOUSE MANAGER LANG: Madam Chairman, ladies and
- 9 gentlemen of the Committee, the House Managers believe we
- 10 can put into the Chairman's hands, or Mr. Ellis' hands as
- 11 the attorney for the Committee, all of the information the
- 12 Committee would want from us by the end of business this
- 13 Friday.
- 14 CHAIRPERSON CURRIE: And I am sorry. I apologize,
- 15 Mr. Henderson. I called you Mr. Robinson, but I will call
- 16 you Mr. Henderson now and ask you, please, to give us your
- 17 sense of the timetable.
- 18 MR. HENDERSON: Well, if the Chairwoman would indulge
- 19 me for a more extensive response.
- 20 CHAIRPERSON CURRIE: The Chair will, but not very
- 21 extensive because you will have every opportunity to deal
- 22 with the substantive issues when we come to that point in
- 23 our proceedings. So really, scheduling is the issue.
- 24 MR. HENDERSON: Well, in response there, and I am

1	Page 16 going to echo some of the words that were used by both the
2	Chairwoman and some of the other members in terms of fair,
3	which is in the record, evidence, and being deliberate.
4	And it is painful sometimes to be honest, but it is
5	also important to be honest because that is why we are here
6	from a democratic standpoint. It is impossible to be fair
7	and to be deliberate and to hear evidence and to do these
8	things by Friday.
9	As you know, the Representative has been vigorous in
10	asking the judge in this matter to release all information.
11	The U.S. Attorney has vigorously fought releasing
12	information. And from the Representative's perspective,
13	you cannot have a fair and deliberate process that will
14	result in the right outcome any time soon.
15	I don't want to put a date on it. I certainly would
16	think that and, clearly, and again, I also have to, you
17	know, make this clear for the record, that if there is an
18	attempt to expedite the process prior to the time of the
19	November elections then that undermines any attempt to

Fax: 314.644.1334

So with that statement, again, I don't perceive that

the information can move or that this process can move that

quickly, even with the submission of evidence, as the House

present the proceeding as being one that is being fair or

deliberate.

1	Manager suggests, by Friday.
2	HOUSE MANAGER LANG: Madam Chairman.
3	CHAIRPERSON CURRIE: Representative Lang.
4	HOUSE MANAGER LANG: I would respond to Mr. Henderson
5	by saying that there were emotions in federal district
6	court relative to the protective order. The judge has
7	ruled on that protective order.
8	The people of the State of Illinois and the integrity
9	of the House of Representatives demands that we move on
10	this fairly but expeditiously. The election should not
11	have anything whatsoever to do with the final decision of
12	this Committee, nor with our schedule, because we are here
13	to seek a just result, but we are here to seek it on behalf
14	of the taxpayers and the citizens of our state who demand
15	and expect that the members of the House of Representatives
16	act every day for the people of the State of Illinois with
17	integrity. And one of the things this Committee will
18	determine is to whether Mr. Smith has conducted himself
19	that way.
20	And so, we can be ready we will be ready by Friday
21	to provide to the Committee all of the information the
22	Committee seeks as to where we are going in this matter,
23	what witnesses we will call, if any, what documents we will
24	provide, if any. We are prepared.

1	Page 18 This matter has been before this Committee while
2	the Committee has not convened, it is almost 30 days since
3	the Committee was formed. There was a former committee,
4	the one chaired by Representative Nekritz, that provided
5	the impetus for this Committee.
6	So I think, Mr. Henderson and Representative Smith
7	are both well apprised of the charges, well apprised of the
8	case, and it seems to me that they should be ready to
9	proceed.
10	CHAIRPERSON CURRIE: Thank you very much.
11	Do members of the Committee have questions?
12	Oh, I'm sorry, Mr. Henderson.
13	MR. HENDERSON: Yes. I would like to correct the
14	record, so all of the members understand what the judge's
15	protective order means.
16	In effect, there is evidence that Representative
17	Smith does not yet have access to. The government provided
18	quite a bit of information to Representative Smith just a
19	day or two ago, within the past 24 to 48 hours that is A.
20	B. What the protective order requires is that each
21	and every time the Representative would like to get
22	information to make available to you, that the
23	Representative is required to go and ask the judge for
24	permission.

1	Page 19 So it is not the prosecutor's office that determines
2	whether or not Representative Smith gets to take
3	information that would exonerate him and present it to you.
4	Rather, it is the judge that makes that determination. And
5	so, that process is one that is ongoing. And so, each and
6	every time there is information that we want of the
7	thousands, if not tens of thousands, if not hundreds of
8	thousands of pages of information, as well as other
9	evidence that is there, there is a process by which we have
10	to go in front of a judge to ask her permission in order to
11	present it to you. So that is not something that can
12	happen by Friday. So by definition, the Representative is
13	not in the position to present to you the information that
14	will exonerate him because there just isn't time.
15	So again, to the extent that the process is supposed
16	to be fair and deliberate, that fairness and deliberateness
17	cannot take place by Friday. Among other reasons, because
18	the judge does not entertain such motions every day. Among
19	other reasons, because, based on the amount of information
20	that has been provided, including information many of you
21	have heard on the con man, who is at the center of this
22	investigation, that has not all been provided. So there is
23	a lot of information that, just by definition, again, if
24	the process is going to be fair and deliberate, cannot be

	Page 20
1	done by Friday.
2	CHAIRPERSON CURRIE: Is there a response from the
3	House Managers?
4	HOUSE MANAGER LANG: My response, Madam Chairman,
5	would be the same.
6	Whatever is going on in the federal district court is
7	of interest to the taxpayers, is of interest to the federal
8	prosecutor. But the House must maintain the House's
9	integrity and this matter has been underway for some time,
10	since the time Representative Smith was arrested. And I
11	believe that Mr. Henderson and Representative Smith have
12	had ample time to request specific items of the federal
13	government.
14	Now, it may be that they just received some
15	information. But, neither the election nor the federal
16	prosecution should hold up the proceeding of the House of
17	Representatives to determine whether there is a member
18	among us who has, A, either violated the law or, B,
19	violated his public trust.
20	CHAIRPERSON CURRIE: Questions of the Committee.
21	Representative Riley.
22	REPRESENTATIVE RILEY: Thank you, Madam Chair.
23	And this question, well, goes to all of you,
24	essentially, the House Managers and Mr. Henderson.

1	We are sort of having a little bone of contention
2	here with regard to scheduling and it has to do with the
3	information under the protective order and some other kinds
4	of considerations.
5	I would like a little clarification. Maybe this is
6	sort of a rhetorical question. These issues and this
7	information was not part of what the Special Investigative
8	Committee was privy to, is that correct?
9	MR. HENDERSON: I would like to respond to that.
10	The Special Investigating Committee has seen nothing
11	other than the allegations that were advanced by the
12	prosecutor. So other than, again, the allegations or the
13	complaint, there has been no evidence bearing on this
14	matter that anyone has seen. The government just turned it
15	over to us, meaning the lawyers for Mr. Smith, within the
16	past 24 to 48 hours.
17	REPRESENTATIVE RILEY: Well, this is true and this is
18	my point. And a lot of what we are dealing with are the
19	information that the Special Investigative Committee had
20	and the decisions that they made. So isn't it that some of
21	these kinds of issues, like the protective order, isn't
22	that something that really is more important to the
23	impending federal trial and not necessarily what we are
24	here to do?

	Page 22
1	MR. HENDERSON: Again, I would like to respond.
2	I think the answer to that is no. I think there is a
3	procedural aspect of this proceeding and then there is a
4	substantive aspect, you know.
5	And I think the analogy is, would any of us want to
6	have a school teacher give us our grade before they even
7	look at the test. Or would any of us want to lose our jobs
8	because we are accused of wrongdoing without having our
9	employer do an investigation.
10	As of this point in time, the body doesn't have any
11	information. All you have is an allegation and a charge.
12	And so when you talk about protecting the integrity of the
13	House, I would like to make a side comment. I had the
14	privilege of serving as staff counsel for the United States
15	House of Representatives Ethics Committee in Washington
16	D.C. So it is not just about the outcome. It is about the
17	process. And so if all of us had been to school, if you
18	are comfortable with your teacher giving you a grade
19	without looking at the test, people are not going to be
20	comfortable with the grade. All of us could relate to
21	that. Or even in a very clear terms, if any of us were
22	charged with wrongdoing at our jobs and our employer just
23	said, well, you are out, without hearing what you have to
24	say, without looking at the evidence, we would all be

1	concerned about we wouldn't mind the outcome because the
2	process is flawed. And what I am representing to you as of
3	this point in time, you have no information.
4	REPRESENTATIVE RILEY: Well, that is a nice analogy,
5	but this is a special body, we here in the House, and so I
6	am not so sure that, you know, that really rises to what
7	our responsibilities are. I mean, I suppose we could say
8	we had enough because we have the information that came
9	from the Special Investigative Committee, and that is all
10	that we had at the time.
11	I would like is there an opinion from the House
12	Managers on my point?
13	HOUSE MANAGER LANG: I think
14	CHAIRPERSON CURRIE: Representative Lang.
15	HOUSE MANAGER LANG: Thank you.
16	I think your point, Mr. Riley, is well taken. The
17	fact is that, because the House rules require that actual
18	evidence in this matter be presented under the rules of
19	criminal evidence, much of what Mr. Henderson may have
20	received, and I don't know what it is, may not be
21	admissible here at all. The for instance, the federal
22	agent who signed the affidavit that was attached to the
23	federal complaint is not going to be made available to this
24	Committee by the U.S. Attorney. And therefore, he can't be

Pag	e	24

- 1 cross-examined. The confidential informant is not going to
- 2 be made available to this Committee. So that person cannot
- 3 be cross-examined. Many of the documents cannot be
- 4 properly -- foundation cannot be properly laid under the
- 5 rules of criminal procedure. So those documents will not
- 6 be admissible into evidence. And so my guess is that much
- 7 of what Mr. Henderson is referring to may be helpful to him
- 8 in the criminal case, but under our rules and under the
- 9 rules we are using, but most likely, not be entered into
- 10 evidence in this proceeding.
- 11 REPRESENTATIVE RILEY: Thank you.
- 12 CHAIRPERSON CURRIE: Thank you.
- I guess I have a real quick question for Mr.
- 14 Henderson. One way in which we might be able to hear the
- 15 other side of the story would be that if your client would
- 16 be prepared to testify before this Committee. Do you have
- 17 any plan to bring him before us?
- 18 MR. HENDERSON: There is a plan to bring him before
- 19 the body. However, we would not make that final
- 20 determination until we have had an opportunity to review
- 21 all of the information.
- 22 You know, for example, and again, I don't need to
- 23 remind all of you about some things you know, but this
- 24 government, for example, brought charges against Roger

Page 25

- 1 Clemens. Just a week or two ago and he was exonerated.
- 2 This same government brought charges against former
- 3 presidential candidate John Edwards. He was exonerated.
- 4 What I am encouraging you to do is to allow the
- 5 process to play itself out and to get the information and
- 6 then make a decision as opposed to make a decision and then
- 7 get the evidence. And that is the sum and substance. So,
- 8 getting the evidence is a process that has just started and
- 9 you can go on record and see that Representative Smith
- 10 asked for all of the information to be released to this
- 11 body. The judge denied that request. The government,
- 12 conversely, not only did it deny this body's request or the
- 13 request from the Special Investigating Committee to get all
- 14 the information so you all asked for the information as
- 15 well, your request was denied.
- So, it would be different, I think, that the body
- 17 should look at this proceeding differently if
- 18 Representative Smith was the one who was trying to hide the
- 19 information or to try to keep the information secret or to
- 20 try to keep the information from you. No, conversely,
- 21 Representative Smith is the one who has asked for all of
- 22 the information to come out so the body can have access to
- 23 it. You have asked for it. You have been denied it.
- 24 CHAIRPERSON CURRIE: We appreciate that. But let me

Page 2	26
--------	----

- 1 just point out, we have adopted a motion that says that we
- 2 are not prepared to use this Committee to interfere with
- 3 the ongoing criminal investigation before the United States
- 4 Attorney. And I appreciate your point that it was
- 5 Representative Smith that wanted all of this information to
- 6 be available. I would just reiterate the point that, if
- 7 Mr. Smith wants to come before this Committee, he had every
- 8 opportunity to appear today and tell his side of the story.
- 9 Representative Greg Harris.
- 10 REPRESENTATIVE GREG HARRIS: Thank you, Madam
- 11 Chairman.
- 12 And this is a question of Mr. Henderson, here.
- I am not an attorney, so if I ask, sir, silly legal
- 14 questions, please, bear with me and you will have to help
- 15 enlighten me on this.
- 16 So I am looking at the -- Judge Coleman's protective
- 17 order regarding discovery here that we have been provided.
- 18 And I assume this is the order that you are referring to
- 19 that allowed you to have access to certain documents that
- 20 you say you got within the last couple of days.
- 21 MR. HENDERSON: Yes.
- 22 REPRESENTATIVE GREG HARRIS: So, that order was
- 23 entered two weeks ago?
- 24 MR. HENDERSON: I don't know that it was two weeks

Page 27

Fax: 314.644.1334

1 ago, but relatively recently.

- 2 REPRESENTATIVE GREG HARRIS: The 14th of June is what
- 3 the order says. So you got some documents. We don't know
- 4 whether it is 100 pages or 500 pages or a thousand pages.
- 5 Obviously, if you read the order, that information is made
- 6 available to you and only to you.
- 7 In using your analogy about, you know, well, you have
- 8 to take a test and you have to study before you take the
- 9 test. At some point, you do have to take the test. So how
- 10 long would you need to study, I mean, given the volume of
- 11 documents that you have. You have used the election, which
- 12 I don't think is relevant to our particular inquiry, as an
- 13 end point. But in your -- from your point of view, just
- 14 looking at the actual number of documents, how long will it
- 15 take you to read through those, study them, and formulate a
- 16 response?
- 17 MR. HENDERSON: I don't know the full universe of
- 18 documents as of this point in time. Again, we just got
- 19 them 12 to 24 hours ago. We sent them to a IT company to
- 20 help us access them. So, we are in the process now of
- 21 trying to access the information to find out how much there
- 22 is. So I don't know right now how much there is. So
- 23 therefore, I can't tell you how long it will take us. I
- 24 should be able to give you an answer to that in a week or

Page 28

- 1 two, as soon as the IT people get back to us. But I can't
- 2 give you that information right now.
- 3 REPRESENTATIVE GREG HARRIS: So, you don't even know
- 4 how many documents you have?
- MR. HENDERSON: We have disks and the disks we have
- 6 are computer disks and the disks contain documents. We
- 7 have IT people who will take, you know, 20 or 30 or 40
- 8 disks and let us know how much evidence or how much
- 9 information is stored on those disks.
- 10 REPRESENTATIVE GREG HARRIS: Okay.
- 11 MR. HENDERSON: I would also like to refute an
- 12 earlier point or, at least, clarify an earlier point.
- 13 The statement has been made on more than one occasion
- 14 that Representative Smith has had an opportunity to come
- 15 and tell his side of the story. I don't think that is
- 16 quite accurate.
- 17 In this preamble and in the document, you indicate
- 18 that the Representative has a constitutional right and you
- 19 acknowledge that he has a constitutional right to remain
- 20 silent. And so to suggest or imply that by exercising his
- 21 constitutional rights that are guaranteed to all of us and
- 22 that his failure to discuss with this body thus far means
- 23 that he has not taken advantage of an opportunity to speak,
- 24 I think, is not completely accurate. Because if that is

Page 29

1	the case, then, the right that the constitution guarantees
2	all of us becomes meaningless. And what we have indicated
3	is that the Representative would like an opportunity to
4	review all of the information and then be able to present
5	facts and evidence to you in a process that you earlier
6	said was going to be fair and deliberate. So he would like
7	that opportunity.
8	CHAIRPERSON CURRIE: Since I was the one who
9	mentioned that, I was in no way suggesting that he could
10	not, should not, exercise his right, as you point out, that
11	he has under the constitution to remain silent. I was only
12	trying in the shorthand kind of way to say if you and he
13	want the other side of the story to be available to this
14	Committee, that would have been one avenue.
15	Mr. Durkin.
16	HOUSE MANAGER DURKIN: Thank you, Madam Chair.
17	I think we are getting a little bit off of track.
18	Let's be very clear about this. This Committee is not here
19	to determine whether or not Representative Derrick Smith is
20	guilty of a federal crime. You are here as an internal
21	function of the House of Representatives to determine
22	whether or not he has impugned the integrity of the House.
23	So I think that Representative Lang and I will, in
24	short order, have our case and our documents prepared

1	$$\operatorname{Page}30$$ within the next two days. There will be no secrets. We
2	are not going to try this hearing or trial by ambush. And
3	most of the information which we will proceed with is
4	already in the public domain. I would suggest if there is
5	a defense, it can only come from the mouth of one person.
6	And I would ask that he present his case. We can go
7	through months of document review by the U. S. Attorney's
8	office. It really does have no relevance to what we are
9	here to determine today and also sometime down the road.
10	I also will just make this comment, that if Counsel
11	is dissatisfied with Judge Coleman's protective order, I
12	would like to know whether or not he intends to file a
13	notice of appeal and take that up to the Appellate Court.
14	Secondly, I just want to add, even though this
15	government was responsible for trying Roger Clemens and
16	also John Edwards, this government was also responsible
17	with trying Rob Blagojevich about a year ago.
18	CHAIRPERSON CURRIE: Thank you, Mr. Durkin.
19	Are there further questions, comments from members of
20	the Committee?
21	HOUSE MANAGER LANG: I have one additional.
22	CHAIRPERSON CURRIE: Representative Lang.
23	HOUSE MANAGER LANG: Madam Chairman.
24	You've eluded to this in your comments, but I want to

1	Page 31 make sure this is a part of the record. That I would make
2	a formal request of Mr. Henderson to present his client
3	before this Committee and before the House Managers for our
4	questioning.
5	CHAIRPERSON CURRIE: Thank you.
6	Further comments or questions?
7	Representative Rose.
8	REPRESENTATIVE ROSE: Mr. Henderson, do you have a
9	response to Representative Durkin's question about the
10	attending of whether you intend to file an appeal of the
11	protective order or not?
12	MR. HENDERSON: As we are still looking at the
13	protective order. However, as a general rule, the
14	protective order deals with issues of discovery. It would
15	be highly unlikely that an Appellate Court would reverse a
16	decision of a district court judge in the context of
17	discovery. And that is even before we make a determination
18	that we are dissatisfied with the protective order, which
19	we have not done. I mean, some of this delves into legal
20	strategy of the Representative, which I don't want to
21	disclose. But I am fairly comfortable that we will be able
22	to get access to the information that we want to get access
23	to to present before this body. The only issue is timing.

Fax: 314.644.1334

So I am not -- my issue is not with the protective order.

24

1	Page 32 Rather, the issue, again, is with the speed within which
2	these proceedings appear to be going, which undermines, at
3	least from the Representative's standpoint, again, I have
4	to speak on his behalf, the representation that proceeding
5	was going to be fair and that the proceeding was also going
6	to take into account evidence.
7	I would also like to make one response to what
8	Mr. Durkin said. I think, from our perspective, I think
9	and again, as it relates to the reputation of the House,
10	because I recognize that this proceeding does not take
11	place in the context of a federal criminal trial. Rather,
12	it is about protecting the reputation and institution of
13	this House as a body. And so I don't think it is just
14	about Representative Smith. I think it is also about the
15	process on whether people will perceive that it was fair.

- 16 Because I think that is -- the much greater issue is
- 17 Representative Smith is the person that brings us here
- 18 today. However, the process and democracy is much bigger
- 19 than Representative Smith. So all eyes will be watching as
- 20 to whether or not people perceive that the process has been
- 21 fair and whether or not the body has reviewed evidence.
- 22 Because I think the reputation of the House will linger far
- 23 longer than this issue with Representative Smith. He just
- 24 happens to be the one who is here today.

Page 33 1 CHAIRPERSON CURRIE: Any further questions or comments from the Managers or from members of the 2 3 Committee? If not, a reminder that the issue before us is the 4 issue of a schedule. And I will take the matter of 5 6 scheduling under advisement. And I plan to release a 7 schedule soon, possibly as soon as the end of this week, 8 possibly even earlier. And if there is nothing further to come before the 9 Committee -- and I remind Mr. Henderson and the House 10 Managers, that if you have any questions or need any 11 additional information, please, feel free to talk to our 12 counsel, David Ellis. 13 14 And I want to remind all of you that you are not 15 allowed to talk to us, members of the Committee. 16 And Representative Rose. REPRESENTATIVE ROSE: I do have one last thing and it 17 is really just to thank Mr. Ellis and Mr. Freiheit, our 18 staff attorneys on both sides, as well as all of the staff 19 20 that have put in countless hours. I know I was reading 21 e-mails sent at 3:43 a.m. the other morning. So while we 22 are all here, we want to say a very appreciative thanks to 23 the staff, as well.

CHAIRPERSON CURRIE: And I will second that motion.

Fax: 314.644.1334

24

1	Page 34 So, with no further business to come before the
2	Committee, the Select Committee on Discipline will recess
3	to the call of the Chair.
4	Thank you all very much.
