Offered by Representative Jesiel:

WHEREAS, The General Assembly values the courage and hard work of law enforcement officers; it is important to ensure that these officers have the tools necessary to perform their duties without safety concerns; and

WHEREAS, Ford stopped making the Crown Victoria in 2011, but nearly two-thirds of the present State police fleet are still Crown Victorias; and

WHEREAS, Safety concerns have been expressed concerning the use of Ford Crown Victoria Police Interceptors; and

WHEREAS, The expansive front seat, the powerful V-8 engine, and the large trunk have made the Crown Victoria a favorite for officers, but certain design features have concerned auto-safety advocates as well as trial lawyers; and

WHEREAS, The Crown Victoria exceeds federal crash safety standards, however, the location of the fuel tank makes it especially dangerous for police work; and

WHEREAS, Safety advocates claim the position of the fuel tank on the Ford Crown Victoria, behind the rear axle rather than above or in front of the axle, has made the car more likely to burst into flames when struck from behind; and

WHEREAS, It is estimated that over 800 Illinois State Police squad cars on the road are Ford Crown Victorias; and

WHEREAS, It is critical to insure that the Illinois law enforcement personal are safe so that they are able to protect and serve; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge the Illinois State Police to study the safety of the current fleet of Ford Crown Victorias; and be it further

RESOLVED, That the report be delivered to the members of the Illinois House of Representatives by January 1, 2016; and be it further

RESOLVED, That a suitable copy of this resolution be delivered to the Director of the Illinois State Police.

HOUSE RESOLUTION 240

WHEREAS, These veteran student governing board members do not have to be voting members in order to impart their particular wisdom on issues affecting veterans; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we state our belief that a public or private post-secondary educational institution should include a student veteran on its governing board if the institution wishes to call itself "veteran friendly"; and be it further

HOUSE RESOLUTION 241

Offered by Representative Gordon-Booth:

BE IT RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we respectfully request that the Illinois Community College Board reconsider the contract it holds with the GED Testing Service with regard to high school equivalency testing, evaluate the results of other companies that provide high school equivalency testing versus historic data concerning the Test of General Educational Development, and study the feasibility of other companies providing high school equivalency testing in this State or having this State implement its own high school equivalency testing by looking at how other, comparable states administer high school equivalency testing; and be it further

HOUSE RESOLUTION 243

Offered by Representative Reis:

WHEREAS, The United States relies on gasoline, diesel, and jet fuel despite the recent focus on renewable and alternative sources of energy, and it will continue to rely on those fuels for many years; and

WHEREAS, In order to fuel our economy, the United States will need more oil and natural gas while also requiring additional alternative energy sources; and

WHEREAS, The United States currently depends on foreign imports for more than half of its petroleum usage, and it is the largest consumer of petroleum in the world; U.S. dependence on overseas oil has created geopolitical relationships with potentially damaging consequences for our national security; and

WHEREAS, Oil deposits in the Bakken Reserves of Montana, North Dakota, and South Dakota are an increasingly important crude oil resource; it contains an estimated 11 billion barrels of recoverable crude oil and there is not enough pipeline capacity for crude oil supplies from Montana, North Dakota, South Dakota, Oklahoma, and Texas to reach American refineries; and

WHEREAS, Canadian oil reserves contain an estimated 173 billion barrels of recoverable oil, and Canada is the single largest supplier of oil to the United States at 2.62 million barrels per day; Canada has the capacity to significantly increase that rate; and

WHEREAS, The Keystone XL pipeline will, when completed, carry 700,000 barrels of North American crude oil to American refineries in the Gulf Coast region; and

WHEREAS, Construction of the project will create 120,000 jobs nationwide, including 20,000 in construction and manufacturing, create \$20 billion in economic growth, and generate millions of dollars' worth of government receipts; and

WHEREAS, A recent study by the U.S. Department of Energy found that increasing delivery of crude oil from Montana, North Dakota, South Dakota, and Alberta, as well as Texas and Oklahoma to American refineries has the potential to substantially reduce our country's dependence on sources outside of North America; and

WHEREAS, Canada sends more than 99% of its oil exports to the United States, the bulk of which goes to Midwestern refineries; oil companies are investing huge sums to expand and upgrade refineries in the Midwest and elsewhere to make gasoline and other refined products from Canadian oil derived from oil sands; the expansion and upgrade projects will create many new construction jobs over the next 5 years and substantially add to the gross product of Illinois; and

WHEREAS, Ninety percent of the money used to buy Canadian oil will likely later be spent directly on U.S. goods and services in contrast with increasing the trade relationship with unstable regions; supporting the continued shift towards reliable and secure sources of North American oil is of vital interest to the United States and the State of Illinois; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we commend the members of Congress of the United States who have called for the expansion and completion of the Keystone XL pipeline system; and be it further

RESOLVED, That we call upon the President of the United States and his administration to speed up the process of granting final permits to enable construction to begin on the completion of the Keystone XL pipeline network for reasons of consumer protection and national security; and be it further

RESOLVED, That we request that the United States Department of Defense make a public statement as to the desirability of maximizing the production of fossil fuels within the boundaries of North America as part of our overall worldwide strategic position in relations to nations that do not wish well to the United States; and be it further

RESOLVED, That suitable copies of this resolution be sent to members of the Illinois congressional delegation, the President of the United States, the United States Secretary of Defense, the United States Secretary of the Interior, the United States Secretary of Energy, and the Administrator of the United States Environmental Protection Agency.

WHEREAS, The Department does not report the annual amount of tax credits that were authorized as part of their annual report; and

RESOLVED, That the Auditor General is further directed to commence this audit as soon as possible and, upon completion, distribute a report in accordance with Section 3-14 of the Illinois State Auditing Act; and be it further
