HOUSE RESOLUTION 1006

Offered by Representative Bourne:

WHEREAS, The whole people of Illinois - who pay for a General Assembly to plan for the long-term affairs of the State - deserve to have a budget planning document in place that considers medium-term and long-term spending pressures in the setting of State spending priorities; and

WHEREAS, No budget has been enacted for fiscal year 2016, the fiscal year that began on July 1, 2015; as a result, the overall economic climates of many sections of Illinois are threatened, endangering jobs in the

private and public sectors alike; as a result of these threats, local consumption of private-sector goods and services must drop; and

WHEREAS, Central Illinois, with its traditional orientation towards the maintenance of State of Illinois operations is one of these threatened areas; and

WHEREAS, With no budget enacted for fiscal year 2016, soon the State of Illinois will have operated under 4 different budgets in the span of 2 years - the fiscal 2015 budget signed by former Governor Quinn, the revised fiscal year 2015 budget containing necessary "fixes" to the original, flawed FY15 budget, the fiscal year 2016 non-budgeted State spending cycle being carried out right now under a series of State and federal court orders, and an enacted budget that will cover the remainder of FY16; and

WHEREAS, Under the fiscal year 2016 non-budgeted State spending cycle, State spending is continuing without legislative participation, putting Illinois on the financial brink and setting our State on a path to utter financial ruin and economic devastation for our taxpayers; and

WHEREAS, Political pressures associated with the 2016 election cycle will only increase with time, further tainting the budget process with politics and raising the possibility that, in the absence of corrective action, a repetition of this dismal pattern will occur as the spring 2016 deadline nears to craft and enact a budget for fiscal year 2017; and

WHEREAS, The General Assembly needs to re-establish a budget cycle and re-establish the credibility it needs in order to shift its attention to pension reform, property tax relief, crime and violence, the jobs climate, the outmigration from Illinois of younger and highly-educated workers and professionals, and other urgent issues; and

WHEREAS, Many states such as Nebraska, Ohio, and Texas, and including the neighboring state of Indiana, practice 2-year spending plans or full-scale biennial budgeting; and

WHEREAS, The Constitution of Illinois directs the Governor of Illinois to present an annual budget proposal to the General Assembly, but, as we have come to know all too well, nothing constrains the General Assembly's actual responses to these proposals, and nothing prevents the General Assembly from adopting a planning process that faces the fact that we, as a State, are on the financial brink, and responds to it in a professional manner and in keeping with our identity as legislators and our oaths of office; and

WHEREAS, In these times, moving toward a long-term budget planning cycle will enable State agencies performing essential services, third-party service providers whose services are no less essential, and institutions and entities of higher education to obtain the information that their leaders have testified is essential to carrying out their duties; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we declare that it is expedient for the General Assembly to adopt a 2-year budget planning document to cover revenues in all of fiscal years 2016 and 2017, take account of moneys already spent, and control spending in the remainder of fiscal year 2016 and all of fiscal year 2017; and be it further

RESOLVED, That this planning document should rely upon an honest estimate, without false promises or shoddy planning, of the actual financial income (especially general funds income) that the State will take in during fiscal years 2016 and 2017; and be it further

RESOLVED, That we urge the Commission on Government Forecasting and Accountability and the Governor's Office of Management and Budget to work together to develop an extraordinary consolidated revenue estimate for fiscal years 2016 and 2017, this estimate to be presented to both chambers of the General Assembly no later than 30 days after the adoption of this resolution; and be it further

RESOLVED, That we, the sponsors of this resolution, pledge to use this consolidated 2-year revenue estimate to work with our colleagues to develop a 2-year State budget and financial planning document; and be it further

RESOLVED, That our goal, as we develop this budget planning document, will be to end the current political cycle of reactive emergency measures and budget court orders; and be it further

RESOLVED, That suitable copies of this resolution be presented to Michael J. Madigan, Speaker of the House of Representatives, John Cullerton, President of the Senate, and Bruce Rauner, Governor.

HOUSE JOINT RESOLUTION 124

Offered by Representative Wallace:

WHEREAS, In 2013, the Supreme Court of the United States, in *Shelby County v. Holder*, held that states can no longer be judged by voter discrimination that went on decades ago; and

WHEREAS, The formula used in Section 4(a) of the Voting Rights Act was found to be unconstitutional, outdated, and no longer relevant in modern times; if a state had qualified under the formula in Section 4(a), Section 5 would be activated, which required review either by the United States District Court for Washington, D.C. or the Attorney General; and

WHEREAS, The U.S. Supreme Court directed Congress to identify jurisdictions that should be singled out now for voter discrimination, as opposed to discrimination 40 years ago, as long as the formula does not include black voter registration and turnout from decades ago; and

WHEREAS, If Congress does not re-authorize the formula in Section 4(a), the Voting Rights Act loses much of its original purpose to prevent discrimination in voting; without a formula in Section 4, Section 5 preclearance goes unused in states with a history of discrimination; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that we urge Congress to re-authorize Section 4 of the Federal Voting Rights Act so that citizens who were previously protected do not become disenfranchised; and be it further

RESOLVED, That suitable copies of this resolution be delivered to the Speaker of the United States House of Representatives Paul Ryan, United States Senate Majority Leader Mitch McConnell, and President Barack Obama.

WHEREAS, the project is contingent on compliance with applicable environmental requirements and, if federal funds or requirements are involved, approval by the Federal Highway Administration; and

WHEREAS, it is the intent of the Public-Private Partnerships for Transportation Act to promote public-private partnerships for transportation by authorizing transportation agencies to enter into public-private agreements related to the development, operation, and financing of transportation facilities; and

WHEREAS, the Department is seeking to move forward with the project to provide additional highway capacity along Interstate 55 from Interstate 355 to Interstate 90/Interstate 94 in DuPage, Cook, and Will Counties and toll the additional capacity pursuant to the authority provided under the Public-Private Partnerships for Transportation Act; and

WHEREAS, it is a requirement of subsection (d) of Section 15 of the Public-Private Partnerships for Transportation Act that prior to the Department's commencement of a procurement under the Act with respect to any potential project, the General Assembly shall authorize the commencement of the procurement by a joint resolution; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that in accordance with subsection (d) of Section 15 of the Public-Private Partnerships for Transportation Act, we authorize the Department to commence a procurement process for a project to provide additional highway capacity along

WHEREAS, During World War II, under a special program known as Women Airforce Service Pilots (WASP), female pilots flew noncombat missions to free up male pilots for combat; and

WHEREAS, WASPs were considered civilians; 38 women died in crashes, but neither they nor their families received military benefits; and

WHEREAS, WASP pilots were granted veteran status in 1977, making them eligible to have their ashes placed at Arlington National Cemetery with military honors; since 2002, this has gone on without controversy; and

WHEREAS, Recently, the United States Army, which oversees Arlington National Cemetery, stated that in 2002, the superintendent of the cemetery had no authority to begin allowing the remains of WASP pilots to be buried there, and under federal law, WASP pilots are only eligible for burial at cemeteries run by the Department of Veterans Affairs; and

WHEREAS, The WASPs were a distinct group of women; they test-flew repaired military aircraft, trained combat pilots, and towed airborne targets that other pilots fired at with live ammunition during training; and

WHEREAS, The WASPs are not asking for anything beyond what they earned; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that we urge the United States Army to reverse its decision and once again allow the Women Airforce Service Pilots to be buried in their rightful place at Arlington National Cemetery; and be it further

WHEREAS, Over the past two decades, the number of children in the United States living with immigrant parents grew 60% and accounted for 25% of children under the age of 18; and

WHEREAS, Immigrant families who speak a home language other than English should be considered to be powerful assets in their children's education and partners with a shared responsibility for student learning and achievement; and

WHEREAS, Research consistently demonstrates that family engagement is one of the most significant factors in supporting student academic success; and

WHEREAS, The State should help ensure that each school district is able to meet its obligations to provide equitable access for students and families of all linguistic backgrounds; and

WHEREAS, There are currently no professional certification standards for foreign language interpreters in public schools; and

WHEREAS, Developing a training and certification program and establishing minimum standards for individuals providing foreign language interpretation services in schools will help students reach their full academic potential; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that the Bilingual Advisory Task Force, created by House Joint Resolution 36 of the 99th General Assembly, shall also study the feasibility of professional certification standards for foreign language educational interpreters in public schools; and be it further

RESOLVED, That should the Task Force deem certification standards feasible, those certification standards shall help ensure that interpreters serving school districts have demonstrated the core competencies of fluency, methodology, and ethics of interpretation and translation; and be it further

RESOLVED, That if the Task Force determines that certification standards are needed, it shall recommend procedures for school districts pertaining to when and how to access a language interpreter; and be it further

RESOLVED, That the Task Force may examine the process for certifying educational interpreters for students and parents who are deaf and may recommend a similar process for foreign language interpreters; and be it further

RESOLVED, That two additional members shall be added to the Task Force, to be appointed by the State Superintendent of Education, one of whom shall be the president of a community college, and one of whom shall be an assistant principal in the Chicago public schools; and be it further

HOUSE JOINT RESOLUTION 128

Offered by Representative Winger:

WHEREAS, The neighbors of O'Hare International Airport understand the importance of this airport to Illinois' economy and its supply of good jobs; and

WHEREAS, The neighbors of O'Hare want to take an active and friendly role in helping the airport deal actively with its many noise problems; and

WHEREAS, Among the sponsors of this resolution are individuals who have talked with representatives of the City of Chicago and who appreciate the work that the Chicago Department of Aviation is doing to improve the technology that it is investing on gathering noise pollution data and improving data communications and database technology to consolidate and store this data; and

WHEREAS, This is not the first time that Chicago has reached out to its "noise neighbors"; as part of its long-term expansion plans, Chicago and many of O'Hare International Airport's principal airlines have maintained multi-year voluntary noise abatement flight procedures, instituted in 1997 and continuously revised since then as the "O'Hare International Airport Fly Quiet Program"; and

WHEREAS, Compliance with the Fly Quiet Program is overseen by the O'Hare Noise Compatibility Commission, an intergovernmental agency that includes Cook County, 41 municipalities, and 16 school districts adjacent to and around O'Hare International Airport; and

WHEREAS, The voluntary flight procedures included in the Fly Quiet Program include approved, voluntary, recommended aircraft pathways for safe commercial jet takeoffs from O'Hare International Airport, effective from 10 P.M. to 7 A.M.; and

WHEREAS, The O'Hare Fly Quiet Program releases quarterly reports to measure compliance with the elements of the Program, including compliance by airlines and their pilots with approved runway departure flight paths; these reports show that, as of 2015, many aircraft departures currently deviate significantly from the approved "Fly Quiet" flight paths, thereby imposing noise pollution upon substantial areas of residences, schools, commercial and industrial structures, as well as property owners, whose properties are not sufficiently monitored for noise pollution and are not sufficiently mapped as impacted by aircraft noise; and

WHEREAS, The Fly Quiet report published by the Chicago Department of Aviation and covering the fourth quarter of calendar year 2014 showed massive partial compliance and noncompliance with Fly Quiet runway departure guidelines, with one runway departure point (22L) showing only 40% of aircraft departure flight paths being implemented so as to keep the aircraft within 0.5 nautical miles of the approved takeoff pathway, so that 60% of the planes during this time period, taking off from this runway location, applied engine power and climbed into the sky while the plane was located at least 0.5 nautical miles or more away from the approved pathway; and

WHEREAS, Above and beyond runway departure point 22L, other O'Hare International Airport runway departure points also showed significant patterns of partial compliance and non-compliance with Fly Quiet takeoff flight path guidelines in the fourth quarter of 2014; and

WHEREAS, Overall monitoring by the O'Hare Noise Compatibility Commission and others indicated that, in 2015, Fly Quiet voluntary guidelines were being adhered to in only 30% of total flights during nighttime hours; and

WHEREAS, These examples of partial compliance and noncompliance impose substantial financial and quality-of-life burdens upon the neighbors of O'Hare International Airport, including individuals and businesses that understand the importance of the airport and want to be good neighbors; and

WHEREAS, The airlines that operate at Chicago O'Hare International Airport also have many other interrelationships with the City of Chicago, the Federal Aviation Administration within the United States Department of Transportation, and many other entities; and

WHEREAS, These airlines include the use of a specified number of departure gates and related support facilities; access to these departure gates and these support facilities are essential assets for doing passenger and cargo business at O'Hare International Airport; access to support facilities is an essential asset for doing non-passenger cargo business at the same airport; and

WHEREAS, Whenever an airline changes hands, and under a wide variety of other circumstances, access to major airport departure gates and support facilities is closely looked at by the owner of the airport, the United States Department of Transportation, and many other stakeholders in the United States airline industry; and

WHEREAS, The O'Hare International Airport Fly Quiet Program should be elevated to the rank of an independent, autonomous stakeholder in any future decisions made by O'Hare International Airport and its partners that will affect future allocations of airport departure gates and support facilities; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that we state the belief that O'Hare International Airport's noise monitoring technology should be coupled with artificial-intelligence software, including, but not limited to, software that gauges Community Noise Equivalent Level noise levels, to the maximum extent allowed by current technology in order to match the noises perceived by each station at each time to specific individual flight operations and the operations of individual airline firms and to gauge the compliance of each individual airline firm with the noise, time-of-day, and flight path guidelines set down in the Fly Quiet Program; and be it further

RESOLVED, That we call for a measurable improvement in Fly Quiet compliance no later than January 1, 2017, with further improvements to follow; and be it further

RESOLVED, That we urge the Aviation Department of the City of Chicago to select a trusted third party that represents the interests of O'Hare International Airport's noise neighbors and to share the information enumerated in this resolution with this third party; such information-sharing should be carried out in a manner that does not violate the intellectual properties and executive status of secure information controlled by any significant stakeholders at the airport; and be it further

RESOLVED, That, as a part of this information sharing, we urge the Aviation Department and the trusted third party to collaborate to develop a rank-ordered chart of each airline firm's compliance with the guidelines contained in the O'Hare International Airport Fly Quiet Program; the chart should be public information and should be revised and republished not less than every 3 months on the same basis as the reports currently submitted by the Fly Quiet Program to the public; and be it further

RESOLVED, That these charts and the data from which these charts are generated should be given explicit and formal consideration as elements in any decisions made, subsequent to the start of the generation of this data and these charts, on the reallocation of departure gates and support facilities at O'Hare International Airport; and be it further

RESOLVED, That suitable copies of this resolution be presented to Chicago Mayor Rahm Emanuel, Secretary of the United States Department of Transportation Anthony Foxx, and the members of the Illinois congressional delegation.

SCHEDULE

This Constitutional Amendment takes effect upon being declared adopted in accordance with Section 7 of the Illinois Constitutional Amendment Act.

The foregoing HOUSE JOINT RESOLUTION CONSTITUTIONAL AMENDMENT 54 was taken up, read in full a first time, ordered reproduced and placed in the Committee on Rules.

Representative Franks introduced the following:

HOUSE JOINT RESOLUTION CONSTITUTIONAL AMENDMENT 55

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that there shall be submitted to the electors of the State for adoption or rejection at the general election next occurring at least 6 months after the adoption of this resolution a proposition to amend Section 7 of Article III of the Illinois Constitution as follows:

ARTICLE III
SUFFRAGE AND ELECTIONS

SECTION 7. ~~INITIATIVE TO RECALL GOVERNOR~~

(a) Electors may petition for the recall of an executive branch officer as identified in Section 1 of Article V, a member of the General Assembly, or an individual holding a local elected office, including, but not limited to, mayors, village presidents, council members, school board members, community college officials, and county officials. If the recall petition is valid, on a separate ballot the question "Shall (officer) be recalled from the office of (office)" must be submitted to the electors, along with the names of any candidates certified for the successor election, at a special election called by the State Board of Elections or at a regularly scheduled election to occur not more than 100 days after the date of certification of the recall petition. The officer or member subject to recall may be a candidate in the successor election. Because the Governor and Lieutenant Governor are elected jointly under Section 4 of Article V, a petition to recall either must include both.

(b) An executive branch officer as identified in Section 1 of Article V, a member of the General Assembly, or an individual holding a local elected office, including, but not limited to, mayors, village presidents, council members, school board members, community college officials, and county officials, is immediately removed upon certification of the recall election results if a majority of the electors voting on the question vote to recall the officer, member, or individual. In an election to recall the Governor and Lieutenant Governor, one vote shall be cast jointly for or against recall of both. If an officer, member, or individual is recalled, the candidate who receives the highest number of votes in the successor election is elected successor for the balance of the term. Once a recall election petition is certified, the petition may not be withdrawn and another recall petition may not be initiated against that officer or member during the remainder of his or her current term of office.

(c) Any elector of the State, the applicable Legislative or Representative District, or the applicable election unit may file an affidavit with the State Board of Elections providing notice of intent to circulate a petition to recall an officer, member, or individual no sooner than 6 months after the beginning of the current term of office of the officer, member, or individual. The affidavit must identify the name of the officer, member, or individual and the office to be recalled, the name and address of the proponents of the recall petition, and the date of filing with the State Board of Elections. A recall petition shall not be circulated prior to filing the affidavit, and a recall petition must be filed with the State Board of Elections no later than 160 days after filing the affidavit.

(d) A petition to recall an executive branch officer must include signatures of electors of the State equal to at least 12% of the total votes cast for the office in the election at which the officer was elected, with signatures equal to at least 1% of the vote for the office from at least 5 separate counties. A petition to recall a member of the General Assembly must be signed by electors of the respective Legislative District or Representative District equal to at least 20% of the total votes cast for the office in the election at which the member was elected. A petition to recall an individual holding a local elected office, including, but not limited to, mayors, village presidents, council members, school board members, community college officials, and county officials, must be signed by electors of the applicable election unit equal to at least 20% of the total votes cast for the office in the election at which the member was elected. The form, circulation, and manner of filing a recall petition shall comply with the requirements provided by law for a statewide advisory public question, except for the deadlines set forth in this Section.

(e) A recall petition is valid unless an objection is made within 45 days after the date the petition is filed, and an objection to the recall petition may be made in the same manner as to a candidate for the office subject to recall. The State Board of Elections shall certify the recall petition not more than 105 days after the date the recall petition is filed. Any recall petition or election pending on the date of the next general election at which a candidate for the office subject to recall is elected is moot.

(f) If a recall election is initiated, the name of no successor candidate may appear on the ballot unless a nominating petition has been filed with the State Board of Elections no more than 40 days after filing of the recall petition. The nominating petition of an established party candidate must contain the same number of signatures and be circulated in the same manner as an established party candidate for nomination to the office subject to recall, except the petition must be circulated no more than 40 days prior to the last day for filing

nomination petitions. The nominating petition of an independent or new party candidate must contain the same number of signatures and be circulated in the same manner as an independent or new party candidate, respectively, for election to the office subject to recall, except the petition must be circulated no more than 40 days prior to the last day for filing nomination petitions. A nominating petition may be objected to in the same manner as a candidate for the office subject to recall, unless otherwise provided by law. The State Board of Elections shall certify a valid nominating petition not more than 105 days after the date the recall petition is filed.

(g) An election to determine whether to recall an executive branch officer as identified in Section 1 of Article V, a member of the General Assembly, or an individual holding a local elected office, including, but not limited to, mayors, village presidents, council members, school board members, community college officials, and county officials, and to elect a successor shall be proclaimed by the State Board of Elections and held not less than 60 days and no more than 100 days after the date of certification of the recall petition.

(h) The provisions of this Section are self-executing and judicially enforceable.

~~(a) The recall of the Governor may be proposed by a petition signed by a number of electors equal in number to at least 15% of the total votes cast for Governor in the preceding gubernatorial election, with at least 100 signatures from each of at least 25 separate counties. A petition shall have been signed by the petitioning electors not more than 150 days after an affidavit has been filed with the State Board of Elections providing notice of intent to circulate a petition to recall the Governor. The affidavit may be filed no sooner than 6 months after the beginning of the Governor's term of office. The affidavit shall have been signed by the proponent of the recall petition, at least 20 members of the House of Representatives, and at least 10 members of the Senate, with no more than half of the signatures of members of each chamber from the same established political party.~~

~~(b) The form of the petition, circulation, and procedure for determining the validity and sufficiency of a petition shall be as provided by law. If the petition is valid and sufficient, the State Board of Elections shall certify the petition not more than 100 days after the date the petition was filed, and the question "Shall (name) be recalled from the office of Governor?" must be submitted to the electors at a special election called by the State Board of Elections, to occur not more than 100 days after certification of the petition. A recall petition certified by the State Board of Elections may not be withdrawn and another recall petition may not be initiated against the Governor during the remainder of the current term of office. Any recall petition or recall election pending on the date of the next general election at which a candidate for Governor is elected is moot.~~

~~(c) If a petition to recall the Governor has been filed with the State Board of Elections, a person eligible to serve as Governor may propose his or her candidacy by a petition signed by a number of electors equal in number to the requirement for petitions for an established party candidate for the office of Governor, signed by petitioning electors not more than 50 days after a recall petition has been filed with the State Board of Elections. The form of a successor election petition, circulation, and procedure for determining the validity and sufficiency of a petition shall be as provided by law. If the successor election petition is valid and sufficient, the State Board of Elections shall certify the petition not more than 100 days after the date the petition to recall the Governor was filed. Names of candidates for nomination to serve as the candidate of an established political party must be submitted to the electors at a special primary election, if necessary, called by the State Board of Elections to be held at the same time as the special election on the question of recall established under subsection (b).
