Dr. John Johnson: "We pray. Eternal gracious God, Creator of Life and Death, Lord of the Nations and of our own lives, for the peace that is ours in the World today, for Your blessings upon all who have so diligently labored for an end to War, for the succussion of hostilities which have claimed the lives of so many of our Countrymen, for the growing list of those missing or presumed dead, but who are now found to be prisoners, for their release and eminent return to their loved ones and for the preservation of peace in our Land, we praise your name, O God, with thanks. And now, for wise counsel in this and all Sessions of our House to come, for insight to discern the times in which we live and legislate so that we may labor for that which is good and beneficial, for ability to carry out our calling in this House and in this State so that we may be true to the ideals we profess and for mercy to be and remain instruments for peace in our World, Brotherhood in our Nation and honor in our State, we beseech You, Good Lord, in the confidence that You will hear us both now and each time we cry for You, in the Name of our Redeemer. Hon. W. Robert Blair: "Committee Reports."

Fredric B. Selcke: "Mr. Blair, from the Committee on Rules, reports that the Committee on Rules recommended that the following Rule be adopted: Rule Number 11."

Hon. W. Robert Blair: "The ah.. gentleman from Cook, Mr. Walsh."

W. D. Walsh: "Mr. Speaker and Ladies and Gentlemen of the House, ah.. this... the Rules Committee determined that they would pass out an Amendment to the temporary Rules that we are operating under, and those are the Rules of the Seventy-Seventh General Assembly. And, this Rule 11 provides for the naming of Committees ah.. And, for your information, it reduces the number of Committees from... outstanding Committees from twenty-six to twenty. Ah.. and also provides for the Housekeeping ah.. Committee ah.. naming. And ah.., I move the ah.. adoption of the Committee Report."

Hon. W. Robert Blair: "The gentleman from Cook, Mr. Shea."

G. W. Shea: "Mr. Speaker, Ladies and Gentlemen of the House, ah.. I was the Member of the Rules Committee that moved that this, at least, this portion of the Rules be adopted immediately. Ah.. the reason for my doing that was really two-fold. One, once we have the Committees named, we can start the machinery to get the Members ah.. for those Committees so that we may.. may meet next week. Ah.. the second assurance I have from the Speaker is that after ah.. the adoption of this Rule or a similar one, that he will

name the Committee Chairman. And, at that time, ah.. Mr. Speaker, there will be requests to set certain Bills in Committee for next week."

Hon. W. Robert Blair: "The ah.. gentleman from Lake, Mr. Pierce."

D. M. Pierce: "I noticed, Mr. Majority Leader, that the Environment Committee has been ah.. abolished on your list. And, from the Rules Committee, you answered my question and said that, 'The Environment would now be part of ah.. Agriculture and Natural Resources'. Ah.. I have no objection to adopting Committees today cause, I think, we have to get started. But, I did note in the State's Senate, in the last... in the last biennium that the Environmental Bills, passed by this House and went to the Senate, Agriculture Committee, Agriculture and Waterways, whatever they call it, were all buried there, including the Lake Michigan Bill of Rights, Scenic Rivers Bill; andso on, where our Environment Committee in this House, under my former Lake County Colleague, John Henry Kleine and his able Members, passed many good Bills into this House, that we sent over to the Senate. I certainly hope that it's not your intent to have Environment buried as part of Agriculture in the new Rule 11."

Hon. W. Robert Blair: "The gentleman from Cook, Mr. Walsh."

W. D. Walsh: "Well, the answer to the gentleman's ah.. ah.. query, Natural Resources ah.. would seem to me certainly to include ah.. Environment. And, may I say that in connection

with the Senate, now that it's back in Republican control, I'm sure that we'll be able to get a lot of good Environmental Legislation through there."

Hon. W. Robert Blair: "The gentleman from ah.. Cook, Mr. ah.. Harold Washington."

H. Washington: "Ah.. I have ah.. a question for the Sponsor of this Resolution or motion, Mr. Speaker. Ah.. I agree that we've got to get the Committees formed. But, we just got this proposed New Rule 11 about half a hour ago. And frankly, I haven't had time to study it. I don't know what Committees have been abolished. I don't know into what Standing Committees, the abolished Committees will be incorporated. It seems to me, that we should have had accompanying this an explanatory note of some sort. Could you go through in detail and list for us what has been stricken and where, andsoforth, etc., andsoforth?"

Hon. W. Robert Blair: "The ah.. gentleman from Cook, Mr. Walsh."

W. D. Walsh: "Ah.. Representative Washington, this is ah.. being adopted really as an accommodation ah.. to Representative Shea, who is ah.. interested in ah.. getting these ah.. publicized, getting them ah.. known ah.. so that certain Bills can be heard which are ah.. ah.. critical that we're all, pretty well aware of. Now, we hope that tomorrow we will have the complete set of Rules. We will have them on everyone's desk and we will be prepared to discuss at length the changes that the Rules provide over the old. Ah..

We're really not prepared and wanted to do this again, as I say, as an accommodation. And there is, incidentally, complete agreement on the Rules Committee ah.. for these changes, for these ah.. ah.. Committees. Ah.. I... If you have any specific questions on the list that was or were you given this list?"

Hon. W. Robert Blair: "Mr. Washington."

H. Washington: "Yes, I have a list here. It.. It looks like hieroglyphics to me. Are you saying that we should adopt these Committees? And, pursuant to that adoption, we will select Committee Members and then we will go back and tell us what the Committees are supposed to do? It seems to me, that it's in reverse order. My point is simply I do not know where the abolished Committees have been incorporated into the proposed Standing Committees under the New Rule 3. It seems to me a very simple explanation of that would suffice. I don't want to hold this up. But, I do want to know what we're doing."

W. D. Walsh: "Well, let me... let me begin then with ah.. ah.. some help. Ah.. the first one, Agricultural and Natural Resources ah.. is a consolidation of Agriculture ah.. and the separate Committee on Conservation and the ah.. ah.. separate Committee on Environment. Ah.. so that one Committee now includes what had been three. Appropriations remains the same. Banks and Savings and Loan Associations includes the Committee that used to be Credit Regulations. So, there's a consolidation there. Cities and Villages

remains the same. Counties and Townships remains the same. Elections is the same. Elementary and Secondary Education is the same. Executive is the same. Higher Education is the same. Human Resources is the Committee that used to be Public Welfare. We think, this is a better title, but it's the same Committee. Industrial Affairs includes... is the old Industry and Labor Relations Committee. Insurance remains the same. Ah.. Judiciary I and Judiciary II ah.. became Judiciary Criminal Law, Judiciary Civil Law. Motor Vehicles remains the same. Public Utilities is the same. Registration and Regulation is the same. Revenue and Transportation are the same. Veterans Affairs Personnel and Pensions are a consolidation of Pensions and ah.. ah.. Veterans and Personnel Affairs. So ah.., with this, we have eliminated the effect of it is that six Committees, ah.. that we had ah.. in the Seventy-Seven General Assembly ah.. are consolidated so that we now have twenty ah.. Standing Committees instead of twenty-six."

H: Washington: "Thank you very much."

Hon. W. Robert Blair: "The ah.. gentleman from Champaign, Mr. Hirschfeld."

J. C. Hirschfeld: "Thank you, Mr. Speaker. I wonder if the Sponsor would answer a question?"

Hon. W. Robert Blair: "He indicates he will."

J. C. Hirschfeld: "Representative... Representative Walsh, could you tell me ah.. what Committee will be handling the Constitution Implementation Bills? Ah.. I'm asking this

because I know I was on that Committee last time and there were some Bills that we didn't get to, like the Chief Educational Officer of the State of Illinois and State Electoral Boards."

W. D. Walsh: "Yeah.. It was felt ah.... It was felt by the Rules Committee that ah.. these matters, Constitutional Implementation Matters would go to the specific Committee dealing with the subject matter. That one, for example, to Elementary and Secondary Education. Ah.. the Board, ah.. the new Elec... ah.. the Election Board would go to the Election Committee, andsoforth."

Hon. W. Robert Blair: "The ah.. gentleman from ah.. Cook, Mr. Richard Walsh."

R. A. Walsh: "Bill, the ah.. the Rules Committees to which you've referred ah.. is really ah.. the Rules Committee provided for under the Rules of the Seventy-Seventh General Assembly, is it not?"

W. D. Walsh: "Well, the Rules of the Seventy-Seventh General Assembly provide that the Speaker shall appoint a Rules Committee. Right."

R. A. Walsh: "But, this... this General Assembly, the Seventy-Eighth General Assembly, had nothing whatsoever to do insofar as ah.. having a Rules Committee appointed or having a Rules Committee even formed, has it?"

W. D. Walsh: "Well, except that we adopted the ah.. the ah.. temporary Rules of the Seventy-Seventh General Assembly as our Temporary Rules. And,... And, under that, ah.. there

is a provision for the Speaker to appoint a Rules Committee."

R. A. Walsh: "Well, now you...."

Hon. W. Robert Blair: "I.. Wait.. I'd like to interject.

Wait a minute. I'd like to interject one thing, that's a slight modification. We actually didn't adopt ah.. the Seventy-Seventh Rules as the Rules of the Seventy-Eighth. But, the Chair is prepared to rule when that matter comes up, that by Statute ah.. the Rules of the preceding General Assembly are made the Temporary Rules of the following General Assembly and that we are operating under Temporary Rules, those being the Rules of the Seventy-Seventh General Assembly. And, the appointments of the Rules Committee was done by me pursuant ah.. to those Temporary Rules."

R. A. Walsh: "Alright.. Bill, with the ah.. correction ah.. made by the Chair, then we.. we are operating under Rules that some thirty percent of the Membership of this General Assembly had nothing whatsoever to do with. And now, you're proposing ah.. the Amendment to those Temporary Rules, I guess, is what your suggesting, an Amendment to those Temporary Rules by the adoption of this Rule 11. Is that correct?"

W. D. Walsh: Well yeah, that would be correct."

R. A. Walsh: "Now, as that being the case, ah.. it seems to me, under Rule 93b, this Rule should be on our desk for one day before it's acted upon. Because the Rules Committee of the Seventy-Seventh General Assembly just isn't here anymore. And, you have what, in effect, a Rules Committee

offering the adoption of this Rule 11. It seems to me, that we'd be much better off ah.. maybe if we would ah.. ~~that~~ ah.. recess to a Conference so that all of the Membership might be advised by its Leadership just what course of action you're suggesting."

W. D. Walsh: "Well, let me ah... let me correct you, Dick. Rule 93 b says that, 'if the Rules have been reported out of the Rules Committee with the recommendation they be adopted, they do not have to lie on the Members' desks for one day."

R. A. Walsh: "Well, which Rules Committee? The Rules Committee of the Seventy-Seventh General Assembly or the Rules Committee of the Seventy-Eighth."

W. D. Walsh: "The Rules... The Rules Committee duly constituted... The Rules Committee that ah.. ah.. that was appointed by the Speaker because, as the Chair pointed out, it is statutory that we are operating under the Rules of the preceeding Assembly."

R. A. Walsh: "Well, Mr... Mr. Speaker, I would raise this point of order, and you've already indicated, I believe, what your ruling will be, but for the record, I would like to raise the point of order, that the Rules Committee of the Seventy-Seventh General Assembly ah.. do not bind ah.. the Rules, that is, not the Rules Committee, the Rules of the Seventy-Seventh General Assembly do not bind the Rule.. the Seventy-Eighth General Assembly. And that we are, in effect, operating ah.. under Robert's Rules rather than

ah.. the Rules of the Seventy-Seventh. I do not see how ah.. any former Legislature can bind this new Legislature insofar as its Rules of procedure are concerned. And, I raise that as a point of order."

Hon. W. Robert Blair: "And, on that point of order, the Chair will rule ah.. that the Statute: ah.. is ah.. abundantly clear ah.. that the Rules of the preceding General Assembly become the ah.. Rules of the ah.. Assembly following. They are temporary Rules until they are replaced or amended. That is the... That is the Ruling of the Chair ah.. with regard to that. At the time that that Statutory provision was adopted, it was ah.. felt that ah.. we should not be bringing an Assembly back into Session without having some Rules under which ah.. ah.. to operate. And ah.., that ah.., if I understand it, was the basis ah.. for the Assembly having passed that Statute ah.. setting that up. And, this House voted for that at the time that it passed. The gentlemen from ah.. ah.. Franklin, Mr. Hart."

R. O. Hart: "Ah.. could you give us the benefit of the citation of that Statute?"

Hon. W. Robert Blair: "It's ah.. under... Well, it's the General Assembly Chapter, 63. Ah.. And ah.., we'd be happy to have ah.. somebody bring it out and give it to you. Why don't we just wait and we'll.. we'll bring it out and read it? Alright.. It's a Chapter 63, Section 23-3. 'Powers of the Secretary of State and Rules of the House of Representatives - At the convening of the House of Repre-

sentatives of each General Assembly, the Secretary of State, as required by the Constitution shall call the House of Representatives to order and shall preside until a temporary Speaker is chosen and taken seat. For the purpose of the organization and operation of the House of Representatives, the Rules adopted by and applicable to the Regular Session of the House of Representatives of the preceeding General Assembly insofar as such Rules may be applicable shall prevail and be the Rules governing the House of Representatives of the General Assembly then convened until such Rules are changed or new Rules adopted'. Ah.. back to the gentleman from ah.. Cook, Mr. Richard Walsh."

R. A. Walsh: "Ah.. well, Mr. Speaker, ah.. I was aware of that. It just seems to me, that that Statute would apply for organizational purposes. It doesn't seem to me, and it never has in my experience down here ever been ah.. applied to this extent where we....."

Hon. W. Robert Blair: "I've already ruled ah.. on that particular question. It says that it will apply to not only the organization, but the operation of the House of Representatives. Now, I'll be happy to furnish you a copy of what the Statute says."

R. A. Walsh: "Well, I... I...."

Hon. W. Robert Blair: "Now, do you have another....."

R. A. Walsh: "Well, I was in the process of asking the gentleman a question ah.., Mr. Speaker."

Hon. W. Robert Blair: "Alright..."

R. A. Walsh: "Ah.. Bill, ah.. I have no ah.. quarrel with the listing of Committees and I'm sure that you ah.. well-meaning men spent a lot of time ah.. doing this. We, as you know, spend a lot of time two years ago enlarging the number of Committees. And now, we're spending a lot of time now ah.. reducing the number. May I ask you this, is there going to be some time given to ah.. to Members to review these proposed Rules before they're voted upon in finality? I... It was my understanding when we came back here at 2:30, we were going to go to Conference and have these things ah.. explained to us. Now, we're in the process of adopting Rule changes. Can you tell us just what the procedure is going to be? And if some of us desire to amend some of these Rules after we've observed them, as was done two years ago, as you'll recall, will we be given that opportunity?"

Hon. W. Robert Blair: "The gentleman from Cook, Mr. Walsh."

W. D. Walsh: "Well, to answer your question, Dick, the ah... it is sincerely hoped that the Rules Committee in their Meeting this afternoon will reach accord and recommend the entire Rules for the Seventy-Eighth General Assembly and that they will be on the Members' desks, hopefully, late this afternoon. Now, you are welcome to look at them over the ah... over the evening, ah.. tonight, whenever you want to. You'll have time tomorrow morning. We don't come in until ah.. 10:00 o'clock. Ah.. any Member that wants to come in earlier than that and look at the Rules is certainly

welcome to do so. Ah.. the purpose of this is ah.. in order to get this off dead center, ah.. to permit the Members to select their Offices because, as you know, the Offices are selected ah.. first, Committee Members or Committee Chairmen and Vice-Chairmen ah.. and then by seniority. And, in order to get this job done, which we had hoped to do this afternoon, it was necessary ah.. in addition to ah.. attempting to accommodate Representative Shea, to adopt this ah.. Rule this afternoon. And, this is ah.. really why we're doing it."

Hon. W. Robert Blair: "The gentleman from ah.. Cook, ah.. Mr. Maragos."

S. C. Maragos: "Mr. Speaker, a point of information."

Voices: "Mr. Speaker... Mr. Speaker... Mr. Speaker....."

Hon. W. Robert Blair: "Alright.. One... One moment, please."

Oh! Well, I'm ah.... Turn Mr. Richard Walsh on."

R. A. Walsh: "I had the floor, Mr. Speaker. I was in the process of asking the gentleman some questions."

Hon. W. Robert Blair: "I... I'm... I'm certainly.... I'm certainly sorry. I.. I ah.. thought that ah... that, you know, the dialogue had completed itself. We certainly want you to have all the time ah.. that you need to do whatever you want to do."

R. A. Walsh: "Well, thank you, Mr. Speaker. This, as I'm sure everyone knows, this is one of the most important things that this General Assembly will do, that is, adopting the Rules by which we shall proceed for the next two years."

And, I think, it should be given ah.. due consideration by the entire Membership and not just those who were appointed to the Rules Committee. Now, I asked the gentleman ah.. if we would have an opportunity to amend the Rules that are to be proposed by the Rules Committee. Now, Bill, did you say that ah.. we're going to have copies available this afternoon? And, if we do propose Amendments, we can have it done this evening and ah.. and present them tomorrow, is that right?"

W. D. Walsh: "Well, hopefully, yeah... we ah.. if there is accord in the Rules Committee, ah.. then I'm told that the ah... the recommended Rules will be available this afternoon."

R. A. Walsh: "Well, Bill, two years ago, we had a prolonged Session adopting Rules. And, you may recall, it was on a party-line vote and we all went right down the line with our Rules Committee. Now, will individual Members be given an opportunity to amend the recommendations of the Rules Committee? And, we have to, of course, see these things before we can have any Amendments adopted. Just a simple 'yes' or 'no'. I think, it would be simple."

W. D. Walsh: "Yeah... Sure you will."

R. A. Walsh: "Alright.. Now, does that include, Bill, amending this proposed Rule 11 that we are adopting today?"

W. D. Walsh: "Yes."

R. A. Walsh: "Thank you."

Hon. W. Robert Blair: "Now, so ah.. we all understand ah..

what we're doing here, it's been the habit of the Chair to go back and forth from the Republican Side of the Aisle to the Democratic Side of the Aisle. Now, Mr. Walsh is on the Republican Side of the Aisle, Mr. Richard Walsh, and now I'm going back over here to the Democratic Side of the Aisle and recognize a Member of that Party and then I'll be back to this Side of the Aisle. Now, I think, we've all termed that that is in essence fairness and the Chair certainly intends to be fair. Now, before I ah.. ah... The gentleman... The gentleman from ah.. Cook, ah.. Mr. Maragos."

S. C. Maragos: "Mr. Speaker, thanks for determining that I'm a Democrat and I'm proud to be that. But, being the case, I'd like to know whether on your Amendment to Rule 11, which we are considering before us now, it says, 'House Affairs', and then it says, 'Rules and Assignment of Bills'. Now, is that the Committee of House Affairs; the Committee of the Nomenclature, that Committee or is that going to be the House Affairs and another Rules Committee and another one on Assignment of Bills? Or, I should ask that of the ah.. proponent of these."

Hon. W. Robert Blair: "Alright.. Ah.. We're going to have to get some kind of ah.. description. I don't like going through Mr. William Walsh ah.. from Cook all the time. But, it's the....."

W. D. Walsh: "Well, Sam, that's ah.. that's three Housekeeping Committees, House Affairs, Rules and the Committee on

Assignment of Bills which ah.. will be the Committee that will assign Bills to Committees ah.. instead of the Speaker doing this."

S. C. Maragos: "So, in effect, we're going to have four more Committees than your original twenty then that ah.. you originally stated?"

W. D. Walsh: "Well no, we had Housekeeping Committees in addition to the ah.. twenty-six Standing Committees last time."

S. C. Maragos: "Alright... Now, the Assignment of Bills Committee, this was not... was not in the Rules of the House of the Seventy-Seventh General Assembly, was it?"

W. D. Walsh: "No, it wasn't."

S. C. Maragos: "Alright.. Thank you."

Hon. W. Robert Blair: "Ah.. the gentleman from Cook, Mr. Schlickman."

E. F. Schlickman: "Thank you, Mr. Speaker. Mr. Speaker and Members of the House, as you know, I have a deep seated interest in the operation of this House and its government ah.. determined by Rules. I was very surprised to have heard on the radio last night that a Rules Committee had been composed and that the Rules Committee had already met yesterday afternoon. And, I'm very much taken by surprise, Mr. Speaker and Members of the House, that this afternoon, without any advance notice, that we're being asked to vote upon a very important part of the Rules, that part of the Rules that establishes Committee organization and structure.

Now, the only justification ah.. that I had heard during the principle discussion ah.. on the adoption of this Rule. is that we needed to adopt it today to accommodate one of the Members of the House. Well, Mr. Speaker and Members of the House, we know what that interest is and it's because of past activities whereby special interests are being given special accommodations that I took the action that I did previously... previous to today. Once again, we are engaged in this House in taking extraordinary steps to give special consideration to special interests. I think, it's unfortunate that we're doing this. I think, it's unfortunate that in such a important and vital area, we're taking a peacemeal approach and we're doing it without notice... advance notice to the Membership. And, I understand, Mr. Speaker and Members of the House, that there was very thorough, in-depth discussion by the Rules Committee yesterday about their being included within our Committee structure a Committee on the operation of the House. And, I would like, Mr. Speaker and Members of the House, for those Members on the Rules Committee, who did participate yesterday and who voted 'yes' and 'no' on the establishment of Committee on the Operation of the House, what were the arguments for and against. Mr. Speaker and Members of the House, if there is vote on this... adoption of this Rule today, then I should like to be recorded as voting 'present'."

Hon. W. Robert Blair: "When we're on the Roll Call, I'll certainly recognize you for your vote however you want to make

it. Ah.. the gentleman from ah.. ah.. Cook, Mr. Shea."

G. W. Shea: "Well, I have a feeling that, perhaps, the gentleman was referring to me with my special interests. Two weeks ago, in this House there were introduced Bills to provide aid to Mass Transportation throughout the State of Illinois. If aiding Mass Transportation for the people of this State, if preventing a fare increase, if preventing reductions in services is a special interest, then I have that special interest at heart because it's the people. Now, I believe, I'm right, Mr. Speaker that the Rules Committee Notice was posted with regards to that Hearing and many Legislators from both sides of the aisle took an opportunity to appear in Room 212 and listen to the Rules Committee. Now, I think, that the posture that we want to take with regards to Transportation Bills is that we would prefer them to go to Committee so that the problems of Mass Transportation on a State-wide basis can be heard before a Committee and the Bills thoroughly heard. There's been no motion to advance the Bills without reference to a Committee, but rather in the spirit of cooperation and the spirit of Legislative ah.. brotherhood, it was my interest that these Bills would go to Committee. And, I would like to explain that to Representative Schlickman."

Hon. W. Robert Blair: "Ah.. anybody over here? Alright..."

The gentleman from Cook, Mr. Jaffe."

A. Jaffe: "Would the gentleman..... Would the gentleman yield for a question?"

Hon. W. Robert Blair: "He indicates he will."

A. Jaffe: "Now, last year, we had major and minor Committees. We had four hour Committees and two hour Committees. Is it now the plan to have four hour Committees, is that it?"

W. D. Walsh: "No, there will still be ah... two and four hour Committees."

A. Jaffe: "Well, could you tell me which Committees are going to be two hour Committees and which Committees are going to be four hour Committees?"

W. D. Walsh: "Well, if you insist, I certainly will. Agricultural and Natural Resources is a two hour Committee. Appropriations - 4. Banks and Savings and Loans - 2. Cities and Villages -....."

A. Jaffe: "Well,"

Hon. W. Robert Blair: "Wait... Wait... Wait... Wait... Hold it! The gentleman.... There have been a number of requests ah.. made. And, if you would slow down, it would be helpful."

W. D. Walsh: "May I suggest, this information too will be on your desks ah.. tonight ah... and maybe we can save the time of the House if you'd ah.. come back and get it or else, I think, it may be available now if ah... if ah... if... unless there's ah.. enough interest in going through our entire list."

A. Jaffe: "Well, I.. I would like to know which are two and four hour Committees. I don't think, it would take that long."

W. D. Walsh: "Ah.. Agricultural and Natural Resources is 4. Appropriations - 4. Banks and Savings and Loans - 2. Ah.. Cities and Villages - 2. Counties and Townships - 2. Elections - 2. Elementary and Secondary Education - 4. Executive - 4. Higher Education - 2. Human Resources - 2. Industrial Affairs - 2. Insurance 2. Judiciary 4. Judiciary Criminal - 4. Judiciary Civil - 4. Motor Vehicles - 2. Public Utilities - 2. Registration and Regulation - 2. Revenue - 4. Transportation - 2. Veteran's Affairs Personnel and Pensions- 2."

A. Jaffe: "Mr. Speaker, if I might, I would just like to comment on one committee, if I may, and that is the Environment Committee upon which I served last year - uh - in the last session. It seems to me that it is complete folly to combine the Environment Committee together with the Agriculture Committee. I think combining Environment with Agriculture is like combining oil and water. Their interests are completely in conflict and we have found consistently that whatever the Environment Committee in the House passed last time the Agriculture Committee in the Senate actually killed in the last session of the Legislature. I really think that these two committees should be made separate and apart and I think that we found late in the session that whereas Environment was a two hour committee we really needed to have four hours with that particular committee because we were getting more and more bills in the field of environment. And now to take the Committee on Environment

and just put it together with the Committee on Agriculture I think is folly and I think it's detrimental to the State of Illinois and I don't think that we should permit it to be done."

Hon. W. Robert Blair: "Gentleman from - uh - Macon - uh - Well, wait a minute now, did you care to respond - uh - Gentlemen from Macon, Mr. Borchers."

W. Borchers: "Mr. Speak - Mr. Speaker and fellow members of the House, it is true that it might appear to be oil and water, but I'd like to remind the House that, I believe it's February the first, 10:30, Carbondale, Illinois, the Environmental Protection Agency is holding hearings in relation to farming. Well, I think that by putting these together it's rather obvious that oil and water can mix. Perhaps the oil should be the - uh - the farming element and the water the Environmental Protection Agency, because the oil floats on water and it's about time that the farming interests get a little protection from these gentlemen."

Hon. W. Robert Blair: "The Gentleman from - uh - uh - Cook - Mr. Rayson."

L. H. Rayson: "Well, Mr. Speaker and members of the House it it appears that the Agriculture Committee of two years ago and the Conservation Committee and the Environmental Committee, all two hour- uh - committees, joined together, you know that's six hours for two and theoretically that means three times as much work, but what it really means is the Environment, which perhaps should have the highest priority

of any consideration for legislation in this coming session is lumped with these two other committees of which - uh - we're talking in terms of three committees and I would appreciate it if the Majority Leader might suggest a divisible vote on this point, or, hold that out from the rest of the package so that some of us might vote for the bills and get on with our work. I think some of us are concerned that this particular committee of Environment as distinguished from Conservation-Agriculture ought to be divisible. And I would hope that we might make that divisible."

Hon. W. Robert Blair: "Well, I'll get back to ya in just a moment - uh - the Gentleman from - uh - Cook - uh - DuPage - Mr. Hoffman."

G. L. Hoffman: "Mr. Speaker, Ladies and Gentlemen of the House, would the sponsor of this - uh - Resolution - uh - yield to a couple of questions?"

Hon. W. Robert Blair: "He indicates he will."

G. L. Hoffman: "Uh - First did I hear you correct - eh - when you said Cities and Villages was going to be two hours?"

Hon. W. Robert Blair: "That right?"

W. D. Walsh: "Yes."

G. L. Hoffman: "Is that a change?" Wasn't it a four hour committee before?"

W. D. Walsh: "Uh - Hold on, we'll have to look it up. Uh - I - I might say in connection with that question and in connection with the remarks of the Gentlemen from Cook, Representative Rayson, that - uh - these committees were

consolidated in such a way so that the bill flow based on the experience of the last session and preceeding sessions would pretty well even out within the limitations of subject matter so that the committees were kept active and - uh - I might also point out to - uh - the gentleman across the aisle and to others who are concerned with the - uh - dropping of the word 'environment' that - uh - our greatest natural resource is our environment and - uh - I don't think that we've slighted the environment at all. Yes, it was a four hour committee."

G. L. Hoffman: "Are you saying then that last year there wasn't enough work for this committee?"

W. D. Walsh: "Well, we're saying that based on the - on the number of bills referred to the committee and considered by the committee that - uh - uh - it was - uh - felt by the - uh - staff and the - uh - Rules Committee that it - uh - could be reduced from four to two hours."

G. L. Hoffman: "Alright. Uh, one other question and I was off the Floor when this discussion started, is it my understanding that we are going to vote on this Rule today, or did you say we were going to put this over until tomorrow?"

W. D. Walsh: "Uh - Hopefully today-that we will adopt this Rule today."

G. L. Hoffman: "Thank you."

Hon. W. Robert Blair: "Gentleman from - uh - Cook, Mr. Katz."

H. A. Katz: "Uh - Mr. Speaker and Ladies and Gentlemen of the House, uh - we have been putting a lot of time into the

question of Rules and there will be, I'm certain, a full opportunity for everyone to debate and discuss this issue. The problem is that we are at a dead standstill if we cannot create committees because appointments cannot be made for the committee and emergency legislation that Mr. Shea is handling relating to the CTA cannot be assigned. I would point out that the Resolution as read by the Clerk indicates that it is a temporary committee that we will have a Rules Committee -de - uh - meeting I think this afternoon that if anyone has some objections to the question of the committee, whether it - there should be an Agriculture Committee or a separate Environment Committee, it would not be too late for them to appear this afternoon and be heard before the committee. In the meantime, however, if we do not adopt temporary rules we are really at a dead standstill and we are not able to move ahead with the business of the House. For that reason, I would respectfully urge that we adopt Rule 11 as the Temporary Rule that anyone who has any objections with reference to a particular problem appear before the Rules Committee this afternoon that when this matter is heard tomorrow we will again be on the question of Rule 11 when we consider the permanent rules and I'm very certain everyone could be heard, but in the meantime there is a good deal of work to be done and posting to be done and we would be able then to get on with the business of the House."

Hon. W. Robert Blair: "The Gentleman from - uh - Madison, Mr. Walters."

R. J. Walters: "Thank you Mr. Speaker, I've - my question may be irrelevant - are you going to do what - uh - Mr. Katz suggested or are we going to go on?"

Hon. W. Robert Blair: "Uh - Yes, I'm certainly all in favor of doing what he suggested."

R. J. Walters: "Well, let me just ask, in case I'm not at that committee, I'd like to ask the sponsor a question - Bill."

Hon. W. Robert Blair: "Uh - Gentleman from - uh - Mr. William Walsh?"

R. J. Walters: "Yeh - uh - Bill, I believe that Rule 11 is not - is human and is - uh - subject to a few errors. Last year you were on Higher Education and it was a two hour committee as you remember when we first started and after the second session it became apparent that that had to be a four hour committee and you served on that committee and I believe you attended every meeting and you know that we were there for four hours every week and I just wondered if you knew something about why there was a reason that important committee was cut down to two hours?"

W. D. Walsh: "Well, uh, eh, there's no question that many of these committees, later in the session, are going to - uh - uh - are going to have to be extended and - uh - uh - there may have to be some accommodations made in schedules for that purpose. Uh - early in the session though, Bob, I think you'll find that Higher Education - uh - really doesn't or didn't have, even last year, uh - as - uh - great a bill flow as maybe some of the other committees. Now, uh - I

would say this that if it develops that some of these committees that are now two hours are squeezed then - uh - there'll have to be changes made they'll have to be extended to four hour committees and - uh - I think we're flexible enough to do that."

R. J. Walters: "Yeh, I can understand that, but this happened last year, you did this and we had several members who were on a or had a two hour committee on Agriculture and then when you changed it you had to have members going back and forth and I can see a problem there. You went through this experience one time why go through it again?"

W. D. Walsh: "Yeh, now that you mention it, I recall I was on uh - Transportation - uh - as well as - uh - Higher Education last year and it was necessary for me to - uh - be relieved from Transportation, so - uh - I don't know - possibly we'll have to do it sooner than later, but the important thing right now is that - uh - in order to get things rolling here we get this Rule adopted."

R. J. Walters: "Just bringing it to your attention so you don't make too many mistakes, Bill."

W. Robert Blair: "Gentleman from Cook, Mr. Fleck."

C. Fleck: "A brief inquiry of the sponsor. Bill, I, uh, am under the impression that you do serve upon this Rules Committee, am I correct in that?"

W. D. Walsh: "Uh - I beg your pardon. I didn't hear the question, Charlie."

C. Fleck: "I - uh - it's my impression that you are pres- you serve upon this Rule Committee, is that correct?"

W. D. Walsh: "Yes."

C. Fleck: "Now.. ah.. there's a lot of reference made to the package of the Rules for the 78th General Assembly which hopefully will be terminated, at least in committee, by this afternoon and the members will have copies on their desks by this evening. Now.."

W. D. Walsh: "Yeh."

C. Fleck: "Ah.. that.. ah.. frightens me a bit. I.. I feel.."

W. D. Walsh: "Well.. Charlie, let me say that the Rules Committee meets at 4:30 this afternoon in Room 212 and.. ah.. there is a notice posted. Ah.. anyone who is interested in attending that meeting.. ah.. is certainly welcome and is has been.. ah.. as has been pointed out earlier there have been members who have attended.. ah.. every meeting of the Rules Committee.. ah.. who are not members of the.. ah.. committee."

C. Fleck: "Well.. my.. I agree with you a hundred percent. Now what my feelings on this is, I would like to have a full complete copy of the Rules as they are adopted by Rules Committee to have a reasonable amount of time to review those rules because I understand that there are going to be substantial changes in those Rules and I'd hate to have them passed out by the Pages at 11:35 tonight and then we're asked to be voting on these tomorrow nining.. tomorrow morning at 9 or 10 o'clock when we come into session. I'd just like to have some assurances that the members will have a reasonable opportunity to read these Rules."

W. D. Walsh: "Well.. Nothing, of course, is certain. We're not certain that we'll be able to pass them this afternoon, but you're certainly welcome to be there, Charlie, and if.. there.. ah.. any copies of anything will certainly be made available to you.. ah.. and I think.. ah.. perhaps the.. ah.."

C. Fleck: "Well, Bill, that is not my point. My point is, if the Rules Committee stays in session til 6 or 7 o'clock and they go through all 90 Rules, or whatever many Rules there are going to be, and you have a complete, finalized package, then you have to have these duplicated for the members and be upon their desks, I am hopeful that that final package would be upon our desks long enough to give the members an opportunity to review the Rules and know what is in substance and what has been accepted by the Rules Committee. And I don't.. not talking in terms of one hour to quickly go through 'em.. maybe three, four, five hours. I wouldn't want to see Pages drop these Rules on our desks near midnight and say they were on our desks overnight. I don't think that's fair to the members."

W. D. Walsh: "Well, I.. I would hope we'd have that time, too, and perhaps we can recess tomorrow after coming in.. ah.. so that everyone can read over the Rules and.. ah.. we can come back in a reasonable time and.. ah.. work toward the pass.. ah.. work towards their passage."

C. Fleck: "Thank you."

W. Robert Blair: "The.. ah.. Gentleman from Ogle, Mr. Brinkmeier."

R. E. Brinkmeier: "Mr. Speaker and Members of the House, very briefly, I'd like to remind the.. ah.. membership that I might say at the outset that I am very much opposed to consolidating the Ag Committee with any of the others. I'd like to remind the membership that Illinois does lead the nation in agricultural exports. I'd also like to point out that the total agricultural investment in the State of Illinois is second nationwide.. I think something like over \$17,000,000,000. It's approximately 123,000 farms in Illinois with something like 400,000 people living on them. I submit to you that this Ag Committee should not be consolidated with the others and I wanted to go on record to that effect. Thank you."

W. D. Walsh: "Mr. Speaker.. ah.. I move the adoption of the.. ah.. Rules Committee.."

W. Robert Blair: "Alright, would ya hold that.. ah.. motion just a moment. The Gentleman from.. ah.. Livingston.. ah.. Mr. Hunsicker, is on the Floor and.. ah.., Mr. Hunsicker."

C. T. Hunsicker: "Mr. Speaker and Ladies and Gentlemen of the House, it would appear to me that four hours are not going to be enough to combine Agriculture and Natural Resources. After all, Agriculture is one of the most important industries in the State of Illinois. It's what.. it is the top agricultural producing state. Lot of times last session we had.. we had a two hour committee.. and many many times we ran over thirty minutes, sometimes we didn't take the two hours, sometimes we ran over more than thirty minutes. It

would appear to me that four hours is not going to be enough combining these two committees together and I'd like to see Agriculture stay as a separate committee."

W. Robert Blair: "Alright. The Gentleman from ah.. Cook, Mr. William Walsh."

W. D. Walsh: " Mr. Speaker, I move the adoption of the Rules Committee Report."

W. Robert Blair: "Ah.. Alright. Ah.. was there any.. ah.. just to make sure now, was there any further discussion desired by anyone on the matter.. ah.. prior to.. ah.. the gentleman.. ah.. renewing his motion.. ah.. for adoption. I want to make sure everybody has a chance to say anything they want to say. Alright.. ah.. hearing.. ah.. no, no further.. ah.. comment, then, the question is, 'Shall the Report be adopted?' All those in favor will vote Aye and the opposed No and.. ah.. this will require 89 votes."

Fredric B. Selcke: "Forty Ninth call of the Roll."

W. Robert Blair: "Oh, wait a minute. This thing doesn't work. We have to take a oral Roll Call. Ah.. right? I.. I'm saying we going.. ah.. the board is not operating, we're going to have to take an oral Roll Call. Proceed with an oral Roll Call. Ah.. Yeas and Nays on the.. ah.. the Gentleman's motion. It requires 89 votes."

W. Robert Blair: "Alright, ah.. The Clerk is now asking for.. ah.. cooperation from the members. He's on an oral Roll Call and.. ah.. there is a little too much noise. So, ah.. if the members would be cooperative with the Clerk I'm sure he would appreciate it."

W. Robert Blair: "Alright, Ah.. Agreed Resolutions."

Fredric B. Selcke: "Ah.. House Resolution 8, LeFluer et al.; House Resolution 9, Yourell et al., ah.. House Resolution 10, Yourell..; House Resolution 12, Ron Hoffman et al.; House Resolution 14, Yourell et al.; House Resolution 15, Yourell..; ah.. House Resolution 16, Jones et al."

W. Robert Blair: "Gentleman from ah.. Cook, Mr. William Walsh."

W. D. Walsh: "Mr. Speaker and Ladies and Gentlemen of the House, House Resolution 8 is a Congratulatory Resolution for Scott Dierkine of West Chicago who is a great student and athlete. House Resolution 9 is a Death Resolution for the Honorable Michael J. Cafferty, a Superintendent of the Chicago Transit Authority. House Resolution 10 is a Death Resolution for Mr. John P. Murray, Jr. House Resolution 12 is a Congratulatory Resolution for Fortuniato Vitialli who attained the ripe old age of 100. House Resolution 14 is a Congratulatory Resolution to Mrs. Celia Dumke for her outstanding contributions to charity throughout her life. House Resolution 15 is also a Congratulatory Resolution

congratulating Elmer Lissen the Managing Editor of the thirteen newspapers of the Southwest Messenger Group. And, finally, House Resolution 16, introduced by Dave Jones, is a Death Resolution for Former Lt. Governor Hugh W. Cross. Mr. Speaker, I move the adoption of the Agreed Resolutions.

W. Robert Blair: "Discussion..? The question is on the adoption of the Agreed Resolutions. All those in favor.. ah.. eh.. on this kind of thing.. ah.. for the new members. eh.. we.. eh.. under the Rules have a catagory called Agreed Resolutions where eh.. the Speaker and the Minority Leader eh.. come into agreement that the matters are eh.. of such a nature eh.. that they need not be referred to committee and can eh.. be like introduced today and put into Agreed Resolutions and then adopted on a voice vote. Ah.. so.. eh.. that's what we did. He read those and we're going to pass them now all on one vote. And will be Yea and Nay. So.. all those in favor of the adoption of the Agreed Resolutions say Aye.."

Members: "Aye."

W. Robert Blair: "Opposed - No. The.. the Ayes have it and the Agreed Resolutions have it. Further Resolutions?"

Fredric B. Selcke: "House Resolution eh.. 7, Douglas et al.; House Resolution 11, Ron Hoffman; House Resolution 13, Emil Jones; House Joint Resolution, Constitutional Amendment 6, Hart; House Joint Resolution, Constitutional Amendment , Fleck et al., 7,"

W. Robert Blair: "Alright. Speaker's Table with regard to those. Now, for what purpose does the Gentleman from

Lawrence, eh.. Mr. Cunningham, arise."

R. D. Cunningham: "Parliamentary Inquiry, Mr. Speaker. Is the Governor's edict about the temperature here in the building binding on this Chamber. Seems to me it's been awfully cold on this side of the Chamber throughout the afternoon despite the amount of conversation and it seems wrong that he could freeze us out. Now, ah.. maybe I'm alone.. I notice some of the others have on.. don't have on their topcoat, but it's eh.. those of those who are not fat why we should have a little more temperature."

W. Robert Blair: "Well it seemed to me occasionally it was a little warm over there on that eh.. that side. Eh.. ah.. the Gentleman from Macon, Mr. Borchers."

W. Borchers: "Ah.. Mr. Speaker and fellow members of the House. The point eh.. in effect a point of Personal Privilege for all of us.. I would like to remind the Speaker and authority necessary that four years ago this House passed a Resolution restricting the use, while the Legislature is in session, of the parking area ah.. behind the Legislature for the use of the Legislature and it's being filled up a little bit and I feel that we should eh.. eh.. filled up with people who eh.. have no right to be there under our Resolution and I think we should eh.. check up on it a little bit and see that our eh.. parking area is reserved for ourselves."

W. Robert Blair: "That.. eh.. Your point is well taken and eh.. eh.. we are eh.. meeting with the Secretary of State

eh.. to try to eh.. make sure that the subject that you're concerned with is handled in the proper fashion. Eh.. the Gentleman from Champaign, Mr. Clabaugh."

C. W. Clabaugh: "Mr. Speaker. I rise for the purpose of making an announcement to the members of the House Education Study Committee as we're going to have a meeting this evening in the Conference Room, North End of the Second Floor of the State Office Building at 7:30 this evening and the members are Representative Phil Collins and Tom Rose, Washburn, Stone, Hart, Yourell, and Berman. And, we, it's an important meeting and we'd like to have all of them there if at all possible. 7:30, Conference Room on Second Floor of the North End State Office Building."

W. Robert Blair: "Gentleman from Union, Mr. Choate."

C. L. Choate: "Mr. Speaker, Ladies and Gentlemen of the House, I would ask the Democratic members to give me their attention. This morning I had indicated that we would have a conference this afternoon for the purpose of room selection and to hand out request forms for committees. In as much as it appears that there could possibly be a change in the committee structure, I would advise the membership that we will have the conference tomorrow, immediately after adjournment."

W. Robert Blair: "Alright. Eh.. the Gentleman from Cook, Mr. William Walsh."

W. D. Walsh: "Mr. Speaker and members of the House. Because of the lateness of the hour ah.. and because the Rules

Committee will.. is scheduled to meet at 4:30 and we'd like to get together as close to that time as possible.. ah.. we on the Republican side would eh.. make the same suggestion that we will have our conference tomorrow.. eh.. for the purpose of .. eh.. selecting offices and eh.. ah.. we will have the Rules Committee eh.. meeting immediately after adjournment and for those of you who are not members the eh.. meeting will be held in Room 212 and we invite your presence."

W. Robert Blair: "If we could I'd like to eh.. delay eh.. that.. eh.. for just ah.. for just for eh..eh.. fifteen or twenty minutes.. eh.. the Rules Committee meeting--I wonder if we couldn't start it at 5:00 rather than 4:30, Mr. Walsh. Eh.. I.. I think it might.. it might.. it'd give us just a few minutes for a little break and eh.. maybe eh.. if we could defer the Rules Committee meeting until.. til 5:00 in 212. The Gentleman from Union, Mr. Choate."

C. L. Choate: "Ah.. if I understand you correctly then, the Rules Committee will meet at 5:00 in Room 212."

W. Robert Blair: "Right."

C. L. Choate: "O.K."

W. Robert Blair: "Alright, now do you want that Resolution-- that eh.. Death Resolution. Alright, eh.. one final Death Resolution. If all the members eh.. would be in their seats now while this Death Resolution is being read."

Fredric B. Selcke: "House Resolution 17, Choate et al.

'Whereas the Members of this Body join their heavy hearts

with those of all the people of this Nation and all of the World in mourning the death of a great leader of this Nation whose eye was always single and whose heart was always set on the overriding purpose of leading us to a great society where poverty and social injustice would be found no more anywhere in this great land, The Honorable Lyndon Baines Johnson, 36th President of the United States of America. And Whereas although the advent of his birth on August 27th 1908 in a small frame house on the family ranch near Stonewall, Texas was spread by his Grandfather, Sam Hugh Johnson, Sr., from horseback to all the neighbors of that rural community that a United States Senator was born this morning, my grandson. The young Lyndon did not find himself and determine, as he said to a classmate in Southwest Texas State Teacher's College in San Marcus, Texas, 'Politics is a science and if you work hard enough at it you can be President. I'm going to be President.', until after he had spent three years following his graduation from Johnson City Highschool in a bog of indirection and rejection of establishment values during which he made an ill-starred trip to California with some young companions that reduced existence to that of the proverbial Prodigal Son before he found himself. And Whereas, once he found his direction for life and viewed the mountaintop goal of the Presidency on the horizon, he set his face toward the goal and made every step he took in work, education, and social activities one that developed his political skills until he became, as everyone agreed, whether friend or foe,

**GENERAL ASSEMBLY**

STATE OF ILLINOIS

HOUSE OF REPRESENTATIVES

a consummate master of the art of politics which brought him to the position of Secretary, to a Congressman, to unquestioning recognition as the most powerful man in the Senate, and, finally, to the most powerful position in the country, the Presidency of the United States. And Whereas along the way to becoming the President he travelled many roads, such as teaching a grade school in the town of Criteua near the Mexican border, Directorship of the National Youth Administration for Texas, a New Deal Agency set up to help Depression idled youth with jobs or opportunity for schooling, and a close association in politics and spirit with Franklin Delanor Roosevelt, whose programs were revolutionizing the country's social and economic structures, found fertile soil and loving care in the heart of the Presidency bound Johnson, and all of these roads found expression in his Great Society dream , of which dream a later President was to say 'No man had greater dreams for America than Lyndon Johnson.' And Whereas he stood with those experiencing social injustice because of Race and said, 'We shall overcome.' , and to those bent upon violence and rebellion against social and political structures he said, as did the Biblical Isaiah, 'Come now, let us reason together.', and although we have not altogether overcome our prejudices or changed our power structure sufficiently to realize his dream for us, we are grateful for his leadership in that direction. And Whereas, it seems ironical that since the overriding and powerful thrust of his life, one that caused him to

refuse to run for the Presidency for a second term so that he might use all of his time and energy to accomplish, was peace in Vietnam, that he should be snatched from life within a few hours of that goal being attained. It reminds us of its Biblical prototype wherein Moses lead the children of Isreal to the Promised Land, but was not permitted to enter in himself. And Whereas, he leaves a proud heritage to mourn his passing in the persons of his Wife, Claudia Nee Taylor Johnson, who is known since childhood and beloved by everyone as Lady Bird, his two Daughters, Mrs. Lucy Nugent and Mrs. Lynda Robb, and four Grandchildren, Patrick Lyndon Nugent, Nicolia Marie Nugent, Lucinda Robb, and Kathrine Lewis Robb, as well as millions in this Nation and throughout the world who dream of a society without injustice or poverty. THEREFORE, Be it Resolved by the House of Representatives, the 78th General Assembly of the State of Illinois, that we join with the people of this grief stricken Nation and the world in mourning the death of The Honorable Lyndon Baines Johnson, 36th President of the United States of America, who with singleness of heart and consummate political skill, lead this Nation toward a society whose ideal was justice, equal opportunity for an education and no poverty, that we extend our heartfelt sympathy to the members of his bereaved family, and that a suitable copy of this Preamble and Resolution be presented to his widow, Mrs. Claudia 'Lady Bird' Johnson, and as a further mark of

respect this House do now stand adjourned."

W. Robert Blair: "The Gentleman from Union, Mr. Choate."

C. L. Choate: "Well, Mr. Speaker, Ladies and Gentlemen of the House, I am sure that there is no reason at all for any of us to stand here today and reiterate all of the great things that Lyndon Baines Johnson brought about as President of the United States of America. I'm sure that all would agree with me today that if had one wish that it would be simply that he could have lived to see peace brought about in Vietnam. And let me say only one thing in closing, that I am confident that history is going to be much kinder to this great man than was the era in which he lived."

W. Robert Blair: "The Gentleman from Cook, Mr. William Walsh."

W. D. Walsh: "Well, Mr. Speaker and Ladies and Gentlemen of the House, in accordance with the Resolution, I move that the House do now adjourn to the hour of 10:00 A.M. tomorrow."

W. Robert Blair: "Alright, all those in favor of the gentleman's motion say Aye."

Members: "Aye."

W. Robert Blair: "Opposed, No. The Ayes have it and the House stands adjourned."
