HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

112th Legislative Day

May 2, 1984

Speaker Madigan: "The House shall come to order. The Members shall be in their chairs. We shall be led in prayer today by the Reverend Ophilis McCoy, Pastor of the Grace United Methodist Church of Springfield. Reverend McCoy is a guest of Representative Michael Curran. Would the guests in the gallery please rise and join us in the invocation?"

Reverend McCoy: "Let us bow our heads in a word of prayer. Eternal God, we come to ask Your blessing upon this House, that Thou would bless each participant who has given his or her life to the political process. Help us to realize how fortunate we are in this country that we have the political freedom, and we ask You, Oh Eternal God, that as each Legislator makes his or her decision, may they realize at some time they become winners when they win with Thee, and they become losers when they are without Thee. We pray, Eternal God, that each, in his or her deliberation, ill trust in the Lord with his or her heart and lean not to his or her own understanding but acknowledge You in all his or her ways, and Thy will direct their path. We thank You for the glorious opportunity that Thou has given each of these persons, to represent their communities, and we pray, as they go through this day, that Thy would empower them to make a decision that they can sleep on, that they can walk on, that they can sit on, that they can stand on, because they have felt, within their own heart, that they have done it for Your glory and not for their own glory. And now we pray that You will continue to bless them as they go through this day and teach us to pray as You taught us to pray the prayer, Our Father, who art in heaven, hallowed be Thy Name. Thy kingdom come, Thy will be done, on earth as it is in heaven. Give us this day our daily bread, and forgive us our trespasses as we forgive those who trespass

Matijeovich."

Speaker Madigan: "For what purpose does Mr. Fiel seek recognition?"

Fiel: "Yes, Mr. Speaker. I tried getting your attention before you moved 2369 to Third Reading. You had asked the Clerk if the fiscal note had been filed, and I would ask the Parliamentarian if that is a proper fiscal note, and if it is a proper fiscal note, under what grounds does he come up with that decision?"

Speaker Madigan: "Mr. Fiel, let me pass over your point and do some other Bills, and then we'll come back when the Parliamentarian is ready. Returning to House Bill 2384, the Clerk had told us that there was a Committee Amendment and that there was a Motion filed by Mr. Matijeovich to table the Committee Amendment. Mr. Matijeovich."

Matijeovich: "Yes, Mr. Speaker, Committee Amendment #1 has been replaced by Floor Amendment #2, an agreed Amendment. So I would move to table and ask leave of the House to table Amendment #1 - Committee Amendment #1."

Speaker Madigan: "The Gentleman moves to table Committee Amendment #1. Those in favor say 'aye', those opposed say 'no'. The 'ayes' have it. Amendment #1 is tabled. Are there further Amendments?"

Clerk O'Brien: "Floor Amendment #2, Matijeovich, amends House Bill 2384 as amended in Section 5 and so forth."

Speaker Madigan: "Mr. Matijeovich."

Matijeovich: "Yes, Mr. Speaker, Ladies and Gentlemen of the House, Floor Amendment #2 is an Amendment worked out between the Department of Registration and the police associations, all of the groups throughout the State of Illinois. When we adopted, last year, a measure with regards to the employment security systems, there's been a mass of confusion over whether policemen can work part time or not,

and this Amendment was worked out to make it very clear that in casual employment and so forth, that the police can work without jeopardy and without going through the licensing provisions. As I said, it's agreed, and I would now move the adoption of Amendment #2."

Speaker Madigan: "The Gentleman moves for the adoption of Amendment #2. Is there any discussion? Mr. Brummer."

Brummer: "Yes, will the Sponsor yield?"

Speaker Madigan: "Yes."

Brummer: "An issue, in addition to the one that you briefly discussed, and that was whether part time policemen could work as detectives without a license, I think, or whether full time policemen could work as part time security people without a license. Is that what this Amendment addresses?"

Speaker Madigan: "The... The Amendment, if they're going to work as detectives, then they've got to be licensed. This does not in any way interfere with that provision at all."

Brummer: "Well, an issue that arose incidental to this Bill was independent insurance adjusters and their ability to function without a detective license. And there was some concern, under the original Bill, of whether they could or could not. The original Bill clearly excluded from the provisions employees of insurance companies, but many of the adjusters are independent adjusters who operate an independent adjusting service, and there was concern that they were not excluded. And I understood there was going to be amendatory language proposed with regard to that issue this Session, and I'm wondering if that is included in this Amendment."

Matijevich: "I... I'm not sure if a full interpretation, because this was worked out with the Department. Did the Department address that issue with you, Dick?"

Brummer: "Would you be willing to hold this for another day on

Second Reading?"

Matijeich: "No. I promised everybody I'm going to move it... This is the third time it's been called, and I've got to move it. In fact... In fact... "

Brummer: "Well, okay. What's the answer to the question, then? Have private, independent insurance agents... I mean adjusters excluded under... in this... are they included in the amendatory language?"

Matijeich: "I believe they are."

Brummer: "And where are they included?"

Matijeich: "Well, by... I believe, by the definition of 'employee' and 'employer'. At least, that's the interpretation that the Department gives, I believe. Now, I'll be glad to... If you could... You know, if it isn't, I'd be glad to work something out in the Senate with you, Rich."

Brummer: "Well, okay. Let's look at it later."

Matijeich: "Alright."

Speaker Madigan: "Mr. Stuffle."

Stuffle: "Mr. Speaker and Members, would the Sponsor yield to a question?"

Speaker Madigan: "The Sponsor indicates that he will yield."

Stuffle: "Representative Matijeich, for the record, so that we have this clear now, that we're dealing with a situation that came about by interpretation... difference of an interpretation as to how, basically, we covered policemen who are working in certain of these capacities when they're not... who are sworn policemen, who may... who are off duty, working as employees."

Matijeich: "Right."

Stuffle: "For the record, your Amendment provides a definition of 'employee' that allows for an exception in the case of police officers who are working as employees, private

contractors, and that definition was derived from an agreement worked out by the Department, which basically followed a consent situation between the Attorney General, City of Peoria and the policemen in Peoria. Is that the case?"

Matijeich: "Yes, Representative Stuffle, and I'll go further into that legislative intent on Third Reading. I didn't want to do it on Second Reading, although the Amendment does become the Bill. But I will..."

Stuffle: "But that is... the basis of the Amendment is to differentiate between contractors and employees to cover the exception for policemen, which was intended originally."

Matijeich: "Totally correct."

Stuffle: "Thank you."

Speaker Madigan: "Is there any further discussion? Mr. Matijeich, to close."

Matijeich: "Appreciate your vote. I move to adopt Amendment #2."

Speaker Madigan: "Mr. Matijeich moves to adopt Amendment #2 to House Bill 2384. Those in favor say 'aye', those opposed say 'no'. The 'ayes' have it. The Amendment is adopted. Are there any further Amendments?"

voters required to sign a petition and the time in which the petition must be filed and the date of the prospective referendum. Speaker Madigan: "The Lady moves for the adoption of Amendment #2. Is there any discussion? There being no discussion, the question is, 'Shall the Amendment be adopted?' Those in favor say 'aye', those opposed say 'no'. The 'ayes' have it. The Amendment is adopted. Are there further Amendments?"

Bullock: "Thank you, Mr. Speaker, and Ladies and Gentlemen of the House. I stand before you today and ask the House to support affirmatively House Joint Resolution Constitutional Amendment #8. As a... As a nation, we are the most powerful and perhaps the most successful nation on the face of the earth. I have before you here today a Constitutional Amendment which, in effect, will treat the District of Columbia as a state, giving our nation's capitol its representation in Congress with at least one elected Member to the House and two Members to the Senate, which it has never had before."

Speaker Madigan: "For what purpose does Mr. Vinson seek recognition?"

Vinson: "Mr. Speaker, we are on a measure which probably has the most significance and impact of the Session. I believe that, particularly when we're talking about a United States Constitutional Amendment, there should be order in the chamber, and I would ask the Membership to observe that so that they understand how significant this measure is, and I would ask you to try to get the Members to give the Gentleman their attention."

Speaker Madigan: "The Gentleman's point is well taken. All unauthorized personnel shall leave the floor immediately. All unauthorized personnel will leave the floor

immediately. The Members will please be in their chair, and could we please reduce the noise level. Mr. Bullock."

Bullock: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. I stand before you today to express my support and my commitment for the passage of House Joint Resolution Constitutional Amendment #8, which is commonly referred to as the 'D.C. Amendment' to the Constitution of the United States. This Amendment would, in effect, give our nation's capitol its representation in the Congress of the United States, with at least one Member in the House and two Members in the Senate, which it has not had before. This Constitutional Amendment is a matter of simple justice for the residents of the District of Columbia. The people in D.C. desire to be free. I stand before you today to say that the District of Columbia citizens has all of the duties and obligations of any other U.S. citizen. They can be drafted. They are taxed and they are subject to our laws - laws, I might add, that they have no input in and have absolutely no voice in drafting. A self-determination for Washington, D.C. is a major national priority. On August the 22nd, 1978, the U.S. Congress proposed an Amendment to the United States Constitution which, in effect, would allow the District of Columbia to have full voting rights. I introduced this Constitutional Amendment in the General Assembly, understanding that 37 states of the 50 states must approve it. To date, there have been 14 states that have approved it. I certainly long and desire and hope and pray that the State of Illinois will become the 15th state to adopt the proposition. The efforts in behalf of the proposition are supported by a national coalition of well over 60 national and civic organizations, labor organizations, religious organizations, and I'm proud to say that the Speaker of this House has joined in as a

Joint Sponsor to the proposition, and so many of our colleagues, I'm certain, will join with us in the next few minutes to gather and garner the support of our colleagues in passing this proposition. Many years ago, civil rights leaders organized and pursued a joint cause that was honorable and just. And today, we find that Senator Ted Kennedy, the Senate Sponsor of the proposition, joins with us this day in expressing his support and urging our support for the 700 plus thousand citizens in the District of Columbia that I am fighting for here today. The D.C. Amendment must pass the Illinois General Assembly. It must become reality. Three quarters of a million people await our action here today. They are absent the franchise. They are disenfranchised. They are neglected. They are denied a voice in this country. We cry very loud, we cry very long about human rights and injustice in Poland, and rightfully we should. We cry about human rights in Afghanistan, and rightfully we should. We cry about human rights in El Salvador, and rightfully so. What a hypocrisy that would be if we deny human rights to the people of D.C. If this Amendment is not approved, the residents of D.C. cannot be free. Mr. Speaker and Ladies and Gentlemen of the House, I urge an affirmative vote on House Joint Resolution Constitutional Amendment #8."

Speaker Madigan: "Representative Dwight Friedrich."

Friedrich: "Would the Sponsor yield?"

Speaker Madigan: "The Sponsor indicates he will yield."

Friedrich: "Since the number of Members of the House in Washington is fixed, could this result in us... the possibility of Illinois losing another Congressman? We've already lost two, lately."

Bullock: "Representative Friedrich, that is one of many myths that is attempted to be attached to the proposition. This

STATE OF ILLINOIS
83RD GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

proposition would, in no way, affect the number of Members that we have in this State of Illinois. This proposition essentially does three things. It allows for the elected representation in the Congress from the District of Columbia. It allows for the electorate delegates from the District of Columbia, and it repeals the Article 23 of the Amendment, which only provides the District of Columbia with a non-voting delegate and to vote in democratic primaries. It would not, in any way, subtract from the State of Illinois' representation in the Congress of the United States."

Friedrich: "Another question. A substantial number of those who live in D.C. are government employees. Isn't it possible, under the present law, that they can establish any place as their voting residence, and that they would have a vote for Congressman or Governor or anything else?"

Bullock: "I'm glad you asked that question, Representative Friedrich, and I'd like to cite for you the statistics, and the statistics are quite interesting; that when we talk about the District of Columbia and its federal employees, the fact of the matter is only 4% of federal employees reside in the District of Columbia. And I dare say that all federal civilian employees, if they were D.C. residents, that the other 96% of federal employees are fully represented in Congress already. So only 4% of our federal employees reside in the District of Columbia proper. So... "

Friedrich: "I guess that... that's not... doesn't answer my question. What percent of the people in the District of Columbia are federal employees, not what percent of the federal employees live in the District of Columbia? There's a difference in the question."

Bullock: "Well, Representative Friedrich, I would say to you

STATE OF ILLINOIS
83RD GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

112th Legislative Day

that in April of 1970, by the most reliable figures available, it shows that only 4%, or 109,615 out of 2,000,000 of federal employees reside in the District of Columbia."

Friedrich: "No, you're still not answering my question. What percent of the people in the District of Columbia are federal employees? You're telling me what percent of the federal employees live in the District of Columbia, and there's a difference in that question, if you can figure it out."

Bullock: "Well, I'll try to respond to it again, Representative Friedrich. I understand your question. I'm not certain yet of the... of the rationale for me being specific with the statistics. I think there are about 700,000 residents of Washington, D.C. Of those 700,000 residents in Washington, D.C., 4% of them are federal employees. And that number is 110,000."

Friedrich: "That... 110,000 is more than 4% of 700,000. Your arithmetic's a little bad."

Bullock: "Well, Representative Friedrich, I've given you the exact number of federal employees that live in Washington, D.C., and you... "

Friedrich: "Alright. Alright. Then... Then the answer's 14% and not 4%. Thank you."

Speaker Madigan: "Representative Virginia Frederick."

Frederick: "Mr. Speaker, Ladies and Gentlemen of the House. I rise in support of House Joint Resolution Constitutional Amendment 8. I have been in support of voting rights and representation for residents in the District of Columbia for at least 10 years. To deny more than half a million people who pay a billion dollars in taxes is wrong, I believe. The only problem with the Amendment is that it is late in arriving. It should have passed years ago. I urge

support of House Joint Resolution Constitutional Amendment
8."

Speaker Madigan: "Mr. Vinson."

Vinson: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I want to follow up briefly on the response to Representative Friedrich's question, because I believe that it is, in fact, the basis for opposing this Amendment, and it's the reason why this Amendment ought not succeed. Mr. Speaker, the people of the State of Illinois are tax exporters. We are a heavily taxed state by the Federal Government, and we get back very little. We don't get back much money from the defense budget. We don't get back much money for education. We don't get back much money for anything. As a matter of fact, when they talk about agricultural subsidy payments, they even send most of them to the south. What we end up doing is paying a tremendous amount of money to Washington, to the federal budget. That money is taken out of our economy. That money is a substantial disincentive to economic growth in the State of Illinois. And now, what the Gentleman proposes is that we put two new Members in the United States Senate who come from the most heavily subsidized section of this country. Virtually everybody in Washington, D.C., in one form or another, is dependent on federal subsidies. Whether they're federal employees, whether they operate businesses that contract with the Federal Government or whether they're on welfare, virtually everybody in Washington, D.C. is paid for by the taxpayers of this country. And many of those taxpayers reside in this state. So what we're talking about is creating a situation where we cast a vote to increase the representation in Congress of the tax eaters, of those who are subsidized at the expense of the Illinois taxpayer, and I don't believe, in good conscience,

HOUSE OF REPRESENTATIVES

we can do that. I believe we ought to reject this Amendment, because it just gives the tax eaters a chance to get their hand deeper into the pocket of Illinois taxpayers. I would urge a 'no' vote on the Amendment."

Speaker Madigan: "Representative Braun."

Braun: "Thank you, Mr. Speaker, Ladies and Gentlemen of the House. One of the tenets upon which his nation was founded was the notion that there should be no taxation without representation. The citizens of the District of Columbia pay taxes just like every other citizens of these United States. The citizens of the District of Columbia contribute to making this country the great nation that it is. The denial of voting rights to those citizens stands as a glaring omission in our structure of laws in this country, and must be rectified. I encourage you, Ladies and Gentlemen, that this Amendment... I suggest to you, Ladies and Gentlemen, this Amendment represents no more and no less than fundamental fairness to give a population of citizens the same voting rights that we enjoy as citizens of the State of Illinois. It would be absolutely... It seems to me it would be absolutely incomprehensible that we, as Illinoisians who enjoy these voting rights, would stand pat for denial of these same rights to another group of citizens in another part of this country. I encourage your support for House Joint Constitutional Amendment #8."

Speaker Madigan: "Representative Ronan."

Ronan: "Thank you, Mr. Speaker and Members of the House. I rise in support of this... this very important Constitutional Amendment. And now... And let's do something for a change here in the Illinois House of Representatives. Let's talk about the facts. We've heard the typical myth that comes out of the other side of the aisle. Representative Vinson, as usual, got up and gave us a fairy tale. Let's

STATE OF ILLINOIS
83RD GENERAL ASSEMBLY
HOUSE OF REPRESENTATIVES
TRANSCRIPTION DEBATE

112th Legislative Day

talk about the facts on paying taxes. There are 712,000 people who live in the District of Columbia, and they pay 1.8 billion dollars in taxes, Representative Vinson. That's more money than is paid by 11 states in this country. I assure that if we look at the facts, what we'll do is join together in a bipartisan effort so that we can do something what's right for the people of this country, do what's right for the people of Washington, D.C. Obviously, there will be an election held, if this Constitutional Amendment is adopted by enough states, and we'll have a situation where elections will be held in Washington, D.C. They'll be bipartisan elections, and, Representative Vinson, you and I can go out there, and we can work on behalf of whatever candidates are running for public office. This is a simple concept of democracy. These people are paying the freight. I hear it time and time again from the Reagan administration, the people who pay the freight should pay for the tune. And that's what we've got going on in Washington, D.C., and that's why we should adopt this Amendment. Let's talk about the facts. Let's talk about reality and let's do something right for the people of this country. Let's do something right for the people of Washington, D.C., and let's rearrange some priorities for where we're going in the future. Representative Vinson, every so often it's often good to talk about the facts, and I just wanted to clarify one of your typical misrepresentations for the people of the General Assembly. I urge everyone to vote for this Amendment. It's not a racial issue. It's a human issue, and let's join together and do one thing for the people today. I urge a 'yes' vote."

Speaker Madigan: "Representative Davis."

Davis: "Thank you, Mr. Speaker. I rise in strong opposition to

HJRCA 8, and the prior speaker talked about Representative Vinson's comments as if they had no meaning. They have absolute meaning. Despite the fact that the District of Columbia residents pay 1.8 billion dollars in taxes, the return for that small, tiny little island of government enclave is enormous in subsidation at the expense of the rest of the country. Now, I always found it peculiar when this Amendment came out as to why, indeed, to go back and look at why the framers created the District of Columbia, and then to ask yourself one simple question. Why did not this Amendment come out saying that the District of Columbia would be dissolved at this point in time, that the framers made a mistake, that it would be dissolved and that the District of Columbia would be attached then to Virginia or to Maryland or to wherever so that they could participate in the political process on some basis that you seek equity for by creating, in de facto, new state out of the District of Columbia? Whatever you think, Ladies and Gentlemen, and those on our side of the aisle in particular, whatever you think about the District of Columbia and about representation, there is a choice. You don't have to live in the District of Columbia. You can live elsewhere, if you want to participate in the process. The framers were absolutely right. We should not encourage people to live in that District, in my opinion. It's gone too far. But the proper thrust would be to dissolve it if you want to so do and to attach it to another state. And I can tell you simply that this Amendment, if adopted, will water Illinois delegation effectiveness in the Senate of the United States. One vote in the House, more or less, won't make any difference, but two more votes in the Senate will make a great deal of difference as far as Illinois and the frost belt and the

midwest is concerned in trying to return our fair share of federal dollars. This is an awful Amendment, and it should be soundly defeated."

Speaker Madigan: "Mr. Slape."

Slape: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. I join and rise in support of this Constitutional Amendment. Some of the speakers have alluded to the historical reason why we have Washington, D.C. You know, all the founders really wanted to do was they wanted an area that would be geographically distinct to itself, that would not be a part of a state. That's all they wanted to do, and this Constitutional Amendment recognizes that. As far as people in Washington, D.C. having the right to live wherever they want to, of course they do, but they chose to live in Washington, D.C. Many of them were born in Washington, D.C., many of their parents were born in Washington, D.C. This is their home. They have a right to be a part of our government. They have a right to be franchised. They have a right to have representation in Congress, and I think that Illinois should become the 15th state. We should be proud of our vote here today for this Constitutional Amendment."

Speaker Madigan: "Mr. Ewing."

Ewing: "Mr. Speaker, would the Sponsor yield for a question?"

Speaker Madigan: "The Sponsor indicates he will yield."

Ewing: "Larry, this Amendment covers only the election of a Congressman and two Senators?"

Bullock: "Representative Ewing, the Constitutional Amendment before us does essentially three things, one of which is the election of Members to the Congress - the House and to the Senate. The Constitutional Amendment, moreover, says the number of elected district residents it should have, which is our... and as you know, in our Electoral College.

More specifically, the Constitutional Amendment repeals the 23rd Amendment to the Constitution, which now only allows for them to have a non-voting delegate to participate in the primaries, but they don't have a vote in the Electoral College."

Ewing: "Does this affect the election of their local government, the organization of the local government in the District?"

Bullock: "No, it does not. Presumably, if this Constitutional Amendment is passed, the Congress would still have under its authority the right to describe for D.C., even though it's given it a home rule authority, the parameters for their municipal government. This Constitutional Amendment essentially deals with the federal elections in D.C., full voting rights thereof."

Ewing: "Mr. Speaker, Ladies and Gentlemen of the House, I think that the answers to my question point out two things - and this is directed, I assume, probably to our side of the aisle. But this certainly is a power grab for two additional Senate seats and for however many House seats they may be entitled to for the Party on the other side of the aisle. Had they been so interested in the people's rights and in self-government and in self-determination, they would have given them the right to organize and elect their officials from the bottom up. All they want is a representation in the U.S. Congress, which will not be to the advantage of this state or any of the other organized states. Our forefathers had wisdom when they created the District of Columbia, and certainly we should reaffirm that wisdom today by voting against this Constitutional Amendment."

Speaker Madigan: "Mr. McCracken."

McCracken: "Thank you, Mr. Speaker. You know, the historical reason for setting up the District wasn't some fanciful

desire for geographical status. The reason for setting up the District was because at that time we were a federation. We were not yet a nation, and there was a strong, rational fear that if they didn't set aside federal territory which was immune from state attack, that the states would not allow the existence of the Federal Government. For over 100 years since the 14th Amendment, those days are gone. We are now a nation. The District serves no rational function any more. If it's a problem, if you want the vote, dissolve the District. Incorporate it into a state. Treat everybody fairly. Don't make some power grab."

Speaker Madigan: "Is there any further discussion? Mr. Bullock, to close."

Bullock: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. I wish to express my appreciation to those individuals who spoke in behalf of the proposition. The District of Columbia, during the Viet Nam War, ranked 4th, on a proportional basis out of 50 states, lives lost in the Viet Nam War. The District of Columbia was part of the original 13 Colonies. The District of Columbia residents are full U.S. citizens, but they can't vote. The District of Columbia's total population is in excess of three quarters of a million people. They have a higher per capita income than any other state in the nation with the exception of Alaska. The District of Columbia deserves to be respected, deserves to be protected. The District of Columbia, contrary to the myths, will probably go the same route of Hawaii and Alaska. When Alaska petitioned for statehood, and Hawaii was perceived as Republican and Alaska as Democratic, we found those to be myths. Today, in Hawaii, it has a Democratic Majority in the Legislature, and in Alaska it has a Republican Majority. Oregon's admission to the Union was hindered by Republican fears

that it would be Democratic. In 1859, it was admitted. In 1860, it voted for Lincoln. These are myths to characterize any state or any territory, to predetermine its voting proclivities. The merits of this Bill should not be based on any partisan fear, any partisan fear, whether it will be Democrat, Republican or Independent. In closing, I would like to cite for you the remarks of the Chairman of the Senate Finance Committee of the United States Senate. 'The District of Columbia is not just a plot of land full of big, white buildings and people who come here temporarily to work for the Federal Government. Rather, it is home to almost three quarters of a million people who should be granted congressional representation just as the citizens in all other states.' End of quote. That is by Senator Bob Dole from the State of Kansas. And I could go on and cite the remarks of Senator Kennedy, Senator Barry Goldwater, Supreme Court Justice William 'Benquist', Vice President George Bush. These are individuals who set aside partisan fear and chose to support full voting rights for the District of Columbia. Mr. Speaker and Ladies and Gentlemen of the House, I respectfully urge and pray for an affirmative vote for the passage of the proposition."

Speaker Madigan: "The question is, 'Shall the House adopt House Joint Constitutional Amendment #8?' Those in favor will signify by voting 'aye', those opposed by voting 'no'. Mr. Vinson, to explain his vote."

Vinson: "No, Mr. Speaker, I rise for the purpose of requesting a verification, should this get enough votes... or appear to."

Currie: "Thank you, Mr. Speaker and Members of the House. I'm delighted to be able to join Supreme Court Justice William

Speaker Madigan: "Representative Huff, to explain his vote."

Huff: "Yes, Mr. Speaker, very briefly explaining my vote and also to answer what I consider some of the bogus rationale coming from the other side of the aisle is that we must keep in mind that in the past census report, Illinois lost two voting Representatives in Congress. And according to the projections for the 1990 census, Illinois may possibly lose two more. I don't think that the conditions that afflict Illinois has anything to do with this D.C. Amendment."

Speaker Madigan: "Have all voted who wish? This question will require 60 affirmative votes. Have all voted who wish? Have all voted who wish? The Clerk shall take the record. On this question, there are 65 'ayes' and 40 'nos', and Mr. Vinson has requested a verification of the Affirmative Roll Call. Mr... For what purpose does Mr. Vinson seek recognition?"

Vinson: "Mr. Speaker, I would be willing to dispense with the reading of the affirmative vote by the Clerk and just go ahead and call off the people that I would question."

Speaker Madigan: "You understand that that's a violation of the rules, and I know that you strictly believe in the rules."

Vinson: "Well, perhaps... "

Speaker Madigan: "Are you asking us to bend the rules for you?"

So if you feel you should be on that list, why, please raise your hand. And now, the Assistant Clerk has taken over the podium. Any further challenges, Mr. Vinson? Mr. Clerk, do you have a count? On this question, there are 65 'ayes', 40 'nocs', 3 voting 'present'. House Constitutional Amendment #8, having received a Constitutional Majority, is hereby declared adopted. While we have everyone's attention, at the time of taking the Attendance Roll Call, the computer erred. So it will be necessary to take the Attendance Roll Call again. So, Mr. Clerk, take the Attendance Roll Call. Have all voted who wish? Mr. Clerk, take the record. There being 113 Members responding to the Attendance Roll Call, there is a quorum present. On the... Mr. Brookins, did you wish to call HJRCA 13? It's on page 12 of the Calendar. Alright. On page 12 of the Calendar, on the Order of Constitutional Amendments Second Reading, there appears HJRCA 13. Clerk Leone: "House Joint Resolution Constitutional Amendment #13 has been read a second time previously. Amendment #1, Taylor."

Speaker Madigan: "Alright. On behalf of Mr. Taylor, Mr. Brookins request leave to withdraw Amendment #1. Is there leave? Leave is granted. The Amendment is withdrawn. Are there

Clerk Leone: "No further Amendments."

Speaker Madigan: "Third Reading. Mr. Clerk, read the Resolution."

Clerk Leone: "House Joint Resolution Constitutional Amendment #13. Resolved, by the House of Representatives of the 83rd General Assembly of the State of Illinois, the Senate concurring herein, that there shall be submitted to the electors of the state, for adoption or rejection at the general election next occurring at least six months after the adoption of this Rescution, a proposition to amend Section 2 of Article IV of the Constitution to read as follows: Article IV - the Legislature. The Legislative Districts in each group shall be distributed substantially equally over the state. Each Legislative District shall be divided into two Representative districts. In 1984, one Representative shall be elected from each Representative District for a term of two years. Prior to 1986 general election immediately following each decennial redistricting, the General Assembly, by law, shall divide the Representative Districts as equally as possible into three groups. Beginning in 1986, general election Representatives from one group shall be elected for terms of four years, four

years, and two years; Representatives from the second group for terms of four years, two years, and four years; and Representatives from the third group for terms of two years, four years, and four years. Representative Districts in each group shall be distributed substantially equally over the state. To be eligible to serve as a Member of the General Assembly, a person must be a United States citizen, at least 21 years old and, for two years preceding his election or appointment, a resident of the district which he is to represent. In the general election following a redistricting, a candidate for the General Assembly may be elected from any district which contains part of the district in which he resides at the time of the redistricting, and reelected if a resident of the new district he represents for 18 months prior to reelection. Within 30 days after a vacancy occurs, it shall be filled by appointment as provided by law. If a vacancy is in a senatorial or representative office with more than 28 months remaining in the term, the appointment... the appointed Senator or Representative shall serve until the next general election, at which time a Senator or Representative shall be elected to serve for the remainder of the term. If the vacancy is in the other representative/senatorial office, the appointment shall be for the remainder of the term. which shall have been increased by the General Assembly during that term. This Amendment takes effect upon its adoption by the electors of this state. Third Reading of this Constitutional Amendment."

Speaker Madigan: "Mr. Clerk, has the Resolution been read a third time? Alright. On the Resolution, the Chair recognizes Mr. Brookins."

Brookins: "Mr. Speaker, this Resolution merely changes our time that we serve to four year terms and a two year term. It does not change your district borders or anything else. I ask for a favorable vote on this."

Speaker Madigan: "Mr. Piel."

Piel: "Will the Gentleman yield for a question, please?"

Speaker Madigan: "The Sponsor indicates he will yield."

Piel: "Representative Brookins, just to clarify a point that I was just talking to you, to get it into the record. This Constitutional Amendment will do nothing but make our terms identical to our senatorial... our Senators' terms. Is that correct?"

Brookins: "That is absolutely correct."

Piel: "Fine. Thank you very much."

Speaker Madigan: "Representative Cowlshaw."

Cowlshaw: "Mr. Speaker, will the Sponsor yield for question?"

Speaker Madigan: "The Sponsor indicates he will yield."

Cowlshaw: "Representative, I understand that this measure would mean that all of the Members, incumbent Members of this House, would be able to enjoy longer terms of office. Is that correct?"

Brookins: "If elected."

Cowlshaw: "Very good. It has been my experience that measures of this kind may be very beneficial to Members of the House but, in my opinion, Sir, it is not beneficial for the people. I have found that many citizens of Illinois know

their State Representatives far better than they know their State Senators, only because we have to run every two years, and with that in mind, we have to be responsive to our constituents. We have to be better public servants, because we have to run every two years. I am opposed to this Amendment, because I think it does a disservice to the citizens of Illinois, who will see a whole lot less of us if we only had to run every four years."

Speaker Madigan: "Is there any further discussion? Representative Klemm."

Klemm: "Thank you, Mr. Speaker. I guess in response to the last speaker, it seems to me that what she said may very well be true, but at least we'd be allowing the voters to decide this issue. If they, in fact, agree with that particular position, they would then vote it down, and at least we're letting the voters know. So many people are so tired of looking at our faces every couple of years that many of them are saying to me, 'What the heck? Didn't we just vote for you the other day?' And in reality, in the nine months after we are sworn in, we're out there with petitions, we're trying to get our names on ballots. It seems as if we are always constantly running. Now, there's nothing wrong with that. There's nothing wrong with putting ourselves, our records, our positions before the voters and letting them judge us, and I commend us for doing that, but this question is not taking sides. It's just saying, 'Voters, how would you prefer us to run?' Let us know, and I think the voters can decide that with the intelligence that they've always demonstrated. So, I tend to favor this Amendment."

Speaker Madigan: "Is there any further discussion? Mr. Brookins, to close."

Brookins: "I think Mr. Klemm said it eloquently and best. I know

in myself I'm running from the moment I have finished an election to the next moment, and that do make a decision in your activity here. I don't know how the Lady handles her district, but I'm steady visible, and I'm in the district every day anyway. With that, I'll ask for a favorable vote."

Speaker Madigan: "The question is, 'Shall House Joint Constitutional Amendment 13 be adopted?' This matter shall require 71 affirmative votes. Those in favor will signify by voting 'aye', those opposed by voting 'no'. Have all voted who wish? Have all voted who wish? Mr. Friedrich to explain his vote."

Friedrich: "Mr. Speaker and Members of the House, I have been confronted with an election every two years just like the rest of you, but the people who founded this country put the National Congress in the same vein and the people who started this state did the same thing. They felt that the lower House should be responsive to the people and of course, the way to keep them responsive is to keep them constantly up for election. Now, I know it's hard work. I know sometimes you're frustrated by it, but I still think the people... this is the people's House, and they ought to have a chance to change it every two years. I think that this Amendment should not be adopted, even though I see that I am on the... not on the prevailing side. I think you're making a mistake."

Speaker Madigan: "Mr. Preston, to explain his vote."

Preston: "Thank you, Mr. Speaker and Ladies and Gentlemen of the House. Like the previous speaker, I, too, have election contests every two years, and I am very, very aware of the expenditure of time, effort, energy and money that goes into those election contests. I think that it is a complete ripoff of the people. Times have changed since

our founding fathers had put into the Constitution the terms of office, in the costs, in all ways, in the time it takes, in the unnecessary expenditure of energy campaigning and the exorbitant costs of campaigning, to go through that on a two year basis, rips off the people who send us here. And I think it's the people who can benefit by a longer term for the Representatives in this House, and that's why I'm voting 'aye', and I'd like to see 31 more people vote 'aye'."

Speaker Madigan: "Mr. Harris, to explain his vote."

Harris: "Thank you, Mr. Speaker. Why are we scared of facing the voters every two years? If a Congressman who has a district four or five or six times larger than ours can present his record to the people every two years with a campaign expenditure which is probably four, five, six, ten times greater than a State Representative's, why are we fearful of going to the voters? This House does not change complexion or makeup rapidly over a two year period of time. Incumbents have the advantage anyway. Why vote ourselves a further advantage? The people look at us somewhat with soured eyes right now because we vote so many protections. This is simply another protection for incumbents, and I would certainly urge a "no" vote."

Speaker Madigan: "Mr. Ropp, to explain his vote."

Ropp: "Thank you, Mr. Speaker and Members of the House. The fact is I enjoy campaigning every two years. It's a pleasure and a rare opportunity. What I think this actually does, it allows people throughout the state to make that decision. It is a very costly venture to campaign. However, I can almost assure you that this will never get out of the Senate, and of all of the Constitutional Amendments we have dealt with, this probably has the least importance, but it will probably pass."

It has been now, and this basically deals with a problem that occurred upon first glance when we reviewed the Bill. What this Amendment #2 provides is that in park districts under 500, when there... when two or more park districts are set up, when separate park districts are set up for those municipalities, that each park district will have an election to determine the membership of the park district. And it also provides a process by which joint properties can be... can be distinguished for each. And I would move for its adoption."

Speaker Madigan: "Are there any Floor Amendments?"

Clerk Leone: "None."

Speaker Madigan: "Third Reading. House Bill 2853, Mr. Yourell.
Mr. Clerk, read the Bill."

Clerk Leone: "House Bill 2853, a Bill for an Act to amend the
Election Code. Second Reading of the Bill. No Committee
Amendments."

Speaker Madigan: "Are there any Floor Amendments?"

Clerk Leone: "None."

Speaker Madigan: "Third Reading. House Bill 3033, Mr. Yourell.
The Chair recognizes Mr. Yourell."

Yourell: "I turned in an Amendment, filed an Amendment to this
Bill. I don't think it's been printed yet, Mr. Speaker."

Speaker Madigan: "Mr. Page indicates that the Amendment has not
yet been distributed. Therefore, the Bill shall remain on
the Order of Second Reading. On page 13 of the Calendar on
the Order of Motions, there appears a Motion relative to
House Bills 1004, 1011, 1278, 1716. And on that question
the Chair recognizes Representative Younge. Is
Representative Younge in the chamber? The Chair recognizes
Representative Younge."

Younge: "Thank you, Mr. Speaker. I move for the adoption of that
Motion."

Speaker Madigan: "The Lady moves to suspend the posting
requirements so that these Bills may be heard in the House
Urban Redevelopment Committee. On that question, the Chair
recognizes Mr. Piel."

Piel: "Question of the Sponsor of the Motion. Will she yield to
a question?"

Speaker Madigan: "The Sponsor indicates that she will yield."

Piel: "Being Minority Spokesman of that Committee, I thought that
you... before you filed that Motion in reference to this,
you would talk to me about it, but seeing as you haven't,

I'll ask the question on the floor. When is this... when is the Committee to take place?"

Younger: "As announced yesterday, the Committee will take place at 11:00 tomorrow, Thursday, May 3rd."

Piel: "Has that been cleared with everybody in the House?"

Younger: "Yes, the staff person said he cleared it."

Piel: "Because I do know that Mr. Vinson yesterday, you know, said that he was opposed to it and all you need is one individual opposed to it. Now, I'd want to know... you know, first of all, I can't figure it out, because they're already posted in the Committee. These Bills, if they are already posted in the Committee, all you need is a Committee hearing, and I'm trying to figure out why, you know, you have put forth this Motion."

Younger: "Well, my impression was that they were not posted, and that is the reason for the Motion, Representative Piel."

Piel: "Well, we haven't... you know, the Committee has not been posted, Representative Younger; and, if the Committee has not been posted you can't post Bills in the Committee. And I would ask, you know, in reference to this Motion, I mean it's got to be followed by another Motion asking for the, you know, for the assignment of a Committee to waive the posting rules as far as that Committee. And because it was not cleared with me, I would, you know, expect the same courtesy from you as you would expect from me, and so I would oppose the posting, you know, the Motion she is going to have following this to post and so there is no need for this Motion."

Speaker Madigan: "Mr. Piel, I'm told by the Clerk's Office that although the Chairperson announced the scheduling of the meeting that the Bills which are the subject of this Motion have not been properly posted. Therefore, the Chairperson is attempting to suspend the posting requirements for these

Bills. I don't think there is any need to confuse the issue. The Motion is straightforward. If you wish to support it, support it. If you wish to oppose it, oppose the Motion. Mr. Vinson. Did you wish to articulate your position on this question?"

Vinson: "I'd like to have a list of the Bills read."

Speaker Madigan: "They have been read once before; but, since you weren't paying attention, we'll read them again."

Vinson: "Thank you."

Speaker Madigan: "House Bill 1004, 1011, 1278 and 1716. They appear on page 13 of the Calendar, because yesterday you objected to a verbal Motion to this effect. And since you objected to the verbal Motion, it has now been reduced to writing. And the Chair recognizes Mr. Vinson."

Vinson: "Well, now that the Calendar requirement has been properly met with, I have no objection."

Speaker Madigan: "To the earlier Motion? You have all heard the Motion three times. Is there leave? Leave is granted. The Chair is prepared to adjourn. Are there any announcements? For what purpose does Mr. Vinson seek recognition?"

Vinson: "Mr. Speaker, having conferred with the Speaker and with the Chairman of the Labor and Commerce Committee, I would ask leave of the House to suspend the appropriate rule requiring posting for House Bill 2401 so that it may be heard in Labor and Commerce today."

Speaker Madigan: "Is there leave? Leave is granted. Mr. Jaffe."

Jaffe: "Mr. Speaker, I have several things. First of all, I'd like to suspend the posting rules for the following Bills which have been discussed with the Minority Spokesman on the Judiciary Committee, House Bill 2480, House Bill 3000 and House Bill 3202; those Bills to be heard tomorrow morning in Judiciary. I'd like to have leave to suspend

the posting rules for those."

Speaker Madigan: "Is there leave? Leave is granted."

Jaffe: "Okay, secondly, also cleared with the other side, as we posted House Bill 2873 in Committee for tomorrow, that Bill is a... one of the Bills in a series of Bills and we would like to hear it in Committee today. We have checked with the other side, and they are agreeable to it."

Speaker Madigan: "Is there leave? Leave is granted. Mr. Hannig."

Hannig: "Yes, thank you, Mr. Speaker. I would ask leave of the House to suspend the posting rule for House Bill 1302 so it can be heard in Labor and Commerce this afternoon. I have cleared this with the Chairman and the Minority Spokesman, Representative Tuerk."

Speaker Madigan: "Is there leave? Leave is granted. Mr. DiPrima."

DiPrima: "Yes, Sir. Thank you, Mr. Speaker. Ladies and Gentlemen of the House, now, Jeff Mays passed out the directions for that banquet tonight being held by the combined veteran organizations on the Republican side and I gave each Member of our side here directions how to get out to the Disabled American Veterans' Club House. This... Cocktails are at 6:30, and the dinner will be served at 7:30. So I hope you all come out there now. Let's not let them people look like fools. Thank you."

Speaker Madigan: "Mr. Wolf. Mr. Sam Wolf."

Wolf: "Thank you, Mr. Speaker. I would like to suspend the appropriate posting rules in order that the following Bills can be heard in Personnel and Pensions this afternoon at 4:00. That's House Bill 243, 338, 1216, 2564, 2835, 3250, 3251, 3258, 2885 and 3032. This has been cleared with the other side of the aisle."

Representative Satterthwaite."

Satterthwaite: "Mr. Speaker and Members of the House, the Higher Education Committee, which is scheduled to meet at 4:00 will not convene until 4:30 today. It's my hope that those Committee Members who need to present Bills in other Committees can be accommodated to get that done very early and get back so that we can promptly go into session at 4:30 instead of 4:00."

Speaker Madigan: "Mr. Klemm."

Klemm: "Thank you, Mr. Speaker. I'd like to ask leave of the House to suspend the appropriate posting rules to hear House Joint Resolution Constitutional Amendment 25 in Executive Committee tomorrow, Thursday, at 2:00 p. m. And I have talked and cleared with both the Committee Chairman and the Minority Spokesperson."

Speaker Madigan: "Is there leave? Leave is granted. Mr. Piel."

Piel: "Thank you, Mr. Speaker. A question of the Chair or the Parliamentarian. We've passed the Motion on page 13. That is the Motion to have the Bills heard in Committee. The Committee per se has not been posted. What is the ruling on that?"

Speaker Madigan: "Mr. Piel, there was an announcement on the floor yesterday that the Committee would meet."

Piel: "That was the announcement... but on that announcement, Representative Vinson objected to that Committee being held... to her request, as far as the Committee being held. It was not the request as far as the Bills. It was the request of the Committee."

Speaker Madigan: "Did Mr. Vinson distribute some earplugs at the time of his objection?"

Piel: "Pardon me?"

Piel: "At times we do need those, but I did hear that thing he... he stood up and opposed, and it was a situation where all we needed was one dissenting vote on it."

Speaker Madigan: "Parliamentarian informs me that her announcement on the floor will suffice in terms of the scheduling of the Committee meeting."

Piel: "I beg your pardon, Mr. Speaker, but, you know, for a Committee to be held it has got to be posted, correct me, for one week. I believe there are so... you know, more than just 24 hours or 48 hours."

Speaker Madigan: "Well, thank you very much, Mr. Piel. Mr. Sam Wolf."

Wolf: "Thank you, Mr. Speaker. I would like to remind the Members of the Personnel and Pensions Committee that there will be a meeting this afternoon at 4:00 in Room C-1. I would appreciate it if everybody would be on time. We have a number of Bills to address and your complete cooperation is going to be needed. Thank you."

Speaker Madigan: "Mr. Vinson."

Vinson: "Mr. Speaker, an inquiry of the Chair. Has the Senate Message on Senate Joint Resolution Constitutional Amendment 98 been read?"

Speaker Madigan: "Mr. Clerk, has the Message been read? Mr. Vinson, I understand that matter is on its way down to the Clerk's station now."

Vinson: "Mr. Speaker, do you think that when we adjourn today, we might adjourn with perfunct time so that the Clerk can read that a first time?"

Speaker Madigan: "That sounds like a good idea, Mr. Vinson."

Vinson: "Thank you, Mr. Speaker."

Speaker Madigan: "On the Order of Agreed Resolutions, Mr. Clerk."

Speaker Madigan: "Mr. Giorgi."

Giorgi: "Mr. Speaker, Keane's 884 notes a golden wedding anniversary. 885, by Turner, a 25th anniversary. And House Joint 142, by DiPrima, commends the Southern Illinois University for calling... for naming a building in... at their complex the Sam Vadalabene Center for health, recreation and physical education. And 8... House Resolution 88, by McGann, also congratulates a golden anniversary. And I move for the adoption of the Agreed Resolutions."

Clerk O'Brien: "Also House Resolution 888, McGann."

Speaker Madigan: "Mr. Giorgi."

Giorgi: "I move for the adoption of the Agreed Resolutions."

Speaker Madigan: "Gentleman moves for the adoption of the Agreed Resolutions. Those in favor say 'aye', those opposed say 'no'. The 'ayes' have it. The Agreed Resolutions are adopted. Mr. Ronan. Mr. Ronan, could you tear yourself away from Mr. 'Strell'? Mr. Ronan."

Ronan: "Thank you, Mr. Speaker. I'd like to waive the appropriate rule and have House Bill 3202 heard in the Judiciary Committee tomorrow. I have talked to the Chairman and the Minority Spokesman. They have no problems with that. It hasn't been posted. That's the problem."

Speaker Madigan: "I see. So, the Gentleman moves to suspend the posting requirements. Is there leave? Leave is granted. Is there anything further? Ladies and Gentlemen, we have two Death Resolutions, one a General Death Resolution and the other would be memorializing the death of the wife of Representative Christensen. And we shall adjourn upon the adoption of that Resolution. So, Mr. Clerk, read the first Death Resolution."

Clerk O'Brien: "House Resolution 887, by Representative Shaw,

with respect to the memory of Ms. Katie Gibson."

Speaker Madigan: "Mr. Giorgi."

Giorgi: "Mr. Speaker, I move the adoption of the Death Resolution."

Speaker Madigan: "Those in favor say 'aye', those opposed say 'no'. The 'ayes' have it. Death Resolution 883 is adopted. Mr. Clerk."

Clerk O'Brien: "House Resolution 883, by Representative Van Dyne and Madigan. Whereas, it is with great sadness that this Body learns of the recent passing of Norma Christensen, beloved wife our our esteemed colleague from the 85th District, Representative Ray A. Christensen; and whereas, Mrs. Christensen was born Naomi 'Furie' in Carbon Hill, Illinois, August 12, 1922, was educated in the Coles City School System and has been employed by the Grundy County Sheriff's Office and for the past 11 years by the Secretary of State in the Morris, Illinois Drivers' License and Examining Facility; and whereas, one of five daughters, Norma Christensen cherished and nurtured life and with her devoted husband raised three wonderful sons and delighted in the joy of two special granddaughters; and whereas, the loss of Mrs. Christensen is shared by the many Members of the General Assembly who were fortunate to have known her warm and caring nature and by those who realize that the burdens of our public service would not be born without the support and encouragement of loving families. Therefore, be it resolved by the House of Representatives of the 83rd General Assembly of the State of Illinois, that we mark with sorrow the death of Norma Christensen, a noble woman whose selfless life encompassed family, friends and public service and those numerous contributions to the people of this state shall long be inspired by those who survive for the best in themselves and that we express our

most heartfelt sympathy to Representative Bay Christensen in his grief. And be it further resolved that a suitable copy of this Resolution be presented to Representative Bay Christensen. And be it further resolved that in respect for the passing of Norma Christensen this Body now stands adjourned."

Speaker Madigan: "Mr. Van Duyne."

Van Duyne: "Thank you, Mr. Speaker. As you all know, Bay and Norma and my wife and I have been close for... for all our lives, really since we were about 14 or 15 years old in Morris and in Coles City, having gone to dances together, roller skating and all the other things that young people do before they are married. In my family there has been much heartfelt feeling in us for Norma while she underwent her ordeal and her illness. Also, we, personally, and the Members of the House and the Senate, too, have commiserated with Bay while he suffered through the anguish of his wife's illness and now in her death. And so, it is with this feeling in sympathy that we present for adoption, the Speaker and myself, House Resolution 883 and a suitable copy... and we hope that a suitable copy will be presented to our friend and his family for her remembrance and edification, and I ask that all Members be added as Sponsors. I move for its adoption."

Speaker Madigan: "The Gentleman moves for the adoption of House Resolution 883 and that further the House stand adjourned until 12:00 noon tomorrow, providing 15 minutes of Perfunctory Session. All those in favor say 'aye', all those opposed say 'no'. The House does stand adjourned."

Clerk O'Brien: "Committee Reports. Representative DiFrino, Chairman of the Committee on Veterans' Affairs, to which the following Bill was referred, action taken May 2, 1984, reported the same back with the following recommendations:
