1 AMENDMENT TO SENATE BILL 1905

2 AMENDMENT NO. 4. Amend Senate Bill 1905 as follows:

3 on page 36, line 8, after "Board." by inserting "Upon the
4 effective date of this amendatory Act of the 96th General
5 Assembly, the ex-officio non-voting member of the Health
6 Facilities Planning Board representing the Department of
7 Public Health as of April 1, 2009 shall no longer serve as an
8 ex-officio member of the Health Facilities and Services Review
9 Board. The Director of Public Health shall serve as the
10 Department's ex-officio member until such time that the
11 Director designates a replacement ex-officio member to the
12 Board."; and

13 on page 37, line 24, after "Board." by inserting "The Executive
14 Secretary of the Health Facilities Planning Board, holding that
15 position on April 1, 2009, is terminated as of the effective
16 date of this amendatory Act of the 96th General Assembly, by

1 operation of law, and shall thereafter no longer hold that
2 position or any other employment position with the Health
3 Facilities and Services Review Board or any agency authorized
4 to provide an ex-officio member to the Board or any position
5 requiring nomination through the Special Nominating Panel. The
6 Board and the Agencies are directed to take any action
7 necessary to effectuate this termination and prohibition from
8 employment."; and

9 on page 50, immediately below line 12, by inserting the
10 following:

11 "The State Board shall change the minimum requirement of
12 100 medical-surgical beds for the establishment of a new
13 acute-care hospital to allow for the 100 bed requirement to be
14 met with a combination of beds, which may include
15 medical-surgical, pediatric, obstetric, or intensive-care unit
16 beds."

1 AMENDMENT TO SENATE BILL 1905

2 AMENDMENT NO. 4A. Amend Senate Bill 1905 on page 50,
3 immediately below line 12, by inserting the following:

4 "The State Board shall change the minimum requirement of
5 100 medical-surgical beds for the establishment of a new
6 acute-care hospital to allow for the 100 bed requirement to be
7 met with a combination of beds, which may include
8 medical-surgical, pediatric, obstetric, or intensive-care unit
9 beds."
