2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Public Utilities Act is amended by changing
5 Sections 13-503, 13-505, 13-505.4, and 13-1200 as follows:

6 (220 ILCS 5/13-503) (from Ch. 111 2/3, par. 13-503)

7 (Section scheduled to be repealed on July 1, 2017)

8 Sec. 13-503. Information available to the public. With
9 respect to rates or other charges made, demanded, or received
10 for any telecommunications service offered, provided, or to be
11 provided, that is subject to subsection (a) of Section 13-501
12 of this Act, telecommunications carriers shall comply with the
13 publication and filing provisions of Sections 9-101, 9-102,
14 9-102.1, and 9-201 of this Act. Except for the provision of
15 services offered or provided by payphone providers pursuant to
16 a tariff, telecommunications carriers shall make all tariffs
17 and all written service offerings for competitive
18 telecommunications service available electronically to the
19 public without requiring a password or other means of
20 registration. A telecommunications carrier's website shall, if
21 applicable, provide in a conspicuous manner information on the
22 rates, charges, terms, and conditions of competitive and
23 noncompetitive service available, and a toll-free telephone

1 number that may be used to contact an agent for assistance with
2 obtaining rate or other charge information or the terms and
3 conditions of service. The website shall also provide
4 information on a variety of plans the telecommunications
5 carrier offers, and an evaluation of which telecommunications
6 tariffs and written service offerings for competitive
7 telecommunications service are the most appropriate and cost
8 efficient for each customer based upon each customer's
9 individually stated needs, wants, and prior telecommunications
10 use. Such information shall also be conspicuously provided
11 along with each billing statement for each customer in the same
12 manner as the billing statement is provided, or, in the absence
13 of such information, instructions on how to obtain the
14 information from the telecommunications carrier's website.
15 Telecommunications carriers shall keep record of who has
16 contacted the carrier about rates and packages. If a customer
17 has not contacted a carrier at least once before November 1 of
18 each year to discuss rates and packages, the carrier will send
19 to the customer, in the same manner as the customer's billing
20 statement, an invitation to discuss such details. Notices will
21 be sent in a least one more additional instance than the
22 customer's bill is sent.

19 Sec. 13-505.4. Provision of noncompetitive services.

20 (a) A telecommunications carrier that offers or provides a
21 noncompetitive service, service element, feature, or
22 functionality on a separate, stand-alone basis to any customer
23 shall provide that service, service element, feature, or
24 functionality pursuant to tariff to all persons, including all
25 telecommunications carriers and competitors, in accordance

1 with the provisions of this Article.

2 (b) A telecommunications carrier that offers or provides a
3 noncompetitive service, service element, feature, or
4 functionality to any customer as part of an offering of
5 competitive services pursuant to tariff or contract shall
6 publicly disclose the offering or provisioning of the
7 noncompetitive service, service element, feature, or
8 functionality by filing with the Commission information that
9 generally describes the offering or provisioning and that shows
10 the rates, terms, and conditions of the noncompetitive service,
11 service element, feature, or functionality. The information
12 shall be filed with the Commission concurrently with the filing
13 of the tariff or not more than 10 days following the customer's
14 acceptance of the offering in a contract. Information under
15 this subsection (b) shall be provided to customers in the same
16 manner as information is provided for competitive

18 (c) A telecommunications carrier that is not subject to
19 regulation under an alternative regulation plan pursuant to
20 Section 13-506.1 of this Act may reduce the rate or charge for
21 a noncompetitive service, service element, feature, or
22 functionality offered to customers on a separate, stand-alone
23 basis or as part of a bundled service offering by filing with
24 the Commission a tariff that shows the reduced rate or charge
25 and all applicable terms and conditions of the noncompetitive
26 service, service element, feature, or functionality or bundled

1 offering. The reduction of rates or charges shall be permitted
2 upon the filing of the proposed rate, charge, classification,
3 tariff, or bundled offering. The total price of a bundled
4 offering shall not attribute any portion of the charge to
5 services subject to the jurisdiction of the Commission and

7 Article IX of this Act to set the revenue requirement or to set
8 just and reasonable rates for services subject to the
9 jurisdiction of the Commission. Prices for bundles shall not be
10 subject to Section 13-505.1 of this Act. For purposes of this
11 subsection (c), a bundle is a group of services offered
12 together for a fixed price where at least one of the services
13 is an interLATA service as that term is defined in 47 U.S.C.
