

## 100TH GENERAL ASSEMBLY

### State of Illinois

2017 and 2018

**HB4782**

by Rep. Kelly M. Burke

#### SYNOPSIS AS INTRODUCED:

215 ILCS 5/356z.10  
305 ILCS 5/5-5

from Ch. 23, par. 5-5

Amends the Illinois Insurance Code and the Illinois Public Aid Code. In provisions concerning coverage for amino acid-based elemental formulas, provides coverage for the diagnosis and treatment of milk protein allergies and intolerances when the prescribing physician has issued a written order stating that the amino acid-based elemental formula is medically necessary.

LRB100 18998 SMS 34252 b

1 AN ACT concerning regulation.

2 **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4 Section 5. The Illinois Insurance Code is amended by  
5 changing Section 356z.10 as follows:

6 (215 ILCS 5/356z.10)

7 Sec. 356z.10. Amino acid-based elemental formulas. A group  
8 or individual major medical accident and health insurance  
9 policy or managed care plan amended, delivered, issued, or  
10 renewed after the effective date of this amendatory Act of the  
11 100th General Assembly ~~this amendatory Act of the 95th General~~  
12 ~~Assembly~~ must provide coverage and reimbursement for amino  
13 acid-based elemental formulas, regardless of delivery method,  
14 for the diagnosis and treatment of (i) eosinophilic disorders,  
15 ~~and~~ (ii) short bowel syndrome, and (iii) milk protein allergies  
16 and intolerances when the prescribing physician has issued a  
17 written order stating that the amino acid-based elemental  
18 formula is medically necessary.

19 (Source: P.A. 95-520, eff. 8-28-07; 95-876, eff. 8-21-08.)

20 Section 10. The Illinois Public Aid Code is amended by  
21 changing Section 5-5 as follows:

1 (305 ILCS 5/5-5) (from Ch. 23, par. 5-5)

2 Sec. 5-5. Medical services. The Illinois Department, by  
3 rule, shall determine the quantity and quality of and the rate  
4 of reimbursement for the medical assistance for which payment  
5 will be authorized, and the medical services to be provided,  
6 which may include all or part of the following: (1) inpatient  
7 hospital services; (2) outpatient hospital services; (3) other  
8 laboratory and X-ray services; (4) skilled nursing home  
9 services; (5) physicians' services whether furnished in the  
10 office, the patient's home, a hospital, a skilled nursing home,  
11 or elsewhere; (6) medical care, or any other type of remedial  
12 care furnished by licensed practitioners; (7) home health care  
13 services; (8) private duty nursing service; (9) clinic  
14 services; (10) dental services, including prevention and  
15 treatment of periodontal disease and dental caries disease for  
16 pregnant women, provided by an individual licensed to practice  
17 dentistry or dental surgery; for purposes of this item (10),  
18 "dental services" means diagnostic, preventive, or corrective  
19 procedures provided by or under the supervision of a dentist in  
20 the practice of his or her profession; (11) physical therapy  
21 and related services; (12) prescribed drugs, dentures, and  
22 prosthetic devices; and eyeglasses prescribed by a physician  
23 skilled in the diseases of the eye, or by an optometrist,  
24 whichever the person may select; (13) other diagnostic,  
25 screening, preventive, and rehabilitative services, including  
26 to ensure that the individual's need for intervention or

1 treatment of mental disorders or substance use disorders or  
2 co-occurring mental health and substance use disorders is  
3 determined using a uniform screening, assessment, and  
4 evaluation process inclusive of criteria, for children and  
5 adults; for purposes of this item (13), a uniform screening,  
6 assessment, and evaluation process refers to a process that  
7 includes an appropriate evaluation and, as warranted, a  
8 referral; "uniform" does not mean the use of a singular  
9 instrument, tool, or process that all must utilize; (14)  
10 transportation and such other expenses as may be necessary;  
11 (15) medical treatment of sexual assault survivors, as defined  
12 in Section 1a of the Sexual Assault Survivors Emergency  
13 Treatment Act, for injuries sustained as a result of the sexual  
14 assault, including examinations and laboratory tests to  
15 discover evidence which may be used in criminal proceedings  
16 arising from the sexual assault; (16) the diagnosis and  
17 treatment of sickle cell anemia; and (17) any other medical  
18 care, and any other type of remedial care recognized under the  
19 laws of this State. The term "any other type of remedial care"  
20 shall include nursing care and nursing home service for persons  
21 who rely on treatment by spiritual means alone through prayer  
22 for healing.

23 Notwithstanding any other provision of this Section, a  
24 comprehensive tobacco use cessation program that includes  
25 purchasing prescription drugs or prescription medical devices  
26 approved by the Food and Drug Administration shall be covered

1 under the medical assistance program under this Article for  
2 persons who are otherwise eligible for assistance under this  
3 Article.

4 Notwithstanding any other provision of this Code,  
5 reproductive health care that is otherwise legal in Illinois  
6 shall be covered under the medical assistance program for  
7 persons who are otherwise eligible for medical assistance under  
8 this Article.

9 Notwithstanding any other provision of this Code, the  
10 Illinois Department may not require, as a condition of payment  
11 for any laboratory test authorized under this Article, that a  
12 physician's handwritten signature appear on the laboratory  
13 test order form. The Illinois Department may, however, impose  
14 other appropriate requirements regarding laboratory test order  
15 documentation.

16 Upon receipt of federal approval of an amendment to the  
17 Illinois Title XIX State Plan for this purpose, the Department  
18 shall authorize the Chicago Public Schools (CPS) to procure a  
19 vendor or vendors to manufacture eyeglasses for individuals  
20 enrolled in a school within the CPS system. CPS shall ensure  
21 that its vendor or vendors are enrolled as providers in the  
22 medical assistance program and in any capitated Medicaid  
23 managed care entity (MCE) serving individuals enrolled in a  
24 school within the CPS system. Under any contract procured under  
25 this provision, the vendor or vendors must serve only  
26 individuals enrolled in a school within the CPS system. Claims

1 for services provided by CPS's vendor or vendors to recipients  
2 of benefits in the medical assistance program under this Code,  
3 the Children's Health Insurance Program, or the Covering ALL  
4 KIDS Health Insurance Program shall be submitted to the  
5 Department or the MCE in which the individual is enrolled for  
6 payment and shall be reimbursed at the Department's or the  
7 MCE's established rates or rate methodologies for eyeglasses.

8 On and after July 1, 2012, the Department of Healthcare and  
9 Family Services may provide the following services to persons  
10 eligible for assistance under this Article who are  
11 participating in education, training or employment programs  
12 operated by the Department of Human Services as successor to  
13 the Department of Public Aid:

14 (1) dental services provided by or under the  
15 supervision of a dentist; and

16 (2) eyeglasses prescribed by a physician skilled in the  
17 diseases of the eye, or by an optometrist, whichever the  
18 person may select.

19 Notwithstanding any other provision of this Code and  
20 subject to federal approval, the Department may adopt rules to  
21 allow a dentist who is volunteering his or her service at no  
22 cost to render dental services through an enrolled  
23 not-for-profit health clinic without the dentist personally  
24 enrolling as a participating provider in the medical assistance  
25 program. A not-for-profit health clinic shall include a public  
26 health clinic or Federally Qualified Health Center or other

1 enrolled provider, as determined by the Department, through  
2 which dental services covered under this Section are performed.  
3 The Department shall establish a process for payment of claims  
4 for reimbursement for covered dental services rendered under  
5 this provision.

6 The Illinois Department, by rule, may distinguish and  
7 classify the medical services to be provided only in accordance  
8 with the classes of persons designated in Section 5-2.

9 The Department of Healthcare and Family Services must  
10 provide coverage and reimbursement for amino acid-based  
11 elemental formulas, regardless of delivery method, for the  
12 diagnosis and treatment of (i) eosinophilic disorders, ~~and~~ (ii)  
13 short bowel syndrome, and (iii) milk protein allergies and  
14 intolerances when the prescribing physician has issued a  
15 written order stating that the amino acid-based elemental  
16 formula is medically necessary.

17 The Illinois Department shall authorize the provision of,  
18 and shall authorize payment for, screening by low-dose  
19 mammography for the presence of occult breast cancer for women  
20 35 years of age or older who are eligible for medical  
21 assistance under this Article, as follows:

22 (A) A baseline mammogram for women 35 to 39 years of  
23 age.

24 (B) An annual mammogram for women 40 years of age or  
25 older.

26 (C) A mammogram at the age and intervals considered

1 medically necessary by the woman's health care provider for  
2 women under 40 years of age and having a family history of  
3 breast cancer, prior personal history of breast cancer,  
4 positive genetic testing, or other risk factors.

5 (D) A comprehensive ultrasound screening and MRI of an  
6 entire breast or breasts if a mammogram demonstrates  
7 heterogeneous or dense breast tissue, when medically  
8 necessary as determined by a physician licensed to practice  
9 medicine in all of its branches.

10 (E) A screening MRI when medically necessary, as  
11 determined by a physician licensed to practice medicine in  
12 all of its branches.

13 All screenings shall include a physical breast exam,  
14 instruction on self-examination and information regarding the  
15 frequency of self-examination and its value as a preventative  
16 tool. For purposes of this Section, "low-dose mammography"  
17 means the x-ray examination of the breast using equipment  
18 dedicated specifically for mammography, including the x-ray  
19 tube, filter, compression device, and image receptor, with an  
20 average radiation exposure delivery of less than one rad per  
21 breast for 2 views of an average size breast. The term also  
22 includes digital mammography and includes breast  
23 tomosynthesis. As used in this Section, the term "breast  
24 tomosynthesis" means a radiologic procedure that involves the  
25 acquisition of projection images over the stationary breast to  
26 produce cross-sectional digital three-dimensional images of

1 the breast. If, at any time, the Secretary of the United States  
2 Department of Health and Human Services, or its successor  
3 agency, promulgates rules or regulations to be published in the  
4 Federal Register or publishes a comment in the Federal Register  
5 or issues an opinion, guidance, or other action that would  
6 require the State, pursuant to any provision of the Patient  
7 Protection and Affordable Care Act (Public Law 111-148),  
8 including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any  
9 successor provision, to defray the cost of any coverage for  
10 breast tomosynthesis outlined in this paragraph, then the  
11 requirement that an insurer cover breast tomosynthesis is  
12 inoperative other than any such coverage authorized under  
13 Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and  
14 the State shall not assume any obligation for the cost of  
15 coverage for breast tomosynthesis set forth in this paragraph.

16 On and after January 1, 2016, the Department shall ensure  
17 that all networks of care for adult clients of the Department  
18 include access to at least one breast imaging Center of Imaging  
19 Excellence as certified by the American College of Radiology.

20 On and after January 1, 2012, providers participating in a  
21 quality improvement program approved by the Department shall be  
22 reimbursed for screening and diagnostic mammography at the same  
23 rate as the Medicare program's rates, including the increased  
24 reimbursement for digital mammography.

25 The Department shall convene an expert panel including  
26 representatives of hospitals, free-standing mammography

1 facilities, and doctors, including radiologists, to establish  
2 quality standards for mammography.

3 On and after January 1, 2017, providers participating in a  
4 breast cancer treatment quality improvement program approved  
5 by the Department shall be reimbursed for breast cancer  
6 treatment at a rate that is no lower than 95% of the Medicare  
7 program's rates for the data elements included in the breast  
8 cancer treatment quality program.

9 The Department shall convene an expert panel, including  
10 representatives of hospitals, free standing breast cancer  
11 treatment centers, breast cancer quality organizations, and  
12 doctors, including breast surgeons, reconstructive breast  
13 surgeons, oncologists, and primary care providers to establish  
14 quality standards for breast cancer treatment.

15 Subject to federal approval, the Department shall  
16 establish a rate methodology for mammography at federally  
17 qualified health centers and other encounter-rate clinics.  
18 These clinics or centers may also collaborate with other  
19 hospital-based mammography facilities. By January 1, 2016, the  
20 Department shall report to the General Assembly on the status  
21 of the provision set forth in this paragraph.

22 The Department shall establish a methodology to remind  
23 women who are age-appropriate for screening mammography, but  
24 who have not received a mammogram within the previous 18  
25 months, of the importance and benefit of screening mammography.  
26 The Department shall work with experts in breast cancer

1 outreach and patient navigation to optimize these reminders and  
2 shall establish a methodology for evaluating their  
3 effectiveness and modifying the methodology based on the  
4 evaluation.

5 The Department shall establish a performance goal for  
6 primary care providers with respect to their female patients  
7 over age 40 receiving an annual mammogram. This performance  
8 goal shall be used to provide additional reimbursement in the  
9 form of a quality performance bonus to primary care providers  
10 who meet that goal.

11 The Department shall devise a means of case-managing or  
12 patient navigation for beneficiaries diagnosed with breast  
13 cancer. This program shall initially operate as a pilot program  
14 in areas of the State with the highest incidence of mortality  
15 related to breast cancer. At least one pilot program site shall  
16 be in the metropolitan Chicago area and at least one site shall  
17 be outside the metropolitan Chicago area. On or after July 1,  
18 2016, the pilot program shall be expanded to include one site  
19 in western Illinois, one site in southern Illinois, one site in  
20 central Illinois, and 4 sites within metropolitan Chicago. An  
21 evaluation of the pilot program shall be carried out measuring  
22 health outcomes and cost of care for those served by the pilot  
23 program compared to similarly situated patients who are not  
24 served by the pilot program.

25 The Department shall require all networks of care to  
26 develop a means either internally or by contract with experts

1 in navigation and community outreach to navigate cancer  
2 patients to comprehensive care in a timely fashion. The  
3 Department shall require all networks of care to include access  
4 for patients diagnosed with cancer to at least one academic  
5 commission on cancer-accredited cancer program as an  
6 in-network covered benefit.

7 Any medical or health care provider shall immediately  
8 recommend, to any pregnant woman who is being provided prenatal  
9 services and is suspected of drug abuse or is addicted as  
10 defined in the Alcoholism and Other Drug Abuse and Dependency  
11 Act, referral to a local substance abuse treatment provider  
12 licensed by the Department of Human Services or to a licensed  
13 hospital which provides substance abuse treatment services.  
14 The Department of Healthcare and Family Services shall assure  
15 coverage for the cost of treatment of the drug abuse or  
16 addiction for pregnant recipients in accordance with the  
17 Illinois Medicaid Program in conjunction with the Department of  
18 Human Services.

19 All medical providers providing medical assistance to  
20 pregnant women under this Code shall receive information from  
21 the Department on the availability of services under the Drug  
22 Free Families with a Future or any comparable program providing  
23 case management services for addicted women, including  
24 information on appropriate referrals for other social services  
25 that may be needed by addicted women in addition to treatment  
26 for addiction.

1           The Illinois Department, in cooperation with the  
2 Departments of Human Services (as successor to the Department  
3 of Alcoholism and Substance Abuse) and Public Health, through a  
4 public awareness campaign, may provide information concerning  
5 treatment for alcoholism and drug abuse and addiction, prenatal  
6 health care, and other pertinent programs directed at reducing  
7 the number of drug-affected infants born to recipients of  
8 medical assistance.

9           Neither the Department of Healthcare and Family Services  
10 nor the Department of Human Services shall sanction the  
11 recipient solely on the basis of her substance abuse.

12           The Illinois Department shall establish such regulations  
13 governing the dispensing of health services under this Article  
14 as it shall deem appropriate. The Department should seek the  
15 advice of formal professional advisory committees appointed by  
16 the Director of the Illinois Department for the purpose of  
17 providing regular advice on policy and administrative matters,  
18 information dissemination and educational activities for  
19 medical and health care providers, and consistency in  
20 procedures to the Illinois Department.

21           The Illinois Department may develop and contract with  
22 Partnerships of medical providers to arrange medical services  
23 for persons eligible under Section 5-2 of this Code.  
24 Implementation of this Section may be by demonstration projects  
25 in certain geographic areas. The Partnership shall be  
26 represented by a sponsor organization. The Department, by rule,

1 shall develop qualifications for sponsors of Partnerships.  
2 Nothing in this Section shall be construed to require that the  
3 sponsor organization be a medical organization.

4 The sponsor must negotiate formal written contracts with  
5 medical providers for physician services, inpatient and  
6 outpatient hospital care, home health services, treatment for  
7 alcoholism and substance abuse, and other services determined  
8 necessary by the Illinois Department by rule for delivery by  
9 Partnerships. Physician services must include prenatal and  
10 obstetrical care. The Illinois Department shall reimburse  
11 medical services delivered by Partnership providers to clients  
12 in target areas according to provisions of this Article and the  
13 Illinois Health Finance Reform Act, except that:

14 (1) Physicians participating in a Partnership and  
15 providing certain services, which shall be determined by  
16 the Illinois Department, to persons in areas covered by the  
17 Partnership may receive an additional surcharge for such  
18 services.

19 (2) The Department may elect to consider and negotiate  
20 financial incentives to encourage the development of  
21 Partnerships and the efficient delivery of medical care.

22 (3) Persons receiving medical services through  
23 Partnerships may receive medical and case management  
24 services above the level usually offered through the  
25 medical assistance program.

26 Medical providers shall be required to meet certain

1 qualifications to participate in Partnerships to ensure the  
2 delivery of high quality medical services. These  
3 qualifications shall be determined by rule of the Illinois  
4 Department and may be higher than qualifications for  
5 participation in the medical assistance program. Partnership  
6 sponsors may prescribe reasonable additional qualifications  
7 for participation by medical providers, only with the prior  
8 written approval of the Illinois Department.

9 Nothing in this Section shall limit the free choice of  
10 practitioners, hospitals, and other providers of medical  
11 services by clients. In order to ensure patient freedom of  
12 choice, the Illinois Department shall immediately promulgate  
13 all rules and take all other necessary actions so that provided  
14 services may be accessed from therapeutically certified  
15 optometrists to the full extent of the Illinois Optometric  
16 Practice Act of 1987 without discriminating between service  
17 providers.

18 The Department shall apply for a waiver from the United  
19 States Health Care Financing Administration to allow for the  
20 implementation of Partnerships under this Section.

21 The Illinois Department shall require health care  
22 providers to maintain records that document the medical care  
23 and services provided to recipients of Medical Assistance under  
24 this Article. Such records must be retained for a period of not  
25 less than 6 years from the date of service or as provided by  
26 applicable State law, whichever period is longer, except that

1 if an audit is initiated within the required retention period  
2 then the records must be retained until the audit is completed  
3 and every exception is resolved. The Illinois Department shall  
4 require health care providers to make available, when  
5 authorized by the patient, in writing, the medical records in a  
6 timely fashion to other health care providers who are treating  
7 or serving persons eligible for Medical Assistance under this  
8 Article. All dispensers of medical services shall be required  
9 to maintain and retain business and professional records  
10 sufficient to fully and accurately document the nature, scope,  
11 details and receipt of the health care provided to persons  
12 eligible for medical assistance under this Code, in accordance  
13 with regulations promulgated by the Illinois Department. The  
14 rules and regulations shall require that proof of the receipt  
15 of prescription drugs, dentures, prosthetic devices and  
16 eyeglasses by eligible persons under this Section accompany  
17 each claim for reimbursement submitted by the dispenser of such  
18 medical services. No such claims for reimbursement shall be  
19 approved for payment by the Illinois Department without such  
20 proof of receipt, unless the Illinois Department shall have put  
21 into effect and shall be operating a system of post-payment  
22 audit and review which shall, on a sampling basis, be deemed  
23 adequate by the Illinois Department to assure that such drugs,  
24 dentures, prosthetic devices and eyeglasses for which payment  
25 is being made are actually being received by eligible  
26 recipients. Within 90 days after September 16, 1984 (the

1 effective date of Public Act 83-1439), the Illinois Department  
2 shall establish a current list of acquisition costs for all  
3 prosthetic devices and any other items recognized as medical  
4 equipment and supplies reimbursable under this Article and  
5 shall update such list on a quarterly basis, except that the  
6 acquisition costs of all prescription drugs shall be updated no  
7 less frequently than every 30 days as required by Section  
8 5-5.12.

9 Notwithstanding any other law to the contrary, the Illinois  
10 Department shall, within 365 days after July 22, 2013 (the  
11 effective date of Public Act 98-104), establish procedures to  
12 permit skilled care facilities licensed under the Nursing Home  
13 Care Act to submit monthly billing claims for reimbursement  
14 purposes. Following development of these procedures, the  
15 Department shall, by July 1, 2016, test the viability of the  
16 new system and implement any necessary operational or  
17 structural changes to its information technology platforms in  
18 order to allow for the direct acceptance and payment of nursing  
19 home claims.

20 Notwithstanding any other law to the contrary, the Illinois  
21 Department shall, within 365 days after August 15, 2014 (the  
22 effective date of Public Act 98-963), establish procedures to  
23 permit ID/DD facilities licensed under the ID/DD Community Care  
24 Act and MC/DD facilities licensed under the MC/DD Act to submit  
25 monthly billing claims for reimbursement purposes. Following  
26 development of these procedures, the Department shall have an

1 additional 365 days to test the viability of the new system and  
2 to ensure that any necessary operational or structural changes  
3 to its information technology platforms are implemented.

4 The Illinois Department shall require all dispensers of  
5 medical services, other than an individual practitioner or  
6 group of practitioners, desiring to participate in the Medical  
7 Assistance program established under this Article to disclose  
8 all financial, beneficial, ownership, equity, surety or other  
9 interests in any and all firms, corporations, partnerships,  
10 associations, business enterprises, joint ventures, agencies,  
11 institutions or other legal entities providing any form of  
12 health care services in this State under this Article.

13 The Illinois Department may require that all dispensers of  
14 medical services desiring to participate in the medical  
15 assistance program established under this Article disclose,  
16 under such terms and conditions as the Illinois Department may  
17 by rule establish, all inquiries from clients and attorneys  
18 regarding medical bills paid by the Illinois Department, which  
19 inquiries could indicate potential existence of claims or liens  
20 for the Illinois Department.

21 Enrollment of a vendor shall be subject to a provisional  
22 period and shall be conditional for one year. During the period  
23 of conditional enrollment, the Department may terminate the  
24 vendor's eligibility to participate in, or may disenroll the  
25 vendor from, the medical assistance program without cause.  
26 Unless otherwise specified, such termination of eligibility or

1 disenrollment is not subject to the Department's hearing  
2 process. However, a disenrolled vendor may reapply without  
3 penalty.

4 The Department has the discretion to limit the conditional  
5 enrollment period for vendors based upon category of risk of  
6 the vendor.

7 Prior to enrollment and during the conditional enrollment  
8 period in the medical assistance program, all vendors shall be  
9 subject to enhanced oversight, screening, and review based on  
10 the risk of fraud, waste, and abuse that is posed by the  
11 category of risk of the vendor. The Illinois Department shall  
12 establish the procedures for oversight, screening, and review,  
13 which may include, but need not be limited to: criminal and  
14 financial background checks; fingerprinting; license,  
15 certification, and authorization verifications; unscheduled or  
16 unannounced site visits; database checks; prepayment audit  
17 reviews; audits; payment caps; payment suspensions; and other  
18 screening as required by federal or State law.

19 The Department shall define or specify the following: (i)  
20 by provider notice, the "category of risk of the vendor" for  
21 each type of vendor, which shall take into account the level of  
22 screening applicable to a particular category of vendor under  
23 federal law and regulations; (ii) by rule or provider notice,  
24 the maximum length of the conditional enrollment period for  
25 each category of risk of the vendor; and (iii) by rule, the  
26 hearing rights, if any, afforded to a vendor in each category

1 of risk of the vendor that is terminated or disenrolled during  
2 the conditional enrollment period.

3 To be eligible for payment consideration, a vendor's  
4 payment claim or bill, either as an initial claim or as a  
5 resubmitted claim following prior rejection, must be received  
6 by the Illinois Department, or its fiscal intermediary, no  
7 later than 180 days after the latest date on the claim on which  
8 medical goods or services were provided, with the following  
9 exceptions:

10 (1) In the case of a provider whose enrollment is in  
11 process by the Illinois Department, the 180-day period  
12 shall not begin until the date on the written notice from  
13 the Illinois Department that the provider enrollment is  
14 complete.

15 (2) In the case of errors attributable to the Illinois  
16 Department or any of its claims processing intermediaries  
17 which result in an inability to receive, process, or  
18 adjudicate a claim, the 180-day period shall not begin  
19 until the provider has been notified of the error.

20 (3) In the case of a provider for whom the Illinois  
21 Department initiates the monthly billing process.

22 (4) In the case of a provider operated by a unit of  
23 local government with a population exceeding 3,000,000  
24 when local government funds finance federal participation  
25 for claims payments.

26 For claims for services rendered during a period for which

1 a recipient received retroactive eligibility, claims must be  
2 filed within 180 days after the Department determines the  
3 applicant is eligible. For claims for which the Illinois  
4 Department is not the primary payer, claims must be submitted  
5 to the Illinois Department within 180 days after the final  
6 adjudication by the primary payer.

7 In the case of long term care facilities, within 45  
8 calendar days of receipt by the facility of required  
9 prescreening information, new admissions with associated  
10 admission documents shall be submitted through the Medical  
11 Electronic Data Interchange (MEDI) or the Recipient  
12 Eligibility Verification (REV) System or shall be submitted  
13 directly to the Department of Human Services using required  
14 admission forms. Effective September 1, 2014, admission  
15 documents, including all prescreening information, must be  
16 submitted through MEDI or REV. Confirmation numbers assigned to  
17 an accepted transaction shall be retained by a facility to  
18 verify timely submittal. Once an admission transaction has been  
19 completed, all resubmitted claims following prior rejection  
20 are subject to receipt no later than 180 days after the  
21 admission transaction has been completed.

22 Claims that are not submitted and received in compliance  
23 with the foregoing requirements shall not be eligible for  
24 payment under the medical assistance program, and the State  
25 shall have no liability for payment of those claims.

26 To the extent consistent with applicable information and

1 privacy, security, and disclosure laws, State and federal  
2 agencies and departments shall provide the Illinois Department  
3 access to confidential and other information and data necessary  
4 to perform eligibility and payment verifications and other  
5 Illinois Department functions. This includes, but is not  
6 limited to: information pertaining to licensure;  
7 certification; earnings; immigration status; citizenship; wage  
8 reporting; unearned and earned income; pension income;  
9 employment; supplemental security income; social security  
10 numbers; National Provider Identifier (NPI) numbers; the  
11 National Practitioner Data Bank (NPDB); program and agency  
12 exclusions; taxpayer identification numbers; tax delinquency;  
13 corporate information; and death records.

14 The Illinois Department shall enter into agreements with  
15 State agencies and departments, and is authorized to enter into  
16 agreements with federal agencies and departments, under which  
17 such agencies and departments shall share data necessary for  
18 medical assistance program integrity functions and oversight.  
19 The Illinois Department shall develop, in cooperation with  
20 other State departments and agencies, and in compliance with  
21 applicable federal laws and regulations, appropriate and  
22 effective methods to share such data. At a minimum, and to the  
23 extent necessary to provide data sharing, the Illinois  
24 Department shall enter into agreements with State agencies and  
25 departments, and is authorized to enter into agreements with  
26 federal agencies and departments, including but not limited to:

1 the Secretary of State; the Department of Revenue; the  
2 Department of Public Health; the Department of Human Services;  
3 and the Department of Financial and Professional Regulation.

4 Beginning in fiscal year 2013, the Illinois Department  
5 shall set forth a request for information to identify the  
6 benefits of a pre-payment, post-adjudication, and post-edit  
7 claims system with the goals of streamlining claims processing  
8 and provider reimbursement, reducing the number of pending or  
9 rejected claims, and helping to ensure a more transparent  
10 adjudication process through the utilization of: (i) provider  
11 data verification and provider screening technology; and (ii)  
12 clinical code editing; and (iii) pre-pay, pre- or  
13 post-adjudicated predictive modeling with an integrated case  
14 management system with link analysis. Such a request for  
15 information shall not be considered as a request for proposal  
16 or as an obligation on the part of the Illinois Department to  
17 take any action or acquire any products or services.

18 The Illinois Department shall establish policies,  
19 procedures, standards and criteria by rule for the acquisition,  
20 repair and replacement of orthotic and prosthetic devices and  
21 durable medical equipment. Such rules shall provide, but not be  
22 limited to, the following services: (1) immediate repair or  
23 replacement of such devices by recipients; and (2) rental,  
24 lease, purchase or lease-purchase of durable medical equipment  
25 in a cost-effective manner, taking into consideration the  
26 recipient's medical prognosis, the extent of the recipient's

1 needs, and the requirements and costs for maintaining such  
2 equipment. Subject to prior approval, such rules shall enable a  
3 recipient to temporarily acquire and use alternative or  
4 substitute devices or equipment pending repairs or  
5 replacements of any device or equipment previously authorized  
6 for such recipient by the Department. Notwithstanding any  
7 provision of Section 5-5f to the contrary, the Department may,  
8 by rule, exempt certain replacement wheelchair parts from prior  
9 approval and, for wheelchairs, wheelchair parts, wheelchair  
10 accessories, and related seating and positioning items,  
11 determine the wholesale price by methods other than actual  
12 acquisition costs.

13 The Department shall require, by rule, all providers of  
14 durable medical equipment to be accredited by an accreditation  
15 organization approved by the federal Centers for Medicare and  
16 Medicaid Services and recognized by the Department in order to  
17 bill the Department for providing durable medical equipment to  
18 recipients. No later than 15 months after the effective date of  
19 the rule adopted pursuant to this paragraph, all providers must  
20 meet the accreditation requirement.

21 The Department shall execute, relative to the nursing home  
22 prescreening project, written inter-agency agreements with the  
23 Department of Human Services and the Department on Aging, to  
24 effect the following: (i) intake procedures and common  
25 eligibility criteria for those persons who are receiving  
26 non-institutional services; and (ii) the establishment and

1 development of non-institutional services in areas of the State  
2 where they are not currently available or are undeveloped; and  
3 (iii) notwithstanding any other provision of law, subject to  
4 federal approval, on and after July 1, 2012, an increase in the  
5 determination of need (DON) scores from 29 to 37 for applicants  
6 for institutional and home and community-based long term care;  
7 if and only if federal approval is not granted, the Department  
8 may, in conjunction with other affected agencies, implement  
9 utilization controls or changes in benefit packages to  
10 effectuate a similar savings amount for this population; and  
11 (iv) no later than July 1, 2013, minimum level of care  
12 eligibility criteria for institutional and home and  
13 community-based long term care; and (v) no later than October  
14 1, 2013, establish procedures to permit long term care  
15 providers access to eligibility scores for individuals with an  
16 admission date who are seeking or receiving services from the  
17 long term care provider. In order to select the minimum level  
18 of care eligibility criteria, the Governor shall establish a  
19 workgroup that includes affected agency representatives and  
20 stakeholders representing the institutional and home and  
21 community-based long term care interests. This Section shall  
22 not restrict the Department from implementing lower level of  
23 care eligibility criteria for community-based services in  
24 circumstances where federal approval has been granted.

25 The Illinois Department shall develop and operate, in  
26 cooperation with other State Departments and agencies and in

1 compliance with applicable federal laws and regulations,  
2 appropriate and effective systems of health care evaluation and  
3 programs for monitoring of utilization of health care services  
4 and facilities, as it affects persons eligible for medical  
5 assistance under this Code.

6 The Illinois Department shall report annually to the  
7 General Assembly, no later than the second Friday in April of  
8 1979 and each year thereafter, in regard to:

9 (a) actual statistics and trends in utilization of  
10 medical services by public aid recipients;

11 (b) actual statistics and trends in the provision of  
12 the various medical services by medical vendors;

13 (c) current rate structures and proposed changes in  
14 those rate structures for the various medical vendors; and

15 (d) efforts at utilization review and control by the  
16 Illinois Department.

17 The period covered by each report shall be the 3 years  
18 ending on the June 30 prior to the report. The report shall  
19 include suggested legislation for consideration by the General  
20 Assembly. The filing of one copy of the report with the  
21 Speaker, one copy with the Minority Leader and one copy with  
22 the Clerk of the House of Representatives, one copy with the  
23 President, one copy with the Minority Leader and one copy with  
24 the Secretary of the Senate, one copy with the Legislative  
25 Research Unit, and such additional copies with the State  
26 Government Report Distribution Center for the General Assembly

1 as is required under paragraph (t) of Section 7 of the State  
2 Library Act shall be deemed sufficient to comply with this  
3 Section.

4 Rulemaking authority to implement Public Act 95-1045, if  
5 any, is conditioned on the rules being adopted in accordance  
6 with all provisions of the Illinois Administrative Procedure  
7 Act and all rules and procedures of the Joint Committee on  
8 Administrative Rules; any purported rule not so adopted, for  
9 whatever reason, is unauthorized.

10 On and after July 1, 2012, the Department shall reduce any  
11 rate of reimbursement for services or other payments or alter  
12 any methodologies authorized by this Code to reduce any rate of  
13 reimbursement for services or other payments in accordance with  
14 Section 5-5e.

15 Because kidney transplantation can be an appropriate, cost  
16 effective alternative to renal dialysis when medically  
17 necessary and notwithstanding the provisions of Section 1-11 of  
18 this Code, beginning October 1, 2014, the Department shall  
19 cover kidney transplantation for noncitizens with end-stage  
20 renal disease who are not eligible for comprehensive medical  
21 benefits, who meet the residency requirements of Section 5-3 of  
22 this Code, and who would otherwise meet the financial  
23 requirements of the appropriate class of eligible persons under  
24 Section 5-2 of this Code. To qualify for coverage of kidney  
25 transplantation, such person must be receiving emergency renal  
26 dialysis services covered by the Department. Providers under

1 this Section shall be prior approved and certified by the  
2 Department to perform kidney transplantation and the services  
3 under this Section shall be limited to services associated with  
4 kidney transplantation.

5 Notwithstanding any other provision of this Code to the  
6 contrary, on or after July 1, 2015, all FDA approved forms of  
7 medication assisted treatment prescribed for the treatment of  
8 alcohol dependence or treatment of opioid dependence shall be  
9 covered under both fee for service and managed care medical  
10 assistance programs for persons who are otherwise eligible for  
11 medical assistance under this Article and shall not be subject  
12 to any (1) utilization control, other than those established  
13 under the American Society of Addiction Medicine patient  
14 placement criteria, (2) prior authorization mandate, or (3)  
15 lifetime restriction limit mandate.

16 On or after July 1, 2015, opioid antagonists prescribed for  
17 the treatment of an opioid overdose, including the medication  
18 product, administration devices, and any pharmacy fees related  
19 to the dispensing and administration of the opioid antagonist,  
20 shall be covered under the medical assistance program for  
21 persons who are otherwise eligible for medical assistance under  
22 this Article. As used in this Section, "opioid antagonist"  
23 means a drug that binds to opioid receptors and blocks or  
24 inhibits the effect of opioids acting on those receptors,  
25 including, but not limited to, naloxone hydrochloride or any  
26 other similarly acting drug approved by the U.S. Food and Drug

1 Administration.

2       Upon federal approval, the Department shall provide  
3 coverage and reimbursement for all drugs that are approved for  
4 marketing by the federal Food and Drug Administration and that  
5 are recommended by the federal Public Health Service or the  
6 United States Centers for Disease Control and Prevention for  
7 pre-exposure prophylaxis and related pre-exposure prophylaxis  
8 services, including, but not limited to, HIV and sexually  
9 transmitted infection screening, treatment for sexually  
10 transmitted infections, medical monitoring, assorted labs, and  
11 counseling to reduce the likelihood of HIV infection among  
12 individuals who are not infected with HIV but who are at high  
13 risk of HIV infection.
