

1 AN ACT concerning regulation.

2 **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4 Section 5. The Illinois Insurance Code is amended by  
5 changing Section 356z.22 as follows:

6 (215 ILCS 5/356z.22)

7 Sec. 356z.22. Coverage for telehealth services.

8 (a) For purposes of this Section:

9 "Distant site" means the location at which the health care  
10 provider rendering the telehealth service is located.

11 "Interactive telecommunications system" means an audio and  
12 video system permitting 2-way, live interactive communication  
13 between the patient and the distant site health care provider.

14 "Telehealth services" means the delivery of covered health  
15 care services by way of an interactive telecommunications  
16 system.

17 (b) If an individual or group policy of accident or health  
18 insurance provides coverage for telehealth services, then it  
19 must comply with the following:

20 (1) An individual or group policy of accident or health  
21 insurance providing telehealth services may not:

22 (A) require that in-person contact occur between a  
23 health care provider and a patient;

1 (B) require the health care provider to document a  
2 barrier to an in-person consultation for coverage of  
3 services to be provided through telehealth;

4 (C) require the use of telehealth when the health  
5 care provider has determined that it is not  
6 appropriate; or

7 (D) require the use of telehealth when a patient  
8 chooses an in-person consultation.

9 (2) Deductibles, copayments, or coinsurance applicable  
10 to services provided through telehealth shall not exceed  
11 the deductibles, copayments, or coinsurance required by  
12 the individual or group policy of accident or health  
13 insurance for the same services provided through in-person  
14 consultation.

15 (b-5) If an individual or group policy of accident or  
16 health insurance provides coverage for telehealth services, it  
17 must provide coverage for licensed dietitian nutritionists and  
18 certified diabetes educators who counsel senior diabetes  
19 patients in the senior diabetes patients' homes to remove the  
20 hurdle of transportation for senior diabetes patients to  
21 receive treatment.

22 (c) Nothing in this Section shall be deemed as precluding a  
23 health insurer from providing benefits for other services,  
24 including, but not limited to, remote monitoring services,  
25 other monitoring services, or oral communications otherwise  
26 covered under the policy.

1 (Source: P.A. 98-1091, eff. 1-1-15.)

2 Section 10. The Illinois Public Aid Code is amended by  
3 changing Section 5-5 as follows:

4 (305 ILCS 5/5-5) (from Ch. 23, par. 5-5)

5 Sec. 5-5. Medical services. The Illinois Department, by  
6 rule, shall determine the quantity and quality of and the rate  
7 of reimbursement for the medical assistance for which payment  
8 will be authorized, and the medical services to be provided,  
9 which may include all or part of the following: (1) inpatient  
10 hospital services; (2) outpatient hospital services; (3) other  
11 laboratory and X-ray services; (4) skilled nursing home  
12 services; (5) physicians' services whether furnished in the  
13 office, the patient's home, a hospital, a skilled nursing home,  
14 or elsewhere; (6) medical care, or any other type of remedial  
15 care furnished by licensed practitioners; (7) home health care  
16 services; (8) private duty nursing service; (9) clinic  
17 services; (10) dental services, including prevention and  
18 treatment of periodontal disease and dental caries disease for  
19 pregnant women, provided by an individual licensed to practice  
20 dentistry or dental surgery; for purposes of this item (10),  
21 "dental services" means diagnostic, preventive, or corrective  
22 procedures provided by or under the supervision of a dentist in  
23 the practice of his or her profession; (11) physical therapy  
24 and related services; (12) prescribed drugs, dentures, and

1 prosthetic devices; and eyeglasses prescribed by a physician  
2 skilled in the diseases of the eye, or by an optometrist,  
3 whichever the person may select; (13) other diagnostic,  
4 screening, preventive, and rehabilitative services, including  
5 to ensure that the individual's need for intervention or  
6 treatment of mental disorders or substance use disorders or  
7 co-occurring mental health and substance use disorders is  
8 determined using a uniform screening, assessment, and  
9 evaluation process inclusive of criteria, for children and  
10 adults; for purposes of this item (13), a uniform screening,  
11 assessment, and evaluation process refers to a process that  
12 includes an appropriate evaluation and, as warranted, a  
13 referral; "uniform" does not mean the use of a singular  
14 instrument, tool, or process that all must utilize; (14)  
15 transportation and such other expenses as may be necessary;  
16 (15) medical treatment of sexual assault survivors, as defined  
17 in Section 1a of the Sexual Assault Survivors Emergency  
18 Treatment Act, for injuries sustained as a result of the sexual  
19 assault, including examinations and laboratory tests to  
20 discover evidence which may be used in criminal proceedings  
21 arising from the sexual assault; (16) the diagnosis and  
22 treatment of sickle cell anemia; and (17) any other medical  
23 care, and any other type of remedial care recognized under the  
24 laws of this State. The term "any other type of remedial care"  
25 shall include nursing care and nursing home service for persons  
26 who rely on treatment by spiritual means alone through prayer

1 for healing.

2 Notwithstanding any other provision of this Section, a  
3 comprehensive tobacco use cessation program that includes  
4 purchasing prescription drugs or prescription medical devices  
5 approved by the Food and Drug Administration shall be covered  
6 under the medical assistance program under this Article for  
7 persons who are otherwise eligible for assistance under this  
8 Article.

9 Notwithstanding any other provision of this Code,  
10 reproductive health care that is otherwise legal in Illinois  
11 shall be covered under the medical assistance program for  
12 persons who are otherwise eligible for medical assistance under  
13 this Article.

14 Notwithstanding any other provision of this Code, the  
15 Illinois Department may not require, as a condition of payment  
16 for any laboratory test authorized under this Article, that a  
17 physician's handwritten signature appear on the laboratory  
18 test order form. The Illinois Department may, however, impose  
19 other appropriate requirements regarding laboratory test order  
20 documentation.

21 Upon receipt of federal approval of an amendment to the  
22 Illinois Title XIX State Plan for this purpose, the Department  
23 shall authorize the Chicago Public Schools (CPS) to procure a  
24 vendor or vendors to manufacture eyeglasses for individuals  
25 enrolled in a school within the CPS system. CPS shall ensure  
26 that its vendor or vendors are enrolled as providers in the

1 medical assistance program and in any capitated Medicaid  
2 managed care entity (MCE) serving individuals enrolled in a  
3 school within the CPS system. Under any contract procured under  
4 this provision, the vendor or vendors must serve only  
5 individuals enrolled in a school within the CPS system. Claims  
6 for services provided by CPS's vendor or vendors to recipients  
7 of benefits in the medical assistance program under this Code,  
8 the Children's Health Insurance Program, or the Covering ALL  
9 KIDS Health Insurance Program shall be submitted to the  
10 Department or the MCE in which the individual is enrolled for  
11 payment and shall be reimbursed at the Department's or the  
12 MCE's established rates or rate methodologies for eyeglasses.

13 On and after July 1, 2012, the Department of Healthcare and  
14 Family Services may provide the following services to persons  
15 eligible for assistance under this Article who are  
16 participating in education, training or employment programs  
17 operated by the Department of Human Services as successor to  
18 the Department of Public Aid:

19 (1) dental services provided by or under the  
20 supervision of a dentist; and

21 (2) eyeglasses prescribed by a physician skilled in the  
22 diseases of the eye, or by an optometrist, whichever the  
23 person may select.

24 Notwithstanding any other provision of this Code and  
25 subject to federal approval, the Department may adopt rules to  
26 allow a dentist who is volunteering his or her service at no

1 cost to render dental services through an enrolled  
2 not-for-profit health clinic without the dentist personally  
3 enrolling as a participating provider in the medical assistance  
4 program. A not-for-profit health clinic shall include a public  
5 health clinic or Federally Qualified Health Center or other  
6 enrolled provider, as determined by the Department, through  
7 which dental services covered under this Section are performed.  
8 The Department shall establish a process for payment of claims  
9 for reimbursement for covered dental services rendered under  
10 this provision.

11 The Illinois Department, by rule, may distinguish and  
12 classify the medical services to be provided only in accordance  
13 with the classes of persons designated in Section 5-2.

14 The Department of Healthcare and Family Services must  
15 provide coverage and reimbursement for amino acid-based  
16 elemental formulas, regardless of delivery method, for the  
17 diagnosis and treatment of (i) eosinophilic disorders and (ii)  
18 short bowel syndrome when the prescribing physician has issued  
19 a written order stating that the amino acid-based elemental  
20 formula is medically necessary.

21 The Illinois Department shall authorize the provision of,  
22 and shall authorize payment for, screening by low-dose  
23 mammography for the presence of occult breast cancer for women  
24 35 years of age or older who are eligible for medical  
25 assistance under this Article, as follows:

26 (A) A baseline mammogram for women 35 to 39 years of

1 age.

2 (B) An annual mammogram for women 40 years of age or  
3 older.

4 (C) A mammogram at the age and intervals considered  
5 medically necessary by the woman's health care provider for  
6 women under 40 years of age and having a family history of  
7 breast cancer, prior personal history of breast cancer,  
8 positive genetic testing, or other risk factors.

9 (D) A comprehensive ultrasound screening and MRI of an  
10 entire breast or breasts if a mammogram demonstrates  
11 heterogeneous or dense breast tissue, when medically  
12 necessary as determined by a physician licensed to practice  
13 medicine in all of its branches.

14 (E) A screening MRI when medically necessary, as  
15 determined by a physician licensed to practice medicine in  
16 all of its branches.

17 All screenings shall include a physical breast exam,  
18 instruction on self-examination and information regarding the  
19 frequency of self-examination and its value as a preventative  
20 tool. For purposes of this Section, "low-dose mammography"  
21 means the x-ray examination of the breast using equipment  
22 dedicated specifically for mammography, including the x-ray  
23 tube, filter, compression device, and image receptor, with an  
24 average radiation exposure delivery of less than one rad per  
25 breast for 2 views of an average size breast. The term also  
26 includes digital mammography and includes breast

1 tomosynthesis. As used in this Section, the term "breast  
2 tomosynthesis" means a radiologic procedure that involves the  
3 acquisition of projection images over the stationary breast to  
4 produce cross-sectional digital three-dimensional images of  
5 the breast. If, at any time, the Secretary of the United States  
6 Department of Health and Human Services, or its successor  
7 agency, promulgates rules or regulations to be published in the  
8 Federal Register or publishes a comment in the Federal Register  
9 or issues an opinion, guidance, or other action that would  
10 require the State, pursuant to any provision of the Patient  
11 Protection and Affordable Care Act (Public Law 111-148),  
12 including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any  
13 successor provision, to defray the cost of any coverage for  
14 breast tomosynthesis outlined in this paragraph, then the  
15 requirement that an insurer cover breast tomosynthesis is  
16 inoperative other than any such coverage authorized under  
17 Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and  
18 the State shall not assume any obligation for the cost of  
19 coverage for breast tomosynthesis set forth in this paragraph.

20 On and after January 1, 2016, the Department shall ensure  
21 that all networks of care for adult clients of the Department  
22 include access to at least one breast imaging Center of Imaging  
23 Excellence as certified by the American College of Radiology.

24 On and after January 1, 2012, providers participating in a  
25 quality improvement program approved by the Department shall be  
26 reimbursed for screening and diagnostic mammography at the same

1 rate as the Medicare program's rates, including the increased  
2 reimbursement for digital mammography.

3 The Department shall convene an expert panel including  
4 representatives of hospitals, free-standing mammography  
5 facilities, and doctors, including radiologists, to establish  
6 quality standards for mammography.

7 On and after January 1, 2017, providers participating in a  
8 breast cancer treatment quality improvement program approved  
9 by the Department shall be reimbursed for breast cancer  
10 treatment at a rate that is no lower than 95% of the Medicare  
11 program's rates for the data elements included in the breast  
12 cancer treatment quality program.

13 The Department shall convene an expert panel, including  
14 representatives of hospitals, free standing breast cancer  
15 treatment centers, breast cancer quality organizations, and  
16 doctors, including breast surgeons, reconstructive breast  
17 surgeons, oncologists, and primary care providers to establish  
18 quality standards for breast cancer treatment.

19 Subject to federal approval, the Department shall  
20 establish a rate methodology for mammography at federally  
21 qualified health centers and other encounter-rate clinics.  
22 These clinics or centers may also collaborate with other  
23 hospital-based mammography facilities. By January 1, 2016, the  
24 Department shall report to the General Assembly on the status  
25 of the provision set forth in this paragraph.

26 The Department shall establish a methodology to remind

1 women who are age-appropriate for screening mammography, but  
2 who have not received a mammogram within the previous 18  
3 months, of the importance and benefit of screening mammography.  
4 The Department shall work with experts in breast cancer  
5 outreach and patient navigation to optimize these reminders and  
6 shall establish a methodology for evaluating their  
7 effectiveness and modifying the methodology based on the  
8 evaluation.

9 The Department shall establish a performance goal for  
10 primary care providers with respect to their female patients  
11 over age 40 receiving an annual mammogram. This performance  
12 goal shall be used to provide additional reimbursement in the  
13 form of a quality performance bonus to primary care providers  
14 who meet that goal.

15 The Department shall devise a means of case-managing or  
16 patient navigation for beneficiaries diagnosed with breast  
17 cancer. This program shall initially operate as a pilot program  
18 in areas of the State with the highest incidence of mortality  
19 related to breast cancer. At least one pilot program site shall  
20 be in the metropolitan Chicago area and at least one site shall  
21 be outside the metropolitan Chicago area. On or after July 1,  
22 2016, the pilot program shall be expanded to include one site  
23 in western Illinois, one site in southern Illinois, one site in  
24 central Illinois, and 4 sites within metropolitan Chicago. An  
25 evaluation of the pilot program shall be carried out measuring  
26 health outcomes and cost of care for those served by the pilot

1 program compared to similarly situated patients who are not  
2 served by the pilot program.

3 The Department shall require all networks of care to  
4 develop a means either internally or by contract with experts  
5 in navigation and community outreach to navigate cancer  
6 patients to comprehensive care in a timely fashion. The  
7 Department shall require all networks of care to include access  
8 for patients diagnosed with cancer to at least one academic  
9 commission on cancer-accredited cancer program as an  
10 in-network covered benefit.

11 Any medical or health care provider shall immediately  
12 recommend, to any pregnant woman who is being provided prenatal  
13 services and is suspected of drug abuse or is addicted as  
14 defined in the Alcoholism and Other Drug Abuse and Dependency  
15 Act, referral to a local substance abuse treatment provider  
16 licensed by the Department of Human Services or to a licensed  
17 hospital which provides substance abuse treatment services.  
18 The Department of Healthcare and Family Services shall assure  
19 coverage for the cost of treatment of the drug abuse or  
20 addiction for pregnant recipients in accordance with the  
21 Illinois Medicaid Program in conjunction with the Department of  
22 Human Services.

23 All medical providers providing medical assistance to  
24 pregnant women under this Code shall receive information from  
25 the Department on the availability of services under the Drug  
26 Free Families with a Future or any comparable program providing

1 case management services for addicted women, including  
2 information on appropriate referrals for other social services  
3 that may be needed by addicted women in addition to treatment  
4 for addiction.

5 The Illinois Department, in cooperation with the  
6 Departments of Human Services (as successor to the Department  
7 of Alcoholism and Substance Abuse) and Public Health, through a  
8 public awareness campaign, may provide information concerning  
9 treatment for alcoholism and drug abuse and addiction, prenatal  
10 health care, and other pertinent programs directed at reducing  
11 the number of drug-affected infants born to recipients of  
12 medical assistance.

13 Neither the Department of Healthcare and Family Services  
14 nor the Department of Human Services shall sanction the  
15 recipient solely on the basis of her substance abuse.

16 The Illinois Department shall establish such regulations  
17 governing the dispensing of health services under this Article  
18 as it shall deem appropriate. The Department should seek the  
19 advice of formal professional advisory committees appointed by  
20 the Director of the Illinois Department for the purpose of  
21 providing regular advice on policy and administrative matters,  
22 information dissemination and educational activities for  
23 medical and health care providers, and consistency in  
24 procedures to the Illinois Department.

25 The Illinois Department may develop and contract with  
26 Partnerships of medical providers to arrange medical services

1 for persons eligible under Section 5-2 of this Code.  
2 Implementation of this Section may be by demonstration projects  
3 in certain geographic areas. The Partnership shall be  
4 represented by a sponsor organization. The Department, by rule,  
5 shall develop qualifications for sponsors of Partnerships.  
6 Nothing in this Section shall be construed to require that the  
7 sponsor organization be a medical organization.

8 The sponsor must negotiate formal written contracts with  
9 medical providers for physician services, inpatient and  
10 outpatient hospital care, home health services, treatment for  
11 alcoholism and substance abuse, and other services determined  
12 necessary by the Illinois Department by rule for delivery by  
13 Partnerships. Physician services must include prenatal and  
14 obstetrical care. The Illinois Department shall reimburse  
15 medical services delivered by Partnership providers to clients  
16 in target areas according to provisions of this Article and the  
17 Illinois Health Finance Reform Act, except that:

18 (1) Physicians participating in a Partnership and  
19 providing certain services, which shall be determined by  
20 the Illinois Department, to persons in areas covered by the  
21 Partnership may receive an additional surcharge for such  
22 services.

23 (2) The Department may elect to consider and negotiate  
24 financial incentives to encourage the development of  
25 Partnerships and the efficient delivery of medical care.

26 (3) Persons receiving medical services through

1 Partnerships may receive medical and case management  
2 services above the level usually offered through the  
3 medical assistance program.

4 Medical providers shall be required to meet certain  
5 qualifications to participate in Partnerships to ensure the  
6 delivery of high quality medical services. These  
7 qualifications shall be determined by rule of the Illinois  
8 Department and may be higher than qualifications for  
9 participation in the medical assistance program. Partnership  
10 sponsors may prescribe reasonable additional qualifications  
11 for participation by medical providers, only with the prior  
12 written approval of the Illinois Department.

13 Nothing in this Section shall limit the free choice of  
14 practitioners, hospitals, and other providers of medical  
15 services by clients. In order to ensure patient freedom of  
16 choice, the Illinois Department shall immediately promulgate  
17 all rules and take all other necessary actions so that provided  
18 services may be accessed from therapeutically certified  
19 optometrists to the full extent of the Illinois Optometric  
20 Practice Act of 1987 without discriminating between service  
21 providers.

22 The Department shall apply for a waiver from the United  
23 States Health Care Financing Administration to allow for the  
24 implementation of Partnerships under this Section.

25 The Illinois Department shall require health care  
26 providers to maintain records that document the medical care

1 and services provided to recipients of Medical Assistance under  
2 this Article. Such records must be retained for a period of not  
3 less than 6 years from the date of service or as provided by  
4 applicable State law, whichever period is longer, except that  
5 if an audit is initiated within the required retention period  
6 then the records must be retained until the audit is completed  
7 and every exception is resolved. The Illinois Department shall  
8 require health care providers to make available, when  
9 authorized by the patient, in writing, the medical records in a  
10 timely fashion to other health care providers who are treating  
11 or serving persons eligible for Medical Assistance under this  
12 Article. All dispensers of medical services shall be required  
13 to maintain and retain business and professional records  
14 sufficient to fully and accurately document the nature, scope,  
15 details and receipt of the health care provided to persons  
16 eligible for medical assistance under this Code, in accordance  
17 with regulations promulgated by the Illinois Department. The  
18 rules and regulations shall require that proof of the receipt  
19 of prescription drugs, dentures, prosthetic devices and  
20 eyeglasses by eligible persons under this Section accompany  
21 each claim for reimbursement submitted by the dispenser of such  
22 medical services. No such claims for reimbursement shall be  
23 approved for payment by the Illinois Department without such  
24 proof of receipt, unless the Illinois Department shall have put  
25 into effect and shall be operating a system of post-payment  
26 audit and review which shall, on a sampling basis, be deemed

1 adequate by the Illinois Department to assure that such drugs,  
2 dentures, prosthetic devices and eyeglasses for which payment  
3 is being made are actually being received by eligible  
4 recipients. Within 90 days after September 16, 1984 (the  
5 effective date of Public Act 83-1439), the Illinois Department  
6 shall establish a current list of acquisition costs for all  
7 prosthetic devices and any other items recognized as medical  
8 equipment and supplies reimbursable under this Article and  
9 shall update such list on a quarterly basis, except that the  
10 acquisition costs of all prescription drugs shall be updated no  
11 less frequently than every 30 days as required by Section  
12 5-5.12.

13 Notwithstanding any other law to the contrary, the Illinois  
14 Department shall, within 365 days after July 22, 2013 (the  
15 effective date of Public Act 98-104), establish procedures to  
16 permit skilled care facilities licensed under the Nursing Home  
17 Care Act to submit monthly billing claims for reimbursement  
18 purposes. Following development of these procedures, the  
19 Department shall, by July 1, 2016, test the viability of the  
20 new system and implement any necessary operational or  
21 structural changes to its information technology platforms in  
22 order to allow for the direct acceptance and payment of nursing  
23 home claims.

24 Notwithstanding any other law to the contrary, the Illinois  
25 Department shall, within 365 days after August 15, 2014 (the  
26 effective date of Public Act 98-963), establish procedures to

1 permit ID/DD facilities licensed under the ID/DD Community Care  
2 Act and MC/DD facilities licensed under the MC/DD Act to submit  
3 monthly billing claims for reimbursement purposes. Following  
4 development of these procedures, the Department shall have an  
5 additional 365 days to test the viability of the new system and  
6 to ensure that any necessary operational or structural changes  
7 to its information technology platforms are implemented.

8 The Illinois Department shall require all dispensers of  
9 medical services, other than an individual practitioner or  
10 group of practitioners, desiring to participate in the Medical  
11 Assistance program established under this Article to disclose  
12 all financial, beneficial, ownership, equity, surety or other  
13 interests in any and all firms, corporations, partnerships,  
14 associations, business enterprises, joint ventures, agencies,  
15 institutions or other legal entities providing any form of  
16 health care services in this State under this Article.

17 The Illinois Department may require that all dispensers of  
18 medical services desiring to participate in the medical  
19 assistance program established under this Article disclose,  
20 under such terms and conditions as the Illinois Department may  
21 by rule establish, all inquiries from clients and attorneys  
22 regarding medical bills paid by the Illinois Department, which  
23 inquiries could indicate potential existence of claims or liens  
24 for the Illinois Department.

25 Enrollment of a vendor shall be subject to a provisional  
26 period and shall be conditional for one year. During the period

1 of conditional enrollment, the Department may terminate the  
2 vendor's eligibility to participate in, or may disenroll the  
3 vendor from, the medical assistance program without cause.  
4 Unless otherwise specified, such termination of eligibility or  
5 disenrollment is not subject to the Department's hearing  
6 process. However, a disenrolled vendor may reapply without  
7 penalty.

8 The Department has the discretion to limit the conditional  
9 enrollment period for vendors based upon category of risk of  
10 the vendor.

11 Prior to enrollment and during the conditional enrollment  
12 period in the medical assistance program, all vendors shall be  
13 subject to enhanced oversight, screening, and review based on  
14 the risk of fraud, waste, and abuse that is posed by the  
15 category of risk of the vendor. The Illinois Department shall  
16 establish the procedures for oversight, screening, and review,  
17 which may include, but need not be limited to: criminal and  
18 financial background checks; fingerprinting; license,  
19 certification, and authorization verifications; unscheduled or  
20 unannounced site visits; database checks; prepayment audit  
21 reviews; audits; payment caps; payment suspensions; and other  
22 screening as required by federal or State law.

23 The Department shall define or specify the following: (i)  
24 by provider notice, the "category of risk of the vendor" for  
25 each type of vendor, which shall take into account the level of  
26 screening applicable to a particular category of vendor under

1 federal law and regulations; (ii) by rule or provider notice,  
2 the maximum length of the conditional enrollment period for  
3 each category of risk of the vendor; and (iii) by rule, the  
4 hearing rights, if any, afforded to a vendor in each category  
5 of risk of the vendor that is terminated or disenrolled during  
6 the conditional enrollment period.

7 To be eligible for payment consideration, a vendor's  
8 payment claim or bill, either as an initial claim or as a  
9 resubmitted claim following prior rejection, must be received  
10 by the Illinois Department, or its fiscal intermediary, no  
11 later than 180 days after the latest date on the claim on which  
12 medical goods or services were provided, with the following  
13 exceptions:

14 (1) In the case of a provider whose enrollment is in  
15 process by the Illinois Department, the 180-day period  
16 shall not begin until the date on the written notice from  
17 the Illinois Department that the provider enrollment is  
18 complete.

19 (2) In the case of errors attributable to the Illinois  
20 Department or any of its claims processing intermediaries  
21 which result in an inability to receive, process, or  
22 adjudicate a claim, the 180-day period shall not begin  
23 until the provider has been notified of the error.

24 (3) In the case of a provider for whom the Illinois  
25 Department initiates the monthly billing process.

26 (4) In the case of a provider operated by a unit of

1 local government with a population exceeding 3,000,000  
2 when local government funds finance federal participation  
3 for claims payments.

4 For claims for services rendered during a period for which  
5 a recipient received retroactive eligibility, claims must be  
6 filed within 180 days after the Department determines the  
7 applicant is eligible. For claims for which the Illinois  
8 Department is not the primary payer, claims must be submitted  
9 to the Illinois Department within 180 days after the final  
10 adjudication by the primary payer.

11 In the case of long term care facilities, within 45  
12 calendar days of receipt by the facility of required  
13 prescreening information, new admissions with associated  
14 admission documents shall be submitted through the Medical  
15 Electronic Data Interchange (MEDI) or the Recipient  
16 Eligibility Verification (REV) System or shall be submitted  
17 directly to the Department of Human Services using required  
18 admission forms. Effective September 1, 2014, admission  
19 documents, including all prescreening information, must be  
20 submitted through MEDI or REV. Confirmation numbers assigned to  
21 an accepted transaction shall be retained by a facility to  
22 verify timely submittal. Once an admission transaction has been  
23 completed, all resubmitted claims following prior rejection  
24 are subject to receipt no later than 180 days after the  
25 admission transaction has been completed.

26 Claims that are not submitted and received in compliance

1 with the foregoing requirements shall not be eligible for  
2 payment under the medical assistance program, and the State  
3 shall have no liability for payment of those claims.

4 To the extent consistent with applicable information and  
5 privacy, security, and disclosure laws, State and federal  
6 agencies and departments shall provide the Illinois Department  
7 access to confidential and other information and data necessary  
8 to perform eligibility and payment verifications and other  
9 Illinois Department functions. This includes, but is not  
10 limited to: information pertaining to licensure;  
11 certification; earnings; immigration status; citizenship; wage  
12 reporting; unearned and earned income; pension income;  
13 employment; supplemental security income; social security  
14 numbers; National Provider Identifier (NPI) numbers; the  
15 National Practitioner Data Bank (NPDB); program and agency  
16 exclusions; taxpayer identification numbers; tax delinquency;  
17 corporate information; and death records.

18 The Illinois Department shall enter into agreements with  
19 State agencies and departments, and is authorized to enter into  
20 agreements with federal agencies and departments, under which  
21 such agencies and departments shall share data necessary for  
22 medical assistance program integrity functions and oversight.  
23 The Illinois Department shall develop, in cooperation with  
24 other State departments and agencies, and in compliance with  
25 applicable federal laws and regulations, appropriate and  
26 effective methods to share such data. At a minimum, and to the

1 extent necessary to provide data sharing, the Illinois  
2 Department shall enter into agreements with State agencies and  
3 departments, and is authorized to enter into agreements with  
4 federal agencies and departments, including but not limited to:  
5 the Secretary of State; the Department of Revenue; the  
6 Department of Public Health; the Department of Human Services;  
7 and the Department of Financial and Professional Regulation.

8 Beginning in fiscal year 2013, the Illinois Department  
9 shall set forth a request for information to identify the  
10 benefits of a pre-payment, post-adjudication, and post-edit  
11 claims system with the goals of streamlining claims processing  
12 and provider reimbursement, reducing the number of pending or  
13 rejected claims, and helping to ensure a more transparent  
14 adjudication process through the utilization of: (i) provider  
15 data verification and provider screening technology; and (ii)  
16 clinical code editing; and (iii) pre-pay, pre- or  
17 post-adjudicated predictive modeling with an integrated case  
18 management system with link analysis. Such a request for  
19 information shall not be considered as a request for proposal  
20 or as an obligation on the part of the Illinois Department to  
21 take any action or acquire any products or services.

22 The Illinois Department shall establish policies,  
23 procedures, standards and criteria by rule for the acquisition,  
24 repair and replacement of orthotic and prosthetic devices and  
25 durable medical equipment. Such rules shall provide, but not be  
26 limited to, the following services: (1) immediate repair or

1 replacement of such devices by recipients; and (2) rental,  
2 lease, purchase or lease-purchase of durable medical equipment  
3 in a cost-effective manner, taking into consideration the  
4 recipient's medical prognosis, the extent of the recipient's  
5 needs, and the requirements and costs for maintaining such  
6 equipment. Subject to prior approval, such rules shall enable a  
7 recipient to temporarily acquire and use alternative or  
8 substitute devices or equipment pending repairs or  
9 replacements of any device or equipment previously authorized  
10 for such recipient by the Department. Notwithstanding any  
11 provision of Section 5-5f to the contrary, the Department may,  
12 by rule, exempt certain replacement wheelchair parts from prior  
13 approval and, for wheelchairs, wheelchair parts, wheelchair  
14 accessories, and related seating and positioning items,  
15 determine the wholesale price by methods other than actual  
16 acquisition costs.

17 The Department shall require, by rule, all providers of  
18 durable medical equipment to be accredited by an accreditation  
19 organization approved by the federal Centers for Medicare and  
20 Medicaid Services and recognized by the Department in order to  
21 bill the Department for providing durable medical equipment to  
22 recipients. No later than 15 months after the effective date of  
23 the rule adopted pursuant to this paragraph, all providers must  
24 meet the accreditation requirement.

25 The Department shall execute, relative to the nursing home  
26 prescreening project, written inter-agency agreements with the

1 Department of Human Services and the Department on Aging, to  
2 effect the following: (i) intake procedures and common  
3 eligibility criteria for those persons who are receiving  
4 non-institutional services; and (ii) the establishment and  
5 development of non-institutional services in areas of the State  
6 where they are not currently available or are undeveloped; and  
7 (iii) notwithstanding any other provision of law, subject to  
8 federal approval, on and after July 1, 2012, an increase in the  
9 determination of need (DON) scores from 29 to 37 for applicants  
10 for institutional and home and community-based long term care;  
11 if and only if federal approval is not granted, the Department  
12 may, in conjunction with other affected agencies, implement  
13 utilization controls or changes in benefit packages to  
14 effectuate a similar savings amount for this population; and  
15 (iv) no later than July 1, 2013, minimum level of care  
16 eligibility criteria for institutional and home and  
17 community-based long term care; and (v) no later than October  
18 1, 2013, establish procedures to permit long term care  
19 providers access to eligibility scores for individuals with an  
20 admission date who are seeking or receiving services from the  
21 long term care provider. In order to select the minimum level  
22 of care eligibility criteria, the Governor shall establish a  
23 workgroup that includes affected agency representatives and  
24 stakeholders representing the institutional and home and  
25 community-based long term care interests. This Section shall  
26 not restrict the Department from implementing lower level of

1 care eligibility criteria for community-based services in  
2 circumstances where federal approval has been granted.

3 The Illinois Department shall develop and operate, in  
4 cooperation with other State Departments and agencies and in  
5 compliance with applicable federal laws and regulations,  
6 appropriate and effective systems of health care evaluation and  
7 programs for monitoring of utilization of health care services  
8 and facilities, as it affects persons eligible for medical  
9 assistance under this Code.

10 The Illinois Department shall report annually to the  
11 General Assembly, no later than the second Friday in April of  
12 1979 and each year thereafter, in regard to:

13 (a) actual statistics and trends in utilization of  
14 medical services by public aid recipients;

15 (b) actual statistics and trends in the provision of  
16 the various medical services by medical vendors;

17 (c) current rate structures and proposed changes in  
18 those rate structures for the various medical vendors; and

19 (d) efforts at utilization review and control by the  
20 Illinois Department.

21 The period covered by each report shall be the 3 years  
22 ending on the June 30 prior to the report. The report shall  
23 include suggested legislation for consideration by the General  
24 Assembly. The filing of one copy of the report with the  
25 Speaker, one copy with the Minority Leader and one copy with  
26 the Clerk of the House of Representatives, one copy with the

1 President, one copy with the Minority Leader and one copy with  
2 the Secretary of the Senate, one copy with the Legislative  
3 Research Unit, and such additional copies with the State  
4 Government Report Distribution Center for the General Assembly  
5 as is required under paragraph (t) of Section 7 of the State  
6 Library Act shall be deemed sufficient to comply with this  
7 Section.

8 Rulemaking authority to implement Public Act 95-1045, if  
9 any, is conditioned on the rules being adopted in accordance  
10 with all provisions of the Illinois Administrative Procedure  
11 Act and all rules and procedures of the Joint Committee on  
12 Administrative Rules; any purported rule not so adopted, for  
13 whatever reason, is unauthorized.

14 On and after July 1, 2012, the Department shall reduce any  
15 rate of reimbursement for services or other payments or alter  
16 any methodologies authorized by this Code to reduce any rate of  
17 reimbursement for services or other payments in accordance with  
18 Section 5-5e.

19 Because kidney transplantation can be an appropriate, cost  
20 effective alternative to renal dialysis when medically  
21 necessary and notwithstanding the provisions of Section 1-11 of  
22 this Code, beginning October 1, 2014, the Department shall  
23 cover kidney transplantation for noncitizens with end-stage  
24 renal disease who are not eligible for comprehensive medical  
25 benefits, who meet the residency requirements of Section 5-3 of  
26 this Code, and who would otherwise meet the financial

1 requirements of the appropriate class of eligible persons under  
2 Section 5-2 of this Code. To qualify for coverage of kidney  
3 transplantation, such person must be receiving emergency renal  
4 dialysis services covered by the Department. Providers under  
5 this Section shall be prior approved and certified by the  
6 Department to perform kidney transplantation and the services  
7 under this Section shall be limited to services associated with  
8 kidney transplantation.

9 Notwithstanding any other provision of this Code to the  
10 contrary, on or after July 1, 2015, all FDA approved forms of  
11 medication assisted treatment prescribed for the treatment of  
12 alcohol dependence or treatment of opioid dependence shall be  
13 covered under both fee for service and managed care medical  
14 assistance programs for persons who are otherwise eligible for  
15 medical assistance under this Article and shall not be subject  
16 to any (1) utilization control, other than those established  
17 under the American Society of Addiction Medicine patient  
18 placement criteria, (2) prior authorization mandate, or (3)  
19 lifetime restriction limit mandate.

20 On or after July 1, 2015, opioid antagonists prescribed for  
21 the treatment of an opioid overdose, including the medication  
22 product, administration devices, and any pharmacy fees related  
23 to the dispensing and administration of the opioid antagonist,  
24 shall be covered under the medical assistance program for  
25 persons who are otherwise eligible for medical assistance under  
26 this Article. As used in this Section, "opioid antagonist"

1 means a drug that binds to opioid receptors and blocks or  
2 inhibits the effect of opioids acting on those receptors,  
3 including, but not limited to, naloxone hydrochloride or any  
4 other similarly acting drug approved by the U.S. Food and Drug  
5 Administration.

6 Upon federal approval, the Department shall provide  
7 coverage and reimbursement for all drugs that are approved for  
8 marketing by the federal Food and Drug Administration and that  
9 are recommended by the federal Public Health Service or the  
10 United States Centers for Disease Control and Prevention for  
11 pre-exposure prophylaxis and related pre-exposure prophylaxis  
12 services, including, but not limited to, HIV and sexually  
13 transmitted infection screening, treatment for sexually  
14 transmitted infections, medical monitoring, assorted labs, and  
15 counseling to reduce the likelihood of HIV infection among  
16 individuals who are not infected with HIV but who are at high  
17 risk of HIV infection.

18 Notwithstanding any other provision of this Code, the  
19 Illinois Department shall authorize licensed dietitian  
20 nutritionists and certified diabetes educators to counsel  
21 senior diabetes patients in the senior diabetes patients' homes  
22 to remove the hurdle of transportation for senior diabetes  
23 patients to receive treatment.
