1 AN ACT concerning asthma.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

- Section 5. The School Code is amended by changing Section 5 27-8.1 as follows:
- 6 (105 ILCS 5/27-8.1) (from Ch. 122, par. 27-8.1)
- 7 (Text of Section before amendment by P.A. 99-927)
- 8 Sec. 27-8.1. Health examinations and immunizations.
- 9 (1) In compliance with rules and regulations which the Department of Public Health shall promulgate, and except as 10 hereinafter provided, all children in Illinois shall have a 11 health examination as follows: within one year prior to 12 entering kindergarten or the first grade of any public, 13 14 private, or parochial elementary school; upon entering the sixth and ninth grades of any public, private, or parochial 15 16 school; prior to entrance into any public, private, or 17 nursery school; and, irrespective of parochial immediately prior to or upon entrance into any public, private, 18 19 or parochial school or nursery school, each child shall present proof of having been examined in accordance with this Section 20 21 and the rules and regulations promulgated hereunder. Any child 22 who received a health examination within one year prior to entering the fifth grade for the 2007-2008 school year is not 23

required to receive an additional health examination in order to comply with the provisions of Public Act 95-422 when he or she attends school for the 2008-2009 school year, unless the child is attending school for the first time as provided in this paragraph.

A tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. Additional health examinations of pupils, including eye examinations, may be required when deemed necessary by school authorities. Parents are encouraged to have their children undergo eye examinations at the same points in time required for health examinations.

(1.5) In compliance with rules adopted by the Department of Public Health and except as otherwise provided in this Section, all children in kindergarten and the second and sixth grades of any public, private, or parochial school shall have a dental examination. Each of these children shall present proof of having been examined by a dentist in accordance with this Section and rules adopted under this Section before May 15th of the school year. If a child in the second or sixth grade fails to present proof by May 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed dental examination or (ii) the child presents proof that a dental examination will take place

within 60 days after May 15th. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a dentist. Each public, private, and parochial school must give notice of this dental examination requirement to the parents and guardians of students at least 60 days before May 15th of each school year.

(1.10) Except as otherwise provided in this Section, all children enrolling in kindergarten in a public, private, or parochial school on or after the effective date of this amendatory Act of the 95th General Assembly and any student enrolling for the first time in a public, private, or parochial school on or after the effective date of this amendatory Act of the 95th General Assembly shall have an eye examination. Each of these children shall present proof of having been examined by a physician licensed to practice medicine in all of its branches or a licensed optometrist within the previous year, in accordance with this Section and rules adopted under this Section, before October 15th of the school year. If the child fails to present proof by October 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed eye examination or (ii) the child presents proof that an eye examination will take place within 60 days after October 15th. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a physician licensed to practice medicine in all of its branches who provides eye

26

examinations or to a licensed optometrist. Each public, private, and parochial school must give notice of this eye examination requirement to the parents and guardians of students in compliance with rules of the Department of Public Health. Nothing in this Section shall be construed to allow a school to exclude a child from attending because of a parent's or guardian's failure to obtain an eye examination for the child.

(2) The Department of Public Health shall promulgate rules and regulations specifying the examinations and procedures that constitute a health examination, which shall include the collection of data relating to asthma and obesity (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), and a dental examination and may recommend by rule that certain additional examinations be performed. The rules and regulations of the Department of Public Health shall specify that a tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. The Department of Public Health shall specify that a diabetes screening as defined by rule shall be included as a required part of each health examination. Diabetes testing is not required.

Physicians licensed to practice medicine in all of its branches, licensed advanced practice nurses, or licensed

physician assistants shall be responsible for the performance 1 2 of the health examinations, other than dental examinations, eye 3 examinations, and vision and hearing screening, and shall sign all report forms required by subsection (4) of this Section 5 that pertain to those portions of the health examination for 6 which the physician, advanced practice nurse, or physician 7 assistant is responsible. If a registered nurse performs any 8 part of a health examination, then a physician licensed to 9 practice medicine in all of its branches must review and sign 10 all required report forms. Licensed dentists shall perform all 11 dental examinations and shall sign all report forms required by 12 subsection (4) of this Section that pertain to the dental examinations. Physicians licensed to practice medicine in all 13 14 its branches or licensed optometrists shall perform all eye 15 examinations required by this Section and shall sign all report 16 forms required by subsection (4) of this Section that pertain 17 to the eye examination. For purposes of this Section, an eye examination shall at a minimum include history, visual acuity, 18 subjective refraction to best visual acuity near and far, 19 20 internal and external examination, and a glaucoma evaluation, as well as any other tests or observations that in the 21 22 professional judgment of the doctor are necessary. Vision and 23 hearing screening tests, which shall not be considered examinations as that term is used in this Section, shall be 24 25 conducted in accordance with rules and regulations of the 26 Department of Public Health, and by individuals whom the

Department of Public Health has certified. In these rules and regulations, the Department of Public Health shall require that individuals conducting vision screening tests give a child's parent or guardian written notification, before the vision screening is conducted, that states, "Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months."

- (3) Every child shall, at or about the same time as he or she receives a health examination required by subsection (1) of this Section, present to the local school proof of having received such immunizations against preventable communicable diseases as the Department of Public Health shall require by rules and regulations promulgated pursuant to this Section and the Communicable Disease Prevention Act.
- (4) The individuals conducting the health examination, dental examination, or eye examination shall record the fact of having conducted the examination, and such additional information as required, including for a health examination data relating to asthma and obesity (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), on uniform forms which the Department of Public Health and the State Board of Education shall prescribe for statewide use. The examiner shall summarize on the report form

1 any condition that he or she suspects indicates a need for

special services, including for a health examination factors

relating to asthma or obesity. The individuals confirming the

administration of required immunizations shall record as

indicated on the form that the immunizations were administered.

(5) If a child does not submit proof of having had either the health examination or the immunization as required, then the child shall be examined or receive the immunization, as the case may be, and present proof by October 15 of the current school year, or by an earlier date of the current school year established by a school district. To establish a date before October 15 of the current school year for the health examination or immunization as required, a school district must give notice of the requirements of this Section 60 days prior to the earlier established date. If for medical reasons one or more of the required immunizations must be given after October 15 of the current school year, or after an earlier established date of the current school year, then the child shall present, by October 15, or by the earlier established date, a schedule for the administration of the immunizations and a statement of the medical reasons causing the delay, both the schedule and the statement being issued by the physician, advanced practice nurse, physician assistant, registered nurse, or local health department that will be responsible for administration of the remaining required immunizations. If a child does not comply by October 15, or by the earlier established date of the current

school year, with the requirements of this subsection, then the 1 2 local school authority shall exclude that child from school 3 until such time as the child presents proof of having had the health examination as required and presents proof of having 5 received those required immunizations which are medically possible to receive immediately. During a child's exclusion 6 7 from school for noncompliance with this subsection, the child's 8 parents or legal quardian shall be considered in violation of 9 Section 26-1 and subject to any penalty imposed by Section 10 26-10. This subsection (5) does not apply to 11 examinations and eye examinations. If the student is an 12 out-of-state transfer student and does not have the proof 13 required under this subsection (5) before October 15 of the 14 current year or whatever date is set by the school district, 15 then he or she may only attend classes (i) if he or she has 16 proof that an appointment for the required vaccinations has 17 been scheduled with a party authorized to submit proof of the required vaccinations. If the proof of vaccination required 18 under this subsection (5) is not submitted within 30 days after 19 20 the student is permitted to attend classes, then the student is not to be permitted to attend classes until proof of the 21 22 vaccinations has been properly submitted. No school district or 23 employee of a school district shall be held liable for any 24 injury or illness to another person that results from admitting 25 an out-of-state transfer student to class that 26 appointment scheduled pursuant to this subsection (5).

(6) Every school shall report to the State Board of Education by November 15, in the manner which that agency shall require, the number of children who have received the necessary immunizations and the health examination (other than a dental examination or eye examination) as required, indicating, of those who have not received the immunizations and examination as required, the number of children who are exempt from health examination and immunization requirements on religious or medical grounds as provided in subsection (8). On or before December 1 of each year, every public school district and registered nonpublic school shall make publicly available the immunization data they are required to submit to the State Board of Education by November 15. The immunization data made publicly available must be identical to the data the school district or school has reported to the State Board of Education.

Every school shall report to the State Board of Education by June 30, in the manner that the State Board requires, the number of children who have received the required dental examination, indicating, of those who have not received the required dental examination, the number of children who are exempt from the dental examination on religious grounds as provided in subsection (8) of this Section and the number of children who have received a waiver under subsection (1.5) of this Section.

Every school shall report to the State Board of Education

by June 30, in the manner that the State Board requires, the number of children who have received the required eye examination, indicating, of those who have not received the required eye examination, the number of children who are exempt from the eye examination as provided in subsection (8) of this Section, the number of children who have received a waiver under subsection (1.10) of this Section, and the total number of children in noncompliance with the eye examination requirement.

The reported information under this subsection (6) shall be provided to the Department of Public Health by the State Board of Education.

- (7) Upon determining that the number of pupils who are required to be in compliance with subsection (5) of this Section is below 90% of the number of pupils enrolled in the school district, 10% of each State aid payment made pursuant to Section 18-8.05 to the school district for such year may be withheld by the State Board of Education until the number of students in compliance with subsection (5) is the applicable specified percentage or higher.
- (8) Children of parents or legal guardians who object to health, dental, or eye examinations or any part thereof, to immunizations, or to vision and hearing screening tests on religious grounds shall not be required to undergo the examinations, tests, or immunizations to which they so object if such parents or legal guardians present to the appropriate

local school authority a signed Certificate of Religious Exemption detailing the grounds for objection and the specific immunizations, tests, or examinations to which they object. The grounds for objection must set forth the specific religious that conflicts with the examination, immunization, or other medical intervention. The certificate shall also reflect the parent's or legal guardian's understanding of the school's exclusion policies in the case of a vaccine-preventable disease outbreak or exposure. certificate must also be signed by the authorized examining health care provider responsible for the performance of the child's health examination confirming that the provider provided education to the parent or legal quardian on the benefits of immunization and the health risks to the student and to the community of the communicable diseases for which immunization is required in this State. However, the health 17 care provider's signature on the certificate reflects only that education was provided and does not allow a health care provider grounds to determine a religious exemption. Those receiving immunizations required under this Code shall be provided with the relevant vaccine information statements that are required to be disseminated by the federal National Childhood Vaccine Injury Act of 1986, which may contain information on circumstances when a vaccine should not be administered, prior to administering a vaccine. A healthcare provider may consider including without limitation the

nationally accepted recommendations from federal agencies such 1 2 as the Advisory Committee on Immunization Practices, the 3 information outlined in the relevant vaccine information statement, and vaccine package inserts, along with the 5 healthcare provider's clinical judgment, to determine whether any child may be more susceptible to experiencing an adverse 6 vaccine reaction than the general population, and, if so, the 7 8 healthcare provider may exempt the child from an immunization 9 individualized immunization schedule. The adopt an 10 Certificate of Religious Exemption shall be created by the 11 Department of Public Health and shall be made available and 12 used by parents and legal guardians by the beginning of the 2015-2016 school year. Parents or legal guardians must submit 13 the Certificate of Religious Exemption to their local school 14 15 authority prior to entering kindergarten, sixth grade, and 16 ninth grade for each child for which they are requesting an 17 exemption. The religious objection stated need not be directed by the tenets of an established religious organization. 18 19 However, general philosophical or moral reluctance to allow 20 physical examinations, eye examinations, immunizations, vision 21 and hearing screenings, or dental examinations does not provide 22 a sufficient basis for an exception to statutory requirements. 23 The local school authority is responsible for determining if content of the Certificate of Religious Exemption 24 25 constitutes a valid religious objection. The local school 26 authority shall inform the parent or legal quardian of

- 1 exclusion procedures, in accordance with the Department's
- 2 rules under Part 690 of Title 77 of the Illinois Administrative
- 3 Code, at the time the objection is presented.
- 4 If the physical condition of the child is such that any one
- or more of the immunizing agents should not be administered,
- 6 the examining physician, advanced practice nurse, or physician
- 7 assistant responsible for the performance of the health
- 8 examination shall endorse that fact upon the health examination
- 9 form.
- 10 Exempting a child from the health, dental, or eye
- 11 examination does not exempt the child from participation in the
- 12 program of physical education training provided in Sections
- 13 27-5 through 27-7 of this Code.
- 14 (9) For the purposes of this Section, "nursery schools"
- 15 means those nursery schools operated by elementary school
- 16 systems or secondary level school units or institutions of
- 17 higher learning.
- 18 (Source: P.A. 98-673, eff. 6-30-14; 99-173, eff. 7-29-15;

entering kindergarten or the first grade of any public, private, or parochial elementary school; upon entering the sixth and ninth grades of any public, private, or parochial school; prior to entrance into any public, private, or parochial nursery school; and, irrespective of immediately prior to or upon entrance into any public, private, or parochial school or nursery school, each child shall present proof of having been examined in accordance with this Section and the rules and regulations promulgated hereunder. Any child who received a health examination within one year prior to entering the fifth grade for the 2007-2008 school year is not required to receive an additional health examination in order to comply with the provisions of Public Act 95-422 when he or she attends school for the 2008-2009 school year, unless the child is attending school for the first time as provided in this paragraph.

A tuberculosis skin test screening shall be included as a required part of each health examination included under this Section if the child resides in an area designated by the Department of Public Health as having a high incidence of tuberculosis. Additional health examinations of pupils, including eye examinations, may be required when deemed necessary by school authorities. Parents are encouraged to have their children undergo eye examinations at the same points in time required for health examinations.

(1.5) In compliance with rules adopted by the Department of

Public Health and except as otherwise provided in this Section, all children in kindergarten and the second and sixth grades of any public, private, or parochial school shall have a dental examination. Each of these children shall present proof of having been examined by a dentist in accordance with this Section and rules adopted under this Section before May 15th of the school year. If a child in the second or sixth grade fails to present proof by May 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed dental examination or (ii) the child presents proof that a dental examination will take place within 60 days after May 15th. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a dentist. Each public, private, and parochial school must give notice of this dental examination requirement to the parents and quardians of students at least 60 days before May 15th of each school year.

(1.10) Except as otherwise provided in this Section, all children enrolling in kindergarten in a public, private, or parochial school on or after the effective date of this amendatory Act of the 95th General Assembly and any student enrolling for the first time in a public, private, or parochial school on or after the effective date of this amendatory Act of the 95th General Assembly shall have an eye examination. Each of these children shall present proof of having been examined by a physician licensed to practice medicine in all of its

branches or a licensed optometrist within the previous year, in accordance with this Section and rules adopted under this Section, before October 15th of the school year. If the child fails to present proof by October 15th, the school may hold the child's report card until one of the following occurs: (i) the child presents proof of a completed eye examination or (ii) the child presents proof that an eye examination will take place within 60 days after October 15th. The Department of Public Health shall establish, by rule, a waiver for children who show an undue burden or a lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or to a licensed optometrist. Each public, private, and parochial school must give notice of this eye examination requirement to the parents and guardians of students in compliance with rules of the Department of Public Health. Nothing in this Section shall be construed to allow a school to exclude a child from attending because of a parent's or guardian's failure to obtain an eye examination for the child.

(2) The Department of Public Health shall promulgate rules and regulations specifying the examinations and procedures that constitute a health examination, which shall include an age-appropriate developmental screening, an age-appropriate social and emotional screening, and the collection of data relating to asthma and obesity (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of

exam), and a dental examination and may recommend by rule that 1 2 certain additional examinations be performed. The rules and 3 regulations of the Department of Public Health shall specify that a tuberculosis skin test screening shall be included as a 5 required part of each health examination included under this 6 Section if the child resides in an area designated by the 7 Department of Public Health as having a high incidence of 8 tuberculosis. With respect to the developmental screening and 9 the social and emotional screening, the Department of Public 10 Health must develop rules and appropriate revisions to the 11 Child Health Examination form in conjunction with a statewide 12 representing school boards; а organization statewide 13 organization representing pediatricians; statewide 14 organizations representing individuals holding 15 educator licenses with school support personnel endorsements, 16 including school social workers, school psychologists, and 17 statewide organization representing school nurses; а children's mental health experts; a statewide organization 18 representing school principals; the Director of Healthcare and 19 20 Family Services or his or her designee, the State Superintendent of Education or his or her designee; and 21 22 representatives of other appropriate State agencies and, at a 23 minimum, must recommend the use of validated screening tools 24 appropriate to the child's age or grade, and, with regard to 25 the social and emotional screening, require recording only 26 whether or not the screening was completed. The rules shall

2 American Academy of Pediatrics and must be consistent with the State Board of Education's social and emotional learning 3 standards. The Department of Public Health shall specify that a

take into consideration the screening recommendations of the

diabetes screening as defined by rule shall be included as a

required part of each health examination. Diabetes testing is

not required.

the screening was completed. If the child fails to present proof of the developmental screening or the social and emotional screening portions of the health examination by October 15th of the school year, qualified school support personnel may, with a parent's or quardian's consent, offer the developmental screening or the social and emotional screening to the child. Each public, private, and parochial school must give notice of the developmental screening and social and emotional screening requirements to the parents and quardians of students in compliance with the rules of the Department of Public Health. Nothing in this Section shall be construed to allow a school to exclude a child from attending because of a parent's or quardian's failure to obtain a developmental screening or a social and emotional screening for the child. Once a developmental screening or a social and emotional screening is completed and proof has been presented to the school, the school may, with a parent's or quardian's consent, make available appropriate school personnel to work with the parent or quardian, the child, and the provider who signed the screening form to obtain any appropriate evaluations and services as indicated on the form and in other information and documentation provided by the parents, quardians, or provider.

(3) Every child shall, at or about the same time as he or she receives a health examination required by subsection (1) of this Section, present to the local school proof of having received such immunizations against preventable communicable

- diseases as the Department of Public Health shall require by rules and regulations promulgated pursuant to this Section and the Communicable Disease Prevention Act.
 - (4) The individuals conducting the health examination, dental examination, or eye examination shall record the fact of having conducted the examination, and such information as required, including for a health examination data relating to asthma and obesity (including at a minimum, date of birth, gender, height, weight, blood pressure, and date of exam), on uniform forms which the Department of Public Health and the State Board of Education shall prescribe for statewide use. The examiner shall summarize on the report form any condition that he or she suspects indicates a need for special services, including for a health examination factors relating to asthma or obesity. The duty to summarize on the report form does not apply to social and emotional screenings. The confidentiality of the information and records relating to the developmental screening and the social and emotional screening shall be determined by the statutes, rules, and professional ethics governing the type of provider conducting the screening. The individuals confirming the administration of required immunizations shall record as indicated on the form that the immunizations were administered.
 - (5) If a child does not submit proof of having had either the health examination or the immunization as required, then the child shall be examined or receive the immunization, as the

case may be, and present proof by October 15 of the current 1 2 school year, or by an earlier date of the current school year established by a school district. To establish a date before 3 October 15 of the current school year for the health 5 examination or immunization as required, a school district must give notice of the requirements of this Section 60 days prior 6 to the earlier established date. If for medical reasons one or 7 8 more of the required immunizations must be given after October 9 15 of the current school year, or after an earlier established 10 date of the current school year, then the child shall present, 11 by October 15, or by the earlier established date, a schedule 12 for the administration of the immunizations and a statement of the medical reasons causing the delay, both the schedule and 13 14 the statement being issued by the physician, advanced practice 15 nurse, physician assistant, registered nurse, or local health 16 department that will be responsible for administration of the 17 remaining required immunizations. If a child does not comply by October 15, or by the earlier established date of the current 18 19 school year, with the requirements of this subsection, then the local school authority shall exclude that child from school 20 21 until such time as the child presents proof of having had the 22 health examination as required and presents proof of having 23 received those required immunizations which are medically possible to receive immediately. During a child's exclusion 24 25 from school for noncompliance with this subsection, the child's 26 parents or legal quardian shall be considered in violation of

Section 26-1 and subject to any penalty imposed by Section 26-10. subsection (5) does This not apply to dental eye examinations, and the developmental examinations, screening and the social and emotional screening portions of the health examination. If the student is an out-of-state transfer student and does not have the proof required under this subsection (5) before October 15 of the current year or whatever date is set by the school district, then he or she may only attend classes (i) if he or she has proof that an appointment for the required vaccinations has been scheduled with a party authorized to submit proof of the required vaccinations. If the proof of vaccination required under this subsection (5) is not submitted within 30 days after the student is permitted to attend classes, then the student is not to be permitted to attend classes until proof of the vaccinations has been properly submitted. No school district or employee of a school district shall be held liable for any injury or illness to another person that results from admitting an out-of-state transfer student to class that has an appointment scheduled pursuant to this subsection (5).

(6) Every school shall report to the State Board of Education by November 15, in the manner which that agency shall require, the number of children who have received the necessary immunizations and the health examination (other than a dental examination or eye examination) as required, indicating, of those who have not received the immunizations and examination

as required, the number of children who are exempt from health examination and immunization requirements on religious or medical grounds as provided in subsection (8). On or before December 1 of each year, every public school district and registered nonpublic school shall make publicly available the immunization data they are required to submit to the State Board of Education by November 15. The immunization data made publicly available must be identical to the data the school district or school has reported to the State Board of Education.

Every school shall report to the State Board of Education by June 30, in the manner that the State Board requires, the number of children who have received the required dental examination, indicating, of those who have not received the required dental examination, the number of children who are exempt from the dental examination on religious grounds as provided in subsection (8) of this Section and the number of children who have received a waiver under subsection (1.5) of this Section.

Every school shall report to the State Board of Education by June 30, in the manner that the State Board requires, the number of children who have received the required eye examination, indicating, of those who have not received the required eye examination, the number of children who are exempt from the eye examination as provided in subsection (8) of this Section, the number of children who have received a waiver

- 1 under subsection (1.10) of this Section, and the total number
- 2 of children in noncompliance with the eye examination
- 3 requirement.
- 4 The reported information under this subsection (6) shall be
- 5 provided to the Department of Public Health by the State Board
- 6 of Education.
- 7 (7) Upon determining that the number of pupils who are
- 8 required to be in compliance with subsection (5) of this
- 9 Section is below 90% of the number of pupils enrolled in the
- school district, 10% of each State aid payment made pursuant to
- 11 Section 18-8.05 to the school district for such year may be
- 12 withheld by the State Board of Education until the number of
- 13 students in compliance with subsection (5) is the applicable
- specified percentage or higher.
- 15 (8) Children of parents or legal quardians who object to
- health, dental, or eye examinations or any part thereof, to
- immunizations, or to vision and hearing screening tests on
- 18 religious grounds shall not be required to undergo the
- 19 examinations, tests, or immunizations to which they so object
- 20 if such parents or legal guardians present to the appropriate
- 21 local school authority a signed Certificate of Religious
- 22 Exemption detailing the grounds for objection and the specific
- immunizations, tests, or examinations to which they object. The
- 24 grounds for objection must set forth the specific religious
- 25 belief that conflicts with the examination, test,
- 26 immunization, or other medical intervention. The signed

certificate shall also reflect the parent's or legal guardian's 1 2 understanding of the school's exclusion policies in the case of a vaccine-preventable disease outbreak or exposure. 3 certificate must also be signed by the authorized examining 5 health care provider responsible for the performance of the health examination confirming that the provider 6 7 provided education to the parent or legal guardian on the benefits of immunization and the health risks to the student 8 9 and to the community of the communicable diseases for which 10 immunization is required in this State. However, the health 11 care provider's signature on the certificate reflects only that 12 education was provided and does not allow a health care provider grounds to determine a religious exemption. Those 13 receiving immunizations required under this Code shall be 14 15 provided with the relevant vaccine information statements that 16 are required to be disseminated by the federal National 17 Childhood Vaccine Injury Act of 1986, which may contain information on circumstances when a vaccine should not be 18 19 administered, prior to administering a vaccine. A healthcare 20 provider may consider including without limitation the nationally accepted recommendations from federal agencies such 21 22 as the Advisory Committee on Immunization Practices, the 23 information outlined in the relevant vaccine information 24 statement, and vaccine package inserts, along with the 25 healthcare provider's clinical judgment, to determine whether 26 any child may be more susceptible to experiencing an adverse

vaccine reaction than the general population, and, if so, the healthcare provider may exempt the child from an immunization individualized immunization schedule. The adopt an Certificate of Religious Exemption shall be created by the Department of Public Health and shall be made available and used by parents and legal guardians by the beginning of the 2015-2016 school year. Parents or legal guardians must submit the Certificate of Religious Exemption to their local school authority prior to entering kindergarten, sixth grade, and ninth grade for each child for which they are requesting an exemption. The religious objection stated need not be directed by the tenets of an established religious organization. However, general philosophical or moral reluctance to allow physical examinations, eye examinations, immunizations, vision and hearing screenings, or dental examinations does not provide a sufficient basis for an exception to statutory requirements. The local school authority is responsible for determining if content of the Certificate of Religious Exemption constitutes a valid religious objection. The local school authority shall inform the parent or legal guardian of exclusion procedures, in accordance with the Department's rules under Part 690 of Title 77 of the Illinois Administrative Code, at the time the objection is presented.

If the physical condition of the child is such that any one or more of the immunizing agents should not be administered, the examining physician, advanced practice nurse, or physician

- 1 assistant responsible for the performance of the health
- 2 examination shall endorse that fact upon the health examination
- 3 form.
- 4 Exempting a child from the health, dental, or eye
- 5 examination does not exempt the child from participation in the
- 6 program of physical education training provided in Sections
- 7 27-5 through 27-7 of this Code.
- 8 (9) For the purposes of this Section, "nursery schools"
- 9 means those nursery schools operated by elementary school
- 10 systems or secondary level school units or institutions of
- 11 higher learning.

- 15 Section 10. The Illinois Health Statistics Act is amended
- 16 by changing Section 4 as follows:
- 17 (410 ILCS 520/4) (from Ch. 111 1/2, par. 5604)
- 18 Sec. 4. (a) In carrying out the purposes of this Act, the
- 19 Department may:
- 20 (1) Collect and maintain health data on:
- 21 (i) The extent, nature, and impact of illness,
- including factors relating to <u>asthma</u>, obesity, and
- 23 disability on the population of the State;
- 24 (ii) The determinants of health and health hazards

26

1	including <u>asthma and</u> obesity;
2	(iii) Health resources, including the extent of
3	available manpower and resources;
4	(iv) Utilization of health care;
5	(v) Health care costs and financing;
6	(vi) Other health or health-related matters; and
7	(vii) The connection between the long-term effects
8	of childhood cancer and the original cancer diagnosis
9	and treatment.
10	(2) Undertake and support research, demonstrations,
11	and evaluations respecting new or improved methods for
12	obtaining current data on the matters referred to in
13	subparagraph (1).
14	(b) The Department may collect health data under authority
15	granted by any unit of local government and on behalf of other
16	governmental or not-for-profit organizations, including data
17	collected by local schools and the State Board of Education
18	relating to <u>asthma and</u> obesity on the health examination form
19	required pursuant to Section 27-8.1 of the School Code. The
20	data shall be de-identified and aggregated pursuant to rules
21	promulgated by the Department to prevent disclosure of personal
22	identifying information.
23	(c) The Department shall collect data only on a voluntary
24	basis from individuals and organizations, except when there is

specific legal authority to compel the mandatory reporting of

the health data so requested. In making any collection of

- 1 health data from an individual or organization the Department
- 2 must give to such individual or organization a written
- 3 statement which states:

- (1) Whether the individual or organization is required to respond, and any sanctions for noncompliance;
 - (2) The purposes for which the health data are being collected; and
 - (3) In the case of any disclosure of identifiable health data for other than research and statistical purposes, the items to be disclosed, to whom the data are to be disclosed and the purposes for which the data are to be disclosed.
 - (d) Except as provided in Section 5, no health data obtained in the course of activities undertaken or supported under this Act may be used for any purpose other than the purpose for which they were supplied or for which the individual or organization described in the data has otherwise consented.
 - (e) The Department shall take such actions as may be necessary to assure that statistics developed under this Act are of high quality, timely, comprehensive, as well as specific, standardized and adequately analyzed and indexed.
 - (f) The Department shall take such action as is appropriate to effect the coordination of health data activities, including health data specifically relating to obesity collected pursuant to Section 27-8.1 of the School Code, within the State

- 1 to eliminate unnecessary duplication of data collection and
- 2 maximize the usefulness of data collected.
- 3 (g) The Department shall (1) participate with state, local
- 4 and federal agencies in the design and implementation of a
- 5 cooperative system for producing comparable and uniform health
- 6 information and statistics at the federal, state, and local
- 7 levels; and (2) undertake and support research, development,
- 8 demonstrations, and evaluations respecting such cooperative
- 9 system.
- 10 (Source: P.A. 98-891, eff. 1-1-15.)
- 11 Section 95. No acceleration or delay. Where this Act makes
- 12 changes in a statute that is represented in this Act by text
- that is not yet or no longer in effect (for example, a Section
- 14 represented by multiple versions), the use of that text does
- not accelerate or delay the taking effect of (i) the changes
- 16 made by this Act or (ii) provisions derived from any other
- 17 Public Act.
