1 AN ACT concerning State government.

2 **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4 Section 1. Findings. The General Assembly finds:

5 (1) As data tracking is necessary to develop effective  
6 solutions to lower crime and to prioritize limited  
7 resources, an integrated and accurate data system will  
8 allow law enforcement agencies to better serve victims, to  
9 analyze responses, and to strive to eliminate racial  
10 disparities in the local and State responses to crime.

11 (2) Aside from allowing local prosecutors and police  
12 to calibrate their response to crime trends, updated data  
13 will allow State leaders and policymakers to effectively  
14 hone their legislative responses and to distribute  
15 resources to successful strategies.

16 (3) An integrated software system would better assist  
17 law enforcement agencies in keeping Illinois communities  
18 safe from crime.

19 Section 5. The Illinois State Police Law of the Civil  
20 Administrative Code of Illinois is amended by adding Section
