

1 AN ACT concerning education.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The School Code is amended by changing Section
5 2-3.152 as follows:

6 (105 ILCS 5/2-3.152)

7 Sec. 2-3.152. Community schools.

8 (a) This Section applies beginning with the 2024-2025
9 ~~2009-2010~~ school year.

10 (b) The General Assembly finds all of the following:

11 (1) All children are capable of success.

12 (2) Schools are the centers of vibrant communities.

13 (3) Strong families build strong educational
14 communities.

15 (4) Children succeed when adults work together to
16 foster positive educational outcomes.

17 (5) Schools work best when families take active roles
18 in the education of children.

19 (6) Schools today are limited in their ability to
20 dedicate time and resources to provide a wide range of
21 educational opportunities to students because of the focus
22 on standardized test outcomes.

23 (7) By providing learning opportunities outside of

1 normal school hours, including programs on life skills and
2 health, students are more successful academically, more
3 engaged in their communities, safer, and better prepared
4 to make a successful transition from school to adulthood.

5 (8) A community school is a public school that
6 establishes a set of strategic partnerships between the
7 school and other community resources that promote student
8 achievement, positive learning conditions, and the
9 well-being of students by providing wraparound services.
10 ~~traditional school that actively partners with its~~
11 ~~community to leverage existing resources and identify new~~
12 ~~resources to support the transformation of the school to~~
13 ~~provide enrichment and additional life skill opportunities~~
14 ~~for students, parents, and community members at large.~~
15 ~~Each community school is unique because its programming is~~
16 ~~designed by and for the school staff, in partnership with~~
17 ~~parents, community stakeholders, and students.~~

18 (9) Community schools currently exist in this State in
19 urban, rural, and suburban communities.

20 (10) Research shows that community schools have a
21 powerful positive impact on students, as demonstrated by
22 increased academic success, a positive change in attitudes
23 toward school and learning, and decreased behavioral
24 problems.

25 (11) After-school and evening programs offered by
26 community schools provide academic enrichment consistent

1 with the Illinois Learning Standards and general school
2 curriculum; an opportunity for physical fitness activities
3 for students, fine arts programs, structured learning
4 "play" time, and other recreational opportunities; a safe
5 haven for students; and work supports for working
6 families.

7 (12) Community schools are cost-effective because they
8 leverage existing resources provided by local, State,
9 federal, and private sources and bring programs to the
10 schools, where the students are already congregated.
11 ~~Community schools have been shown to leverage between \$5~~
12 ~~to \$8 in existing programming for every \$1 spent on a~~
13 ~~community school.~~

14 (c) Subject to an appropriation or the availability of
15 State or federal funding for such purposes, the State Board of
16 Education shall make grants available to fund community
17 schools and to enhance programs at community schools. ~~A~~
18 ~~request for proposal process must be used in awarding grants~~
19 ~~under this subsection (c). Proposals may be submitted on~~
20 ~~behalf of a school, a school district, or a consortium of 2 or~~
21 ~~more schools or school districts. Proposals must be evaluated~~
22 ~~and scored on the basis of criteria consistent with this~~
23 ~~Section and other factors developed and adopted by the State~~
24 ~~Board of Education. Technical assistance in grant writing must~~
25 ~~be made available to schools, school districts, or consortia~~
26 ~~of school districts through the State Board of Education~~

1 ~~directly or through a resource and referral directory~~
2 ~~established and maintained by the State Board of Education.~~

3 (d) As used in this subsection (d), "trauma-informed
4 intervention" means a method for understanding and responding
5 to an individual with symptoms of chronic interpersonal trauma
6 or traumatic stress.

7 In order to qualify for a community school grant under
8 this Section, a school must, at a minimum, provide the
