- 1 AN ACT in relation to schools.
- Be it enacted by the People of the State of Illinois, 2
- 3 represented in the General Assembly:
- 4 Section 5. The School Code is amended by changing
- Section 2-3.12 as follows: 5
- 6 (105 ILCS 5/2-3.12) (from Ch. 122, par. 2-3.12)
- Sec. 2-3.12. School building code. To prepare for school 7
- 8 boards with the advice of the Department of Public Health,
- the Capital Development Board, and the State Fire Marshal a 9
- school building code that will conserve the health and safety 10
- and general welfare of the pupils and school personnel and 11
- others who use public school facilities. 12
- 13 The document known as "Efficient and Adequate Standards
- for the Construction of Schools" applies only to temporary 14
- school facilities, new school buildings, and additions to 15
- existing schools whose construction contracts are awarded 16
- after July 1, 1965. On or before July 1, 1967, each school 17
- board shall have its school district buildings that were 18
- 19 constructed prior to January 1, 1955, surveyed by
- 20 architect or engineer licensed in the State of-Hllinois as to
- minimum standards necessary to conserve the health and safety 21
- of the pupils enrolled in the school buildings of the
- district. Buildings constructed between January 1, 1955 and

July 1, 1965, not owned by the State of Illinois, shall be

- surveyed by an architect or engineer licensed in the State of 25
- 26 Illinois beginning 10 years after acceptance of the completed
- 27 building by the school board. Buildings constructed between
- January 1, 1955 and July 1, 1955 and previously exempt under 28
- the provisions of Section 35-27 shall be surveyed prior to 29
- July 1, 1977 by an architect or engineer licensed in the 30
- State of Illinois. The architect or engineer, using the 31

1 document known as "Building Specifications for Health and 2 Safety in Public Schools" as a guide, shall make a report of the findings of the survey to the school board, giving 3 4 priority in that report to fire safety problems and 5 recommendations thereon if any such problems exist. The 6 school board of each district so surveyed and receiving a 7 report of needed recommendations to be made to improve standards of safety and health of the pupils enrolled has 8 9 until July 1, 1970, or in case of buildings not owned by the State of Illinois and completed between January 1, 1955 and 10 11 July 1, 1965 or in the case of buildings previously exempt under the provisions of Section 35-27 has a period of 3 years 12 after the survey is effectuate 13 commenced, to those recommendations, first 14 giving attention t.he 15 recommendations in the survey report having priority status, 16 and is authorized to levy the tax provided for in Section 17-2.11, according to the provisions of that Section, to make 17 improvements. School boards unable to effectuate those 18 19 recommendations prior to July 1, 1970, on July 1, 1980 in the case of buildings previously exempt under the provisions of 20 2.1 Section 35-27, may petition the State Superintendent of 22 Education upon the recommendation of the Regional 23 Superintendent for an extension of time. The extension of time may be granted by the State Superintendent of Education 24 25 for a period of one year, but may be extended from year to year provided substantial progress, in the opinion of the 26 State Superintendent of Education, is being made toward 27 compliance. However, for fire protection issues, only one 28 one-year extension may be made, and no other provision of 29 30 this Code an applicable code may supersede this or requirement. For routine inspections, fire officials shall 31 32 provide written notice to the principal of the school to schedule a mutually agreed upon time for the fire safety 33 However, no more than 2 routine inspections may be 34 check.

made in a calendar year.

2 Within 2 years after the effective date of this amendatory Act of 1983, and every 10 years thereafter, or at 3 4 such other times as the State Board of Education deems 5 necessary or the regional superintendent so orders, each 6 school board subject to the provisions of this Section shall 7 survey its school buildings and effectuate any recommendations in accordance with the procedures set forth 8 9 herein. An architect or engineer licensed in the State of Illinois is required to conduct the surveys under 10 11 provisions of this Section and shall make a report of t.he findings of the survey titled "safety survey report" to the 12 school board. The school board shall approve the 13 survey report, including any recommendations to effectuate 14 compliance with the code, and submit it to the Regional 15 16 Superintendent. The Regional Superintendent shall render a decision regarding approval or denial and submit the safety 17 survey report to the State Superintendent of Education. 18 19 State Superintendent of Education shall approve or deny 20 report including recommendations to effectuate compliance 21 with the code and, if approved, issue a certificate of approval. Upon receipt of the certificate of approval, the 22 23 Regional Superintendent shall issue an order to effect approved recommendations included in the report. 24 Items in 25 the report shall be prioritized. Urgent items shall considered as those items related to life safety problems 26 that present an immediate hazard to the safety of students. 27 Required items shall be considered as those items that are 28 necessary for a safe environment but present less of 29 30 immediate hazard to the safety of students. Urgent and required items shall reference a specific rule in the code 31 authorized by this Section that is currently being violated 32 or will be violated within the next 12 months if the 33 violation is not remedied. The school board of each district 34

1 so surveyed and receiving a report of needed recommendations 2 to be made to maintain standards of safety and health of the pupils enrolled shall effectuate the correction of urgent 3 4 items as soon as achievable to ensure the safety of 5 students, but in no case more than one year after the date of 6 the State Superintendent of Education's approval of the 7 recommendation. Required items shall be corrected in 8 timely manner, but in no case more than 5 years from the date 9 the State Superintendent of Education's approval of the recommendation. Once each year the school board shall submit 10 11 a report of progress on completion of any recommendations to effectuate compliance with the code. For each year that the 12 school board does not effectuate any or all 13 approved recommendations, it shall petition 14 the Regional 15 Superintendent and the State Superintendent of Education 16 detailing what work was completed in the previous year and a work plan for completion of the remaining work. 17 Ιf 18 judgement of the Regional Superintendent and the State 19 Superintendent of Education substantial progress has been made and just cause has been shown by the school board, the 20 21 petition for a one year extension of time may be approved.

As soon as practicable, but not later than 2 years after the effective date of this amendatory Act of 1992, the State Board of Education shall combine the document known as "Efficient and Adequate Standards for the Construction of Schools" with the document known as "Building Specifications for Health and Safety in Public Schools" together with any modifications or additions that may be deemed necessary. The combined document shall be known as the "Health/Life Safety Code for Public Schools" and shall be the governing code for all facilities that house public school students or are otherwise used for public school purposes, whether such facilities are permanent or temporary and whether they are owned, leased, rented, or otherwise used by the district.

The 10 year survey cycle specified in this Section shall continue to apply based upon the standards contained in the "Health/Life Safety Code for Public Schools", which shall specify building standards for buildings that are constructed prior to the effective date of this amendatory Act of 1992 and for buildings that are constructed after that date.

The "Health/Life Safety Code for Public Schools" shall be the governing code for public schools; however, the provisions of this Section shall not preclude inspection of school premises and buildings pursuant to Section 9 of Fire Investigation Act, provided that the provisions of the "Health/Life Safety Code for Public Schools", or predecessor document authorized by this Section as may be applicable are used, and provided that those inspections coordinated with the Regional Superintendent having jurisdiction over the public school facility. Nothing in this Section shall be construed to prohibit a local fire department, fire protection district, or the Office of the State Fire Marshal from conducting a fire safety check in Upon being notified by a fire official that public school. corrective action must be taken to resolve a violation, school board shall take corrective action within one year. However, violations that present imminent danger must be addressed immediately.

Any agency having jurisdiction beyond the scope of the applicable document authorized by this Section may issue a lawful order to a school board to effectuate recommendations, and the school board receiving the order shall certify to the Regional Superintendent and the State Superintendent of Education when it has complied with the order.

- 1 The State Board of Education is authorized to adopt any
- 2 rules that are necessary relating to the administration and
- 3 enforcement of the provisions of this Section. The code
- 4 authorized by this Section shall apply only to those school
- 5 districts having a population of less than 500,000
- 6 inhabitants.
