AN ACT in relation to highways.

Be it enacted by the People of the State of Illinois,represented in the General Assembly:

4 Section 5. The Illinois Highway Code is amended by 5 changing Sections 6-201.7 and 6-508 as follows:

6 (605 ILCS 5/6-201.7) (from Ch. 121, par. 6-201.7)

Sec. 6-201.7. Construct, maintain and repair and be 7 8 responsible for the construction, maintenance and repair of 9 roads within the district, let contracts, employ labor and purchase material and machinery therefor, subject to the 10 limitations provided in this Code. 21 (605 ILCS 5/6-508) (from Ch. 121, par. 6-508)

22 Sec. 6-508. (a) For the purpose of constructing or repairing bridges, culverts, drainage structures or grade 23 24 separations, including approaches thereto, at the joint expense of a county and a road district and obtaining aid 25 from the county as provided in Section 5-501 of this Code, 26 there may be included in the annual tax levies provided for 27 in Section 6-501 of this Code a tax of not to exceed .05% of 28 29 the value of all the taxable property in the road district, as equalized or assessed by the Department of Revenue, which 30 31 tax shall be in addition to and may be in excess of the maximum levy and may be extended at a rate in addition to and 32 33 in excess of the tax rate for road purposes authorized under

1 Section 6-501 of this Code.

Such tax, when collected, shall constitute and be held by 2 the treasurer of the district as a separate fund to be 3 4 expended for the construction or repair of bridges, culverts, 5 drainage structures or grade separations, including 6 approaches thereto, at the joint expense of the county and 7 the road district. The highway commissioner shall separately specify in the certificate required by Section 6-501 the 8 9 amount necessary to be raised by taxation for the purpose of constructing or repairing bridges, culverts, drainage 10 11 structures or grade separations, including approaches thereto, at the joint expense of the county and the road 12 district. Upon the approval by the county board of 13 the amount so certified as provided in Section 6-501 of this 14 Code, the county clerk shall extend the same against 15 the 16 taxable property of the road district, provided the amount thus approved shall not be extended at a rate in excess of 17 .05% of value, as equalized or assessed by the Department of 18 19 Revenue.

When any improvement project for which a tax may be 20 21 levied under this Section has been ordered as provided in Section 5-501 and the estimated cost of such project to 22 the 23 road district is in excess of the amount that will be realized from the annual tax levy authorized by this Section 24 25 when extended and collected, then the road district may accumulate the proceeds of such tax for such number of years 26 as may be necessary to acquire the funds necessary to pay the 27 district's share of the cost of such project. In counties in 28 29 which a property tax extension limitation is imposed under 30 the Property Tax Extension Limitation Law and the imposition of the property tax extension limitation prevents a road 31 32 district from levying taxes for road purposes at the required rate, a road district may retain its eligibility if, at the 33 34 time the property tax extension limitation was imposed, the

road district was levying at the required rate and continues to levy the maximum allowable amount after the imposition of the property tax extension limitation. It shall not be a valid objection to any subsequent tax levy made under this Section that there remains unexpended money arising from a preceding levy of a prior year because of the accumulation provided for in this Section.

8 The rate limitation imposed by this Section may be 9 increased for a 10 year period to up to 0.25% of the value of 10 all the taxable property in the road district, as equalized 11 or assessed by the Department of Revenue if the proposition 12 for the increased tax rate is submitted under Sections 6-504 13 and 6-505 and receives a majority of all ballots cast on the 14 proposition at the election held under Section 6-505.

15 All surplus funds remaining in the hands of the (b) 16 treasurer of the road district after the completion of any construction or repairing of bridges, culverts, drainage 17 structures or grade separations, including approaches 18 19 thereto, under this Section, shall be turned over, at the request of the highway commissioner, with-the-written-consent 20 21 of-the-county-superintendent, to the regular road fund of the road district. Upon such request, no further levy under this 22 23 Section is to be extended by the county clerk unless the proposition authorizing such further levy is submitted under 24 25 Sections 6-504 and 6-505 and receives a majority of all ballots cast on the proposition at the election held under 26 Section 6-505. 27

The moneys from this tax may also be used for 28 (C) 29 construction and maintenance of bridges, culverts and other grade 30 drainage facilities, or separations, including approaches thereto, on, under, or over the district roads, 31 32 without joint county funds being involved and without. limitation as to size of project, but only if adequate funds 33 are available for all projects for which the road district 34

has petitioned the county for joint participation. If-the project-size-is-over-\$10,000,-the-road-district--commissioner shall-also-obtain-the-permission-of-the-county-engineer. (Source: P.A. 92-268, eff. 1-1-02; 92-800, eff. 8-16-02.)
