

1 AN ACT in relation to school impact fees.

2 Be it enacted by the People of the State of Illinois,
3 represented in the General Assembly:

4 Section 5. The Counties Code is amended by changing
5 Sections 5-1041 and 5-1042 as follows:

6 (55 ILCS 5/5-1041) (from Ch. 34, par. 5-1041)

7 Sec. 5-1041. Maps, plats and subdivisions. A county
8 board may prescribe, by resolution or ordinance, reasonable
9 rules and regulations governing the location, width and
10 course of streets and highways and of floodplain, stormwater
11 and floodwater runoff channels and basins, and the provision
12 of necessary public grounds for schools, public libraries,
13 parks or playgrounds, in any map, plat or subdivision of any
14 block, lot or sub-lot or any part thereof or any piece or
15 parcel of land, not being within any city, village or
16 incorporated town. The rules and regulations may include
17 such reasonable requirements with respect to water supply and
18 sewage collection and treatment as may be established by the
19 Environmental Protection Agency, and such reasonable
20 requirements with respect to floodplain and stormwater
21 management as may be established by the County Stormwater
22 Management Committee established under Section 5-1062 of this
23 Code, and such reasonable requirements with respect to street
24 drainage and surfacing as may be established by the county
25 engineer or superintendent of highways and which by
26 resolution shall be deemed to be the minimum requirements in
27 the interest of the health, safety, education and convenience
28 of the public of the county; and may provide by resolution
29 that the map, plat or subdivision shall be submitted to the
30 county board or to some officer to be designated by the
31 county board for their or his approval. The county board

1 shall have a qualified engineer make an estimate of the
2 probable expenditures necessary to enable any person to
3 conform with the standards of construction established by the
4 board pursuant to the provisions of this Section. Except as
5 provided in Section 3 of the Public Construction Bond Act,
6 each person who seeks the county board's approval of a map,
7 plat or subdivision shall post a good and sufficient cash
8 bond, irrevocable letter of credit, surety bond, or other
9 adequate security with the county clerk, in a penal sum
10 sufficient to cover the estimate of expenditures made by the
11 estimating engineer. The cash bond, irrevocable letter of
12 credit, surety bond, or other adequate security shall be
13 conditioned upon faithful adherence to the rules and
14 regulations of the county board promulgated pursuant to the
15 authorization granted to it by this Section or by Section
16 5-1062 of this Code, and in such cases no such map, plat or
17 subdivision shall be entitled to record in the proper county
18 or have any validity until it has been so approved. If the
19 county board requires a cash bond, letter of credit, surety,
20 or any other method to cover the costs and expenses and to
21 insure completion of the requirements, the requirements shall
22 be subject to the provisions of Section 5-1123 of this Code.
23 This Section is subject to the provisions of Section 5-1123.

24 The county board may, by resolution, provide a schedule
25 of fees sufficient to reimburse the county for the costs
26 incurred in reviewing such maps, plats and subdivisions
27 submitted for approval to the county board. The fees
28 authorized by this Section are to be paid into the general
29 corporate fund of the county by the party desiring to have
30 the plat approved.

31 For purposes of implementing ordinances regarding
32 developer donations or impact fees, "public grounds for
33 schools" is defined as including land or site improvements,
34 which include school buildings or other infrastructure

1 necessitated by the development or subdivision in question.
2 This amendatory Act of the 93rd General Assembly applies to
3 all impact fees or developer donations paid into a school
4 district or held in a separate account or escrow fund by any
5 school district or county for a school district.

6 No officer designated by a county board for the approval
7 of plats shall engage in the business of surveying, and no
8 map, plat or subdivision shall be received for record or have
9 any validity which has been prepared by or under the
10 direction of such plat officer.

11 It is the intention of this amendatory Act of 1990 to
12 repeal the language added to Section 25.09 of "An Act to
13 revise the law in relation to counties", approved March 31,
14 1874, by P.A. 86-614, Section 25.09 of that Act being the
15 predecessor of this Section.

19 counties. In any county with a population not in excess of
20 500,000 located in the area served by the Northeastern
21 Illinois Metropolitan Planning Commission, a county board may
22 establish by ordinance or resolution of record reasonable
23 rules and regulations governing the location, width and
24 course of streets and highways, and the provision of public
25 grounds for schools, parks or playgrounds, in any map, plat
26 or subdivision of any block, lot or sub-lot or any part
27 thereof or any piece or parcel of land in the county, not
28 being within any city, village or incorporated town in the
29 county which rules and regulations may include such
30 reasonable requirements with respect to water supply and
31 sewage collection and treatment, and such reasonable
32 requirements with respect to street drainage and surfacing,
33 as may be established by the county board as minimum

1 requirements in the interest of the health, safety and
 2 convenience of the public of the county; and may require by
 3 ordinance or resolution of record that any map, plat or
 4 subdivision shall be submitted to the county board or some
 5 officer to be designated by the county board for its or his
 6 approval in the manner provided in Section 5-1041, and to
 7 require bonds and charge fees as provided in Section 5-1041.
 8 This Section is subject to the provisions of Section 5-1123.

9 For purposes of implementing ordinances regarding
 10 developer donations or impact fees, "public grounds for
 11 schools" is defined as including land or site improvements,
 12 which include school buildings or other infrastructure
 13 necessitated by the development or subdivision in question.
