AN ACT concerning teachers.

Be it enacted by the People of the State of Illinois,represented in the General Assembly:

Section 1. Short title. This Act may be cited as the
Teacher Homebuyer Assistance Act.

6 Section 5. Legislative findings and declarations. The
7 General Assembly finds and declares all of the following:

8 (1) Attracting and retaining fully qualified teachers is of paramount importance in ensuring that 9 pupils have fair access to a quality education and a fair 10 chance to succeed academically. This is especially 11 critical for schools that have the greatest number and 12 13 percentage of pupils with the most acute educational needs, who predictably may score lowest on academic 14 15 achievement examinations.

16 (2) A high priority should be placed on attracting
17 and retaining quality teaching professionals who have
18 demonstrated exemplary teaching ability, who serve in
19 hard-to-staff schools, and who live in high-cost areas.

20 (3) Teachers face housing problems that exacerbate school districts' efforts to attract and retain qualified 21 22 teachers. Many cannot afford to live in the communities in which they teach, making it difficult for them to 23 become active members of their school's community. 24 Providing opportunities for teachers to participate in 25 after-school activities, from tutoring to coaching, 26 27 benefits the children and community in which the teacher is employed. 28

29 (4) Over the next 3 years it is estimated that 40%
30 of the State's teachers will be eligible for retirement.
31 New teachers will need to be hired and retained to meet

the demand generated by increasing student enrollment in
 Illinois' public schools.

3 Section 10. Definitions. In this Act:

4 "Authority" means the Illinois Housing Development5 Authority.

6 "Low-performing challenge school" means a public school 7 that does not meet State goals, as defined and designated by 8 the State Board of Education.

9 "Teacher" means a person who is currently employed as a 10 full-time teacher in a low-performing challenge school and 11 who is certified in this State in the subject field or grade 12 level for which the teacher is employed.

"Termination of employment" means that for whatever 13 14 reason, the borrower is no longer a teacher at any time 15 during the first 5 years immediately following the date of recordation of the subordinate mortgage loan deed of trust. 16 17 However, it shall not be considered termination of employment if the borrower is still employed at the same school at the 18 time of recordation of the subordinate mortgage loan, but the 19 20 school is no longer considered a low performing challenge 21 school or if the borrower accepts a teaching position at 22 another public school and his or her departure from the low-performing challenge school was involuntary. 23 The 24 Authority may establish guidelines for consideration of hardship cases in which it may waive this 5-year continuous 25 employment requirement. 26

Section 15. Teacher homebuyer assistance program.
