1 AMENDMENT TO SENATE BILL 2768

2 AMENDMENT NO. \_\_\_\_\_. Amend Senate Bill 2768 by replacing  
3 everything after the enacting clause with the following:

4 "Section 5. The Assisted Living and Shared Housing Act is  
5 amended by changing Section 76 as follows:

6 (210 ILCS 9/76)

7 Sec. 76. Vaccinations. ~~Pneumonia shots.~~

8 (a) Before a prospective resident's admission to an  
9 assisted living establishment or a shared housing  
10 establishment that does not provide medication administration  
11 as an optional service, the establishment shall advise the  
12 prospective resident to consult a physician to determine  
13 whether the prospective resident should obtain a vaccination  
14 against pneumococcal pneumonia or influenza, or both.

15 (b) An assisted living establishment or shared housing  
16 establishment that provides medication administration as an  
17 optional service shall annually administer a vaccination  
18 against influenza to each resident, in accordance with the  
19 recommendations of the Advisory Committee on Immunization  
20 Practices of the Centers for Disease Control and Prevention  
21 that are most recent to the time of vaccination, unless the  
22 vaccination is medically contraindicated or the resident has  
23 refused the vaccine. Influenza vaccinations for all residents  
24 age 65 or over shall be completed by November 30 of each year

1 or as soon as practicable if vaccine supplies are not available  
2 before November 1. Residents admitted after November 30, during  
3 the flu season, and until February 1 shall, as medically  
4 appropriate, receive an influenza vaccination prior to or upon  
5 admission or as soon as practicable if vaccine supplies are not  
6 available at the time of the admission, unless the vaccine is  
7 medically contraindicated or the resident has refused the  
8 vaccine. In the event that the Advisory Committee on  
9 Immunization Practices of the Centers for Disease Control and  
10 Prevention determines that dates of administration other than  
11 those stated in this Section are optimal to protect the health  
12 of residents, the Department is authorized to adopt rules to  
13 require vaccinations at those times rather than the times  
14 stated in this Section. An establishment shall document in the  
15 resident's medical record that an annual vaccination against  
16 influenza was administered, refused, or medically  
17 contraindicated.

18 An assisted living establishment or shared housing  
19 establishment that provides medication administration as an  
20 optional service shall administer or arrange for  
21 administration of a pneumococcal vaccination to each resident  
22 who is age 65 or over, in accordance with the recommendations  
23 of the Advisory Committee on Immunization Practices of the  
24 Centers for Disease Control and Prevention, who has not  
25 received this immunization prior to or upon admission to the  
26 establishment, unless the resident refuses the offer for  
27 vaccination or the vaccination is medically contraindicated.  
28 An establishment shall document in each resident's medical  
29 record that a vaccination against pneumococcal pneumonia was  
30 offered and administered, refused, or medically  
31 contraindicated.
