14 Section 18 as follows:

15 (410 ILCS 535/18) (from Ch. 111 1/2, par. 73-18)

16 Sec. 18. (1) Each death which occurs in this State shall be
17 registered by filing a death certificate with the local
18 registrar of the district in which the death occurred or the
19 body was found, within 7 days after such death (within 5 days
20 if the death occurs prior to January 1, 1989) and prior to
21 cremation or removal of the body from the State, except when
22 death is subject to investigation by the coroner or medical
23 examiner.

24 (a) For the purposes of this Section, if the place of
25 death is unknown, a death certificate shall be filed in the
26 registration district in which a dead body is found, which
27 shall be considered the place of death.

28 (b) When a death occurs on a moving conveyance, the
29 place where the body is first removed from the conveyance
30 shall be considered the place of death and a death

1 certificate shall be filed in the registration district in
2 which such place is located.

3 (c) The funeral director who first assumes custody of a
4 dead body shall be responsible for filing a completed death
5 certificate. He shall obtain the personal data from the

36 the death was due to injuries suffered as a result of a motor

1 vehicle backing over a child, or if the death occurred due to
2 the power window of a motor vehicle, the coroner must send a
3 copy of the death certificate to the Illinois Department of
4 Children and Family Services.

5 (3.5) The medical certification of cause of death shall
