1 AN ACT concerning transportation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by changing Sections 13C-15, 13C-50, 13C-55, and 13C-60 as follows:

(625 ILCS 5/13C-15)

Sec. 13C-15. Inspections.

(a) Computer-Matched Inspections and Notification.

(1) The provisions of this subsection (a) are operative until the implementation of the registration denial inspection and notification mechanisms required by subsection (b). Beginning with the implementation of the program required by this Chapter, every motor vehicle that is owned by a resident of an affected county, other than a vehicle that is exempt under paragraph (a)(6) or (a)(7) subsection (f) or (g), is subject to inspection under the program.

The Agency shall send notice of the assigned inspection month, at least 15 days before the beginning of the assigned month, to the owner of each vehicle subject to the program. An initial emission inspection sticker or initial inspection certificate, as the case may be, expires on the last day of the third month following the month assigned by the Agency for the first inspection of the vehicle. A renewal inspection sticker or certificate expires on the last day of the third month following the month assigned for inspection in the year in which the vehicle's next inspection is required.

The Agency or its agent may issue an interim emission inspection sticker or certificate for any vehicle subject to inspection that does not have a currently valid emission inspection sticker or certificate at the time the Agency is

of on-road testing of in-use vehicles through the use of remote sensing devices. In any such program, the Agency shall evaluate the emission performance of 0.5% of the subject fleet or 20,000 vehicles, whichever is less. The Agency shall cooperate in the enforcement of this Chapter by (i) identifying probable violations through computer matching of vehicle registration records and inspection records; (ii) sending one notice to each suspected violator identified through such matching, stating registration and inspection records indicate that the vehicle owner has not complied with this Chapter; (iii) directing the vehicle owner to notify the Agency or the Secretary of State if he or she has ceased to own the vehicle or has changed residence; and (iv) advising the vehicle owner of the consequences of violating this Chapter.

The Agency shall cooperate with the Secretary of State in the administration of this Chapter and the related provisions of Chapter 3, and shall provide the Secretary of State with such information as the Secretary of State may deem necessary for these purposes, including regular and timely access to vehicle inspection records.

(2) (b) The Secretary of State shall suspend either the driving privileges or the vehicle registration, or both, of any vehicle owner who has not complied with this Chapter, if (i) the vehicle owner has failed to satisfactorily respond to the one notice sent by the Agency under paragraph (a) (1) subsection (a), and (ii) the Secretary of State has mailed the vehicle owner a notice that the suspension will be imposed if the owner does not comply within a stated period, and the Secretary of State has not received satisfactory evidence of compliance within that period. The Secretary of State shall send this notice only after receiving a statement from the Agency that the vehicle owner has failed to comply with this Section. Notice shall be effective as specified in subsection (c) of Section 6-211 of this Code.

A suspension under this <u>paragraph</u> (a)(2) subsection shall not be terminated until satisfactory proof of compliance has been submitted to the Secretary of State. No driver's license or permit, or renewal of a license or permit, may be issued to a person whose driving privileges have been suspended under this Section until the suspension has been terminated. No vehicle registration or registration plate that has been suspended under this Section may be reinstated or renewed, or transferred by the owner to any other vehicle, until the suspension has been terminated.

10	determines when a vehicle shall comply prior to
11	registration;
12	(C) A testing certification mechanism (either
13	paper-based or electronic) that shall be used for
14	registration purposes and clearly states whether the
15	certification is valid for purposes of registration,
16	including:
17	(i) Expiration date of the certificate;
18	(ii) Unambiguous vehicle identification
19	information; and
20	(iii) Whether the vehicle passed or received a

34	demonstrated before a case can be closed;
35	(F) Ensurance that evidence of testing is

denial enforcement mechanism to ensure compliance with the

1	registration of a used vehicle or registration
2	renewal;
3	(G) Prevention of owners or lessors from avoiding
4	testing through manipulation of the title or
5	registration system; title transfers may re-start the

7	compliance is required at title transfer;
8	(H) Prevention of the fraudulent initial
9	classification or reclassification of a vehicle from

12	modification, and documentation from the testing
13	program (or delegate) certifying based on a physical
14	inspection that the vehicle is exempt;
15	(I) Limiting and tracking of the use of time
16	extensions of the registration requirement to prevent
17	repeated extensions;
18	(J) Providing for meaningful penalties for cases
19	of registration fraud;
