

94TH GENERAL ASSEMBLY
State of Illinois
2005 and 2006
SB0047

Introduced 1/26/2005, by Sen. Peter J. Roskam

SYNOPSIS AS INTRODUCED:

105 ILCS 5/18-8.05

Amends the School Code with regard to the State aid formula. In compiling average daily attendance for pupils in grades 2 through 12, provides that a pupil in attendance for at least one clock hour of school work, but less than 5 clock hours of school work, may be counted on the basis of 1/5 day of attendance for every clock hour of school work. In compiling average daily attendance for first grade pupils and pupils in full day kindergarten, provides that a pupil in attendance for at least one clock hour of school work, but less than 4 clock hours of school work, may be counted on the basis of 1/4 day of attendance for every clock hour of school work. Effective July 1, 2005.

LRB094 04246 NHT 34270 b

FISCAL NOTE ACT
MAY APPLY

1 AN ACT concerning education.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The School Code is amended by changing Section
5 18-8.05 as follows:

6 (105 ILCS 5/18-8.05)

7 Sec. 18-8.05. Basis for apportionment of general State
8 financial aid and supplemental general State aid to the common
9 schools for the 1998-1999 and subsequent school years.

10 (A) General Provisions.

11 (1) The provisions of this Section apply to the 1998-1999
12 and subsequent school years. The system of general State
13 financial aid provided for in this Section is designed to
14 assure that, through a combination of State financial aid and
15 required local resources, the financial support provided each
16 pupil in Average Daily Attendance equals or exceeds a
17 prescribed per pupil Foundation Level. This formula approach
18 imputes a level of per pupil Available Local Resources and
19 provides for the basis to calculate a per pupil level of
20 general State financial aid that, when added to Available Local
21 Resources, equals or exceeds the Foundation Level. The amount
22 of per pupil general State financial aid for school districts,
23 in general, varies in inverse relation to Available Local
24 Resources. Per pupil amounts are based upon each school
25 district's Average Daily Attendance as that term is defined in
26 this Section.

27 (2) In addition to general State financial aid, school
28 districts with specified levels or concentrations of pupils
29 from low income households are eligible to receive supplemental
30 general State financial aid grants as provided pursuant to
31 subsection (H). The supplemental State aid grants provided for

1 school districts under subsection (H) shall be appropriated for
2 distribution to school districts as part of the same line item
3 in which the general State financial aid of school districts is
4 appropriated under this Section.

5 (3) To receive financial assistance under this Section,
6 school districts are required to file claims with the State
7 Board of Education, subject to the following requirements:

8 (a) Any school district which fails for any given
9 school year to maintain school as required by law, or to
10 maintain a recognized school is not eligible to file for
11 such school year any claim upon the Common School Fund. In
12 case of nonrecognition of one or more attendance centers in
13 a school district otherwise operating recognized schools,
14 the claim of the district shall be reduced in the
15 proportion which the Average Daily Attendance in the
16 attendance center or centers bear to the Average Daily
17 Attendance in the school district. A "recognized school"
18 means any public school which meets the standards as
19 established for recognition by the State Board of
20 Education. A school district or attendance center not
21 having recognition status at the end of a school term is
22 entitled to receive State aid payments due upon a legal
23 claim which was filed while it was recognized.

24 (b) School district claims filed under this Section are
25 subject to Sections 18-9, 18-10, and 18-12, except as
26 otherwise provided in this Section.

27 (c) If a school district operates a full year school
28 under Section 10-19.1, the general State aid to the school
29 district shall be determined by the State Board of
30 Education in accordance with this Section as near as may be
31 applicable.

32 (d) (Blank).

33 (4) Except as provided in subsections (H) and (L), the
34 board of any district receiving any of the grants provided for
35 in this Section may apply those funds to any fund so received
36 for which that board is authorized to make expenditures by law.

1 School districts are not required to exert a minimum
2 Operating Tax Rate in order to qualify for assistance under
3 this Section.

4 (5) As used in this Section the following terms, when
5 capitalized, shall have the meaning ascribed herein:

6 (a) "Average Daily Attendance": A count of pupil
7 attendance in school, averaged as provided for in
8 subsection (C) and utilized in deriving per pupil financial
9 support levels.

10 (b) "Available Local Resources": A computation of
11 local financial support, calculated on the basis of Average
12 Daily Attendance and derived as provided pursuant to
13 subsection (D).

14 (c) "Corporate Personal Property Replacement Taxes":
15 Funds paid to local school districts pursuant to "An Act in
16 relation to the abolition of ad valorem personal property
17 tax and the replacement of revenues lost thereby, and
18 amending and repealing certain Acts and parts of Acts in
19 connection therewith", certified August 14, 1979, as
20 amended (Public Act 81-1st S.S.-1).

21 (d) "Foundation Level": A prescribed level of per pupil
22 financial support as provided for in subsection (B).

23 (e) "Operating Tax Rate": All school district property
24 taxes extended for all purposes, except Bond and Interest,
25 Summer School, Rent, Capital Improvement, and Vocational
26 Education Building purposes.

27 (B) Foundation Level.

28 (1) The Foundation Level is a figure established by the
29 State representing the minimum level of per pupil financial
30 support that should be available to provide for the basic
31 education of each pupil in Average Daily Attendance. As set
32 forth in this Section, each school district is assumed to exert
33 a sufficient local taxing effort such that, in combination with
34 the aggregate of general State financial aid provided the
35 district, an aggregate of State and local resources are

1 available to meet the basic education needs of pupils in the
2 district.

3 (2) For the 1998-1999 school year, the Foundation Level of
4 support is \$4,225. For the 1999-2000 school year, the
5 Foundation Level of support is \$4,325. For the 2000-2001 school
6 year, the Foundation Level of support is \$4,425. For the
7 2001-2002 school year and 2002-2003 school year, the Foundation
8 Level of support is \$4,560. For the 2003-2004 school year, the
9 Foundation Level of support is \$4,810.

10 (3) For the 2004-2005 school year and each school year
11 thereafter, the Foundation Level of support is \$4,964 ~~\$5,060~~ or
12 such greater amount as may be established by law by the General
13 Assembly.

14 (C) Average Daily Attendance.

15 (1) For purposes of calculating general State aid pursuant
16 to subsection (E), an Average Daily Attendance figure shall be
17 utilized. The Average Daily Attendance figure for formula
18 calculation purposes shall be the monthly average of the actual
19 number of pupils in attendance of each school district, as
20 further averaged for the best 3 months of pupil attendance for
21 each school district. In compiling the figures for the number
22 of pupils in attendance, school districts and the State Board
23 of Education shall, for purposes of general State aid funding,
24 conform attendance figures to the requirements of subsection
25 (F).

26 (2) The Average Daily Attendance figures utilized in
27 subsection (E) shall be the requisite attendance data for the
28 school year immediately preceding the school year for which
29 general State aid is being calculated or the average of the
30 attendance data for the 3 preceding school years, whichever is
31 greater. The Average Daily Attendance figures utilized in
32 subsection (H) shall be the requisite attendance data for the
33 school year immediately preceding the school year for which
34 general State aid is being calculated.

1 (D) Available Local Resources.

2 (1) For purposes of calculating general State aid pursuant
3 to subsection (E), a representation of Available Local
4 Resources per pupil, as that term is defined and determined in
5 this subsection, shall be utilized. Available Local Resources
6 per pupil shall include a calculated dollar amount representing
7 local school district revenues from local property taxes and
8 from Corporate Personal Property Replacement Taxes, expressed
9 on the basis of pupils in Average Daily Attendance. Calculation
10 of Available Local Resources shall exclude any tax amnesty
11 funds received as a result of Public Act 93-26.

12 (2) In determining a school district's revenue from local
13 property taxes, the State Board of Education shall utilize the
14 equalized assessed valuation of all taxable property of each
15 school district as of September 30 of the previous year. The
16 equalized assessed valuation utilized shall be obtained and
17 determined as provided in subsection (G).

18 (3) For school districts maintaining grades kindergarten
19 through 12, local property tax revenues per pupil shall be
20 calculated as the product of the applicable equalized assessed
21 valuation for the district multiplied by 3.00%, and divided by
22 the district's Average Daily Attendance figure. For school
23 districts maintaining grades kindergarten through 8, local
24 property tax revenues per pupil shall be calculated as the
25 product of the applicable equalized assessed valuation for the
26 district multiplied by 2.30%, and divided by the district's
27 Average Daily Attendance figure. For school districts
28 maintaining grades 9 through 12, local property tax revenues
29 per pupil shall be the applicable equalized assessed valuation
30 of the district multiplied by 1.05%, and divided by the
31 district's Average Daily Attendance figure.

32 (4) The Corporate Personal Property Replacement Taxes paid
33 to each school district during the calendar year 2 years before
34 the calendar year in which a school year begins, divided by the
35 Average Daily Attendance figure for that district, shall be
36 added to the local property tax revenues per pupil as derived

1 by the application of the immediately preceding paragraph (3).
2 The sum of these per pupil figures for each school district
3 shall constitute Available Local Resources as that term is
4 utilized in subsection (E) in the calculation of general State
5 aid.

6 (E) Computation of General State Aid.

7 (1) For each school year, the amount of general State aid
8 allotted to a school district shall be computed by the State
9 Board of Education as provided in this subsection.

10 (2) For any school district for which Available Local
11 Resources per pupil is less than the product of 0.93 times the
12 Foundation Level, general State aid for that district shall be
13 calculated as an amount equal to the Foundation Level minus
14 Available Local Resources, multiplied by the Average Daily
15 Attendance of the school district.

16 (3) For any school district for which Available Local
17 Resources per pupil is equal to or greater than the product of
18 0.93 times the Foundation Level and less than the product of
19 1.75 times the Foundation Level, the general State aid per
20 pupil shall be a decimal proportion of the Foundation Level
21 derived using a linear algorithm. Under this linear algorithm,
22 the calculated general State aid per pupil shall decline in
23 direct linear fashion from 0.07 times the Foundation Level for
24 a school district with Available Local Resources equal to the
25 product of 0.93 times the Foundation Level, to 0.05 times the
26 Foundation Level for a school district with Available Local
27 Resources equal to the product of 1.75 times the Foundation
28 Level. The allocation of general State aid for school districts
29 subject to this paragraph 3 shall be the calculated general
30 State aid per pupil figure multiplied by the Average Daily
31 Attendance of the school district.

32 (4) For any school district for which Available Local
33 Resources per pupil equals or exceeds the product of 1.75 times
34 the Foundation Level, the general State aid for the school
35 district shall be calculated as the product of \$218 multiplied

1 by the Average Daily Attendance of the school district.

2 (5) The amount of general State aid allocated to a school
3 district for the 1999-2000 school year meeting the requirements
4 set forth in paragraph (4) of subsection (G) shall be increased
5 by an amount equal to the general State aid that would have
6 been received by the district for the 1998-1999 school year by
7 utilizing the Extension Limitation Equalized Assessed
8 Valuation as calculated in paragraph (4) of subsection (G) less
9 the general State aid allotted for the 1998-1999 school year.
10 This amount shall be deemed a one time increase, and shall not
11 affect any future general State aid allocations.

12 (F) Compilation of Average Daily Attendance.

13 (1) Each school district shall, by July 1 of each year,
14 submit to the State Board of Education, on forms prescribed by
15 the State Board of Education, attendance figures for the school
16 year that began in the preceding calendar year. The attendance
17 information so transmitted shall identify the average daily
18 attendance figures for each month of the school year. Beginning
19 with the general State aid claim form for the 2002-2003 school
20 year, districts shall calculate Average Daily Attendance as
21 provided in subdivisions (a), (b), and (c) of this paragraph
22 (1).

23 (a) In districts that do not hold year-round classes,
24 days of attendance in August shall be added to the month of
25 September and any days of attendance in June shall be added
26 to the month of May.

27 (b) In districts in which all buildings hold year-round
28 classes, days of attendance in July and August shall be
29 added to the month of September and any days of attendance
30 in June shall be added to the month of May.

31 (c) In districts in which some buildings, but not all,
32 hold year-round classes, for the non-year-round buildings,
33 days of attendance in August shall be added to the month of
34 September and any days of attendance in June shall be added
35 to the month of May. The average daily attendance for the

1 year-round buildings shall be computed as provided in
2 subdivision (b) of this paragraph (1). To calculate the
3 Average Daily Attendance for the district, the average
4 daily attendance for the year-round buildings shall be
5 multiplied by the days in session for the non-year-round
6 buildings for each month and added to the monthly
7 attendance of the non-year-round buildings.

8 Except as otherwise provided in this Section, days of
9 attendance by pupils shall be counted only for sessions of not
10 less than 5 clock hours of school work per day under direct
11 supervision of: (i) teachers, or (ii) non-teaching personnel or
12 volunteer personnel when engaging in non-teaching duties and
13 supervising in those instances specified in subsection (a) of
14 Section 10-22.34 and paragraph 10 of Section 34-18, with pupils
15 of legal school age and in kindergarten and grades 1 through
16 12.

17 Days of attendance by tuition pupils shall be accredited
18 only to the districts that pay the tuition to a recognized
19 school.

20 (2) Days of attendance by pupils of less than 5 clock hours
21 of school shall be subject to the following provisions in the
22 compilation of Average Daily Attendance.

23 (a) Pupils regularly enrolled in a public school for
24 only a part of the school day may be counted on the basis
25 of 1/6 day for every class hour of instruction of 40
26 minutes or more attended pursuant to such enrollment,
27 unless a pupil is enrolled in a block-schedule format of 80
28 minutes or more of instruction, in which case the pupil may
29 be counted on the basis of the proportion of minutes of
30 school work completed each day to the minimum number of
31 minutes that school work is required to be held that day.

32 (a-5) For pupils in grades 2 through 12, a pupil in
33 attendance for at least one clock hour of school work, but
34 less than 5 clock hours of school work, may be counted on
35 the basis of 1/5 day of attendance for every clock hour of
36 school work.

1 (b) Days of attendance may be less than 5 clock hours
2 on the opening and closing of the school term, and upon the
3 first day of pupil attendance, if preceded by a day or days
4 utilized as an institute or teachers' workshop.

5 (c) A session of 4 or more clock hours may be counted
6 as a day of attendance upon certification by the regional
7 superintendent, and approved by the State Superintendent
8 of Education to the extent that the district has been
9 forced to use daily multiple sessions.

10 (d) A session of 3 or more clock hours may be counted
11 as a day of attendance (1) when the remainder of the school
12 day or at least 2 hours in the evening of that day is
13 utilized for an in-service training program for teachers,
14 up to a maximum of 5 days per school year of which a
15 maximum of 4 days of such 5 days may be used for
16 parent-teacher conferences, provided a district conducts
17 an in-service training program for teachers which has been
18 approved by the State Superintendent of Education; or, in
19 lieu of 4 such days, 2 full days may be used, in which
20 event each such day may be counted as a day of attendance;
21 and (2) when days in addition to those provided in item (1)
22 are scheduled by a school pursuant to its school
23 improvement plan adopted under Article 34 or its revised or
24 amended school improvement plan adopted under Article 2,
25 provided that (i) such sessions of 3 or more clock hours
26 are scheduled to occur at regular intervals, (ii) the
27 remainder of the school days in which such sessions occur
28 are utilized for in-service training programs or other
29 staff development activities for teachers, and (iii) a
30 sufficient number of minutes of school work under the
31 direct supervision of teachers are added to the school days
32 between such regularly scheduled sessions to accumulate
33 not less than the number of minutes by which such sessions
34 of 3 or more clock hours fall short of 5 clock hours. Any
35 full days used for the purposes of this paragraph shall not
36 be considered for computing average daily attendance. Days

1 scheduled for in-service training programs, staff
2 development activities, or parent-teacher conferences may
3 be scheduled separately for different grade levels and
4 different attendance centers of the district.

5 (e) A session of not less than one clock hour of
6 teaching hospitalized or homebound pupils on-site or by
7 telephone to the classroom may be counted as 1/2 day of
8 attendance, however these pupils must receive 4 or more
9 clock hours of instruction to be counted for a full day of
10 attendance.

11 (f) A session of at least 4 clock hours may be counted
12 as a day of attendance for first grade pupils, and pupils
13 in full day kindergartens, and a session of 2 or more hours
14 may be counted as 1/2 day of attendance by pupils in
15 kindergartens which provide only 1/2 day of attendance.

16 (f-5) For first grade pupils and pupils in full day
17 kindergarten, a pupil in attendance for at least one clock
18 hour of school work, but less than 4 clock hours of school
19 work, may be counted on the basis of 1/4 day of attendance
20 for every clock hour of school work.

21 (g) For children with disabilities who are below the
22 age of 6 years and who cannot attend 2 or more clock hours
23 because of their disability or immaturity, a session of not
24 less than one clock hour may be counted as 1/2 day of
25 attendance; however for such children whose educational
26 needs so require a session of 4 or more clock hours may be
27 counted as a full day of attendance.

28 (h) A recognized kindergarten which provides for only
29 1/2 day of attendance by each pupil shall not have more
30 than 1/2 day of attendance counted in any one day. However,
31 kindergartens may count 2 1/2 days of attendance in any 5
32 consecutive school days. When a pupil attends such a
33 kindergarten for 2 half days on any one school day, the
34 pupil shall have the following day as a day absent from
35 school, unless the school district obtains permission in
36 writing from the State Superintendent of Education.

1 Attendance at kindergartens which provide for a full day of
2 attendance by each pupil shall be counted the same as
3 attendance by first grade pupils. Only the first year of
4 attendance in one kindergarten shall be counted, except in
5 case of children who entered the kindergarten in their
6 fifth year whose educational development requires a second
7 year of kindergarten as determined under the rules and
8 regulations of the State Board of Education.

9 (G) Equalized Assessed Valuation Data.

10 (1) For purposes of the calculation of Available Local
11 Resources required pursuant to subsection (D), the State Board
12 of Education shall secure from the Department of Revenue the
13 value as equalized or assessed by the Department of Revenue of
14 all taxable property of every school district, together with
15 (i) the applicable tax rate used in extending taxes for the
16 funds of the district as of September 30 of the previous year
17 and (ii) the limiting rate for all school districts subject to
18 property tax extension limitations as imposed under the
19 Property Tax Extension Limitation Law.

20 The Department of Revenue shall add to the equalized
21 assessed value of all taxable property of each school district
22 situated entirely or partially within a county that is or was
23 subject to the alternative general homestead exemption
24 provisions of Section 15-176 of the Property Tax Code (a) ~~(i)~~
25 an amount equal to the total amount by which the homestead
26 exemption allowed under Section 15-176 of the Property Tax Code
27 for real property situated in that school district exceeds the
28 total amount that would have been allowed in that school
29 district if the maximum reduction under Section 15-176 was (i)
30 \$4,500 in Cook County or \$3,500 in all other counties in tax
31 year 2003 or (ii) \$5,000 in all counties in tax year 2004 and
32 thereafter and (b) ~~(ii)~~ an amount equal to the aggregate amount
33 for the taxable year of all additional exemptions under Section
34 15-175 of the Property Tax Code for owners with a household
35 income of \$30,000 or less. The county clerk of any county that

1 is or was subject to the alternative general homestead
2 exemption provisions of Section 15-176 of the Property Tax Code
3 shall annually calculate and certify to the Department of
4 Revenue for each school district all homestead exemption
5 amounts under Section 15-176 of the Property Tax Code and all
6 amounts of additional exemptions under Section 15-175 of the
7 Property Tax Code for owners with a household income of \$30,000
8 or less. It is the intent of this paragraph that if the general
9 homestead exemption for a parcel of property is determined
10 under Section 15-176 of the Property Tax Code rather than
11 Section 15-175, then the calculation of Available Local
12 Resources shall not be affected by the difference, if any,
13 between the amount of the general homestead exemption allowed
14 for that parcel of property under Section 15-176 of the
15 Property Tax Code and the amount that would have been allowed
16 had the general homestead exemption for that parcel of property
17 been determined under Section 15-175 of the Property Tax Code.
18 It is further the intent of this paragraph that if additional
19 exemptions are allowed under Section 15-175 of the Property Tax
20 Code for owners with a household income of less than \$30,000,
21 then the calculation of Available Local Resources shall not be
22 affected by the difference, if any, because of those additional
23 exemptions.

24 This equalized assessed valuation, as adjusted further by
25 the requirements of this subsection, shall be utilized in the
26 calculation of Available Local Resources.

27 (2) The equalized assessed valuation in paragraph (1) shall
28 be adjusted, as applicable, in the following manner:

29 (a) For the purposes of calculating State aid under
30 this Section, with respect to any part of a school district
31 within a redevelopment project area in respect to which a
32 municipality has adopted tax increment allocation
33 financing pursuant to the Tax Increment Allocation
34 Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11
35 of the Illinois Municipal Code or the Industrial Jobs
36 Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the

1 Illinois Municipal Code, no part of the current equalized
2 assessed valuation of real property located in any such
3 project area which is attributable to an increase above the
4 total initial equalized assessed valuation of such
5 property shall be used as part of the equalized assessed
6 valuation of the district, until such time as all
7 redevelopment project costs have been paid, as provided in
8 Section 11-74.4-8 of the Tax Increment Allocation
9 Redevelopment Act or in Section 11-74.6-35 of the
10 Industrial Jobs Recovery Law. For the purpose of the
11 equalized assessed valuation of the district, the total
12 initial equalized assessed valuation or the current
13 equalized assessed valuation, whichever is lower, shall be
14 used until such time as all redevelopment project costs
15 have been paid.

16 (b) The real property equalized assessed valuation for
17 a school district shall be adjusted by subtracting from the
18 real property value as equalized or assessed by the
19 Department of Revenue for the district an amount computed
20 by dividing the amount of any abatement of taxes under
21 Section 18-170 of the Property Tax Code by 3.00% for a
22 district maintaining grades kindergarten through 12, by
23 2.30% for a district maintaining grades kindergarten
24 through 8, or by 1.05% for a district maintaining grades 9
25 through 12 and adjusted by an amount computed by dividing
26 the amount of any abatement of taxes under subsection (a)
27 of Section 18-165 of the Property Tax Code by the same
28 percentage rates for district type as specified in this
29 subparagraph (b).

30 (3) For the 1999-2000 school year and each school year
31 thereafter, if a school district meets all of the criteria of
32 this subsection (G) (3), the school district's Available Local
33 Resources shall be calculated under subsection (D) using the
34 district's Extension Limitation Equalized Assessed Valuation
35 as calculated under this subsection (G) (3).

36 For purposes of this subsection (G) (3) the following terms

1 shall have the following meanings:

2 "Budget Year": The school year for which general State
3 aid is calculated and awarded under subsection (E).

4 "Base Tax Year": The property tax levy year used to
5 calculate the Budget Year allocation of general State aid.

6 "Preceding Tax Year": The property tax levy year
7 immediately preceding the Base Tax Year.

8 "Base Tax Year's Tax Extension": The product of the
9 equalized assessed valuation utilized by the County Clerk
10 in the Base Tax Year multiplied by the limiting rate as
11 calculated by the County Clerk and defined in the Property
12 Tax Extension Limitation Law.

13 "Preceding Tax Year's Tax Extension": The product of
14 the equalized assessed valuation utilized by the County
15 Clerk in the Preceding Tax Year multiplied by the Operating
16 Tax Rate as defined in subsection (A).

17 "Extension Limitation Ratio": A numerical ratio,
18 certified by the County Clerk, in which the numerator is
19 the Base Tax Year's Tax Extension and the denominator is
20 the Preceding Tax Year's Tax Extension.

21 "Operating Tax Rate": The operating tax rate as defined
22 in subsection (A).

23 If a school district is subject to property tax extension
24 limitations as imposed under the Property Tax Extension
25 Limitation Law, the State Board of Education shall calculate
26 the Extension Limitation Equalized Assessed Valuation of that
27 district. For the 1999-2000 school year, the Extension
28 Limitation Equalized Assessed Valuation of a school district as
29 calculated by the State Board of Education shall be equal to
30 the product of the district's 1996 Equalized Assessed Valuation
31 and the district's Extension Limitation Ratio. For the
32 2000-2001 school year and each school year thereafter, the
33 Extension Limitation Equalized Assessed Valuation of a school
34 district as calculated by the State Board of Education shall be
35 equal to the product of the Equalized Assessed Valuation last
36 used in the calculation of general State aid and the district's

1 Extension Limitation Ratio. If the Extension Limitation
2 Equalized Assessed Valuation of a school district as calculated
3 under this subsection (G)(3) is less than the district's
4 equalized assessed valuation as calculated pursuant to
5 subsections (G)(1) and (G)(2), then for purposes of calculating
6 the district's general State aid for the Budget Year pursuant
7 to subsection (E), that Extension Limitation Equalized
8 Assessed Valuation shall be utilized to calculate the
9 district's Available Local Resources under subsection (D).

10 (4) For the purposes of calculating general State aid for
11 the 1999-2000 school year only, if a school district
12 experienced a triennial reassessment on the equalized assessed
13 valuation used in calculating its general State financial aid
14 apportionment for the 1998-1999 school year, the State Board of
15 Education shall calculate the Extension Limitation Equalized
16 Assessed Valuation that would have been used to calculate the
17 district's 1998-1999 general State aid. This amount shall equal
18 the product of the equalized assessed valuation used to
19 calculate general State aid for the 1997-1998 school year and
20 the district's Extension Limitation Ratio. If the Extension
21 Limitation Equalized Assessed Valuation of the school district
22 as calculated under this paragraph (4) is less than the
23 district's equalized assessed valuation utilized in
24 calculating the district's 1998-1999 general State aid
25 allocation, then for purposes of calculating the district's
26 general State aid pursuant to paragraph (5) of subsection (E),
27 that Extension Limitation Equalized Assessed Valuation shall
28 be utilized to calculate the district's Available Local
29 Resources.

30 (5) For school districts having a majority of their
31 equalized assessed valuation in any county except Cook, DuPage,
32 Kane, Lake, McHenry, or Will, if the amount of general State
33 aid allocated to the school district for the 1999-2000 school
34 year under the provisions of subsection (E), (H), and (J) of
35 this Section is less than the amount of general State aid
36 allocated to the district for the 1998-1999 school year under

1 these subsections, then the general State aid of the district
2 for the 1999-2000 school year only shall be increased by the
3 difference between these amounts. The total payments made under
4 this paragraph (5) shall not exceed \$14,000,000. Claims shall
5 be prorated if they exceed \$14,000,000.

6 (H) Supplemental General State Aid.

7 (1) In addition to the general State aid a school district
8 is allotted pursuant to subsection (E), qualifying school
9 districts shall receive a grant, paid in conjunction with a
10 district's payments of general State aid, for supplemental
11 general State aid based upon the concentration level of
12 children from low-income households within the school
13 district. Supplemental State aid grants provided for school
14 districts under this subsection shall be appropriated for
15 distribution to school districts as part of the same line item
16 in which the general State financial aid of school districts is
17 appropriated under this Section. If the appropriation in any
18 fiscal year for general State aid and supplemental general
19 State aid is insufficient to pay the amounts required under the
20 general State aid and supplemental general State aid
21 calculations, then the State Board of Education shall ensure
22 that each school district receives the full amount due for
23 general State aid and the remainder of the appropriation shall
24 be used for supplemental general State aid, which the State
25 Board of Education shall calculate and pay to eligible
26 districts on a prorated basis.

27 (1.5) This paragraph (1.5) applies only to those school
28 years preceding the 2003-2004 school year. For purposes of this
29 subsection (H), the term "Low-Income Concentration Level"
30 shall be the low-income eligible pupil count from the most
31 recently available federal census divided by the Average Daily
32 Attendance of the school district. If, however, (i) the
33 percentage decrease from the 2 most recent federal censuses in
34 the low-income eligible pupil count of a high school district
35 with fewer than 400 students exceeds by 75% or more the

1 percentage change in the total low-income eligible pupil count
2 of contiguous elementary school districts, whose boundaries
3 are coterminous with the high school district, or (ii) a high
4 school district within 2 counties and serving 5 elementary
5 school districts, whose boundaries are coterminous with the
6 high school district, has a percentage decrease from the 2 most
7 recent federal censuses in the low-income eligible pupil count
8 and there is a percentage increase in the total low-income
9 eligible pupil count of a majority of the elementary school
10 districts in excess of 50% from the 2 most recent federal
11 censuses, then the high school district's low-income eligible
12 pupil count from the earlier federal census shall be the number
13 used as the low-income eligible pupil count for the high school
14 district, for purposes of this subsection (H). The changes made
15 to this paragraph (1) by Public Act 92-28 shall apply to
16 supplemental general State aid grants for school years
17 preceding the 2003-2004 school year that are paid in fiscal
18 year 1999 or thereafter and to any State aid payments made in
19 fiscal year 1994 through fiscal year 1998 pursuant to
20 subsection 1(n) of Section 18-8 of this Code (which was
21 repealed on July 1, 1998), and any high school district that is
22 affected by Public Act 92-28 is entitled to a recomputation of
23 its supplemental general State aid grant or State aid paid in
24 any of those fiscal years. This recomputation shall not be
25 affected by any other funding.

26 (1.10) This paragraph (1.10) applies to the 2003-2004
27 school year and each school year thereafter. For purposes of
28 this subsection (H), the term "Low-Income Concentration Level"
29 shall, for each fiscal year, be the low-income eligible pupil
30 count as of July 1 of the immediately preceding fiscal year (as
31 determined by the Department of Human Services based on the
32 number of pupils who are eligible for at least one of the
33 following low income programs: Medicaid, KidCare, TANF, or Food
34 Stamps, excluding pupils who are eligible for services provided
35 by the Department of Children and Family Services, averaged
36 over the 2 immediately preceding fiscal years for fiscal year

1 2004 and over the 3 immediately preceding fiscal years for each
2 fiscal year thereafter) divided by the Average Daily Attendance
3 of the school district.

4 (2) Supplemental general State aid pursuant to this
5 subsection (H) shall be provided as follows for the 1998-1999,
6 1999-2000, and 2000-2001 school years only:

7 (a) For any school district with a Low Income
8 Concentration Level of at least 20% and less than 35%, the
9 grant for any school year shall be \$800 multiplied by the
10 low income eligible pupil count.

11 (b) For any school district with a Low Income
12 Concentration Level of at least 35% and less than 50%, the
13 grant for the 1998-1999 school year shall be \$1,100
14 multiplied by the low income eligible pupil count.

15 (c) For any school district with a Low Income
16 Concentration Level of at least 50% and less than 60%, the
17 grant for the 1998-99 school year shall be \$1,500
18 multiplied by the low income eligible pupil count.

19 (d) For any school district with a Low Income
20 Concentration Level of 60% or more, the grant for the
21 1998-99 school year shall be \$1,900 multiplied by the low
22 income eligible pupil count.

23 (e) For the 1999-2000 school year, the per pupil amount
24 specified in subparagraphs (b), (c), and (d) immediately
25 above shall be increased to \$1,243, \$1,600, and \$2,000,
26 respectively.

27 (f) For the 2000-2001 school year, the per pupil
28 amounts specified in subparagraphs (b), (c), and (d)
29 immediately above shall be \$1,273, \$1,640, and \$2,050,
30 respectively.

31 (2.5) Supplemental general State aid pursuant to this
32 subsection (H) shall be provided as follows for the 2002-2003
33 school year:

34 (a) For any school district with a Low Income
35 Concentration Level of less than 10%, the grant for each
36 school year shall be \$355 multiplied by the low income

1 eligible pupil count.

2 (b) For any school district with a Low Income
3 Concentration Level of at least 10% and less than 20%, the
4 grant for each school year shall be \$675 multiplied by the
5 low income eligible pupil count.

6 (c) For any school district with a Low Income
7 Concentration Level of at least 20% and less than 35%, the
8 grant for each school year shall be \$1,330 multiplied by
9 the low income eligible pupil count.

10 (d) For any school district with a Low Income
11 Concentration Level of at least 35% and less than 50%, the
12 grant for each school year shall be \$1,362 multiplied by
13 the low income eligible pupil count.

14 (e) For any school district with a Low Income
15 Concentration Level of at least 50% and less than 60%, the
16 grant for each school year shall be \$1,680 multiplied by
17 the low income eligible pupil count.

18 (f) For any school district with a Low Income
19 Concentration Level of 60% or more, the grant for each
20 school year shall be \$2,080 multiplied by the low income
21 eligible pupil count.

22 (2.10) Except as otherwise provided, supplemental general
23 State aid pursuant to this subsection (H) shall be provided as
24 follows for the 2003-2004 school year and each school year
25 thereafter:

26 (a) For any school district with a Low Income
27 Concentration Level of 15% or less, the grant for each
28 school year shall be \$355 multiplied by the low income
29 eligible pupil count.

30 (b) For any school district with a Low Income
31 Concentration Level greater than 15%, the grant for each
32 school year shall be \$294.25 added to the product of \$2,700
33 and the square of the Low Income Concentration Level, all
34 multiplied by the low income eligible pupil count.

35 For the 2003-2004 and 2004-2005 school year only, the grant
36 shall be no less than the grant for the 2002-2003 school year.

1 For the 2005-2006 school year only, the grant shall be no less
2 than the grant for the 2002-2003 school year multiplied by
3 0.66. For the 2006-2007 school year only, the grant shall be no
4 less than the grant for the 2002-2003 school year multiplied by
5 0.33.

6 For the 2003-2004 school year only, the grant shall be no
7 greater than the grant received during the 2002-2003 school
8 year added to the product of 0.25 multiplied by the difference
9 between the grant amount calculated under subsection (a) or (b)
10 of this paragraph (2.10), whichever is applicable, and the
11 grant received during the 2002-2003 school year. For the
12 2004-2005 school year only, the grant shall be no greater than
13 the grant received during the 2002-2003 school year added to
14 the product of 0.50 multiplied by the difference between the
15 grant amount calculated under subsection (a) or (b) of this
16 paragraph (2.10), whichever is applicable, and the grant
17 received during the 2002-2003 school year. For the 2005-2006
18 school year only, the grant shall be no greater than the grant
19 received during the 2002-2003 school year added to the product
20 of 0.75 multiplied by the difference between the grant amount
21 calculated under subsection (a) or (b) of this paragraph
22 (2.10), whichever is applicable, and the grant received during
23 the 2002-2003 school year.

24 (3) School districts with an Average Daily Attendance of
25 more than 1,000 and less than 50,000 that qualify for
26 supplemental general State aid pursuant to this subsection
27 shall submit a plan to the State Board of Education prior to
28 October 30 of each year for the use of the funds resulting from
29 this grant of supplemental general State aid for the
30 improvement of instruction in which priority is given to
31 meeting the education needs of disadvantaged children. Such
32 plan shall be submitted in accordance with rules and
33 regulations promulgated by the State Board of Education.

34 (4) School districts with an Average Daily Attendance of
35 50,000 or more that qualify for supplemental general State aid
36 pursuant to this subsection shall be required to distribute

1 from funds available pursuant to this Section, no less than
2 \$261,000,000 in accordance with the following requirements:

3 (a) The required amounts shall be distributed to the
4 attendance centers within the district in proportion to the
5 number of pupils enrolled at each attendance center who are
6 eligible to receive free or reduced-price lunches or
7 breakfasts under the federal Child Nutrition Act of 1966
8 and under the National School Lunch Act during the
9 immediately preceding school year.

10 (b) The distribution of these portions of supplemental
11 and general State aid among attendance centers according to
12 these requirements shall not be compensated for or
13 contravened by adjustments of the total of other funds
14 appropriated to any attendance centers, and the Board of
15 Education shall utilize funding from one or several sources
16 in order to fully implement this provision annually prior
17 to the opening of school.

18 (c) Each attendance center shall be provided by the
19 school district a distribution of noncategorical funds and
20 other categorical funds to which an attendance center is
21 entitled under law in order that the general State aid and
22 supplemental general State aid provided by application of
23 this subsection supplements rather than supplants the
24 noncategorical funds and other categorical funds provided
25 by the school district to the attendance centers.

26 (d) Any funds made available under this subsection that
27 by reason of the provisions of this subsection are not
28 required to be allocated and provided to attendance centers
29 may be used and appropriated by the board of the district
30 for any lawful school purpose.

31 (e) Funds received by an attendance center pursuant to
32 this subsection shall be used by the attendance center at
33 the discretion of the principal and local school council
34 for programs to improve educational opportunities at
35 qualifying schools through the following programs and
36 services: early childhood education, reduced class size or

1 improved adult to student classroom ratio, enrichment
2 programs, remedial assistance, attendance improvement, and
3 other educationally beneficial expenditures which
4 supplement the regular and basic programs as determined by
5 the State Board of Education. Funds provided shall not be
6 expended for any political or lobbying purposes as defined
7 by board rule.

8 (f) Each district subject to the provisions of this
9 subdivision (H)(4) shall submit an acceptable plan to meet
10 the educational needs of disadvantaged children, in
11 compliance with the requirements of this paragraph, to the
12 State Board of Education prior to July 15 of each year.
13 This plan shall be consistent with the decisions of local
14 school councils concerning the school expenditure plans
15 developed in accordance with part 4 of Section 34-2.3. The
16 State Board shall approve or reject the plan within 60 days
17 after its submission. If the plan is rejected, the district
18 shall give written notice of intent to modify the plan
19 within 15 days of the notification of rejection and then
20 submit a modified plan within 30 days after the date of the
21 written notice of intent to modify. Districts may amend
22 approved plans pursuant to rules promulgated by the State
23 Board of Education.

24 Upon notification by the State Board of Education that
25 the district has not submitted a plan prior to July 15 or a
26 modified plan within the time period specified herein, the
27 State aid funds affected by that plan or modified plan
28 shall be withheld by the State Board of Education until a
29 plan or modified plan is submitted.

30 If the district fails to distribute State aid to
31 attendance centers in accordance with an approved plan, the
32 plan for the following year shall allocate funds, in
33 addition to the funds otherwise required by this
34 subsection, to those attendance centers which were
35 underfunded during the previous year in amounts equal to
36 such underfunding.

1 For purposes of determining compliance with this
2 subsection in relation to the requirements of attendance
3 center funding, each district subject to the provisions of
4 this subsection shall submit as a separate document by
5 December 1 of each year a report of expenditure data for
6 the prior year in addition to any modification of its
7 current plan. If it is determined that there has been a
8 failure to comply with the expenditure provisions of this
9 subsection regarding contravention or supplanting, the
10 State Superintendent of Education shall, within 60 days of
11 receipt of the report, notify the district and any affected
12 local school council. The district shall within 45 days of
13 receipt of that notification inform the State
14 Superintendent of Education of the remedial or corrective
15 action to be taken, whether by amendment of the current
16 plan, if feasible, or by adjustment in the plan for the
17 following year. Failure to provide the expenditure report
18 or the notification of remedial or corrective action in a
19 timely manner shall result in a withholding of the affected
20 funds.

21 The State Board of Education shall promulgate rules and
22 regulations to implement the provisions of this
23 subsection. No funds shall be released under this
24 subdivision (H) (4) to any district that has not submitted a
25 plan that has been approved by the State Board of
26 Education.

27 (I) General State Aid for Newly Configured School Districts.

28 (1) For a new school district formed by combining property
29 included totally within 2 or more previously existing school
30 districts, for its first year of existence the general State
31 aid and supplemental general State aid calculated under this
32 Section shall be computed for the new district and for the
33 previously existing districts for which property is totally
34 included within the new district. If the computation on the
35 basis of the previously existing districts is greater, a

1 supplementary payment equal to the difference shall be made for
2 the first 4 years of existence of the new district.

3 (2) For a school district which annexes all of the
4 territory of one or more entire other school districts, for the
5 first year during which the change of boundaries attributable
6 to such annexation becomes effective for all purposes as
7 determined under Section 7-9 or 7A-8, the general State aid and
8 supplemental general State aid calculated under this Section
9 shall be computed for the annexing district as constituted
10 after the annexation and for the annexing and each annexed
11 district as constituted prior to the annexation; and if the
12 computation on the basis of the annexing and annexed districts
13 as constituted prior to the annexation is greater, a
14 supplementary payment equal to the difference shall be made for
15 the first 4 years of existence of the annexing school district
16 as constituted upon such annexation.

17 (3) For 2 or more school districts which annex all of the
18 territory of one or more entire other school districts, and for
19 2 or more community unit districts which result upon the
20 division (pursuant to petition under Section 11A-2) of one or
21 more other unit school districts into 2 or more parts and which
22 together include all of the parts into which such other unit
23 school district or districts are so divided, for the first year
24 during which the change of boundaries attributable to such
25 annexation or division becomes effective for all purposes as
26 determined under Section 7-9 or 11A-10, as the case may be, the
27 general State aid and supplemental general State aid calculated
28 under this Section shall be computed for each annexing or
29 resulting district as constituted after the annexation or
30 division and for each annexing and annexed district, or for
31 each resulting and divided district, as constituted prior to
32 the annexation or division; and if the aggregate of the general
33 State aid and supplemental general State aid as so computed for
34 the annexing or resulting districts as constituted after the
35 annexation or division is less than the aggregate of the
36 general State aid and supplemental general State aid as so

1 computed for the annexing and annexed districts, or for the
2 resulting and divided districts, as constituted prior to the
3 annexation or division, then a supplementary payment equal to
4 the difference shall be made and allocated between or among the
5 annexing or resulting districts, as constituted upon such
6 annexation or division, for the first 4 years of their
7 existence. The total difference payment shall be allocated
8 between or among the annexing or resulting districts in the
9 same ratio as the pupil enrollment from that portion of the
10 annexed or divided district or districts which is annexed to or
11 included in each such annexing or resulting district bears to
12 the total pupil enrollment from the entire annexed or divided
13 district or districts, as such pupil enrollment is determined
14 for the school year last ending prior to the date when the
15 change of boundaries attributable to the annexation or division
16 becomes effective for all purposes. The amount of the total
17 difference payment and the amount thereof to be allocated to
18 the annexing or resulting districts shall be computed by the
19 State Board of Education on the basis of pupil enrollment and
20 other data which shall be certified to the State Board of
21 Education, on forms which it shall provide for that purpose, by
22 the regional superintendent of schools for each educational
23 service region in which the annexing and annexed districts, or
24 resulting and divided districts are located.

25 (3.5) Claims for financial assistance under this
26 subsection (I) shall not be recomputed except as expressly
27 provided under this Section.

28 (4) Any supplementary payment made under this subsection
29 (I) shall be treated as separate from all other payments made
30 pursuant to this Section.

31 (J) Supplementary Grants in Aid.

32 (1) Notwithstanding any other provisions of this Section,
33 the amount of the aggregate general State aid in combination
34 with supplemental general State aid under this Section for
35 which each school district is eligible shall be no less than

1 the amount of the aggregate general State aid entitlement that
2 was received by the district under Section 18-8 (exclusive of
3 amounts received under subsections 5(p) and 5(p-5) of that
4 Section) for the 1997-98 school year, pursuant to the
5 provisions of that Section as it was then in effect. If a
6 school district qualifies to receive a supplementary payment
7 made under this subsection (J), the amount of the aggregate
8 general State aid in combination with supplemental general
9 State aid under this Section which that district is eligible to
10 receive for each school year shall be no less than the amount
11 of the aggregate general State aid entitlement that was
12 received by the district under Section 18-8 (exclusive of
13 amounts received under subsections 5(p) and 5(p-5) of that
14 Section) for the 1997-1998 school year, pursuant to the
15 provisions of that Section as it was then in effect.

16 (2) If, as provided in paragraph (1) of this subsection
17 (J), a school district is to receive aggregate general State
18 aid in combination with supplemental general State aid under
19 this Section for the 1998-99 school year and any subsequent
20 school year that in any such school year is less than the
21 amount of the aggregate general State aid entitlement that the
22 district received for the 1997-98 school year, the school
23 district shall also receive, from a separate appropriation made
24 for purposes of this subsection (J), a supplementary payment
25 that is equal to the amount of the difference in the aggregate
26 State aid figures as described in paragraph (1).

27 (3) (Blank).

28 (K) Grants to Laboratory and Alternative Schools.

29 In calculating the amount to be paid to the governing board
30 of a public university that operates a laboratory school under
31 this Section or to any alternative school that is operated by a
32 regional superintendent of schools, the State Board of
33 Education shall require by rule such reporting requirements as
34 it deems necessary.

35 As used in this Section, "laboratory school" means a public

1 school which is created and operated by a public university and
2 approved by the State Board of Education. The governing board
3 of a public university which receives funds from the State
4 Board under this subsection (K) may not increase the number of
5 students enrolled in its laboratory school from a single
6 district, if that district is already sending 50 or more
7 students, except under a mutual agreement between the school
8 board of a student's district of residence and the university
9 which operates the laboratory school. A laboratory school may
10 not have more than 1,000 students, excluding students with
11 disabilities in a special education program.

12 As used in this Section, "alternative school" means a
13 public school which is created and operated by a Regional
14 Superintendent of Schools and approved by the State Board of
15 Education. Such alternative schools may offer courses of
16 instruction for which credit is given in regular school
17 programs, courses to prepare students for the high school
18 equivalency testing program or vocational and occupational
19 training. A regional superintendent of schools may contract
20 with a school district or a public community college district
21 to operate an alternative school. An alternative school serving
22 more than one educational service region may be established by
23 the regional superintendents of schools of the affected
24 educational service regions. An alternative school serving
25 more than one educational service region may be operated under
26 such terms as the regional superintendents of schools of those
27 educational service regions may agree.

28 Each laboratory and alternative school shall file, on forms
29 provided by the State Superintendent of Education, an annual
30 State aid claim which states the Average Daily Attendance of
31 the school's students by month. The best 3 months' Average
32 Daily Attendance shall be computed for each school. The general
33 State aid entitlement shall be computed by multiplying the
34 applicable Average Daily Attendance by the Foundation Level as
35 determined under this Section.

1 (L) Payments, Additional Grants in Aid and Other Requirements.

2 (1) For a school district operating under the financial
3 supervision of an Authority created under Article 34A, the
4 general State aid otherwise payable to that district under this
5 Section, but not the supplemental general State aid, shall be
6 reduced by an amount equal to the budget for the operations of
7 the Authority as certified by the Authority to the State Board
8 of Education, and an amount equal to such reduction shall be
9 paid to the Authority created for such district for its
10 operating expenses in the manner provided in Section 18-11. The
11 remainder of general State school aid for any such district
12 shall be paid in accordance with Article 34A when that Article
13 provides for a disposition other than that provided by this
14 Article.

15 (2) (Blank).

16 (3) Summer school. Summer school payments shall be made as
17 provided in Section 18-4.3.

18 (M) Education Funding Advisory Board.

19 The Education Funding Advisory Board, hereinafter in this
20 subsection (M) referred to as the "Board", is hereby created.
21 The Board shall consist of 5 members who are appointed by the
22 Governor, by and with the advice and consent of the Senate. The
23 members appointed shall include representatives of education,
24 business, and the general public. One of the members so
25 appointed shall be designated by the Governor at the time the
26 appointment is made as the chairperson of the Board. The
27 initial members of the Board may be appointed any time after
28 the effective date of this amendatory Act of 1997. The regular
29 term of each member of the Board shall be for 4 years from the
30 third Monday of January of the year in which the term of the
31 member's appointment is to commence, except that of the 5
32 initial members appointed to serve on the Board, the member who
33 is appointed as the chairperson shall serve for a term that
34 commences on the date of his or her appointment and expires on
35 the third Monday of January, 2002, and the remaining 4 members,

1 by lots drawn at the first meeting of the Board that is held
2 after all 5 members are appointed, shall determine 2 of their
3 number to serve for terms that commence on the date of their
4 respective appointments and expire on the third Monday of
5 January, 2001, and 2 of their number to serve for terms that
6 commence on the date of their respective appointments and
7 expire on the third Monday of January, 2000. All members
8 appointed to serve on the Board shall serve until their
9 respective successors are appointed and confirmed. Vacancies
10 shall be filled in the same manner as original appointments. If
11 a vacancy in membership occurs at a time when the Senate is not
12 in session, the Governor shall make a temporary appointment
13 until the next meeting of the Senate, when he or she shall
14 appoint, by and with the advice and consent of the Senate, a
15 person to fill that membership for the unexpired term. If the
16 Senate is not in session when the initial appointments are
17 made, those appointments shall be made as in the case of
18 vacancies.

19 The Education Funding Advisory Board shall be deemed
20 established, and the initial members appointed by the Governor
21 to serve as members of the Board shall take office, on the date
22 that the Governor makes his or her appointment of the fifth
23 initial member of the Board, whether those initial members are
24 then serving pursuant to appointment and confirmation or
25 pursuant to temporary appointments that are made by the
26 Governor as in the case of vacancies.

27 The State Board of Education shall provide such staff
28 assistance to the Education Funding Advisory Board as is
29 reasonably required for the proper performance by the Board of
30 its responsibilities.

31 For school years after the 2000-2001 school year, the
32 Education Funding Advisory Board, in consultation with the
33 State Board of Education, shall make recommendations as
34 provided in this subsection (M) to the General Assembly for the
35 foundation level under subdivision (B)(3) of this Section and
36 for the supplemental general State aid grant level under

1 subsection (H) of this Section for districts with high
2 concentrations of children from poverty. The recommended
3 foundation level shall be determined based on a methodology
4 which incorporates the basic education expenditures of
5 low-spending schools exhibiting high academic performance. The
6 Education Funding Advisory Board shall make such
7 recommendations to the General Assembly on January 1 of odd
8 numbered years, beginning January 1, 2001.

9 (N) (Blank).

10 (O) References.

11 (1) References in other laws to the various subdivisions of
12 Section 18-8 as that Section existed before its repeal and
13 replacement by this Section 18-8.05 shall be deemed to refer to
14 the corresponding provisions of this Section 18-8.05, to the
15 extent that those references remain applicable.

16 (2) References in other laws to State Chapter 1 funds shall
17 be deemed to refer to the supplemental general State aid
18 provided under subsection (H) of this Section.

19 (P) Public Act 93-838 ~~This amendatory Act of the 93rd General~~
20 ~~Assembly~~ and Public Act 93-808 ~~House Bill 4266 of the 93rd~~
21 ~~General Assembly~~ make inconsistent changes to this Section. ~~If~~
22 ~~House Bill 4266 becomes law, then~~ Under Section 6 of the
23 Statute on Statutes there is an irreconcilable conflict between
24 Public Act 93-808 and Public Act 93-838 ~~House Bill 4266 and~~
25 ~~this amendatory Act.~~ Public Act 93-838 ~~This amendatory Act,~~
26 being the last acted upon, is controlling. The text of Public
27 Act 93-838 ~~this amendatory Act~~ is the law regardless of the
28 text of Public Act 93-808 ~~House Bill 4266~~.
