

1 AN ACT concerning residential inspections.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 1. Short title. This Act may be cited as the
5 Residential Inspection Ordinance Act.

6 Section 5. Purpose. The General Assembly has determined
7 that basic limits and guarantees of rights need to be adopted
8 by the State of Illinois regarding the enforcement of local
9 inspection ordinances and to that end this Act is enacted.

10 Section 10. Consent. Any local ordinance, law, rule, or
11 regulation calling or providing for the inspection of
12 residential property, whether owned or leased, shall require
13 the consent of the owner or the owner's agent or, if different
14 than the owner, the occupant of the premises before the
15 inspection occurs. If consent is denied or cannot be reasonably
16 obtained, the ordinance shall provide a process or procedure
17 for an administrative warrant to be obtained that, at a
18 minimum, provides for those protections guaranteed by the
19 constitutions of the United States of America and the State of
20 Illinois. No action, sanction, or penalty may be taken or
21 imposed against an owner or occupant for exercising his or her
22 constitutional right to refuse to consent to a warrantless
23 inspection. No local ordinance, law, rule, or regulation may
24 require a prospective buyer or prospective tenant to consent to
25 future inspections of real property as a condition of owning or
26 occupying that real property.

27 Section 15. Real estate transfer stamps. No municipality,
28 county, or other local governmental body, and no official or
29 officer thereof, may refuse to issue real estate transfer
30 stamps in connection with the sale or conveyance of real

1 property on the basis that an inspection of the real property
2 required by ordinance has not been completed or that the issues
3 or problems identified by an inspection have not been corrected
4 or completed.

5 Section 20. Escrow. A local or municipal inspection
6 ordinance may provide that an escrow must be established prior
7 to the sale or lease of real estate in an amount equal to the
8 lower of a reasonable amount required by the municipality to
9 effect the repairs or an amount indicated by a contractor in a
10 proposal to complete the required repairs. The ordinance may
11 further provide that if an inspection has been completed, the
12 owner notified that certain repairs are required, and the
13 amount estimated to be needed to complete the repairs, then the
14 seller (or owner in the case of a lease of rental residential
15 property) shall remain liable for the cost of the repairs after
16 conveyance of the real estate unless the required escrow has
17 been established prior to conveyance of the real estate.
18 Escrowed funds may be placed with any person or entity acting
19 as an independent escrowee, as provided for in the Title
20 Insurance Act, or any person or entity exempt from the
21 independent escrowee provisions of that Act. Escrowed moneys
22 shall be available to pay contractors, subcontractors,
23 vendors, material persons, and suppliers during the progress of
24 and upon the completion of needed repairs.

25 Section 25. Exceptions. This Act shall not apply to
26 inspections of residential property that is (i) under
27 construction or that has been constructed but not yet occupied,
28 or (ii) open and vacant.

29 Section 30. Home rule. A home rule unit may not regulate
30 the inspection of residential real property in a manner more
31 restrictive than the regulation by the State. This Section is a
32 limitation under subsection (i) of Section 6 of Article VII of
33 the Illinois Constitution on the concurrent exercise by home

1 rule powers and functions exercised by the State.
