

HB4686

95TH GENERAL ASSEMBLY

State of Illinois

2007 and 2008

HB4686

by Rep. Donald L. Moffitt

SYNOPSIS AS INTRODUCED:

50 ILCS 740/9

from Ch. 85, par. 539

Amends the Illinois Fire Protection Training Act. Provides that certain persons who are retired from active fire service duties may receive training certification regardless of the fact that they are not employed or otherwise engaged by an organized Illinois fire department. Effective immediately.

LRB095 17649 HLH 43723 b

A BILL FOR

1 AN ACT concerning local government.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Illinois Fire Protection Training Act is
5 amended by changing Section 9 as follows:

6 (50 ILCS 740/9) (from Ch. 85, par. 539)

7 Sec. 9. Training participation; funding. All local
8 governmental agencies and individuals may elect to participate
9 in the training programs under this Act, subject to the rules
10 and regulations of the Office. The participation may be for
11 certification only, or for certification and reimbursement for
12 training expenses as further provided in this Act. To be
13 eligible to receive reimbursement for training of individuals,
14 a local governmental agency shall require by ordinance that a
15 trainee complete a basic course approved by the Office, and
16 pass the State test for certification at the basic level within
17 the probationary period as established by the local
18 governmental agency. A certified copy of the ordinance must be
19 on file with the Office.

20 Individuals who have retired from active fire service
21 duties and are officially affiliated with fire service
22 training, mutual aid, incident command, fire ground
23 operations, or staff support for fire service organizations

1 shall not be prohibited from receiving training certification
2 from the Office on the ground that they are not employed or
3 otherwise engaged by an organized Illinois fire department if
4 they otherwise meet the minimum certification standards set by
5 the Office.

6 The Office may by rule provide for reimbursement funding
7 for trainees who are volunteers or paid on call fire protection
8 personnel beyond their probationary period, but not to exceed 3
9 years from the date of initial employment. The Office may
10 reimburse for basic or advanced training of individuals who
11 were permanently employed fire protection personnel prior to
12 the date of the ordinance. Individuals may receive
13 reimbursement if employed by a unit of local government that
14 participates for reimbursement funding and the individual is
15 otherwise eligible.

16 Failure of any trainee to complete the basic training and
17 certification within the required period will render that
18 individual and local governmental agency ineligible for
19 reimbursement funding for basic training for that individual in
20 the fiscal year in which his probationary period ends. The
21 individual may later become certified without reimbursement.

22 Any participating local governmental agency may elect to
23 withdraw from the training program by repealing the original
24 ordinance, and a certified copy of the ordinance must be filed
25 with the Office.

1 Section 99. Effective date. This Act takes effect upon
2 becoming law.
