

SB2034

95TH GENERAL ASSEMBLY

State of Illinois

2007 and 2008

SB2034

Introduced 2/7/2008, by Sen. David Koehler

SYNOPSIS AS INTRODUCED:

225 ILCS 225/10

from Ch. 111 1/2, par. 116.310

Amends the Private Sewage Disposal Licensing Act. Permits a unit of local government to require homeowners who maintain a private sewage disposal system within the unit of local government to provide verification, no more frequently than once every 3 years, to the unit of local government of a valid contract with a licensed private sewage disposal system installation contractor. Provides that no additional fee may be charged for such verification. Effective immediately.

LRB095 18695 RAS 44796 b

A BILL FOR

1 AN ACT concerning regulation.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Private Sewage Disposal Licensing Act is
5 amended by changing Section 10 as follows:

6 (225 ILCS 225/10) (from Ch. 111 1/2, par. 116.310)

7 Sec. 10. (a) This Act does not prohibit the enforcement of
8 ordinances of units of local government establishing a system
9 for the regulation and inspection of private sewage disposal
10 contractors and a minimum code of standards for design,
11 construction, materials, operation and maintenance of private
12 sewage disposal systems, for the transportation and disposal of
13 wastes therefrom and for private sewage disposal systems
14 servicing equipment, provided such ordinance establishes a
15 system at least equal to state regulation and inspection.

16 Such units of local government who wish to be approved,
17 shall submit a copy of such ordinance including all amendments
18 to the Department requesting approval for such system of
19 regulation and inspection. If such plan is approved by the
20 Department the ordinance shall prevail in lieu of the state
21 licensure, fee and inspection program, and the Department shall
22 issue written approval. Not less than once each year the
23 Department shall evaluate the program to determine whether such

1 program is being operated in accordance with the approved
2 provisions of existing ordinances. If the Department finds
3 after investigation that such program is not in accordance with
4 the approved program or is not being enforced, the Director
5 shall give written notice of the findings to the chief
6 administrative officer of such unit of local government. If the
7 Department thereafter finds, not less than 30 days after the
8 giving of such notice that the program is not being conducted
9 in a manner consistent with existing ordinances, the Director
10 shall give written notice of such findings to the chief
11 administrative officer of the unit of local government, and
12 after administrative hearing as provided in this Act, all
13 persons then operating under such unit of local government
14 shall be immediately subject to the state licensure, fee and
15 inspection program.

16 (b) This Act does not prohibit the enforcement of
17 ordinances of units of local government that require homeowners
18 who maintain a private sewage disposal system within the unit
19 of local government to provide verification, no more frequently
20 than once every 3 years, to the unit of local government of a
21 valid contract with a licensed private sewage disposal system
22 installation contractor. However, no additional fee may be
23 charged for such verification.

25 Section 99. Effective date. This Act takes effect upon
26 becoming law.
