- Sec. 20. Responsibilities of the Council. The Council is responsible for the development and dissemination of programs, plans, and policies to reduce the environmental footprint of State government and for improving the implementation of greening the government initiatives in other institutions, thereby reducing costs to taxpayers and improving efficiency in operations. The Council shall convene on a quarterly basis and shall be responsible for the following:
- 15 (a) Establishing long-term environmental 16 sustainability goals that the State will strive to achieve within a period of 3, 5, and 10 years to improve the energy 17 18 environmental performance of State buildings. and 19 consistent with efficiency and economic objectives. These 20 goals shall, at a minimum, include the following: 21 broad-based performance goals for energy efficiency; use 22 of renewable fuels; water conservation; green purchasing; 23 paper consumption; and solid waste generation. These goals 24 can be met through increased efficiency, operational 25 changes, and improved maintenance and use of

result. in long-term cost-savings, productivity enhancements, or other outcomes deemed appropriate to the State's sustainability goals.

(h) Reporting annually to the Governor and the General Assembly on the results of environmental sustainability actions taken by State agencies, educational institutions and units of local government during the prior fiscal calendar year. The report must include the environmental and economic benefits of the environmental sustainability actions, where feasible, the consumption of those actions, and provide recommendations for future environmental improvement activities during the following year. The report shall be filed by September 1, 2008, and November September 1 of each subsequent year.

(h-5) Participating in the proposal review and subgrant award processes conducted by the Department of Commerce and Economic Opportunity to distribute the portion of funds eligible for State government use under the federal Energy Independence and Security Act of 2007, H.R. 6, Title V, Subtitle E (Energy Efficiency and Conservation Block Grants). A designee of the Governor shall also participate in these processes, and no subgrant may be awarded unless the Governor's designee first approves that subgrant.

(i) The chairman of the Council shall determine whether or not the I-Cycle program is operating effectively and

- make recommendations concerning management of the I-Cycle 1
- 2 program. The chairman has the authority to dissolve the
- I-Cycle program if the program is found to be ineffective. 3

(b) On or before January 1, 2008 August 1, 2007, each State agency, using existing resources, shall form an internal environmental sustainability committee. The environmental sustainability committee shall (i) assess the environmental and resource use impacts of its major operational activities making environmental improvements, conserving resources, and reducing health risks; (ii) develop an environmental sustainability plan as required under this Act; and (iii) establish ongoing process through which an their sustainability efforts can be reviewed and improved upon. The committee shall focus on the most significant environmental and resource examine the feasibility use impacts, and cost-effectiveness of addressing these impacts, and prioritize their actions accordingly.

Where feasible, the committee shall quantify the specific impacts of major operational activities such as gallons of water used, pounds of solid waste generated, gallons of gasoline consumed, and dollars spent per year on electricity. The committee shall consist of representatives from different program departments and areas, including purchasing, maintenance, and facility management. A senior member of management shall be designated to coordinate environmental sustainability efforts of each committee. The coordinator shall provide information to agency facilities and staff, coordinate planning and reporting activities, and act as liaison to the Council. Where appropriate, State agencies may

- 1 appoint facility coordinators in addition to the agency
- 2 coordinator. Coordinators shall be given full management
- 3 support and provided with the necessary resources to meet the
- 4 goals of this Act.
- 5 (c) On or before <u>July</u> April 1, 2008 and on or before
- 6 <u>September</u> April 1 of each subsequent year, each State agency
- 7 shall submit to the chairman of the Council a report
- 8 summarizing the progress made in implementing its
- 9 environmental sustainability plan, including sustainability
- 10 measures adopted and goals achieved. The information in this
- 11 report shall encompass the previous fiscal calendar year.
- On or before <u>June</u> January 1, 2008, the Council shall
- develop and adopt a reporting form to be used to comply with
- 14 the provisions of this Section. Participating units of local
- 15 government, State agencies, and educational institutions are
- 16 encouraged to must submit an annual progress report on or
- before September June 1, 2008 and on or before June 1 of each
- 18 subsequent year.
- 19 (d) State agencies shall be invited to participate in the
- 20 Council's efforts to foster environmental sustainability
- 21 practices throughout State government.
- (e) The Council shall provide technical assistance to State
- 23 agencies, units of local government, and educational
- 24 institutions for the purpose of implementing the environmental
- 25 sustainability planning requirement.
- 26 (f) The Council may establish criteria for exempting select

- State agencies from the environmental sustainability planning 1
- 2 based on staff size, probable environmental impacts, and scope
- of operations. 3
- (Source: P.A. 95-657, eff. 10-10-07.)
- Section 99. Effective date. This Act takes effect upon 5
- 6 becoming law.
