4 Section 5. The State Finance Act is amended by changing  
5 Section 6z-78 as follows:

6 (30 ILCS 105/6z-78)

7 Sec. 6z-78. Capital Projects Fund; bonded indebtedness;  
8 transfers. Money in the Capital Projects Fund shall, if and  
9 when the State of Illinois incurs any bonded indebtedness using  
10 the bond authorizations enacted in Public Act 96-36, Public Act  
11 96-1554, Public Act 97-771, and this amendatory Act of the 98th  
12 ~~97th~~ General Assembly, be set aside and used for the purpose of  
13 paying and discharging annually the principal and interest on  
14 that bonded indebtedness then due and payable.

15 In addition to other transfers to the General Obligation  
16 Bond Retirement and Interest Fund made pursuant to Section 15  
17 of the General Obligation Bond Act, upon each delivery of  
18 general obligation bonds using bond authorizations enacted in  
19 Public Act 96-36, Public Act 96-1554, Public Act 97-771, and  
20 this amendatory Act of the 98th ~~97th~~ General Assembly the State  
21 Comptroller shall compute and certify to the State Treasurer  
22 the total amount of principal of, interest on, and premium, if  
23 any, on such bonds during the then current and each succeeding

1 fiscal year. With respect to the interest payable on variable  
2 rate bonds, such certifications shall be calculated at the  
3 maximum rate of interest that may be payable during the fiscal  
4 year, after taking into account any credits permitted in the  
5 related indenture or other instrument against the amount of  
6 such interest required to be appropriated for the period.

7 (a) Except as provided for in subsection (b), on or before  
8 the last day of each month, the State Treasurer and State  
9 Comptroller shall transfer from the Capital Projects Fund to  
10 the General Obligation Bond Retirement and Interest Fund an  
11 amount sufficient to pay the aggregate of the principal of,  
12 interest on, and premium, if any, on the bonds payable on their  
13 next payment date, divided by the number of monthly transfers  
14 occurring between the last previous payment date (or the  
15 delivery date if no payment date has yet occurred) and the next  
16 succeeding payment date. Interest payable on variable rate  
17 bonds shall be calculated at the maximum rate of interest that  
18 may be payable for the relevant period, after taking into  
19 account any credits permitted in the related indenture or other  
20 instrument against the amount of such interest required to be  
21 appropriated for that period. Interest for which moneys have  
22 already been deposited into the capitalized interest account  
23 within the General Obligation Bond Retirement and Interest Fund  
24 shall not be included in the calculation of the amounts to be  
25 transferred under this subsection.

26 (b) On or before the last day of each month, the State

1 Treasurer and State Comptroller shall transfer from the Capital  
2 Projects Fund to the General Obligation Bond Retirement and  
3 Interest Fund an amount sufficient to pay the aggregate of the  
4 principal of, interest on, and premium, if any, on the bonds  
5 issued prior to January 1, 2012 pursuant to Section 4(d) of the  
6 General Obligation Bond Act payable on their next payment date,  
7 divided by the number of monthly transfers occurring between  
8 the last previous payment date (or the delivery date if no  
9 payment date has yet occurred) and the next succeeding payment  
10 date. If the available balance in the Capital Projects Fund is  
11 not sufficient for the transfer required in this subsection,  
12 the State Treasurer and State Comptroller shall transfer the  
13 difference from the Road Fund to the General Obligation Bond  
14 Retirement and Interest Fund; except that such Road Fund  
15 transfers shall constitute a debt of the Capital Projects Fund  
16 which shall be repaid according to subsection (c). Interest  
17 payable on variable rate bonds shall be calculated at the  
18 maximum rate of interest that may be payable for the relevant  
19 period, after taking into account any credits permitted in the  
20 related indenture or other instrument against the amount of  
21 such interest required to be appropriated for that period.  
22 Interest for which moneys have already been deposited into the  
23 capitalized interest account within the General Obligation  
24 Bond Retirement and Interest Fund shall not be included in the  
25 calculation of the amounts to be transferred under this  
26 subsection.

1 (c) On the first day of any month when the Capital Projects  
2 Fund is carrying a debt to the Road Fund due to the provisions  
3 of subsection (b), the State Treasurer and State Comptroller  
4 shall transfer from the Capital Projects Fund to the Road Fund  
5 an amount sufficient to discharge that debt. These transfers to  
6 the Road Fund shall continue until the Capital Projects Fund  
7 has repaid to the Road Fund all transfers made from the Road  
8 Fund pursuant to subsection (b). Notwithstanding any other law  
9 to the contrary, transfers to the Road Fund from the Capital  
10 Projects Fund shall be made prior to any other expenditures or

15 changing Sections 2, 3, 4, 5, 6, and 7 as follows:

16 (30 ILCS 330/2) (from Ch. 127, par. 652)

13          solely as provided in Section 7.2.

14          The issuance and sale of Bonds pursuant to the General  
15          Obligation Bond Act is an economical and efficient method of  
16          financing the long-term capital needs of the State. This Act  
17          will permit the issuance of a multi-purpose General Obligation  
18          Bond with uniform terms and features. This will not only lower  
19          the cost of registration but also reduce the overall cost of  
20          issuing debt by improving the marketability of Illinois General  
21          Obligation Bonds.
