By no later than July 1, 2015, and by July 1 12 13 annually thereafter, the Department shall make modifications 14 to the plan as modifications are warranted by changes in economic conditions or by other factors, including changes in 15 16 policy. In addition to the annual modification, the plan shall 17 be reviewed and redeveloped in full every 5 years. In the development of the annual economic development plan, 18 19 Department shall consult with representatives of the private sector, other State agencies, academic institutions, local 20 21 economic development organizations, local governments, and 22 not-for-profit organizations. The annual economic development

plan shall set specific, measurable, attainable, relevant, and

time-sensitive goals and shall include a focus on areas of high
unemployment or poverty.

The term "economic development" shall be construed broadly by the Department and may include, but is not limited to, job creation, job retention, tax base enhancements, development of human capital, workforce productivity, critical infrastructure, regional competitiveness, social inclusion, standard of living, environmental sustainability, energy independence, quality of life, the effective use of financial incentives, the utilization of public private partnerships where appropriate, and other metrics determined by the Department.

The plan shall be based on relevant economic data, focus on economic development as prescribed by this Section, and emphasize strategies to retain and create jobs.

The plan shall identify and develop specific strategies for utilizing the assets of regions within the State defined as counties and municipalities or other political subdivisions in close geographical proximity that share common economic traits such as commuting zones, labor market areas, or other economically integrated characteristics.

If the plan includes strategies that have a fiscal impact on the Department or any other agency, the plan shall include a detailed description of the estimated fiscal impact of such strategies.

Prior to publishing the plan in its final form, the

1 Department shall allow for a reasonable time for public input.

The Department shall transmit copies of the economic development plan to the Governor and the General Assembly no later than July 1, 2014, and by July 1 annually thereafter. The plan and its corresponding modifications shall be published and made available to the public in both paper and electronic media, on the Department's website, and by any other method that the Department deems appropriate.

The Department shall annually submit legislation to implement the strategic economic development plan or modifications to the strategic economic development plan to the Governor, the President and Minority Leader of the Senate, and the Speaker and the Minority Leader of the House of Representatives. The legislation shall be in the form of one or more substantive bills drafted by the Legislative Reference Bureau.
