The Director shall determine the insurance rates and premiums for TRS benefit recipients and TRS dependent beneficiaries, and shall present to the Teachers' Retirement System of the State of Illinois, by April 15 of each calendar year, the rate-setting methodology (including but not limited to utilization levels and costs) used to determine the amount of the health care premiums.

For Fiscal Year 1996, the premium shall be equal to the premium actually charged in Fiscal Year 1995; in subsequent years, the premium shall never be lower than the premium charged in Fiscal Year 1995.

For Fiscal Year 2003, the premium shall not exceed 110% of the premium actually charged in Fiscal Year 2002.

For Fiscal Year 2004, the premium shall not exceed 112%
of the premium actually charged in Fiscal Year 2003.

For Fiscal Year 2005, the premium shall not exceed a weighted average of 106.6% of the premium actually charged in Fiscal Year 2004.

For Fiscal Year 2006, the premium shall not exceed a weighted average of 109.1% of the premium actually charged in Fiscal Year 2005.

For Fiscal Year 2007, the premium shall not exceed a weighted average of 103.9% of the premium actually charged in Fiscal Year 2006.

For Fiscal Year 2008 and thereafter, the premium in each fiscal year shall not exceed 105% of the premium actually charged in the previous fiscal year.

Rates and premiums may be based in part on age and eligibility for federal medicare coverage. However, the cost of participation for a TRS dependent beneficiary who is an unmarried child age 19 or over and mentally or physically disabled shall not exceed the cost for a TRS dependent beneficiary who is an unmarried child under age 19 and participates in the same major medical or managed care program.

The cost of health benefits under the program shall be paid as follows:

(1) For a TRS benefit recipient selecting a managed care program, up to 75% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund.

Effective with Fiscal Year 2007 and thereafter, for a TRS
benefit recipient selecting a managed care program, 75% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund.

(2) For a TRS benefit recipient selecting the major medical coverage program, up to 50% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund if a managed care program is accessible, as determined by the Teachers' Retirement System. Effective with Fiscal Year 2007 and thereafter, for a TRS benefit recipient selecting the major medical coverage program, 50% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund if a managed care program is accessible, as determined by the Department of Central Management Services.

(3) For a TRS benefit recipient selecting the major medical coverage program, up to 75% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund if a managed care program is not accessible, as determined by the Teachers' Retirement System. Effective with Fiscal Year 2007 and thereafter, for a TRS benefit recipient selecting the major medical coverage program, 75% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund if a managed care program is not accessible, as determined by the Department of Central Management Services.

(3.1) For a TRS dependent beneficiary who is Medicare
primary and enrolled in a managed care plan, or the major medical coverage program if a managed care plan is not available, 25% of the total insurance rate shall be paid from the Teacher Health Security Fund as determined by the Department of Central Management Services. For the purpose of this item (3.1), the term "TRS dependent beneficiary who is Medicare primary" means a TRS dependent beneficiary who is participating in Medicare Parts A and B.

(4) Except as otherwise provided in item (3.1), the balance of the rate of insurance, including the entire premium of any coverage for TRS dependent beneficiaries that has been elected, shall be paid by deductions authorized by the TRS benefit recipient to be withheld from his or her monthly annuity or benefit payment from the Teachers' Retirement System; except that (i) if the balance of the cost of coverage exceeds the amount of the monthly annuity or benefit payment, the difference shall be paid directly to the Teachers' Retirement System by the TRS benefit recipient, and (ii) all or part of the balance of the cost of coverage may, at the school board's option, be paid to the Teachers' Retirement System by the school board of the school district from which the TRS benefit recipient retired, in accordance with Section 10-22.3b of the School Code. The Teachers' Retirement System shall promptly deposit all moneys withheld by or paid to it under this subdivision (e)(4) into the Teacher Health Insurance
Security Fund. These moneys shall not be considered assets of the Retirement System.

(f) Financing. Beginning July 1, 1995, all revenues arising from the administration of the health benefit programs established under Article 16 of the Illinois Pension Code or this Section shall be deposited into the Teacher Health Insurance Security Fund, which is hereby created as a nonappropriated trust fund to be held outside the State Treasury, with the State Treasurer as custodian. Any interest earned on moneys in the Teacher Health Insurance Security Fund shall be deposited into the Fund.

Moneys in the Teacher Health Insurance Security Fund shall be used only to pay the costs of the health benefit program established under this Section, including associated administrative costs, and the costs associated with the health benefit program established under Article 16 of the Illinois Pension Code, as authorized in this Section. Beginning July 1, 1995, the Department of Central Management Services may make expenditures from the Teacher Health Insurance Security Fund for those costs.

After other funds authorized for the payment of the costs of the health benefit program established under Article 16 of the Illinois Pension Code are exhausted and until January 1, 1996 (or such later date as may be agreed upon by the Director of Central Management Services and the Secretary of the Teachers' Retirement System), the Secretary of the Teachers'
Retirement System may make expenditures from the Teacher Health Insurance Security Fund as necessary to pay up to 75% of the cost of providing health coverage to eligible benefit recipients (as defined in Sections 16-153.1 and 16-153.3 of the Illinois Pension Code) who are enrolled in the Article 16 health benefit program and to facilitate the transfer of administration of the health benefit program to the Department of Central Management Services.

The Department of Central Management Healthcare and Family Services, or any successor agency designated to procure healthcare contracts pursuant to this Act, is authorized to establish funds, separate accounts provided by any bank or banks as defined by the Illinois Banking Act, or separate accounts provided by any savings and loan association or associations as defined by the Illinois Savings and Loan Act of 1985 to be held by the Director, outside the State treasury, for the purpose of receiving the transfer of moneys from the Teacher Health Insurance Security Fund. The Department may promulgate rules further defining the methodology for the transfers. Any interest earned by moneys in the funds or accounts shall inure to the Teacher Health Insurance Security Fund. The transferred moneys, and interest accrued thereon, shall be used exclusively for transfers to administrative service organizations or their financial institutions for payments of claims to claimants and providers under the self-insurance health plan. The transferred moneys, and
interest accrued thereon, shall not be used for any other
purpose including, but not limited to, reimbursement of
administration fees due the administrative service
organization pursuant to its contract or contracts with the
Department.

(g) Contract for benefits. The Director shall by contract,
self-insurance, or otherwise make available the program of
health benefits for TRS benefit recipients and their TRS
dependent beneficiaries that is provided for in this Section.
The contract or other arrangement for the provision of these
health benefits shall be on terms deemed by the Director to be
in the best interest of the State of Illinois and the TRS
benefit recipients based on, but not limited to, such criteria
as administrative cost, service capabilities of the carrier or
other contractor, and the costs of the benefits.

(g-5) Committee. A Teacher Retirement Insurance Program
Committee shall be established, to consist of 10 persons
appointed by the Governor.

The Committee shall convene at least 4 times each year, and
shall consider and make recommendations on issues affecting the
program of health benefits provided under this Section.
Recommendations of the Committee shall be based on a consensus
of the members of the Committee.

If the Teacher Health Insurance Security Fund experiences a
deficit balance based upon the contribution and subsidy rates
established in this Section and Section 6.6 for Fiscal Year
2008 or thereafter, the Committee shall make recommendations for adjustments to the funding sources established under these Sections.

In addition, the Committee shall identify proposed solutions to the funding shortfalls that are affecting the Teacher Health Insurance Security Fund, and it shall report those solutions to the Governor and the General Assembly within 6 months after August 15, 2011 (the effective date of Public Act 97-386).

(h) Continuation of program. It is the intention of the General Assembly that the program of health benefits provided under this Section be maintained on an ongoing, affordable basis.

The program of health benefits provided under this Section may be amended by the State and is not intended to be a pension or retirement benefit subject to protection under Article XIII, Section 5 of the Illinois Constitution.

Sec. 6.10. Contributions to the Community College Health Insurance Security Fund.

(a) Beginning January 1, 1999, every active contributor of the State Universities Retirement System (established under
Article 15 of the Illinois Pension Code) who (1) is a full-time employee of a community college district (other than a community college district subject to Article VII of the Public Community College Act) or an association of community college boards and (2) is not an employee as defined in Section 3 of this Act shall make contributions toward the cost of community college annuitant and survivor health benefits at the rate of 0.50% of salary.

These contributions shall be deducted by the employer and paid to the State Universities Retirement System as service agent for the Department of Central Management Services. The System may use the same processes for collecting the contributions required by this subsection that it uses to collect the contributions received from those employees under Section 15-157 of the Illinois Pension Code. An employer may agree to pick up or pay the contributions required under this subsection on behalf of the employee; such contributions shall be deemed to have been paid by the employee.

The State Universities Retirement System shall promptly deposit all moneys collected under this subsection (a) into the Community College Health Insurance Security Fund created in Section 6.9 of this Act. The moneys collected under this Section shall be used only for the purposes authorized in Section 6.9 of this Act and shall not be considered to be assets of the State Universities Retirement System. Contributions made under this Section are not transferable to
other pension funds or retirement systems and are not refundable upon termination of service.

(b) Beginning January 1, 1999, every community college district (other than a community college district subject to Article VII of the Public Community College Act) or association of community college boards that is an employer under the State Universities Retirement System shall contribute toward the cost of the community college health benefits provided under Section 6.9 of this Act an amount equal to 0.50% of the salary paid to its full-time employees who participate in the State Universities Retirement System and are not members as defined in Section 3 of this Act.

These contributions shall be paid by the employer to the State Universities Retirement System as service agent for the Department of Central Management Services. The System may use the same processes for collecting the contributions required by this subsection that it uses to collect the contributions received from those employers under Section 15-155 of the Illinois Pension Code.

The State Universities Retirement System shall promptly deposit all moneys collected under this subsection (b) into the Community College Health Insurance Security Fund created in Section 6.9 of this Act. The moneys collected under this Section shall be used only for the purposes authorized in Section 6.9 of this Act and shall not be considered to be assets of the State Universities Retirement System.
Contributions made under this Section are not transferable to other pension funds or retirement systems and are not refundable upon termination of service.

The Department of Central Management Healthcare and Family Services, or any successor agency designated to procure healthcare contracts pursuant to this Act, is authorized to establish funds, separate accounts provided by any bank or banks as defined by the Illinois Banking Act, or separate accounts provided by any savings and loan association or associations as defined by the Illinois Savings and Loan Act of 1985 to be held by the Director, outside the State treasury, for the purpose of receiving the transfer of moneys from the Community College Health Insurance Security Fund. The Department may promulgate rules further defining the methodology for the transfers. Any interest earned by moneys in the funds or accounts shall inure to the Community College Health Insurance Security Fund. The transferred moneys, and interest accrued thereon, shall be used exclusively for transfers to administrative service organizations or their financial institutions for payments of claims to claimants and providers under the self-insurance health plan. The transferred moneys, and interest accrued thereon, shall not be used for any other purpose including, but not limited to, reimbursement of administration fees due the administrative service organization pursuant to its contract or contracts with the Department.
(c) On or before November 15 of each year, the Board of Trustees of the State Universities Retirement System shall certify to the Governor, the Director of Central Management Services, and the State Comptroller its estimate of the total amount of contributions to be paid under subsection (a) of this Section for the next fiscal year. Beginning in fiscal year 2008, the amount certified shall be decreased or increased each year by the amount that the actual active employee contributions either fell short of or exceeded the estimate used by the Board in making the certification for the previous fiscal year. The State Universities Retirement System shall calculate the amount of actual active employee contributions in fiscal years 1999 through 2005. Based upon this calculation, the fiscal year 2008 certification shall include an amount equal to the cumulative amount that the actual active employee contributions either fell short of or exceeded the estimate used by the Board in making the certification for those fiscal years. The certification shall include a detailed explanation of the methods and information that the Board relied upon in preparing its estimate. As soon as possible after the effective date of this Section, the Board shall submit its estimate for fiscal year 1999.

(d) Beginning in fiscal year 1999, on the first day of each month, or as soon thereafter as may be practical, the State Treasurer and the State Comptroller shall transfer from the General Revenue Fund to the Community College Health Insurance
Security Fund 1/12 of the annual amount appropriated for that fiscal year to the State Comptroller for deposit into the Community College Health Insurance Security Fund under Section 1.4 of the State Pension Funds Continuing Appropriation Act.

(e) Except where otherwise specified in this Section, the definitions that apply to Article 15 of the Illinois Pension Code apply to this Section.

(5 ILCS 375/10) (from Ch. 127, par. 530)

Sec. 10. Contributions by the State and members.

(a) The State shall pay the cost of basic non-contributory group life insurance and, subject to member paid contributions set by the Department or required by this Section and except as provided in this Section, the basic program of group health benefits on each eligible member, except a member, not otherwise covered by this Act, who has retired as a participating member under Article 2 of the Illinois Pension Code but is ineligible for the retirement annuity under Section 2-119 of the Illinois Pension Code, and part of each eligible member's and retired member's premiums for health insurance coverage for enrolled dependents as provided by Section 9. The State shall pay the cost of the basic program of group health benefits only after benefits are reduced by the amount of benefits covered by Medicare for all members and dependents who are eligible for benefits under Social Security or the Railroad

...
Retirement system or who had sufficient Medicare-covered
government employment, except that such reduction in benefits
shall apply only to those members and dependents who (1) first
become eligible for such Medicare coverage on or after July 1, 1992; or (2) are Medicare-eligible members or dependents of a
local government unit which began participation in the program
on or after July 1, 1992; or (3) remain eligible for, but no
longer receive Medicare coverage which they had been receiving
on or after July 1, 1992. The Department may determine the
aggregate level of the State's contribution on the basis of
actual cost of medical services adjusted for age, sex or
geographic or other demographic characteristics which affect
the costs of such programs.

The cost of participation in the basic program of group
health benefits for the dependent or survivor of a living or
deceased retired employee who was formerly employed by the
University of Illinois in the Cooperative Extension Service and
would be an annuitant but for the fact that he or she was made
ineligible to participate in the State Universities Retirement
System by clause (4) of subsection (a) of Section 15-107 of the
Illinois Pension Code shall not be greater than the cost of
participation that would otherwise apply to that dependent or
survivor if he or she were the dependent or survivor of an
annuitant under the State Universities Retirement System.

(a-1) (Blank).

(a-2) (Blank).
Any annuitant, survivor, or retired employee may waive or terminate coverage in the program of group health benefits. Any such annuitant, survivor, or retired employee who has waived or terminated coverage may enroll or re-enroll in the program of group health benefits only during the annual benefit choice period, as determined by the Director; except that in the event of termination of coverage due to nonpayment of premiums, the annuitant, survivor, or retired employee may not re-enroll in the program.

Beginning on the effective date of this amendatory Act of the 97th General Assembly, the Director of Central Management Services shall, on an annual basis, determine the amount that the State shall contribute toward the basic program of group health benefits on behalf of annuitants (including individuals who (i) participated in the General Assembly Retirement System, the State Employees' Retirement System of Illinois, the State Universities Retirement System, the Teachers' Retirement System of the State of Illinois, or the Judges Retirement System of Illinois and (ii) qualify as annuitants under subsection (b) of Section 3 of this Act), survivors (including individuals who (i) receive an annuity as
a survivor of an individual who participated in the General Assembly Retirement System, the State Employees' Retirement System of Illinois, the State Universities Retirement System, the Teachers' Retirement System of the State of Illinois, or the Judges Retirement System of Illinois and (ii) qualify as survivors under subsection (q) of Section 3 of this Act), and retired employees (as defined in subsection (p) of Section 3 of this Act). The remainder of the cost of coverage for each annuitant, survivor, or retired employee, as determined by the Director of Central Management Services, shall be the responsibility of that annuitant, survivor, or retired employee.

Contributions required of annuitants, survivors, and retired employees shall be the same for all retirement systems and shall also be based on whether an individual has made an election under Section 15-135.1 of the Illinois Pension Code. Contributions may be based on annuitants', survivors', or retired employees' Medicare eligibility, but may not be based on Social Security eligibility.

(a-9) No later than May 1 of each calendar year, the Director of Central Management Services shall certify in writing to the Executive Secretary of the State Employees' Retirement System of Illinois the amounts of the Medicare supplement health care premiums and the amounts of the health care premiums for all other retirees who are not Medicare eligible.
A separate calculation of the premiums based upon the actual cost of each health care plan shall be so certified.

The Director of Central Management Services shall provide to the Executive Secretary of the State Employees' Retirement System of Illinois such information, statistics, and other data as he or she may require to review the premium amounts certified by the Director of Central Management Services.

The Department of Central Management Healthcare and Family Services, or any successor agency designated to procure healthcare contracts pursuant to this Act, is authorized to establish funds, separate accounts provided by any bank or banks as defined by the Illinois Banking Act, or separate accounts provided by any savings and loan association or associations as defined by the Illinois Savings and Loan Act of 1985 to be held by the Director, outside the State treasury, for the purpose of receiving the transfer of moneys from the Local Government Health Insurance Reserve Fund. The Department may promulgate rules further defining the methodology for the transfers. Any interest earned by moneys in the funds or accounts shall inure to the Local Government Health Insurance Reserve Fund. The transferred moneys, and interest accrued thereon, shall be used exclusively for transfers to administrative service organizations or their financial institutions for payments of claims to claimants and providers under the self-insurance health plan. The transferred moneys, and interest accrued thereon, shall not be used for any other
purpose including, but not limited to, reimbursement of administration fees due the administrative service organization pursuant to its contract or contracts with the Department.

(b) State employees who become eligible for this program on or after January 1, 1980 in positions normally requiring actual performance of duty not less than 1/2 of a normal work period but not equal to that of a normal work period, shall be given the option of participating in the available program. If the employee elects coverage, the State shall contribute on behalf of such employee to the cost of the employee's benefit and any applicable dependent supplement, that sum which bears the same percentage as that percentage of time the employee regularly works when compared to normal work period.

(c) The basic non-contributory coverage from the basic program of group health benefits shall be continued for each employee not in pay status or on active service by reason of (1) leave of absence due to illness or injury, (2) authorized educational leave of absence or sabbatical leave, or (3) military leave. This coverage shall continue until expiration of authorized leave and return to active service, but not to exceed 24 months for leaves under item (1) or (2). This 24-month limitation and the requirement of returning to active service shall not apply to persons receiving ordinary or accidental disability benefits or retirement benefits through the appropriate State retirement system or benefits under the
Workers' Compensation or Occupational Disease Act.

(d) The basic group life insurance coverage shall continue, with full State contribution, where such person is (1) absent from active service by reason of disability arising from any cause other than self-inflicted, (2) on authorized educational leave of absence or sabbatical leave, or (3) on military leave.

(e) Where the person is in non-pay status for a period in excess of 30 days or on leave of absence, other than by reason of disability, educational or sabbatical leave, or military leave, such person may continue coverage only by making personal payment equal to the amount normally contributed by the State on such person's behalf. Such payments and coverage may be continued: (1) until such time as the person returns to a status eligible for coverage at State expense, but not to exceed 24 months or (2) until such person's employment or annuitant status with the State is terminated (exclusive of any additional service imposed pursuant to law).

(f) The Department shall establish by rule the extent to which other employee benefits will continue for persons in non-pay status or who are not in active service.

(g) The State shall not pay the cost of the basic non-contributory group life insurance, program of health benefits and other employee benefits for members who are survivors as defined by paragraphs (1) and (2) of subsection (q) of Section 3 of this Act. The costs of benefits for these survivors shall be paid by the survivors or by the University
of Illinois Cooperative Extension Service, or any combination thereof. However, the State shall pay the amount of the reduction in the cost of participation, if any, resulting from the amendment to subsection (a) made by this amendatory Act of the 91st General Assembly.

(h) Those persons occupying positions with any department as a result of emergency appointments pursuant to Section 8b.8 of the Personnel Code who are not considered employees under this Act shall be given the option of participating in the programs of group life insurance, health benefits and other employee benefits. Such persons electing coverage may participate only by making payment equal to the amount normally contributed by the State for similarly situated employees. Such amounts shall be determined by the Director. Such payments and coverage may be continued until such time as the person becomes an employee pursuant to this Act or such person's appointment is terminated.

(i) Any unit of local government within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a unit of local government must agree to enroll all of its employees, who may select coverage under either the State group health benefits plan or a health maintenance organization that has contracted with the State to be available as a health care provider for employees as defined in this Act. A unit of local
The government must remit the entire cost of providing coverage under the State group health benefits plan or, for coverage under a health maintenance organization, an amount determined by the Director based on an analysis of the sex, age, geographic location, or other relevant demographic variables for its employees, except that the unit of local government shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the unit of local government attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan, and (2) at least 50% of the employees are enrolled and the unit of local government remits the entire cost of providing coverage to those employees, except that a participating school district must have enrolled at least 50% of its full-time employees who have not waived coverage under the district's group health plan by participating in a component of the district's cafeteria plan. A participating school district is not required to enroll a full-time employee who has waived coverage under the district's health plan, provided that an appropriate official from the participating school district attests that the full-time employee has waived coverage by participating in a component of the district's cafeteria plan. For the purposes of this subsection, "participating school district" includes a unit of local government whose primary purpose is education as
defined by the Department's rules.

Employees of a participating unit of local government who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period. A participating unit of local government may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the unit of local government, its employees, or some combination of the two as determined by the unit of local government. The unit of local government shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine monthly rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages, or contributed by the State for basic insurance coverages on behalf of its employees, adjusted for differences between State employees and employees of the local government in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the unit of local government and their
dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the unit of local government.

In the case of coverage of local government employees under a health maintenance organization, the Director shall annually determine for each participating unit of local government the maximum monthly amount the unit may contribute toward that coverage, based on an analysis of (i) the age, sex, geographic location, and other relevant demographic variables of the unit's employees and (ii) the cost to cover those employees under the State group health benefits plan. The Director may similarly determine the maximum monthly amount each unit of local government may contribute toward coverage of its employees' dependents under a health maintenance organization.

Monthly payments by the unit of local government or its employees for group health benefits plan or health maintenance organization coverage shall be deposited in the Local Government Health Insurance Reserve Fund.

The Local Government Health Insurance Reserve Fund is hereby created as a nonappropriated trust fund to be held outside the State Treasury, with the State Treasurer as custodian. The Local Government Health Insurance Reserve Fund shall be a continuing fund not subject to fiscal year limitations. The Local Government Health Insurance Reserve Fund is not subject to administrative charges or charge-backs,
including but not limited to those authorized under Section 8h of the State Finance Act. All revenues arising from the administration of the health benefits program established under this Section shall be deposited into the Local Government Health Insurance Reserve Fund. Any interest earned on moneys in the Local Government Health Insurance Reserve Fund shall be deposited into the Fund. All expenditures from this Fund shall be used for payments for health care benefits for local government and rehabilitation facility employees, annuitants, and dependents, and to reimburse the Department or its administrative service organization for all expenses incurred in the administration of benefits. No other State funds may be used for these purposes.

A local government employer's participation or desire to participate in a program created under this subsection shall not limit that employer's duty to bargain with the representative of any collective bargaining unit of its employees.

(j) Any rehabilitation facility within the State of Illinois may apply to the Director to have its employees, annuitants, and their eligible dependents provided group health coverage under this Act on a non-insured basis. To participate, a rehabilitation facility must agree to enroll all of its employees and remit the entire cost of providing such coverage for its employees, except that the rehabilitation facility shall not be required to enroll those of its employees.
who are covered spouses or dependents under this plan or
another group policy or plan providing health benefits as long
as (1) an appropriate official from the rehabilitation facility
attests that each employee not enrolled is a covered spouse or
dependent under this plan or another group policy or plan, and
(2) at least 50% of the employees are enrolled and the
rehabilitation facility remits the entire cost of providing
coverage to those employees. Employees of a participating
rehabilitation facility who are not enrolled due to coverage
under another group health policy or plan may enroll in the
event of a qualifying change in status, special enrollment,
special circumstance as defined by the Director, or during the
annual Benefit Choice Period. A participating rehabilitation
facility may also elect to cover its annuitants. Dependent
coverage shall be offered on an optional basis, with the costs
paid by the rehabilitation facility, its employees, or some
combination of the 2 as determined by the rehabilitation
facility. The rehabilitation facility shall be responsible for
timely collection and transmission of dependent premiums.

The Director shall annually determine quarterly rates of
payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be
equal to the amount normally charged to State employees for
elected optional coverages or for enrolled dependents
coverages or other contributory coverages on behalf of its
employees, adjusted for differences between State
employees and employees of the rehabilitation facility in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the rehabilitation facility and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the rehabilitation facility.

Monthly payments by the rehabilitation facility or its employees for group health benefits shall be deposited in the Local Government Health Insurance Reserve Fund.

(k) Any domestic violence shelter or service within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a domestic violence shelter or service must agree to enroll all of its employees and pay the entire cost of providing such coverage for its employees. The domestic violence shelter shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the domestic violence shelter attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan and (2) at least 50% of the employees are enrolled and the
domestic violence shelter remits the entire cost of providing coverage to those employees. Employees of a participating domestic violence shelter who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, or special circumstance as defined by the Director or during the annual Benefit Choice Period. A participating domestic violence shelter may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with employees, or some combination of the 2 as determined by the domestic violence shelter or service. The domestic violence shelter or service shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the domestic violence shelter or service in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the domestic violence shelter or service and their dependents.
(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the domestic violence shelter or service.

Monthly payments by the domestic violence shelter or service or its employees for group health insurance shall be deposited in the Local Government Health Insurance Reserve Fund.

(1) A public community college or entity organized pursuant to the Public Community College Act may apply to the Director initially to have only annuitants not covered prior to July 1, 1992 by the district's health plan provided health coverage under this Act on a non-insured basis. The community college must execute a 2-year contract to participate in the Local Government Health Plan. Any annuitant may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period.

The Director shall annually determine monthly rates of payment subject to the following constraints: for those community colleges with annuitants only enrolled, first year rates shall be equal to the average cost to cover claims for a State member adjusted for demographics, Medicare participation, and other factors; and in the second year, a further adjustment of rates shall be made to reflect the actual first year's claims experience of the covered annuitants.
The provisions of subsection (l) become inoperative on July 1, 1999.

The Director shall adopt any rules deemed necessary for implementation of this amendatory Act of 1989 (Public Act 86-978).

Any child advocacy center within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a child advocacy center must agree to enroll all of its employees and pay the entire cost of providing coverage for its employees. The child advocacy center shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the child advocacy center attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan and (2) at least 50% of the employees are enrolled and the child advocacy center remits the entire cost of providing coverage to those employees. Employees of a participating child advocacy center who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, or special circumstance as defined by the Director or during the annual Benefit Choice Period. A participating child advocacy center may also elect to cover its annuitants. Dependent coverage
shall be offered on an optional basis, with the costs paid by the child advocacy center, its employees, or some combination of the 2 as determined by the child advocacy center. The child advocacy center shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the child advocacy center in age, sex, geographic location, or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the child advocacy center and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the child advocacy center.

Monthly payments by the child advocacy center or its employees for group health insurance shall be deposited into the Local Government Health Insurance Reserve Fund.

Sec. 13.1. (a) All contributions, appropriations, interest, and dividend payments to fund the program of health benefits and other employee benefits, and all other revenues arising from the administration of any employee health benefits program, shall be deposited in a trust fund outside the State Treasury, with the State Treasurer as ex-officio custodian, to be known as the Health Insurance Reserve Fund.

(b) Upon the adoption of a self-insurance health plan, any monies attributable to the group health insurance program shall be deposited in or transferred to the Health Insurance Reserve Fund for use by the Department. As of the effective date of this amendatory Act of 1986, the Department shall certify to the Comptroller the amount of money in the Group Insurance Premium Fund attributable to the State group health insurance program and the Comptroller shall transfer such money from the Group Insurance Premium Fund to the Health Insurance Reserve Fund. Contributions by the State to the Health Insurance Reserve Fund to meet the requirements of this Act, as established by the Director, from the General Revenue Fund and the Road Fund to the Health Insurance Reserve Fund shall be by annual appropriations, and all other contributions to meet the requirements of the programs of health benefits or other employee benefits shall be deposited in the Health Insurance Reserve Fund. The Department shall draw the appropriation from...
the General Revenue Fund and the Road Fund from time to time as necessary to make expenditures authorized under this Act.

The Director may employ such assistance and services and may purchase such goods as may be necessary for the proper development and administration of any of the benefit programs authorized by this Act. The Director may promulgate rules and regulations in regard to the administration of these programs.

All monies received by the Department for deposit in or transfer to the Health Insurance Reserve Fund, through appropriation or otherwise, shall be used to provide for the making of payments to claimants and providers and to reimburse the Department for all expenses directly incurred relating to Department development and administration of the program of health benefits and other employee benefits.

Any administrative service organization administering any self-insurance health plan and paying claims and benefits under authority of this Act may receive, pursuant to written authorization and direction of the Director, an initial transfer and periodic transfers of funds from the Health Insurance Reserve Fund in amounts determined by the Director who may consider the amount recommended by the administrative service organization. Notwithstanding any other statute, such transferred funds shall be retained by the administrative service organization in a separate account provided by any bank as defined by the Illinois Banking Act. The Department may promulgate regulations further defining the banks authorized
to accept such funds and all methodology for transfer of such
funds. Any interest earned by monies in such account shall
inure to the Health Insurance Reserve Fund, shall remain in
such account and shall be used exclusively to pay claims and
benefits under this Act. Such transferred funds shall be used
exclusively for administrative service organization payment of
claims to claimants and providers under the self-insurance
health plan by the drawing of checks against such account. The
administrative service organization may not use such
transferred funds, or interest accrued thereon, for any other
purpose including, but not limited to, reimbursement of
administrative expenses or payments of administration fees due
the organization pursuant to its contract or contracts with the
Department of Central Management Services.

The account of the administrative service organization
established under this Section, any transfers from the Health
Insurance Reserve Fund to such account and the use of such
account and funds shall be subject to (1) audit by the
Department or private contractor authorized by the Department
to conduct audits, and (2) post audit pursuant to the Illinois
State Auditing Act.

The Department of Central Management Healthcare and Family
Services, or any successor agency designated to procure
healthcare contracts pursuant to this Act, is authorized to
establish funds, separate accounts provided by any bank or
banks as defined by the Illinois Banking Act, or separate
accounts provided by any savings and loan association or associations as defined by the Illinois Savings and Loan Act of 1985 to be held by the Director, outside the State treasury, for the purpose of receiving the transfer of moneys from the Health Insurance Reserve Fund. The Department may promulgate rules further defining the methodology for the transfers. Any interest earned by monies in the funds or accounts shall inure to the Health Insurance Reserve Fund. The transferred moneys, and interest accrued thereon, shall be used exclusively for transfers to administrative service organizations or their financial institutions for payments of claims to claimants and providers under the self-insurance health plan. The transferred moneys, and interest accrued thereon, shall not be used for any other purpose including, but not limited to, reimbursement of administration fees due the administrative service organization pursuant to its contract or contracts with the Department.

(c) The Director, with the advice and consent of the Commission, shall establish premiums for optional coverage for dependents of eligible members for the health plans. The eligible members shall be responsible for their portion of such optional premium. The State shall contribute an amount per month for each eligible member who has enrolled one or more dependents under the health plans. Such contribution shall be made directly to the Health Insurance Reserve Fund. Those employees described in subsection (b) of Section 9 of this Act
shall be allowed to continue in the health plan by making personal payments with the premiums to be deposited in the Health Insurance Reserve Fund.

(d) The Health Insurance Reserve Fund shall be a continuing fund not subject to fiscal year limitations. All expenditures from that fund shall be at the direction of the Director and shall be only for the purpose of:

(1) the payment of administrative expenses incurred by the Department for the program of health benefits or other employee benefit programs, including but not limited to the costs of audits or actuarial consultations, professional and contractual services, electronic data processing systems and services, and expenses in connection with the development and administration of such programs;
