SP0001

LRB098 11772 GRL 44825 p

1 SENATE PETITION

2 The undersigned petitioner, individually and on behalf of those
3 residents of the State of Illinois supporting this petition,
4 hereby petitions the Chairperson and Members of the Senate
5 Committee on Legislative Petitions to hold one or more public
6 hearings to consider whether the following proposal should be
7 introduced as legislation in the Illinois State Senate:

8 Primary Petitioner: James A. Caccamo

9 Brief Summary of Proposal: Lakeside Tower has become a blight
10 on our community. We demand that action be taken on this
11 facility and that a full investigation be conducted by HUD for
12 the safety, health, and wellness of the community. Enter your
13 email address to sign the petition.

14 Detailed Description of Proposal: The City of Waukegan has long
15 wrestled with problems at Lakeside Tower. Located on 200 Julian
16 St, the tower built in 1969 has been the source of police calls
17 and code violations for the past several years. The community
18 of Waukegan has had enough. By signing this petition you are
19 calling for a full investigation from Housing and Urban

1 Development to protect the safety, health and wellness of the
2 Waukegan Community.
