

HB2706

99TH GENERAL ASSEMBLY

State of Illinois

2015 and 2016

HB2706

by Rep. Norine Hammond

SYNOPSIS AS INTRODUCED:

210 ILCS 86/30

Amends the Hospital Report Card Act. In a provision that requires the Department of Public Health to publish risk-adjusted mortality rates for hospitals, requires the published rates to include the risk-adjusted mortality rates for cardiovascular complications and diabetes-related hypoglycemia complications.

FISCAL NOTE ACT
MAY APPLY

A BILL FOR

1 AN ACT concerning regulation.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Hospital Report Card Act is amended by
5 changing Section 30 as follows:

6 (210 ILCS 86/30)

7 Sec. 30. Department reports. The Department of Public
8 Health shall annually submit to the General Assembly a report
9 summarizing the quarterly reports by health service area and
10 shall publish that report on its website. The Department of
11 Public Health may issue quarterly informational bulletins at
12 its discretion, summarizing all or part of the information
13 submitted in these quarterly reports. The Department shall also
14 publish risk-adjusted mortality rates, which shall include,
15 but not be limited to, the risk-adjusted mortality rates for
16 cardiovascular complications and diabetes-related hypoglycemia
17 complications, for each hospital based upon information
18 hospitals have already submitted to the Department pursuant to
19 their obligations to report health care information under other
20 public health reporting laws and regulations outside of this
21 Act. The published mortality rates must comply with the
22 hospital data publication process contained in subsection (c)
23 of Section 25 of this Act.
