5 Illinois Universal Health Care Act.

6 Section 5. Purposes. It is the purpose of this Act to
7 provide universal access to health care for all individuals
8 within the State, to promote and improve the health of all its
9 citizens, to stress the importance of good public health
10 through treatment and prevention of diseases, and to contain
11 costs to make the delivery of this care affordable. Should
12 legislation of this kind be enacted on a federal level, it is
13 the intent of this Act to become a part of a nationwide system.

14 Section 10. Definitions. In this Act:

15 "Board" means the Illinois Health Services Governing
16 Board.

17 "Program" means the Illinois Health Services Program.

18 Section 15. Eligibility; registration. All individuals
19 residing in this State are covered under the Illinois Health
20 Services Program for health insurance and shall receive a card

1 security number shall not be used for purposes of registration
2 under this Section. Individuals and families shall receive an
3 Illinois Health Services Insurance Card in the mail after
4 filling out a Program application form at a health care
5 provider. Such application form shall be no more than 2 pages
6 long. Individuals who present themselves for covered services
7 from a participating provider shall be presumed to be eligible
8 for benefits under this Act, but shall complete an application
9 for benefits in order to receive an Illinois Health Services
10 Insurance Card and have payment made for such benefits.

11 Section 20. Benefits and portability.

12 (a) The health coverage benefits under this Act cover all
13 medically necessary services, including:

- 14 (1) primary care and prevention;
15 (2) specialty care (other than what is deemed elective
16 cosmetic);
17 (3) inpatient care;
18 (4) outpatient care;

4 (b) Health coverage benefits under this Act are available
5 through any licensed health care provider anywhere in the State
6 that is legally qualified to provide such benefits and for
7 emergency care anywhere in the United States.

8 (c) No deductibles, copayments, coinsurance, or other cost
9 sharing shall be imposed with respect to covered benefits
10 except for those goods or services that exceed basic covered
11 benefits, as defined by the Board.

12 Section 25. Qualification of participating providers.

13 (a) Health care delivery facilities must meet regional and
14 State quality and licensing guidelines as a condition of
15 participation under the Program, including guidelines
16 regarding safe staffing and quality of care.

17 (b) A participating health care provider must be licensed
18 by the State. No health care provider whose license is under
19 suspension or has been revoked may participate in the Program.

20 (c) Only non-profit health maintenance organizations that
21 actually deliver care in their own facilities and directly
22 employ clinicians may participate in the Program.

23 (d) Patients shall have free choice of participating
24 eligible providers, hospitals, and inpatient care facilities.

1 Section 30. Provider reimbursement.

2 (a) The Program shall pay all health care providers
3 according to the following standards:

4 (1) Physicians and other practitioners can choose to be
5 paid fee-for-service, salaried by institutions receiving
6 global budgets, or salaried by group practices or HMOs
7 receiving capitation payments. Investor-owned HMOs and
8 group practices shall be converted to not-for-profit
9 status. Only institutions that deliver care shall be
10 eligible for Program payments.

11 (2) The Program shall pay each hospital and providing
12 institution a monthly lump sum (global budget) to cover all
13 operating expenses. The hospital and Program shall
14 negotiate the amount of this payment annually based on past
15 budgets, clinical performance, projected changes in demand
16 for services and input costs, and proposed new programs.
17 Hospitals shall not bill patients for services covered by
18 the Program, and cannot use any of their operating budgets
19 for expansion, profit, excessive executive income,
20 marketing, or major capital purchases or leases.

21 (3) The Program budget shall fund major capital
22 expenditures, including the construction of new health
23 facilities and the purchase of expensive equipment. The
24 regional health planning districts shall allocate these
25 capital funds and oversee capital projects funded from
26 private donations.

1 (b) The Program shall reimburse physicians choosing to be
2 paid fee-for-service according to a fee schedule negotiated
3 between physician representatives and the Program on at least
4 an annual basis.

5 (c) Hospitals, nursing homes, community health centers,
6 non-profit staff model HMOs, and home health care agencies
7 shall receive a global budget to cover operating expenses,
8 negotiated annually with the Program based on past
9 expenditures, past budgets, clinical performance, projected
10 changes in demand for services and input costs, and proposed
11 new programs. Expansions and other substantive capital
12 investments shall be funded separately.

13 (d) All covered prescription drugs and durable medical
14 supplies shall be paid for according to a fee schedule
15 negotiated between manufacturers and the Program on at least an
16 annual basis. Price reductions shall be achieved by bulk
17 purchasing whenever possible. Where therapeutically equivalent
18 drugs are available, the formulary shall specify the use of the
19 lowest-cost medication, with exceptions available in the case
20 of medical necessity.

21 Section 35. Prohibition against duplicating coverage;
22 investor-ownership of health delivery facilities.

23 (a) It is unlawful for a private health insurer to sell
24 health insurance coverage that duplicates the benefits
25 provided under this Act. Nothing in this Act shall be construed

1 as prohibiting the sale of health insurance coverage for any
2 additional benefits not covered by this Act.

3 (b) Investor-ownership of health delivery facilities,
4 including hospitals, health maintenance organizations, nursing
5 homes, and clinics, is unlawful. Investor-owners of health
6 delivery facilities at the time of the effective date of this
7 Act shall be compensated for the loss of their facilities, but
8 not for loss of business opportunities or for administrative
9 capacity not used by the Program.

10 Section 40. Illinois Health Services Trust.

11 (a) The State shall establish the Illinois Health Services

7 to, all of the following:

8 (1) Funds appropriated as outlined by the General
9 Assembly on a yearly basis.

11 contributions: 20% paid by individuals, 20% paid by a

2 thereafter.

3 (f) The Program may be divided into regional districts for

5 that are specific to each region's needs.

7 electronically and in compliance with current State and federal
8 privacy laws within 5 years after the effective date of this
9 Act. Electronic claims and billing must be uniform across the
10 State. The Board shall create and implement a statewide uniform
11 system of electronic medical records that is in compliance with
12 current State and federal privacy laws within 7 years after the
13 effective date of this Act. Payments to providers must be made
14 in a timely fashion as outlined under current State and federal
15 law. Providers who accept payment from the Program for services
16 rendered may not bill any patient for covered services.
17 Providers may elect either to participate fully, or not at all,
18 in the Program.

19 Section 45. Long-term care payment. The Board shall
20 establish funding for long-term care services, including
21 in-home, nursing home, and community-based care. A local public
22 agency shall be established in each community to determine
23 eligibility and coordinate home and nursing home long-term
24 care. This agency may contract with long-term care providers
25 for the full range of needed long-term care services.

1 Section 50. Mental health services. The Program shall
2 provide coverage for all medically necessary mental health care
3 on the same basis as the coverage for other conditions. The
4 Program shall cover supportive residences, occupational
5 therapy, and ongoing mental health and counseling services
6 outside the hospital for patients with serious mental illness.
7 In all cases the highest quality and most effective care shall
8 be delivered, including institutional care.

9 Section 55. Payment for prescription medications, medical
10 supplies, and medically necessary assistive equipment.

11 (a) The Program shall establish a single prescription drug
12 formulary and list of approved durable medical goods and
13 supplies. The Board shall, by itself or by a committee of
14 health professionals and related individuals appointed by the
15 Board and called the Pharmaceutical and Durable Medical Goods
16 Committee, meet on a quarterly basis to discuss, reverse, add
17 to, or remove items from the formulary according to sound
18 medical practice.

19 (b) The Pharmaceutical and Durable Medical Goods Committee
20 shall negotiate the prices of pharmaceuticals and durable
21 medical goods with suppliers or manufacturers on an open bid
22 competitive basis. Prices shall be reviewed, negotiated, or
23 re-negotiated on no less than an annual basis. The
24 Pharmaceutical and Durable Medical Goods Committee shall

1 establish a process of open forum to the public for the
2 purposes of grievance and petition from suppliers, provider
3 groups, and the public regarding the formulary no less than 2
4 times a year.

5 (c) All pharmacy and durable medical goods vendors must be
6 licensed to distribute medical goods through the regulations
7 outlined by the Board.
