1 AN ACT to amend the Technology Advancement and

- 2 Development Act by changing Section 3004.5.
- 3 Be it enacted by the People of the State of Illinois,
- 4 represented in the General Assembly:
- 5 Section 5. The Technology Advancement and Development
- 6 Act is amended by changing Section 3004.5 as follows:
- 7 (20 ILCS 700/3004.5)
- 8 Sec. 3004.5. Illinois Technology Enterprise Centers
- 9 Requirements.
- 10 (a) The Department may, subject to available
- 11 appropriated funds, working with the Illinois Coalition,
- 12 establish one or more regional technology enterprise
- development centers whose mission is to assist entrepreneurs,
- 14 innovators, and start-up firms in high-growth, high
- 15 technology sectors in furthering the technical or managerial
- skills of owners; aid the ventures in locating financing; and
- 17 help new companies with product development and marketing in
- 18 support of new venture formation within the State. $\underline{\text{The}}$
- 19 <u>Department shall establish at least one technology enterprise</u>
- 20 <u>development center in a municipality with a population of</u>
- 21 40,000 or less located in a county with a population of
- 22 <u>200,000 or more that is adjacent to the Mississippi River.</u>
- 23 (b) The Department may provide grants or may provide
- 24 cost share or reimbursements pursuant to this Section to
- 25 support the operation of technology enterprise development
- 26 centers. Grants awarded pursuant to this Article may be used
- 27 to help subsidize expenses, as approved by the Department,
- 28 for revolving funds, personnel, support costs, capital
- 29 improvements, equipment, contractual services, commodities,
- 30 including telecommunication or other costs.
- 31 (c) Technology enterprise development centers may

in

1 provide crucial business information at affordable prices for 2 firms that are developing early-stage, technology-oriented manufacturing including (i) general or short-term assistance, 3 4 general outreach, feasibility studies for new venture 5 formation, and research assistance for new venture creation; 6 (ii) innovation evaluation and market research to evaluate 7 the viability of technology, product, or service or the 8 market potential of technology, product, or service; (iii) 9 technical assistance related to management and operations and strategic partnering and assistance in the implementation of 10

strategic manufacturing and marketing alliances; and (iv)

locating new technologies or technological

- Technology enterprise development 14 (d) centers 15 provide financial services that include (i) 16 packaging to enhance proposals and make companies more competitive for federal or private funding; (ii) access to 17 private investor capital through venture capital events and 18 19 regional venture capital networking programs; and (iii) management of local for-profit or limited profit seed capital 20
 - (e) Technology enterprise development centers may address local shortfalls of capital to commercialize new technology by providing pre-seed financing to start-up, technology-based businesses. Financing options could include micro-loans, small grants, and equity investment capital for seed funding, product commercialization and prototype development, and commercial introduction and marketing.
- 29 (f) The Department may provide grant funds made 30 available to support professional development and capacity 31 building of the technology enterprise development centers 32 within the State as may be required for the administration, 33 operations, research, analysis, or training of the centers.
- 34 (g) In determining which applicants shall be awarded a

1 grant, the Department shall conduct an evaluation of prior 2 compliance with loan or grant awards; the relationship of a proposed project to the State's future economic growth; the 3 4 qualifications and expertise of organizations undertaking the 5 effort; the applicant's understanding of the requirements and б needs of entrepreneurs, innovators, and start-up firms in 7 high-growth, high technology sectors; the potential of the applicant's project to provide an economic benefit of the 8 9 State; and the likelihood that the project has a potential for creating new ventures in the State. When awarding grants 10 11 under this Section, the Department shall give special consideration to applicants located in counties with a 12 population of 200,000 or more that are adjacent to the 13 <u>Mississippi River.</u> 14

- 15 (h) The Director of the Department shall determine the 16 level of the grant award and shall determine the share of 17 total directly attributable costs of the project that may be 18 considered for funding under this Article.
