

AN ACT concerning safety.

**Be it enacted by the People of the State of Illinois,
represented in the General Assembly:**

Section 5. The State Police Act is amended by changing Section 45 as follows:

(20 ILCS 2610/45)

(This Section may contain text from a Public Act with a delayed effective date)

Sec. 45. Compliance with the Health Care Violence Prevention Act; training. The Department shall comply with the Health Care Violence Prevention Act and shall provide an appropriate level of training for its officers concerning the Health Care Violence Prevention Act.

(Source: P.A. 100-1051, eff. 1-1-19.)

Section 10. The Health Care Violence Prevention Act is amended by changing Section 30 as follows:

(210 ILCS 160/30)

(This Section may contain text from a Public Act with a delayed effective date)

Sec. 30. Medical care for committed persons.

(a) If a committed person receives medical care and

treatment at a place other than an institution or facility of the Department of Corrections, a county, or a municipality, then the institution or facility shall:

(1) to the greatest extent practicable, notify the hospital or medical facility that is treating the committed person prior to the committed person's visit and notify the hospital or medical facility of any significant medical, mental health, recent violent actions, or other safety concerns regarding the patient;

(2) to the greatest extent practicable, ensure the transferred committed person is accompanied by the most comprehensive medical records possible;

(3) provide at least one guard trained in custodial escort and custody of high-risk committed persons to accompany any committed person. The custodial agency shall attest to such training for custodial escort and custody of high-risk committed persons through: (A) the training of the Department of Corrections, ~~or~~ Department of Juvenile Justice, or Department of State Police; (B) law enforcement training that is substantially equivalent to the training of the Department of Corrections, ~~or~~ Department of Juvenile Justice, or Department of State Police; or (C) the training described in Section 35. Under no circumstances may leg irons or shackles or waist shackles be used on any pregnant female prisoner who is in labor. In addition, restraint of a pregnant female prisoner in the custody of the Cook

County shall comply with Section 3-15003.6 of the Counties Code. Additionally, restraints shall not be used on a committed person if medical personnel determine that the restraints would impede medical treatment; and

(4) ensure that only medical personnel, Department of Corrections, county, or municipality personnel, and visitors on the committed person's approved institutional visitors list may visit the committed person. Visitation by a person on the committed person's approved institutional visitors list shall be subject to the rules and procedures of the hospital or medical facility and the Department of Corrections, county, or municipality. In any situation in which a committed person is being visited:

(A) the name of the visitor must be listed per the facility's or institution's documentation;

(B) the visitor shall submit to the search of his or her person or any personal property under his or her control at any time; and

(C) the custodial agency may deny the committed person access to a telephone or limit the number of visitors the committed person may receive for purposes of safety.

If a committed person receives medical care and treatment at a place other than an institution or facility of the Department of Corrections, county, or municipality, then the custodial agency shall ensure that the committed person is

wearing security restraints in accordance with the custodial agency's rules and procedures if the custodial agency determines that restraints are necessary for the following reasons: (i) to prevent physical harm to the committed person or another person; (ii) because the committed person has a history of disruptive behavior that has placed others in potentially harmful situations or presents a substantial risk of inflicting physical harm on himself or herself or others as evidenced by recent behavior; or (iii) there is a well-founded belief that the committed person presents a substantial risk of flight. Under no circumstances may leg irons or shackles or waist shackles be used on any pregnant female prisoner who is in labor. In addition, restraint of a pregnant female prisoner in the custody of the Cook County shall comply with Section 3-15003.6 of the Counties Code.

The hospital or medical facility may establish protocols for the receipt of committed persons in collaboration with the Department of Corrections, county, or municipality, specifically with regard to potentially violent persons.

(b) If a committed person receives medical care and treatment at a place other than an institution or facility of the Department of Juvenile Justice, then the institution or facility shall:

(1) to the greatest extent practicable, notify the hospital or medical facility that is treating the committed person prior to the committed person's visit, and notify

the hospital or medical facility of any significant medical, mental health, recent violent actions, or other safety concerns regarding the patient;

(2) to the greatest extent practicable, ensure the transferred committed person is accompanied by the most comprehensive medical records possible;

(3) provide: (A) at least one guard trained in custodial escort and custody of high-risk committed persons to accompany any committed person. The custodial agency shall attest to such training for custodial escort and custody of high-risk committed persons through: (i) the training of the Department of Corrections, ~~or~~ Department of Juvenile Justice, or Department of State Police, (ii) law enforcement training that is substantially equivalent to the training of the Department of Corrections, ~~or~~ Department of Juvenile Justice, or Department of State Police, or (iii) the training described in Section 35; or (B) 2 guards to accompany the committed person at all times during the visit to the hospital or medical facility; and

(4) ensure that only medical personnel, Department of Juvenile Justice personnel, and visitors on the committed person's approved institutional visitors list may visit the committed person. Visitation by a person on the committed person's approved institutional visitors list shall be subject to the rules and procedures of the hospital or medical facility and the Department of Juvenile

Justice. In any situation in which a committed person is being visited:

(A) the name of the visitor must be listed per the facility's or institution's documentation;

(B) the visitor shall submit to the search of his or her person or any personal property under his or her control at any time; and

(C) the custodial agency may deny the committed person access to a telephone or limit the number of visitors the committed person may receive for purposes of safety.

If a committed person receives medical care and treatment at a place other than an institution or facility of the Department of Juvenile Justice, then the Department of Juvenile Justice shall ensure that the committed person is wearing security restraints on either his or her wrists or ankles in accordance with the rules and procedures of the Department of Juvenile Justice if the Department of Juvenile Justice determines that restraints are necessary for the following reasons: (i) to prevent physical harm to the committed person or another person; (ii) because the committed person has a history of disruptive behavior that has placed others in potentially harmful situations or presents a substantial risk of inflicting physical harm on himself or herself or others as evidenced by recent behavior; or (iii) there is a well-founded belief that the committed person presents a substantial risk of

flight. Any restraints used on a committed person under this paragraph shall be the least restrictive restraints necessary to prevent flight or physical harm to the committed person or another person. Restraints shall not be used on the committed person as provided in this paragraph if medical personnel determine that the restraints would impede medical treatment. Under no circumstances may leg irons or shackles or waist shackles be used on any pregnant female prisoner who is in labor. In addition, restraint of a pregnant female prisoner in the custody of the Cook County shall comply with Section 3-15003.6 of the Counties Code.

The hospital or medical facility may establish protocols for the receipt of committed persons in collaboration with the Department of Juvenile Justice, specifically with regard to persons recently exhibiting violence.

Section 95. No acceleration or delay. Where this Act makes changes in a statute that is represented in this Act by text that is not yet or no longer in effect (for example, a Section represented by multiple versions), the use of that text does not accelerate or delay the taking effect of (i) the changes made by this Act or (ii) provisions derived from any other Public Act.

Section 99. Effective date. This Act takes effect upon becoming law.
