

AN ACT concerning taxes.

Be it enacted by the People of the State of Illinois,
represented in the General Assembly:

ARTICLE 10

Section 10-1. Short title. This Article may be cited as
the Aircraft Use Tax Law.

Section 10-10. Definition. For the purposes of this Law,
"Department" means the Department of Revenue of the State of
Illinois.

Section 10-15. Tax imposed. A tax is hereby imposed on
the privilege of using, in this State, any aircraft as
defined in Section 3 of the Illinois Aeronautics Act acquired
by gift, transfer, or purchase after June 30, 2003. This tax
does not apply (i) if the use of the aircraft is otherwise
taxed under the Use Tax Act; (ii) if the aircraft is bought
and used by a governmental agency or a society, association,
foundation, or institution organized and operated exclusively
for charitable, religious, or educational purposes; (iii) if
the use of the aircraft is not subject to the Use Tax Act by
reason of subsection (a), (b), (c), (d), or (e) of Section
3-55 of that Act dealing with the prevention of actual or
likely multistate taxation; or (iv) if the transfer is a gift
to a beneficiary in the administration of an estate and the
beneficiary is a surviving spouse. The rate of tax shall be
6.25% of the selling price for each purchase of aircraft that
qualifies under this Law. For purposes of calculating the tax
due under this Law when an aircraft is acquired by gift or
transfer, the tax shall be imposed on the fair market value
of the aircraft on the date the aircraft is acquired or the

date the aircraft is brought into the State, whichever is later. Tax shall be imposed on the selling price of an aircraft acquired through purchase. However, the selling price shall not be less than the fair market value of the aircraft on the date the aircraft is purchased or the date the aircraft is brought into the State, whichever is later.

Section 10-20. Returns. The purchaser, transferee, or donee shall file a return signed by the purchaser, transferee, or donee with the Department of Revenue on a form prescribed by the Department. The return shall contain substantially the following paragraph and such other information as the Department may reasonably require:

VERIFICATION

I declare that I have examined this return and, to the best of my knowledge, it is true, correct, and complete. I understand that the penalty for willfully filing a false return shall be a fine not to exceed \$1,000 or imprisonment in a penal institution other than the penitentiary not to exceed one year, or both a fine and imprisonment.

.....
Date	Signature of purchaser, transferee, or donee

The return and payment from the purchaser, transferee, or donee shall be submitted to the Department within 30 days after the date of purchase, donation, or other transfer or the date the aircraft is brought into the State, whichever is later. Payment of tax shall be a condition to securing registration of the aircraft from the Division of Aeronautics of the Department of Transportation.

When a purchaser, transferee, or donee pays the tax imposed by Section 10-15 of this Law, the Department (upon request therefor from the purchaser, transferee, or donee) shall issue an appropriate receipt to the purchaser,

transferee, or donee showing that he or she has paid such tax to the Department. The receipt shall be sufficient to relieve the purchaser, transferee, or donee from further liability for the tax to which the receipt may refer.

Section 10-25. Filing false or incomplete return. Any person required to file a return under this Law who willfully files a false or incomplete return is guilty of a Class A misdemeanor.

Section 10-30. Determining selling price. For the purpose of assisting in determining the validity of the "selling price" reported on returns filed with the Department, the Department may furnish the following information to persons with whom the Department has contracted for service related to making that determination: the selling price stated on the return; the aircraft identification number; the year, the make, and the model name or number of the aircraft; the purchase date; and the hours of operation.

Section 10-35. Powers of Department. The Department shall have full power to administer and enforce this Law; to collect all taxes, penalties, and interest due hereunder; to dispose of taxes, penalties, and interest so collected in the manner hereinafter provided, and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty, or interest hereunder. In the administration of, and compliance with, this Law, the Department and persons who are subject to this Law shall have the same rights, remedies, privileges, immunities, powers, and duties, and be subject to the same conditions, restrictions, limitations, penalties, and definitions of terms, and employ the same modes of procedure, as are prescribed in the Use Tax Act, as now or hereafter amended

(except for the provisions of Section 3-70), which are not inconsistent with this Law, as fully as if the provisions of the Use Tax Act were set forth in this Law. In addition to any other penalties imposed under law, any person convicted of violating the provisions of this Law, shall be assessed a fine of \$1,000.

Section 10-40. Payments to Local Government Distributive Fund and General Revenue Fund. The Department of Revenue shall each month, upon collecting any taxes as provided in this Law, pay the money collected from the 1.25% portion of the 6.25% rate into the Local Government Distributive Fund, a special fund in the State treasury. The remainder shall be paid into the General Revenue Fund.

Section 10-45. Rules. The Department shall have the authority to adopt such rules as are reasonable and necessary to implement the provisions of this Law.

Section 10-905. The Retailers' Occupation Tax Act is amended by changing Section 1c as follows:

(35 ILCS 120/1c) (from Ch. 120, par. 440c)

Sec. 1c. A person who is engaged in the business of leasing or renting motor vehicles or, beginning July 1, 2003, aircraft to others and who, in connection with such business sells any used motor vehicle or aircraft to a purchaser for his use and not for the purpose of resale, is a retailer engaged in the business of selling tangible personal property at retail under this Act to the extent of the value of the vehicle or aircraft sold. For the purpose of this Section "motor vehicle" has the meaning prescribed in Section 1-157 of the Illinois Vehicle Code, as now or hereafter amended. For the purpose of this Section "aircraft" has the meaning

prescribed in Section 3 of the Illinois Aeronautics Act.

(Nothing provided herein shall affect liability incurred under this Act because of the sale at retail of such motor vehicles or aircraft to a lessor.)

Section 10-910. The Illinois Aeronautics Act is amended by changing Section 42 as follows:

(620 ILCS 5/42) (from Ch. 15 1/2, par. 22.42)

Sec. 42. Regulation of aircraft, airmen, and airports.

(a) The general public interest and safety, the safety of persons operating, using, or traveling in, aircraft, and of persons and property on the ground, and the interest of aeronautical progress require that aircraft operated within this State should be airworthy, that airmen should be properly qualified, and that air navigation facilities should be suitable for the purposes for which they are designed. The purposes of this Act require that the Department should be enabled to exercise the powers of regulation and supervision herein granted. The advantage of uniform regulation makes it desirable that aircraft operated within this State should conform with respect to design, construction, and airworthiness to the standards prescribed by the United States Government with respect to civil aircraft subject to its jurisdiction and that persons engaging in aeronautics within this State should have the qualifications necessary for obtaining and holding appropriate airman certificates of the United States. It is desirable and right that all applicable fees and taxes shall be paid with respect to aircraft operated within this State.

(b) In light of the findings in subsection (a), the Department is authorized:

(1) To require the registration, every 2 years, of

federal licenses, certificates or permits of civil aircraft engaged in air navigation within this State, and of airmen engaged in aeronautics within this State, and to issue certificates of such registration. These certificates of registration constitute the authorization of such aircraft and airmen for operations within this State to the extent permitted by the federal licenses, certificates or permits so registered. It shall charge a fee, payable every 2 years, for the registration of each federal license, certificate or permit of \$10 for each airman's certificate and \$20 for each aircraft certificate. It may accept as evidence of the holding of a federal license, certificate or permit the verified application of the airman or the owner of the aircraft, which application shall contain such information as the Department may by rule, ruling, regulation, order or decision prescribe. The Department's authority to register aircraft or to issue certificates of registration is limited as follows:

(i) Except as to any aircraft vehicle purchased before March 8, 1963, the Department, in the case of the first registration of any aircraft vehicle for any given owner on or after March 8, 1963, may not issue a certificate of registration with respect to any aircraft vehicle until after the Department has been satisfied that no tax under the Use Tax Act, the Aircraft Use Tax Law, the Municipal Use Tax Act, or the Home Rule County Use Tax Law is owing by reason of the use of the vehicle in Illinois or that any tax so imposed has been paid. A receipt issued under those Acts by the Department of Revenue constitutes proof of payment of the tax. For the purpose of this paragraph, "aircraft vehicle" means a single aircraft.

(ii) If the proof of payment of the tax or of nonliability therefor is, after the issuance of the certificate of registration, found to be invalid, the Department shall revoke the certificate and require that the certificate be returned to the Department.

(2) To classify and approve airports and restricted landing areas and any alterations or extensions thereof. Certificates of approval issued pursuant to this paragraph, or pursuant to any prior law, shall be issued in the name of the applicant and shall be transferable upon a change of ownership or control of the airport or restricted landing area only after approval of the Department. No charge or fee shall be made or imposed for any kind of certificate of approval or a transfer thereof.

(3) To revoke, temporarily or permanently, any certificate of registration of an aircraft or airman issued by it, or to refuse to issue any such certificate of registration, when it shall reasonably determine that any aircraft is not airworthy, or that any airman:

(i) is not qualified;

(ii) has willfully violated the laws of this State pertaining to aeronautics or any rules, rulings, regulations, orders, or decisions issued pursuant thereto, or any Federal law or any rule or regulation issued pursuant thereto;

(iii) is addicted to the use of narcotics or other habit forming drug, or to the excessive use of intoxicating liquor;

(iv) has made any false statement in any application for registration of a federal license, certificate or permit; or

(v) has been guilty of other conduct, acts, or

practices dangerous to the public safety or the safety of those engaged in aeronautics.

(c) The Department may refuse to issue or may suspend the certificate of any person who fails to file a return, or to pay the tax, penalty or interest shown in a filed return, or to pay any final assessment of tax, penalty or interest, as required by any tax Act administered by the Illinois Department of Revenue, until such time as the requirements of any such tax Act are satisfied.

Until July 1, 2003, the purchase, employment and transfer of such tangible personal property as pollution control facilities is not a purchase, use or sale of tangible personal property.

The Manufacturer's Purchase Credit certification must be dated and shall include the name and address of the purchaser, the purchaser's registration number, if registered, the credit being applied, and a statement that the State Use Tax or Service Use Tax liability is being satisfied with the manufacturer's or graphic arts producer's accumulated purchase credit. Certification may be incorporated into the manufacturer's or graphic arts producer's purchase order. Manufacturer's Purchase Credit certification provided by the manufacturer or graphic arts producer prior to October 1, 2003 may be used to satisfy the retailer's or serviceman's liability under the Retailers' Occupation Tax Act or Service Occupation Tax Act for the credit claimed, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase, but only if the retailer or serviceman reports the Manufacturer's Purchase Credit claimed as required by the Department. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 shall be disallowed. The Manufacturer's Purchase Credit earned by purchase of exempt manufacturing machinery and equipment or graphic arts machinery and equipment is a non-transferable credit. A manufacturer or graphic arts producer that enters into a contract involving the installation of tangible personal property into real estate within a manufacturing or graphic arts production facility may, prior to October 1, 2003, authorize a construction contractor to utilize credit accumulated by the manufacturer or graphic arts producer to purchase the tangible personal property. A manufacturer or graphic arts producer intending to use accumulated credit to purchase such tangible personal

property shall execute a written contract authorizing the contractor to utilize a specified dollar amount of credit. The contractor shall furnish, prior to October 1, 2003, the supplier with the manufacturer's or graphic arts producer's name, registration or resale number, and a statement that a specific amount of the Use Tax or Service Use Tax liability, not to exceed 6.25% of the selling price, is being satisfied with the credit. The manufacturer or graphic arts producer shall remain liable to timely report all information required by the annual Report of Manufacturer's Purchase Credit Used for all credit utilized by a construction contractor.

The Manufacturer's Purchase Credit may be used to satisfy liability under the Use Tax Act or the Service Use Tax Act due on the purchase of production related tangible personal property (including purchases by a manufacturer, by a graphic arts producer, or by a lessor who rents or leases the use of the property to a manufacturer or graphic arts producer) that does not otherwise qualify for the manufacturing machinery and equipment exemption or the graphic arts machinery and equipment exemption. "Production related tangible personal property" means (i) all tangible personal property used or consumed by the purchaser in a manufacturing facility in which a manufacturing process described in Section 2-45 of the Retailers' Occupation Tax Act takes place, including tangible personal property purchased for incorporation into real estate within a manufacturing facility and including, but not limited to, tangible personal property used or consumed in activities such as preproduction material handling, receiving, quality control, inventory control, storage, staging, and packaging for shipping and transportation purposes; (ii) all tangible personal property used or consumed by the purchaser in a graphic arts facility in which graphic arts production as described in Section 2-30 of the Retailers' Occupation Tax Act takes place, including

tangible personal property purchased for incorporation into real estate within a graphic arts facility and including, but not limited to, all tangible personal property used or consumed in activities such as graphic arts preliminary or pre-press production, pre-production material handling, receiving, quality control, inventory control, storage, staging, sorting, labeling, mailing, tying, wrapping, and packaging; and (iii) all tangible personal property used or consumed by the purchaser for research and development. "Production related tangible personal property" does not include (i) tangible personal property used, within or without a manufacturing facility, in sales, purchasing, accounting, fiscal management, marketing, personnel recruitment or selection, or landscaping or (ii) tangible personal property required to be titled or registered with a department, agency, or unit of federal, state, or local government. The Manufacturer's Purchase Credit may be used, prior to October 1, 2003, to satisfy the tax arising either from the purchase of machinery and equipment on or after January 1, 1995 for which the exemption provided by paragraph (18) of Section 3-5 of this Act was erroneously claimed, or the purchase of machinery and equipment on or after July 1, 1996 for which the exemption provided by paragraph (6) of Section 3-5 of this Act was erroneously claimed, but not in satisfaction of penalty, if any, and interest for failure to pay the tax when due. A purchaser of production related tangible personal property who is required to pay Illinois Use Tax or Service Use Tax on the purchase directly to the Department may, prior to October 1, 2003, utilize the Manufacturer's Purchase Credit in satisfaction of the tax arising from that purchase, but not in satisfaction of penalty and interest. A purchaser who uses the Manufacturer's Purchase Credit to purchase property which is later determined not to be production related tangible personal

property may be liable for tax, penalty, and interest on the purchase of that property as of the date of purchase but shall be entitled to use the disallowed Manufacturer's Purchase Credit, so long as it has not expired and is used prior to October 1, 2003, on qualifying purchases of production related tangible personal property not previously subject to credit usage. The Manufacturer's Purchase Credit earned by a manufacturer or graphic arts producer expires the last day of the second calendar year following the calendar year in which the credit arose. No Manufacturer's Purchase Credit may be used after September 30, 2003 regardless of when that credit was earned.

A purchaser earning Manufacturer's Purchase Credit shall sign and file an annual Report of Manufacturer's Purchase Credit Earned for each calendar year no later than the last day of the sixth month following the calendar year in which a Manufacturer's Purchase Credit is earned. A Report of Manufacturer's Purchase Credit Earned shall be filed on forms as prescribed or approved by the Department and shall state, for each month of the calendar year: (i) the total purchase price of all purchases of exempt manufacturing or graphic arts machinery on which the credit was earned; (ii) the total State Use Tax or Service Use Tax which would have been due on those items; (iii) the percentage used to calculate the amount of credit earned; (iv) the amount of credit earned; and (v) such other information as the Department may reasonably require. A purchaser earning Manufacturer's Purchase Credit shall maintain records which identify, as to each purchase of manufacturing or graphic arts machinery and equipment on which the purchaser earned Manufacturer's Purchase Credit, the vendor (including, if applicable, either the vendor's registration number or Federal Employer Identification Number), the purchase price, and the amount of Manufacturer's Purchase Credit earned on each purchase.

A purchaser using Manufacturer's Purchase Credit shall sign and file an annual Report of Manufacturer's Purchase Credit Used for each calendar year no later than the last day of the sixth month following the calendar year in which a Manufacturer's Purchase Credit is used. A Report of Manufacturer's Purchase Credit Used shall be filed on forms as prescribed or approved by the Department and shall state, for each month of the calendar year: (i) the total purchase price of production related tangible personal property purchased from Illinois suppliers; (ii) the total purchase price of production related tangible personal property purchased from out-of-state suppliers; (iii) the total amount of credit used during such month; and (iv) such other information as the Department may reasonably require. A purchaser using Manufacturer's Purchase Credit shall maintain records that identify, as to each purchase of production related tangible personal property on which the purchaser used Manufacturer's Purchase Credit, the vendor (including, if applicable, either the vendor's registration number or Federal Employer Identification Number), the purchase price, and the amount of Manufacturer's Purchase Credit used on each purchase.

No annual report shall be filed before May 1, 1996 or after June 30, 2004. A purchaser that fails to file an annual Report of Manufacturer's Purchase Credit Earned or an annual Report of Manufacturer's Purchase Credit Used by the last day of the sixth month following the end of the calendar year shall forfeit all Manufacturer's Purchase Credit for that calendar year unless it establishes that its failure to file was due to reasonable cause. Manufacturer's Purchase Credit reports may be amended to report and claim credit on qualifying purchases not previously reported at any time before the credit would have expired, unless both the Department and the purchaser have agreed to an extension of

the statute of limitations for the issuance of a notice of tax liability as provided in Section 4 of the Retailers' Occupation Tax Act. If the time for assessment or refund has been extended, then amended reports for a calendar year may be filed at any time prior to the date to which the statute of limitations for the calendar year or portion thereof has been extended. No Manufacturer's Purchase Credit report filed with the Department for periods prior to January 1, 1995 shall be approved. Manufacturer's Purchase Credit claimed on an amended report may be used, until October 1, 2003, to satisfy tax liability under the Use Tax Act or the Service Use Tax Act (i) on qualifying purchases of production related tangible personal property made after the date the amended report is filed or (ii) assessed by the Department on qualifying purchases of production related tangible personal property made in the case of manufacturers on or after January 1, 1995, or in the case of graphic arts producers on or after July 1, 1996.

If the purchaser is not the manufacturer or a graphic arts producer, but rents or leases the use of the property to a manufacturer or graphic arts producer, the purchaser may earn, report, and use Manufacturer's Purchase Credit in the same manner as a manufacturer or graphic arts producer.

A purchaser shall not be entitled to any Manufacturer's Purchase Credit for a purchase that is required to be reported and is not timely reported as provided in this Section. A purchaser remains liable for (i) any tax that was satisfied by use of a Manufacturer's Purchase Credit, as of the date of purchase, if that use is not timely reported as required in this Section and (ii) for any applicable penalties and interest for failing to pay the tax when due. No Manufacturer's Purchase Credit may be used after September 30, 2003 to satisfy any tax liability imposed under this Act, including any audit liability.

Section 50-23. The Service Use Tax Act is amended by changing Sections 2, 2a, 3-5, 3-7, and 3-70 as follows:

(35 ILCS 110/2) (from Ch. 120, par. 439.32)

Sec. 2. "Use" means the exercise by any person of any right or power over tangible personal property incident to the ownership of that property, but does not include the sale or use for demonstration by him of that property in any form as tangible personal property in the regular course of business. "Use" does not mean the interim use of tangible personal property nor the physical incorporation of tangible personal property, as an ingredient or constituent, into other tangible personal property, (a) which is sold in the regular course of business or (b) which the person incorporating such ingredient or constituent therein has undertaken at the time of such purchase to cause to be transported in interstate commerce to destinations outside the State of Illinois.

"Purchased from a serviceman" means the acquisition of the ownership of, or title to, tangible personal property through a sale of service.

"Purchaser" means any person who, through a sale of service, acquires the ownership of, or title to, any tangible personal property.

"Cost price" means the consideration paid by the serviceman for a purchase valued in money, whether paid in money or otherwise, including cash, credits and services, and shall be determined without any deduction on account of the supplier's cost of the property sold or on account of any other expense incurred by the supplier. When a serviceman contracts out part or all of the services required in his

sale of service, it shall be presumed that the cost price to the serviceman of the property transferred to him or her by his or her subcontractor is equal to 50% of the subcontractor's charges to the serviceman in the absence of proof of the consideration paid by the subcontractor for the purchase of such property.

"Selling price" means the consideration for a sale valued in money whether received in money or otherwise, including cash, credits and service, and shall be determined without any deduction on account of the serviceman's cost of the property sold, the cost of materials used, labor or service cost or any other expense whatsoever, but does not include interest or finance charges which appear as separate items on the bill of sale or sales contract nor charges that are added to prices by sellers on account of the seller's duty to collect, from the purchaser, the tax that is imposed by this Act.

"Department" means the Department of Revenue.

"Person" means any natural individual, firm, partnership, association, joint stock company, joint venture, public or private corporation, limited liability company, and any receiver, executor, trustee, guardian or other representative appointed by order of any court.

"Sale of service" means any transaction except:

(1) a retail sale of tangible personal property taxable under the Retailers' Occupation Tax Act or under the Use Tax Act.

(2) a sale of tangible personal property for the purpose of resale made in compliance with Section 2c of the Retailers' Occupation Tax Act.

(3) except as hereinafter provided, a sale or transfer of tangible personal property as an incident to the rendering of service for or by any governmental body, or for or by any corporation, society, association,

foundation or institution organized and operated exclusively for charitable, religious or educational purposes or any not-for-profit corporation, society, association, foundation, institution or organization which has no compensated officers or employees and which is organized and operated primarily for the recreation of persons 55 years of age or older. A limited liability company may qualify for the exemption under this paragraph only if the limited liability company is organized and operated exclusively for educational purposes.

(4) a sale or transfer of tangible personal property as an incident to the rendering of service for interstate carriers for hire for use as rolling stock moving in interstate commerce or by lessors under a lease of one year or longer, executed or in effect at the time of purchase of personal property, to interstate carriers for hire for use as rolling stock moving in interstate commerce so long as so used by such interstate carriers for hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(4a) a sale or transfer of tangible personal property as an incident to the rendering of service for owners, lessors, or shippers of tangible personal property which is utilized by interstate carriers for hire for use as rolling stock moving in interstate commerce so long as so used by interstate carriers for hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(5) a sale or transfer of machinery and equipment

used primarily in the process of the manufacturing or assembling, either in an existing, an expanded or a new manufacturing facility, of tangible personal property for wholesale or retail sale or lease, whether such sale or lease is made directly by the manufacturer or by some other person, whether the materials used in the process are owned by the manufacturer or some other person, or whether such sale or lease is made apart from or as an incident to the seller's engaging in a service occupation and the applicable tax is a Service Use Tax or Service Occupation Tax, rather than Use Tax or Retailers' Occupation Tax.

(5a) the repairing, reconditioning or remodeling, for a common carrier by rail, of tangible personal property which belongs to such carrier for hire, and as to which such carrier receives the physical possession of the repaired, reconditioned or remodeled item of tangible personal property in Illinois, and which such carrier transports, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the person who repaired, reconditioned or remodeled the property to a destination outside Illinois, for use outside Illinois.

(5b) a sale or transfer of tangible personal property which is produced by the seller thereof on special order in such a way as to have made the applicable tax the Service Occupation Tax or the Service Use Tax, rather than the Retailers' Occupation Tax or the Use Tax, for an interstate carrier by rail which receives the physical possession of such property in Illinois, and which transports such property, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the seller of the property as the shipper or

consignor of such property to a destination outside Illinois, for use outside Illinois.

(6) until July 1, 2003, a sale or transfer of distillation machinery and equipment, sold as a unit or kit and assembled or installed by the retailer, which machinery and equipment is certified by the user to be used only for the production of ethyl alcohol that will be used for consumption as motor fuel or as a component of motor fuel for the personal use of such user and not subject to sale or resale.

(7) at the election of any serviceman not required to be otherwise registered as a retailer under Section 2a of the Retailers' Occupation Tax Act, made for each fiscal year sales of service in which the aggregate annual cost price of tangible personal property transferred as an incident to the sales of service is less than 35%, or 75% in the case of servicemen transferring prescription drugs or servicemen engaged in graphic arts production, of the aggregate annual total gross receipts from all sales of service. The purchase of such tangible personal property by the serviceman shall be subject to tax under the Retailers' Occupation Tax Act and the Use Tax Act. However, if a primary serviceman who has made the election described in this paragraph subcontracts service work to a secondary serviceman who has also made the election described in this paragraph, the primary serviceman does not incur a Use Tax liability if the secondary serviceman (i) has paid or will pay Use Tax on his or her cost price of any tangible personal property transferred to the primary serviceman and (ii) certifies that fact in writing to the primary serviceman. Tangible personal property transferred incident to the completion of a maintenance agreement is exempt from the tax imposed pursuant to this Act.

Exemption (5) also includes machinery and equipment used in the general maintenance or repair of such exempt machinery and equipment or for in-house manufacture of exempt machinery and equipment. For the purposes of exemption (5), each of these terms shall have the following meanings: (1) "manufacturing process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by procedures commonly regarded as manufacturing, processing, fabricating, or refining which changes some existing material or materials into a material with a different form, use or name. In relation to a recognized integrated business composed of a series of operations which collectively constitute manufacturing, or individually constitute manufacturing operations, the manufacturing process shall be deemed to commence with the first operation or stage of production in the series, and shall not be deemed to end until the completion of the final product in the last operation or stage of production in the series; and further, for purposes of exemption (5), photoprocessing is deemed to be a manufacturing process of tangible personal property for wholesale or retail sale; (2) "assembling process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by the combination of existing materials in a manner commonly regarded as assembling which results in a material of a different form, use or name; (3) "machinery" shall mean major mechanical machines or major components of such machines contributing to a manufacturing or assembling process; and (4) "equipment" shall include any independent device or tool separate from any machinery but essential to

an integrated manufacturing or assembly process; including computers used primarily in a manufacturer's computer assisted design, computer assisted manufacturing (CAD/CAM) system; or any subunit or assembly comprising a component of any machinery or auxiliary, adjunct or attachment parts of machinery, such as tools, dies, jigs, fixtures, patterns and molds; or any parts which require periodic replacement in the course of normal operation; but shall not include hand tools. Equipment includes chemicals or chemicals acting as catalysts but only if the chemicals or chemicals acting as catalysts effect a direct and immediate change upon a product being manufactured or assembled for wholesale or retail sale or lease. The purchaser of such machinery and equipment who has an active resale registration number shall furnish such number to the seller at the time of purchase. The user of such machinery and equipment and tools without an active resale registration number shall prepare a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, which certificate shall be available to the Department for inspection or audit. The Department shall prescribe the form of the certificate.

Any informal rulings, opinions or letters issued by the Department in response to an inquiry or request for any opinion from any person regarding the coverage and applicability of exemption (5) to specific devices shall be published, maintained as a public record, and made available for public inspection and copying. If the informal ruling, opinion or letter contains trade secrets or other confidential information, where possible the Department shall delete such information prior to publication. Whenever such informal rulings, opinions, or letters contain any policy of general applicability, the Department shall formulate and adopt such policy as a rule in accordance with the provisions of the Illinois Administrative Procedure Act.

On and after July 1, 1987, no entity otherwise eligible under exemption (3) of this Section shall make tax free purchases unless it has an active exemption identification number issued by the Department.

3. pursuant to a contract with a broadcaster or

publisher located in this State, soliciting orders for tangible personal property by means of advertising which is disseminated primarily to consumers located in this State and only secondarily to bordering jurisdictions;

4. soliciting orders for tangible personal property by mail if the solicitations are substantial and recurring and if the retailer benefits from any banking, financing, debt collection, telecommunication, or marketing activities occurring in this State or benefits from the location in this State of authorized installation, servicing, or repair facilities;

If the equipment is leased in a manner that does not qualify for this exemption or is used in any other non-exempt manner, the lessor shall be liable for the tax imposed under this Act or the Use Tax Act, as the case may be, based on the fair market value of the property at the time the non-qualifying use occurs. No lessor shall collect or attempt to collect an amount (however designated) that purports to reimburse that lessor for the tax imposed by this Act or the Use Tax Act, as the case may be, if the tax has not been paid by the lessor. This paragraph is exempt from the provisions of Section 3-75.

(20) A motor vehicle, as that term is defined in Section 1-146 of the Illinois Vehicle Code, that is donated to a corporation, limited liability company, society, association, foundation, or institution that is determined by the Department to be organized and operated exclusively for educational purposes. For purposes of this exemption, "a corporation, limited liability company, society, association, foundation, or institution organized and operated exclusively for educational purposes" means all tax-supported public schools, private schools that offer systematic instruction in useful branches of learning by methods common to public schools and that compare favorably in their scope and intensity with the course of study presented in tax-supported schools, and vocational or technical schools or institutes organized and operated exclusively to provide a course of study of not less than 6 weeks duration and designed to prepare individuals to follow a trade or to pursue a manual, technical, mechanical, industrial, business, or commercial occupation.

(21) Beginning January 1, 2000, personal property, including food, purchased through fundraising events for the benefit of a public or private elementary or secondary school, a group of those schools, or one or more school districts if the events are sponsored by an entity recognized by the school district that consists primarily of volunteers and includes parents and teachers of the school children. This paragraph does not apply to fundraising events (i) for

the benefit of private home instruction or (ii) for which the fundraising entity purchases the personal property sold at the events from another individual or entity that sold the property for the purpose of resale by the fundraising entity and that profits from the sale to the fundraising entity. This paragraph is exempt from the provisions of Section 3-75.

(22) Beginning January 1, 2000 and through December 31, 2001, new or used automatic vending machines that prepare and serve hot food and beverages, including coffee, soup, and other items, and replacement parts for these machines. Beginning January 1, 2002 and through June 30, 2003, machines and parts for machines used in commercial, coin-operated amusement and vending business if a use or occupation tax is paid on the gross receipts derived from the use of the commercial, coin-operated amusement and vending machines. This paragraph is exempt from the provisions of Section 3-75.

(23) Food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use, when purchased for use by a person receiving medical assistance under Article 5 of the Illinois Public Aid Code who resides in a licensed long-term care facility, as defined in the Nursing Home Care Act.

(24) Beginning on the effective date of this amendatory Act of the 92nd General Assembly, computers and communications equipment utilized for any hospital purpose and equipment used in the diagnosis, analysis, or treatment of hospital patients purchased by a lessor who leases the equipment, under a lease of one year or longer executed or in effect at the time the lessor would otherwise be subject to the tax imposed by this Act, to a hospital that has been

issued an active tax exemption identification number by the Department under Section 1g of the Retailers' Occupation Tax Act. If the equipment is leased in a manner that does not qualify for this exemption or is used in any other nonexempt manner, the lessor shall be liable for the tax imposed under this Act or the Use Tax Act, as the case may be, based on the fair market value of the property at the time the nonqualifying use occurs. No lessor shall collect or attempt to collect an amount (however designated) that purports to reimburse that lessor for the tax imposed by this Act or the Use Tax Act, as the case may be, if the tax has not been paid by the lessor. If a lessor improperly collects any such amount from the lessee, the lessee shall have a legal right to claim a refund of that amount from the lessor. If, however, that amount is not refunded to the lessee for any reason, the lessor is liable to pay that amount to the Department. This paragraph is exempt from the provisions of Section 3-75.

If the property is leased in a manner that does not qualify for this exemption or is used in any other nonexempt manner, the lessor shall be liable for the tax imposed under this Act or the Use Tax Act, as the case may be, based on the fair market value of the property at the time the nonqualifying use occurs. No lessor shall collect or attempt to collect an amount (however designated) that purports to reimburse that lessor for the tax imposed by this Act or the Use Tax Act, as

the case may be, if the tax has not been paid by the lessor. If a lessor improperly collects any such amount from the lessee, the lessee shall have a legal right to claim a refund of that amount from the lessor. If, however, that amount is not refunded to the lessee for any reason, the lessor is liable to pay that amount to the Department. This paragraph is exempt from the provisions of Section 3-75.

(35 ILCS 110/3-70)

Sec. 3-70. Manufacturer's Purchase Credit. For purchases of machinery and equipment made on and after January 1, 1995 and through June 30, 2003, a purchaser of manufacturing machinery and equipment that qualifies for the exemption provided by Section 2 of this Act earns a credit in an amount equal to a fixed percentage of the tax which would have been incurred under this Act on those purchases. For purchases of graphic arts machinery and equipment made on or after July 1, 1996 and through June 30, 2003, a purchase of graphic arts

machinery and equipment that qualifies for the exemption provided by paragraph (5) of Section 3-5 of this Act earns a credit in an amount equal to a fixed percentage of the tax that would have been incurred under this Act on those purchases. The credit earned for the purchase of manufacturing machinery and equipment and graphic arts machinery and equipment shall be referred to as the Manufacturer's Purchase Credit. A graphic arts producer is a person engaged in graphic arts production as defined in Section 3-30 of the Service Occupation Tax Act. Beginning July 1, 1996, all references in this Section to manufacturers or manufacturing shall also refer to graphic arts producers or graphic arts production.

The amount of credit shall be a percentage of the tax that would have been incurred on the purchase of the manufacturing machinery and equipment or graphic arts machinery and equipment if the exemptions provided by Section 2 or paragraph (5) of Section 3-5 of this Act had not been applicable.

All purchases prior to October 1, 2003 of manufacturing machinery and equipment and graphic arts machinery and equipment that qualify for the exemptions provided by paragraph (5) of Section 2 or paragraph (5) of Section 3-5 of this Act qualify for the credit without regard to whether the serviceman elected, or could have elected, under paragraph (7) of Section 2 of this Act to exclude the transaction from this Act. If the serviceman's billing to the service customer separately states a selling price for the exempt manufacturing machinery or equipment or the exempt graphic arts machinery and equipment, the credit shall be calculated, as otherwise provided herein, based on that selling price. If the serviceman's billing does not separately state a selling price for the exempt manufacturing machinery and equipment or the exempt graphic arts machinery and equipment,

the credit shall be calculated, as otherwise provided herein, based on 50% of the entire billing. If the serviceman contracts to design, develop, and produce special order manufacturing machinery and equipment or special order graphic arts machinery and equipment, and the billing does not separately state a selling price for such special order machinery and equipment, the credit shall be calculated, as otherwise provided herein, based on 50% of the entire billing. The provisions of this paragraph are effective for purchases made on or after January 1, 1995.

The percentage shall be as follows:

(1) 15% for purchases made on or before June 30, 1995.

(2) 25% for purchases made after June 30, 1995, and on or before June 30, 1996.

(3) 40% for purchases made after June 30, 1996, and on or before June 30, 1997.

(4) 50% for purchases made on or after July 1, 1997.

A purchaser of production related tangible personal property desiring to use the Manufacturer's Purchase Credit shall certify to the seller prior to October 1, 2003 that the purchaser is satisfying all or part of the liability under the Use Tax Act or the Service Use Tax Act that is due on the purchase of the production related tangible personal property by use of a Manufacturer's Purchase Credit. The Manufacturer's Purchase Credit certification must be dated and shall include the name and address of the purchaser, the purchaser's registration number, if registered, the credit being applied, and a statement that the State Use Tax or Service Use Tax liability is being satisfied with the manufacturer's or graphic arts producer's accumulated purchase credit. Certification may be incorporated into the manufacturer's or graphic arts producer's purchase order.

Manufacturer's Purchase Credit certification provided by the manufacturer or graphic arts producer prior to October 1, 2003 may be used to satisfy the retailer's or serviceman's liability under the Retailers' Occupation Tax Act or Service Occupation Tax Act for the credit claimed, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase, but only if the retailer or serviceman reports the Manufacturer's Purchase Credit claimed as required by the Department. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 shall be disallowed. The Manufacturer's Purchase Credit earned by purchase of exempt manufacturing machinery and equipment or graphic arts machinery and equipment is a non-transferable credit. A manufacturer or graphic arts producer that enters into a contract involving the installation of tangible personal property into real estate within a manufacturing or graphic arts production facility, prior to October 1, 2003, may authorize a construction contractor to utilize credit accumulated by the manufacturer or graphic arts producer to purchase the tangible personal property. A manufacturer or graphic arts producer intending to use accumulated credit to purchase such tangible personal property shall execute a written contract authorizing the contractor to utilize a specified dollar amount of credit. The contractor shall furnish, prior to October 1, 2003, the supplier with the manufacturer's or graphic arts producer's name, registration or resale number, and a statement that a specific amount of the Use Tax or Service Use Tax liability, not to exceed 6.25% of the selling price, is being satisfied with the credit. The manufacturer or graphic arts producer shall remain liable to timely report all information required by the annual Report of Manufacturer's Purchase Credit Used for credit utilized by a construction contractor.

The Manufacturer's Purchase Credit may be used to satisfy

liability under the Use Tax Act or the Service Use Tax Act due on the purchase of production related tangible personal property (including purchases by a manufacturer, by a graphic arts producer, or a lessor who rents or leases the use of the property to a manufacturer or graphic arts producer) that does not otherwise qualify for the manufacturing machinery and equipment exemption or the graphic arts machinery and equipment exemption. "Production related tangible personal property" means (i) all tangible personal property used or consumed by the purchaser in a manufacturing facility in which a manufacturing process described in Section 2-45 of the Retailers' Occupation Tax Act takes place, including tangible personal property purchased for incorporation into real estate within a manufacturing facility and including, but not limited to, tangible personal property used or consumed in activities such as pre-production material handling, receiving, quality control, inventory control, storage, staging, and packaging for shipping and transportation purposes; (ii) all tangible personal property used or consumed by the purchaser in a graphic arts facility in which graphic arts production as described in Section 2-30 of the Retailers' Occupation Tax Act takes place, including tangible personal property purchased for incorporation into real estate within a graphic arts facility and including, but not limited to, all tangible personal property used or consumed in activities such as graphic arts preliminary or pre-press production, pre-production material handling, receiving, quality control, inventory control, storage, staging, sorting, labeling, mailing, tying, wrapping, and packaging; and (iii) all tangible personal property used or consumed by the purchaser for research and development. "Production related tangible personal property" does not include (i) tangible personal property used, within or without a manufacturing or graphic arts facility, in sales,

purchasing, accounting, fiscal management, marketing, personnel recruitment or selection, or landscaping or (ii) tangible personal property required to be titled or registered with a department, agency, or unit of federal, state, or local government. The Manufacturer's Purchase Credit may be used, prior to October 1, 2003, to satisfy the tax arising either from the purchase of machinery and equipment on or after January 1, 1995 for which the manufacturing machinery and equipment exemption provided by Section 2 of this Act was erroneously claimed, or the purchase of machinery and equipment on or after July 1, 1996 for which the exemption provided by paragraph (5) of Section 3-5 of this Act was erroneously claimed, but not in satisfaction of penalty, if any, and interest for failure to pay the tax when due. A purchaser of production related tangible personal property who is required to pay Illinois Use Tax or Service Use Tax on the purchase directly to the Department may, prior to October 1, 2003, utilize the Manufacturer's Purchase Credit in satisfaction of the tax arising from that purchase, but not in satisfaction of penalty and interest. A purchaser who uses the Manufacturer's Purchase Credit to purchase property which is later determined not to be production related tangible personal property may be liable for tax, penalty, and interest on the purchase of that property as of the date of purchase but shall be entitled to use the disallowed Manufacturer's Purchase Credit, so long as it has not expired and is used prior to October 1, 2003, on qualifying purchases of production related tangible personal property not previously subject to credit usage. The Manufacturer's Purchase Credit earned by a manufacturer or graphic arts producer expires the last day of the second calendar year following the calendar year in which the credit arose. No Manufacturer's Purchase Credit may be used after September 30, 2003 regardless of

when that credit was earned.

A purchaser earning Manufacturer's Purchase Credit shall sign and file an annual Report of Manufacturer's Purchase Credit Earned for each calendar year no later than the last day of the sixth month following the calendar year in which a Manufacturer's Purchase Credit is earned. A Report of Manufacturer's Purchase Credit Earned shall be filed on forms as prescribed or approved by the Department and shall state, for each month of the calendar year: (i) the total purchase price of all purchases of exempt manufacturing or graphic arts machinery on which the credit was earned; (ii) the total State Use Tax or Service Use Tax which would have been due on those items; (iii) the percentage used to calculate the amount of credit earned; (iv) the amount of credit earned; and (v) such other information as the Department may reasonably require. A purchaser earning Manufacturer's Purchase Credit shall maintain records which identify, as to each purchase of manufacturing or graphic arts machinery and equipment on which the purchaser earned Manufacturer's Purchase Credit, the vendor (including, if applicable, either the vendor's registration number or Federal Employer Identification Number), the purchase price, and the amount of Manufacturer's Purchase Credit earned on each purchase.

A purchaser using Manufacturer's Purchase Credit shall sign and file an annual Report of Manufacturer's Purchase Credit Used for each calendar year no later than the last day of the sixth month following the calendar year in which a Manufacturer's Purchase Credit is used. A Report of Manufacturer's Purchase Credit Used shall be filed on forms as prescribed or approved by the Department and shall state, for each month of the calendar year: (i) the total purchase price of production related tangible personal property purchased from Illinois suppliers; (ii) the total purchase price of production related tangible personal property

purchased from out-of-state suppliers; (iii) the total amount of credit used during such month; and (iv) such other information as the Department may reasonably require. A purchaser using Manufacturer's Purchase Credit shall maintain records that identify, as to each purchase of production related tangible personal property on which the purchaser used Manufacturer's Purchase Credit, the vendor (including, if applicable, either the vendor's registration number or Federal Employer Identification Number), the purchase price, and the amount of Manufacturer's Purchase Credit used on each purchase.

No annual report shall be filed before May 1, 1996 or after June 30, 2004. A purchaser that fails to file an annual Report of Manufacturer's Purchase Credit Earned or an annual Report of Manufacturer's Purchase Credit Used by the last day of the sixth month following the end of the calendar year shall forfeit all Manufacturer's Purchase Credit for that calendar year unless it establishes that its failure to file was due to reasonable cause. Manufacturer's Purchase Credit reports may be amended to report and claim credit on qualifying purchases not previously reported at any time before the credit would have expired, unless both the Department and the purchaser have agreed to an extension of the statute of limitations for the issuance of a notice of tax liability as provided in Section 4 of the Retailers' Occupation Tax Act. If the time for assessment or refund has been extended, then amended reports for a calendar year may be filed at any time prior to the date to which the statute of limitations for the calendar year or portion thereof has been extended. No Manufacturer's Purchase Credit report filed with the Department for periods prior to January 1, 1995 shall be approved. Manufacturer's Purchase Credit claimed on an amended report may be used, prior to October 1, 2003, to satisfy tax liability under the Use Tax Act or the Service

Use Tax Act (i) on qualifying purchases of production related tangible personal property made after the date the amended report is filed or (ii) assessed by the Department on qualifying purchases of production related tangible personal property made in the case of manufacturers on or after January 1, 1995, or in the case of graphic arts producers on or after July 1, 1996.

If the purchaser is not the manufacturer or a graphic arts producer, but rents or leases the use of the property to a manufacturer or a graphic arts producer, the purchaser may earn, report, and use Manufacturer's Purchase Credit in the same manner as a manufacturer or graphic arts producer.

A purchaser shall not be entitled to any Manufacturer's Purchase Credit for a purchase that is required to be reported and is not timely reported as provided in this Section. A purchaser remains liable for (i) any tax that was satisfied by use of a Manufacturer's Purchase Credit, as of the date of purchase, if that use is not timely reported as required in this Section and (ii) for any applicable penalties and interest for failing to pay the tax when due. No Manufacturer's Purchase Credit may be used after September 30, 2003 to satisfy any tax liability imposed under this Act, including any audit liability.

Section 50-24. The Service Occupation Tax Act is amended by changing Sections 2, 2a, 3-5, 3-7, and 9 as follows:

(35 ILCS 115/2) (from Ch. 120, par. 439.102)

Sec. 2. "Transfer" means any transfer of the title to property or of the ownership of property whether or not the transferor retains title as security for the payment of amounts due him from the transferee.

"Cost Price" means the consideration paid by the serviceman for a purchase valued in money, whether paid in money or otherwise, including cash, credits and services, and shall be determined without any deduction on account of the supplier's cost of the property sold or on account of any other expense incurred by the supplier. When a serviceman contracts out part or all of the services required in his sale of service, it shall be presumed that the cost price to the serviceman of the property transferred to him by his or her subcontractor is equal to 50% of the subcontractor's charges to the serviceman in the absence of proof of the consideration paid by the subcontractor for the purchase of such property.

"Department" means the Department of Revenue.

"Person" means any natural individual, firm, partnership, association, joint stock company, joint venture, public or private corporation, limited liability company, and any receiver, executor, trustee, guardian or other representative appointed by order of any court.

(b) A sale of tangible personal property for the purpose of resale made in compliance with Section 2c of the Retailers' Occupation Tax Act.

(c) Except as hereinafter provided, a sale or transfer of tangible personal property as an incident to the rendering of service for or by any governmental body or for or by any corporation, society, association, foundation or institution organized and operated exclusively for charitable, religious or educational purposes or any not-for-profit corporation, society, association, foundation, institution or organization which has no compensated officers or employees and which is

organized and operated primarily for the recreation of persons 55 years of age or older. A limited liability company may qualify for the exemption under this paragraph only if the limited liability company is organized and operated exclusively for educational purposes.

(d) A sale or transfer of tangible personal property as an incident to the rendering of service for interstate carriers for hire for use as rolling stock moving in interstate commerce or lessors under leases of one year or longer, executed or in effect at the time of purchase, to interstate carriers for hire for use as rolling stock moving in interstate commerce, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(d-1) A sale or transfer of tangible personal property as an incident to the rendering of service for owners, lessors or shippers of tangible personal property which is utilized by interstate carriers for hire for use as rolling stock moving in interstate commerce, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(d-2) The repairing, reconditioning or remodeling, for a common carrier by rail, of tangible personal property which belongs to such carrier for hire, and as to which such carrier receives the physical possession of the repaired, reconditioned or remodeled item of tangible personal property in Illinois, and which such carrier transports, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the person who repaired, reconditioned or

remodeled the property as the shipper or consignor of such property to a destination outside Illinois, for use outside Illinois.

(d-3) A sale or transfer of tangible personal property which is produced by the seller thereof on special order in such a way as to have made the applicable tax the Service Occupation Tax or the Service Use Tax, rather than the Retailers' Occupation Tax or the Use Tax, for an interstate carrier by rail which receives the physical possession of such property in Illinois, and which transports such property, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the seller of the property as the shipper or consignor of such property to a destination outside Illinois, for use outside Illinois.

(d-4) Until January 1, 1997, a sale, by a registered serviceman paying tax under this Act to the Department, of special order printed materials delivered outside Illinois and which are not returned to this State, if delivery is made by the seller or agent of the seller, including an agent who causes the product to be delivered outside Illinois by a common carrier or the U.S. postal service.

(e) A sale or transfer of machinery and equipment used primarily in the process of the manufacturing or assembling, either in an existing, an expanded or a new manufacturing facility, of tangible personal property for wholesale or retail sale or lease, whether such sale or lease is made directly by the manufacturer or by some other person, whether the materials used in the process are owned by the manufacturer or some other person, or whether such sale or lease is made apart from or as an incident to the seller's engaging in a service occupation and the applicable tax is a Service Occupation Tax or Service Use Tax, rather than Retailers' Occupation Tax or Use Tax.

(f) Until July 1, 2003, the sale or transfer of distillation machinery and equipment, sold as a unit or kit and assembled or installed by the retailer, which machinery and equipment is certified by the user to be used only for the production of ethyl alcohol that will be used for consumption as motor fuel or as a component of motor fuel for the personal use of such user and not subject to sale or resale.

(g) At the election of any serviceman not required to be otherwise registered as a retailer under Section 2a of the Retailers' Occupation Tax Act, made for each fiscal year sales of service in which the aggregate annual cost price of tangible personal property transferred as an incident to the sales of service is less than 35% (75% in the case of servicemen transferring prescription drugs or servicemen engaged in graphic arts production) of the aggregate annual total gross receipts from all sales of service. The purchase of such tangible personal property by the serviceman shall be subject to tax under the Retailers' Occupation Tax Act and the Use Tax Act. However, if a primary serviceman who has made the election described in this paragraph subcontracts service work to a secondary serviceman who has also made the election described in this paragraph, the primary serviceman does not incur a Use Tax liability if the secondary serviceman (i) has paid or will pay Use Tax on his or her cost price of any tangible personal property transferred to the primary serviceman and (ii) certifies that fact in writing to the primary serviceman.

Tangible personal property transferred incident to the completion of a maintenance agreement is exempt from the tax imposed pursuant to this Act.

Exemption (e) also includes machinery and equipment used in the general maintenance or repair of such exempt machinery and equipment or for in-house manufacture of exempt machinery

and equipment. For the purposes of exemption (e), each of these terms shall have the following meanings: (1) "manufacturing process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by procedures commonly regarded as manufacturing, processing, fabricating, or refining which changes some existing material or materials into a material with a different form, use or name. In relation to a recognized integrated business composed of a series of operations which collectively constitute manufacturing, or individually constitute manufacturing operations, the manufacturing process shall be deemed to commence with the first operation or stage of production in the series, and shall not be deemed to end until the completion of the final product in the last operation or stage of production in the series; and further for purposes of exemption (e), photoprocessing is deemed to be a manufacturing process of tangible personal property for wholesale or retail sale; (2) "assembling process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by the combination of existing materials in a manner commonly regarded as assembling which results in a material of a different form, use or name; (3) "machinery" shall mean major mechanical machines or major components of such machines contributing to a manufacturing or assembling process; and (4) "equipment" shall include any independent device or tool separate from any machinery but essential to an integrated manufacturing or assembly process; including computers used primarily in a manufacturer's ~~manufaeuturer's~~ computer assisted design, computer assisted manufacturing

(CAD/CAM) system; or any subunit or assembly comprising a component of any machinery or auxiliary, adjunct or attachment parts of machinery, such as tools, dies, jigs, fixtures, patterns and molds; or any parts which require periodic replacement in the course of normal operation; but shall not include hand tools. Equipment includes chemicals or chemicals acting as catalysts but only if the chemicals or chemicals acting as catalysts effect a direct and immediate change upon a product being manufactured or assembled for wholesale or retail sale or lease. The purchaser of such machinery and equipment who has an active resale registration number shall furnish such number to the seller at the time of purchase. The purchaser of such machinery and equipment and tools without an active resale registration number shall furnish to the seller a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, which certificate shall be available to the Department for inspection or audit.

The rolling stock exemption applies to rolling stock used by an interstate carrier for hire, even just between points in Illinois, if such rolling stock transports, for hire, persons whose journeys or property whose shipments originate or terminate outside Illinois.

Any informal rulings, opinions or letters issued by the Department in response to an inquiry or request for any opinion from any person regarding the coverage and applicability of exemption (e) to specific devices shall be published, maintained as a public record, and made available for public inspection and copying. If the informal ruling, opinion or letter contains trade secrets or other confidential information, where possible the Department shall delete such information prior to publication. Whenever such informal rulings, opinions, or letters contain any policy of general applicability, the Department shall formulate and

adopt such policy as a rule in accordance with the provisions of the Illinois Administrative Procedure Act.

On and after July 1, 1987, no entity otherwise eligible under exemption (c) of this Section shall make tax free purchases unless it has an active exemption identification number issued by the Department.

(35 ILCS 115/2a) (from Ch. 120, par. 439.102a)

Sec. 2a. "Pollution control facilities" means any system, method, construction, device or appliance appurtenant thereto transferred by a serviceman for the primary purpose of eliminating, preventing, or reducing air and water pollution as the term "air pollution" or "water pollution" is defined in the "Environmental Protection Act", enacted by the 76th General Assembly, or for the primary purpose of treating, pretreating, modifying or disposing of any potential solid, liquid or gaseous pollutant which if released without such treatment, pretreatment, modification or disposal might be harmful, detrimental or offensive to human, plant or animal life, or to property.

Until July 1, 2003, the purchase, employment and transfer of such tangible personal property as pollution control facilities shall not be deemed to be a purchase, use or sale of service or of tangible personal property, but shall be deemed to be intangible personal property.

(35 ILCS 115/9) (from Ch. 120, par. 439.109)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax at the time when he is required to file his return for the period during which such tax was collectible, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or \$5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the serviceman, in collecting the tax may collect, for each tax return period, only the tax applicable to the part of the selling price actually received during such tax return period.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable rules and regulations to be promulgated by the Department of Revenue. Such return

shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
- 5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Prior to October 1, 2003, a serviceman may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Service Use Tax as provided in Section 3-70 of the Service Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-70 of the

Service Use Tax Act. A Manufacturer's Purchase Credit certification, accepted prior to October 1, 2003 by a serviceman as provided in Section 3-70 of the Service Use Tax Act, may be used by that serviceman to satisfy Service Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 shall be disallowed. No Manufacturer's Purchase Credit may be used after September 30, 2003 to satisfy any tax liability imposed under this Act, including any audit liability.

If the serviceman's average monthly tax liability to the Department does not exceed \$200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman's average monthly tax liability to the Department does not exceed \$50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing

returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of \$150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of \$100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of \$50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of \$200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on

October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Where a serviceman collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Occupation Tax, Service Use Tax, Retailers' Occupation Tax or Use Tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, the Use Tax Act or the Service Use Tax

Act, to furnish all the return information required by all said Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registrations hereunder, such serviceman shall file separate returns for each registered business.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund the revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the revenue realized for the preceding month from the 6.25% general rate.

and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on

deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget. If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the taxpayer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the taxpayer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The taxpayer's annual return to the Department shall also disclose the cost of goods sold by the taxpayer during the year covered by such return, opening and closing inventories of such goods for such year, cost of goods used from stock or taken from stock

and given away by the taxpayer during such year, pay roll information of the taxpayer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such taxpayer as hereinbefore provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to $\frac{1}{6}$ of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

Sec. 3. Except as provided in this Section, on or before the twentieth day of each calendar month, every person engaged in the business of selling tangible personal property at retail in this State during the preceding calendar month shall file a return with the Department, stating:

1. The name of the seller;
2. His residence address and the address of his principal place of business and the address of the principal place of business (if that is a different address) from which he engages in the business of selling tangible personal property at retail in this State;
3. Total amount of receipts received by him during the preceding calendar month or quarter, as the case may be, from sales of tangible personal property, and from services furnished, by him during such preceding calendar month or quarter;
4. Total amount received by him during the preceding calendar month or quarter on charge and time sales of tangible personal property, and from services furnished, by him prior to the month or quarter for which the return is filed;
5. Deductions allowed by law;
6. Gross receipts which were received by him during

the preceding calendar month or quarter and upon the basis of which the tax is imposed;

7. The amount of credit provided in Section 2d of this Act;

8. The amount of tax due;

9. The signature of the taxpayer; and

10. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Each return shall be accompanied by the statement of prepaid tax issued pursuant to Section 2e for which credit is claimed.

Prior to October 1, 2003, a retailer may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Use Tax as provided in Section 3-85 of the Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-85 of the Use Tax Act. A Manufacturer's Purchase Credit certification, accepted by a retailer prior to October 1, 2003 as provided in Section 3-85 of the Use Tax Act, may be used by that retailer to satisfy Retailers' Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 shall be disallowed. No Manufacturer's Purchase Credit may be used after September 30, 2003 to satisfy any tax liability imposed under this Act, including any audit liability.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the

calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due; and
6. Such other reasonable information as the Department may require.

If a total amount of less than \$1 is payable, refundable or creditable, such amount shall be disregarded if it is less than 50 cents and shall be increased to \$1 if it is 50 cents or more.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of \$150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of \$100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of \$50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of

\$200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the

nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed \$200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed \$50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is

due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall

be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of The Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of The Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or

satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration

is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the president,

vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or \$5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was \$10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's

average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was \$20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the

preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of \$10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than \$10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the \$10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of \$20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest

liability) is less than \$19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than \$20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the \$20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of \$25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If

the month during which such tax liability is incurred began prior to the effective date of this amendatory Act of 1985, each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is \$25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of \$20,000 per month during the preceding 4 complete calendar quarters shall file a return

with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than \$20,000. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and

regulations to be prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the taxpayer's liability to the Department under this Act for the month which the taxpayer is filing a return, the Department shall issue the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund, a special fund in the State treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund, a special fund in the State treasury which is hereby created, 4% of the net revenue realized for the preceding month from the 6.25% general rate.

Beginning August 1, 2000, each month the Department shall

pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to this Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as hereinafter defined), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; the "Annual Specified Amount" means the amounts specified below for fiscal years 1986 through 1993:

1986	\$54,800,000
1987	\$76,650,000

and means the Certified Annual Debt Service Requirement (as defined in Section 13 of the Build Illinois Bond Act) or the Tax Act Amount, whichever is greater, for fiscal year 1994 and each fiscal year thereafter; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year. The amounts payable into the Build Illinois Fund under clause (b) of the first sentence in this paragraph shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and

interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget. If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the first sentence of this paragraph and shall reduce the amount otherwise payable for such fiscal year pursuant to that clause (b). The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation

Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

each fiscal year thereafter that bonds are outstanding under Section 13.2 of the Metropolitan Pier and Exposition Authority Act, but not after fiscal year 2042.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing

for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Community Affairs Law of the Civil Administrative Code of Illinois.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business during such year and

any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to $\frac{1}{6}$ of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The provisions of this Section concerning the filing of an annual information return do not apply to a retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue

realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Any person who promotes, organizes, provides retail selling space for concessionaires or other types of sellers at the Illinois State Fair, DuQuoin State Fair, county fairs, local fairs, art shows, flea markets and similar exhibitions or events, including any transient merchant as defined by Section 2 of the Transient Merchant Act of 1987, is required to file a report with the Department providing the name of the merchant's business, the name of the person or persons engaged in merchant's business, the permanent address and Illinois Retailers Occupation Tax Registration Number of the merchant, the dates and location of the event and other reasonable information that the Department may require. The report must be filed not later than the 20th day of the month next following the month during which the event with retail sales was held. Any person who fails to file a report required by this Section commits a business offense and is subject to a fine not to exceed \$250.

Any person engaged in the business of selling tangible personal property at retail as a concessionaire or other type of seller at the Illinois State Fair, county fairs, art

shows, flea markets and similar exhibitions or events, or any transient merchants, as defined by Section 2 of the Transient Merchant Act of 1987, may be required to make a daily report of the amount of such sales to the Department and to make a daily payment of the full amount of tax due. The Department shall impose this requirement when it finds that there is a significant risk of loss of revenue to the State at such an exhibition or event. Such a finding shall be based on evidence that a substantial number of concessionaires or other sellers who are not residents of Illinois will be engaging in the business of selling tangible personal property at retail at the exhibition or event, or other evidence of a significant risk of loss of revenue to the State. The Department shall notify concessionaires and other sellers affected by the imposition of this requirement. In the absence of notification by the Department, the concessionaires and other sellers shall file their returns as otherwise required in this Section.

(625 ILCS 5/3-2001) (from Ch. 95 1/2, par. 3-2001)

Sec. 3-2001. Until July 1, 2003, a tax of \$200 is hereby imposed on the purchase of any passenger car as defined in Section 1-157 of this Code, purchased in Illinois by or on behalf of an insurance company to replace a passenger car of an insured person in settlement of a total loss claim. The tax imposed by this Section shall apply only to that portion

of the purchase price of the replacement vehicle paid by the insurance company in settlement of the total loss claim, but not including any portion of such insurance payment which exceeds the market value of the total loss vehicle.

Section 99-99. Effective date. This Act takes effect upon becoming law.
