

AN ACT in relation to vehicles.

Be it enacted by the People of the State of Illinois,
represented in the General Assembly:

Section 5. The Illinois Vehicle Code is amended by
changing Section 11-602 as follows:

(625 ILCS 5/11-602) (from Ch. 95 1/2, par. 11-602)

Sec. 11-602. Alteration of limits by Department.
Whenever the Department determines, upon the basis of an
engineering and traffic investigation concerning any highway
for which the Department has maintenance responsibility, that
a maximum speed limit prescribed in Section 11-601 of this
Chapter is greater or less than is reasonable or safe with
respect to the conditions found to exist at any intersection
or other place on such highway or along any part or zone
thereof, the Department shall determine and declare a
reasonable and safe absolute maximum speed limit applicable
to such intersection or place, or along such part or zone.
However, such limit shall not exceed 65 miles per hour, or 55
miles per hour for a second division vehicle designed or used
for the carrying of a gross weight of 8,001 pounds or more
(including the weight of the vehicle and maximum load), on a
highway or street which is especially designed for through
traffic and to, from, or over which owners of or persons
having an interest in abutting property or other persons have
no right or easement, or only a limited right or easement, of
access, crossing, light, air, or view, and shall not exceed
55 miles per hour on any other highway. Where a highway under
the Department's jurisdiction is contiguous to school
property, the Department may, at the school district's
request, set a reduced maximum speed limit for student safety
purposes in the portion of the highway that faces the school

property and in the portions of the highway that extend one-quarter mile in each direction from the opposite ends of the school property. A limit so determined and declared as provided in this Section becomes effective, and suspends the applicability of the limit prescribed in Section 11-601 of this Chapter, when appropriate signs giving notice of the limit are erected at such intersection or other place, or along such part or zone of the highway. Electronic speed-detecting devices shall not be used within 500 feet beyond any such sign in the direction of travel; if so used in violation hereof, evidence obtained thereby shall be inadmissible in any prosecution for speeding. However, nothing in this Section prohibits the use of such electronic speed-detecting devices within 500 feet of a sign within a special school speed zone indicating such zone, conforming to the requirements of Section 11-605 of this Act, nor shall evidence obtained thereby be inadmissible in any prosecution for speeding provided the use of such device shall apply only to the enforcement of the speed limit in such special school speed zone.
