(b) As soon as practicable after the effective date of this amendatory Act of the 93rd General Assembly, the State Comptroller shall direct and the State Treasurer shall transfer from the Pension Contribution Fund to the State Universities Retirement System an amount equal to the unexpended balance of the fiscal year 2004 appropriations to the System from the General Revenue Fund, the Education Assistance Fund, and the State Pensions Fund so that the amount received by the System in fiscal year 2004 is equal to the fiscal year 2004 certified contribution amount for the System as determined under Section 15-165 of the Illinois Pension Code.

(c) As soon as practicable after the effective date of this

amendatory Act of the 93rd General Assembly, the State Comptroller shall direct and the State Treasurer shall transfer from the Pension Contribution Fund to the Judges Retirement System of Illinois an amount equal to the unexpended balance of the fiscal year 2004 appropriations to the System from the General Revenue Fund and the State Pensions Fund so that the amount received by the System in fiscal year 2004 is equal to the fiscal year 2004 certified contribution amount for the System as determined under Section 18-140 of the Illinois Pension Code.

(d) As soon as practicable after the effective date of this amendatory Act of the 93rd General Assembly, the State Comptroller shall direct and the State Treasurer shall transfer from the Pension Contribution Fund to the General Assembly Retirement System an amount equal to the unexpended balance of the fiscal year 2004 appropriations to the System from the General Revenue Fund and the State Pensions Fund so that the amount received by the System in fiscal year 2004 is equal to the fiscal year 2004 certified contribution amount for the System as determined under Section 2-134 of the Illinois Pension Code.

(e) As soon as practicable after the effective date of this amendatory Act of the 93rd General Assembly, and taking into consideration the transfers provided for by subsections (a), (b), (c), and (d), the State Comptroller shall direct and the State Treasurer shall transfer the remaining balance in the Pension Contribution Fund to the State Employees' Retirement System of Illinois.

(30 ILCS 105/8.12) (from Ch. 127, par. 144.12)

Sec. 8.12. State Pensions Fund.

(a) The moneys in the State Pensions Fund shall be used exclusively for the administration of the Uniform Disposition of Unclaimed Property Act and for the payment of or repayment to the General Revenue Fund a portion of the required State contributions to the designated retirement systems.

"Designated retirement systems" means:

- (1) the State Employees' Retirement System of Illinois;
- (2) the Teachers' Retirement System of the State of Illinois;
- (3) the State Universities Retirement System;
- (4) the Judges Retirement System of Illinois; and
- (5) the General Assembly Retirement System.

(b) Each year the General Assembly may make appropriations from the State Pensions Fund for the administration of the Uniform Disposition of Unclaimed Property Act.

Each month, the Commissioner of the Office of Banks and Real Estate shall certify to the State Treasurer the actual expenditures that the Office of Banks and Real Estate incurred conducting unclaimed property examinations under the Uniform Disposition of Unclaimed Property Act during the immediately preceding month. Within a reasonable time following the acceptance of such certification by the State Treasurer, the State Treasurer shall pay from its appropriation from the State Pensions Fund to the Bank and Trust Company Fund and the Savings and Residential Finance Regulatory Fund an amount equal to the expenditures incurred by each Fund for that month.

Each month, the Director of Financial Institutions shall certify to the State Treasurer the actual expenditures that the Department of Financial Institutions incurred conducting unclaimed property examinations under the Uniform Disposition of Unclaimed Property Act during the immediately preceding month. Within a reasonable time following the acceptance of such certification by the State Treasurer, the State Treasurer shall pay from its appropriation from the State Pensions Fund to the Financial Institutions Fund and the Credit Union Fund an amount equal to the expenditures incurred by each Fund for that month.

(c) Each year the General Assembly shall appropriate a total amount equal to the balance in the State Pensions Fund at the close of business on June 30 of the preceding fiscal year,

less \$5,000,000, as part of the required State contributions to the designated retirement systems. The amount of the appropriation to each designated retirement system shall constitute a portion of the total appropriation under this subsection for that fiscal year which is the same as that retirement system's portion of the total actuarial reserve deficiency of the systems, as most recently determined by the Governor's Office of Management and Budget Bureau of the Budget.

(d) The Governor's Office of Management and Budget Bureau of the Budget shall determine the individual and total reserve deficiencies of the designated retirement systems. For this purpose, the Governor's Office of Management and Budget Bureau of the Budget shall utilize the latest available audit and actuarial reports of each of the retirement systems and the relevant reports and statistics of the Public Employee Pension Fund Division of the Department of Insurance.

(d-1) As soon as practicable after the effective date of this amendatory Act of the 93rd General Assembly, the Comptroller shall direct and the Treasurer shall transfer from the State Pensions Fund to the General Revenue Fund, as funds become available, a sum equal to the amounts that would have been paid from the State Pensions Fund to the Teachers' Retirement System of the State of Illinois, the State Universities Retirement System, the Judges Retirement System of Illinois, the General Assembly Retirement System, and the State Employees' Retirement System of Illinois after the effective date of this amendatory Act during the remainder of fiscal year 2004 to the designated retirement systems from the appropriations provided for in this Section if the transfers provided in Section 6z-61 had not occurred. The transfers described in this subsection (d-1) are to partially repay the General Revenue Fund for the costs associated with the bonds used to fund the moneys transferred to the designated retirement systems under Section 6z-61.

(e) The changes to this Section made by this amendatory Act

of 1994 shall first apply to distributions from the Fund for State fiscal year 1996.

(30 ILCS 105/8a) (from Ch. 127, par. 144a)

Sec. 8a. Common School Fund; transfers to Common School Fund and Education Assistance Fund.

(a) Except as provided in subsection (b) of this Section and except as otherwise provided in this subsection (a) with respect to amounts transferred from the General Revenue Fund to the Common School Fund for distribution therefrom for the benefit of the Teachers' Retirement System of the State of Illinois and the Public School Teachers' Pension and Retirement Fund of Chicago:

(1) With respect to all school districts, for each fiscal year other than fiscal year 1994, on or before the eleventh and twenty-first days of each of the months of August through the following July, at a time or times designated by the Governor, the State Treasurer and the State Comptroller shall transfer from the General Revenue Fund to the Common School Fund and Education Assistance Fund, as appropriate, 1/24 or so much thereof as may be necessary of the amount appropriated to the State Board of Education for distribution to all school districts from such Common School Fund and Education Assistance Fund, for the fiscal year, including interest on the School Fund proportionate for that distribution for such year.

(2) With respect to all school districts, but for fiscal year 1994 only, on the 11th day of August, 1993 and on or before the 11th and 21st days of each of the months of October, 1993 through July, 1994 at a time or times designated by the Governor, the State Treasurer and the State Comptroller shall transfer from the General Revenue Fund to the Common School Fund 1/24 or so much thereof as may be necessary of the amount appropriated to the State Board of Education for distribution to all school districts

from such Common School Fund, for fiscal year 1994, including interest on the School Fund proportionate for that distribution for such year; and on or before the 21st day of August, 1993 at a time or times designated by the Governor, the State Treasurer and the State Comptroller shall transfer from the General Revenue Fund to the Common School Fund 3/24 or so much thereof as may be necessary of the amount appropriated to the State Board of Education for distribution to all school districts from the Common School Fund, for fiscal year 1994, including interest proportionate for that distribution on the School Fund for such fiscal year.

The amounts of the payments made in July of each year: (i) shall be considered an outstanding liability as of the 30th day of June immediately preceding those July payments, within the meaning of Section 25 of this Act; (ii) shall be payable from the appropriation for the fiscal year that ended on that 30th day of June; and (iii) shall be considered payments for claims covering the school year that commenced during the immediately preceding calendar year.

Notwithstanding the foregoing provisions of this subsection, as soon as may be after the 10th and 20th days of each of the months of August through May, 1/24, and on or as soon as may be after the 10th and 20th days of June, 1/12 of the annual amount appropriated to the State Board of Education for distribution and payment during that fiscal year from the Common School Fund to and for the benefit of the Teachers' Retirement System of the State of Illinois (until the end of State fiscal year 1995) and the Public School Teachers' Pension and Retirement Fund of Chicago as provided by the Illinois Pension Code and Section 18-7 of the School Code, or so much thereof as may be necessary, shall be transferred by the State Treasurer and the State Comptroller from the General Revenue Fund to the Common School Fund to permit semi-monthly payments from the Common School Fund to and for the benefit of such teacher retirement systems as required by Section 18-7 of the

School Code.

Notwithstanding the other provisions of this Section, on or as soon as may be after the 15th day of each month, beginning in July of 1995, 1/12 of the annual amount appropriated for that fiscal year from the Common School Fund to the Teachers' Retirement System of the State of Illinois (other than amounts appropriated under Section 1.1 of the State Pension Funds Continuing Appropriation Act), or so much thereof as may be necessary, shall be transferred by the State Treasurer and the State Comptroller from the General Revenue Fund to the Common School Fund to permit monthly payments from the Common School Fund to that retirement system in accordance with Section 16-158 of the Illinois Pension Code and Section 18-7 of the School Code, except that such transfers in fiscal year 2004 from the General Revenue Fund to the Common School Fund for the benefit of the Teachers' Retirement System of the State of Illinois shall be reduced in the aggregate by the State Comptroller and State Treasurer to adjust for the amount transferred to the Teachers' Retirement System of the State of Illinois pursuant to subsection (a) of Section 6z-61. Amounts appropriated to the Teachers' Retirement System of the State of Illinois under Section 1.1 of the State Pension Funds Continuing Appropriation Act shall be transferred by the State Treasurer and the State Comptroller from the General Revenue Fund to the Common School Fund as necessary to provide for the payment of vouchers drawn against those appropriations.

The Governor may notify the State Treasurer and the State Comptroller to transfer, at a time designated by the Governor, such additional amount as may be necessary to effect advance distribution to school districts of amounts that otherwise would be payable in the next month pursuant to Sections 18-8 through 18-10 of the School Code. The State Treasurer and the State Comptroller shall thereupon transfer such additional amount. The aggregate amount transferred from the General Revenue Fund to the Common School Fund in the eleven months beginning August 1 of any fiscal year shall not be in excess of

the amount necessary for payment of claims certified by the State Superintendent of Education pursuant to the appropriation of the Common School Fund for that fiscal year. Notwithstanding the provisions of the first paragraph in this section, no transfer to effect an advance distribution shall be made in any month except on notification, as provided above, by the Governor.

The State Comptroller and State Treasurer shall transfer from the General Revenue Fund to the Common School Fund and the Education Assistance Fund such amounts as may be required to honor the vouchers presented by the State Board of Education pursuant to Sections 18-3, 18-4.3, 18-5, 18-6 and 18-7 of the School Code.

The State Comptroller shall report all transfers provided for in this Act to the President of the Senate, Minority Leader of the Senate, Speaker of the House, and Minority Leader of the House.

(b) On or before the 11th and 21st days of each of the months of June, 1982 through July, 1983, at a time or times designated by the Governor, the State Treasurer and the State Comptroller shall transfer from the General Revenue Fund to the Common School Fund 1/24 or so much thereof as may be necessary of the amount appropriated to the State Board of Education for distribution from such Common School Fund, for that same fiscal year, including interest on the School Fund for such year. The amounts of the payments in the months of July, 1982 and July, 1983 shall be considered an outstanding liability as of the 30th day of June immediately preceding such July payment, within the meaning of Section 25 of this Act, and shall be payable from the appropriation for the fiscal year which ended on such 30th day of June, and such July payments shall be considered payments for claims covering school years 1981-1982 and 1982-1983 respectively.

In the event the Governor makes notification to effect advanced distribution under the provisions of subsection (a) of this Section, the aggregate amount transferred from the General

Revenue Fund to the Common School Fund in the 12 months beginning August 1, 1981 or the 12 months beginning August 1, 1982 shall not be in excess of the amount necessary for payment of claims certified by the State Superintendent of Education pursuant to the appropriation of the Common School Fund for the fiscal years commencing on the first of July of the years 1981 and 1982.

Sec. 14.1. Appropriations for State contributions to the State Employees' Retirement System; payroll requirements.

(a) Appropriations for State contributions to the State Employees' Retirement System of Illinois shall be expended in the manner provided in this Section. Except as otherwise provided in subsection (a-1), at the time of each payment of salary to an employee under the personal services line item, payment shall be made to the State Employees' Retirement System, from the amount appropriated for State contributions to the State Employees' Retirement System, of an amount calculated at the rate certified for the applicable fiscal year by the Board of Trustees of the State Employees' Retirement System under Section 14-135.08 of the Illinois Pension Code. If a line item appropriation to an employer for this purpose is unavailable or exhausted, the amounts shall be paid under the continuing appropriation for this purpose contained in the State Pension Funds Continuing Appropriation Act.

(a-1) Beginning on the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, appropriations for State contributions to the State Employees' Retirement System of Illinois shall be expended in the manner provided in this subsection (a-1). At the time of each payment of salary to an employee under the personal services line item from a fund other than the General Revenue Fund, payment shall

be made for deposit into the General Revenue Fund from the amount appropriated for State contributions to the State Employees' Retirement System of an amount calculated at the rate certified for fiscal year 2004 by the Board of Trustees of the State Employees' Retirement System under Section 14-135.08 of the Illinois Pension Code. This payment shall be made to the extent that a line item appropriation to an employer for this purpose is available or unexhausted. No payment from appropriations for State contributions shall be made in conjunction with payment of salary to an employee under the personal services line item from the General Revenue Fund.

(b) Except during the period beginning on the effective date of this amendatory Act of the 93rd General Assembly and ending at the time of the payment of the final payroll from fiscal year 2004 appropriations, the State Comptroller shall not approve for payment any payroll voucher that (1) includes payments of salary to eligible employees in the State Employees' Retirement System of Illinois and (2) does not include the corresponding payment of State contributions to that retirement system at the full rate certified under Section 14-135.08 for that fiscal year for eligible employees, unless the balance in the fund on which the payroll voucher is drawn is insufficient to pay the total payroll voucher. If the State Comptroller approves a payroll voucher under this Section for which the fund balance is insufficient to pay the full amount of the required State contribution to the State Employees' Retirement System, the Comptroller shall promptly so notify the Retirement System.

Section 10. The General Obligation Bond Act is amended by changing Section 7.2 as follows:

(30 ILCS 330/7.2)

Sec. 7.2. State pension funding.

(a) The amount of \$10,000,000,000 is authorized to be used

for the purpose of making contributions to the designated retirement systems. For the purposes of this Section, "designated retirement systems" means the State Employees' Retirement System of Illinois; the Teachers' Retirement System of the State of Illinois; the State Universities Retirement System; the Judges Retirement System of Illinois; and the General Assembly Retirement System.

(b) The Pension Contribution Fund is created as a special fund in the State Treasury.

The proceeds of the additional \$10,000,000,000 of Bonds authorized by this amendatory Act of the 93rd General Assembly, less the amounts authorized in the Bond Sale Order to be deposited directly into the capitalized interest account of the General Obligation Bond Retirement and Interest Fund or otherwise directly paid out for bond sale expenses under Section 8, shall be deposited into the Pension Contribution Fund and used as provided in this Section.

(c) Of the amount of Bond proceeds first deposited into the Pension Contribution Fund, there shall be reserved for transfers under this subsection the sum of \$300,000,000, representing the required State contributions to the designated retirement systems for the last quarter of State fiscal year 2003, plus the sum of \$1,860,000,000, representing the required State contributions to the designated retirement systems for State fiscal year 2004.

Upon the deposit of sufficient moneys into the Pension Contribution Fund, the Comptroller and Treasurer shall immediately transfer the sum of \$300,000,000 from the Pension Contribution Fund to the General Revenue Fund.

Whenever any payment of required State contributions for State fiscal year 2004 is made to one of the designated retirement systems, the Comptroller and Treasurer shall, as soon as practicable, transfer from the Pension Contribution Fund to the General Revenue Fund an amount equal to the amount of that payment to the designated retirement system. Beginning on the effective date of this amendatory Act of the 93rd

General Assembly, the transfers from the Pension Contribution Fund to the General Revenue Fund shall be suspended until June 30, 2004, and the remaining balance in the Pension Contribution Fund shall be transferred directly to the designated retirement systems as provided in Section 6z-61 of the State Finance Act. On and after July 1, 2004, in the event that any amount is on deposit in the Pension Contribution Fund from time to time ~~if the amount reserved for these transfers exceeds the total amount of fiscal year 2004 payments of required State contributions to the designated retirement systems,~~ the Comptroller and Treasurer shall continue to make such transfers based on fiscal year 2005 payments until the entire amount on deposit ~~reserved~~ has been transferred.

(d) All amounts deposited into the Pension Contribution Fund, other than the amounts reserved for the transfers under subsection (c), shall be appropriated to the designated retirement systems to reduce their actuarial reserve deficiencies. The amount of the appropriation to each designated retirement system shall constitute a portion of the total appropriation under this subsection that is the same as that retirement system's portion of the total actuarial reserve deficiency of the systems, as most recently determined by the Governor's Office of Management and Budget ~~Bureau of the Budget~~ under Section 8.12 of the State Finance Act.

Within 15 days after any Bond proceeds in excess of the amounts initially reserved under subsection (c) are deposited into the Pension Contribution Fund, the Governor's Office of Management and Budget ~~Bureau of the Budget~~ shall (i) allocate those proceeds among the designated retirement systems in proportion to their respective actuarial reserve deficiencies, as most recently determined under Section 8.12 of the State Finance Act, and (ii) certify those allocations to the designated retirement systems and the Comptroller.

Upon receiving certification of an allocation under this subsection, a designated retirement system shall submit to the Comptroller a voucher for the amount of its allocation. The

voucher shall be paid out of the amount appropriated to that designated retirement system from the Pension Contribution Fund pursuant to this subsection.

Section 15. The Illinois Pension Code is amended by changing Sections 2-134, 14-131, 16-158, 15-165, and 18-140 as follows:

(40 ILCS 5/2-134) (from Ch. 108 1/2, par. 2-134)

Sec. 2-134. To certify required State contributions and submit vouchers.

(a) The Board shall certify to the Governor on or before November 15 of each year the amount of the required State contribution to the System for the next fiscal year. The certification shall include a copy of the actuarial recommendations upon which it is based.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

(b) Beginning in State fiscal year 1996, on or as soon as possible after the 15th day of each month the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a). From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (d) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the

funds appropriated to the System for that fiscal year. If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this Section, the difference shall be paid from the General Revenue Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(c) The full amount of any annual appropriation for the System for State fiscal year 1995 shall be transferred and made available to the System at the beginning of that fiscal year at the request of the Board. Any excess funds remaining at the end of any fiscal year from appropriations shall be retained by the System as a general reserve to meet the System's accrued liabilities.

(Source: P.A. 93-2, eff. 4-7-03.)

(40 ILCS 5/14-131) (from Ch. 108 1/2, par. 14-131)

Sec. 14-131. Contributions by State.

(a) The State shall make contributions to the System by appropriations of amounts which, together with other employer contributions from trust, federal, and other funds, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

For the purposes of this Section and Section 14-135.08, references to State contributions refer only to employer contributions and do not include employee contributions that are picked up or otherwise paid by the State or a department on behalf of the employee.

(b) The Board shall determine the total amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board,

using the formula in subsection (e).

The Board shall also determine a State contribution rate for each fiscal year, expressed as a percentage of payroll, based on the total required State contribution for that fiscal year (less the amount received by the System from appropriations under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act, if any, for the fiscal year ending on the June 30 immediately preceding the applicable November 15 certification deadline), the estimated payroll (including all forms of compensation) for personal services rendered by eligible employees, and the recommendations of the actuary.

For the purposes of this Section and Section 14.1 of the State Finance Act, the term "eligible employees" includes employees who participate in the System, persons who may elect to participate in the System but have not so elected, persons who are serving a qualifying period that is required for participation, and annuitants employed by a department as described in subdivision (a) (1) or (a) (2) of Section 14-111.

(c) Contributions shall be made by the several departments for each pay period by warrants drawn by the State Comptroller against their respective funds or appropriations based upon vouchers stating the amount to be so contributed. These amounts shall be based on the full rate certified by the Board under Section 14-135.08 for that fiscal year. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the several departments shall not make contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The several departments shall resume those contributions at the commencement of fiscal year 2005.

(d) If an employee is paid from trust funds or federal funds, the department or other employer shall pay employer contributions from those funds to the System at the certified

rate, unless the terms of the trust or the federal-State agreement preclude the use of the funds for that purpose, in which case the required employer contributions shall be paid by the State. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the department or other employer shall not pay contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The department or other employer shall resume payment of contributions at the commencement of fiscal year 2005.

(e) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that (i) for State fiscal year 1998, for all purposes of this Code and any other law of this State, the certified percentage of the applicable employee payroll shall be 5.052% for employees earning eligible creditable service under Section 14-110 and 6.500% for all other employees, notwithstanding any contrary certification made under Section 14-135.08 before the effective date of this amendatory Act of 1997, and (ii) in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage

will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a): 9.8% in FY 1999; 10.0% in FY 2000; 10.2% in FY 2001; 10.4% in FY 2002; 10.6% in FY 2003; and 10.8% in FY 2004.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and each fiscal year thereafter, as calculated under this Section and certified under Section 14-135.08, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act.

(f) After the submission of all payments for eligible employees from personal services line items in fiscal year 2004 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2004 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 93rd General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2004 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2004 through payments under this Section and under Section 6z-61 of the State Finance

Act. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2004 Shortfall" for purposes of this Section, and the Fiscal Year 2004 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2004 Overpayment" for purposes of this Section, and the Fiscal Year 2004 Overpayment shall be repaid by the System to the Pension Contribution Fund as soon as practicable after the certification.

(40 ILCS 5/16-158) (from Ch. 108 1/2, par. 16-158)

Sec. 16-158. Contributions by State and other employing units.

(a) The State shall make contributions to the System by means of appropriations from the Common School Fund and other State funds of amounts which, together with other employer contributions, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (b-3).

(a-1) Annually, on or before November 15, the Board shall certify to the Governor the amount of the required State contribution for the coming fiscal year. The certification shall include a copy of the actuarial recommendations upon which it is based.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the

System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

(b) Through State fiscal year 1995, the State contributions shall be paid to the System in accordance with Section 18-7 of the School Code.

(b-1) Beginning in State fiscal year 1996, on the 15th day of each month, or as soon thereafter as may be practicable, the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a-1). From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (a) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this subsection, the difference shall be paid from the Common School Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(b-2) Allocations from the Common School Fund apportioned to school districts not coming under this System shall not be diminished or affected by the provisions of this Article.

(b-3) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of

State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a), and notwithstanding any contrary certification made under subsection (a-1) before the effective date of this amendatory Act of 1998: 10.02% in FY 1999; 10.77% in FY 2000; 11.47% in FY 2001; 12.16% in FY 2002; 12.86% in FY 2003; and 13.56% in FY 2004.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and each fiscal year thereafter, as calculated under this Section and certified under subsection (a-1), shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of

the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act.

(c) Payment of the required State contributions and of all pensions, retirement annuities, death benefits, refunds, and other benefits granted under or assumed by this System, and all expenses in connection with the administration and operation thereof, are obligations of the State.

If members are paid from special trust or federal funds which are administered by the employing unit, whether school district or other unit, the employing unit shall pay to the System from such funds the full accruing retirement costs based upon that service, as determined by the System. Employer contributions, based on salary paid to members from federal funds, may be forwarded by the distributing agency of the State of Illinois to the System prior to allocation, in an amount determined in accordance with guidelines established by such agency and the System.

(d) Effective July 1, 1986, any employer of a teacher as defined in paragraph (8) of Section 16-106 shall pay the employer's normal cost of benefits based upon the teacher's service, in addition to employee contributions, as determined by the System. Such employer contributions shall be forwarded monthly in accordance with guidelines established by the System.

However, with respect to benefits granted under Section 16-133.4 or 16-133.5 to a teacher as defined in paragraph (8) of Section 16-106, the employer's contribution shall be 12% (rather than 20%) of the member's highest annual salary rate for each year of creditable service granted, and the employer shall also pay the required employee contribution on behalf of the teacher. For the purposes of Sections 16-133.4 and 16-133.5, a teacher as defined in paragraph (8) of Section 16-106 who is serving in that capacity while on leave of absence from another employer under this Article shall not be considered an employee of the employer from which the teacher is on leave.

(e) Beginning July 1, 1998, every employer of a teacher shall pay to the System an employer contribution computed as follows:

(1) Beginning July 1, 1998 through June 30, 1999, the employer contribution shall be equal to 0.3% of each teacher's salary.

(2) Beginning July 1, 1999 and thereafter, the employer contribution shall be equal to 0.58% of each teacher's salary.

The school district or other employing unit may pay these employer contributions out of any source of funding available for that purpose and shall forward the contributions to the System on the schedule established for the payment of member contributions.

These employer contributions are intended to offset a portion of the cost to the System of the increases in retirement benefits resulting from this amendatory Act of 1998.

Each employer of teachers is entitled to a credit against the contributions required under this subsection (e) with respect to salaries paid to teachers for the period January 1, 2002 through June 30, 2003, equal to the amount paid by that employer under subsection (a-5) of Section 6.6 of the State Employees Group Insurance Act of 1971 with respect to salaries paid to teachers for that period.

The additional 1% employee contribution required under Section 16-152 by this amendatory Act of 1998 is the responsibility of the teacher and not the teacher's employer, unless the employer agrees, through collective bargaining or otherwise, to make the contribution on behalf of the teacher.

If an employer is required by a contract in effect on May 1, 1998 between the employer and an employee organization to pay, on behalf of all its full-time employees covered by this Article, all mandatory employee contributions required under this Article, then the employer shall be excused from paying the employer contribution required under this subsection (e) for the balance of the term of that contract. The employer and

the employee organization shall jointly certify to the System the existence of the contractual requirement, in such form as the System may prescribe. This exclusion shall cease upon the termination, extension, or renewal of the contract at any time after May 1, 1998.

Sec. 15-165. To certify amounts and submit vouchers.

(a) The Board shall certify to the Governor on or before November 15 of each year the appropriation required from State funds for the purposes of this System for the following fiscal year. The certification shall include a copy of the actuarial recommendations upon which it is based.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

(b) The Board shall certify to the State Comptroller or employer, as the case may be, from time to time, by its president and secretary, with its seal attached, the amounts payable to the System from the various funds.

(c) Beginning in State fiscal year 1996, on or as soon as possible after the 15th day of each month the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a). From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (b) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by

the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this Section, the difference shall be paid from the General Revenue Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(d) So long as the payments received are the full amount lawfully vouchered under this Section, payments received by the System under this Section shall be applied first toward the employer contribution to the self-managed plan established under Section 15-158.2. Payments shall be applied second toward the employer's portion of the normal costs of the System, as defined in subsection (f) of Section 15-155. The balance shall be applied toward the unfunded actuarial liabilities of the System.

(e) In the event that the System does not receive, as a result of legislative enactment or otherwise, payments sufficient to fully fund the employer contribution to the self-managed plan established under Section 15-158.2 and to fully fund that portion of the employer's portion of the normal costs of the System, as calculated in accordance with Section 15-155(a-1), then any payments received shall be applied proportionately to the optional retirement program established under Section 15-158.2 and to the employer's portion of the normal costs of the System, as calculated in accordance with Section 15-155(a-1).

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

(b) Beginning in State fiscal year 1996, on or as soon as possible after the 15th day of each month the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a). From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (c) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this Section, the difference shall be paid from the General Revenue Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

Section 20. The State Pension Funds Continuing Appropriation Act is amended by changing Section 1.2 as follows:

(40 ILCS 15/1.2)

Sec. 1.2. Appropriations for the State Employees' Retirement System.

(a) From each fund from which an amount is appropriated for personal services to a department or other employer under Article 14 of the Illinois Pension Code, there is hereby appropriated to that department or other employer, on a continuing annual basis for each State fiscal year, an additional amount equal to the amount, if any, by which (1) an amount equal to the percentage of the personal services line item for that department or employer from that fund for that fiscal year that the Board of Trustees of the State Employees' Retirement System of Illinois has certified under Section 14-135.08 of the Illinois Pension Code to be necessary to meet the State's obligation under Section 14-131 of the Illinois Pension Code for that fiscal year, exceeds (2) the amounts otherwise appropriated to that department or employer from that fund for State contributions to the State Employees' Retirement System for that fiscal year. From the effective date of this amendatory Act of the 93rd General Assembly through the final payment from a department or employer's personal services line item for fiscal year 2004, payments to the State Employees' Retirement System that otherwise would have been made under this subsection (a) shall be governed by the provisions in subsection (a-1).
