Sec. 10. Notice of Breach.

(a) Any data collector that owns or licenses personal information concerning an Illinois resident shall notify the resident at no charge that there has been a breach of the security of the system data following discovery or notification of the breach. The disclosure notification shall be made in the most expedient time possible and without unreasonable delay, consistent with any measures necessary to determine the scope of the breach and restore the reasonable integrity, security, and confidentiality of the data system. The disclosure notification to an Illinois resident shall include, but need not be limited to, information as follows:

(1) With respect to personal information as defined in Section 5 in paragraph (1) of the definition of "personal information":

(A) ~~(i)~~ the toll-free numbers and addresses for consumer reporting agencies;i 7

(B) ~~(ii)~~ the toll-free number, address, and website address for the Federal Trade Commission;i7 and

(C) ~~(iii)~~ a statement that the individual can obtain information from these sources about fraud alerts and security freezes.

The notification shall not, however, include information concerning the number of Illinois residents affected by the breach.

(2) With respect to personal information defined in Section 5 in paragraph (2) of the definition of "personal

information", notice may be provided in electronic or other form directing the Illinois resident whose personal information has been breached to promptly change his or her user name or password and security question or answer, as applicable, or to take other steps appropriate to protect all online accounts for which the resident uses the same user name or email address and password or security question and answer.

(b) Any data collector that maintains or stores, but does not own or license, computerized data that includes personal information that the data collector does not own or license shall notify the owner or licensee of the information of any breach of the security of the data immediately following discovery, if the personal information was, or is reasonably believed to have been, acquired by an unauthorized person. In addition to providing such notification to the owner or licensee, the data collector shall cooperate with the owner or licensee in matters relating to the breach. That cooperation shall include, but need not be limited to, (i) informing the owner or licensee of the breach, including giving notice of the date or approximate date of the breach and the nature of the breach, and (ii) informing the owner or licensee of any steps the data collector has taken or plans to take relating to the breach. The data collector's cooperation shall not, however, be deemed to require either the disclosure of confidential business information or trade secrets or the notification of an

Illinois resident who may have been affected by the breach.

(b-5) The notification to an Illinois resident required by subsection (a) of this Section may be delayed if an appropriate law enforcement agency determines that notification will interfere with a criminal investigation and provides the data collector with a written request for the delay. However, the data collector must notify the Illinois resident as soon as notification will no longer interfere with the investigation.

(c) For purposes of this Section, notice to consumers may be provided by one of the following methods:

(1) written notice;

(2) electronic notice, if the notice provided is consistent with the provisions regarding electronic records and signatures for notices legally required to be in writing as set forth in Section 7001 of Title 15 of the United States Code; or

Substitute notice shall consist of all of the following: (i) email notice if the data collector has an email address for the subject persons; (ii) conspicuous posting of the notice on the data collector's web site page if the data collector maintains one; and (iii) notification to major statewide media or, if

the breach impacts residents in one geographic area, to prominent local media in areas where affected individuals are likely to reside if such notice is reasonably calculated to give actual notice to persons whom notice is required.

(d) Notwithstanding any other subsection in this Section, a data collector that maintains its own notification procedures as part of an information security policy for the treatment of personal information and is otherwise consistent with the timing requirements of this Act, shall be deemed in compliance with the notification requirements of this Section if the data collector notifies subject persons in accordance with its policies in the event of a breach of the security of the system data.

(a) Any State agency that collects personal information concerning an Illinois resident shall notify the resident at no charge that there has been a breach of the security of the system data or written material following discovery or notification of the breach. The disclosure notification shall be made in the most expedient time possible and without unreasonable delay, consistent with any measures necessary to determine the scope of the breach and restore the reasonable

integrity, security, and confidentiality of the data system. The disclosure notification to an Illinois resident shall include, but need not be limited to information as follows:

(1) With respect to personal information defined in Section 5 in paragraph (1) of the definition of "personal information":

(i) the toll-free numbers and addresses for consumer reporting agencies;

(ii) the toll-free number, address, and website address for the Federal Trade Commission; and

(iii) a statement that the individual can obtain information from these sources about fraud alerts and security freezes.

(2) With respect to personal information as defined in Section 5 in paragraph (2) of the definition of "personal information", notice may be provided in electronic or other form directing the Illinois resident whose personal information has been breached to promptly change his or her user name or password and security question or answer, as applicable, or to take other steps appropriate to protect all online accounts for which the resident uses the same user name or email address and password or security question and answer.

The notification shall not, however, include information concerning the number of Illinois residents affected by the breach.

(a-5) The notification to an Illinois resident required by subsection (a) of this Section may be delayed if an appropriate law enforcement agency determines that notification will interfere with a criminal investigation and provides the State agency with a written request for the delay. However, the State agency must notify the Illinois resident as soon as notification will no longer interfere with the investigation.

(b) For purposes of this Section, notice to residents may be provided by one of the following methods:

(1) written notice;

(2) electronic notice, if the notice provided is consistent with the provisions regarding electronic records and signatures for notices legally required to be in writing as set forth in Section 7001 of Title 15 of the United States Code; or

(3) substitute notice, if the State agency demonstrates that the cost of providing notice would exceed \$250,000 or that the affected class of subject persons to be notified exceeds 500,000, or the State agency does not have sufficient contact information. Substitute notice shall consist of all of the following: (i) email notice if the State agency has an email address for the subject persons; (ii) conspicuous posting of the notice on the State agency's web site page if the State agency maintains one; and (iii) notification to major statewide media.

(c) Notwithstanding subsection (b), a State agency that

maintains its own notification procedures as part of an information security policy for the treatment of personal information and is otherwise consistent with the timing requirements of this Act shall be deemed in compliance with the notification requirements of this Section if the State agency notifies subject persons in accordance with its policies in the event of a breach of the security of the system data or written material.

(d) If a State agency is required to notify more than 1,000 persons of a breach of security pursuant to this Section, the State agency shall also notify, without unreasonable delay, all consumer reporting agencies that compile and maintain files on consumers on a nationwide basis, as defined by 15 U.S.C. Section 1681a(p), of the timing, distribution, and content of the notices. Nothing in this subsection (d) shall be construed to require the State agency to provide to the consumer reporting agency the names or other personal identifying information of breach notice recipients.

(e) Notice to Attorney General. Any State agency that suffers a single breach of the security of the data concerning the personal information of more than 250 Illinois residents shall provide notice to the Attorney General of the breach, including:

(A) The types of personal information compromised in the breach.

(B) The number of Illinois residents affected by such

incident at the time of notification.

(C) Any steps the State agency has taken or plans to take relating to notification of the breach to consumers.

(D) The date and timeframe of the breach, if known at the time notification is provided.

Such notification must be made within 45 days of the State agency's discovery of the security breach or when the State agency provides any notice to consumers required by this Section, whichever is sooner, unless the State agency has good cause for reasonable delay to determine the scope of the breach and restore the integrity, security, and confidentiality of the data system, or when law enforcement requests in writing to withhold disclosure of some or all of the information required in the notification under this Section. If the date or timeframe of the breach is unknown at the time the notice is sent to the Attorney General, the State agency shall send the Attorney General the date or timeframe of the breach as soon as possible.
