Re: Correspondence with the United States Department of Veterans Affairs

This report is submitted pursuant to Section 60 of the Quincy Veterans’ Home Rehabilitation and Rebuilding Act, which requires the Capital Development Board (CDB) to “provide the General Assembly with unredacted copies of all correspondence and communications with the United States Department of Veterans Affairs related to securing funding for the renovation, restoration, rehabilitation, or rebuilding of the Quincy Veterans’ Home” (330 ILCS 21/60).

This report serves as a supplement to the report submitted by CDB on December 7, 2018. Since the previous report, CDB has engaged in additional email communications with the United States Department of Veterans Affairs (USDVA) regarding necessary contract language required by USDVA to assist the Illinois Department of Veterans’ Affairs (IDVA) in obtaining federal reimbursement funding for design and construction work at IDVA facilities completed under CDB contracts.
This additional email communication consists of an email conversation beginning December 20, 2018, and ending January 17, 2019, between members of USDVA, IDVA, and CDB.

The email correspondence referenced above is attached to this report in unredacted form. Should you need any additional information regarding this report, do not hesitate to contact me.

Sincerely,

Amy Romano
Acting Executive Director and General Counsel
Capital Development Board
(217) 782-0700
