Section 1

The Illinois Department of Juvenile Justice, through the current practice of offering flexible work schedules, is committed to the philosophy of affording working parents every opportunity to minimize the need for daycare.

Section 2

Plan Implementation: Chief of Staff Erin A. Johnson
1112 South Wabash Avenue, 2nd floor
Chicago, Illinois 60605

Section 3

The Illinois Department of Juvenile Justice does offer flexible starting and ending times on an individual basis. The needs of the employee and the operational need in the work are reviewed.

Section 4

The Department of Juvenile Justice makes every effort to see that the personal obligations and needs of our employees are met; however, we are only able to offer flexible work schedules to employees outside the security area. A majority of the workforce is comprised of security staff; in addition, the agency currently operates three shifts, which decreases the ability to be more flexible.
