INDEPENDENT AUDITORS' REPORT

Honorable Frank J. Mautino
Auditor General
State of Illinois

Report on the Financial Statements

As Special Assistant Auditors for the Auditor General, we have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Peoria County Regional Office of Education #48 as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Peoria County Regional Office of Education #48's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Peoria County Regional Office of Education #48, as of June 30, 2017, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 18a through 18f, and the Schedule of the Employer's Proportionate Share of the Net Pension Liability - Teacher's Retirement System of the State of Illinois, Schedule of Employer Contributions - Teacher's Retirement System of the State of Illinois, Schedule of Employer Contributions - Illinois Municipal Retirement Fund, Schedule of Changes in the Net Pension Liability and Related Ratios - Illinois Municipal Retirement Fund, and Other Post Employment Benefits Schedule of Funding Progress on pages 62 through 65 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Peoria County Regional Office of Education #48's basic financial statements. The combining schedules of accounts, the budgetary comparison schedules, the combining fund financial statements, and the Schedule of Expenditures of Federal Awards, as required by Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining schedules of accounts, the budgetary comparison schedules, the combining fund financial statements, and the Schedule of Expenditures of Federal Awards, as required by the Uniform Guidance, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining schedules of accounts, the budgetary comparison schedules, the combining fund financial statements, and the Schedule of Expenditures of Federal Awards, as required by the Uniform Guidance, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated May 22, 2018, on our consideration of the Peoria County Regional Office of Education #48's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Peoria County Regional Office of Education #48's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Peoria County Regional Office of Education #48's internal control over financial reporting and compliance.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable Frank J. Mautino
Auditor General
State of Illinois

As Special Assistant Auditors for the Auditor General, we have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Peoria County Regional Office of Education #48, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise Peoria County Regional Office of Education #48's basic financial statements, and have issued our report thereon dated May 22, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Peoria County Regional Office of Education #48's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Peoria County Regional Office of Education #48's internal control. Accordingly, we do not express an opinion on the effectiveness of Peoria County Regional Office of Education #48's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying Schedule of Findings and Questioned Costs as item 2017-001 that we consider to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Peoria County Regional Office of Education #48's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matter that is required to be reported under *Government Auditing Standards* and which is described in the accompanying Schedule of Findings and Questioned Costs as item 2017-001.

Peoria County Regional Office of Education #48's Response to Finding

Peoria County Regional Office of Education #48's response to the finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. Peoria County Regional Office of Education #48's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Peoria County Regional Office of Education #48's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Peoria County Regional Office of Education #48's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE
FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Honorable Frank J. Mautino
Auditor General
State of Illinois

Report on Compliance for Each Major Federal Program

We have audited Peoria County Regional Office of Education #48's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on Peoria County Regional Office of Education #48's major federal program for the year ended June 30, 2017. The Peoria County Regional Office of Education #48's major federal program is identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the Peoria County Regional Office of Education #48's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Peoria County Regional Office of Education #48's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the Peoria County Regional Office of Education #48's compliance.

Opinion on Each Major Federal Program

In our opinion, the Peoria County Regional Office of Education #48 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2017.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying Schedule of Findings and Questioned Costs as item 2017-001. Our opinion on the major federal program is not modified with respect to this matter.

Peoria County Regional Office of Education #48's response to the noncompliance finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. Peoria County Regional Office of Education #48's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of Peoria County Regional Office of Education #48 is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Peoria County Regional Office of Education #48's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Peoria County Regional Office of Education #48's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a certain deficiency in internal control over compliance, as described in the accompanying Schedule of Finding and Questioned Costs as item 2017-001, that we consider to be a material weakness.

Peoria County Regional Office of Education #48's response to the internal control over compliance finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. Peoria County Regional Office of Education #48's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

CFDA number: 84.366B
Passed Through: Illinois State Board of Education
Federal Agency: U.S. Department of Education

Criteria/specific requirement

Employees of the Peoria County Regional Office of Education #48 (the Regional Office) are required to document their time and effort working on the Mathematics and Science Partnership programs when only a portion of their work is spent on these programs.

Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) requires charges for salaries and benefits to be supported by a system of internal control which provides reasonable assurance that the charges are accurate, allowable, and properly allocated. It also requires that records are used to support the distribution of employees' salary and benefits among specific activities if the employee only works part of the time on a federal award program. It further states that budget estimates alone do not qualify as support for salary and benefit charges to a federal award.

Condition:

The Regional Office did not use time and effort documentation to distribute the salary and benefit costs for three administrative employees who partly worked on Mathematics and Science Partnership activities and partly on other Regional Office activities. These employees completed time and effort documentation, but the documentation was not used in the distribution of salary and benefit costs charged to these programs. Further, it was noted one of these employees did not complete any time and effort documentation for 4 months and another did not for 1 month. The salary and benefits charged to the Mathematics and Science Partnership programs for both of these employees were based on an estimate of time worked on program activities.

Questioned Costs:

Not applicable

Context:

Salary and benefits, including pension expense, charged to Mathematics and Science Partnership programs during fiscal year 2017 totaled \$108,877.

For the Year Ended June 30, 2017

Section II - Financial Statement Findings (continued)

2017-001 Salaries and Benefits Not Supported by Proper Documentation (Repeat of Finding 16-001) (continued)

Effect:

Since time and effort documentation was not used to allocate the salary and benefit costs of certain employees, there is an increased risk that the salary and benefit costs charged to the Mathematics and Science Partnership programs does not reflect the actual time worked on the programs.

Cause:

According to Regional Office officials, the Regional Office was unable to implement a system of time and effort documentation fully compliant with the Uniform Guidance until July 2017 (FY18).

Recommendation:

The Regional Office should use time and effort documentation to distribute salary and benefit costs for employees who partly work on Mathematics and Science Partnership activities as well as other activities in accordance with the Uniform Guidance.

Management's Response:

The Regional Office has created time and effort sheets that all employees must complete documenting time worked on all grants, state and federal, for each pay period. All salary and benefit costs will be allocated accordingly based upon completed time sheets.

The Regional Office of Education #48 is currently using time and effort sheets that all employees complete documenting time worked on all grants for each pay period. Salary and benefit costs will then be allocated accordingly.

MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Year Ended June 30, 2017

Reporting the Regional Office as a Whole

The Statement of Net Position and the Statement of Activities

The government-wide statements report information about the Regional Office of Education #48 as a whole. The Statement of Net Position includes all of the assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. All of the current year revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid, using accounting methods similar to those used by private-sector companies.

The two government-wide statements report the Regional Office of Education #48's net position and how it has changed. Net position (the difference between the assets plus deferred outflows and liabilities plus deferred inflows) are one way to measure the Regional Office of Education #48's financial health or position.

- Over time, increases or decreases in the net position can be an indicator of whether financial position is improving or deteriorating, respectively.
- To assess the Regional Office of Education #48's overall health, additional non-financial factors, such as new laws, rules, regulations, and actions by officials at the state level need to be considered.

The government-wide financial statements present the Regional Office of Education #48's activities as both governmental and business-type activities. Local, state and federal aid finance most of the governmental activities, while user fees finance most of the business-type activities.

The fund financial statements provide detailed information about the Regional Office of Education #48's funds, focusing on its most significant or "major" funds. Funds are accounting devices that allow the tracking of specific sources of funding and spending on particular programs. Some funds are required by state law. 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Peoria County Regional Office of Education #48 was formed under the provisions of the State of Illinois, Illinois State Board of Education.

This summary of significant accounting policies of the Regional Office of Education #48 is presented to assist in understanding the Regional Office of Education #48's financial statements. The financial statements and notes are representations of the Regional Office of Education #48's management who is responsible for the integrity and objectivity of the financial statements. The Illinois Administrative Code, Title 23 - Subtitle A, Chapter 1, Section 110.115a, requires each Regional Office of Education to prepare annual financial statements in conformity with accounting principles generally accepted in the United States of America. These principles have been consistently applied in the preparation of the financial statements.

FINANCIAL REPORTING ENTITY

The Regional Office of Education #48 operates under the School Code (Articles 5/3 and 5/3A of Illinois Compiled Statutes, Chapter 105). The Regional Office of Education #48 encompasses Peoria County. The Regional Superintendent of Schools (Regional Superintendent) serves as chief administrative officer of the Regional Office of Education #48 and is elected pursuant to Article 3, Illinois Compiled Statutes, Chapter 105.

The Regional Superintendent is charged with responsibility for township fund lands; registration of the names of applicants for scholarships to State controlled universities; examinations and related duties; visitation of public schools; direction of teachers and school officers; to serve as the official advisor and assistant of school officers and teachers; to conduct teacher institutes as well as to aid and encourage the formation of other teachers' meetings and assist in their management; evaluate the schools in the region; examine evidence of indebtedness; to file and keep the returns of elections required to be returned to the Regional Superintendent's office; and file and keep the reports and statements returned by school treasurers and trustees.

The Regional Superintendent is also charged with the responsibilities of conducting a special census, when required; providing notice of money distributed to treasurers, board presidents, clerks, and secretaries of the school districts on or before each September 30; maintenance of a map and numbering of the Regional Office of Education #48's districts; providing township treasurers with a list of district treasurers; inspecting and approving building plans which comply with State law; performing and reporting on annual building inspections; investigating bus drivers for valid bus driver permits and taking related action as may be required; maintaining a list of unfilled teaching positions and carrying out other related duties required or permitted by law.

The Regional Superintendent is responsible for inspection and approval or rejection of school treasurers' bonds. The Regional Superintendent is also required to provide the State Board of Education with an affidavit showing that the treasurers of school districts under his control are properly bonded.

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2017

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

For the period ended June 30, 2017, the Regional Office of Education #48 applied for, received, and administered numerous State and federal programs and grants in assistance and support of the educational activities of the school districts in Regional Office of Education #48. Such activities are reported as a single special revenue fund (Education Fund).

SCOPE OF THE REPORTING ENTITY

The Regional Office of Education #48 reporting entity includes all related organizations for which they exercise oversight responsibility.

The Regional Office of Education #48 has developed criteria to determine whether outside agencies with activities which benefit the citizens of the Regional Office of Education #48, including districts or joint agreements which serve pupils from numerous regions, should be included in its financial reporting entity. The criteria include, but are not limited to, whether the Regional Office of Education #48 exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

The districts and joint agreements have been determined not to be a part of the reporting entity after applying the manifesting of oversight, scope of public service, and special financing relationships criteria and are therefore excluded from the accompanying financial statements because the Regional Office of Education #48 does not control the assets, operations, or management of the districts or joint agreements. In addition, the Regional Office of Education #48 is not aware of any entity, which would exercise such oversight as to result in the Regional Office of Education #48 being considered a component unit of the entity.

NEW ACCOUNTING PRONOUNCEMENTS

In 2017, the Regional Office of Education #48 implemented Governmental Accounting Standards Board (GASB) Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, and GASB Statement No. 82, *Pension Issues - An Amendment of GASB Statements No. 67, No. 68, and No. 73*. The Regional Office of Education #48 implemented these standards during the current year. The implementation of GASB Statement No. 74 establishes standards for the financial reports of defined benefit OPEB plans administered through trusts that meet specified criteria. GASB Statement No. 82 implementation clarifies the presentation of payroll-related measures in required supplementary information, the selection of assumptions and the treatment of deviations from the guidance in the Actuarial Standard of Practice for financial reporting purposes, and the classification of payments made by employers to satisfy employee or plan member contribution requirements. GASB Statement No. 77, *Tax Abatements*, GASB Statement No. 78, *Pensions Provided Through Certain Multiple-Employer Defined Benefit Pension Plans*, and GASB Statement No. 80, *Blending Requirements for Certain Component Units - An amendment of GASB Statement No. 14*, also became effective for the current year, but these statements had no impact on the Regional Office of Education #48's financial statements.

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Statement of Net Position and the Statement of Activities are government-wide financial statements. They report information on all of the Regional Office of Education #48's activities with most of the interfund activities removed. Governmental activities include programs supported primarily by State and federal grants and other intergovernmental revenues. The Regional Office of Education #48 has three business-type activities; Local Workshops, Learning Technology Center Technical Training and Support, and the Illinois Virtual School. The Local Workshop Fund accounts for fees charged for various workshops and conferences that provide staff development for educators in central and west central Illinois. The Learning Technology Center Technical Training and Support fund accounts for monies received to provide training and professional development to area educators. The Illinois Virtual School Fund accounts for tuition and subscription costs charged to schools and the Illinois State Board of Education for use of the Illinois Virtual School (IVS).

The Regional Office of Education #48's government-wide financial statements include a Statement of Net Position and a Statement of Activities. These statements present a summary of governmental and business-type activities for the Regional Office of Education #48 accompanied by a total column. These statements are presented on an "economic resources" measurement focus as prescribed by GASB Statement No. 34. All of the Regional Office of Education #48's assets (including capital assets), deferred outflows of resources, liabilities, and deferred inflows of resources are included in the accompanying Statement of Net Position. The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges for services, and 2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, such as, payables, receivables and transfers. Interfund activities between governmental funds and proprietary funds appear as due to/due from on the governmental fund Balance Sheet and proprietary fund Statement of Net Position and as other financing sources and uses on the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances and as transfers in and out on the proprietary fund Statement of Revenues, Expenses and Changes in Fund Net Position.

All interfund transactions between governmental funds and between business-type funds are eliminated on the government-wide financial statements. Interfund activities between governmental funds and business-type funds remain as due to/due from on the government-wide financial statements.

All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities.

The purpose of interfund borrowing and permanent transfers is to cover temporary or permanent short falls in cash flow within grant programs and funds.

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

PROPRIETARY FUND FINANCIAL STATEMENTS

Proprietary fund financial statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position, and a Statement of Cash Flows for each major proprietary fund and nonmajor funds aggregated.

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets, deferred outflows of resources, liabilities (whether current or noncurrent), and deferred inflows of resources are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Fund Net Position present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as non-operating expenses.

GOVERNMENTAL FUND FINANCIAL STATEMENTS

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and nonmajor funds aggregated. An accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the net position and changes in net position presented in the government-wide financial statements.

The governmental fund financial statements have been prepared in accordance with generally accepted accounting principles on the modified accrual basis. Under modified accrual basis of accounting, revenues are recorded when susceptible to accrual i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, typically 60 days. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except expenditures for other long-term obligations, which are recognized when paid.

Revenues received after the Regional Office of Education #48's availability period are reported as unavailable revenue in the fund statements and are reported as current revenue in the Statement of Activities.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The government-wide financial statements are reported using the "economic resources" measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor have been met.

PEORIA COUNTY

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2017

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (Continued)

The governmental funds financial statements focus on the measurement of spending or "financial flow" and the determination of changes in financial position, rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources." Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the Regional Office of Education #48; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually recoverable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria are met.

Under the terms of grant agreements, Regional Office of Education #48 funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted funding resources available to finance the program. It is the Regional Office of Education #48's policy to first apply cost-reimbursement grant resources to such programs, and then general revenues. It is the Regional Office of Education #48's policy to first apply restricted funds, then unrestricted. For unrestricted fund balances, committed funds are used first, then assigned funds, then unassigned if any.

FUND ACCOUNTING

The Regional Office of Education #48 uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The Regional Office of Education #48 uses governmental, proprietary, and fiduciary funds.

GOVERNMENTAL FUNDS

Governmental funds are those through which most governmental functions typically are reported. Governmental funds reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources, and liabilities and deferred inflows of resources is reported as a fund balance.

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Year Ended June 30, 2017

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

GOVERNMENTAL FUNDS (Continued)

As prescribed by GASB Statement No. 34, governmental fund reporting focuses on the major funds, rather than on the fund type. There is a two-step process for determining if a fund should be reported as a major fund: 1) total assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, or expenditures/expenses (excluding extraordinary items) of an individual fund are at least 10% of the corresponding total for the fund type, and 2) total assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, or expenditures/expenses (excluding extraordinary items) of an individual fund are at least 5% of the corresponding total for the total of all governmental and proprietary funds combined. Funds that do not meet the major fund determination requirements are reported in aggregate as nonmajor funds. The Regional Office of Education #48 has presented all major funds that met the above qualifications.

The Regional Office of Education #48 reports the following major governmental funds:

General Fund - The General Fund is used to account for resources traditionally associated with government which are not required, legally or by sound financial management, to be accounted for and reported in another fund. The General Fund is always considered a major fund. The following accounts are included in the General Fund:

ROE Local Fund - To account for local monies received that are not assigned to or need to be reported in another fund and to account for on-behalf support provided to the Regional Office of Education #48 from Peoria County and the State of Illinois.

General State Aid - To account for monies passed through to Peoria County School District 150.

Jail Library - To account for local monies received to provide a librarian at the Peoria County Jail.

Lincoln Senior Award - To account for local monies received to provide Abraham Lincoln Awards to sixteen high school students.

Office of Prevention - To account for monies used to create a "library" of substance abuse and violence prevention materials which directs a 40 percent portion of Title IV grants from 15 Peoria County school districts to Peoria County Sheriff for use in the D.A.R.E. program.

Hospital Tutoring - State laws require that hospitalized students receive tutoring. To account for the related transactions, including the receipt of the bills from the hospitals, billing the appropriate schools, receiving payment from the schools, and remitting payments to the hospitals.

Food Co-op - To account for the Regional Office of Education #48's administration of food programs for the schools participating in the co-op.

Peoria Regional High School Truants - To account for monies received for the operation of the Peoria County Regional High School.

GOVERNMENTAL FUND BALANCES

Fund Balance is the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources in a Governmental Fund. When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the Regional Office of Education #48 considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Regional Office of Education #48 considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Regional Superintendent has provided otherwise in its commitment or assignment actions.

The following types of fund balances may be presented in the Governmental Funds Balance Sheet and Governmental Funds Combining Schedule of Accounts:

Nonspendable Fund Balance – the portion of a Governmental Fund's fund balance that are not available to be spent, either short term or long term, in either form or through legal restrictions. Amounts representing prepaid expenses have been classified as nonspendable funds. The following accounts comprise nonspendable fund balance: ROE Local Fund, Peoria Regional High School General State Aid, Peoria Regional High School, and Criminal Background Checks.

Restricted Fund Balance – the portion of a Governmental Fund's fund balance that is subject to external enforceable legal restrictions. The following funds are restricted by Illinois Statute: Bus Driver Training, General Education Development, Institute, and Supervisory. The following fund balances are restricted by contributors: Local Foundation.

Committed Fund Balance – the portion of a Governmental Fund's fund balance with self-imposed constraints or limitations that have been placed at the highest level of decision making. There are no accounts presenting a committed fund balance.

Assigned Fund Balance – the portion of a Governmental Fund's fund balance to denote an intended use of resources. The accounts presented with assigned fund balances are specified for a particular purpose by the Regional Superintendent. The following accounts comprise assigned fund balance: Jail Library, Office of Prevention, Hospital Tutoring, Peoria Regional High School General State Aid, and Peoria Regional High School.

Unassigned Fund Balance – available expendable resources in a governmental fund that are not designated for a specific purpose. The unassigned fund balance is made up of the following: ROE Local Fund, Peoria Regional High School Truants, Criminal Background Checks, Communities for Youth Truants Alternative, McKinney-Vento Education for Homeless Children and Youth, Learning Technology Center General Operations, Regional Safe Schools, and Mathematics and Science Partnerships - SA.

NET POSITION

Equity is classified as net position and displayed in three components:

Invested in capital assets – Consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Unrestricted net position – The net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents consists of cash on deposit. The Regional Office of Education #48 considers all liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Capital assets purchased or acquired with an original cost of \$500 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received.

Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Office Equipment and Furniture	5 - 10 years
Computer Equipment	3 - 5 years
Other Equipment	5 - 20 years

COMPENSATED ABSENCES

Non-certified and certified employees who work 12 calendar months earn up to 20 vacation days for a full year of service. The accumulated total of vacation days may never exceed 30 days. In the event that a program terminates, no vacation days will be honored past the ending date of the program. Certified employees who work less than 12 calendar months per year do not earn vacation days, and therefore, no liability is accrued.

Employees receive up to 12 sick days annually and the unused portion is accumulated up to 180 days and carried forward. Employee sick leave is recorded when paid. Upon termination, employees do not receive any accumulated sick leave pay, and therefore, no liability is accrued.

DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES

Deferred outflow of resources - Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension expense and contributions from the employer after the measurement date but before the end of the employer's reporting period.

Deferred inflows of resources - Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources are reported in the governmental fund financial statements as unavailable revenue and represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources consist of grant receivables not collected within sixty days after year end.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

BUDGET DATA

The Regional Office of Education #48 acts as the administrative agent for certain grant programs that are accounted for in the Education Fund. Certain programs have separate budgets and are required to report to the Illinois State Board of Education, however, none of the annual budgets have been legally adopted nor are they required to do so. Comparisons of budgeted and actual results are presented as supplemental information.

Budgetary comparison schedules have been provided in supplementary schedules for the following funds: Adult Education - Federal Basic, Adult Education - State Basic, Adult Education - Performance, Communities for Youth Truants Alternative, McKinney-Vento Education for Homeless Children and Youth, Learning Technology Center General Operations, ROE/ISC Operations, Foundational Services, Special Education - IDEA Part D, Preschool for All Children, Regional Safe Schools, Mathematics and Science Partnerships - SA, and Mathematics and Science Partnerships - MA.

3 DEFINED BENEFIT PENSION PLAN - ILLINOIS MUNICIPAL RETIREMENT FUND

IMRF PLAN DESCRIPTION

The Regional Office of Education #48's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The Regional Office of Education #48's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this note. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

BENEFITS PROVIDED

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

EMPLOYEES COVERED BY BENEFIT TERMS

As of December 31, 2016, the following employees were covered by the benefit terms:

	IMRF
Retirees and Beneficiaries currently receiving benefits	5
Inactive Plan Members entitled to but not yet receiving benefits	13
Active Plan Members	7
Total	<u>25</u>

CONTRIBUTIONS

As set by statute, the Regional Office of Education #48's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The Regional Office of Education #48's annual contribution rate for calendar year 2016 was 13.38%. For the fiscal year ended June 30, 2017, the Regional Office of Education #48 contributed \$40,601 to the plan. The Regional Office of Education #48 also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

NET PENSION LIABILITY

The Regional Office of Education #48's net pension liability was measured as of December 31, 2016. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

ACTUARIAL ASSUMPTIONS

The following are the methods and assumptions used to determine total pension liability at December 31, 2016:

- The **Actuarial Cost Method** used was Entry Age Normal.
- The **Asset Valuation Method** used was Market Value of Assets.
- The **Inflation Rate** was assumed to be 2.75%.
- **Salary Increases** were expected to be 3.75% to 14.50%, including inflation.
- The **Investment Rate of Return** was assumed to be 7.50%.
- **Projected Retirement Age** was from the Experience-based Table of Rates, specific to the type of eligibility condition, last updated for the 2014 valuation according to an experience study from years 2011 to 2013.

ACTUARIAL ASSUMPTIONS (Continued)

- The IMRF-specific rates for **Mortality** (for non-disabled retirees) were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience.
- For **Disabled Retirees**, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives.
- For **Active Members**, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF-specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.
- The **long-term expected rate of return** on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2016:

Asset Class	Portfolio Target Percentage	Long-Term Expected Real Rate of Return
Domestic Equity	38%	6.85%
International Equity	17%	6.75%
Fixed Income	27%	3.00%
Real Estate	8%	5.75%

SINGLE DISCOUNT RATE

A Single Discount Rate of 7.50% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.50%, the municipal bond rate is 3.78%, and the resulting single discount rate is 7.50%.

4 TEACHERS' RETIREMENT SYSTEM OF THE STATE OF ILLINOIS

The Regional Office of Education #48 participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at <https://www.trsil.org/financial/financial-reports>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

BENEFITS PROVIDED

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system services prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service. Disability and death benefits are also provided.

Tier II members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

4 TEACHERS' RETIREMENT SYSTEM OF THE STATE OF ILLINOIS (Continued)

BENEFITS PROVIDED (Continued)

Essentially all Tier I retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

CONTRIBUTIONS

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2016 was 9.4 percent of creditable earnings. On July 1, 2016, the rate dropped to 9 percent of pay due to the expiration of the Early Retirement Option (ERO). The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the Regional Office of Education #48.

ON BEHALF CONTRIBUTIONS TO TRS

The State of Illinois makes employer pension contributions on behalf of the Regional Office of Education #48. For the year ended June 30, 2017, the State of Illinois contributions recognized by the Regional Office of Education #48 were based on the State's proportionate share of collective net pension liability associated with the Regional Office of Education #48, and the Regional Office of Education #48 recognized revenue and expenditures of \$1,391,730 in pension contributions from the State of Illinois.

2.2 FORMULA CONTRIBUTIONS

Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ending June 30, 2017 were \$11,199 and are deferred because they were paid after the June 30, 2016 measurement date.

FEDERAL AND SPECIAL TRUST FUND CONTRIBUTIONS

When TRS members are paid from federal and special trust funds administered by the Regional Office of Education #48, there is a statutory requirement for the Regional Office of Education #48 to pay an employer pension contribution from those funds. Under a policy adopted by the TRS Board of Trustees that has been in effect since fiscal year ended June 30, 2006, employer contributions for employees paid from federal and special trust funds will be the same as the state contribution rate to TRS. Public Act 98-0674 now requires the two rates to be the same.

FEDERAL AND SPECIAL TRUST FUND CONTRIBUTIONS (Continued)

For the year ended June 30, 2017, the employer pension contribution was 38.54 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2017, salaries totaling \$189,634 were paid from federal and special trust funds that required employer contributions of \$73,085. These contributions are deferred because they were paid after the June 30, 2016 measurement date.

EMPLOYER RETIREMENT COST CONTRIBUTIONS

Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The Regional Office of Education #48 is required to make a one-time contribution to TRS for members retiring under the Early Retirement Option (ERO). The payments vary depending on the member's age and salary. The maximum employer ERO contribution under the program that ended June 30, 2016 is 146.5 percent and applies when the member is age 55 at retirement. For the year ended June 30, 2017, the Regional Office of Education #48 paid no employer contributions under the ERO program.

The Regional Office of Education #48 is also required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary. A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2017, the Regional Office of Education #48 made no payments to TRS for employer contributions due on salary increases in excess of 6 percent and no payments for sick leave days granted in excess of the normal annual allotment.

PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS

At June 30, 2017, the Regional Office of Education #48 reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for State pension support provided to the employer. The State's support and total are for disclosure purposes only. The amount recognized by the employer as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the employer were as follows:

Employers proportionate share of the net pension liability	\$ 836,632
State's proportionate share of the net pension liability associated with the employer	14,171,517
	<hr/> <u>\$ 15,008,149</u>

The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2015, and rolled forward to June 30, 2016. The Regional Office of Education #48's proportion of the net pension liability was based on the employer's share of contributions to TRS for the measurement year ended June 30, 2016, relative to the contributions of all participating TRS employers and the State during that period. At June 30, 2016, the Regional Office of Education #48's proportion was 0.0010598858 percent, which was a decrease of .0001652325 percent from its proportion measured as of June 30, 2015.

ACTUARIAL ASSUMPTIONS

The total pension liability in the June 30, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation:	2.50 percent
Salary increase:	varies by amount of service credit
Investment rate of return:	7.00 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the RP-2014 White Collar Table with adjustments as appropriate for TRS experience. The rates are used on a fully-generational basis using projection table MP-2014.

For the June 30, 2016 valuation, the investment return assumption was lowered from 7.5 percent to 7.0 percent. Salary increase assumptions were lowered from their 2015 levels. Other assumptions were based on the 2015 experience analysis which increased retirement rates, improved mortality assumptions and made other changes.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
U.S. equities large cap	14.4%	6.94%
U.S. equities small/mid cap	3.6%	8.09%
International equities developed	14.4%	7.46%
Emerging market equities	3.6%	10.15%
U.S. bonds core	10.7%	2.44%
International debt developed	5.3%	1.70%
Real estate	15.0%	5.44%
Commodities (real return)	11.0%	4.28%
Hedge funds (absolute return)	8.0%	4.16%

DISCOUNT RATE

At June 30, 2016, the discount rate used to measure the total pension liability was a blended rate of 6.83 percent, which was a change from the June 30, 2015 rate of 7.47 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and state contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2016 was not projected to be available to make all projected future benefit payments of current active and inactive members and all benefit recipients. Tier I's liability is partially funded by Tier II members, as the Tier II member contribution is higher than the cost of Tier II benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. Despite the subsidy, all projected future payments were not covered, so a slightly lower long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

At June 30, 2015, the discount rate used to measure the total pension liability was 7.47 percent. The discount rate was lower than the actuarially-assumed rate of return on investments that year as well because TRS's fiduciary net position and the subsidy provided by Tier II were not sufficient to cover all projected benefit payments.

SENSITIVITY OF THE REGIONAL OFFICE OF EDUCATION #48'S PROPORTIONATE SHARE OF THE NET PENSION LIABILITY TO CHANGES IN THE DISCOUNT RATE

The following presents the Regional Office of Education #48's proportionate share of the net pension liability calculated using the discount rate of 6.83 percent, as well as what the employer's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.83 percent) or 1-percentage-point higher (7.83 percent) than the current rate.

	Current		
	1% Decrease (5.83%)	Discount Rate (6.83%)	1% Increase (7.83%)

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions - Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the June 30, 2015 actuarial valuation, the projected unit credit cost method was used. The actuarial assumptions included a discount rate of 4.00% and an initial healthcare cost trend rate of 5.0 % to 10.0%. Both rates include a 3.00% inflation assumption. The actuarial value of assets was not determined as the Regional Office of Education #48 has not advance funded its obligation. The plan's unfunded actuarial accrued liability is being amortized using a level percent of pay based on an open group. The remaining amortization period at June 30, 2017 was 30 years.

15 DEFICIT FUND BALANCE

Because some revenues from the State of Illinois will not be collected for several months after the Regional Office's fiscal year ends, they are not considered "available" revenues and are deferred in the governmental funds. The deferral of the revenues caused a deficit fund balance of \$34,508 in Peoria Regional High School Truants, \$56,737 in Communities for Youth Truants Alternative, \$2,088 in McKinney-Vento Education for Homeless Children and Youth, \$70,084 in Learning Technology Center General Operations, \$16,641 in Regional Safe Schools, and \$4,310 in Mathematics and Science Partnerships - SA fund accounts as of June 30, 2017.

16 PROSPECTIVE ACCOUNTING CHANGE

The Governmental Accounting Standards Board has issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pensions*. This statement will be implemented for the fiscal year ending June 30, 2018. This statement provides reporting guidance for governments that provide Other Postemployment Benefits (OPEB), excluding pensions, to their retirees who meet the qualifications of the plan. This statement will change how long-term obligations associated with OPEB are calculated and reported, as well as requiring more extensive note disclosures for Required Supplementary Information (RSI) about OPEB liabilities. At this time, the effect of the statement on the financial statements is indeterminable; however, the Statement of Net Position will be adjusted to include the OPEB liability on the face of the financial statements in future reporting periods.

Summary of Actuarial Methods and Assumptions Used in the Calculation of the 2016 Contribution Rate*

Valuation Date:

Notes Actuarially determined contribution rates are calculated as of December 31 each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine 2016 Contribution Rates:

<i>Actuarial Cost Method:</i>	Aggregate entry age = normal
<i>Amortization Method:</i>	Level percentage of payroll, closed
<i>Remaining Amortization Period:</i>	27-year closed period
<i>Asset Valuation Method:</i>	5-year smoothed market; 20% corridor
<i>Wage Growth:</i>	3.5%
<i>Price Inflation:</i>	2.75%, approximate; No explicit price inflation assumption is used in this valuation.
<i>Salary Increases:</i>	3.75% to 14.5%, including inflation
<i>Investment Rate of Return:</i>	7.5%
<i>Retirement Age:</i>	Experience-based table of rates that are specific to the type of eligibility condition; last updated for the 2014 valuation pursuant to an experience study of the period 2011 to 2013.
<i>Mortality:</i>	RP-2014 Blue Collar Health Annuitant Mortality Table, adjusted to match current IMRF experience. For disabled lives, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF-specific mortality table was used with fully generational projection scale MP-2014 (base year 2014). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

Other Information:

Notes: There were no benefit changes during the year.

* Based on Valuation Assumptions used in the December 31, 2014, actuarial valuation; note two year lag between valuation and rate setting.

This schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, information is presented for those years for which information is available.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

For the Year Ended June 30, 2017

1 BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") includes the federal award activity of Regional Office of Education #48 under programs of the federal government for the year ended June 30, 2017. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Regional Office of Education #48, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Regional Office of Education #48. Therefore, some amounts presented on this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Regional Office of Education #48 has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.
