HB 00006
Rep. Mary E. Flowers-Anne Stava-Murray-Carol Ammons-Rita Mayfield-LaToya Greenwood, Bob Morgan,
Camille Y. Lilly and Barbara Hernandez

20 ILCS 2310/2310-431 new

Amends the Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois. Requires
the Department of Public Health to establish women's health clinics throughout the State to provide affordable health care for women.
Requires the services provided at the women's health clinic to be offered at an affordable price and to include specified services,
including women's health examinations, pregnancy confirmation, prenatal care, labor and delivery services, postpartum care, family
planning examinations and birth control services, and care for sexually transmitted diseases and infections.

Fiscal Note (Dept. of Public Health)
The legislation does not specify the total number or geographic locations of women's health clinics so there is no way to
calculate the costs for the State to establish facilities directed to provide the following services: annual women's health
examinations, pregnancy confirmation services, prenatal care, labor and delivery provided by an obstetrician, postpartum
care and support, family planning services, sexually transmitted disease care, doulas and childbirth consultants and
childbirth education and breastfeeding care. The best example to look at is federally qualified health centers (FQHCs),
where all of this care is already provided, except for labor and delivery (which needs to be done at a hospital due to the
need for surgical/anesthesia services). According to the federal government, the costs of FQHCs in Illinois in 2017 were
$968,572,482. This figure does not include the costs for construction or obtaining building spaces, or any of the costs for the
more costly care involving child birth, including surgical care, infant resuscitation teams, etc.

Amends the State Finance Act. Creates the Financially Distressed Cities Fund. Amends the State Revenue Sharing Act and the Illinois Income Tax Act. Provides that the Treasurer shall monthly transfer to the Financially Distressed Cities Fund an amount certified by the Department of Revenue equal to: (1) the amount that would have been distributed under the State Revenue Sharing Act to all financially distressed cities if the Treasurer had transferred to the Local Government Distributive Fund a sum calculated using 0.10% of the net revenue realized from the tax imposed by the Illinois Income Tax Act upon individuals, trusts, estates, and corporations during the preceding month; and (2) subtracting the amount distributed to all financially distressed cities from the Local Government Distributive Fund. Provides that the Department of Revenue shall monthly allocate an amount from the Financially Distressed Cities Fund that shall be paid to each financially distressed city. Amends the Financially Distressed City Law of the Illinois Municipal Code. Makes the law applicable to both home rule and non-home rule municipalities. Provides that a State agency or unit of local government may also render technical assistance to a municipality's Financial Advisory Authority as the Authority may request. Provides that the State shall not reduce revenues or impose additional costs affecting a financially distressed city affecting the municipality unless it is consistent with the Financial Plan and Budget in effect. Provides that State mandates enacted while a municipality is designated as a financially distressed city that would cause the municipality to incur costs are not valid or enforceable during the period when the municipality is under the financially distressed city designation. Effective January 1, 2020.

Fiscal Note (Dept. of Revenue)

As written, this bill would have no income tax revenue impact, nor would it have any impact on the General Revenue Fund. Although it appears that the intention of the bill is to provide more funds to "financially distressed cities" by transferring money from the General Revenue Fund to the newly created Financially Distressed Cities Fund, the formula used to determine the amount of that transfer does not accomplish this. For any amount of money to be transferred to the Financially Distressed Cities Fund, the formula needs to be based on a percentage greater than current Local Government Distribution Fund (LGDF) diversion rates (for fiscal year 2020, the LGDF rates are 6.06 percent of net individual income tax receipts and 6.85 percent of net corporate income tax receipts). The percentage used in this bill is 0.10 percent.

New Act

105 ILCS 5/27A-5
30 ILCS 805/8.43 new

Creates the Seizure Smart School Act. Provides for legislative findings and defines terms. Requires the parent or guardian of a student with epilepsy who seeks assistance with epilepsy-related care in a school setting to submit a seizure action plan with the student's school. Provides that a delegated care aide shall perform the activities and tasks necessary to assist a student with epilepsy in accordance with the student's seizure action plan. Requires training for school employees and delegated care aides. Requires that an information sheet be provided to any school employee who transports a student with epilepsy to a school-sponsored activity. Provides that a school district may not restrict the assignment of a student with epilepsy to a particular school on the basis that the school does not have a full-time school nurse and a school may not deny a student access to the school or any school-related activity on the basis that the student has epilepsy. Provides for school employee protection against retaliation, immunity, and rights under federal law. Amends the Charter Schools Law of the School Code to make a related change. Amends the State Mandates Act to require implementation without reimbursement.

House Committee Amendment No. 3

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Makes a change to the legislative findings. Changes the definition of "delegated care aide" to mean a school employee or paraprofessional who has agreed to receive training in epilepsy and assist a student in implementing his or her seizure action plan and who has entered into an agreement with a parent or guardian of that student. Limits the definition of "school employee" to include, among other persons, a person who is employed by a school district or school as a principal, administrator, guidance counselor, or teacher. Provides that the training of a delegated care aide shall include consultation with the student's parent or guardian and may include consultation with an epilepsy educator approved by the Epilepsy Foundation of America and training for school employees must be provided annually through approximately one hour of self-study review approved by the Epilepsy Foundation of America or by an epilepsy educator approved by the Epilepsy Foundation of America (rather than requiring training for school employees and delegated care aides to be provided by a trained health care provider with an expertise in epilepsy). Removes a provision requiring the principal of a school to coordinate the training of all delegated care aides. Provides that, if applicable, a seizure action plan (rather than an information sheet) must be provided to any school employee who transports a student with epilepsy to a school-sponsored activity; makes a conforming change. Requires a school employee to be in compliance with the training provisions of the Act in order to have immunity. Adds an effective date of July 1, 2020.

In the case of a college or university meeting certain criteria, for services performed in an instructional, research, or principal administrative capacity, provides that a person is presumed not to have reasonable assurance of employment under an offer that is conditioned on enrollment, funding, or program changes. Provides that: it is the employer's burden to provide sufficient documentation to overcome the presumption; reasonable assurance must be determined on a case-by-case basis by the total weight of the evidence rather than the existence of any one factor; and primary weight must be given to the contingent nature of an offer of employment based on enrollment, funding, and program changes. Provides that a letter from an employer to an employee that makes employment conditional is not prima facie evidence of reasonable assurance to be used to deny a claim for unemployment insurance.

Replaces everything after the enacting clause. Amends the Illinois Income Tax Act and the Minimum Wage Law. Provides for an increase in the minimum wage and for a credit against withholding payments in relation to the increase. Increases the minimum wage to $9.25 per hour beginning January 1, 2020. Provides for annual increases in the minimum wage culminating in a minimum wage of $15 per hour beginning on January 1, 2025. Provides to employers with 50 or fewer full-time equivalent employees a credit against tax withheld beginning January 1, 2020. Reduces the credit beginning January 1, 2021. Provides employers may claim the credit amount in effect on January 1, 2025 until December 31, 2026 and that employers with no more than 5 employees may claim that credit until December 31, 2027. Authorizes the Department of Labor to perform random audits of employer to ascertain compliance with the Minimum Wage Law. Authorizes a penalty of $100 per employee for failure to maintain required records. Effective immediately.

Pension Note (Government Forecasting & Accountability)

There is no readily discernible fiscal impact associated with SB1, as engrossed. To the extent minimum wage workers participate in pension funds governed by the Pension Code, there could be an increase in accrued liability, but it would presumably be very small and likely actuarially insignificant.

State Debt Impact Note (Government Forecasting & Accountability)

This bill would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Fiscal Note (Dept of Revenue)
SB 00001 (CONTINUED)

Increasing the minimum wage to $15 per hour over 6 years increases state revenues. The positive effect on tax revenue, in the form of income and sales taxes, is only slightly offset by the negative effect on income tax revenues of the tax credit extended to eligible businesses. Overall, the net impact of this proposed legislation is an increase in state revenues of nearly $390 million by fiscal year 2027.

The positive effect on tax revenue is produced by the additional income tax collection and sales tax collection given by higher wages and personal consumption expenditure in the state economy. We estimate Individual Income tax (IIT) revenue at the current individual income tax rate of 4.95 percent. The estimate for Sales Tax revenue values were decreased to account for the fact that the state does not tax services and receives no share of revenue on food for consumption off site, prescription drugs or certain medical devices.

The negative effect on Income tax revenue is due to the tax credit against withholdings. The tax credit for eligible employers is a declining percentage of the wage increment defined as the differential between the employee's hourly wage from the final quarter of the previous calendar year and the State's minimum wage of the present year. The credit, applied on a calendar year basis is set to scale down over the course of the ramp (to year 2025) at which point the calculation of the credit shifts to a flat, fixed dollar amount. The schedule of credits is as follows: 25% credit in 2020; 21% credit in 2021; 17% credit in 2022; 13% credit in 2023; 9% credit in 2024, and 5% credit in 2025. In calendar year 2026, the credit for businesses is fixed to match the credit taken in 2025; in calendar year 2027, the credit for those businesses with 5 or fewer employees is fixed to match the credit taken in 2025.

In calculating the cost of the tax credit, we considered the number of minimum wage jobs increasing from $8.25 in 2019 to $10.00 in 2020, from $10.00 to $11.00 in 2021 and so on until 2027. We discounted those jobs in firms with more than 50 employees using Census bureau data on small firms in Illinois. We considered 1750 hours of work as full time in accordance with prior studies on the subject. All estimates above are static estimates, meaning that they do not account for changes in the labor supply and demand associated to the increase in labor cost.

Home Rule Note (Dept. of Commerce & Economic Opportunity)
This bill does not pre-empt home rule authority.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)
This bill does create a State mandate.

Balanced Budget Note (Office of Management and Budget)
Please be advised that the Balanced Budget Note Act does not apply to SB 1, as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

Correctional Note (Dept of Corrections)
There is no fiscal or population impact on the Department of Corrections.

Judicial Note (Admin Office of the Illinois Courts)
This bill would neither increase nor decrease the number of judges needed in the State of Illinois.

Housing Affordability Impact Note (Housing Development Authority)
This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.
