Removes a provision excluding abortions or induced miscarriages or premature births from the list of services provided under the State's medical assistance program. Removes other provisions concerning abortion restrictions. Amends the Problem Pregnancy Health Services and Care Act. State Debt Impact Note (Government Forecasting & Accountability)
This legislation would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Pension Note (Government Forecasting & Accountability)
HB 40 will not impact any public pension fund or retirement system in Illinois.

Judicial Note (Admin Office of the Illinois Courts)
This bill would neither increase nor decrease the number of judges needed in the State.

Correctional Note (Dept of Corrections)
HB 40 has no fiscal or population impact on the Department of Corrections.

Judicial Note (Admin Office of the Illinois Courts)
This bill would neither increase nor decrease the number of judges needed in the State.

Land Conveyance Appraisal Note (Dept. of Transportation)
The Illinois Department of Transportation has determined that no land conveyance is necessary for this bill.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)
HB 40 does not create a State mandate.

Housing Affordability Impact Note (Housing Development Authority)
This bill will have no effect on the cost of constructing, purchasing, owning, or selling, a single-family residence.

Home Rule Note (Dept. of Commerce & Economic Opportunity)
HB 40 does not pre-empt home rule authority.

Balanced Budget Note (Office of Management and Budget)
HB 00040 (CONTINUED)

An accurate cost assessment for this bill cannot be completed at this time because it does not mandate the State to fund these services. However, by removing these prohibitions it opens the State up for significant cost liabilities to incur. It is unknown how often these services would be utilized by Medicaid enrollees or State employees, the exact cost to health insurance plans, or how many new grant requests the Department of Human Services would receive as a response to this, and future related legislation.

Fiscal Note (Dept. of Healthcare & Family Services)
The estimated annual cost for abortion services resulting from House Bill 40 is approximately $1.8 million, which would be 100% GRF funded. There may be other budgetary impacts that are not quantifiable.

Housing Affordability Impact Note (Housing Development Authority)
This bill will have no effect on the cost of constructing, purchasing, owning, or selling, a single-family residence.

House Floor Amendment No. 1

Further amends the Medical Assistance Article of the Illinois Public Aid Code. Provides that notwithstanding any other provision of the Code, reproductive health care that is otherwise legal in Illinois shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance.

Balanced Budget Note, House Floor Amendment No. 1 (Office of Management and Budget)
The Balanced Budget Note Act does not apply to House Bill 40 (H-AM 1) as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

Land Conveyance Appraisal Note, House Floor Amendment No. 1 (Dept. of Transportation)
No land conveyances are included in this bill; therefore, there are no appraisals to be filed.

Balanced Budget Note, House Floor Amendment No. 1 (Office of Management and Budget)
The Balanced Budget Note Act does not apply to House Bill 160 (H-AM 1) as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

State Debt Impact Note, House Floor Amendment No. 1 (Government Forecasting & Accountability)
HB (H-AM 1) would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

This bill would neither increase nor decrease the number of judges needed in the State.

Pension Note, House Floor Amendment No. 1 (Government Forecasting & Accountability)
This bill will not impact any public pension fund or retirement system in Illinois.

Housing Affordability Impact Note, House Floor Amendment No. 1 (Housing Development Authority)

State Mandates Fiscal Note, House Floor Amendment No. 1 (Dept. of Commerce & Economic Opportunity)
This bill does not create a State mandate.

Fiscal Note, House Floor Amendment No. 1 (Dept. of Revenue)
The bill makes changes to numerous tax acts and creates a new Business Occupation Assessment. The following table summarizes the revenue impacts that can be quantified by the Department. There is a fiscal year 2018 impact and long-run annualized impact. The fiscal year 2018 impact of the corporate income tax rate reduction has an outsized effect relative to the annualized effect because of retroactivity. The Business Occupation Assessment for fiscal year 2018 is net of credits for income tax liability. (A) Individual Income Tax: (1) Earned Income Tax Credit - The proposed increase to the earned income tax credit to 12.5% effective January 1, 2017, has a cost of $59 million in fiscal year 2018. The bill increases the earned income tax credit to 15% of the federal credit effective January 1, 2018, which will cost $118 million in FY19; (2) Economic Development for a Growing Economy (EDGE) Tax Credit against withholding - The bill repeals the election for taxpayers to claim EDGE credit against their employees withholding liability under IITA section 704A. This proposal increases IIT revenue by an estimated $28 Million annually (based on micro-simulation model that uses more than 6 million Illinois tax records). This repeal as proposed may be subject to litigation. The change is retroactive and seeks to disallow credits already awarded. May be an impairment of contract. Legal should opine; (B) Sales Tax - It is not possible to estimate the impact since the data is not stated separately on the ST-1 nor does any reliable public data source exist; (C) Corporate Income Tax - For a full 12 months of implementation, a reduction in the corporate income tax rate from 5.25% to 2.625% would reduce gross corporate income tax revenue by approximately $1 billion. Net of refunds, the rate reduction would reduce net revenue by approximately $850 million. It is unlikely that such a change would have a significant impact on revenue for the remainder of fiscal year 2017. Adjustments in estimated payments are generally slow to come as taxpayers attempt to avoid penalties resulting from underpayment. A decrease in the tax rate for tax year 2017 would likely be felt most strongly in fiscal year 2018 and the beginning of fiscal year 2019 as taxpayers adjust estimated, final, and extension payments and request larger refunds to compensate for overpayment during the preceding tax year; (1) Business Occupation Assessment - For a full 12 months of implementation, the Business Occupation Assessment will generate $480 million net of all credits applied against the corporate income tax; (2) Credit for Student-Assistance Contributions - The changes to the Credit to Student-Assistance Contributions will have a negligible impact on state tax revenues; (3) River Edge Historic Preservation Tax Credit - Because we have no way to estimate the number or scale of potential qualified rehabilitation projects that will occur in a River Edge Redevelopment Zone, we cannot estimate the potential cost to the State resulting from this credit; (4) Internship Credit - The impact on state tax revenue resulting from this credit is yet to be determined; (5) Apprenticeship Training Credit - The proposed amendment to the Illinois Income Tax Act would have a negative impact on revenue. It is estimated that a full 12 months of implementation would reduce income tax revenue by $80,000 - $4.5 million; (6) Economic Development for a Growing Economy (EDGE) Tax Credit - This component of the bill would have no impact on state tax revenue; (7) Angel Investment Credit Sunset Date Extension - This component of the bill would reduce state tax revenue by $10 million per year; (8) Live Theater Production Credit Sunset Date Adjustment (January 1, 2022) - It is estimated that for a full 12 months of implementation, a change to the sunset date for the tax credits earned under this Act will have a negative impact on revenue of approximately $1 million; (9) Film Production Services Tax Credit Sunset Date Adjustment (January 1, 2026) - It is estimated that for a full 12 months of implementation, a change to the sunset date for the tax credits earned under this Act will have a negative impact on revenue of approximately $16 million. It should be noted, however, that the annual amount of tax credits earned and applied can vary significantly from year to year; (D) Other State Revenue Sources: (1) Repeal Corporate Franchise Tax - Elimination of the Corporate Franchise Tax will cost the general funds $180 million per year; (2) LLC and Series LLC Fee Reduction - The Department of Revenue has no way to estimate the number of LLCs and series LLCs that file applications for admission or restated articles of organization on an annual basis. Lowering the filing fees to $39 and $59 would have a negative impact on revenue, but we are unable to estimate the size of the impact. The Illinois Secretary of State should be able to estimate this impact; (3) Various Taxes - Verified Overpayment Credit - These changes will have no impact on state tax revenues; (4) Estate Tax - Business property exempted from state tax credit calculation - This change will likely have a negative impact on state tax revenues.

305 ILCS 5/5B-4  from Ch. 23, par. 5B-4
Replaces everything after the enacting clause. Amends the Illinois Public Aid Code. In provisions concerning an assessment on occupied bed days, provides that when the State fails to reimburse for services rendered in the month on which the assessment is imposed, the due date for payment of the assessment must be no earlier than 30 days after reimbursement by the State (rather than a facility that has delayed payment due to the State's failure to reimburse for services rendered may request an extension on the due date for payment and shall pay the assessment within 30 days of reimbursement by the Department of Healthcare and Family Services). Provides that the Department may not collect payment of the assessment if the long-term care provider has not been paid for services provided during the month on which the assessment is levied and the long-term care provider does not need to take any additional action (rather than the Department may not deny a request for delay of payment of the assessment if the long-term care provider has not been paid for services provided during the month on which the assessment is levied). In a provision concerning a penalty assessment for failure to file an assessment bill with payment, provides that no penalty shall be assessed if the long-term care facility submits its assessment bill prior to the payment if the payment is delayed when the long-term care facility has not been paid for services provided during the month on which the assessment is levied. Effective immediately.

House Floor Amendment No. 2
Replaces everything after the enacting clause. Amends the Long-Term Care Provider Funding Article of the Illinois Public Aid Code. In provisions concerning an assessment on occupied bed days, provides that payments of assessments shall be automatically delayed for any month for which payment for all Medicaid bed days has not been received by a facility from the Department of Healthcare and Family Services, a Medicaid managed care organization, or any entity authorized by the Department to make payments on its behalf until at least 30 days have elapsed since the receipt of payment. Provides that the Department shall establish, by rule, a process for the determination of delayed payment dates that shall include, at a minimum, notice requirements, but shall not require the facility to apply and be approved for a delay of payment due to nonpayment nor shall any other criteria for the delay be imposed. Removes a provision prohibiting the Department from denying a request for delay of payment of the assessment if the long-term care provider has not been paid for services provided during the month on which the assessment is levied. Effective immediately.

Replaces everything after the enacting clause. Amends the Illinois Public Aid Code. Requires long-term care providers to submit all changes in resident status, including, but not limited to, death, discharge, changes in patient credit, third party liability, and Medicare coverage to the Department of Healthcare and Family Services through the Medical Electronic Data Interchange System, the Recipient Eligibility Verification System, or the Electronic Data Interchange System under a specified schedule. Requires the Department of Healthcare and Family Services to serve as the lead agency assuming primary responsibility for the full implementation of provisions concerning expedited long-term care eligibility determinations, renewals, enrollments, and payments, including the establishment and operation of the expedited long-term care system. Provides that beginning on June 29, 2018, provisional eligibility must be issued to any applicant who has not received a final eligibility determination on his or her application for Medicaid or Medicaid long-term care benefits or a notice of an opportunity for a hearing within the federally prescribed deadlines for the processing of such applications. Requires the Department to maintain the applicant's provisional Medicaid enrollment status until a final eligibility determination is approved or the applicant's appeal has been adjudicated and eligibility is denied. Provides that the Department or the managed care organization, if applicable, must reimburse providers for all services rendered during an applicant's provisional eligibility period. Requires the Department to adopt, by rule, policies and procedures to ensure prospective compliance with the federal deadlines for Medicaid and Medicaid long-term care benefits eligibility determinations. Sets forth certain standards and principles the policies must address, including: (i) a streamlined application and enrollment process; (ii) protocols to expedite the eligibility processing system for applicants meeting certain guidelines, regardless of the age of the application; (iii) the review of applications for long-term care benefits when there exists credible evidence that an applicant has transferred assets with the intent of defrauding the State; and other matters. Contains provisions concerning: (1) the adoption of policies and procedures to improve communication between long-term care benefits central office personnel, applicants, and facilities in which the applicants reside; the establishment of policies and procedures to improve accountability and provide for the expedited payment of services rendered; (3) the Department's investigation of public-private partnerships in use in Ohio, Michigan, and Minnesota that are aimed at redeploying caseworkers to targeted high-Medicaid facilities for the purpose of expediting initial Medicaid and Medicaid long-term care benefits applications, renewals, and all other things related to enrollment, reimbursement, and application processing; (4) provider association meetings; (5) presumptive eligibility of benefits; (6) the prioritization of processing applications on a last-in, first-out basis; and other matters. Effective immediately.

Senate Floor Amendment No. 1
Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill, but with the following changes: Provides that an applicant with provisional enrollment status must have his or her benefits paid for under the State's fee-for-service system until such time as the State makes a final determination on the applicant's Medicaid or Medicaid long-term care application (rather than an applicant with provisional enrollment status, who is not enrolled in a managed care organization at the time the applicant's provisional status is issued, must continue to have his or her benefits paid for under the State's fee-for-service system until such time as the State makes a final determination on the applicant's Medicaid or Medicaid long-term care application). Provides that if an individual is enrolled with a managed care organization for community benefits at the time the individual's provisional status is issued, the managed care organization is only responsible for paying benefits covered under the capitation payment received by the managed care organization for the individual. Requires the Department of Healthcare and Family Services to clearly identify as provisional eligibility vouchers those vouchers submitted to the Office of the Comptroller on behalf of applicants with provisional enrollment status. Adds a definition for the term "renewal". Effective immediately.

HB 00230

New Act

Creates the Public University Uniform Admission Act. Requires each public university in this State to admit first-time freshman applicants as undergraduate students if the applicant graduated with a grade point average in the top 10% of the student's high school graduating class in one of the 2 school years preceding the academic year for which the applicant is applying for admission and (1) the applicant graduated from an accredited public or private high school in this State or from a high school operated by the United States Department of Defense; (2) the applicant successfully completed the minimum college preparatory curriculum requirements for admission to the university or satisfied the ACT's College Readiness Benchmarks on the ACT college admission assessment applicable to the applicant or earned on the SAT college admission assessment a score of at least 1,500 out of 2,400; and (3) if the applicant graduated from a high school operated by the United States Department of Defense, the applicant is a State resident or is entitled to pay tuition fees at the rate provided for State residents. Provides that the University of Illinois at Urbana-Champaign is not required to offer admission to applicants who qualify for automatic admission in excess of the number required to fill 75% of the university's enrollment capacity designated for first-time resident undergraduate students in an academic year. Sets forth other provisions concerning the University of Illinois at Urbana-Champaign. Sets forth other provisions concerning admissions. Provides for additional preparation for college, student outreach, and rulemaking.

Fiscal Note (Illinois Board of Higher Education)

Assuming the provisions of HB 230 would operate under existing capacity levels, it appears that the increased number of mandated entering freshmen students would off-set other eligible entering freshmen and the cost of instruction would generally remain the same. However, depending on the financial profile of the freshmen included under the guidelines presented in HB 230, financial aid costs could increase, although specific estimates are undeterminable at this time. The Illinois Board of Higher Education's FY2016 Weighted Average Tuition Report indicated an entering freshman class of 34,760 for the current academic year.

State Debt Impact Note (Government Forecasting & Accountability)

This legislation would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

House Committee Amendment No. 1

Provides that the Illinois Student Assistance Commission (rather than the Board of Higher Education) shall develop and implement a program to increase and enhance efforts of institutions in conducting outreach to academically high-performing high school seniors in the State who are likely eligible for automatic admission under the Act.

Fiscal Note, House Floor Amendment No. 2 (Illinois Board of Higher Education)

Assuming the provisions of House Bill 230 (H-AM 2) would operate under existing capacity levels, it appears that the increased number of mandated entering freshman students would off-set other eligible entering freshman and the cost of instruction would generally remain the same. However, depending on the financial profile of the freshman included under the guidelines presented in House Bill 230, financial aid costs could increase although specific estimates are undeterminable at this time.

Judicial Note, House Floor Amendment No. 2 (Admin Office of the Illinois Courts)

This legislation would neither increase nor decrease the number of judges needed in the State.

State Debt Impact Note, House Floor Amendment No. 2 (Government Forecasting & Accountability)

This legislation would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Housing Affordability Impact Note, House Floor Amendment No. 2 (Housing Development Authority)

This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

Balanced Budget Note, House Floor Amendment No. 2 (Office of Management and Budget)

The Balanced Budget Note Act does not apply to this bill as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

Pension Note, House Floor Amendment No. 2 (Government Forecasting & Accountability)

This legislation will not impact any public pension fund or retirement system in Illinois.

Correctional Note, House Floor Amendment No. 2 (Dept of Corrections)
HB 00230 (CONTINUED)

This legislation has no fiscal or population impact on the Department of Corrections.

Home Rule Note, House Floor Amendment No. 2 (Dept. of Commerce & Economic Opportunity)
This bill does not pre-empt home rule authority.

State Mandates Fiscal Note, House Floor Amendment No. 2 (Dept. of Commerce & Economic Opportunity)
This bill does not create a State mandate.

HB 00232  Rep. André Thapedi

20 ILCS 687/6-3
20 ILCS 3855/1-10
20 ILCS 3855/1-80

Amends the Illinois Power Agency Act. Makes changes to the definition of "distributed renewable energy generation device" by removing language limiting hydropower under the definition to hydropower that does not involve new construction of hydropower dams from the list of sources that power a device. Makes a similar change to the list of energy sources in the definition of "renewable energy resources". In a provision concerning the duties and responsibilities of the Resource Development Bureau, provides that the first electric generation or co-generation facility that the Illinois Power Agency develops, finances, or constructs may be a facility that uses coal produced in Illinois or a renewable energy facility (rather than shall be a facility that uses coal produced in Illinois). Removes language providing that the Agency may also develop, finance, or construct renewable energy facilities after work on the first facility has commenced. Amends the Renewable Energy, Energy Efficiency, and Coal Resources Development Law of 1997 by making a similar change to the Act's definition of "renewable energy resources".

State Debt Impact Note (Government Forecasting & Accountability)
This legislation would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Fiscal Note (Illinois Power Agency)
HB 232 would result in no immediate or direct impacts on state revenues. Over time, through allowing for a broader range of facilities to serve as the initial electric generation facility developed, financed, or constructed by the Agency, HB 232 slightly increases the likelihood that the Agency would be required to establish a Resource Development Bureau, hire a Resource Development Bureau Chief, and hire additional staff or outside consultants having expertise in the development, financing, or construction of electric generation or co-generation facilities. Should these costs then need to be borne by the State - and HB 232 does not directly cause such costs to be incurred, but instead merely increases the likelihood that they would be - such costs would range from $200,000 at the lowest estimate to $2-$3 million at the high end depending on the complexity of the electric generating project. These estimates are based on the cost of establishing the Resource Development Bureau and estimates of costs previously incurred by the Agency for complex and resource-intensive Agency activities. Other costs associated with the development of a new electric generating facility would by offset by revenues generated from the output of that facility (which "shall be supplied at cost" under 20 ILCS 3855/1-80(d)).

Replaces everything after the enacting clause. Amends the Illinois Act on the Aging, the Disabled Persons Rehabilitation Act, and the Illinois Public Aid Code. Regarding services provided under the Community Care Program, the Home Services Program, the supportive living facilities program, and the nursing home prescreening project, provides that individuals with a score of 29 or higher based on the determination of need assessment tool shall be eligible to receive institutional and home and community-based long term care services until the State receives federal approval and implements an updated assessment tool, and those individuals are found to be ineligible under that updated assessment tool. Requires the Department on Aging, the Department of Human Services, and the Department of Healthcare and Family Services to adopt rules through the regular rulemaking process regarding the updated assessment tool, but prohibits those Departments from adopting emergency or peremptory rules regarding the updated assessment tool. Contains provisions concerning continued eligibility for persons made ineligible for services under the updated assessment tool. Further amends the Illinois Act on the Aging by prohibiting the Department on Aging from: (i) adopting any rule that restricts eligibility under the Community Care Program to persons who qualify for medical assistance under Article V of the Illinois Public Aid Code; or (ii) establishing, by rule, a separate program of home and community-based long term care services for persons who are otherwise eligible for services under the Community Care Program but who do not qualify for medical assistance under Article V of the Illinois Public Aid Code. Prohibits the Department from increasing copayment levels under the Community Care Program to the levels that were in effect on January 1, 2016, except to make an adjustment for inflation. Removes language that makes Medicaid enrollment or eligibility a condition of eligibility under the Community Care Program if the Auditor General has reported that the Department has failed to comply with certain reporting requirements under the Illinois State Auditing Act. Further amends the Illinois Public Aid Code by deleting a provision requiring the Department of Healthcare and Family Services to, subject to federal approval, on and after July 1, 2012, effectuate an increase in the determination of need scores from 29 to 37 for applicants for institutional and home and community-based long term care. Amends the Nursing Home Care Act. After that, the amount of deposits into General Revenue Fund would be reduced increasingly, as individual income tax and corporate income tax revenue keep growing.

This estimate was calculated by multiplying the net corporate income tax and individual income tax revenue forecasts by the difference between actual Local Government Distributive Fund transfer percentages and proposed Local Government Distributive Fund transfer percentages.

Amends the Administration of Psychotropic Medications to Children Act. Provides that the Department of Children and Family Services shall adopt rules requiring the Department to distribute treatment guidelines on an annual basis to all persons licensed under the Medical Practice Act of 1987 to practice medicine in all of its branches. Provides that the Department shall prepare and submit an annual report to the General Assembly with specified information concerning the administration of psychotropic medication to persons for whom it is legally responsible. Amends the Medical Practice Act of 1987. Provides that the Department of Financial and Professional Regulation may revoke, suspend, place on probation, reprimand, refuse to issue or renew, or take any other disciplinary or non-disciplinary action as the Department may deem proper with regard to the license or permit of any person issued under the Act upon repeated acts of clearly excessive prescribing, furnishing, or administering psychotropic medications to a minor without a good faith prior examination of the patient and medical reason.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Reinserts the introduced bill with the following changes: In provisions amending the Administration of Psychotropic Medications to Children Act concerning requiring the Department of Children and Family Services to adopt rules on distributing certain treatment guidelines, provides that the guidelines should be distributed to all persons licensed under the Medical Practice Act of 1987 to practice medicine in all of its branches who prescribe psychotropic medications to youth for whom the Department is legally responsible. Replaces language concerning required information to be included in an annual report to be submitted to the General Assembly concerning pharmacy claims data for youth for whom the Department is legally responsible. For each youth who falls into certain categories, the Department shall maintain a record of certain information (rather than submit the information to the General Assembly). The information includes diagnoses received on each youth (rather than on non-pharmacy claims). Removes from the required information the unit, quantity of, and the number of days' supply of the medication. Provides that the Department may (rather than shall) contract for consulting services from a psychiatrist who has expertise and specializes in pediatric care to review the data submitted in an annual report to the General Assembly. In language requiring the Department to analyze prescribing patterns for certain populations, removes persons who are in facilities operated by the Department of Corrections or the Department of Juvenile Justice. Makes other changes.

Fiscal Note, House Committee Amendment No. 1 (Dept. of Children & Family Services)

The annual report required under HB 281 (H-AM 1) would be developed by the existing UIC Behavioral Health and Welfare Program, in consultation with DCFS, utilizing records and data they currently have access to and utilize for analysis and reporting. The Department of Children and Family Services estimates no significant fiscal impact.

Makes other changes.

Fiscal Note (Department of Insurance)

As a result of the requirements brought about by this legislation, the Department of Insurance would need to add, at minimum, one (1) full time position to fulfill complaint unit duties. The proposed legislation would substantially increase the amount of policies eligible for review by carriers (and thereby eligible for consumer inquiries). This position would be housed within the Department's Life and Annuities Products Division at a total annual cost to the Department of Insurance of approximately $100,000 for both personal services and related expenses and lower line item costs. The projected cost associated with these responsibilities is expected to be covered by Other, Dedicated State Funding.

Balanced Budget Note (Office of Management and Budget)

The Balanced Budget Note Act does not apply to this bill as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

This legislation has no fiscal or population impact on the Department of Corrections.

Senate Committee Amendment No. 1
Adds reference to:

215 ILCS 185/30

Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill with the following changes: In provisions amending the Unclaimed Life Insurance Benefits Act, provides that an insurer shall initially perform a comparison of certain policies, contracts, and accounts in force on or after January 1, 2012 by using the full Death Master File (rather than all certain policies, contracts, and accounts). Provides that an insurer required to perform a comparison of certain policies, contracts, and accounts in force on or after January 1, 2000 shall perform a comparison of certain policies, contracts, and accounts in force between January 1, 2000 and December 31, 2016 on or before December 31, 2018 by using the full Death Master File. Removes language requiring an insurer to request information sufficient to ensure that all benefits or proceeds are distributed to the appropriate persons upon the death of the insured. Further amends the Unclaimed Life Insurance Benefits Act. Requires the Department of Insurance to define "electronic searchable files" in rules. Removes provisions allowing the Department to limit an insurer's Death Master File comparisons to the insurer's electronic searchable files or approve a plan and timeline for conversion of the insurer's files to searchable electronic files upon a demonstration of hardship by the insurer. Provides that the Act applies to policies, annuity contracts, and retained asset accounts in force at any time on or after January 1, 2012 (rather than on or after January 1, 1996). Provides that for an insurer that has entered into a written agreement with the State Treasurer on or before December 31, 2018 to resolve an unclaimed property examination, the provisions of the Act apply to certain policies, contracts, and accounts in force or after January 1, 2017. Provides that the provisions of the Act apply to certain policies, contracts and accounts in force at any time on or after January 1, 2000 to the extent that an insurer has electronic searchable files concerning those policies, contracts, and accounts.

Governor Amendatory Veto Message

Recommends removing the following provisions added to the Unclaimed Life Insurance Benefits Act: (i) that an insurer required to perform a comparison of electronic searchable files concerning its insureds', annuitants', and retained asset account holders' in-force policies, annuity contracts, and retained asset accounts in force on or after January 1, 2012 shall perform a comparison of policies, annuity contracts, and retained asset accounts in force between January 1, 2000 and December 31, 2016 on or before December 31, 2018 by using the full Death Master File; (ii) that the Department of Insurance shall, by rule, define "electronic searchable files"; and (iii) that the Act applies to policies, annuity contracts, and retained asset accounts in force at any time on or after January 1, 2000 to the extent that an insurer has electronic searchable files concerning such policies, annuity contracts, and retained asset accounts. Recommends removing a provision under the Uniform Disposition of Unclaimed Property Act that permits the Office of the State Treasurer to enter into contracts with persons to examine holders located outside the State under which the Office of the State Treasurer agrees to pay such persons based upon a percentage of the property recovered by the State.

HB 00311

New Act

Creates the Network Adequacy and Transparency Act. Provides that administrators and insurers, prior to going to market, must file with the Department of Insurance for review and approval a description of the services to be offered through a network plan, with certain criteria included in the description. Provides that the network plan shall demonstrate to the Department, prior to approval, a minimum ratio of full-time equivalent providers to plan beneficiaries and maximum travel and distance standards for plan beneficiaries, which shall be established annually by the Department based upon specified sources. Provides that the Department shall conduct quarterly audits of network plans to verify compliance with network adequacy standards. Establishes certain notice requirements. Provides that a network plan shall provide for continuity of care for its beneficiaries under certain circumstances and according to certain requirements. Provides that a network plan shall post electronically a current and accurate provider directory and make available in print, upon request, a provider directory subject to certain specifications. Provides that the Department is granted specific authority to issue a cease and desist order against, fine, or otherwise penalize any insurer or administrator for violations of any provision of the Act. Makes other changes. Effective January 1, 2018.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Reinserts the introduced bill with the following changes: Removes the definition of “administrator”. Includes in the definition of “insurer” workers compensation insurance and pharmacy benefit managers. Defines “telehealth” and “telemedicine”. Removes references to “administrators” throughout the Act. Removes provisions requiring an insurer providing a network plan to file the following information with the Director of Insurance: the method of the marketing plan and certain written policies and procedures. Provides that insurers shall provide the Director a description of how the use of telemedicine, telehealth, or mobile care services may be used to partially meet the network adequacy standards (rather than a description of each network hospital of the percentage of physicians in certain specialties who practice in the hospital are in the insurer’s network). Provides that the Department shall consider establishing ratios for certain physicians or other providers (rather than requiring ratios at a minimum to include certain physicians or other providers). Provides that maximum travel and distance standards for network plan beneficiaries established annually by the Department shall be done in consultation with the Department of Public Health. Removes the requirement that the network plan must demonstrate, prior to approval, that it has contracted with physicians who specialize in certain areas in sufficient numbers at any in-network facility or in-network hospital so patients have reasonable access to the in-network physicians. Provides that the network plan shall demonstrate sufficient inpatient services. Provides that the network plan may consider use of other health care service delivery options. Provides that the Director may (rather than shall) conduct periodic (rather than semi-annual) audits of the accuracy of provider directories. Removes language granting the Director specific authority to issue a cease and desist order against, fine, or otherwise penalize any insurer for violations of any provision of the Act. Makes other changes.

House Floor Amendment No. 2

Provides that the Act applies to an individual or group policy of accident and health insurance with a network plan amended, delivered, issued, or renewed in this State on or after January 1, 2019. Defines “authoritative representative”. Removes references to “exchange plans or Medicare Advantage Plans”. Removes language that requires insurers to file a description of services for review prior to going to market. In provisions concerning notice of renewal or termination, includes language that primary care providers must notify active affected patients of nonrenewal or termination of the provider from the network plan, except in the case of incapacitation. Adds provisions concerning facility nonparticipating provider transparency. Makes other changes. Provides that the bill takes effect upon becoming law (rather than on January 1, 2018).

Senate Committee Amendment No. 1

In provisions concerning network adequacy, removes language providing that the network plan shall demonstrate sufficient inpatient services, including services by preferred providers who specialize in emergency medicine, anesthesiology, pathology, and radiology. Removes provisions concerning facility nonparticipating provider transparency.

In provisions concerning scope of practice, written collaborative agreements, temporary practice with a collaborative agreement, prescriptive authority with a collaborative agreement, titles, advertising, continuing education, and reports relating to professional conduct and capacity, changes references of "advanced practice nurse" and "APN" to "advanced practice registered nurse" and "APRN". Provides that a written collaborative agreement is required for all postgraduate advanced practice registered nurses until specific requirements have been met. Provides that postgraduate advanced practice registered nurses may enter into written collaborative agreements with collaborating advanced practice registered nurses or physicians (rather than collaborating physicians or podiatric physicians). In provisions concerning prescriptive authority for postgraduate advanced practice registered nurses, sets forth the requirements for postgraduate advanced practice registered nurses to have prescriptive authority and the limitations of such authority. Defines "full practice authority" and provides requirements for it to be granted to an advanced practice registered nurse. Prohibits employees of elementary and secondary schools and institutions of higher education from asking about a student's immigration status or that of the student's family members, with exceptions. Creates the Community Bank of Illinois Act. Provides that the Department of Financial and Professional Regulation shall operate The Community Bank of Illinois. Specifies the authority of the advisory board of directors to the Bank. Provides that the Secretary of Financial and Professional Regulation is to employ a president and employees. Contains provisions concerning the removal and discharge of appointees. Provides that State funds must be deposited in the Bank. Contains provisions concerning the nonliability of officers and sureties after deposit. Specifies the powers of the Bank. Contains provisions concerning the guaranty of deposits and the Bank's role as a clearinghouse, the authorization of loans the General Revenue Fund, bank loans to farmers, limitations on loans by the Bank, the name in which business is conducted and titles taken, civil actions, surety on appeal, audits, electronic fund transfer systems, confidentiality of bank records, the sale and leasing of acquired agricultural real estate, and the Illinois higher education savings plan. Provides that the Bank is the custodian of securities. Amends the Illinois State Auditing Act to require that the Auditor General must contract with an independent certified public accounting firm for an annual audit of The Community Bank of Illinois as provided in the Community Bank of Illinois Act. Amends the Eminent Domain Act to allow the Bank to acquire property by eminent domain.

Fiscal Note (Financial & Professional Regulation)

The minimum capital required to operate the bank is projected at $13.6 billion (assuming a minimum of 12 percent capital to asset ratio that the Division of Banking recommends to State Chartered Banks Currently). The bank would not be FDIC insured and its deposits would be guaranteed by the full faith and credit of the State of Illinois. The Illinois Department of Financial and Professional Regulation (IDFPR) would need at least 100 new positions to the agency to operate the bank. Assuming 100 new positions with a starting salary of $70,000,00 plus benefits, HB 454 would lead to a recurring annual cost of approximately $10,739,900. A higher amount may be required after review of the business plan. This fiscal note does not include any administrative costs to operate the bank (Information technology support audit fees, marketing, lending and investment staff, and costs to operate facilities). For the purposes of this fiscal note, it is estimated that the expenses currently incurred by the various universities and state agencies associated with the management of locally held funds would no longer be expended by those respective agencies but would be spent instead by the Community Bank of Illinois and would therefore be revenue neutral to State government, It would require that the respective staff of those agencies be transferred to the Community Bank of Illinois.

The Illinois Department of Financial and Professional Regulation bank would be competing with the banks it regulates, thus putting the Department in conflict of interest position.

35 ILCS 5/212

Mar 31 17  H  Rule 19(a) / Re-referred to Rules Committee
HB 00456

110 ILCS 947/65.95 new
Amends the Higher Education Student Assistance Act. Requires the Illinois Student Assistance Commission to award grants to students in financial need whose household income is less than the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services and who are enrolled for at least 15 credit hours in a public university. Provides that the Commission shall receive funding for the grants through appropriations, with each grant awarded being in an amount sufficient to pay the cost of attendance at the university in which the student is enrolled for 2 semesters of enrollment within an academic year. Defines "cost of attendance" to mean the tuition and fee, room and board, and book and supply costs related to a student's attendance at a public university.

Fiscal Note (Illinois Student Assistance Commission)
The cost to implement HB 456 would vary based on the number of students who take advantage of the program, the availability of other financial aid programs (namely, the MAP grant), and the cost of attendance at Illinois public universities. Assuming that MAP grants continue to be funded, it would cost approximately $300 million during the first year to fully fund the new grants under HB 456 for the estimated 19,900 students who currently meet the bill's enrollment and income requirements. The cost in future years would increase as additional students changed their behavior to qualify for the grant (e.g. by enrolling full-time rather than part-time or by transferring from other sectors to public universities). Depending on how many students took advantage of the program and were accepted by public universities, annual costs in future years could reach $800 million or more. If the MAP grant were not funded, the Year One costs of HB 456 would be approximately $380 million; future annual costs would be expected to grow to about $1 billion as students changed their behavior to qualify. Since HB 456 requires the grant to be "in an amount sufficient to pay the cost of attendance," future costs would also grow as public university tuition and fees, room and board, and book and supply costs increased.

House Floor Amendment No. 1
Provides that the award of grants each year is subject to appropriation. Provides that if, in any fiscal year, the amount appropriated for grants is less than the amount determined necessary to cover the cost of attendance for all eligible applicants, then the grants shall be proportionately reduced accordingly.

Provides that for the purpose of calculating the debt limit of a school district in relation to its equalized assessed value, debt shall include all debt issued and its associated interest and issuance costs (instead of the debt including alternate revenue bonds, privately placed debt, and all interest on all debt). Provides that no school district may become indebted in any manner or for any purpose in an amount exceeding 13.8% for a unit district or 6.9% for an elementary or high school district of the value of the taxable property therein (rather than just 13.8% of the value of the taxable property therein) or, if greater, the sum that is produced by multiplying the school district's 2016 equalized assessed value by the debt limitation percentage in effect on the effective date of the Act (instead of on January 1, 2017), previous to the incurring of such indebtedness. Fiscal Note, House Committee Amendment No. 1 (Dept. of Public Health)
The Department of Public Health (IDPH) can only estimate what the cost to implement HB477 (H-AM 1) would be for the Department itself. The Department is unable to estimate the expenses for the Health Facilities and Services Review Board. The construction of a Trauma Center is a very complex and daunting task that requires expertise throughout a lot of different areas. The Department lacks the appropriate consultants, architects, engineers, construction managers, trauma experts, and health care administrative staff to tackle the project of identifying a site, applying for permits, designing, developing, bidding and/or overseeing this type of construction project. Assuming IDPH was required to add even eight (8) professional staff for this project, the salaries and benefit packages would exceed two million dollars. This bill also places a requirement on the Health Facilities and Services Review Board and the Department to identify a provider to oversee the Trauma Center. The cost of operations will be greatly affected depending on the established level of the Trauma Center. Level I Trauma Centers have much higher operational costs and significantly require more physician specialists. There are also inpatient hospital services that must be available in both Level I and Level II Trauma Centers. Without extensive consulting services, there is no reliable way for IDPH to predict start-up costs or ongoing operational or maintenance expenses of which a health care facility would incur. Additionally, there is not time to complete this type of estimate. Long-term effects could be difficult to predict since there is no guarantee of sustainable funding after 2027. Additionally, it might take several years to raise enough money from toll booth charges to fund such an endeavor. The bill requires the Health Facility and Services Review Board in consultation with IDPH to determine the sources of revenue needed to maintain the Trauma Center. If the State agencies failed to find long-term sustainable funding, the newly developed Trauma Center might face financial hardships with detrimental consequences when the funding has been depleted. It is safe to predict that a health care provider might be reluctant to take on contracts without assurance of sustained funding beyond 2027.

Provides that a community antenna television company shall not cross (currently, just shall not enter upon) any real estate or rights-of-way in the possession or control of specified entities without prior written notice of intent to enter, install, maintain, cross, or remove. Defines "crossing" or "cross". Provides that the written notice shall also include: (i) detailed design and construction plans for installation, maintenance, repair, crossing, or removal; and (ii) a statement, based upon information available to the community antenna television company, confirming that the proposed installation, maintenance, repair, crossing, or removal does not create a dangerous condition or threaten public safety and will not adversely impact railroad operations or disrupt vital transportation services. Provides that within 30 days (currently, 15 business days) of receipt of a written prior notice of entry, the public utility, railroad, or pipeline owner or operator shall investigate and determine whether or not the proposed entry would create a dangerous condition. Provides that, upon application of the community antenna company, the Illinois Commerce Commission Transportation Division (rather than just the Illinois Commerce Commission) shall determine in accordance with the Commission's Rail Safety Program whether the proposed installation, maintenance, repair, crossing, or removal creates a dangerous condition. Removes provisions preventing a railroad from prohibiting a cable operator, holder of State authorization, or broadband service providers from entering onto railroad real estate or right-of-way for purposes of construction or installation of system or facilities under specified circumstances. Provides that a community antenna television company franchised by a municipality or county (rather than a community antenna television company, holder of state authorization, cable operation, or provider of broadband service) shall not enter upon or cross any real estate or rights-of-way in the possession or control of any railroad under specified circumstances. Provides that, in the case of real estate or rights-of-way in possession of or in the control of a railroad, the right to enter upon does not apply to wire, cable, fiber, conduit, or related facilities that run along, within, and generally parallel to, but do not cross, the railroad tracks or railroad right-of-way. Changes the written notice requirements to conform to published and publicly available standards and to include threats to employee safety. Provides that beginning on the effective date the amendatory Act, the Transportation Division of the Illinois Commerce Commission shall include in its annual Crossing Safety Improvement Program report a brief description of the number of cases decided by the Illinois Commerce Commission and the number of cases that remain pending before the Illinois Commerce Commission for the period covered by the report. 30 ILCS 805/8.41 new  
Amends the Downstate Firefighter and Chicago Firefighter Articles of the Illinois Pension Code. Authorizes a firefighter to transfer up to 10 years of creditable service in a downstate firefighter pension fund to the Firemen's Annuity and Benefit Fund of Chicago upon payment of a specified amount. Amends the State Mandates Act to require implementation without reimbursement. Effective immediately.

Pension Note (Government Forecasting & Accountability)  
It is difficult to discern the potential impact of HB 688. This bill would only affect Firefighters who earned serviceable credit under a Downstate Police pension fund and are now members of the Firemen's Annuity and Benefit Fund of Chicago. That amount of firefighters who meet this criterion is currently unavailable. The fiscal impact of this legislation would need to be evaluated on a case-by-case basis by the Chicago Fire Pension Fund's actuary.

House Floor Amendment No. 1  
Limits the authorization to transfer credit to the period ending 6 months after the effective date of the amendatory Act.

Fiscal Note (Dept of Insurance)  
HB 688 has no projected fiscal impact upon the Illinois Department of Insurance.

Land Conveyance Appraisal Note, House Floor Amendment No. 1 (Dept. of Transportation)  
The Illinois Department of Transportation has determined that no Land Conveyance is required by this bill.

Pension Note, House Floor Amendment No. 1 (Government Forecasting & Accountability)  
It is difficult to discern the potential impact of HB 688(H-AM 1). This bill would only affect Firefighters who earned serviceable credit under a Downstate Police pension fund and are now members of the Firemen's Annuity and Benefit Fund of Chicago. That amount of firefighters who meet this criterion is currently unavailable. The fiscal impact of this legislation would need to be evaluated on a case-by-case basis by the Chicago Fire Pension Fund's actuary.

State Debt Impact Note, House Floor Amendment No. 1 (Government Forecasting & Accountability)  
HB 688 (H-AM 1) would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Balanced Budget Note, House Floor Amendment No. 1 (Office of Management and Budget)  
The Balanced Budget Note Act does not apply to House Bill 688 (H-AM 1) as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

This bill would neither increase nor decrease the number of judges needed in the State.

Housing Affordability Impact Note, House Floor Amendment No. 1 (Housing Development Authority)  
This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

Correctional Note, House Floor Amendment No. 1 (Dept of Corrections)  
This bill has no fiscal or population impact on the Department of Corrections.

State Mandates Fiscal Note, House Floor Amendment No. 1 (Dept. of Commerce & Economic Opportunity)  
This bill does create a State mandate.

Home Rule Note, House Floor Amendment No. 1 (Dept. of Commerce & Economic Opportunity)  
This bill does not pre-empt home rule authority.

HB 00690 (CONTINUED)

Fiscal Note, House Committee Amendment No. 2 (Dept. of Employment Security)

HB 690 requires day and temporary labor service agencies provide a report to the Department of Employment Security annually at the time of registration with the Department of Labor containing the race and gender of each day or temporary laborer sent to an employer and segregated by branch office and aggregated for all day and temporary laborers assigned within Illinois in the prior year. Day and temporary service agencies who fail to submit the report to the Department of Employment Security is subject to a civil penalty of $50 for each failure to comply. Therefore, a new program and system to collect and track compliance with HB 690 will need to be created. Federal Funding cannot be used to subsidize the cost of this new program. Fiscal Overview (1) Initial Start Costs: $3.5 million to $7 million to develop a program and system to collect and track compliance with HB 690, which includes an online submission component, an interagency connection to the Department of Labor, and a revenue collection component, as well as 4-8 full-time equivalents for the creation and establishment of rules, policies, procedures, etc., for reporting, appeals, and adjudication. We derived this estimate based on our startup experience with our Adeptia Work Opportunity Tax Credit system. We believe a similar effort will be needed to develop the Equal Pay Certification platform. (2) Ongoing Costs: $500,000 to $750,000 to administer the program annually. Approximately 4–6 full time equivalents would be needed to administer and manage the day-to-day operations of this program. This estimate includes the cost of hiring a program administrator, technical assistance specialist, IT contractors, and an investigator to implement the provisions of the bill. The vast majority of the ongoing costs would be salaries, fringe benefits, one-time expenditures, and other ongoing operating expenses.

Further amends the Day and Temporary Labor Services Act. Removes a provision requiring day and temporary service agencies and third party clients to comply with Occupational Safety and Health Administration standards. Provides that, regardless of the length of a temporary laborer's assignment, if a third party client supervises and directs the work of the temporary laborers, the third party client has primary responsibility for fulfilling, in the same manner as provided to the client's own employees, the following obligations with respect to the temporary laborers: (i) providing the workers with worksite-specific safety training and information; (ii) fulfilling Occupational Safety and Health Administration recordkeeping requirements; and (iii) selecting, providing, and ensuring the use of personal protective equipment appropriate for the processes or operations to which the temporary laborers are assigned. Requires a day and temporary labor service agency to inform a laborer of the type of equipment, protective clothing, and training required for the work to be performed. Provides that any worksite-specific safety training must be completed by the party responsible for supervision of the worker before the temporary laborer begins work on a project; and that the training must be in a language and vocabulary the worker understands. Requires reports of the race and gender of temporary laborers to be reported to the Department of Labor (rather than the Department of Employment Security) and exempts such reports from inspection and copying under the Freedom of Information Act. Replaces everything after the enacting clause. Amends the Board of Higher Education Act. Requires the Board of Higher Education to establish and administer, subject to appropriation, an Illinois Excellence Program to incentivize the recruitment and retention of promising faculty throughout the Illinois system of higher education. Amends the Higher Education Student Assistance Act. Requires the Illinois Student Assistance Commission to implement and administer a program beginning with the 2018-2019 academic year to award College Affordability grants to certain Illinois residents who have graduated from an approved high school with a cumulative grade point average of at least a 3.0 on a 4.0 scale and are seeking a degree from a public institution of higher education. Sets forth the grant amount. Sets forth the terms and conditions of the program, including requiring a 2-year residency obligation following termination of the academic program and requiring students awarded grants under the program to participate in a student loan counseling program through the Commission. Requires the Commission to implement and administer a program in which the Commission shall award work-study stipends to applicants who are grant recipients and who agree to work for 5 to 15 hours per week as peer mentors or tutors for other grant recipients. Requires the Commission to implement and administer a program in which the Commission shall buy-out the private student loans of any eligible participants. Sets forth eligibility requirements. Amends the State Finance Act to create the College Affordability Fund, Work-Study Fund, College Affordability Purchasing Fund, and Illinois Excellence Fund as special funds in the State treasury. Effective July 1, 2018, but provisions concerning the College Affordability grants are effective immediately.

Fiscal Note (Illinois Student Assistance Commission)
This fiscal note discusses the three programs that would be administered by ISAC: (1) COLLEGE AFFORDABILITY GRANT: An estimated 100,000 students would immediately qualify for the College Affordability Grant program. If MAP and Pell grant funding is held constant, approximately $300 million would be required to fully fund the new program in the first year (FY19). This cost would be expected to grow in subsequent years as additional students qualified for the grant; based on the current capacity of public institutions, these costs could rise to $400 million annually; (2) Given the terms of the grant and their potential to convert to loans, the program could entail substantial start-up and on-going operational costs. ISAC preliminarily estimates that if the grant/loan program itself were fully funded, additional operational costs could total over $10 million annually, particularly because the program requires tracking recipients from the time the grant is made until at least two years after graduation. In the case of recipients who enter repayment, the agency would be required to collect from them for at least a decade and longer in some cases, since some recipients will be unable to pay back the grants over 10 years; (3) WORK-STUDY: Each participant in the work-study program would be permitted to work 5-15 hours/week, or 150-450 hours in the average academic year. At the Illinois minimum wage of $8.25 an hour, each recipient would need to be allocated a minimum of $1,237.50 - $3,712.50 annually. To double current work-study opportunities (the intent described by one bill sponsor) about 11,000 work-study recipients would be served at a cost of about $18.1 million annually; (4) PRIVATE STUDENT LOAN PURCHASING: Appropriators could allocate any amount to this program; ISAC estimates that Illinois public university graduates from the last ten years with GPAs at or above 3.0 may hold approximately $500 million in private loan debt. The fiscal impact of this program would include both the amount needed to purchase the loans and the start-up and on-going operational costs to administer the new loan program. Even a relatively small pilot program would have to be run for more than 10 years. If $50 million in outstanding private loans were to be purchased, ISAC estimates additional funding needs of approximately $780,000 in the first year and a total of about $6 million over the 10-year life of the new loans to cover program costs. Those include the one-time cost of originating the new loans, plus the on-going costs of servicing, reporting, monitoring, collection of delinquent loans, etc. In addition, some portion of the loans that become delinquent will ultimately be written off as uncollectible.

To double current work-study opportunities (the intent described by one bill sponsor) about 11,000 work-study recipients would be served at a cost of about $18.1 million annually; (4) PRIVATE STUDENT LOAN PURCHASING: Appropriators could allocate any amount to this program; ISAC estimates that Illinois public university graduates from the last ten years with GPAs at or above 3.0 may hold approximately $500 million in private loan debt. The fiscal impact of this program would include both the amount needed to purchase the loans and the start-up and on-going operational costs to administer the new loan program. Even a relatively small pilot program would have to be run for more than 10 years. If $50 million in outstanding private loans were to be purchased, ISAC estimates additional funding needs of approximately $780,000 in the first year and a total of about $6 million over the 10-year life of the new loans to cover program costs. Those include the one-time cost of originating the new loans, plus the on-going costs of servicing, reporting, monitoring, collection of delinquent loans, etc. In addition, some portion of the loans that become delinquent will ultimately be written off as uncollectible.

Fiscal Note, House Committee Amendment No. 1 (Dept of Insurance)

HB 1333 (H-AM 1) has no projected fiscal impact upon the Illinois Department of Insurance. However, HB 1333 (H-AM 1) creates a state mandate that would require state funding. Under the ACA states cover the costs of mandates passed after 2011 that apply to individual and small group plans sold on and off the Marketplaces. Therefore, if this mandate increases the plan's premiums, Illinois will be responsible for funding the cost attributable to this mandate.

Replaces everything after the enacting clause. Amends the Illinois Act on the Aging, the Disabled Persons Rehabilitation Act, and the Illinois Public Aid Code. Regarding services provided under the Community Care Program, the Home Services Program, the supportive living facilities program, and the nursing home prescreening project, provides that individuals with a score of 29 or higher based on the determination of need assessment tool shall be eligible to receive institutional and home and community-based long term care services until the State receives federal approval and implements an updated assessment tool, and those individuals are found to be ineligible under that updated assessment tool. Requires the Department on Aging, the Department of Human Services, and the Department of Healthcare and Family Services to adopt rules through the regular rulemaking process regarding the updated assessment tool, but prohibits those Departments from adopting emergency or peremptory rules regarding the updated assessment tool. Contains provisions concerning continued eligibility for persons made ineligible for services under the updated assessment tool. Further amends the Illinois Act on the Aging by prohibiting the Department on Aging from: (i) adopting any rule that restricts eligibility under the Community Care Program to persons who qualify for medical assistance under Article V of the Illinois Public Aid Code; or (ii) establishing, by rule, a separate program of home and community-based long term care services for persons who are otherwise eligible for services under the Community Care Program but who do not qualify for medical assistance under Article V of the Illinois Public Aid Code. Prohibits the Department from increasing copayment levels under the Community Care Program to the levels that were in effect on January 1, 2016, except to make an adjustment for inflation. Removes language that make Medicaid enrollment or eligibility a condition of eligibility under the Community Care Program if the Auditor General has reported that the Department has failed to comply with certain reporting requirements under the Illinois State Auditing Act. Further amends the Illinois Public Aid Code by deleting a provision requiring the Department of Healthcare and Family Services to, subject to federal approval, on and after July 1, 2012, effectuate an increase in the determination of need scores from 29 to 37 for applicants for institutional and home and community-based long term care. Amends the Nursing Home Care Act. Provides that no individual receiving care in an institutional setting shall be involuntarily discharged as the result of the updated assessment tool until a transition plan has been developed by the Department on Aging or its designee and all care identified in the transition plan is available to the resident immediately upon discharge. Effective immediately.

Fiscal Note, House Floor Amendment No. 1 (Dept. on Aging)

An additional $120M will be required for FY18 should HB1424 (H-AM 1) pass and be signed into law, by 2020 the cost will increase by just over $398M. The loss of revenue if Federal waivers are jeopardized for the Department on Aging alone is over $227M.

Land Conveyance Appraisal Note, House Floor Amendment No. 1 (Dept. of Transportation)
No land conveyances are included in this bill; therefore, there are no appraisals to be filed.

Fiscal Note, House Floor Amendment No. 1 (Guardianship & Advocacy Commission)
The Illinois Coalition Against Sexual Assault (ICASA) reports that Illinois' rape crisis counseling centers receive federally funded grants to provide counseling and other services to Illinois citizens who are victims of sexual assaults. There is no cost to the state and counseling centers do not charge clients fees for rape crisis counseling or other services. Rape counseling centers are mandated to offer counseling as part of federal grant requirements. The additional counseling sessions referenced in HB 1445 would be covered under existing federal grants mechanisms, at no cost to the State.

ICASA reports that the population represented in HB 1445, individuals with disabilities, is miniscule and, thus, the extra sessions would be easily absorbed by existing, federally-funded rape counseling centers.

This bill would neither increase nor decrease the number of judges needed in the State of Illinois.

Pension Note, House Floor Amendment No. 1 (Government Forecasting & Accountability)
This bill would not impact any public pension fund or retirement system in Illinois.

Correctional Note, House Floor Amendment No. 1 (Dept of Corrections)
There is no corrections population impact or fiscal impact to the Department of Corrections.

This legislation does not create a State mandate. Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with changes. Provides upon verified petition for resentencing by the defendant (in the introduced bill, by motion), the trial court that entered the judgment of conviction in a defendant's case may order resentencing at any time after 30 days have passed following the imposition of a sentence under a guilty verdict or a finding of guilt for any criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or a similar local ordinance provided: (1) the State's Attorney or other prosecuting attorney is given at least 30 day notice of the filing of the petition seeking resentencing; (2) the State's Attorney or other prosecuting attorney files a response indicating agreement with the petition and the defendant's request for resentencing (in the introduced bill, the motion is not objected to by a non-moving party); and (3) the petition clearly states the statutory penalty for the offense for which the defendant was found guilty or convicted has, since his or her plea of guilty or conviction, been subsequently reduced or altered in a manner that includes, but is not limited to, reducing the minimum or maximum sentence for the offense, granting the court more discretion over the range of penalties available for the offense, or changing the penalties associated with the offense or conduct underlying the offense in any way. Provides that if the court grants a petition, the court must resentence the defendant in a manner that is consistent with the penalty the defendant would have received if the current law was in effect on the date when the offense was committed or the original sentence was imposed and the court may take any additional action it deems appropriate under the circumstances (in the introduced bill, if the court grants a motion, it must reduce the penalty imposed on the defendant so that it is consistent with the penalty the defendant would have received if the current law was in effect on the date when the offense was committed and the court may take any additional action it deems appropriate under the circumstances).

New Act

Creates the Wage Lien Act. Provides that a lien exists on an employer's property for the amount of unpaid wages owed to an employee. Defines terms and includes provisions concerning creation of the lien; exemptions; notice; limitations; recording of the lien; enforcement; other claims on the employer's property; successor obligations; and construction.

Fiscal Note (Dept. of Revenue)

The Department of Revenue currently lacks expertise in the filing and enforcement of liens. With passage of this bill, the Department will need to add up to three fulltime staff to devise and implement new lien procedures, research, file, and process the liens. Also, two additional attorneys preferably with lien recovery experience are needed to review for enforcement sufficiency and to represent the Department at hearing. Additionally, two administrative law judges with lien recovery and or Uniform Commercial Code expertise would also be needed to handle the increase in administrative hearings. Administrative costs include postage, filing fees, office supplies and new employee IT equipment and licensing. Currently, according to the Cook County Recorder of Deeds, recording costs for liens range from $25.00 to $32.00. It is estimated that if the Department had this additional staff the number of liens that it theoretically could record would be around 1,000 to 1,500 per year. Fiscal Impact = $1,038,336 (7 Headcount - $972,336; Administrative Costs - $66,000).

(Sen. Julie A. Morrison, Heather A. Steans-Melinda Bush-Jacqueline Y. Collins-Kwame Raoul-Elgie R. Sims, Jr., Laura M. Murphy, Terry Link, Iris Y. Martinez, Kimberly A. Lightford and Chris Nybo)

New Act

430 ILCS 65/8.2
430 ILCS 66/70

Creates the Lethal Violence Order of Protection Act. Provides that a petitioner may request an emergency lethal violence order of protection by filing an affidavit or verified pleading alleging that the respondent poses an immediate and present danger of causing personal injury to himself, herself, or another by having in his or her custody or control, owning, purchasing, possessing, or receiving a firearm. Provides that the petition shall also describe the type, and location of any firearms presently believed by the petitioner to be possessed or controlled by the respondent. Provides that the petitioner may be a family member of the respondent or a law enforcement officer, who files a petition alleging that the respondent poses a danger of causing personal injury to himself, herself, or another by having in his or her custody or control, owning, purchasing, possessing, or receiving a firearm. Establishes factors that the court must consider before issuing a lethal violence order of protection. Provides for the issuance of ex parte orders and one-year orders. Provides that if the court issues the order the respondent must: (1) refrain from having in his or her custody or control, owning, purchasing, possessing, or receiving additional firearms for the duration of the order; and (2) turn over to the local law enforcement agency any firearm, Firearm Owner's Identification Card, or concealed carry license in his or her possession. Establishes factors for renewing and terminating lethal violence orders of protection. Amends the Firearm Owners Identification Card Act and the Firearm Concealed Carry Act to make conforming changes.

Fiscal Note (Admin Office of the Illinois Courts)

This legislation would have no fiscal impact on the State appropriation to the judicial branch. It is not possible to determine what fiscal impact, if any, the bill would have on local judicial budgets.

Fiscal Note (Illinois State Police)

The fiscal impact of this legislation is difficult to determine. Depending on the volume of Lethal Violence Orders of Protection additional Firearms Eligibility Analysts (FEAs) may be needed to process these orders and deny/ revoke Firearm Owner's Identification (FOID) Cards and concealed carry licenses. The Illinois State Police currently processes approximately 930 FOID card revocations per month. The average cost for an FEA is $101,598 annually. Additionally, any identified need for FEAs will require an increase to the Department's authorized headcount.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

This legislation does not create a State mandate.

HB 02354 (CONTINUED)

Replaces everything after the enacting clause. Creates the Firearms Restraining Order Act. Provides that a petitioner may request an emergency firearms restraining order by filing an affidavit or verified pleading alleging that the respondent poses an immediate and present danger of causing personal injury to himself, herself, or another by having in his or her custody or control, purchasing, possessing, or receiving a firearm. Provides that the petition shall also describe the type and location of any firearms presently believed by the petitioner to be possessed or controlled by the respondent. Provides that the petitioner may be a family member of the respondent or a law enforcement officer, who files a petition alleging that the respondent poses a danger of causing personal injury to himself, herself, or another by having in his or her custody or control, purchasing, possessing, or receiving a firearm. Establishes factors that the court must consider before issuing a firearms restraining order. Provides for the issuance of ex parte orders and 6-month orders. Provides that if the court issues the order, the respondent must: (1) refrain from having in his or her custody or control, purchasing, possessing, or receiving additional firearms for the duration of the order; and (2) turn over to the local law enforcement agency any firearm, Firearm Owner's Identification Card, or concealed carry license in his or her possession. Provides that a respondent whose Firearm Owner's Identification Card has been revoked may petition the court to transfer the respondent's firearm to a person who is lawfully able to possess the firearm if the person does not reside at the same address as the respondent. Provides that notice of the petition shall be served upon the person protected by the firearms restraining order. Provides that if a person other than the respondent claims title to any firearms surrendered under this provision, he or she may petition the court, if the petitioner is present in court or has notice of the petition, to have the firearm returned to him or her. Provides that if the court determines that person to be the lawful owner of the firearm, the firearm shall be returned to him or her, provided that: (1) the firearm is removed from the respondent's custody, control, or possession and the lawful owner agrees to store the firearm in a manner such that the respondent does not have access to or control of the firearm; and (2) the firearm is not otherwise unlawfully possessed by the owner. Provides that the person petitioning for the return of his or her firearm must swear or affirm by affidavit that he or she: (1) is the lawful owner of the firearm; (2) shall not transfer the firearm to the respondent; and (3) will store the firearm in a manner that the respondent does not have access to or control of the firearm. Establishes factors for renewing and terminating firearms restraining orders. Provides that if the court denies issuance of a firearms restraining order against the respondent, all records of the proceeding shall be immediately expunged from the court records. Provides that if the firearms restraining order is granted, all records of the proceeding shall, 3 years after the expiration of the order, be sealed. Provides that any act of omission or commission by any law enforcement officer acting in good faith in rendering emergency assistance or otherwise enforcing this Act shall not impose civil liability upon the law enforcement officer or his or her supervisor or employer, unless the act is a result of willful or wanton misconduct. State Mandates Fiscal Note, House Floor Amendment No. 5 (Dept. of Commerce & Economic Opportunity)

This bill does not create a State mandate.

Fiscal Note, House Floor Amendment No. 5 (Dept of Employment Security)

(A) Initial Start Costs - An estimated $75 million to $100 million would be needed to develop a program and system to administer this program, which would include an online submission component, an interagency connection to the Department of Labor, and a revenue collection component, as well as 10 full-time equivalents for the creation and establishment of rules, policies, procedures, etc., or reporting, appeals, and adjudication. The derived estimate is based on startup experience with the Illinois Benefit Information System (IBIS), which serves as the IDES benefit management platform for the administration of the unemployment insurance program; (B) Ongoing Costs - Expected to be at least $46 million annually to administer the program. Approximately 400 full time equivalents would be needed to administer and manage the day-to-day operations of this program. This estimate is based on the staffing levels for similar programs as reported by New Jersey and California. Most of the ongoing costs would be salaries, benefits, administrative overhead for these positions, and other ongoing operating expenses. A significant amount of these costs ($6 million) are the estimated annual system-related costs; (C) Revenue - $15 million to $20 million annually from the payroll premium deductions may be generated to help cover the costs of administering the program. Based on these assumptions, revenues from this program will not be sufficient to cover the costs of the program.

Amends the Cannabis Control Act, the Illinois Controlled Substances Act, and the Methamphetamine Control and Community Protection Act. Provides that 12.5% of all moneys and the sale proceeds of all other property forfeited and seized under the Acts shall be distributed to the Office of the Public Defender of the county in which the prosecution resulting in the forfeiture was instituted, deposited in a special fund in the county treasury and appropriated to the Public Defender to be used for the expenses incurred in defending persons charged with violating laws governing cannabis and controlled substances. Decreases from 65% to 52.5% the amounts distributed to the metropolitan enforcement group, local, municipal, county, or state law enforcement agency or agencies which conducted or participated in the investigation resulting in the forfeiture.

Fiscal Note (Illinois State Police)

If HB 2409 was law, it would result in an approximate 19.2% reduction in equitable sharing proceeds due to the legislation's percentage reduction. The Illinois State Police's Fiscal Year 2016 (FY16) receipts at the current 65% sharing was approximately $2,761 million, which was based on a total of $4,247 million forfeited. If the Illinois State Police's sharing was reduced to 52.5%, receipts would have been $2,229 million, an actual reduction of 19.2% in receipts. Therefore, if this legislation were law, our FY16 revenue would have been reduced over one-half million dollars at $532,000.

Amends the Downstate Public Transportation Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the
Use Tax Act, and the Service Use Tax Act. Beginning July 1, 2018, instead of use and occupation tax collections being deposited into
the General Revenue Fund and then transferred monthly by the Comptroller from the General Revenue Fund to the Downstate Public
Transportation Fund, requires the Department of Revenue to deposit the designated fraction of the net revenue realized from those
collections directly into the Downstate Public Transportation Fund. Effective July 1, 2018.

Fiscal Note (Office of the Comptroller)

Provisions of HB 2453 would require the deposit of transit funds derived from sales taxes directly into the Downstate
Public Transportation Fund that would amount to an estimated $205 million annually. Currently, the Office of the
Comptroller makes transfers from the General Revenue Fund into the Downstate Public Transportation Fund as available
balances in the GRF allows throughout the fiscal year while facing a general funds backlog of bills at $12.6 billion. This
legislation would essentially remove the Comptroller's discretion for making such payments for downstate transit districts
from cash management criteria used by the Comptroller in balancing payments for all the other pending obligations such as
for education, medical programs, certain human service programs, debt service and State payrolls. As of March 24, 2017
the pending backlog for the Downstate transit programs was estimated at $70 million.

Judicial Note (Admin Office of the Illinois Courts)
This legislation would neither increase nor decrease the number of judges needed in the State.

Fiscal Note (Illinois Workers' Compensation Commission)
House Bill 2525 as introduced would have a significant fiscal impact on the Illinois Workers' Compensation Commission. The bill includes a provision that would result in less revenues to fund office operations while requiring increased expenditure of State funds to hire additional professionals with expertise in various disciplines and additional investigators to investigate workers' compensation fraud. An accurate cost estimate of this legislation is not available at this time.

Balanced Budget Note (Office of Management and Budget)
The Balanced Budget Note Act does not apply to this bill as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

Pension Note (Government Forecasting & Accountability)
This legislation will not impact any public pension fund or retirement system in Illinois.

State Debt Impact Note (Government Forecasting & Accountability)
This legislation would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Correctional Note (Dept of Corrections)
This legislation has no fiscal or population impact on the Department of Corrections.

Housing Affordability Impact Note (Housing Development Authority)
HB 02525 (CONTINUED)

This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

This bill does not create a State mandate.

Home Rule Note (Dept. of Commerce & Economic Opportunity)

This bill does not pre-empt home rule authority.

Amends the Unified Code of Corrections. Provides that the Department of Children and Family Services shall assign a caseworker to attend any hearing involving youth placed on aftercare release, including hearings involving sanctions for violation of aftercare release conditions and aftercare release revocation hearings. Effective immediately.  
House Floor Amendment No. 1  
Provides that the caseworker shall attend the hearings on aftercare release or hearings involving sanctions for violation of aftercare release conditions and aftercare release revocation hearings involving a youth in the care and custody of the Department of Children and Family Services.  
Fiscal Note (Dept. of Children & Family Services)  
This legislation is estimated to require an additional eight caseworkers to be hired at an annual cost of $144,000 per worker. The total estimated annual impact of this legislation would be $1,152,000.  
Fiscal Note, House Floor Amendment No. 1 (Dept. of Children & Family Services)  
HB 2589 (H-AM 1) narrows the scope of the legislation, requiring only those aftercare cases associated with both Department of Children and Family Services and the Department of Juvenile Justice to be assigned to a DCFS caseworker. Because all youth served by DCFS are already assigned a caseworker at case opening, the Department estimates that House Bill 2589 (H-AM 1) will have little to no fiscal impact on the Department of Children and Family Services.

Fiscal Note (Dept. of Insurance)

If the Secretary of the United States Department of Health and Human Services issues an opinion or guidance that determines additional benefits included in HB2617 represent "benefits in addition to the essential health benefits" pursuant to 42 USC 18031(d)(3)(B), the State of Illinois would be responsible for defraying the cost of these additional benefits for all qualified health plans in Illinois. The potential cost to the state is undetermined, but would be substantial.

Further amends the Illinois Insurance Code. In provisions prohibiting a policy from imposing a deductible, coinsurance, copayment, or any other cost-sharing requiring on coverage for contraceptives, provides that the prohibition does not apply to coverage of voluntary male sterilization procedures to the extent such coverage would disqualify a high-deductible health plan from eligibility for a health savings account.

Senate Committee Amendment No. 1

In provisions amending the Illinois Insurance Code, provides that a provision concerning coverage for fertility preservation services is inoperative other than any such coverage authorized under specified provisions of the Social Security Act and the State shall not assume any obligation for the cost of coverage for fertility preservation services if, at any time, the Secretary of the United States Department of Health and Human Services, or its successor agency, promulgates rules or regulations to be published in the Federal Register, publishes a comment in the Federal Register, or issues an opinion, guidance, or other action that would require the State, pursuant to any provision of the Patient Protection and Affordable Care Act, to defray the cost of that coverage. Makes a grammatical change.

New Act

Creates the Parental Rights for the Blind Act. Contains statements of legislative findings and purpose. Defines terms. Provides that the court may require that the supportive parenting services be put in place, with an opportunity to review the need for continuation of the services within a reasonable period of time. Provides that if a court determines that a blind person's parental rights should be denied or limited in any manner, the court shall make specific written findings stating the basis for such a determination and why the provision of supportive parenting services is not a reasonable accommodation that must be made to prevent such denial or limitation.

House Floor Amendment No. 1

Provides that if a court determines that a blind person's parental rights should be denied or limited in any manner, the court shall make specific written findings stating why supportive parenting services cannot prevent the denial or limitation (instead of "why the provision of supportive parenting services is not a reasonable accommodation that must be made to prevent such denial or limitation"). 35 ILCS 120/11 from Ch. 120, par. 450
Amends the Retailers' Occupation Tax Act. Provides that, subject to certain restrictions, if the Department of Revenue may disclose confidential financial information to a municipality or county, then the Department of Revenue may also disclose that financial information to an independent third party who is authorized in writing by that municipality or county to receive the information. Effective immediately.

House Committee Amendment No. 2

In a provision of the introduced bill providing that the third party may use the financial information only for the purpose of providing services to the municipality and may not use the information for any other purpose, specifies that the third party may not use the information to verify the accuracy of amounts indicated on returns submitted to the Department of Revenue by a taxpayer. Provides, however, that the third party may verify the accuracy of amounts remitted to the municipality, except as otherwise prohibited by law.

Fiscal Note, House Committee Amendment No. 2 (Dept. of Revenue)

HB 2717 (H-AM 2) allows third-party consultants access to confidential allocation reports provided to municipalities and counties in order to verify the accuracy of amounts remitted and at the same time specifies that third-party consultants may not use those reports to verify the accuracy of amounts indicated on returns submitted to the Department of Revenue. However, the verification of amounts remitted necessitates a review of the associated returns. This would leave the Department in the position of having to re-review the accuracy of returns in order to verify the accuracy of amounts remitted. Consequently, in addition to the review in which the State currently engages when processing returns and allocating revenues to municipalities and counties, this bill would allow third-party consultants to request, without limitation, that the State re-review returns to verify amounts allocated. The volume of requests is expected to be significant. Municipalities are incentivized by the lure of identifying revenues without having to invest any time or resources and third-party contractors are incentivized by the potential for contingent fees for simply requesting the State re-review returns to verify allocation amounts, hence verify the accuracy of amounts indicated on returns. The State is the only entity incurring significant costs to implement HB 2717 as amended HCA 2. To illustrate the potential scope, it’s necessary to note there are currently 235,234 active retailers in Illinois. Of these, 30,439 have multiple sites ranging from 2 to 1,399 locations within Illinois. The number of returns filed by these taxpayers per year is 1,512,875. Assuming it takes a minimum of 30 minutes to re-review each return, without promise of found revenue, the State would need 450 additional Revenue Tax Specialists at a cost of $36,121,680.00 per year. While it is difficult to precisely predict the volume of requests that would occur if HB 2717 as amended by HCA 2 were to become law, as noted there is no disincentive to request the State re-review returns to verify amounts allocated.

Provides that after July 1, 2017, the State may not, with respect to Bonds issued or anticipated to be issued, participate in and enter into interest rate exchange agreements, financial futures contracts, or any other similar arrangements alleged to have the purpose of managing interest rate exposure. Fiscal Note (Dept. of Natural Resources)

HB 2764 will severely impact operations at State Park Gift Shops and Visitors Centers as well as smaller Illinois Department of Natural Resources (IDNR) Concessions. Estimated inventory at only 6 sites is almost $400k. At least seven of our State Parks contract vending through the Business Enterprise for the Blind. These vending machines provide snacks, water and soft drinks. While some of these products are manufactured in the United States, many are not. This legislation places a tremendous burden on the Vendor to stay competitive. IDNR’s World Shooting and Recreational Complex would most likely lose the Grand American shoot. Since most of IDNR’s Building Vendors would encounter the same difficulties stocking U.S.A. inventory, they may elect to sever their leases with IDNR. The smaller Concessions at IDNR State Parks are restaurants, boat/canoe rental and bait shops. These concessions sell sun screen, suntan lotions, bait and tackle (fishing lures, fishing line) etc. These inventories will be very limited if only United States products are allowed to be sold and possibly eliminate the availability of these types of services at IDNR State Parks.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

This legislation does not create a State mandate.

Fiscal Note (Dept. of Transportation)

The Illinois Department of Transportation (IDOT) implements approximately 800 construction contracts annually during the 112 day construction season. Each of those projects uses an average of 5 trucks over the course of an 8 hour work day. Generally, truckers negotiate an hourly rate that includes the cost of their labor and the truck itself costing on average between $85 and $95 an hour. If the language of the bill were applied to all trucking associated with a contract, that cost could jump to $125 per hour or more depending on how much the trucker charges for the service of their truck. Assuming an additional $35 an hour in the cost of trucking, IDOT’s annual construction program costs would increase by $129 million. This estimate does not include estimated costs for delivery of items such as rebar, steel, ready mix concrete, and delivery of other commercially supplied construction materials. IDOT conservatively estimates that the cost of the Department’s annual construction program could increase by as much as $250 million with the delivery of the items above included.

Removes references to organization licensees and inter-track wagering location licensees from the definition of "licensed establishment". Provides that an organization licensee who held that license in 2016 may operate up to 150 video gaming terminals on its premises at any time and an inter-track wagering location licensee may operate up to 5 video gaming terminals at the inter-track wagering location licensee's location or on the premises of the organization licensee with which they are affiliated. Requires organization licensees and inter-track wagering location licensees to deposit 47% of their share of the net terminal income from video gaming into the horsemen purse accounts associated with their respective racetrack to be distributed by agreements between breeds unless the organization licensee and the horsemen associations representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meetings agree to allocate expenses associated with the video gaming terminals. Makes other changes.

House Committee Amendment No. 2

Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes:

Requires organization licensees and inter-track wagering location licensees to deposit 50% (rather than 47%) of their share of the net terminal income from video gaming into the horseracing purses associated with their respective racetrack (rather than racetrack to be distributed by agreements between breeds unless the organization licensee and the horseracing associations representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meetings agree to allocate expenses associated with the video gaming terminals). Provides that at a racetrack located in Cook County that races multiple breeds, the share of net terminal income deposited into the horseracing purses shall be distributed equally among the breeds unless the organization licensee and the horseracing associations representing the largest number of owners, trainers, jockeys, or standardbred drivers who race horses at that organization licensee's racing meetings agree to a different distribution.

Adds reference to:

New Act
Replaces everything after the enacting clause. Creates the State Agency Student Worker Opportunity Act. Provides that, whenever a State agency has a job opening for an intern or a student worker, that State agency shall notify the Department of Human Services, the Department of Juvenile Justice, and the Department of Children and Family Services. Requires the Department of Human Services, the Department of Juvenile Justice, and the Department of Children and Family Services to take steps to notify qualified applicants of the job opening. Provides that the term "qualified applicant" means an individual who: (1) is 21 years of age or younger; (2) is qualified for the internship or student worker position; and (3) is or has been a dependent child in foster care, a homeless youth, or a formerly incarcerated youth. Requires State agencies to maintain certain records.

Fiscal Note, House Committee Amendment No. 1 (Dept. of Children & Family Services)
The Department estimates that House Bill 2987 (H-AM 1) will not have any significant fiscal impact on the Department of Children and Family Services.

Fiscal Note, House Committee Amendment No. 1 (Dept of Juvenile Justice)
If passed, HB 2987 (H-AM 1) would mandate that state agencies notify the Department of Juvenile Justice regarding job openings for an intern or a student worker. The Department must notify the qualified applicants and maintain records detailing the number of applicants for the aforementioned positions. The Department has the capability to track youth currently on Aftercare. However, this legislation poses many issues for youth no longer in the Department's custody. Because the implementation would be administrative in nature, the legislation has a minimal, if any, fiscal impact on the Department but would pose administrative burden on the Department of Juvenile Justice.

House Floor Amendment No. 2

Provides that the term "court-involved youth" means an individual who was committed to the custody of the Department of Juvenile Justice or a county juvenile detention center and has been released from that facility or discharged from custody. Removes provisions concerning recordkeeping. Makes other changes.
