320 ILCS 42/35

Replaces everything after the enacting clause. Reinserts the provisions of Senate Amendment No. 1, but with the following changes: Further amends the Illinois Act on the Aging. Removes references to the creation of the Community Care Program Medicaid Enrollment Oversight Task Force and instead creates that the Community Care Program Medicaid Enrollment Oversight Subcommittee as a subcommittee of the Older Adult Services Advisory Committee to make recommendations on how best to increase the number of medical assistance recipients who are enrolled in the Community Care Program.

House Committee Amendment No. 1
Replaces everything after the enacting clause. Reinserts the provisions of the engrossed bill, but with the following changes:
In provisions requiring the Community Care Program Medicaid Initiative to provide targeted funding to care coordination units to help seniors complete their applications for medical assistance, provides that care coordination units shall receive payment for each completed application (rather than care coordination units shall receive payment for each completed application for those months in which the total statewide number of medical assistance applications all care coordination units helped seniors complete is at or above the total statewide number of medical assistance applications completed during the same month during calendar year 2017). Changes the payment rate for each completed application from $240 to $200.

Land Conveyance Appraisal Note, House Committee Amendment No. 1 (Dept. of Transportation)
No land conveyances are included in this bill; therefore, there are no appraisals to be filed.

State Debt Impact Note, House Committee Amendment No. 1 (Government Forecasting & Accountability)
This bill would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Pension Note, House Committee Amendment No. 1 (Government Forecasting & Accountability)
This bill will not impact any public pension fund or retirement system in Illinois.
SB 01628 (CONTINUED)

Judicial Note, House Committee Amendment No. 1 (Admin Office of the Illinois Courts)
This bill would neither increase nor decrease the number of judges needed in the State of Illinois.

Housing Affordability Impact Note, House Committee Amendment No. 1 (Housing Development Authority)
This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

Balanced Budget Note, House Committee Amendment No. 1 (Office of Management and Budget)
The Balanced Budget Note Act does not apply to this bill as it is not a supplemental appropriation that increases or decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general funds appropriation for the fiscal year in which the new bill is enacted.

Correctional Note, House Committee Amendment No. 1 (Dept of Corrections)
There is no corrections population impact or fiscal impact to the Department of Corrections.

Fiscal Note, House Committee Amendment No. 1 (Dept on Aging)
SB 1628 (H-AM 1) could have an estimated fiscal impact of $18.2 million dollars. Currently, Care Coordination Units (CCUs) are reimbursed on a sliding scale depending on the client's needs. The reimbursement rate for an initial assessment for services includes helping seniors complete a medical assistance application, a statutory requirement to receive Community Care Program services. CCUs may also currently bill for assisting clients who are eligible for redetermination of medical assistance benefits. The Department estimates that 60% of clients in the Community Care Program would apply or reapply for medical assistance benefits annually. This includes clients who could be spend down eligible, fully eligible, or not eligible at all. There may be other fiscal impacts resulting from this legislation, as no methodology or study has been completed. Therefore, the full impact on the Department is unknown. Finally, there would be tasks currently conducted by Department staff that would not be able to be completed due to responsibilities required within SB 1628 (H-AM 1).

Home Rule Note, House Committee Amendment No. 1 (Dept of Commerce & Economic Opportunity)
This bill does not create a State mandate.

State Mandates Fiscal Note, House Committee Amendment No. 1 (Dept of Commerce & Economic Opportunity)
This bill does not pre-empt home rule authority.

This bill has no fiscal or population impact on the Department of Corrections.

SB 01722

Sen. Kwame Raoul-Antonio Muñoz and Omar Aquino

New Act

Creates the Safe Neighborhoods Reform Act. Contains only a short title provision.

Fiscal Note, Senate Floor Amendment No. 2 (Illinois State Police)
The Department of Innovation & Technology estimates it would take 2,500 hours and based on a simple $100 per hour, an estimated fiscal impact of $250,000 to implement. This estimate is based on a collaboration with the Administrative Office of Illinois Courts.

Correctional Note, Senate Floor Amendment No. 2 (Dept of Corrections)
The total impact of SB 1722 (S-AM 2) would be a decrease of 1,471 offenders with $61,932,100 in marginal cost savings over the first ten years after enactment. Population reductions and fiscal savings are based on limited data and Department estimates, and the use of discretion when imposing longer sentences for firearms offenses is difficult to predict throughout the State. Therefore, the full population and fiscal impacts on the Department of Corrections for SB 1722 (S-AM 2) are unknown.

New Act

Creates the Tuition Reduction Act. Beginning with the 2017-2018 academic year, requires each public university located in this State to reimburse its full-time resident undergraduate students a portion of the tuition charged in the form of a grant applied directly to a student's financial aid account. Provides that to determine the per-pupil grant amount, the university shall calculate the difference, if any, between the current fiscal year's aggregate appropriations to the university and fiscal year 2015’s aggregate appropriations to the university and divide that amount by the number of students enrolled in the previous academic year. Provides that 50% of this calculation then equals the per-pupil grant amount, to be awarded to currently enrolled students to reduce their tuition costs (unless the current fiscal year's aggregate appropriations to the university are equal to or less than fiscal year 2015’s aggregate appropriations). Requires each university to annually report updated estimates of the total amount in grants awarded in an academic year to the Governor and the appropriate committees of the General Assembly. decreases appropriations. Under the Act, a balanced budget note must be prepared only for bills that change a general
funds appropriation for the fiscal year in which the new bill is enacted.

State Debt Impact Note (Government Forecasting & Accountability)
This bill would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Correctional Note (Dept of Corrections)
This bill has no fiscal or population impact on the Department of Corrections.

Judicial Note (Admin Office of the Illinois Courts)
This bill would neither increase nor decrease the number of judges needed in the State.

Housing Affordability Impact Note (Housing Development Authority)
This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

Fiscal Note (Dept. of Labor)
Passage of this legislation would hinder population and economic growth in Illinois. This results in lost economic activity and thus lost tax revenues for the State. Implementation of this legislation would ensure that Illinois' population growth will continue to fall behind out bordering states. Those states that border Illinois have seen population growth of 2.1% over the last six years while Illinois has grown at 0.2% during that period. Illinois is on the verge of falling into net population loss as Chicago lost 13,572 people in 2015 and 2016. The lost population for 2016 was 8,638. In comparison, states with more competitive business climates have seen population growth of 6.3% during those same six years. Illinois' unemployment rate of 4.7% is well above Iowa (3.1%), Wisconsin (3.2%), Indiana (3.7%), and Missouri (3.9%). The hindrance of growth caused by this legislation will cost the State approximately $118,000,000 next year and a compounding amount each year the State's population fails to grow at a rate equivalent to our border states. The per capita State tax rate in Illinois is approximately $3,030.00 and if our population were to grow at the same rate as our neighboring states Illinois would increase its population by at least 39,000 people in the next year.

Home Rule Note (Dept. of Commerce & Economic Opportunity)
This bill does pre-empt home rule authority.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)
This bill does not create a State mandate.

Amends the Election Code. Provides that the State Board of Elections and the Office of the Secretary of State shall establish an automatic voter registration program pursuant to an interagency contract and jointly-adopted rules. Provides that an application for a driver's license, other than a temporary visitor's driver's license or a State identification card, shall also serve as an application to register to vote; allow an update to registration; and perform other specified functions. Requires specified agencies to provide certain information regarding registration. Establishes designated automatic voter registration agencies; and requires the establishment of dual-purpose applications to register to vote. Sets forth provisions and requirements for the State Board of Elections regarding the program. Amends the Freedom of Information Act to exempt certain information. Amends the Illinois Vehicle Code to make conforming changes. Effective immediately.

Replaces everything after the enacting clause with provisions of bill as amended by Senate Amendment No. 1 with the following changes: In provisions concerning notice by electronic mail, excludes certain notices. Provides that if an application for certain licenses from the Office of the Secretary of State meet the requirements of the federal REAL ID Act of 2005, then the applications shall serve as dual-purpose applications. Makes conforming changes. Changes various references to allowing a change of address in the voter rolls to also include a change of name. Creates provisions for applications that do not meet the requirements of the federal REAL ID Act of 2005, including requiring an applicant to attest, by a separate signature under penalty of perjury, to meeting the qualifications to vote. Moves provisions concerning notices from the Office of the Secretary of State and designated agencies. Requires the Office of the Secretary of State and designated agencies to review its records of the identification documents the applicant provided (rather than its records regarding the applicant, including identification documents that may have been provided). Sets forth provisions for incomplete applications. Allows the State Board of Elections to establish criteria for reliable personal information indicating citizenship status if the federal REAL ID Act of 2005 is repealed, abrogated, superseded, or otherwise no longer in effect. Provides that the State Board of Elections may cross-reference voter registration information from any designated automatic voter registration agency with information contained in the database of the Secretary of State. Removes certain requirements for notices. Effective immediately.

Changes certain references. Provides that a separate signature is only required on a dual-purpose application if the applicant chooses to register to vote or to change his or her registered residence address or name. Provides that the Office of the Secretary of State and the designated agencies shall confirm that nothing in the provided documents (rather than that they are not in possession of any information that) indicates that the applicant does not satisfy the qualifications to register to vote in Illinois. Provides that if the identification documents provided to the Office or to the agencies (rather than if the Office's or agency's records regarding the applicant) indicate that he or she does not satisfy the qualifications to register to vote, the application shall be marked as incomplete. Includes completed applications with a separate signature attesting that the applicant meets the qualifications to register in a list of what constitutes a signed application to register to vote. Includes the Department of Financial and Professional Regulation and the Department of Natural Resources in the definition of "designated automatic voter registration agency".

Removes provisions specifying that it is the affirmative obligation of the applicable State agency to demonstrate that a prior conviction would impair the ability of the applicant to engage in the licensed practice. In provisions amending the Illinois Lottery Law, provides that the Department of the Lottery may grant a license to a person convicted of a felony where such conviction will impair the person's ability to engage in the licensed position when a period of 5 years after the conviction or 3 years since release from confinement, whichever is later, has elapsed without a subsequent conviction. In provisions amending the Criminal Identification Act concerning the effect of expungement or sealing records, provides that the entity authorized to grant a license shall include, in an application for licensure, specific language stating that the applicant is not obligated to disclose sealed or expunged records of a conviction or arrest; however, if the inclusion of that language in an application for licensure is not practical, the entity shall publish on its website instructions specifying that applicants are not obligated to disclose sealed or expunged records of a conviction or arrest (rather than applications for licensure must contain specific language which states that the applicant is not obligated to disclose sealed or expunged records of conviction or arrest). Removes provisions relating to the retention and release of sealed records. Removes provisions amending the Emergency Medical Services (EMS) Systems Act. In provisions amending the Dietitian Nutritionist Practice Act concerning applicant convictions, provides that when reviewing, for the purposes of licensure, a conviction of any felony or a misdemeanor directly related to the practice of the profession of an applicant, the Department of Financial and Professional Regulation shall consider the applicant's successful completion of sentence. In provisions amending the Illinois Horse Meat Act concerning applicant provisions, provides that the Department of Agriculture shall not require applicants to report certain information and shall not consider certain criminal history records (rather than certain information shall not be requested, inquired into, or considered) in connection with an application for a license under the Act. Makes other changes. Effective January 1, 2018.

Amends the Alcoholism and Other Drug Abuse and Dependency Act. Redefines "detoxification" as the process of allowing an individual to safely withdraw or sober from a drug or alcohol in a controlled environment, including a treatment or law enforcement facility (rather than the process of allowing an individual to safely withdraw from a drug in a controlled environment). Provides that if an individual under the age of 21 is arrested while under the influence of alcohol or drugs, the police officer on duty has a reasonable suspicion that the individual is still under the influence while at the police station, and there are signs that the individual is impaired, then the officer must make a reasonable attempt to contact a responsible adult who is willing to take custody of the intoxicated individual. Provides that if a responsible adult is not available or is unwilling to take custody of the individual, the individual shall be offered the opportunity to take a breathalyzer or chemical test to prove that he or she is sober; and that if the individual opts for one of the tests, the results of the test shall not be used in any criminal or civil prosecution against the individual. Exempts a police officer from civil or criminal liability for acting in good faith and without negligence in connection with certain actions, including the detention or discharge or the taking into protective custody of an individual under the Act. Provides that the amendatory Act may be referred to as Conor's Law.

Replaces everything after the enacting clause. Amends the Child Death Review Team Act. Provides that the Inspector General of the Department of Children and Family Services (rather than the Director of the Department) in consultation and cooperation with the Illinois Child Death Review Teams Executive Council (Executive Council) shall appoint members to a child death review team in each of the Department's administrative subregions of the State outside Cook County and at least one child death review team in Cook County. Provides that each child death review team may make recommendations to the Inspector General of the Department (rather than the Director) concerning additional appointments; and that in the event of a disagreement, the Executive Council's decision shall control. Requires each child death review team to select a vice-chairperson who may also serve on the Illinois Child Death Review Teams Executive Council, but shall not have a vote on child death review team business unless the chairperson is unable to attend a meeting. Requires the Department to provide at least one full-time Statewide Department of Children and Family Services Liaison who shall attend all child death review team meetings, all Executive meetings, all Executive Council meetings, and meetings of the Director with the Executive Council. Permits child death review teams to review all unfounded child death cases. Requires the Department to provide child death review teams with certain records and information in the Department's possession within a specified time period. Requires child death review team staff to have full access to the Statewide Automated Child Welfare Information System, any other child welfare database maintained by the Department, and any death certificates from the Department of Human Services. Makes changes to provisions concerning support staff for the Executive Council and other matters. Effective immediately.

House Floor Amendment No. 2
Removes language that: (i) prohibits the reduction of any separate line item appropriation for child death review teams in the Department of Children and Family Services' annual budget; and (ii) requires the Illinois Child Death Review Teams Executive Council to send a copy of its annual report to persons other than members of the Senate or the House of Representatives, county coroners and medical examiners, and State's Attorneys.

Fiscal Note (Dept. of Children & Family Services)
The proposed change to the Child Death Review Team Act that would suggest a potential fiscal implication, the full-time liaison staffing mandate, is not an issue given current practice. No or very little fiscal impact.

Replaces everything after the enacting clause. Amends the Court of Claims Act. House Floor Amendment No. 2

705 ILCS 505/21

Deletes changes providing: that the signature of one judge is binding if a decision is entered in a lapsed appropriation claim in which a motion or stipulation has been filed or a decision is entered on a Crime Victims Compensation Act claim; and that the court may impose a fee of $15 for the filing of a petition in which the award sought is less than $1,000 (instead of more than $50 and less than $1,000).

State Debt Impact Note (Government Forecasting & Accountability)
This bill would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Pension Note (Government Forecasting & Accountability)
This bill would not impact any public pension fund or retirement system in Illinois.

Judicial Note (Admin Office of the Illinois Courts)
This bill would neither increase nor decrease the number of judges needed in the State of Illinois.

Fiscal Note (Court of Claims)
The amendment to section 8 will likely require the additional expenditure of State funds, in that it proposes to raise the tort liability limit on non-vehicle lawsuits against the State. The bill proposes an effective date of July 1, 2015. The Court cannot forecast whether cases pending since July 1, 2015 will result in an award to Claimant. Likewise, the Court does not know the fiscal impact of yet-to-be-filed cases where awards will be made. The amendment to section 22(g) will likely require the additional expenditure of State funds. The Court currently has 36 Claimants with cases involving lost warrants, totaling $28,000.00. These are currently postured for denial. Most of these would likely be payable, if this bill is passed. None of the other sections have any fiscal impact.
SB 02481 (CONTINUED)

Housing Affordability Impact Note (Housing Development Authority)
This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

Governor Amendatory Veto Message
Recommends changing the maximum award for certain claims sounding in tort to $300,000 (rather than $2,000,000).

Amends the Deposit of State Moneys Act. Provides that whenever the total amount of vouchers presented to the Comptroller exceeds the funds available in the general funds by $1,000,000,000 or more, the State Treasurer may invest or reinvest any State money in the Treasury which is not needed for current expenditures, or any money in the State Treasury which has been set aside and held for the payment of the principal of and the interest on any State bonds, in qualified account receivables under the Vendor Payment Program established by the Comptroller and the Department of Central Management Services. Fiscal Note (IL Workers' Compensation Commission)

SB 2863 would have a significant fiscal impact on the Illinois Workers' Compensation Commission. The bill includes a provision that would result in less revenues to fund office operations while requiring increased expenditure of state funds to hire additional professionals with expertise in various disciplines and additional investigators to investigate workers' compensation fraud. An accurate cost estimate of this legislation is not available at this time.

Provides that the streamlined application and enrollment process shall be put in place on or before July 1, 2019 (rather than on or before January 1, 2019). Removes language requiring the Department of Healthcare and Family Services to establish policies and procedures to ensure prospective compliance with certain federal deadlines for Medicaid and Medicaid long-term care benefits eligibility determinations. Provides that the State (rather than the Department of Healthcare and Family Services) must expedite the eligibility process for applicants meeting specified guidelines, regardless of the age of the application. Provides that no Department of Human Services office (rather than no local Department of Human Services office) shall request submission of any document in hard copy. Governor Amendatory Veto Message
Recommends deleting provisions added to the State Treasurer Act that: (i) authorize the State Treasurer to purchase specified real property located in the City of Springfield; (ii) permit the State Treasurer to enter into contracts relating to the construction, reconstruction, or renovation of any of the acquired property; (iii) permit the State Treasurer to equip, lease, operate, and maintain such property as may be appropriate to carry out his or her statutory purposes and duties; and (iv) permit the State Treasurer to enter into agreements with any person with respect to the use and occupancy of the grounds, buildings, and facilities of the State Treasurer. Recommends deleting provisions added to the State Finance Act that require moneys in the State Pension Fund to be used to acquire land and buildings for the Office of the State Treasurer and to cover the construction and maintenance costs of such lands and buildings beginning in State fiscal year 2019 and for each fiscal year thereafter. Recommends amending the Revised Uniform Unclaimed Property Act by: exempting from the Act any property due or owed by a business association resulting from a transaction occurring in the normal and ordinary course of business; providing that an action or proceeding may not be maintained by the State Treasurer to enforce the Act in regard to the reporting, delivery, or payment of property more than 5 (rather than 10) years after the holder filed a non-fraudulent report with the State Treasurer; providing that the parties may agree to extend this limitation period; prohibiting the State Treasurer from commencing an action with respect to a duty of a holder under the Act more than 10 years after the duty arose; permitting the State Treasurer to use estimation techniques that conform to either generally accepted auditing standards or generally accepted accounting principles to determine the amount of unclaimed property (rather than permitting the State Treasurer to determine the value of property due using a reasonable method of estimation based on all information available, including extrapolation and use of statistical sampling when appropriate and necessary); deleting language that prohibits a contingent fee arrangement between the State Treasurer and a contracted examiner that provides for a payment that exceeds 15% of the amount or value of property paid or delivered as a result of the examination; and deleting a provision concerning property to be listed in a transitional report on abandoned property.

Each patient discharged from any medical facility with an International Classification of Disease, 10th edition code related to a sport or accident injury shall be subject to the data review. If the discharged patient is dispensed a controlled substance, the Prescription Monitoring Program shall alert the patient's prescriber and dispenser as to the addiction risk and urge each to follow the Centers for Disease Control and Prevention guidelines or his or her respective profession's treatment guidelines related to the patient's injury. This provision is inoperative on or after January 1, 2024.

Replaces everything after the enacting clause. Amends the School Code. Requires a school district to make reasonable efforts to provide ongoing professional development to teachers, administrators, school board members, school resource officers, and staff on the appropriate and available supportive services for the promotion of student attendance and engagement. In the Article governing compulsory attendance of pupils, provides that the term “valid cause” for absence means a circumstance which causes reasonable concern to the parent for the mental, emotional, or physical health or safety of the student, amongst other meanings (rather than concern for the safety or health of the student). Provides that a school district may not refer a truant, chronic truant, or truant minor to any other local public entity for the child a fine or fee as punishment for his or her truancy. Allows a school district to refer any person having custody or control of a truant, chronic truant, or truant minor to any other local public entity for that local public entity to issue the person a fine or fee for the child's truancy only if the school district's truant officer, regional office of education, or intermediate service center has been notified and all appropriate and available supportive services and other school resources have been offered to the child; specifies appropriate and available services for certain children referred to a municipality. Provides that before a school district may refer a person having custody or control of a child to another local public entity, the school district must document any appropriate and available supportive services offered to the child.

Senate Floor Amendment No. 2

Modifies the term “registry program” as used under the Anti-registry Program Act to mean a public, private, or joint public-private initiative: (1) for which particular individuals or groups of individuals, designated on the basis of their race, color, gender identity, age, religion, disability, national origin, ancestry, sexual orientation, marital status, military status, order of protection status, pregnancy, or unfavorable discharge from military service, are required by law to register; and (2) whose primary purpose is to compile a list of individuals who fall within a demographic category identified by their race, color, gender identity, age, religion, disability, national origin, ancestry, sexual orientation, marital status, military status, order of protection status, pregnancy, or unfavorable discharge from military service. Adds language providing that, in addition to the United States decennial census, “registry program” does not include: (1) any initiative whose purpose is administration of services, benefits, contracts, or programs, including permits, licenses, and other regulatory programs; or (2) Selective Service registration. Provides that no agent or agency shall use any moneys, facilities, property, equipment, or personnel of the agency, or any personal demographic information in the agency’s possession, to participate in or provide support in any manner for the creation, publication, or maintenance of a registry program.

Creates the Underrepresented Groups in Academia Task Force within the Board of Higher Education to examine strategies to grow underrepresented groups in institutions of higher education and to ascertain the viability of increasing the number of laboratory schools in the State and creating State-owned and operated trade schools.

Fiscal Note (Illinois Board of Higher Education)

According to House Joint Resolution 2, members of the Underrepresented Groups in Academia Task Force shall serve without compensation. Although some costs might be incurred to the Illinois Board of Higher Education in order to provide support for the Task Force, such costs would most likely be minimal. Expanding services and programs for underrepresented students can provide opportunities for a more marketable skill set that lends itself to enhancing the growth and economic viability of the State of Illinois. The Illinois Board of Higher Education has also been in discussions about developing a conference specifically focused on assisting underrepresented student populations at both public and private institutions. The Underrepresented Groups in Academia Task Force could help to promote this cause as well and/or connect its work to such a forum.

State Debt Impact Note (Government Forecasting & Accountability)

This legislation would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

HJR 00003

(Sen. Napoleon Harris, III)

Creates the Trade Policy Task Force within the Illinois Department of Commerce and Economic Opportunity - Office of Trade and Investment to (1) analyze important issues relative to the growth of international trade from and to Illinois; (2) make recommendations to Congress, the United States Trade Representative, and the White House National Trade Council regarding trade policies that best serve Illinois; and (3) promote the exportation of goods and services from Illinois and the importation of goods and services into Illinois.

Fiscal Note (Dept. of Commerce & Economic Opportunity)

The bill does not indicate a funding source for the Trade Policy Task Force other than specifying that expenses shall be the responsibility of the Department of Commerce and Economic Opportunity. Unless a special task force appropriation was provided, the expenses below would be classified as General Revenue Fund for one agency: (1) Cost for 28 members of the task force to spend 2 nights in Chicago for 1 meeting = $17,500; (2) Cost for 28 members of the task force to spend 4 nights for 2 meetings in Springfield = 20,944; (3) Estimated cost for a consultant to assist the Task Force = $50,000; (4) Estimated final report printing costs (50 or more copies) = $2,500; Total Estimate based on assumptions and available information = $90,944

Calls for a measurable improvement in Fly Quiet compliance no later than January 1, 2017, with further improvements to follow. Urges the Aviation Department of the City of Chicago to select a trusted third party that represents the interests of O'Hare International Airport's noise neighbors and to share the information enumerated in this resolution with this third party. Urges the Aviation Department and the trusted third party to collaborate to develop a rank-ordered chart of each airline firm's compliance with Fly Quiet Program guidelines. Urges the Aviation Department and the trusted third party to give the charts explicit and formal consideration as elements in any decisions made, subsequent to the start of the generation of this data and these charts, on the reallocation of departure gates and support facilities at O'Hare International Airport.
